PROXY STATEMENT

Annual Meeting of Shareholders

to be held May 20, 2013

Date, Time, Place and Purpose of the Company's Annual Meeting

The 2013 Annual Meeting of Shareholders of the Northwest Bancorporation, Inc. (the "Company" or "we", "us", or "our"), or any adjournments or postponements thereof (the "Annual Meeting"), will be held on Monday, May 20, 2013, at 5:30 p.m. (local time), at the Airway Heights Branch of Inland Northwest Bank located at 11917 West Sunset Highway, Airway Heights, Washington. At the Annual Meeting, shareholders will be asked to approve the following proposals to: (1) elect each of the nominees for the Board of Directors; (2) approve an amendment to the Company's Articles of Incorporation to increase the number of authorized shares of common stock from 5 million to 30 million; (3) consider and approve an advisory (non-binding) resolution approving the compensation of the Company's executive officers; (4) consider and approve an advisory (non-binding) vote on the frequency of future advisory votes on the compensation of the Company's executive officers; and (5) ratify the appointment of Moss Adams LLP ("Moss Adams") as the independent registered public accounting firm for the Company for the year ending December 31, 2013, and any interim periods. This proxy statement is first being sent to holders of the Company's common stock on or about April [·], 2013, and is accompanied by a proxy card that is being solicited by the Company's Board of Directors for use at the Annual Meeting.

Unless otherwise specified, all ownership interests or voting power referenced herein, either in percentage terms or number of shares, in respect of the Company's outstanding shares, have been calculated in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as disclosed in the beneficial ownership table shown in *Security Ownership of Certain Beneficial Owners and Management* elsewhere in this proxy statement.

Questions and Answers about the Proxy Materials and Annual Meeting

Why am I receiving these materials?

These proxy materials relate to the Company's 2013 Annual Meeting to be held on May 20, 2013. The Company seeks to obtain certain required shareholder approvals at the Annual Meeting. As a shareholder of record, you are invited to attend and are entitled to and requested to vote on the proposals set forth in this proxy statement. The reasons for, and further information in relation to, each of these proposals are described in more detail in the questions and answers and other materials that follow.

What does the Board of Directors recommend with regard to these proposals?

The Board of Directors of the Company believes the proposals described herein are in the best interests of the Company and its shareholders and, accordingly, unanimously recommends that the shareholders vote **FOR** each of the proposals identified in this proxy statement.

Who is entitled to vote?

Edgar Filing: NORTHWEST BANCORPORATION INC - Form PRE 14A

Only holders of record of the Company's common stock at the close of business on March 28, 2013 (the Record Date), are entitled to notice of, and to vote at, the Annual Meeting.

How many votes am I entitled to cast?

Each shareholder is entitled to one vote per share of common stock on each matter to be voted on at the Annual Meeting (in the case of the election of directors, one vote for each director position up for election).

How many shares are eligible to vote?

As of the Record Date, there were [-] shares of common stock issued and outstanding, held by [-] shareholders of record, including shares held for [-] beneficial shareholders by [-] non-affiliated depositories. Shareholders of the Company are not entitled to exercise cumulative voting rights in the election of directors.

How many shares must be present to hold the Annual Meeting?

Under Washington law, any shareholder action at a meeting requires that a quorum exist with respect to that action. The holders of a majority of the shares outstanding on the Record Date, present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted as shares that are present at the Annual Meeting for purposes of determining a quorum.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present at the scheduled time for a vote at the Annual Meeting, a majority of the shareholders present or represented by proxy may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given. An adjournment will have no effect on the business that may be conducted at the meeting. The Board of Directors must fix a new Record Date to determine the shareholders entitled to vote at the adjourned meeting if the meeting is adjourned more than 120 days after the date fixed for the original meeting and would also be required to provide shareholders with notice of the rescheduled meeting date.

How do I vote at the Annual Meeting?

Proxies are solicited to provide all shareholders of record on the Record Date an opportunity to vote on matters scheduled for the Annual Meeting and described in these materials. You are a shareholder of record if your shares of Company common stock are held in your name. If you are a beneficial owner of Company common stock held by a broker, bank or other nominee (i.e., in street name), please see the instructions in the following question.

Shares of Company common stock can only be voted if the shareholder is present in person at the Annual Meeting, or by proxy. To ensure your representation at the Annual Meeting, we recommend you vote by proxy even if you plan to attend the Annual Meeting. You can always change your vote at the Annual Meeting if you are a shareholder of record.

Instructions for voting are found on the enclosed proxy card. Shares of Company common stock represented by properly executed proxies will be voted by the individuals named in the proxy card in accordance with the shareholder's instructions. Where properly executed proxies are returned to us with no specific instructions as to how to vote at the Annual Meeting, the persons named in the proxy card will vote the shares: (1) FOR the election of the four directors nominated by the Board of Directors; (2) FOR the approval of an amendment to the Company's Articles of Incorporation to increase the number of authorized shares of common stock from 5 million to 30 million; (3) FOR the advisory resolution approving the compensation of the Company's executive officers; (4) for 1 YEAR as the frequency of future advisory votes on executive compensation; (5) FOR the ratification of the appointment of Moss Adams LLP as the Company's independent registered public accounting firm for the year ending December 31, 2013, and any interim periods; and (6) in accordance with the best judgment of the proxy agents on any other matters properly brought before the Annual Meeting. We do not currently expect any other matters will be properly presented for action at the Annual Meeting.

You may receive more than one proxy card depending on how your shares are held. For example, you may hold some of your shares individually, some jointly with your spouse and some in trust for your children. In this case, you will receive three separate proxy cards to vote.

What if my shares are held in street name?

If you are the beneficial owner of shares held by a broker, bank or other nominee in street name, your broker, bank or other nominee, as the record holder of the shares, is required to vote the shares in accordance with your instructions. Pursuant to applicable regulations, if you do not give instructions to your broker, for example, your broker will not be permitted to vote your shares with respect to Proposals 1, 2, 3, 4 or 5 herein. In the past, if you held your shares in street name and you did not indicate how you wanted your shares voted on certain matters, your broker was allowed to vote those shares on your behalf as they felt appropriate. Recent regulatory changes take away the ability of your broker to vote your uninstructed shares on a discretionary basis on certain matters. Therefore, if you hold your shares in street name and you do not instruct your broker how to vote with respect to Proposals 1, 2, 3, 4 or 5 herein, no votes will be cast on your behalf for those matters.

If your shares are held in street name, you will need proof of ownership to be admitted to the Annual Meeting. A recent brokerage statement or a letter from the record holder of your shares is an example of proof of ownership. If you want to vote your shares of common stock held in street name in person at the Annual Meeting, you will have to get a written proxy in your name from the broker, bank or other nominee who holds your shares.

What vote is required to approve Proposal 1: Election of four directors of the Company for terms ending in the year 2016?

If a quorum exists at the Annual Meeting, the four nominees for election to the Board of Directors who receive the greatest number of affirmative votes cast for directors will be elected as directors. Properly executed proxies will be voted by the individuals named on the proxy card in accordance with the shareholder's instructions. Where properly executed proxies are returned to us with no specific instructions as to how to vote on Proposal 1 at the Annual Meeting, the persons identified as proxy agents in the accompanying proxy card will vote the shares FOR election of the four directors nominated, as described in Proposal 1. Abstentions and broker non-votes do not constitute votes cast and, therefore, will have no effect on the election of directors.

What vote is required to approve Proposal 2: Approval of an amendment to the Company's Articles of Incorporation to increase the number of authorized shares of common stock from 5 million to 30 million?

If a quorum exists at the Annual Meeting, approval of an amendment to the Company's Articles of Incorporation to increase the number of authorized shares of common stock from 5 million to 30 million requires the affirmative vote of the holders of a majority of the votes cast, either in person or by proxy. Properly executed proxies will be voted by the individuals named on the proxy card in accordance with the shareholder's instructions. Where properly executed proxies are returned to us with no specific instructions as to how to vote on Proposal 2 at the Annual Meeting, the persons identified as proxy agents in the accompanying proxy card will vote the shares FOR Proposal 2. Abstentions and broker non-votes do not constitute votes cast and, therefore, will have no effect on the proposal.

What vote is required to approve Proposal 3: Approval of an advisory resolution approving the compensation of the Company's executive officers?

If a quorum exists at the Annual Meeting, the approval of the advisory (non-binding) resolution approving the compensation of the Company's executive officers requires the affirmative vote of the holders of a majority of the votes cast, either in person or by proxy. Properly executed proxies will be voted by the individuals named on the proxy card in accordance with the shareholder's instructions. Where properly executed proxies are

returned to us with no specific instructions as to how to vote on Proposal 3 at the Annual Meeting, the persons identified as proxy agents in the accompanying proxy card will vote the shares FOR Proposal 3. Abstentions and broker non-votes do not constitute votes cast and, therefore, will have no effect on the proposal.

What vote is required to approve Proposal 4: Approval of an advisory vote on the frequency of future advisory votes on the compensation of the Company's executive officers?

If a quorum exists at the Annual Meeting, the approval of the advisory (non-binding) vote on the frequency of future advisory votes on the compensation of the Company's executive officers requires the affirmative vote of the holders of a majority of the votes cast, either in person or by proxy. Properly executed proxies will be voted by the individuals named on the proxy card in accordance with the shareholder's instructions. Where properly executed proxies are returned to us with no specific instructions as to how to vote on Proposal 4 at the Annual Meeting, the persons identified as proxy agents in the accompanying proxy card will vote the shares for a frequency of 1 YEAR. Abstentions and broker non-votes do not constitute votes cast and, therefore, will have no effect on the proposal.

What vote is required to approve Proposal 5: Ratification of the appointment of Moss Adams as the independent registered public accounting firm for the Company for the year ending December 31, 2013, and any interim periods?

If a quorum exists at the Annual Meeting, the approval of the ratification of the appointment of Moss Adams as the independent registered public accounting firm for the Company requires the affirmative vote of the holders of a majority of the votes cast, either in person or by proxy. Properly executed proxies will be voted by the individuals named on the proxy card in accordance with the shareholder's instructions. Where properly executed proxies are returned to us with no specific instructions as to how to vote on Proposal 5 at the Annual Meeting, the persons identified as proxy agents in the accompanying proxy card will vote the shares FOR Proposal 5. Abstentions and broker non-votes do not constitute votes cast and, therefore, will have no effect on the proposal.

Are there any voting agreements between the Company and any of its shareholders?

No, there are no voting agreements between the Company and any of its shareholders.

How may I revoke my proxy?

You may revoke your proxy at any time by taking any of the following actions before your proxy is voted at the Annual Meeting:

Deliver to the Secretary of the Company a written notice bearing a date later than the date of the proxy card, stating that you revoke the proxy;

Sign and deliver to the Secretary of the Company a proxy card relating to the same shares and bearing a later date; or

Attend the meeting and vote in person, although attendance at the meeting will not, by itself, revoke a proxy. You must notify the Secretary that you intend to vote in person.

Also, please note that if you have voted through your broker, bank or other nominee and you wish to change your vote, you must follow the instructions received from such entity to change your vote.

May I vote electronically via Internet or telephone?

A large number of banks and brokerage firms provide shareholders whose shares are registered in the name of such firms the opportunity to vote via the Internet or by telephone. The voting form sent to a beneficial owner will provide instructions if such options are available. In addition, the proxy card that you receive may contain instructions with regard to how to vote via Internet or telephone.

Who will pay the expenses of proxy solicitation?

The expense of preparing, printing and mailing this proxy statement and the proxies solicited hereby will be borne by the Company. Proxies will be solicited on behalf of the Company by mail and may also be solicited by directors, officers and other employees of the Company or the Company's bank subsidiary, Inland Northwest Bank (the "Bank"), without additional remuneration, in person or by telephone or facsimile transmission. The Company will also request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of common stock as of the Record Date and will reimburse such persons for the cost of forwarding the proxy materials in accordance with customary practice. Your cooperation in promptly voting your shares and submitting your proxy by completing and returning the enclosed proxy card will help to avoid additional expense.

Are there Dissenters' Rights with respect to the proposals?

No, there are no dissenters' rights applicable to any matters to be considered at the Annual Meeting.

INFORMATION CONCERNING THE BOARD OF DIRECTORS AND ITS COMMITTEES

Director Qualifications, Experience and Diversity

The Governance Committee reviews certain attributes such as experience, qualifications, and skills of nominee directors. Although the Company does not have a formal policy with regard to the diversity of the Board of Directors, the Company seeks to ensure that candidates reflect a variety of professional experience, education, skills, regional business connections, differences of viewpoint, and other individual qualities.

The nominees and directors continuing in office generally are or were long-time residents of the communities served by Northwest Bancorporation, Inc. and many of such individuals have operated, or currently operate, businesses located in these communities. As a result, these directors have significant knowledge of the businesses that operate in the Company's market area, an understanding of the general real estate market, values and trends in such communities and an understanding of the overall demographics of such communities. As the holding company for a community banking institution, the Company believes that the local knowledge and experience of its directors assists the Bank in assessing the credit and banking needs of its customers, developing products and services to better serve its customers and assessing the risks inherent in its lending operations, and provides the Company with greater business development opportunities.

Attendance of Directors

During 2012, the Company's Board of Directors held twelve meetings. Each director who served on the Board of Directors in 2012 attended at least 75% of the meetings of the Board and the Board committees on which they served. Board members are encouraged to attend the Annual Meeting of Shareholders. At the Company's 2012 Annual Meeting of Shareholders, all ten of the current directors were in attendance.

Compensation of Directors

During 2012, non-employee directors of the Company received an attendance fee in the amount of \$500 per board meeting and \$200 per committee meeting; the Board Chair received an additional \$200 attendance fee per Board meeting. Each non-employee director also received an annual retainer as follows: Board Chair \$10,000, Audit and Compensation Committee Chairs \$7,500 each, and all other non-employee directors \$6,000 each. Meeting fees are paid in cash monthly, and the annual retainers are paid 50% in cash (1/12th paid monthly) and 50% in common stock of the Company (paid annually in December).

Committees of the Board

Governance Committee. The Board of Directors has a Governance Committee, whose functions include those of a nominating committee. The Governance Committee met two times during 2012. The Governance Committee currently consists of Mr. Duncan (who serves as Chairman), Mr. Aden, Mr. Bonanzino, Mr. Shelby, and Ms. West. Responsibilities of the Governance Committee include selecting and recommending to the full Board of Directors nominees for election as director at the annual meeting held each year, candidates to fill any director vacancies, persons for appointment as officers, and regularly monitoring developments in the area of corporate governance. Shareholders who wish the Governance Committee to consider their recommendations for nominees for director to be elected in 2013 should submit their recommendations in writing to the Governance Committee in care of the Company's Secretary at the Company's principal executive office; additional information is set forth in the section of this proxy statement entitled *Information Concerning Shareholder Proposals and Director Nominations*.

Each current member of the Governance Committee is independent as defined by the NASDAQ Stock Market (NASDAQ) listing standards. The Committee operates under a formal written charter approved by the Committee and adopted by the Board of Directors on January 15, 2013, which is publicly available on the Company's website at www.inb.com/corporategovernance. The Governance Committee will consider director candidates recommended by security holders so long as candidates are nominated pursuant to Article I, Section 9 of the Company's Bylaws, as follows:

Only persons who are nominated in accordance with the procedures set forth in the Bylaws shall be eligible for election as directors. Nominations of persons for election to the Board of Directors of the Corporation may be made at a meeting of shareholders (a) by or at the direction of the Board of Directors or (b) by any shareholder of the Corporation entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in this Article I, Section 9. Such nominations, other than those made by or at the direction of the Board of Directors, shall be made pursuant to timely notice in writing to the Secretary of the Corporation. To be timely, a shareholder's notice shall be delivered to or mailed and received at the principal executive offices of the Corporation not less than sixty (60) days prior to the meeting; provided, however, that in the event that less than forty (40) days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be so received not later than the close of business on the 10th day following the date on which such notice of the date of the meeting was mailed or such public disclosure was made. Such shareholder's notice shall set forth (a) as to each person whom the shareholder proposes to nominate for election or re-election as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including such person's written consent to be named in the proxy statement as a nominee and to serving as a director if elected); and (b) as to the shareholder giving the notice (i) the name and address, as they appear on the Corporation's books, of such shareholder and (ii) the class and number of shares of the Corporation which are beneficially owned by such shareholder. At the request of the Board of Directors, any person nominated by the Board of Directors for election as a director shall furnish to the Secretary of the Corporation that information required to be set forth in a shareholder's notice of nomination which pertains to the nominee. No person shall be eligible for election as a director of the Corporation unless nominated in accordance with the procedures set forth in the Bylaws. The Chairman of the meeting shall, if the facts warrant, determine and declare to the meeting that a nomination was not made in accordance with the procedures prescribed by the Bylaws, and if he should so determine, he shall so declare to the meeting and the defective nomination shall be disregarded.

The Governance Committee has not determined whether it is necessary to adopt any additional criteria or procedures. The Governance Committee will consider director candidates recommended by shareholders and use the same qualifications for consideration of those candidates as it would for candidates recommended by members of the Governance Committee.

Compensation Committee. The Board of Directors has established a Compensation Committee, which is responsible for establishing and administering executive and director compensation and ensuring the Company's executive compensation complies with applicable rules and regulations. The Compensation Committee met four times during 2012 and consists only of directors determined to be independent, as defined by NASDAQ listing standards applicable to Compensation Committee members of smaller reporting companies. The Compensation Committee does not operate under a formal written charter. The Compensation Committee currently consists of Mr. Aden (who serves as Chairman), Mr. Bonanzino, Ms. Brodie, Mr. Norby, Mr. Shelby, and Ms. West. No members of this Committee were officers or employees of the Company during the year or had any relationship otherwise requiring disclosure.

Audit Committee. The Audit Committee held four meetings during 2012. The Audit Committee currently consists of Mr. Norby (who serves as Chairman), Mr. Aden, Mr. Bonanzino, Mr. Duncan, and Mr. Shelby. Each current committee member is considered independent as defined by NASDAQ listing standards applicable to Audit Committee members. The Committee operates under a formal written charter approved by the Committee and adopted by the Board of Directors on December 18, 2012, which is publicly available on the Company's website at www.inb.com/corporategovernance. The Board of Directors has determined that Director Bryan S. Norby meets the definition of audit committee financial expert as defined by the SEC. Responsibilities of the Audit Committee include monitoring compliance with Company policies and applicable laws and regulations, holding periodic meetings with the Bank's internal and external auditors and with the Bank's examiners to receive reports and discuss findings, making recommendations to the full Board of Directors concerning the adequacy and accuracy of internal systems and controls, the appointment of auditors and the acceptance of audits, and monitoring management's efforts to correct any deficiencies discovered in an audit or supervisory examination.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

The Board of Directors is committed to good business practices, transparency in financial reporting and the highest level of corporate governance. We regularly monitor developments in the area of corporate governance and update our corporate governance policies, practices and committee charters as the Board determines to be necessary and appropriate to reflect changes in regulatory requirements and evolving oversight practices.

Director Independence

The Board has analyzed the independence of each director and has determined that each of the members of the Board listed below is an Independent Director as that term is defined by the rules of NASDAQ and the SEC applicable to smaller reporting companies, and that each director is free of relationships that would interfere with the individual exercise of independent judgment. In determining the independence of each director, the Board of Directors considered many factors, including any loans made to a director. Such arrangements are discussed in detail in the section entitled *Transactions with Management and Others*.

Based on these standards, the Board determined that each of the following non-employee directors, including nominated and continuing directors, is independent and has no relationship with the Company, except as a director and shareholder:

Dwight B. Aden, Jr.
Anthony D. Bonanzino
Katie Brodie

Harlan D. Douglass
Freeman B. Duncan
Clark H. Gemmill

Bryan S. Norby
William E. Shelby
Jennifer P. West

Board Leadership Structure and Risk Oversight Role

The role of Chairman of the Board and President/Chief Executive Officer of the Company are not currently held by the same person. The Chairman has never been an employee of the Company or the Bank and is considered an Independent Director as defined by the rules of NASDAQ. A separation of the Chairman of the Board and President/Chief Executive Officer roles is not mandated by any provision of law or our Articles of Incorporation or Bylaws, but the Board of Directors currently believes that this structure provides for an appropriate balance of authority between management and the Board. The Board of Directors reserves the right to establish a different structure in the future.

The Board of Directors of the Company, all of the members of which are also members of the Board of Directors of the Bank, is actively involved in the Company and the Bank's risk oversight activities through the work of various committees of the Company and the Bank and the policy approval function of the Board of Directors of the Bank. In particular, the Audit Committee discusses the review of internal systems and controls by the Bank's internal and external auditors and examiners and then makes recommendations to the full Board and the Compensation Committee reviews the Company's compensation arrangements to ensure that such arrangements do not threaten the Company's value.

Code of Ethics

The Company has a Code of Ethics that applies to all of the Company's directors, officers, employees and agents. The Code of Ethics is publicly available on the Company's website at www.inb.com/corporategovernance. To date, there have not been any waivers granted by the Company to the Code of Ethics. The Company will provide to any person, without charge, upon request, a copy of such Code of Ethics. A person may request a copy by telephoning the Company at (509) 456-8888 or in writing at the following address: Northwest Bancorporation, Inc., Attention: Leilani McKernan, 421 W. Riverside Avenue, Spokane, WA 99201.

Communications with the Board of Directors

Shareholders may send communications to the Board of Directors of the Company by addressing such correspondence to: Northwest Bancorporation, Inc., Anthony D. Bonanzino, Chairman of the Board, 421 W. Riverside Avenue, Spokane, WA 99201. As Chairman of the Board, Mr. Bonanzino monitors shareholder communications, forwards correspondence to the appropriate committee(s) or director(s), and facilitates an appropriate response.

**PROPOSAL 2. APPROVAL OF AN AMENDMENT TO THE COMPANY S ARTICLES OF
INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES
OF COMMON STOCK FROM 5 MILLION TO 30 MILLION**

The Board of Directors unanimously approved an amendment to Article VII of the Company s Articles of Incorporation to increase the number of authorized shares of common stock from 5 million to 30 million (the Amendment). The Amendment is subject to approval by the holders of a majority of the outstanding shares of the Company s common stock. The following is the text of the first sentence of Article VII of the Articles of Incorporation, as proposed to be amended:

The aggregate number of shares which the corporation shall have authority to issue is thirty million (30,000,000) shares of common stock, which shares shall be issued without par value and five hundred thousand (500,000) shares of preferred stock having such par value per share, if any, as the directors may determine.

The Board of Directors considers the Amendment to be prudent in order to ensure that a sufficient number of shares will be available, if needed, for issuance in connection with any possible future transactions approved by the Board of Directors, including but not limited to stock splits, stock dividends, stock incentive plans, acquisitions, equity offerings, and other corporate purposes. The Board of Directors believes that the availability of the additional shares for such purposes without delay will be beneficial to the Company by providing it with the flexibility to consider and respond to future business opportunities and needs as they arise. The availability of such shares will enable us to act promptly when the Board of Directors determines that the issuance of additional shares of common stock is advisable.

The Company explores strategic alternatives to strengthen the Company s capital position and enhance longer-term shareholder value, but we do not currently have any agreements, arrangements, commitments or understandings with respect to the issuance of any additional shares of our common stock that would be authorized upon approval of the proposed Amendment. However, as described below, we have a relatively small number of authorized but unissued shares that are not already reserved for issuance, and if the proposed Amendment is not approved, our flexibility to pursue potential future transactions involving our stock will be limited.

The additional shares of common stock to be authorized by the Amendment would have rights identical to the currently outstanding common stock of the Company. Our shareholders do not currently have any preemptive or similar rights to subscribe for or purchase any additional shares of common stock that may be issued in the future. Future issuances of common stock may, depending upon the circumstances, affect earnings per share, voting power and other interests of existing shareholders.

As of April [-], 2013, the Company has authority to issue 5,000,000 shares of common stock. Of the common stock authorized, 3,089,957 shares were issued and outstanding and 139,334 shares were reserved for issuance pursuant to outstanding stock option and stock award agreements. After giving effect to such issued and reserved shares, approximately 1,770,709 shares were available for issuance.

The Board of Directors unanimously recommends that shareholders vote FOR the approval of an amendment to the Company s Articles of Incorporation to increase the number of authorized shares of common stock from 5 million to 30 million.

PROPOSAL 3. ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") includes a provision commonly referred to as "say on pay" that requires the Company to provide shareholders the opportunity to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers. Accordingly, shareholders are being given the opportunity to vote on an advisory (non-binding) resolution at the Annual Meeting to approve the Company's executive compensation policies and procedures as described below under Executive Compensation, the compensation tables, and related discussion in this proxy statement.

The purpose of the Company's compensation policies and procedures is to attract and retain experienced, highly qualified executives critical to the Company's long-term success and enhancement of shareholder value. The Board of Directors believes the Company's compensation policies and procedures achieve this objective, and therefore recommends shareholders vote **FOR** the proposal through the following resolution:

RESOLVED, that the shareholders approve the compensation of the named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission in the tabular and narrative compensation disclosures contained in the Company's 2013 Proxy Statement.

Because this proposal is advisory, it will not be binding upon the Board of Directors or the Compensation Committee. However, the Board of Directors and the Compensation Committee value shareholders' opinions and, accordingly, will review the voting results, seek to determine the cause or causes of any significant negative voting and will consider them when considering future decisions regarding executive compensation arrangements.

The Board of Directors unanimously recommends that shareholders vote **FOR the resolution approving the Company's compensation of the named executive officers.**

PROPOSAL 4. ADVISORY VOTE ON FREQUENCY OF VOTING ON EXECUTIVE COMPENSATION

The Dodd-Frank Act requires that the Company allow shareholders to vote, at least once every six years, on how frequently to conduct the advisory vote on executive compensation. Accordingly, shareholders may indicate whether they prefer an advisory vote on executive compensation every one, two or three years.

The Board of Directors has determined that an advisory vote on executive compensation that occurs every year is the most appropriate approach for the Company. In formulating this recommendation, the Board considered that an annual advisory vote would give our shareholders more frequent ability to provide input about our executive compensation.

Because this proposal is advisory, it will not be binding upon the Board of Directors or the Compensation Committee. However, the Board of Directors and the Compensation Committee value shareholders' opinions and, accordingly, will review the voting results, seek to determine the cause or causes of any significant negative voting and will consider them when considering future decisions regarding executive compensation arrangements.

The Board of Directors unanimously recommends a vote for an annual advisory vote by selecting the option of 1 YEAR as the frequency for the advisory vote on executive compensation.

There are no family relationships among the directors and executive officers of the Company. There also are no arrangements or understandings between these persons and any one of the other named persons pursuant to which any of these persons have been selected for the office or position.

Pursuant to the rules and regulations of the SEC, the Company is required to identify the Chief Executive Officer and the two other most highly compensated executive officers for the fiscal year ended December 31, 2012, as named executive officers. The SEC rules also state that, where appropriate, executive officers of a subsidiary may be deemed to be named executive officers of the Company for these purposes. The Company has identified Mr. Fewel, Mr. Southwick and Ms. Poquette as its named executive officers.

EXECUTIVE COMPENSATION

Overview

The Company is committed to responsible compensation practices and strives to balance sound risk management and the need to compensate its employees competitively. The primary objective of the Company's executive compensation strategy is to attract, retain and motivate an experienced and competent executive management team. The Company also seeks to align the interests of our executive officers with the interests of our shareholders. Accordingly, the Company's compensation programs are designed to reward executive officers for the achievement of strategic and operational goals and the achievement of increased shareholder value, while at the same time avoiding the encouragement of unnecessary or excessive risk taking.

Key components of the executive compensation program consist of base salaries, performance-based incentive and bonuses, long-term equity compensation, deferred compensation, supplemental executive retirement benefits, and a 401(k) plan. In allocating compensation among these components, the Company generally seeks to ensure that a significant portion of the compensation will be variable based on the Company's performance. However, it is also recognized that, to the extent that a greater portion of total compensation is in the form of base salary, sound judgment in business decisions will not be influenced by incentive payouts.

The Company's Compensation Committee (in this discussion, the Committee) serves the full Board of Directors by providing oversight and guidance with respect to compensation policies and practices. The Committee provides oversight to management to create and maintain competitive programs which attract, develop, motivate, reward and retain talented executives. The Committee also seeks to ensure that personnel and compensation policies support the Company's strategic mission and comply with all applicable legal and regulatory requirements. Input from the Chief Executive Officer is considered by the Committee regarding criteria to be used to determine base salaries, bonuses and other benefits for named executive officers other than the Chief Executive Officer. The Committee exercises final authority on compensation matters for all named executive officers, and the Chief Executive Officer is not present at Committee meetings during discussions regarding his own compensation.

During 2012, the Company's Internal Auditor and Senior Risk Officer conducted a risk review of the Company's compensation programs. The Committee reviewed the results of this risk review and concluded that the Company's compensation policies and practices were not reasonably likely to have a material adverse effect on the Company.

The Company did not engage any compensation consultants during 2012.

Restrictions on Executive Compensation

In February 2009, as part of the U.S. Department of Treasury's (the Treasury) Capital Purchase Program, the Company entered into a Letter Agreement (the CPP Agreement) with Treasury pursuant to which the Company issued and sold to Treasury 10,500 shares of the Company's Series A Preferred Stock and 525 shares of the Company's Series B Preferred Stock (together, the CPP Stock), for an aggregate purchase price of \$10.5 million. Under the terms of the CPP Agreement, the Company adopted certain standards for executive compensation for the period during which the Treasury held equity in the Company. In addition, the American Recovery and Reinvestment Act of 2009 imposed additional restrictions on compensation paid to Mr. Fewel. These restrictions prevented the Company from paying any bonuses or incentive awards, other than restricted stock, to Mr. Fewel during the time that Treasury held the CPP Stock and he remained the Company's most highly compensated employee.

On March 11, 2013, Treasury completed the sale of all of the CPP Stock to third party purchasers unaffiliated with the Company. As a result of this sale, the restrictions on executive compensation that applied from 2009 through March 11, 2013 (the CPP Period) will generally not apply after March 11, 2013, except as noted below.

The restrictions that impacted the compensation of the Company's named executive officers during 2012 included: (1) a requirement to ensure that incentive compensation for senior executives did not encourage unnecessary and excessive risks that threatened the value of the Company; (2) a required clawback of any bonus or incentive compensation paid to a senior executive and the next 20 most highly compensated employees based on statements of earnings, gains or other criteria that are later proven to be materially inaccurate; (3) a prohibition on making golden parachute payments to senior executives and the next five most highly compensated employees; (4) a prohibition on providing any tax gross-up compensation; and (5) a restriction on deducting for tax purposes executive compensation in excess of \$500,000 in a tax year for each senior executive. In addition, restricted stock awards made to Mr. Fewel during the CPP Period were subject to the following

limitations: (1) the restricted stock could not become fully vested and sold by Mr. Fewel until the CPP Stock was repurchased from Treasury, and (2) the value of the restricted stock award could not exceed one-third of Mr. Fewel's total annual compensation.

In connection with the CPP Agreement, each executive officer executed a waiver whereby the executive voluntarily released the Company from any and all obligations to pay compensation prohibited by federal law and waived any present or future claims against the Company for any changes to the executive's regular, bonus or incentive compensation or benefit-related arrangements, agreements, or policies and any other changes required to be made by Treasury. These executive officers also entered into executive compensation modification agreements to ensure the Company's compliance with the laws and regulations governing the Company's participation in the Capital Purchase Program.

Although the restrictions on executive compensation generally no longer apply because the CPP Stock has been sold by Treasury, the restricted stock that Mr. Fewel received during the CPP Period remains subject to a two-year vesting period, and therefore may not be sold by Mr. Fewel until two years after the date of grant.

Base Salaries

Base salaries for executive officers are determined based upon a number of factors including duties and levels of responsibilities inherent in the position, as well as the individual's experience, managerial effectiveness, contribution to the Company's overall profitability, maintenance of regulatory compliance standards and professional leadership. Compensation paid to executive officers is compared with compensation paid to executives of similarly situated bank holding companies, other businesses in the Company's market area and appropriate state and national salary data. All of these factors are considered subjectively and none of the factors are accorded a specific weight.

Bonuses

The Compensation Committee's practice has been to award incentive cash bonuses based upon performance objectives established for the Bank. Historically, the Committee has set specific performance objectives and then weighted the achievement of actual results according to the weighting of each objective. Although the Committee establishes metrics for the calculation of incentive bonuses, the Committee reserves the authority to adjust the computation to reflect unusual circumstances or exceptional performance and to award other bonuses at its discretion. No discretionary or incentive cash bonuses were paid to named executive officers in 2012, except the Committee approved a one-time discretionary bonus of \$5,000 to Ms. Poquette.

Non-Equity Incentive Plans

Several Bank employees, including executive officers, who have business development responsibilities, or who supervise employees with business development responsibilities, receive cash compensation under various performance-based cash incentive plans. These plans provide variable incentive compensation for development of new loans and deposits. None of the named executive officers receive incentive under these plans.

Equity Incentive Program

Interests of the Company's executive officers are aligned with that of its shareholders through the use of equity-based compensation by creating a direct link between executive pay and shareholder return and by enabling executives to acquire ownership in the Company's common stock. Pursuant to the Share Incentive Plan, which was approved by shareholders in May 2006, the Board of Directors may grant stock options or restricted stock awards for up to 384,911 shares of common stock to employees of the Company. As of December 31, 2012, 218,939 shares of common stock are available for future award to employees under this Plan.

Deferred Compensation Plan

Executive officers are eligible to participate in the Bank's nonqualified Deferred Compensation Plan, under which participants may elect to defer a portion of their compensation. The Bank does not match contributions to this Plan but does credit interest on amounts deferred based on the tax-equivalent rate earned on its bank-owned life insurance products. Benefits become payable, either in lump sum or equal monthly installments, following a participant's death, disability, retirement or termination of employment. Plan participants are unsecured creditors of the Company until distributions occur. The named executive officers participating in the Plan as of December 31, 2012, were Mr. Fewel and Mr. Southwick, and the accrued liabilities associated with their cumulative deferrals under the Plan were \$87,624 and \$16,797, respectively.

Supplemental Executive Retirement Plan

The Bank maintains supplemental executive retirement plans (SERPs) for certain of its current and retired senior executives, which are unfunded, nonqualified executive income and retirement plans that provide for benefits paid out over a period of years following retirement or as of a specified date, as provided in the individual agreements. The executives who have not reached normal retirement age and are employed past the specified date for benefit payments, if applicable, are eligible for a lump sum early retirement benefit in an amount equal to their accrued balance as of the end of the month preceding their early retirement. Mr. Fewel is the only named executive officer with a SERP agreement. Total expenses incurred under the SERP for Mr. Fewel were \$69,704 and \$62,559 for the years ended December 31, 2012 and 2011, respectively. The accrued liability under Mr. Fewel's SERP at December 31, 2012, was \$282,802.

401(k) Plan

The Bank sponsors a defined contribution 401(k) Plan pursuant to which eligible employees may contribute up to the maximum amount allowed by law. The 401(k) Plan is open to all employees who have at least three consecutive months of service. The Plan calls for the Bank to make matching contributions equal to 50% of the contributing participant's first 6% elective deferral. Employees vest in their plan contributions immediately and vest in matching contributions made by the Bank at the rate of 20% after each completed year of service, as defined by the 401(k) Plan. Participating employees may begin receiving distributions from their 401(k) Plan account on their retirement at age 59 $\frac{1}{2}$ and must begin receiving distributions at age 70.

Employment and Change of Control Agreements

Edgar Filing: NORTHWEST BANCORPORATION INC - Form PRE 14A

The Company has employment agreements with its named executive officers, which the Company believes provide continuity of executive management, employment security which is conducive to maximum employee effort, and valuable protections for the Company and its executive officers. All termination and change in control payments are subject to waivers in accordance with the Treasury's Capital Purchase Program restrictions. The following describes the material terms of the Company's employment agreements with its named executive officers.

Mr. Fewel's employment agreement provides for a continuous employment term until such time as the Bank notifies him that it will establish an employment term of one-year, commencing with the date of receipt of such

notice by him. Upon receiving such notice, Mr. Fewel could resign and continue to receive payment of his fixed-salary and certain benefits for a period of one-year. The agreement provides that, during the term of the agreement, he will remain employed in an executive position, with no reduction in his fixed-salary should his position change and that his fixed-salary will be adjusted annually at the discretion of the Board. The fixed-salary will not be decreased from year-to-year; however, incentive payments, if any, and other benefits may be more or less than received in prior years. The Bank may terminate Mr. Fewel's employment without cause; however, in that case, he would continue to receive payment of his fixed salary and certain benefits for a period of one year. In the event of a change in control of the Company, the agreement provides for a severance payment to Mr. Fewel for certain terminations during a thirty-six month period following the date of the change in control. However, this change in control benefit is not currently in effect, due to the waiver executed by Mr. Fewel in connection with Company's participation in the Capital Purchase Program. Any severance payment made to Mr. Fewel will be reduced to the extent necessary to meet the requirements of Internal Revenue Service regulations then in effect, as well as the rules, regulations or lawful directives of other agencies with regulatory or supervisory authority over the Company or the Bank. Under the current agreement, the Bank's obligation for payment to Mr. Fewel under any of the above-described circumstances may be reduced, in part or in full, if he receives compensation from a successor employer or from self-employment while payment is being made to him. If the successor employer is a financial institution located within the Bank's market area, and if he has not obtained prior approval from the Bank's Board of Directors, the Bank is under no obligation to continue any severance payment or benefits.

The Bank has similar employment agreements with Mr. Southwick and Ms. Poquette; however, in the event of a change in control, the period considered for severance payments is twelve months.

We have no knowledge of any other arrangements, including any pledge by any person of our securities, that may at a subsequent date result in a change in control of our Company. To the best of our knowledge, we are not directly or indirectly owned or controlled by another corporation or foreign government.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors, executive officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities (collectively, "Reporting Persons"), to file reports of ownership of, and transactions in, the Company's equity securities with the SEC. Based solely on a review of the copies of such reports received by the Company and on written representations from such reporting persons, the Company believes that all Reporting Persons complied with the Section 16(a) filing requirements during 2012.

TRANSACTIONS WITH MANAGEMENT AND OTHERS

The Company, through its subsidiary, the Bank, has had, and may be expected to have in the future, banking transactions in the ordinary course of business with directors, executive officers, their immediate families, and affiliated companies in which they are principal shareholders. All related party loans and deposits have been made, in the opinion of management, on the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with persons not related to the Bank and did not involve more than the normal risk of collectibility or present other unfavorable features.

During 2006, the Bank entered into an agreement to lease property owned by Harlan D. and Maxine H. Douglass. Mr. Douglass is a director of the Company and the Bank. The initial term of the lease is twenty years, and the Bank has the right to extend the lease for four additional five-year periods. The approximate aggregate value of the lease over the twenty-year term is \$1.8 million. The Bank received regulatory approval and established a branch at this location, which opened in May 2008. It is the policy of the Board of Directors to review and approve transactions with related parties. Disinterested Board members reviewed and approved this transaction and found the terms and conditions of the lease to be an arm's length transaction consistent with those offered on similar properties by non-affiliated parties.

**PROPOSAL 5. RATIFICATION OF THE APPOINTMENT OF MOSS ADAMS LLP, AS THE
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE COMPANY FOR THE
YEAR ENDING DECEMBER 31, 2013 AND ANY INTERIM PERIODS**

The Board of Directors has appointed Moss Adams to serve as the independent registered public accounting firm to examine the consolidated financial statements of the Company and its subsidiary for the year ending December 31, 2013, and any interim periods. Shareholders are being asked to ratify such appointment. Moss Adams and its predecessor, McFarland & Alton, P.S., have examined the financial statements of the Company since the Bank's organization in 1989. A representative of Moss Adams is expected to attend the Annual Meeting and, therefore, will have an opportunity to make a statement and will be available to respond to appropriate questions from shareholders. If the appointment of Moss Adams is not ratified by the required number of votes, the Board of Directors will review its future selection of independent registered public accounting firms.

The Board of Directors unanimously recommends that the shareholders vote FOR the ratification of the appointment of Moss Adams LLP as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2013, and any interim periods.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM'S FEES

The following table summarizes the fees that Moss Adams charged the Company for the listed services during 2012 and 2011:

Type of fee	2012	2011	Description

Tax fees			Services in connection with the preparation of federal and state income tax returns.
All other fees			General consulting and out of pocket expenses.

PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES

It is the responsibility of the Company's Audit Committee to pre-approve all audit and non-audit services provided by Moss Adams. The Audit Committee has adopted a policy authorizing certain permissible audit and non-audit services to be performed by Moss Adams with subsequent reporting and oversight required by the Audit Committee. Permissible services, not pre-approved pursuant to this policy, require specific review and approval prior to the engagement by the Audit Committee, or a designated member. Specific pre-approval of such permissible services with estimated fees of \$2,500 or less may be waived via the de minimis exception rule. Procedures are in place to ensure the Audit Committee chairman is notified in the event the de minimis rule is used. All services rendered by and fees paid to Moss Adams are reported to and monitored quarterly by the Audit Committee. The Audit Committee considers whether the provision of related audit services are compatible with maintaining the independent registered public accounting firm's independence. To assist the Audit Committee in its oversight responsibilities, the pre-approval policy identifies the three basic principles of independence with respect to services provided by the independent registered public accounting firm, as well as the non-audit services the independent registered public accounting firm is prohibited from providing. One hundred percent of all services provided by Moss Adams in each of the last two fiscal years were pre-approved by the Audit Committee.
