PROSPECTUS SUPPLEMENT SUMMARY

The information below is a summary of some of the more detailed information included elsewhere in, or incorporated by reference in, this prospectus supplement and the accompanying prospectus. You should read carefully the following summary in conjunction with the more detailed information contained in this prospectus supplement, the accompanying prospectus and the information incorporated by reference. This summary is not complete and does not contain all of the information you should consider before purchasing shares of the Company's common stock. You should carefully read the "Risk Factors" section on page S-4 of this prospectus supplement, and beginning on page 7 of the Company's Annual Report on Form 10-K for the year ended December 31, 2012, to determine whether an investment in the Company's common stock is appropriate for you.

First Industrial Realty Trust, Inc.

The Company is a real estate investment trust, or REIT, as defined in the Internal Revenue Code of 1986, as amended (the "Code"). We are a self-administered and fully integrated real estate company which owns, manages, acquires, sells, develops and redevelops industrial real estate. As of December 31, 2012, our in-service portfolio consisted of 346 light industrial properties, 108 R&D/flex properties, 150 bulk warehouse properties, 102 regional warehouse properties and eight manufacturing properties containing an aggregate of approximately 63.4 million square feet of gross leasable area ("GLA"), located in 26 states in the United States and one province in Canada.

Our interests in our properties and land parcels are held through partnerships, corporations and limited liability companies controlled, directly or indirectly, by the Company, including the Operating Partnership, of which we are the sole general partner with an approximate 95.5% ownership interest at December 31, 2012. At that date, approximately 4.5% of the outstanding limited partnership units in the Operating Partnership were held by outside investors, including certain members of the management of the Company. Each limited partnership unit, other than those held by the Company, may be exchanged for cash or, at the Company's option, one share of First Industrial common stock, subject to adjustments. Upon each exchange, the number of limited partnership units held by the Company, and its ownership percentage of the Operating Partnership, increase. As of December 31, 2012, the Company also owned preferred general partnership interests in the Operating Partnership with an aggregate liquidation priority of \$225.0 million.

We utilize an operating approach which combines the effectiveness of decentralized, locally based property management, acquisition, sales and development functions with the cost efficiencies of centralized acquisition, sales and development support, capital markets expertise, asset management and fiscal control systems.

The Company, a Maryland corporation organized on August 10, 1993, completed its initial public offering in June 1994. The Operating Partnership is a Delaware limited partnership organized in November 1993. Our principal executive offices are located at 311 S. Wacker Drive, Suite 3900, Chicago, Illinois 60606, telephone number (312) 344-4300. Our website is located at <http://www.firstindustrial.com>. The information on or linked to our website is not a part of, and is not incorporated by reference into, this prospectus supplement.

RISK FACTORS

Investing in the Company's common stock involves risks. You should carefully consider the following risk factors and the information under the heading "Risk Factors" beginning on page 7 of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, which information has been incorporated by reference into this prospectus supplement, as well as other information included in or incorporated into this prospectus supplement and the attached prospectus before deciding to invest in shares of the Company's common stock.

This Offering Is Expected to Be Dilutive

Giving effect to the issuance of common stock in this offering, the receipt of the expected net proceeds and the use of those proceeds, we expect that this offering will have a dilutive effect on our earnings per share and funds from operations per share for the year ending December 31, 2013. The actual amount of dilution cannot be determined at this time and will be based on numerous factors.

Future Sales or Issuances of Our Common Stock May Cause the Market Price of Our Common Stock to Decline

The sale of substantial amounts of our common stock, whether directly by us or in the secondary market, the perception that such sales could occur or the availability of future issuances of shares of our common stock, limited partnership units of the Operating Partnership or other securities convertible into or exchangeable or exercisable for our common stock, could materially and adversely affect the market price of our common stock and our ability to raise capital through future offerings of equity or equity-related securities. In addition, we may issue capital stock that is senior to our common stock in the future for a number of reasons, including to finance our operations and business strategy, to adjust our ratio of debt to equity or for other reasons.

The Market Price of Our Common Stock May Fluctuate Significantly

The market price of our common stock may fluctuate significantly in response to many factors, including:

actual or anticipated variations in our operating results, funds from operations, cash flows or liquidity,

changes in our earnings estimates or those of analysts,

changes in asset valuations and related impairment charges,

changes in our dividend policy,

publication of research reports about us or the real estate industry generally,

the ability of our tenants to pay rent to us and meet their obligations to us under the current lease terms and our ability for re-lease space as leases expire,

increases in market interest rates that lead purchasers of our common stock to demand a higher dividend yield,

changes in market valuations of similar companies,

Edgar Filing: FIRST INDUSTRIAL REALTY TRUST INC - Form 424B5

adverse market reaction to the amount of our debt outstanding at any time, the amount of our debt maturing in the near- and medium-term and our ability to refinance our debt, or our plans to incur additional debt in the future,

our ability to comply with applicable financial covenants under our unsecured line of credit and the indentures under which our senior unsecured indebtedness is, or may be, issued,

additions or departures of key management personnel,

S-4

actions by institutional stockholders,

speculation in the press or investment community,

the realization of any of the other risk factors included or incorporated by reference in this prospectus supplement and the accompanying prospectus, and

general market and economic conditions.

Many of the factors listed above are beyond our control. Those factors may cause the market price of our common stock to decline significantly, regardless of our financial condition, results of operations and prospects. It is impossible to provide any assurance that the market price of our common stock will not fall in the future, and it may be difficult for holders to resell shares of our common stock at prices they find attractive, or at all.

Certain Provisions of Our Charter and Bylaws Could Hinder, Delay or Prevent a Change in Control of Our Company.

Certain provisions of our charter and our bylaws could have the effect of discouraging, delaying or preventing transactions that involve an actual or threatened change in control of our company. These provisions include the following:

Classified board of directors. Our board of directors is divided into three classes with staggered terms of office of three years each. The classification and staggered terms of office of our directors make it more difficult for a third party to gain control of our board of directors. At least two annual meetings of stockholders, instead of one, generally would be required to effect a change in a majority of our board of directors. As previously reported, on February 27, 2013, our board of directors approved and will submit for the approval of our stockholders at the 2013 Annual Meeting of Stockholders (the Annual Meeting) certain amendments to our charter (the Charter Amendments) that would, among other things, declassify our board of directors. The Charter Amendments will be effective only if our stockholders approve each of the Charter Amendments at the Annual Meeting. If each of the Charter Amendments is approved by our stockholders, at the Annual Meeting all of our directors will stand for election to a one-year term expiring at the 2014 annual meeting, and will stand for election to a one-year term at all annual meetings thereafter.

Removal of Directors. Under our bylaws, subject to the rights of one or more classes or series of preferred stock to elect one or more directors, a director may be removed only for cause and only by the affirmative vote of at least a majority of all votes entitled to be cast by our stockholders generally in the election of directors. One of the Charter Amendments being submitted for stockholder approval at the Annual Meeting would modify the charter to provide that this director removal standard be retained following the declassification of our board of directors.

Preferred Stock. Under our charter, our board of directors has the power to issue preferred stock from time to time in one or more series and to establish the terms, preferences and rights of any such series of preferred stock, all without approval of our stockholders.

Advance Notice Bylaws. Our bylaws require advance notice procedures with respect to nominations of directors and shareholder proposals.

Ownership Limit. For the purpose, among others, of preserving our status as a REIT under the Internal Revenue Code of 1986, as amended, our charter generally prohibits any single stockholder, or any group of affiliated stockholders, from beneficially owning more than 9.9% of our outstanding common and preferred stock unless our board of directors waives or modifies this ownership limit.

Stockholder Action by Written Consent. Our bylaws contain a provision that permits our stockholders to take action by written consent in lieu of an annual or special meeting of stockholders only if the unanimous consent of the stockholders is obtained.

S-5

Table of Contents

Ability of Stockholders to Call Special Meeting. Under our bylaws, we are only required to call a special meeting at the request of the stockholders if the request is made by at least a majority of all votes entitled to be cast by our stockholders generally in the election of directors.

Maryland Control Share Acquisition Act. Our bylaws contain a provision exempting acquisitions of our shares from the Maryland Control Share Acquisition Act. However, our board of directors may amend our bylaws in the future to repeal or modify this exemption, in which case any control shares of our company acquired in a control share acquisition will be subject to the Maryland Control Share Acquisition Act. See Certain Provisions of Maryland Law and the Company's Charter and Bylaws Control Share Acquisitions in the accompanying prospectus for more information about the Maryland Control Share Acquisition Act.

SPECIAL NOTE ABOUT FORWARD-LOOKING STATEMENTS

This prospectus supplement contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended. We intend for such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and are including this statement for purposes of complying with those safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe our future plans, strategies and expectations, are generally identifiable by use of the words believe, expect, intend, anticipate, estimate, project, seek, target, potential, focus, may, should or similar expressions. Our ability to achieve the actual effect of future plans or strategies is inherently uncertain. Factors which could have a materially adverse effect on our operations and future prospects include, but are not limited to:

changes in national, international, regional and local economic conditions generally and real estate markets specifically,

changes in legislation/regulation (including changes to laws governing the taxation of real estate investment trusts) and actions of regulatory authorities (including the Internal Revenue Service),

our ability to qualify and maintain our status as a real estate investment trust,

the availability and attractiveness of financing (including both public and private capital) to us and to our potential counterparties,

the availability and attractiveness of terms of additional debt repurchases,

interest rates,

our credit agency ratings,

our ability to comply with applicable financial covenants,

competition,

changes in supply and demand for industrial properties (including land, the supply and demand for which is inherently more volatile than other types of industrial property) in the Company's current and proposed market areas,

difficulties in consummating acquisitions and dispositions,

risks related to our investments in properties through joint ventures,

environmental liabilities,

higher-than-expected costs,

changes in asset valuations and related impairment charges,

changes in general accounting principles, policies and guidelines applicable to real estate investment trusts,

international business risks, and

other risks and uncertainties detailed in the section entitled "Risk Factors" beginning on page 7 of the Company's Annual Report on Form 10-K for the year ended December 31, 2012 and page S-4 of this prospectus supplement.

We caution you not to place undue reliance on forward-looking statements, which reflect our analysis only and speak only as of the date of this prospectus supplement or the dates indicated in the statements that are incorporated by reference herein. We assume no obligation to update or supplement forward-looking statements. Further information concerning us and our business, including additional factors that could materially affect our financial results, is included in the prospectus of which this prospectus supplement is a part and in the documents we incorporate by reference, including the Annual Report on Form 10-K of the Company for the year ended December 31, 2012.

USE OF PROCEEDS

We expect the Company to receive approximately \$132.1 million in net proceeds from the sale of the shares of the Company's common stock in this offering after payment of our expenses related to this offering. The Company intends to contribute the net proceeds from this offering to the Operating Partnership in exchange for additional ownership interests in the Operating Partnership. We expect the Operating Partnership will subsequently use those net proceeds for general corporate purposes, which may include repayments or repurchases of debt, preferred stock redemptions and acquisition and/or development of properties. Affiliates of each of Merrill Lynch, Pierce, Fenner & Smith Incorporated and UBS Securities LLC act as lenders under our unsecured credit facility and may receive a portion of the net proceeds from this offering to the extent any net proceeds are used to repay the debt. See Underwriting Conflicts of Interest.

SUPPLEMENT TO FEDERAL INCOME TAX CONSIDERATIONS

The following summary of certain U.S. federal income tax considerations supplements and, where specifically indicated, supersedes the discussion set forth under the heading Certain U.S. Federal Income Tax Considerations in the accompanying prospectus, is subject to the qualifications set forth therein, and should be read together with that discussion. The following summary is for general information only and is not tax advice. This discussion does not purport to deal with all aspects of taxation that may be relevant to investors who purchase our common stock in light of their personal investment or tax circumstances.

You are urged to consult your tax advisors regarding the specific federal, state, local and foreign income and other tax consequences to you of acquiring, holding, exchanging, or otherwise disposing of our common stock and of our election to be taxed as a REIT, and of potential changes in applicable tax laws.

Recent Legislative Changes Relating to Tax Rates

Recently-enacted legislation resulted in an increase in the highest marginal tax rates applicable to individuals and other non-corporate taxpayers. As of January 1, 2013, long-term capital gain (including capital gain dividends that we pay) and ordinary income (including dividends that we pay which are not capital gain dividends) are generally taxable at marginal rates of up to 20% and 39.6%, respectively. The highest tax rate on qualified dividend income received by U.S. stockholders who are subject to tax at rates applicable to individuals is 20%. However, with limited exceptions, dividends we pay generally are not eligible for taxation at the preferential rates applicable to qualified dividend income as described in Certain U.S. Federal Income Tax Considerations-Taxation of Our Stockholders-Taxable U.S. Stockholders in the accompanying prospectus. We urge you to consult with your tax advisors regarding the impact of this legislation on the purchase, ownership, and sale or other disposition of our common stock.

The following paragraph supersedes the discussion set forth under the heading Certain U.S. Federal Income Tax Considerations-Other U.S. Federal Income Tax Withholding and Reporting Requirements in the accompanying prospectus.

Other U.S. Federal Income Tax Withholding and Reporting Requirements

The Foreign Account Tax Compliance Act (FATCA) provisions of the Code, enacted in 2010, impose withholding taxes on certain types of payments to (i) foreign financial institutions that do not agree to comply with certain diligence reporting and withholding obligations with respect to their U.S. accounts and (ii) non-financial foreign entities that do not identify (or confirm the absence of) substantial U.S. owners. The withholding tax of 30% would apply to dividends and the gross proceeds of a disposition of our common stock paid to certain foreign entities (including payments made to a foreign financial institution on behalf of a U.S.

Table of Contents

stockholder) unless various information reporting requirements are satisfied. For these purposes, a foreign financial institution generally is defined as any non-U.S. entity that (i) accepts deposits in the ordinary course of a banking or similar business, (ii) is engaged in the business of holding financial assets for the account of others, or (iii) is engaged or holds itself out as being engaged primarily in the business of investing, reinvesting, or trading in securities, partnership interests, commodities, or any interest in such assets. Withholding under this legislation on withholdable payments to foreign financial institutions and non-financial foreign entities will apply after December 31, 2016 with respect to gross proceeds of a disposition of property that can produce U.S. source interest or dividends and after December 31, 2013 with respect to other withholdable payments.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions contained in an underwriting agreement among us, the Operating Partnership, and Merrill Lynch, Pierce, Fenner & Smith Incorporated and UBS Securities LLC, as the underwriters, each underwriter named below has severally agreed to purchase, and we have agreed to sell to that underwriter, the number of shares set forth opposite the underwriter's name.

Underwriters	Number of Shares
Merrill Lynch, Pierce, Fenner & Smith Incorporated	5,040,000
UBS Securities LLC	3,360,000
Total	8,400,000

The underwriters have agreed to purchase the shares of common stock from us at a price of \$15.745 per share, which will result in net proceeds to us of approximately \$132.1 million after payment of our expenses related to this offering.

We have agreed to indemnify the underwriters and certain of their respective affiliates and agents against specified liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by counsel and other conditions. The underwriters reserve the right to withdraw, cancel or modify this offer and to reject orders in whole or in part.

The expenses of the offering, exclusive of the underwriting discount, are estimated at approximately \$150,000 and are payable by us.

Each underwriter proposes to offer the shares of our common stock offered hereby from time to time for sale in one or more transactions on the New York Stock Exchange, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices, subject to receipt and acceptance by it and subject to its right to reject any order in whole or in part.

No Sales of Similar Securities

We, our executive officers and directors have each agreed not to offer, pledge, announce the intention to sell, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, or file with the SEC a registration statement under the Securities Act relating to, any additional shares of the Company's common stock or securities convertible into or exchangeable or exercisable for any shares of the Company's common stock, or publicly disclose the intention to make any such offer, sale, pledge, disposition or filing, or enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the Company's common stock or such other securities, without the prior written consent of the underwriters, except issuances of common stock pursuant to the conversion or exchange of convertible or exchangeable securities, the exercise of warrants or options or vesting of restricted stock units, in each case outstanding on the date of this prospectus supplement, grants of common stock, employee stock options or restricted stock units pursuant to the terms of a plan in effect on the date of this prospectus supplement, issuances of common stock pursuant to the exercise of such options or the exercise of any other employee stock options outstanding on the date hereof, the redemption, repurchase or other acquisition by us of any of our outstanding debt securities or the issuance by the Operating Partnership of up to \$2.0 million of limited partnership units in

Table of Contents

connection with one or more acquisitions of property, all for a period of 60 days after the date of this prospectus supplement.

New York Stock Exchange Listing

Our common stock is listed on the New York Stock Exchange under the symbol FR.

Price Stabilization and Short Positions

Until the distribution of the shares is completed, SEC rules may limit the ability of the underwriters to bid for or purchase our common stock. However, either or both of the underwriters may engage in transactions that stabilize the price of our common stock, such as bids or purchases to peg, fix or maintain that price.

If either or both of the underwriters create a short position in the common stock in connection with the offering, i.e., if they sell more shares than are listed on the cover of this prospectus supplement, the underwriters may reduce that short position by purchasing shares in the open market. Purchases of the common stock to stabilize its price or to reduce a short position may cause the price of the common stock to be higher than it might be in the absence of those purchases.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our common stock. In addition, neither we nor the underwriters make any representation that the underwriters will engage in those transactions or that those transactions, once commenced, will not be discontinued without notice.

Electronic Offer, Sale and Distribution of Securities

In connection with the offering, the underwriters or securities dealers may distribute this prospectus supplement and the accompanying prospectus by electronic means, such as e-mail.

Compliance With Non-U.S. Laws and Regulations

Each underwriter intends to comply with all applicable laws and regulations in each jurisdiction in which it acquires, offers, sells or delivers shares of our common stock or has in its possession or distributes this prospectus supplement or the accompanying prospectus.

Sales of shares made outside the U.S. may be made by affiliates of either underwriter.

Other Relationships

The underwriters and their respective affiliates may in the future engage in investment banking, commercial banking and other commercial dealings in the ordinary course of business with us and our affiliates, for which they may receive customary fees and commissions. UBS Securities LLC also served as an underwriter for the underwritten offering of 9,400,000 shares of our common stock, which settled on August 10, 2012. Merrill Lynch, Pierce, Fenner & Smith Incorporated and UBS Securities LLC also serve as sales agents in connection with the offer and sale of shares of our common stock under the prospectus supplement dated March 1, 2012.

Conflicts of Interest

Affiliates of each of Merrill Lynch, Pierce, Fenner & Smith Incorporated and UBS Securities LLC are lenders under our unsecured credit facility. Affiliates of Merrill Lynch, Pierce, Fenner & Smith Incorporated act as the syndication agent and a joint-lead arranger and joint book runner for our unsecured credit facility. As of December 31, 2012, we had an aggregate of approximately \$98.0 million of borrowings outstanding on our

Table of Contents

unsecured credit facility at a weighted average interest rate of 1.912%. Our unsecured credit facility matures on December 12, 2014. At December 31, 2012, the unsecured credit facility requires interest-only payments currently at LIBOR plus 170 basis points or at a base rate plus 170 basis points, at our election, based on the Company's leverage ratio. Because affiliates of each of Merrill Lynch, Pierce, Fenner & Smith Incorporated and UBS Securities LLC are lenders under our unsecured credit facility, these affiliates may receive a portion of the net proceeds from this offering to the extent any net proceeds are used to repay the debt.

In the ordinary course of their various business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. For example, UBS Securities LLC currently owns a portion of our outstanding depositary shares, each representing 1/10,000th of a share of our 7.25% Series J Cumulative Redeemable Preferred Stock. As a result, UBS Securities LLC may receive a portion of the net proceeds from this offering to the extent any net proceeds are used to redeem such depositary shares.

- C. in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of shares shall require the Company or the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person in a Relevant Member State who initially acquires any shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed that (A) it is a qualified investor within the meaning of the law in that Relevant Member State implementing Article 2(1)(e) of the Prospectus Directive, and (B) in the case of any shares acquired by it as a financial intermediary, as that term is used in Article 3(2) of the Prospectus Directive, the shares acquired by it in the offering have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any Relevant Member State other than qualified investors as defined in the Prospectus Directive, or in circumstances in which the prior consent of the underwriters has been given to the offer or resale. The Company, the underwriters and their affiliates will rely upon the truth and accuracy of the foregoing representation, acknowledgement and agreement.

This prospectus supplement has been prepared on the basis that any offer of shares in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of shares. Neither the Company nor the underwriters have authorized, nor do they authorize, the making of any offer of shares in circumstances in which an obligation arises for the Company or the underwriters to publish a prospectus for such offer.

For the purpose of the above provisions, the expression an offer to the public in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe the shares, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression Prospectus Directive means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that First Industrial Realty Trust, Inc. (the Company or First Industrial) and First Industrial, L.P. (the Operating Partnership) filed with the Securities and Exchange Commission (the SEC or the Commission), utilizing the shelf registration process, relating to the common stock, preferred stock, depository shares and debt securities described in this prospectus. Under this shelf registration process, the Company and the Operating Partnership may sell any combination of the securities described in this prospectus from time to time and in one or more offerings up to a total amount of \$1,500,000,000.

This prospectus provides you with a general description of the securities that the Company and the Operating Partnership may offer. Each time the Company or the Operating Partnership sells securities, it will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should read both this prospectus and any prospectus supplement together with the additional information described under the headings Where You Can Find More Information and Documents Incorporated by Reference.

As used in this prospectus, we, us and our refer to the Company and its subsidiaries, including the Operating Partnership, unless the context otherwise requires.

Table of Contents

THE COMPANY AND THE OPERATING PARTNERSHIP

The Company is a real estate investment trust, or REIT, subject to Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the Code). We are a self-administered and fully integrated real estate company which owns, manages, acquires, sells, develops and redevelops industrial real estate. As of December 31, 2011, our in-service portfolio consisted of 354 light industrial properties, 113 R&D/flex properties, 159 bulk warehouse properties, 105 regional warehouse properties and eight manufacturing properties containing approximately 66.3 million square feet of gross leasable area (GLA) located in 26 states in the United States and one province in Canada. As of December 31, 2011, our in-service portfolio included all properties other than one property under redevelopment that had not yet reached stabilized occupancy (generally defined as properties that are 90% leased). Properties which are at least 75% occupied at acquisition are placed in-service. Acquired properties less than 75% occupied are placed in-service upon the earlier of reaching 90% occupancy or one year from the acquisition date. Development properties are placed in-service upon the earlier of reaching 90% occupancy or one year from the date construction is completed. Redevelopments (generally projects which require capital expenditures exceeding 25% of basis) are placed in-service upon the earlier of reaching 90% occupancy or one year from the completion of renovation construction.

Our interests in our properties and land parcels are held through partnerships, corporations and limited liability companies controlled, directly or indirectly, by the Company, including the Operating Partnership, of which we are the sole general partner with an approximate 94.3% ownership interest at December 31, 2011 and through our taxable REIT subsidiaries. At December 31, 2011, approximately 5.7% of the outstanding limited partnership units in the Operating Partnership were held by outside investors, including certain members of the management of the Company. Each limited partnership unit, other than those held by the Company, may be exchanged for cash or, at the Company's option, one share of First Industrial common stock, subject to adjustments. Upon each exchange, the number of limited partnership units held by the Company, and its ownership percentage of the Operating Partnership, increase. As of December 31, 2011, the Company also owned preferred general partnership interests in the Operating Partnership with an aggregate liquidation priority of \$275,000,000.

We utilize an operating approach which combines the effectiveness of decentralized, locally-based property management, acquisition, sales and development functions with the cost efficiencies of centralized acquisition, sales and development support, capital markets expertise, asset management and fiscal control systems.

The Company, a Maryland corporation organized on August 10, 1993, completed its initial public offering in June 1994. The Operating Partnership is a Delaware limited partnership organized in November 1993. Our principal executive offices are located at 311 S. Wacker Drive, Suite 3900, Chicago, Illinois 60606, telephone number (312) 344-4300. Our website is located at <http://www.firstindustrial.com>. The information on or linked to our website is not a part of, and is not incorporated by reference into, this prospectus.

Table of Contents

RATIOS OF EARNINGS TO FIXED CHARGES

The Company's ratios of earnings to fixed charges and preferred dividend requirements for the years ended December 31, 2011, 2009, 2008 and 2007 were 0.60x, 0.60x, 0.02x and 0.25x, respectively. The Company's ratio of earnings to fixed charges was negative for the year ended December 31, 2010. Due to the Company's loss from continuing operations for the years ended December 31, 2011, 2010, 2009, 2008 and 2007, as well as preferred stock dividends and the redemption of preferred stock for the year ended December 31, 2007, the ratio coverage is less than 1:1. The Company would have been required to generate additional earnings of \$50.3 million, \$169.2 million, \$56.1 million, \$142.2 million and \$117.4 million for the years ended December 31, 2011, 2010, 2009, 2008 and 2007, respectively, to achieve a ratio coverage of 1:1. For purposes of computing the ratios of earnings to fixed charges and preferred stock dividends, earnings have been calculated by adding fixed charges (excluding capitalized interest and preferred stock dividends) to income from continuing operations before noncontrolling interest allocable to continuing operations and income taxes allocable to continuing operations. Fixed charges consist of interest cost, whether expensed or capitalized and amortization of deferred financing costs.

The Operating Partnership's ratios of earnings to fixed charges for the years ended December 31, 2011, 2009, 2008 and 2007 were 0.72x, 0.73x, 0.35x and 0.42x, respectively. The Operating Partnership's ratio of earnings to fixed charges was negative for the year ended December 31, 2010. Due to the Operating Partnership's loss from continuing operations for the years ended December 31, 2011, 2010, 2009, 2008 and 2007, the ratio coverage is less than 1:1. The Operating Partnership would have been required to generate additional earnings of \$28.0 million, \$150.4 million, \$32.8 million, \$81.6 million and \$78.0 million for the years ended December 31, 2011, 2010, 2009, 2008 and 2007, respectively, to achieve a ratio coverage of 1:1. For purposes of computing the ratios of earnings to fixed charges, earnings have been calculated by adding fixed charges (excluding capitalized interest) to income from continuing operations before income taxes allocable to continuing operations. Fixed charges consist of interest cost, whether expensed or capitalized and amortization of deferred financing costs.

The ratios set forth above are subject to adjustment as a result of the adoption of the Financial Accounting Standards Board's (the "FASB") guidance on financial reporting for the disposal of long-lived assets, as described in Note 3 to the consolidated financial statements in the Annual Report on Form 10-K of the Company and of the Operating Partnership for the year ended December 31, 2011. As a result, the adjustment required by the FASB's guidance on financial reporting for the disposal of long-lived assets may reduce income from continuing operations and the ratios reported above will not agree to the ratios reported in prior Annual Reports on Form 10-K of the Company and of the Operating Partnership.

the purchase price of the offered securities and the proceeds to the Company and/or the Operating Partnership from such sale;

any underwriting discounts and commission or agency fees and other items constituting underwriters' or agents' compensation;

any discounts or concessions allowed or reallocated or paid to dealers and any securities exchange on which such offered securities may be listed.

Any initial public offering price, discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

The distribution of the offered securities may be effected from time to time in one or more transactions:

at a fixed price or prices, which may be changed;

at market prices prevailing at the time of sale;

at prices related to prevailing market prices; or

at negotiated prices.

Offers to purchase offered securities may be solicited by agents designated by the Company and/or the Operating Partnership from time to time. Any agent involved in the offer or sale of the offered securities in respect of which this prospectus is delivered will be named, and any commissions payable by the Company and/or the Operating Partnership to the agent will be set forth, in the applicable prospectus supplement. Underwriters or agents could make sales deemed to be an at-the-market offering as defined in Rule 415 promulgated under the Securities Act of 1933, as amended (the Securities Act), including sales made directly on the New York Stock Exchange (the NYSE), the existing trading market for our common stock, or sales made to or through a market maker other than on an exchange. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a reasonable best efforts basis for the period of its appointment. Any agent may, and if acting as agent in an at-the-market equity offering will, be deemed to be an underwriter, as that term is defined in the Securities Act, of the offered securities.

Table of Contents

If offered securities are sold by means of an underwritten offering, the Company and/or the Operating Partnership will execute an underwriting agreement with an underwriter or underwriters, and the names of the specific managing underwriter or underwriters, as well as any other underwriters, and the terms of the transaction, including commissions, discounts and any other compensation of the underwriters and dealers, if any, will be set forth in the prospectus supplement which will be used by the underwriters to make resales of the offered securities. If underwriters are utilized in the sale of the offered securities, the offered securities may be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined by the underwriters at the time of sale. Offered securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by the managing underwriters. If any underwriter or underwriters are utilized in the sale of the offered securities, unless otherwise indicated in the prospectus supplement, the underwriting agreement will provide that the obligations of the underwriters are subject to certain conditions precedent and that the underwriters, with respect to a sale of offered securities, will be obligated to purchase all such offered securities of a series if any are purchased.

The Company and/or the Operating Partnership may grant to the underwriters options to purchase additional offered securities to cover over-allotments, if any, at the public offering price, with additional underwriting discounts or commissions, as may be set forth in the prospectus supplement relating thereto. If the Company and/or the Operating Partnership grant any over-allotment option, the terms of the over-allotment option will be set forth in the prospectus supplement relating to the offered securities.

If a dealer is utilized in the sales of offered securities in respect of which this prospectus is delivered, the Company and/or the Operating Partnership will sell the offered securities to the dealer as principal. The dealer may then resell the offered securities to the public at varying prices to be determined by the dealer at the time of resale. Any dealer may be deemed to be an underwriter, as that term is defined in the Securities Act, of the offered securities so offered and sold. The name of the dealer and the terms of the transaction will be set forth in the related prospectus supplement.

Offers to purchase offered securities may be solicited directly by the Company and/or the Operating Partnership and the sale may be made by the Company and/or the Operating Partnership directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale thereof. The terms of any such sales will be described in the related prospectus supplement.

Offered securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for the Company and/or the Operating Partnership. Any remarketing firm will be identified and the terms of its agreements, if any, with the Company and/or the Operating Partnership and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act, in connection with the offered securities remarketed thereby.

Agents, underwriters, dealers and remarketing firms may be entitled under relevant agreements entered into with the Company and/or the Operating Partnership to indemnification by the Company and/or the Operating Partnership against certain civil liabilities, including liabilities under the Securities Act, that may arise from any untrue statement or alleged untrue statement of a material fact or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a part, or to contribution with respect to payments which the agents, underwriters, dealers or remarketing firms may be required to make. The terms of any such indemnification or contribution will be described in the related prospectus supplement.

If so indicated in the prospectus supplement, the Company and/or the Operating Partnership will authorize underwriters or other persons acting as agents to solicit offers by certain institutions to purchase offered securities from the Company and/or the Operating Partnership, pursuant to contracts providing for payments and

delivery on a future date. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases these institutions must be approved by the Company and/or the Operating Partnership. The obligations of any purchaser under any contract will be subject to the condition that the purchase of the offered securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which the purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

Each series of offered securities will be a new issue and, other than the common stock and certain series of depositary shares of the Company, which are listed on the NYSE, will have no established trading market. The Company and/or the Operating Partnership may elect to list any series of offered securities on an exchange or automated quotation system, and in the case of the common stock of the Company, on any additional exchange, but, unless otherwise specified in the applicable prospectus supplement, the Company and/or the Operating Partnership will not be obligated to do so. No assurance can be given as to the liquidity of the trading market for any of the offered securities.

Underwriters, dealers, agents and remarketing firms, or their respective affiliates, may engage in transactions with, or perform services for, the Company and/or the Operating Partnership and their subsidiaries in the ordinary course of business.

DESCRIPTION OF COMMON STOCK

The following is a summary of the material terms of our common stock. You should read our charter and bylaws, which are incorporated by reference to the registration statement of which this prospectus is a part.

General

Under our charter, the Company has authority to issue 150 million shares of its common stock, par value \$.01 per share. Under Maryland law, stockholders generally are not responsible for the corporation's debts or obligations. Stockholders may, however, be liable for contribution if they knowingly receive an improper distribution from the Company in violation of Maryland law. At February 28, 2012, we had outstanding 86,733,657 shares of common stock.

Terms

Subject to the preferential rights of any other shares or series of stock, including preferred stock outstanding from time to time, and to the provisions of our charter regarding excess stock, common stockholders will be entitled to receive dividends on shares of common stock if, as and when authorized and declared by our board of directors out of assets legally available for that purpose. Subject to the preferential rights of any other shares or series of stock, including preferred stock outstanding from time to time, and to the provisions of our charter regarding excess stock, common stockholders will share ratably in the assets of the Company legally available for distribution to its stockholders in the event of its liquidation, dissolution or winding up after payment of, or adequate provision for, all known debts and liabilities of the Company. For a discussion of excess stock, please see Restrictions on Transfer of Capital Stock.

Subject to the provisions of our charter regarding excess stock, each outstanding share of common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors, and, except as otherwise required by law or except as provided with respect to any other class or series of stock, common stockholders will possess the exclusive voting power. There is no cumulative voting in the election of directors, which means that the holders of a majority of the outstanding shares of common stock can elect all of the directors then standing for election, and the holders of the remaining shares of common stock will not be able to elect any directors.

Common stockholders have no conversion, sinking fund or redemption rights, or preemptive rights to subscribe for any securities of the Company.

Subject to the provisions of our charter regarding excess stock, all shares of common stock will have equal dividend, distribution, liquidation and other rights, and will have no preference, appraisal or exchange rights.

Under the Maryland General Corporate Law (the "MGCL"), a corporation generally cannot, subject to certain exceptions, dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business unless approved by the affirmative vote of stockholders holding at least two-thirds of the shares entitled to vote on the matter unless the corporation's charter provides for a lesser percentage, which percentage shall not be less than a majority of all of the votes to be cast on the matter. Our charter does not provide for a lesser percentage in such situations.

Restrictions on Ownership

For the Company to qualify as a REIT under the Code, not more than 50% in value of its outstanding capital stock may be owned, actually or by attribution, by five or fewer individuals, as defined in the Code to include certain entities, during the last half of a taxable year. For the purpose, among others, of assisting us in meeting this requirement, we may take certain actions to limit the beneficial ownership, directly or indirectly, by individuals of our outstanding equity securities. See Restrictions on Transfer of Capital Stock.

Transfer Agent

The transfer agent and registrar for the common stock is Computershare Trust Company, N.A.

The following is a summary of the material terms of our preferred stock. You should also read our charter and bylaws, which are incorporated by reference to the registration statement of which this prospectus is a part. All material terms of the preferred stock, except those disclosed in the applicable prospectus supplement, are described in this prospectus.

General

Under our charter, the Company has authority to issue 10 million shares of its preferred stock, par value \$.01 per share. The preferred stock may be issued from time to time, in one or more series, as authorized by the Company's board of directors. Prior to issuance of shares of each series, the Company's board of directors is required by the MGCL and our charter to fix for each series, subject to the provisions of the charter regarding excess stock, par value \$.01 per share, the terms, preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption of those shares as may be permitted by Maryland law. These rights, powers, restrictions and limitations could include the right to receive specified dividend payments and payments on liquidation prior to any payments to holders of common stock or other capital stock of the Company ranking junior to the preferred stock. The outstanding shares of preferred stock are, and additional shares of preferred stock will be, when issued, fully paid and nonassessable and will have no preemptive rights. The Company's board of directors could authorize the issuance of shares of preferred stock with terms and conditions that could have the effect of discouraging a takeover or other transaction that holders of common stock might believe to be in their best interests or in which holders of some, or a majority, of the shares of common stock might receive a premium for their shares over the then market price of those shares of common stock.

Outstanding Preferred Stock

At December 31, 2011 the Company had outstanding 500 shares of Series F preferred stock, 250 shares of Series G preferred stock, 600 shares of Series J preferred stock and 200 shares of Series K preferred stock, constituting all of the Company's outstanding preferred stock. The terms of the Series F, Series G, Series J, and Series K preferred stock provide for a preference as to the payment of dividends over shares of common stock and any other capital stock ranking junior to the Series F, Series G, Series J, and Series K preferred stock. The terms of each of the Series J and Series K preferred stock provide for cumulative quarterly dividends at the rate of \$18,125.20 per share per year. The terms of the Series F preferred stock provide for cumulative quarterly dividends at a coupon rate that resets every quarter at 2.375% plus the greater of (i) the 30 year Treasury CMT Rate, (ii) the 10 year Treasury CMT Rate or (iii) 3-month LIBOR. For the fourth quarter of 2011, the coupon rate was 5.365%. Through March 31, 2014, the terms of the Series G preferred stock provide for cumulative semi-annual dividends at the rate of \$7,236.00 per share per year. After March 31, 2014, the terms of the Series G preferred stock provide for the reset of dividend rates, at the Company's option, on a fixed or floating rate basis for fixed or floating rate periods. Any such fixed rates and periods will be determined through a remarketing procedure, with cumulative dividends payable semi-annually. Any such floating rates during floating rate periods will equal 2.500% (the initial credit spread), plus the greater of (i) the 3-month LIBOR Rate, (ii) the 10-year Treasury CMT Rate and (iii) the 30-year Treasury CMT Rate (the adjustable rate), reset quarterly, with cumulative dividends payable quarterly. On and after March 31, 2009, March 31, 2014, January 15, 2011 and August 15, 2011, respectively, the Series F, Series G, Series J, and Series K preferred stock are subject to redemption, in each case in whole or in part, at the option of the Company, at a cash redemption price of \$100,000.00 per share, \$100,000.00 per share, \$250,000.00 per share and \$250,000.00 per share, respectively, plus accrued and unpaid dividends. The Series F, Series G, Series J, and Series K preferred stock rank on a parity as to payment of dividends and amounts upon liquidation.

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of the Series F, Series G, Series J, and Series K preferred stock will be entitled to receive out of the Company's assets available for distribution to stockholders, before any distribution of assets is made to holders of common stock or any other shares of capital stock ranking, as to distributions, junior to the Series F, Series G,

Series J, and Series K preferred stock, liquidating distributions in the amount of \$100,000.00 per share, \$100,000.00 per share, \$250,000.00 per share and \$250,000.00 per share, respectively, plus all accrued and unpaid dividends.

Except as expressly required by law and in some other limited circumstances, the holders of the preferred stock are not entitled to vote. The consent of holders of not less than two-thirds of the outstanding preferred stock and any other series of preferred stock ranking on a parity with the outstanding preferred stock, voting as a single class, is required to authorize another class of shares senior to the outstanding preferred stock. The affirmative vote or consent of the holders of not less than two-thirds of the outstanding shares of each series of preferred stock is required to amend or repeal any provision of, or add any provision to, our charter, including the articles supplementary relating to that series of preferred stock, if that action would materially and adversely alter or change the rights, preferences or privileges of that series of preferred stock.

Future Series of Preferred Stock

The following is a description of the general terms and provisions of the preferred stock to which any prospectus supplement may relate. The statements below describing the preferred stock are in all respects subject to and qualified in their entirety by reference to the applicable provisions of our charter and bylaws and any applicable amendment or articles supplementary to our charter designating terms of a series of preferred stock.

Any prospectus supplement relating to a future series of the preferred stock may contain specific terms, including:

- (1) The title and stated value of the preferred stock;
- (2) The number of shares of the preferred stock offered, the liquidation preference per share and the offering price of the preferred stock;

(14) Any limitations on direct or beneficial ownership and restrictions on transfer, in each case as may be appropriate to preserve the status of the Company as a REIT.

Unless otherwise specified in the prospectus supplement, the preferred stock will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of the Company, rank:

senior to all classes or series of common stock, and to all equity securities ranking junior to the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of the Company;

on a parity with all equity securities issued by the Company the terms of which specifically provide that those equity securities rank on a parity with the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of the Company; and

junior to all equity securities issued by the Company the terms of which specifically provide that those equity securities rank senior to the preferred stock with respect to dividend rights or rights upon liquidation, dissolution or winding up of the Company.

The term "equity securities" does not include convertible debt securities.

Dividends

Holders of the preferred stock of each series will be entitled to receive, when, as and if declared by the Company's board of directors, out of the Company's assets legally available for payment, dividends in such form and at rates and on dates as will be set forth in the applicable prospectus supplement. Each dividend shall be payable to holders of record as they appear on the share transfer books of the Company on the record dates as shall be fixed by the Company's board of directors.

Dividends on any series of the preferred stock may be cumulative or non-cumulative, as provided in the applicable prospectus supplement. Dividends, if cumulative, will be cumulative from and after the date set forth in the applicable prospectus supplement. If the Company's board of directors fails to declare a dividend payable on a dividend payment date on any series of the preferred stock for which dividends are non-cumulative, then the holders of that series of the preferred stock will have no right to receive a dividend in respect of the dividend period ending on that dividend payment date, and the Company will have no obligation to pay the dividend accrued for that period, whether or not dividends on that series are declared payable on any future dividend payment date.

If preferred stock of any series is outstanding, no dividends will be declared or paid or set apart for payment on any capital stock of the Company of any other series ranking, as to dividends, on a parity with or junior to the preferred stock of that series for any period unless:

if that series of preferred stock has a cumulative dividend, full cumulative dividends on all outstanding shares of that series of preferred stock have been or contemporaneously are declared and paid or declared and a sum sufficient for that payment is set apart for payment for all past dividend periods and the then current dividend period, or

if that series of preferred stock does not have a cumulative dividend, full dividends on all outstanding shares of that series of preferred stock have been or contemporaneously are declared and paid or declared and a sum sufficient for that payment is set apart for payment for the then current dividend period.

When dividends are not paid in full, or a sum sufficient for full payment is not set apart, upon preferred stock of any series and the shares of any other series of preferred stock ranking on a parity as to dividends with the preferred stock of that series, all dividends declared upon preferred stock of that series and any other series of

Table of Contents

preferred stock ranking on a parity as to dividends with that preferred stock will be declared *pro rata* so that the amount of dividends declared per share of preferred stock of that series and the other series of preferred stock shall in all cases bear to each other the same ratio that accrued dividends per share on the preferred stock of that series, which shall not include any accumulation in respect of unpaid dividends for prior dividend periods if that preferred stock does not have a cumulative dividend, and the other series of preferred stock bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on preferred stock of that series that may be in arrears.

Except as provided in the immediately preceding paragraph, unless:

if a series of preferred stock has a cumulative dividend, full cumulative dividends on all outstanding shares of that series of preferred stock have been or contemporaneously are declared and paid or declared and a sum sufficient for that payment is set apart for payment for all past dividend periods and the then current dividend period, or

if a series of preferred stock does not have a cumulative dividend, full dividends on all outstanding shares of that series of preferred stock have been or contemporaneously are declared and paid or declared and a sum sufficient for that payment is set apart for payment for the then current dividend period,

no dividends, other than in shares of common stock or other shares of capital stock ranking junior to the preferred stock of that series as to dividends and upon liquidation, shall be declared or paid or set aside for payment nor shall any other distribution be declared or made upon the common stock, or any other capital stock of the Company ranking junior to or on a parity with the preferred stock of that series as to dividends or upon liquidation, nor shall any shares of common stock, or any other shares of capital stock of the Company ranking junior to or on a parity with the preferred stock of that series as to dividends or upon liquidation, be redeemed, purchased or otherwise acquired for any consideration, or any moneys be paid to or made available for a sinking fund for the redemption of any shares, by the Company, except by conversion into or exchange for other capital stock of the Company ranking junior to the preferred stock of that series as to dividends and upon liquidation.

Any dividend payment made on shares of a series of preferred stock shall first be credited against the earliest accrued but unpaid dividends due with respect to shares of that series which remain payable.

Redemption

If provided in the applicable prospectus supplement, the preferred stock will be subject to mandatory redemption or redemption at the option of the Company, as a whole or in part, in each case upon the terms, at the times and at the redemption prices set forth in the applicable prospectus supplement.

The prospectus supplement relating to a series of preferred stock that is subject to mandatory redemption will specify the number of shares of the preferred stock that will be redeemed by the Company in each year commencing after a date to be specified, at a redemption price per share to be specified, together with an amount equal to all accrued and unpaid dividends, which will not, if that preferred stock does not have a cumulative dividend, include any accumulation in respect of unpaid dividends for prior dividend periods, to the date of redemption. The redemption price may be payable in cash or other property, as specified in the applicable prospectus supplement. If the redemption price for preferred stock of any series is payable only from the net proceeds of the issuance of shares of capital stock of the Company, the terms of that preferred stock may provide that, if no shares of capital stock shall have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, the preferred stock will automatically and mandatorily be converted into the applicable shares of capital stock of the Company pursuant to conversion provisions specified in the applicable prospectus supplement.

However, unless

if a series of preferred stock has a cumulative dividend, full cumulative dividends on all outstanding shares of that series of preferred stock have been or contemporaneously are declared and paid or declared and a sum sufficient for that payment is set apart for payment for all past dividend periods and the then current dividend period, or

if a series of preferred stock does not have a cumulative dividend, full dividends on all outstanding shares of that series of preferred stock have been or contemporaneously are declared and paid or declared and a sum sufficient for that payment is set apart for payment for the then current dividend period,

no shares of the series of preferred stock will be redeemed unless all outstanding shares of preferred stock of that series are simultaneously redeemed. However, the preceding shall not prevent the purchase or acquisition of preferred stock of that series to preserve the REIT qualification of the Company or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of preferred stock of that series.

In addition, unless

if the series of preferred stock has a cumulative dividend, full cumulative dividends on all outstanding shares of that series of preferred stock have been or contemporaneously are declared and paid or declared and a sum sufficient for that payment is set apart for payment for all past dividend periods and the then current dividend period, or

if the series of preferred stock does not have a cumulative dividend, full dividends on all outstanding shares of that series of preferred stock have been or contemporaneously are declared and paid or declared and a sum sufficient for that payment is set apart for payment for the then current dividend period,

the Company will not purchase or otherwise acquire directly or indirectly any shares of preferred stock of that series, except by conversion into or exchange for capital shares of the Company ranking junior to the preferred stock of that series as to dividends and upon liquidation. However, the preceding shall not prevent the purchase or acquisition of shares of preferred stock of that series to preserve the REIT qualification of the Company or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of preferred stock of that series.

If fewer than all of the outstanding shares of preferred stock of any series are to be redeemed, the number of shares to be redeemed will be determined by the Company. Those shares may be redeemed ratably from the holders of record of those shares in proportion to the number of those shares held or for which redemption is requested by that holder, with adjustments to avoid redemption of fractional shares, or by any other equitable manner determined by the Company.

Notice of redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of record of preferred stock of any series to be redeemed at the address shown on the stock transfer books of the Company. Each notice shall state:

the redemption date;

the number of shares and series of the preferred stock to be redeemed;

the redemption price;

the place or places where certificates for the preferred stock are to be surrendered for payment of the redemption price;

Table of Contents

that dividends on the shares to be redeemed will cease to accrue on the redemption date; and

the date upon which the holder's conversion rights, if any, as to those shares shall terminate.

If fewer than all the shares of preferred stock of any series are to be redeemed, the notice mailed to each holder of preferred stock shall also specify the number of shares of preferred stock to be redeemed from each holder. If notice of redemption of any preferred stock has been given and if the funds necessary for the redemption have been set aside by the Company in trust for the benefit of the holders of any preferred stock called for redemption, then from and after the redemption date dividends will cease to accrue on the preferred stock called for redemption, and all rights of the holders of those shares will terminate, except the right to receive the redemption price.

Liquidation Preference

Upon any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Company, before any distribution or payment shall be made to the holders of any common stock or any other class or series of capital stock of the Company ranking junior to the preferred stock in the distribution of assets upon any liquidation, dissolution or winding up of the Company, the holders of each series of preferred stock shall be entitled to receive out of assets of the Company legally available for distribution to stockholders liquidating distributions in the amount of the liquidation preference per share, if any, set forth in the applicable prospectus supplement, plus an amount equal to all dividends accrued and unpaid thereon, which shall not include any accumulation in respect of unpaid noncumulative dividends for prior dividend periods. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of preferred stock will have no right or claim to any of the Company's remaining assets. In the event that, upon any voluntary or involuntary liquidation, dissolution or winding up, the Company's available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of preferred stock and the corresponding amounts payable on all shares of other classes or series of capital stock of the Company ranking on a parity with the preferred stock in the distribution of assets, then the holders of the preferred stock and those other classes or series of capital stock will share ratably in the distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

If liquidating distributions have been made in full to all holders of preferred stock, the Company's remaining assets will be distributed among the holders of any other classes or series of capital stock ranking junior to the preferred stock upon liquidation, dissolution or winding up, according to their respective rights and preferences and in each case according to their respective number of shares. For these purposes, the consolidation or merger of the Company with or into any other corporation, trust or entity, or the sale, lease or conveyance of all or substantially all of the property or business of the Company, will not be deemed to constitute a liquidation, dissolution or winding up of the Company.

Voting Rights

Holders of the preferred stock will not have any voting rights, except as set forth below or as otherwise from time to time required by law or as indicated in the applicable prospectus supplement.

Unless provided otherwise for any series of preferred stock, so long as any shares of preferred stock of a series remain outstanding, the Company will not, without the affirmative vote or consent of the holders of at least two-thirds of the shares of that series of preferred stock outstanding at the time, given in person or by proxy, either in writing or at a meeting, each series voting separately as a class:

authorize or create, or increase the authorized or issued amount of, any class or series of capital stock ranking prior to that series of preferred stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up or reclassify any authorized capital stock of the Company into those shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any of those shares; or

amend, alter or repeal the provisions of our charter or the articles supplementary for that series of preferred stock, whether by merger, consolidation or otherwise, so as to materially and adversely affect any right, preference, privilege or voting power of that series of preferred stock or the holders of that series of preferred stock.

However, with respect to the occurrence of any of the events set forth in the second subparagraph above, so long as the preferred stock remains outstanding with its terms materially unchanged, taking into account that upon the occurrence of such an event, the Company may not be the surviving entity, the occurrence of any such event shall not be deemed to materially and adversely affect the rights, preferences, privileges or voting power of holders of preferred stock. Further,

any increase in the amount of the authorized preferred stock or the creation or issuance of any other series of preferred stock, or

any increase in the amount of authorized shares of that series or any other series of preferred stock, in each case ranking on a parity with or junior to the preferred stock of that series with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up,

will not be deemed to materially and adversely affect the rights, preferences, privileges or voting powers.

These voting provisions will not apply if, at or prior to the time when the act with respect to which that vote would otherwise be required shall be effected, all outstanding shares of that series of preferred stock shall have been redeemed or called for redemption and sufficient funds will have been deposited in trust to effect the redemption.

Conversion Rights

The terms and conditions, if any, upon which any series of preferred stock is convertible into common stock will be set forth in the applicable prospectus supplement. The terms will include:

the number of shares of common stock into which the shares of preferred stock are convertible,

the conversion price (or manner of calculating the conversion price),

the conversion period,

provisions as to whether conversion will be at the option of the holders of the preferred stock or the Company,

the events requiring an adjustment of the conversion price, and

provisions affecting conversion in the event of the redemption of that series of preferred stock.

Restrictions on Ownership

For us to qualify as a REIT under the Code, not more than 50% in value of our outstanding capital stock may be owned, directly or indirectly, by five or fewer individuals, as defined in the Code to include certain entities, during the last half of a taxable year. For the purpose, among others, of assisting the Company in meeting this requirement, the Company may take certain actions to limit the beneficial ownership, directly or indirectly, by individuals of the Company's outstanding equity securities, including any preferred stock. Therefore, the articles supplementary for each series of preferred stock may contain provisions restricting the ownership and transfer of the preferred stock. The applicable prospectus supplement will specify any additional ownership limitation relating to a series of preferred stock. See Restrictions on Transfers of Capital Stock.

Transfer Agent

The transfer agent and registrar for the preferred stock will be set forth in the applicable prospectus supplement.

DESCRIPTION OF DEPOSITARY SHARES

The Company may, at its option, elect to offer depositary shares rather than full shares of preferred stock. In the event that option is exercised, each of the depositary shares will represent ownership of and entitlement to all rights and preferences of a fraction of a share of preferred stock of a specified series, including dividend, voting, redemption and liquidation rights. The applicable fraction will be specified in the prospectus supplement. The shares of preferred stock represented by the depositary shares will be deposited with a depositary named in the applicable prospectus supplement, under a deposit agreement among the Company, the depositary and the holders of the depositary receipts. Certificates evidencing depositary shares will be delivered to those persons purchasing depositary shares in the offering. The depositary will be the transfer agent, registrar and dividend disbursing agent for the depositary shares. Holders of depositary receipts agree to be bound by the deposit agreement, which requires holders to take actions such as filing proof of residence and paying charges.

The summary of terms of the depositary shares contained in this prospectus does not purport to be complete and is subject to, and qualified in its entirety by, the provisions of the deposit agreement, our charter and the form of articles supplementary for the applicable series of preferred stock. All material terms of the depositary shares, except those disclosed in the applicable prospectus supplement, are described in this prospectus.

Dividends

The depositary will distribute all cash dividends or other cash distributions received in respect of the series of preferred stock represented by the depositary shares to the record holders of depositary receipts in proportion to the number of depositary shares owned by those holders on the relevant record date, which will be the same date as the record date fixed by the Company for the applicable series of preferred stock. The depositary, however, will distribute only an amount as can be distributed without attributing to any depositary share a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum received by the depositary for distribution to record holders of depositary receipts then outstanding.

In the event of a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary receipts so entitled, in proportion, as nearly as may be practicable, to the number of depositary shares owned by those holders on the relevant record date, unless the depositary determines, after consultation with the Company, that it is not feasible to make the distribution, in which case the depositary may, with the Company's approval, adopt any other method for that distribution as it deems equitable and appropriate, including the sale of the property, at a place or places and upon terms that it may deem equitable and appropriate, and distribution of the net proceeds from that sale to the holders.

No distribution will be made in respect of any depositary share to the extent that it represents any preferred stock converted into excess stock.

Liquidation Preference

In the event of the liquidation, dissolution or winding up of the affairs of the Company, whether voluntary or involuntary, the holders of each depositary share will be entitled to the fraction of the liquidation preference accorded each share of the applicable series of preferred stock, as set forth in the prospectus supplement.

Redemption

If the series of preferred stock represented by the applicable series of depositary shares is redeemable, those depositary shares will be redeemed from the proceeds received by the depositary resulting from the redemption, in whole or in part, of preferred stock held by the depositary. Whenever the Company redeems any preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing the redeemed preferred stock. The depositary will mail the notice of redemption to the record holders of the depositary shares promptly upon receipt of notice from the Company and not less than 30 nor more than 60 days prior to the date fixed for redemption of the preferred stock and the depositary shares.

Table of Contents

Voting

Promptly upon receipt of notice of any meeting at which the holders of the series of preferred stock represented by the applicable series of depositary shares are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary receipts as of the record date for the meeting. Each record holder of depositary receipts will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock represented by the record holder's depositary shares. The depositary will endeavor, insofar as practicable, to vote the preferred stock represented by depositary shares in accordance with those instructions, and the Company will agree to take all action which may be deemed necessary by the depositary in order to enable the depositary to do so. The depositary will abstain from voting any of the preferred stock to the extent that it does not receive specific instructions from the holders of depositary receipts.

Withdrawal of Preferred Stock

Upon surrender of depositary receipts at the principal office of the depositary, upon payment of any unpaid amount due the depositary, and subject to the terms of the deposit agreement, the owner of the depositary shares evidenced thereby is entitled to delivery of the number of whole shares of preferred stock and all money and other property, if any, represented by the depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the depositary will deliver to that holder at the same time a new depositary receipt evidencing the excess number of depositary shares. Holders of preferred stock that is withdrawn will not thereafter be entitled to deposit their shares under the deposit agreement or to receive depositary receipts evidencing their depositary shares.

Amendment and Termination of Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may at any time and from time to time be amended by agreement between the Company and the depositary. However, any amendment which materially and adversely alters the rights of the holders of depositary shares, other than any change in fees, will not be effective unless that amendment has been approved by at least a majority of the depositary shares then outstanding. No amendment to the deposit agreement may impair the right, subject to the terms of the deposit agreement, of any owner of any depositary shares to surrender the depositary receipt evidencing its depositary shares with instructions to the depositary to deliver to the holder the preferred stock and all money and other property, if any, represented thereby, except in order to comply with mandatory provisions of applicable law.

The deposit agreement will be permitted to be terminated by the Company upon not less than 30 days' prior written notice to the applicable depositary if:

termination is necessary to preserve the Company's qualification as a REIT, or

a majority of each series of preferred stock affected by termination consents to termination, whereupon the depositary will be required to deliver or make available to each holder of depositary receipts, upon surrender of the depositary receipts held by that holder, the number of whole or fractional shares of preferred stock as is represented by the depositary shares evidenced by those depositary receipts together with any other property held by the depositary with respect to those depositary receipts.

The Company will agree that if the deposit agreement is terminated to preserve its qualification as a REIT, then the Company will use its best efforts to list the preferred stock issued upon surrender of the related depositary shares on a national securities exchange.

Table of Contents

In addition, the deposit agreement will automatically terminate if:

all outstanding depositary shares thereunder shall have been redeemed,

there shall have been a final distribution in respect of the related preferred stock in connection with any liquidation, dissolution or winding up of the Company and that distribution shall have been distributed to the holders of depositary receipts evidencing the depositary shares representing that preferred stock or

each share of the related preferred stock shall have been converted into stock of the Company not represented by depositary shares.

Charges of Depositary

The Company will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. The Company will pay charges of the depositary in connection with the initial deposit of the preferred stock and initial issuance of the depositary shares, and redemption of the preferred stock and all withdrawals of preferred stock by owners of depositary shares. Holders of depositary receipts will pay transfer, income and other taxes and governmental charges and other charges as are provided in the deposit agreement to be for their accounts. In certain circumstances, the depositary may refuse to transfer depositary shares, may withhold dividends and distributions and sell the depositary shares evidenced by those depositary receipts if those charges are not paid.

Miscellaneous

The depositary will forward to the holders of depositary receipts all reports and communications from the Company that are delivered to the depositary and that the Company is required to furnish to the holders of the preferred stock. In addition, the depositary will make available for inspection by holders of depositary receipts at the principal office of the depositary, and at other places as it may from time to time deem advisable, any reports and communications received from the Company that are received by the depositary as the holder of preferred stock.

Neither the depositary nor the Company assumes any obligation or will be subject to any liability under the deposit agreement to holders of depositary receipts other than for its negligence or willful misconduct. Neither the depositary nor the Company will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the deposit agreement. The obligations of the Company and the depositary under the deposit agreement will be limited to performance in good faith of their duties under the deposit agreement, and they will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. The Company and the depositary may rely on written advice of counsel or accountants, on information provided by holders of the depositary receipts or other persons believed in good faith to be competent to give that information and on documents believed to be genuine and to have been signed or presented by the proper party or parties.

In the event the depositary receives conflicting claims, requests or instructions from any holders of depositary receipts, on the one hand, and the Company, on the other hand, the depositary shall be entitled to act on those claims, requests or instructions received from the Company.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to the Company notice of its election to do so, and the Company may at any time remove the depositary. Any resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of that appointment. The successor depositary must be appointed within 60 days after delivery of the notice for resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$150,000,000.

Federal Income Tax Consequences

Owners of depositary shares will be treated for U.S. federal income tax purposes as if they were owners of the preferred stock represented by depositary shares. Accordingly, those owners will be entitled to take into account, for federal income tax purposes, income and deductions to which they would be entitled if they were holders of the preferred stock. In addition,

no gain or loss will be recognized for U.S. federal income tax purposes upon the withdrawal of preferred stock in exchange for depositary shares,

the tax basis of each share of preferred stock to an exchanging owner of depositary shares will, upon exchange, be the same as the aggregate tax basis of the depositary shares exchanged therefor and

the holding period for preferred stock in the hands of an exchanging owner of depositary shares will include the period during which that person owned those depositary shares.

The particular terms of the debt securities offered by a prospectus supplement, including any applicable federal income tax considerations, will be described in the applicable prospectus supplement, along with any applicable modifications of or additions to the general terms of the debt securities as described in this prospectus and in the indenture. For a description of the terms of any series of debt securities, you should read both the prospectus supplement relating to the debt securities and the description of the debt securities in this prospectus.

Except as set forth in any prospectus supplement, the debt securities may be issued without limit as to aggregate principal amount, in one or more series, in each case as established from time to time by the Operating Partnership or as set forth in the indenture or in one or more supplemental indentures to the indenture. All debt securities of one series need not be issued at the same time and, unless otherwise provided, a series may be reopened, without the consent of the holders of the debt securities of such series, for issuance of additional debt securities of such series.

The indenture provides that the Operating Partnership may, but need not, designate more than one trustee, each with respect to one or more series of debt securities. Any trustee under the indenture may resign or be removed with respect to one or more series of debt securities, and a successor trustee may be appointed to act with respect to the series. In the event that two or more persons are acting as trustee with respect to different series of debt securities, each trustee shall be a trustee of a trust under the indenture separate and apart from the trust administered by any other trustee. In that event and except as otherwise indicated in this prospectus, any action described in this prospectus to be taken by each trustee may be taken by each such trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee under the indenture.

The following summaries set forth general terms and provisions of the indenture and the debt securities. The prospectus supplement relating to the applicable series of debt securities will contain further terms of the debt securities, including the following specific terms:

If so provided in the applicable prospectus supplement, the debt securities may be issued at a discount below their principal amount and provide for less than the entire principal amount thereof to be payable upon declaration of acceleration of the maturity thereof. In such cases, all material U.S. federal income tax, accounting and other considerations applicable to such original issue discount securities will be described in the applicable prospectus supplement.

Except as may be set forth in any prospectus supplement, the indenture does not contain any provisions that would limit the ability of the Operating Partnership to incur indebtedness or that would afford holders of debt securities protection in the event of a highly leveraged or similar transaction involving the Operating Partnership or in the event of a change of control. Restrictions on ownership and transfers of the common stock and preferred stock of the Company under its charter are designed to preserve the Company's qualification as a REIT and, therefore, may act to prevent or hinder a change of control. See Restrictions on Transfers of Capital Stock. Reference is made to the applicable prospectus supplement for information with respect to any deletions from, modifications of, or additions to, the events of default or covenants of the Operating Partnership that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

Denomination, Interest, Registration and Transfer

Unless otherwise provided in the applicable prospectus supplement, the debt securities of any series will be issuable in denominations of \$1,000 and integral multiples thereof. Where debt securities of any series are issued in bearer form, the special restrictions and considerations, including special offering restrictions and special U.S. federal income tax considerations, applicable to those debt securities and to payment on and transfer and exchange of those debt securities will be described in the applicable prospectus supplement. Bearer debt securities will be transferable by delivery.

Unless otherwise provided in the applicable prospectus supplement, any interest not punctually paid or duly provided for on any interest payment date with respect to a debt security in registered form, or defaulted interest, will immediately cease to be payable to the holder on the applicable regular record date and may either be paid to the person in whose name the debt security is registered at the close of business on a special record date for the payment of the defaulted interest to be fixed by the trustee, in which case notice thereof shall be given to the holder of the debt security not less than 10 days prior to the special record date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which such debt securities are listed, all as more completely described in the indenture.

Subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series will be exchangeable for any authorized denomination of other debt securities of the same series and of a like aggregate principal amount and tenor upon surrender of the debt securities at the corporate trust office of the applicable trustee or at the office of any transfer agent designated by the Operating Partnership for such purpose. In addition, subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series may be surrendered for registration of transfer or exchange thereof at the corporate trust office of the applicable trustee or at the office of any transfer agent designated by the Operating Partnership for that purpose. Every debt security in registered form surrendered for registration of transfer or exchange must be duly endorsed or accompanied by a written instrument of transfer, and the person requesting that action must provide evidence of title and identity satisfactory to the applicable trustee or transfer agent. No service charge will be made for any registration of transfer or exchange of any debt securities, but the Operating Partnership may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. If the applicable prospectus supplement refers to any transfer agent, in addition to the applicable trustee, initially designated by the Operating Partnership with respect to any series of debt securities, the Operating Partnership may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that the Operating Partnership will be required to maintain a transfer agent in each place of payment for that series. The Operating Partnership may at any time designate additional transfer agents with respect to any series of debt securities.

Neither the Operating Partnership nor any trustee shall be required to

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before the selection of any debt securities for redemption and ending at the close of business on

if the debt securities are issuable only as registered securities, the day of the mailing of the relevant notice of redemption, and

if the debt securities are issuable as bearer securities, the day of the first publication of the relevant notice of redemption or, if the debt securities are also issuable as registered securities and there is no publication, the mailing of the relevant notice of redemption;

register the transfer of or exchange any debt security, or portion thereof, so selected for redemption, in whole or in part, except the unredeemed portion of any debt security being redeemed in part;

Table of Contents

exchange any bearer security selected for redemption except that, to the extent provided with respect to the bearer security, the bearer security may be exchanged for a registered security of that series and of like tenor, provided that the registered security shall be simultaneously surrendered for redemption; or

issue, register the transfer of or exchange any debt security that has been surrendered for repayment at the option of the holder, except the portion, if any, of the debt security not to be so repaid.

Payment in respect of debt securities in bearer form will be made in the currency and in the manner designated in the applicable prospectus supplement, subject to any applicable laws and regulations, at such paying agencies outside the United States as the Operating Partnership may appoint from time to time. The paying agents outside the United States, if any, initially appointed by the Operating Partnership for a series of debt securities will be named in the applicable prospectus supplement. Unless otherwise provided in the applicable prospectus supplement, the Operating Partnership may at any time designate additional paying agents or rescind the designation of any paying agents, except that

if debt securities of a series are issuable in registered form, the Operating Partnership will be required to maintain at least one paying agent in each place of payment for such series, and

if debt securities of a series are issuable in bearer form, the Operating Partnership will be required to maintain at least one paying agent in a place of payment outside the United States where debt securities of such series and any coupons appertaining thereto may be presented and surrendered for payment.

Merger, Consolidation or Sale of Assets

The indenture provides that the Operating Partnership may, without the consent of the holders of any outstanding debt securities, consolidate with, or sell, lease or convey all or substantially all of its assets to, or merge with or into, any other entity, except that

either the Operating Partnership shall be the continuing entity, or the successor entity, if other than the Operating Partnership, formed by or resulting from any such consolidation or merger or which shall have received the transfer of such assets, shall be organized under the laws of any domestic jurisdiction and shall expressly assume the Operating Partnership's obligations to pay principal of and premium or make-whole amount, if any, and interest on all of the debt securities and the due and punctual performance and observance of all of the covenants and conditions contained in the indenture;

immediately after giving effect to such transaction and treating any indebtedness that becomes an obligation of the Operating Partnership or any subsidiary as a result thereof as having been incurred by the Operating Partnership or such subsidiary at the time of such transaction, no event of default under the indenture, and no event which, after notice or the lapse of time, or both, would become an event of default, shall have occurred and be continuing; and

an officers' certificate and legal opinion covering those conditions shall be delivered to each trustee.

Certain Covenants

The applicable prospectus supplement will describe any material covenants in respect of a series of debt securities that are not described in this prospectus. Unless otherwise indicated in the applicable prospectus supplement, the debt securities will include the following covenants of the Operating Partnership:

Existence. Except as permitted under Merger, Consolidation or Sale of Assets, the indenture requires the Operating Partnership to do or cause to be done all things necessary to preserve and keep in full force and effect its existence, rights and franchises; *provided, however,* that the Operating Partnership shall not be required to preserve any right or franchise if it determines that its preservation is no longer desirable in the conduct of its business.

Table of Contents

Maintenance of properties. The indenture requires the Operating Partnership to cause all of its material properties used or useful in the conduct of its business or the business of any subsidiary to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment and to cause to be made all necessary repairs, renewals, replacements, betterments and improvements thereof, all as in the judgment of the Operating Partnership may be necessary so that the business carried on may be properly and advantageously conducted at all times; *provided, however*, that the Operating Partnership and its subsidiaries shall not be prevented from selling or otherwise disposing of their properties for value in the ordinary course of business.

Insurance. The indenture requires the Operating Partnership to cause each of its and its subsidiaries' insurable properties to be insured against loss or damage in an amount at least equal to their then full insurable value with insurers of recognized responsibility. If described in the applicable prospectus supplement, such insurer will be required to have a specified rating from a recognized insurance rating service.

Payment of taxes and other claims. The indenture requires the Operating Partnership to pay or discharge or cause to be paid or discharged, before the same shall become delinquent,

all taxes, assessments and governmental charges levied or imposed upon it or any subsidiary or upon the income, profits or property of the Operating Partnership or any subsidiary; and

all lawful claims for labor, materials and supplies which, if unpaid, might by law become a lien upon the property of the Operating Partnership or any subsidiary;

provided, however, that the Operating Partnership shall not be required to pay or discharge or cause to be paid or discharged any such tax, assessment, charge or claim whose amount, applicability or validity is being contested in good faith.

Events of Default, Notice and Waiver

Unless otherwise provided in the applicable prospectus supplement, the indenture provides that the following events are events of default with respect to any series of debt securities issued thereunder:

- (1) default in the payment of any interest on any debt security of such series, when such interest becomes due and payable, that continues for a period of 30 days;
- (2) default in the payment of the principal of, or premium or make-whole amount, if any, on, any debt security of such series when due and payable;
- (3) default in making any sinking fund payment as required for any debt security of such series;
- (4) default in the performance, or breach, of any other covenant or warranty of the Operating Partnership in the indenture with respect to the debt securities of such series and continuance of such default or breach for a period of 60 days after written notice as provided in the indenture;
- (5) default under any bond, debenture, note, mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any indebtedness for money borrowed by the Operating Partnership, or by any subsidiary the repayment of which the Operating Partnership has guaranteed or for which the Operating Partnership is directly responsible or liable as obligor or guarantor, having an aggregate principal amount outstanding of at least \$10,000,000, whether such indebtedness now exists or shall hereafter be created, which default shall have resulted in such indebtedness becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, without such indebtedness having been discharged, or such acceleration having been rescinded or annulled, within a period of 10 days after written notice to the Operating Partnership as provided in the indenture;

Table of Contents

(6) certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of the Operating Partnership or any significant subsidiary; and

(7) any other event of default provided with respect to a particular series of debt securities.

The term *significant subsidiary* has the meaning ascribed to that term in Regulation S-X promulgated under the Securities Act.

If an event of default under the indenture with respect to debt securities of any series at the time outstanding occurs and is continuing, then in every such case the applicable trustee or the holders of not less than 25% in principal amount of the debt securities of that series will have the right to declare the principal amount of, or, if the debt securities of that series are original issue discount securities or indexed securities, such portion of the principal amount as may be specified in the terms thereof, and premium or make-whole amount, if any, on, all the debt securities of that series to be due and payable immediately by written notice thereof to the Operating Partnership, and to the applicable trustee if given by the holders; *provided* that in the case of an event of default described under the sixth clause of the preceding paragraph, acceleration is automatic. However, at any time after such a declaration of acceleration with respect to debt securities of the series has been made, but before a judgment or decree for payment of the money due has been obtained by the applicable trustee, the holders of not less than a majority in principal amount of outstanding debt securities of the series may rescind and annul such declaration and its consequences if

the Operating Partnership shall have deposited with the applicable trustee all required payments of the principal of, and premium or make-whole amount, if any, and interest on the debt securities of the series, plus certain fees, expenses, disbursements and advances of the applicable trustee, and

all events of default, other than the non-payment of accelerated principal of, or a specified portion thereof, and the premium or make-whole amount, if any, on, debt securities of the series have been cured or waived as provided in the indenture.

The indenture also provides that the holders of not less than a majority in principal amount of the outstanding debt securities of any series may waive any past default with respect to such series and its consequences, except a default

in the payment of the principal of, or premium or make-whole amount, if any, or interest on, any debt security of the series, or

in respect of a covenant or provision contained in the indenture that cannot be modified or amended without the consent of the holder of each outstanding debt security affected thereby.

The indenture requires each trustee to give notice to the holders of debt securities within 90 days of a default under the indenture unless such default shall have been cured or waived; *provided, however*, that the trustee may withhold notice to the holders of any series of debt securities of any default with respect to the series, except a default in the payment of the principal of, or premium or make-whole amount, if any, or interest on, any debt security of the series or in the payment of any sinking fund installment in respect of any debt security of, the series if specified responsible officers of the trustee determine in good faith that such withholding is in the interest of such holders.

The indenture provides that no holders of debt securities of any series may institute any proceedings, judicial or otherwise, with respect to the indenture or for any remedy thereunder, except in the case of failure of the applicable trustee, for 60 days, to act after it has received a written request to institute proceedings in respect of an event of default from the holders of not less than 25% in principal amount of the outstanding debt securities of the series, as well as an offer of indemnity reasonably satisfactory to it. This provision will not prevent, however, any holder of debt securities from instituting suit for the enforcement of payment of the principal of, and premium or make-whole amount, if any, and interest on, the debt securities at their respective due dates or redemption dates.

Table of Contents

The indenture provides that, subject to provisions in the indenture relating to its duties in case of default, a trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any holders of any series of debt securities then outstanding under the indenture, unless such holders shall have offered to the trustee thereunder reasonable security or indemnity. The holders of not less than a majority in principal amount of the outstanding debt securities of any series, or of all debt securities then outstanding under the indenture, as the case may be, shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the applicable trustee, or of exercising any trust or power conferred upon such trustee. However, a trustee may refuse to follow any direction which is in conflict with any law or the indenture, which may involve the trustee in personal liability or which may be unduly prejudicial to the holders of debt securities of such series not joining therein.

Within 120 days after the close of each fiscal year, the Operating Partnership is required to deliver to each trustee a certificate, signed by one of several specified officers of the Company, stating whether or not such officer has knowledge of any default under the indenture and, if so, specifying each default and the nature and status thereof.

Modification of the Indenture

Modifications and amendments of the indenture are permitted to be made only with the consent of the holders of not less than a majority in principal amount of all outstanding debt securities issued under the indenture affected by such modification or amendment. However, no modification or amendment may, without the consent of the holder of each such debt security affected thereby,

change the stated maturity of the principal of, or any installment of interest, or premium or make-whole amount, if any, on, any debt security;

reduce the principal amount of, or the rate or amount of interest on, or any premium or make-whole amount payable on redemption of, any such debt security, or reduce the amount of principal of an original issue discount security that would be due and payable upon declaration of acceleration of the maturity thereof or would be provable in bankruptcy, or adversely affect any right of repayment of the holder of any debt security;

change the place of payment, or the coin or currency, for payment of principal of or premium or make-whole amount, if any, or interest on any debt security;

impair the right to institute suit for the enforcement of any payment on or with respect to any debt security;

reduce the above-stated percentage of outstanding debt securities of any series necessary to modify or amend the indenture, to waive compliance with certain provisions thereof or certain defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the indenture; or

modify any of the foregoing provisions or any of the provisions relating to the waiver of certain past defaults or certain covenants, except to increase the required percentage to effect such action or to provide that certain other provisions may not be modified or waived without the consent of the holder of the debt security.

The holders of a majority in aggregate principal amount of the outstanding debt securities of each series may, on behalf of all holders of debt securities of that series, waive, insofar as that series is concerned, compliance by the Operating Partnership with certain restrictive covenants of the indenture.

Modifications and amendments of the indenture are permitted to be made by the Operating Partnership and the respective trustee thereunder without the consent of any holder of debt securities for any of the following purposes:

to evidence the succession of another person to the Operating Partnership as obligor under the indenture;

Table of Contents

to add to the covenants of the Operating Partnership for the benefit of the holders of all or any series of debt securities or to surrender any right or power conferred upon the Operating Partnership in the indenture;

to add events of default for the benefit of the holders of all or any series of debt securities;

to add or change any provisions of the indenture to facilitate the issuance of, or to liberalize certain terms of, debt securities in bearer form, or to permit or facilitate the issuance of debt securities in uncertificated form, provided that such action shall not adversely affect the interests of the holders of the debt securities of any series in any material respect;

to change or eliminate any provisions of the indenture, provided that any such change or elimination shall become effective only when there are no debt securities outstanding of any series created prior thereto that are entitled to the benefit of such provision;

to secure the debt securities;

to establish the form or terms of debt securities of any series;

to provide for the acceptance of appointment by a successor trustee or facilitate the administration of the trusts under the indenture by more than one trustee;

to cure any ambiguity, defect or inconsistency in the indenture, provided that such action shall not adversely affect the interests of holders of debt securities of any series issued under the indenture in any material respect; or

to supplement any of the provisions of the indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of the debt securities, provided that such action shall not adversely affect the interests of the holders of the outstanding debt securities of any series in any material respect.

The indenture provides that in determining whether the holders of the requisite principal amount of outstanding debt securities of a series have given any request, demand, authorization, direction, notice, consent or waiver thereunder or whether a quorum is present at a meeting of holders of debt securities,

the principal amount of an original issue discount security that shall be deemed to be outstanding shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon declaration of acceleration of the maturity thereof,

the principal amount of any debt security denominated in a foreign currency that shall be deemed outstanding shall be the U.S. dollar equivalent, determined on the issue date of the debt security, of the principal amount of the debt security, or, in the case of an original issue discount security, the U.S. dollar equivalent on the issue date of the debt security of the amount determined as provided in the subparagraph immediately above,

the principal amount of an indexed security that shall be deemed outstanding shall be the principal face amount of such indexed security at original issuance, unless otherwise provided with respect to such indexed security pursuant to the indenture, and

Edgar Filing: FIRST INDUSTRIAL REALTY TRUST INC - Form 424B5

debt securities owned by the Operating Partnership or any other obligor upon the debt securities or any affiliate of the Operating Partnership or of such other obligor shall be disregarded.

The indenture contains provisions for convening meetings of the holders of debt securities of a series. A meeting will be permitted to be called at any time by the applicable trustee, and also, upon request, by the

Table of Contents

Operating Partnership or the holders of at least 25% in principal amount of the outstanding debt securities of the series, in any case upon notice given as provided in the indenture. Except for any consent that must be given by the holder of each debt security affected by certain modifications and amendments of the indenture, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding debt securities of that series. However, except as referred to above, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage, which is less than a majority, in principal amount of the outstanding debt securities of a series may be adopted at a meeting or adjourned meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the holders of such specified percentage in principal amount of the outstanding debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the indenture will be binding on all holders of debt securities of that series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding debt securities of a series. However, if any action is to be taken at the meeting with respect to a consent or waiver that may be given by the holders of not less than a specified percentage in principal amount of the outstanding debt securities of a series, the persons holding or representing such specified percentage in principal amount of the outstanding debt securities of the series will constitute a quorum.

Notwithstanding the foregoing provisions, the indenture provides that if any action is to be taken at a meeting of holders of debt securities of any series with respect to any request, demand, authorization, direction, notice, consent, waiver and other action that the indenture expressly provides may be made, given or taken by the holders of a specified percentage in principal amount of all outstanding debt securities affected thereby, or of the holders of such series and one or more additional series:

there shall be no minimum quorum requirement for such meeting; and

the principal amount of the outstanding debt securities of the series that vote in favor of such request, demand, authorization, direction, notice, consent, waiver or other action shall be taken into account in determining whether such request, demand, authorization, direction, notice, consent, waiver or other action has been made, given or taken under the indenture.

Discharge, Defeasance and Covenant Defeasance

Unless otherwise provided in the applicable prospectus supplement, the Operating Partnership will be permitted, at its option, to discharge certain obligations to holders of any series of debt securities issued under the indenture that have not already been delivered to the applicable trustee for cancellation and that either have become due and payable or will become due and payable within one year, or scheduled for redemption within one year, by irrevocably depositing with the applicable trustee, in trust, funds in such currency or currencies, currency unit or units or composite currency or currencies in which the debt securities are payable in an amount sufficient to pay the entire indebtedness on the debt securities in respect of principal, and premium or make-whole amount, if any, and interest to the date of such deposit, if the debt securities have become due and payable, or to the stated maturity or redemption date, as the case may be.

The indenture provides that, unless otherwise provided in the applicable prospectus supplement, the Operating Partnership may elect either

to defease and be discharged from any and all obligations with respect to the debt securities, except for the obligation to pay additional amounts, if any, upon the occurrence of certain events of tax, assessment or governmental charge with respect to payments on the debt securities and the obligations to register the transfer or exchange of the debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of the debt securities, and to hold moneys for payment in trust, or defeasance, or

Table of Contents

to be released from certain obligations with respect to the debt securities under the indenture, including the restrictions described under Certain Covenants or, if provided in the applicable prospectus supplement, its obligations with respect to any other covenant, and any omission to comply with such obligations shall not constitute an event of default with respect to the debt securities, or covenant defeasance,

in either case upon the irrevocable deposit by the Operating Partnership with the applicable trustee, in trust, of an amount, in such currency or currencies, currency unit or units or composite currency or currencies in which the debt securities are payable at stated maturity, or government obligations as defined below, or both, applicable to the debt securities, which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of and premium or make-whole amount, if any, and interest on the debt securities, and any mandatory sinking fund or analogous payments thereon, on the scheduled due dates therefor.

Such a trust will only be permitted to be established if, among other things, the Operating Partnership has delivered to the applicable trustee an opinion of counsel, as specified in the indenture, to the effect that the holders of the debt securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred, and the opinion of counsel, in the case of defeasance, will be required to refer to and be based upon a ruling received from the Internal Revenue Service (the IRS) or a change in applicable U.S. federal income tax law occurring after the date of the indenture. In the event of such defeasance, the holders of the debt securities would thereafter be able to look only to such trust fund for payment of principal, and premium or make-whole amount, if any, and interest.

Government obligations means securities that are

direct obligations of the United States or the government which issued the foreign currency in which the debt securities of a particular series are payable, for the payment of which its full faith and credit is pledged, or

obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States or such government which issued the foreign currency in which the debt securities of the series are payable, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States or such other government, which, in either case, are not callable or redeemable at the option of the issuer thereof, and shall also include a depository receipt issued by a bank or trust company as custodian with respect to any such government obligation or a specific payment of interest on or principal of any such government obligation held by such custodian for the account of the holder of a depository receipt, *provided* that, except as required by law, the custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the government obligation or the specific payment of interest on or principal of the government obligation evidenced by such depository receipt.

Unless otherwise provided in the applicable prospectus supplement, if after the Operating Partnership has deposited funds and/or government obligations to effect defeasance or covenant defeasance with respect to debt securities of any series,

the holder of a debt security of the series is entitled to, and does, elect pursuant to the indenture or the terms of the debt security to receive payment in a currency, currency unit or composite currency other than that in which such deposit has been made in respect of the debt security, or

a conversion event, as defined below, occurs in respect of the currency, currency unit or composite currency in which such deposit has been made,

Table of Contents

the indebtedness represented by the debt security will be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of and premium or make-whole amount, if any, and interest on the debt security as they become due out of the proceeds yielded by converting the amount so deposited in respect of the debt security into the currency, currency unit or composite currency in which the debt security becomes payable as a result of such election or such cessation of usage based on the applicable market exchange rate.

Conversion event means the cessation of use of

a currency, currency unit or composite currency both by the government of the country which issued such currency and for the settlement of transactions by a central bank or other public institutions of or within the international banking community,

the Euro both within the European Monetary System and for the settlement of transactions by public institutions of or within the European Communities or

any currency unit or composite currency other than the Euro for the purposes for which it was established.

Unless otherwise provided in the applicable prospectus supplement, all payments of principal of and premium or make-whole amount, if any, and interest on any debt security that is payable in a foreign currency that ceases to be used by its government of issuance shall be made in U.S. dollars.

In the event the Operating Partnership effects covenant defeasance with respect to any debt securities and the debt securities are declared due and payable because of the occurrence of any event of default, other than the event of default described in clause (4) under *Events of Default, Notice and Waiver* with respect to specified sections of the indenture, which sections would no longer be applicable to the debt securities, or described in clause (7) under *Events of Default, Notice and Waiver* with respect to any other covenant as to which there has been covenant defeasance, the amount in such currency, currency unit or composite currency in which the debt securities are payable, and government obligations on deposit with the applicable trustee, will be sufficient to pay amounts due on the debt securities at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities at the time of the acceleration resulting from such event of default. However, the Operating Partnership would remain liable to make payment of those amounts due at the time of acceleration.

The applicable prospectus supplement may further describe the provisions, if any, permitting defeasance or covenant defeasance, including any modifications to the provisions described above, with respect to the debt securities of or within a particular series.

No Conversion Rights

The debt securities will not be convertible into or exchangeable for any capital stock of the Company or equity interest in the Operating Partnership.

Global Securities

The debt securities of a series may be issued in whole or in part in book-entry form consisting of one or more global securities that will be deposited with, or on behalf of, a depository identified in the applicable prospectus supplement relating to the series. Global securities may be issued in either registered or bearer form and in either temporary or permanent form. The specific terms of the depository arrangement with respect to a series of debt securities will be described in the applicable prospectus supplement relating to the series.

The Trustee

U.S. Bank National Trust is the trustee under the indenture. From time to time, we have and may in the future enter into other transactions with the trustee.

Payment and Paying Agents

Unless otherwise provided in the applicable prospectus supplement, the principal of, and applicable premium or make-whole amount, if any, and interest on, any series of debt securities will be payable at the corporate trust office of the trustee, the address of which will be stated in the applicable prospectus supplement. However, at the option of the Operating Partnership, payment of interest may be made by check mailed to the address of the person entitled thereto as it appears in the applicable register for the debt securities or by wire transfer of funds to such person at an account maintained within the United States.

All moneys paid by the Operating Partnership to a paying agent or a trustee for the payment of the principal of or any premium, make-whole amount or interest on any debt security which remain unclaimed at the end of two years after such principal, premium, make-whole amount or interest has become due and payable will be repaid to the Operating Partnership, and the holder of the debt security thereafter may look only to the Operating Partnership for payment thereof.

**CERTAIN PROVISIONS OF MARYLAND LAW AND THE
COMPANY S CHARTER AND BYLAWS**

The following summary of certain provisions of Maryland law is not complete and is qualified by reference to Maryland law and our charter and bylaws, which are incorporated by reference to the registration statement of which this prospectus is a part.

Business Combinations

Under the MGCL, certain business combinations (as defined in the MGCL) between a Maryland corporation and an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder became an interested stockholder. Under the MGCL, an interested stockholder includes a person who is

the beneficial owner, directly or indirectly, of 10 percent or more of the voting power of the outstanding voting stock of the corporation; or

an affiliate or associate of the corporation and was the beneficial owner, directly or indirectly, of 10 percent or more of the voting power of the then outstanding stock of the corporation at any time within the two-year period immediately prior to the date in question.

Business combinations for the purposes of the preceding paragraph are defined by the MGCL to include certain mergers, consolidations, share exchanges and asset transfers, some issuances and reclassifications of equity securities, the adoption of a plan of liquidation or dissolution or the receipt by an interested stockholder or its affiliate of any loan advance, guarantee, pledge or other financial assistance or tax advantage provided by the Company. After the five-year moratorium period, any such business combination must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation voting together as a single group and

two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than voting stock held by the interested stockholder with whom (or with whose affiliate) the business combination is to be effected or by any affiliate or associate of the interested stockholder voting together as a single voting group.

The super-majority vote requirements will not apply if, among other things, the corporation's stockholders receive a minimum price (as defined in the MGCL) for their shares and the consideration is received in cash or in the same form as previously paid by the interested stockholder for its shares. These provisions of Maryland law do not apply, however, to business combinations that are approved or exempted by the board of directors of the corporation prior to the most recent time that the interested stockholder becomes an interested stockholder. Our charter exempts from these provisions of the MGCL any business combination in which there is no interested stockholder other than Jay H. Shidler or any entity controlled by Mr. Shidler unless Mr. Shidler is an interested stockholder without taking into account his ownership of shares of our common stock and the right to acquire shares of our common stock in an aggregate amount that does not exceed the number of shares of our common stock that he owned and had the right to acquire, including through the exchange of limited partnership units of the Operating Partnership, at the time of the consummation of our initial public offering.

Control Share Acquisitions

The MGCL provides that control shares (as defined in the MGCL) of a Maryland corporation acquired in a control share acquisition (as defined in the MGCL) have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter, excluding shares of stock owned by the acquiror

Table of Contents

or by officers or directors who are also employees of the corporation. Control shares are voting shares of stock that, if aggregated with all other shares of stock previously acquired by that person, would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third,

one-third or more but less than a majority, or

a majority or more of all voting power.

Control shares do not include shares that the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of ownership of or power to direct the voting power of issued and outstanding control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the board of directors, upon satisfaction of certain conditions, including an undertaking to pay certain expenses, to call a special meeting of stockholders to be held within 50 days after receiving a demand to consider the voting rights of the shares. If no request for a meeting is made, the corporation may itself present the question at any meeting of stockholders.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the MGCL, then, subject to certain conditions and limitations, the corporation may redeem any or all of the control shares, except those for which voting rights have previously been approved. The corporation's redemption of the control shares will be for fair value determined, without regard to the absence of voting rights, as of the date of the last control share acquisition or of any meeting of stockholders at which the voting rights of the control shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of the appraisal rights may not be less than the highest price per share paid in the control share acquisition. Certain limitations and restrictions otherwise applicable to the exercise of dissenters' rights do not apply in the context of a control share acquisition.

The control share acquisition statute does not apply to

shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or

acquisitions approved or exempted by our charter or bylaws.

Our bylaws contain a provision exempting any and all acquisitions of our shares of capital stock from the control share provisions of the MGCL. There can be no assurance that this bylaw provision will not be amended or eliminated in the future.

Title 3, Subtitle 8 of the MGCL

Subtitle 8 of Title 3 of the MGCL allows Maryland corporations with a class of equity securities registered under the Exchange Act to elect to be governed by all or any part of certain Maryland law provisions relating to extraordinary actions and unsolicited takeovers. The election to be governed by one or more of these provisions can be made by a Maryland corporation in its charter or bylaws or by resolution adopted by the board of directors so long as the corporation has at least three directors who, at the time of electing to be subject to the provisions, are not:

officers or employees of the corporation;

persons seeking to acquire control of the corporation;

Table of Contents

directors, officers, affiliates or associates of any person seeking to acquire control; or

nominated or designated as directors by a person seeking to acquire control.

Subtitle 8 provides that a Maryland corporation can elect to be subject to all or any portion of the following provisions notwithstanding any contrary provisions contained in its existing charter or bylaws:

a classified board;

a two-thirds vote requirement for removing a director;

a requirement that the number of directors be fixed only by vote of the directors;

a requirement that a vacancy on the board be filled only by the majority vote of the remaining directors and for the remainder of the full term of the directorship in which the vacancy occurred; or

a majority requirement for the calling of a special meeting of stockholders.

Through provisions in our charter and bylaws unrelated to Subtitle 8, we currently maintain a classified board, vest in the board the exclusive power to fix the number of directorships and require, unless called by the Chairman of our board of directors, our President or a majority of the board of directors, the request of stockholders entitled to cast a majority of all votes entitled to be cast to call a special meeting.

Restrictions on Ownership

For the Company to qualify as a REIT under the Code, not more than 50% in value of its outstanding capital stock may be owned, actually or by attribution, by five or fewer individuals, as defined in the Code to include certain entities, during the last half of a taxable year. For the purpose, among others, of assisting us in meeting this requirement, we may take certain actions to limit the beneficial ownership, directly or indirectly, by individuals of our outstanding equity securities. See Restrictions on Transfer of Capital Stock.

Amendment of Charter

Our charter, including the provisions on classification of the board of directors discussed below, may be amended only by the affirmative vote of the holders of not less than two-thirds of all of the votes entitled to be cast on the matter, except that the affirmative vote of a majority of the board of directors is required to change the name of the Company or change the name or other designation or the par value of any class or series of stock of the Company and the aggregate par value of the stock of the Company.

Meetings of Stockholders

Our bylaws provide for annual meetings of stockholders to be held on the third Wednesday in April or on any other day as may be established from time to time by our board of directors. Special meetings of stockholders may be called by

our Chairman of the Board or our President,

a majority of the board of directors or

Edgar Filing: FIRST INDUSTRIAL REALTY TRUST INC - Form 424B5

stockholders holding at least a majority of our outstanding capital stock entitled to vote at the meeting. Our bylaws provide that any stockholder of record wishing to nominate a director or have a stockholder proposal considered at an annual meeting must provide written notice and certain supporting documentation to the Company relating to the nomination or proposal not less than 75 days nor more than 180 days prior to the

Table of Contents

anniversary date of the prior year's annual meeting or special meeting in lieu thereof (the Anniversary Date). In the event that the annual meeting is called for a date more than seven calendar days before the Anniversary Date, stockholders generally must provide written notice within 20 calendar days after the date on which notice of the meeting is mailed to stockholders or the date the meeting is publicly disclosed.

The purpose of requiring stockholders to give us advance notice of nominations and other business is to afford our board of directors a meaningful opportunity to consider the qualifications of the proposed nominees or the advisability of the other proposed business and, to the extent deemed necessary or desirable by our board of directors, to inform stockholders and make recommendations about the qualifications or business, as well as to provide a more orderly procedure for conducting meetings of stockholders. Although our bylaws do not give our board of directors any power to disapprove stockholder nominations for the election of directors or proposals for action, they may have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals if the proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal. Our bylaws may have those effects without regard to whether consideration of the nominees or proposal might be harmful or beneficial to us and our stockholders.

Classification of the Board of Directors

Our bylaws provide that the number of directors may be established by the board of directors but may not be fewer than the minimum number required by Maryland law nor more than twelve. Any vacancy will be filled, at any regular meeting or at any special meeting called for that purpose, by a majority of the remaining directors, except that a vacancy resulting from an increase in the number of directors will be filled by a majority of the entire board of directors. Under the terms of our charter, the directors are divided into three classes, each class consisting as nearly as possible of one-third of the directors. As the term of each class expires, directors in that class will be elected for a term of three years and until their successors are duly elected and qualified. We believe that classification of our board of directors will help to assure the continuity and stability of our business strategies and policies as determined by our board of directors.

The classified board provision could have the effect of making the removal of incumbent directors more time consuming and difficult, which could discourage a third party from making a tender offer or otherwise attempting to obtain control of the Company, even though such an attempt might be beneficial to us and our stockholders. At least two annual meetings of stockholders, instead of one, will generally be required to effect a change in a majority of our board of directors. Thus, the classified board provision could increase the likelihood that incumbent directors will retain their positions. Holders of shares of common stock will have no right to cumulative voting for the election of directors. Consequently, at each annual meeting of stockholders, the holders of a majority of the shares of common stock will be able to elect all of the successors of the class of directors whose term expires at that meeting.

RESTRICTIONS ON TRANSFER OF CAPITAL STOCK

For the Company to qualify as a REIT under the Code, among other things, not more than 50% in value of its outstanding capital stock may be owned, actually or by attribution, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year. Our capital stock must also be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter tax year. See Certain U.S. Federal Income Tax Considerations. For various purposes, including to ensure that we remain a qualified REIT, our charter, subject to certain exceptions, provides that no holder may own, or be deemed to own by virtue of the attribution provisions of the Code, more than an aggregate of 9.9% in value of our capital stock. Any transfer of capital stock or any security convertible into capital stock that would create a direct or indirect ownership of capital stock in excess of the ownership limit or that would result in our disqualification as a REIT, including any transfer that results in the capital stock being owned by fewer than 100 persons or results in us being closely held within the meaning of Section 856(h) of the Code, shall be null and void, and the intended transferee will acquire no rights to the capital stock.

Capital stock owned, or deemed to be owned, or transferred to a stockholder in excess of the ownership limit will automatically be exchanged for shares of excess stock, as defined in our charter, that will be transferred, by operation of law, to us as trustee of a trust for the exclusive benefit of the transferees to whom such capital stock may be ultimately transferred without violating the ownership limit. While the excess stock is held in trust, it will not be entitled to vote, it will not be considered for purposes of any stockholder vote or the determination of a quorum for such vote, and it will not be entitled to participate in the accumulation or payment of dividends or other distributions. A transferee of excess stock may, at any time such excess stock is held by us in trust, designate as beneficiary of the transferee stockholder's interest in the trust representing the excess stock any individual whose ownership of the capital stock exchanged into such excess stock would be permitted under the ownership limit, and may transfer that interest to the beneficiary at a price not in excess of the price paid by the original transferee-stockholder for the capital stock that was exchanged into excess stock. Immediately upon the transfer to the permitted beneficiary, the excess stock will automatically be exchanged for capital stock of the class from which it was converted.

In addition, we will have the right, for a period of 90 days during the time any excess stock is held by us in trust, and, with respect to excess stock resulting from the attempted transfer of our preferred stock, at any time when any outstanding shares of preferred stock of the series are being redeemed, to purchase all or any portion of the excess stock from the original transferee-stockholder at the lesser of the price paid for the capital stock by the original transferee-stockholder and the market price, as determined in the manner set forth in our charter, of the capital stock on the date we exercise our option to purchase or, in the case of a purchase of excess stock attributed to preferred stock which has been called for redemption, at its stated value, plus all accumulated and unpaid dividends to the date of redemption. The 90-day period begins on the date of the violative transfer if the original transferee-stockholder gives notice to us of the transfer or, if no such notice is given, the date the board of directors determines that a violative transfer has been made.
