EXPLANATORY NOTE

This Amendment No. 1 on Form 10-K/A (the Amendment) amends our Annual Report on Form 10-K for the year ended December 29, 2012 (2012 Form 10-K), as filed with the Securities and Exchange Commission (the SEC) on March 25, 2013. We are filing this Amendment to amend Part III of the 2012 Form 10-K to include the information required by and not included in Part III of the 2012 Form 10-K because we do not intend to file our definitive proxy statement within 120 days of the end of our fiscal year ended December 29, 2012. In connection with the filing of this Amendment and pursuant to the rules of the SEC, we are including with this Amendment new certifications by our principal executive and principal financial officers. Accordingly, Item 15 of Part IV has also been amended to reflect the filing of these new certifications.

Except as described above, no other changes have been made to the 2012 Form 10-K. The 2012 Form 10-K continues to speak as of the date of the 2012 Form 10-K, and we have not updated the disclosures contained therein to reflect any events which occurred at a date subsequent to the filing of the 2012 Form 10-K other than as expressly indicated in this Amendment. In this Amendment, unless the context indicates otherwise, the terms Company, we, us, and our refer to U.S. Auto Parts Network, Inc. and its subsidiaries.

All statements in this Amendment that are not historical are forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements can generally be identified as such because the context of the statement will include words such as may, will, intend, plans, believes, anticipates, expects, estimates, predicts, potential, continue, should, the negative of these words or words of similar import. Similarly, statements that describe our future plans, strategies, intentions, expectations, objectives, goals or prospects are also forward-looking statements. These forward-looking statements are or will be, as applicable, based largely on our expectations and projections about future events and future trends affecting our business, and so are or will be, as applicable, subject to risks and uncertainties including but not limited to the risk factors discussed in the 2012 Form 10-K, that could cause actual results to differ materially from those anticipated in the forward-looking statements. We caution investors that there can be no assurance that actual results or business conditions will not differ materially from those projected or suggested in such forward-looking statements. Our views and the events, conditions and circumstances on which these future forward-looking statements are based, may change.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

(a) Identification of Directors

Information About Directors

We believe that our Board as a whole should encompass a range of talent, skill, diversity and expertise enabling it to provide sound guidance with respect to our operations and interests. In addition to considering a candidate's background and accomplishments, the Nominating and Corporate Governance Committee reviews candidates in the context of the current composition of the Board and the evolving needs of our business. In accordance with the listing standards of The NASDAQ Stock Market (the "NASDAQ Rules") we have charged our Nominating and Corporate Governance committee with ensuring that at least a majority of the directors qualify as "independent" under the NASDAQ Rules. See "Board Committees and Meetings - *Nominating and Corporate Governance Committee*" for a discussion of the factors that are considered in selecting our director nominees.

The table and narrative below sets forth information regarding each of our directors, including his or her age, the year they first became directors, business experience during at least the past five years, public company boards they currently serve on or have served on since January 1, 2008, and certain other biographical information and attributes that the Nominating and Corporate Governance Committee determined qualify them to serve as directors. The Nominating and Corporate Governance Committee believes that the current directors have the following other key attributes that are important to an effective board of directors: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience and thought; and the commitment to devote significant time and energy to serve on the Board and its committees.

We believe that Ms. Siminoff has been qualified to serve as a director due to her breadth and depth of experience in the online marketplace; especially in the arena of marketing and traffic optimization, as well as her prior board experience and management skills. Her breadth of experience in emerging growth companies and success in a variety of industries has also added expertise and diversity to our Board of Directors.

Class II Directors Terms Expiring at the 2014 Annual Meeting

Joshua L. Berman has been a director since October 2007. Mr. Berman co-founded and serves as President of BeachMint, a next generation eCommerce company focused on building brands and delivering a personalized user experience, since April 2010. From 1995 through December 2008, Mr. Khazani served as the Vice President of American Condenser, Inc., a company that he co-founded which manufactures air-conditioning condensers for automotive and industrial applications. Mr. Khazani also serves as financial director of the non-profit organization Women for World Health. Mr. Khazani holds a B.S. degree in accounting and an M.B.A. from National University in San Diego. We believe Mr. Khazani's extensive background in the auto parts and industrial manufacturing and distribution industries provides a valuable juxtaposition with the e-commerce experience of many of our other directors. We also believe that his historical insight into the Company's operations and strategic relationships, combined with his foresight and creativity in driving the growth of the Company from a small, local operation delivering parts, to an international internet organization qualifies him to serve as a director.

Robert J. Majteles has been a director since November 2006 and has been our Chairman of the Board since March 2007. Mr. Majteles obtained his B.A. from Columbia University in 1986 and his J.D. from Stanford University in 1989. We believe that Mr. Majteles is qualified to serve as a member of the Board due to his combined business, investment, and financial expertise and experience. His management experience in leading companies, including serving as CEO of three technology companies, and his prior and current service on multiple boards of directors of innovative technology companies makes Mr. Majteles effective at leading the Board on behalf of our stockholders.

Mr. Harman holds B.S. and M.S. degrees in electrical engineering from Stanford University and an M.B.A. from the Harvard Business School. We believe that Mr. Harman is qualified to serve as a director due to his broad financial and industry experience, combined with his operational oversight gained through his investment in and extensive board service since 1991 with a broad range of technology and internet companies.

Mr. Phelps holds a B.S. degree in mathematics from St. Lawrence University in Canton, New York and an M.B.A. from the University of Rochester in Rochester, New York. We believe that Mr. Phelps is qualified to serve as both a Board member and as the financial expert of our Audit Committee due to his extensive experience as a President or a Chief Executive Officer of a variety of companies in the technology industry, as well as his experience in financial management roles, including the creation and oversight of internal controls, preparation of the financial statements and coordination of the audit for public companies.

(c) Compliance with Section 16(a) of the Exchange Act

Under the federal securities laws, our directors and officers and any persons holding more than 10% of our common stock are required to report their ownership of our common stock and any changes in that ownership to the SEC on Section 16(a) forms. Specific due dates for these reports have been established, and we are required to report in this proxy statement any failure to file by these dates. Based solely on our review of copies of the reports on the Section 16(a) forms received by us with respect to the fiscal year ended December 29, 2012 and representations from the reporting persons that no other reports were required, we believe that all directors, executive officers and persons who own more than 10% of our common stock have complied with the reporting requirements of Section 16(a) and have filed all reports required by such section.

(d) Code of Ethics

Code of Ethics and Business Conduct

Our Board of Directors has adopted a Code of Ethics and Business Conduct which applies to all directors, officers (including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions) and employees. The full text of our Code of Ethics and Business Conduct is available on the Investor Relations section of our website at www.usautoparts.net which can be directly accessed at <http://investor.usautoparts.net/>. We intend to disclose future amendments to certain provisions of the Code of Ethics and Business Conduct, and any waivers of provisions of the Code of Ethics and Business Conduct required to be disclosed under the rules of the SEC, at the same location on our website. The information contained in, or that can be accessed through, our website does not constitute a part of this Amendment.

Board Oversight of Risk

The Board is responsible for overseeing our risk management but its duties in this regard are supplemented by the Audit Committee, which is responsible for discussing with management and our independent auditors policies with respect to risk assessment and risk management, including the process by which we undertake major financial and accounting risk assessment and management. The Audit Committee also oversees our corporate compliance programs, as well as the internal audit function. In addition to the Audit Committee's work in overseeing risk management, our full Board periodically engages in discussions of the most significant risks that the Company is facing and how these risks are being managed, and the Board receives reports on risk management from senior officers of the Company and from the Chairman of the Audit Committee. The Audit Committee additionally meets privately with representatives of our management team in order to assess the overall climate and tone at the top and to provide the Audit Committee with direct feedback as to any control or oversight issues. Other committees, including the Compensation Committee, review risks relevant to their particular areas of responsibility, such as whether the compensation of executive management encourages them to take undue risk. These matters are reviewed at Board meetings as well and, if deemed necessary and appropriate, in executive session with only the independent directors present. Our management team has the primary responsibility for identifying and managing the known, material risks which could affect our operating and financial performance. At least annually, upon reviewing and establishing the financial and operating targets for the next fiscal year, the management team reviews with the full board the key risks facing the Company during the upcoming year and the plans the Company has put in place to mitigate those risks, and the management team reviews subsets of risk on a more frequent basis with the Board.

(e) **Board Committees.**

Board Committees and Meetings

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Each committee has a written charter that is reviewed annually and revised as appropriate. A copy of each committee's charter is available on the Investor Relations section of our website at www.usautoparts.net.

During fiscal 2012, the Board of Directors and the various committees of the Board held the following number of meetings: Board of Directors 6; Audit Committee 4; Compensation Committee 5; and Nominating and Corporate Governance Committee 2. Additionally, there was 1 action taken by the Board via Unanimous Written Consent. During fiscal 2012, all but one director attended 100% of the aggregate of the total number of meetings of the Board of Directors, and no director attended fewer than 100% of the aggregate of the total number of meetings of any committees of the Board, which he or she was required to attend. Warren B. Phelps III attended 83% of the aggregate of the total number of meetings of the Board of Directors. We do not have a formal policy regarding attendance by members of our Board of Directors at annual meetings of stockholders; however, directors are encouraged to attend all such meetings. All of our directors attended our 2012 Annual Meeting of Stockholders.

Audit Committee. Our Audit Committee consists of Messrs. Majteles, Phelps and Ms. Siminoff. However, Ms. Siminoff informed us that she does not intend to stand for re-election when her term as a Class I director expires at our Annual Meeting and will cease to serve on our Audit Committee beyond that date. Mr. Phelps is the Chairman of the Audit Committee. Our Board of Directors has determined that each member of the Audit Committee is independent under the NASDAQ Rules and Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act). Mr. Phelps qualifies as an audit committee financial expert as that term is defined in the rules and regulations established by the SEC. The primary functions of this committee include the following:

meeting with our management periodically to consider the adequacy of our internal controls and the objectivity of our financial reporting;

meeting with our independent auditors and with internal financial personnel regarding these matters;

pre-approving audit and non-audit services to be rendered by our independent auditors;

appointing from time to time, engaging, determining the compensation of, evaluating, providing oversight of the work of and, when appropriate, replacing our independent auditors;

reviewing our financial statements and periodic reports and discussing the statements and reports with our management and independent auditors, including any significant adjustments, management judgments and estimates, new accounting policies and disagreements with management;

establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls and auditing matters;

reviewing our financing plans and reporting recommendations to our full Board of Directors for approval and to authorize action; and

administering and discussing with management and our independent auditors our Code of Ethics and Business Conduct.

Our internal financial personnel regularly meet privately with the Audit Committee and have unrestricted access to this committee. Our independent auditors report directly to the Audit Committee and they also have unrestricted access to this committee.

Compensation Committee. Our Compensation Committee consists of Messrs. Berman and Majteles and Ms. Siminoff. However, Ms. Siminoff informed us that she does not intend to stand for re-election when her term as a Class I director expires at our Annual Meeting and will cease to serve on our Compensation Committee beyond that date. Mr. Berman is the Chairman of our Compensation Committee. Our Board of Directors has determined that each member of the Compensation Committee is independent under the NASDAQ Rules. The primary functions of this committee include the following:

reviewing and, as it deems appropriate, recommending to our Board of Directors, policies, practices and procedures relating to the compensation of our directors, officers and other managerial employees and the establishment and administration of our employee benefit plans;

exercising authority under our employee benefit plans;

reviewing and approving executive officer and director indemnification and insurance matters; and

advising and consulting with our officers regarding managerial personnel and development and succession planning.

A more detailed description of the role of the committee, including the role of executive officers and consultants in compensation decisions, can be found under Executive Compensation-Compensation Discussion and Analysis below.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee consists of Messrs. Phelps, Berman and Majteles. Mr. Majteles is the Chairman of our Nominating and Corporate Governance Committee. Prior to February 2013, Ms. Siminoff served as the Chair of our Nominating and Corporate Governance Committee, until her replacement, Mr. Majteles, was appointed following her resignation from the committee. Our Board of Directors has determined that each member of the Nominating and Corporate Governance Committee is independent under the NASDAQ Rules. The primary functions of this committee include the following:

identifying qualified candidates to become members of our Board of Directors;

selecting nominees for election of directors at the next annual meeting of stockholders (or special meeting of stockholders at which directors are to be elected);

selecting candidates to fill vacancies of our Board of Directors;

developing and recommending to our Board of Directors our corporate governance guidelines; and

overseeing the evaluation of our Board of Directors.

The Nominating and Corporate Governance Committee generally seeks directors with strong reputations and experience in areas relevant to the operations and strategies of the Company's business. In connection with their recommendations regarding the size and composition of the Board, the Nominating and Corporate Governance Committee reviews the appropriate qualities and skills required of directors in the context of the then current make-up of the Board and the needs of the Company. The Nominating and Corporate Governance Committee generally identifies candidates for election to the Board of Directors; reviews their skills, characteristics and experiences; and recommends director nominees to the Board for approval. While we do not have a formal policy with regard to the consideration of diversity in identifying director nominees, the Nominating and Corporate Governance Committee strives to nominate directors with a variety of complementary skills and backgrounds so that as a group, the Board will possess the appropriate talent, skills, insight and expertise to oversee our business. The Nominating and Corporate Governance Committee assesses each candidate's independence, personal and professional integrity, financial literacy or other professional or business experience relevant to an understanding of our business, his or her ability to think and act independently and with sound judgment, and ability and commitment to serve our and its stockholders' long-term interests. All factors considered by the Nominating and Corporate Governance Committee are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nominating and Corporate Governance Committee and of the Board may change from time to time to take into account changes in our business, our future opportunities and strategic plans, and other trends, as well as the portfolio of skills and experience of current and prospective directors.

The Nominating and Corporate Governance Committee generally leads the search for and selects, or recommends that the Board select, candidates for election to the Board. Consideration of new director candidates typically involves a series of committee discussions, review of information concerning candidates and interviews with selected candidates. The Nominating and Corporate Governance Committee may in the future engage the services of a third-party search firm to identify director candidates.

The Nominating and Corporate Governance Committee will consider candidates for directors recommended by our stockholders who meet the eligibility requirements for submitting stockholder proposals for inclusion in our next proxy statement. This committee will evaluate such recommendations applying its regular nominee criteria. Eligible stockholders wishing to recommend a director nominee must submit such recommendation in writing to the Chair, Nominating and Corporate Governance Committee, care of the corporate Secretary, at the Company's

Stockholder Communications to the Board

Our Board of Directors has implemented a process by which stockholders may send written communications directly to the attention of the Board, any committee of the Board or any individual Board member, care of our corporate Secretary at 16941 Keegan Avenue, Carson, California 90746. Our corporate Secretary will be primarily responsible for collecting, organizing and monitoring communications from stockholders and, where appropriate depending on the facts and circumstances outlined in the communication, providing copies of such communications to the intended recipients. Communications will be forwarded to directors if they relate to appropriate and substantive corporate or Board matters. Communications that are of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration will not be forwarded to the Board.

ITEM 11. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section explains our executive compensation program as it relates to the six named executive officers listed below whose 2012 compensation information is presented in the tables following this discussion in accordance with SEC rules. The primary objective of our executive compensation policies and programs is to serve our stockholders by attracting, retaining and motivating talented and qualified executives. We believe this best serves our stockholders by providing a stable management team that is focused on long-term growth and profitability without incurring undue risk.

The three key elements of the current executive compensation program are annual base salary, cash bonuses, and long-term, equity-based incentives. We also provide certain of our executive officers with severance and change-in-control benefits as well as limited perquisites and other personal benefits. Our discussion below contains an additional explanation of each of these elements.

In evaluating the mix of these compensation components, as well as the short-term and long-term value of the executive compensation plans, the Compensation Committee considers both the performance and skills of each executive, as well as the compensation paid to those executives in similar organizations with similar responsibilities. We focus on providing a competitive compensation package which provides significant short and long-term incentives for the achievement of measurable corporate and individual performance objectives. We focus on, among other things, the following five elements in determining compensation:

Competition. Compensation should reflect the competitive marketplace, so that the Company can attract, retain, and motivate key executives of superior ability who are critical to our future success.

Accountability for Business Performance. Compensation should be tied in part to overall Company financial performance, so our executive officers are held accountable through their compensation both in salary and in long-term incentive compensation.

Accountability for Individual Performance. Compensation should be tied in part to the individual's performance to encourage and reflect individual contributions to the Company's performance.

Alignment with Stockholder Interests. Compensation should be tied in part to the Company's stock performance through the grant of equity-based awards which serve to align our executive officer's interests with those of our stockholders.

Likelihood of Compensation Structure to Encourage Excessive Risk Taking. Compensation, while tied in part to Company financial and stock performance, should not be tied in such a way as to encourage our executive officers to take excessive risk in operating the business or consummating strategic projects designed to artificially inflate earnings or share price.

Additionally, the Board of Directors adopted, and the Company's stockholders approved at the 2011 Annual Meeting, a say-on-pay policy pursuant to the recently adopted Section 14A Shareholder Approval of Executive Compensation, of the Exchange Act. Every three years, stockholders are able to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative. This advisory say-on-pay resolution is non-binding on the Board of Directors, however, the Board of Directors and the Compensation Committee will carefully review and consider the voting results when evaluating the Company's executive compensation, in the applicable years when advisory votes are solicited. The Board of Directors and the Compensation Committee carefully evaluated the results of the stockholder advisory vote of executive compensation in fiscal 2011 and considered this vote to be a strong endorsement of the Company's policies and practices and has determined to conduct its review of executive compensation consistent with past practice. Unless the Board of Directors decides to modify its policy regarding the frequency of soliciting advisory votes on the compensation of the Company's named executives, which is currently set at every three years, the next scheduled say-on-pay vote will be at the 2014 Annual Meeting of Stockholders.

Decisions regarding executive compensation are the primary responsibility of our Compensation Committee, in consultation from time to time with the Board of Directors, management and compensation consultants. To assist with 2012 compensation decisions, the Chief Executive Officer prepared an assessment of each individual's performance during the preceding calendar year, as well as a review of how each executive's compensation compared with the executives in the peer group companies provided in Compensia's report for fiscal 2011, and recommended to

Edgar Filing: U.S. Auto Parts Network, Inc. - Form 10-K/A

the Compensation Committee base salary amounts, annual performance goals and annual incentive compensation for all executive officers except himself based upon those goals. When making 2012 compensation decisions, the Compensation Committee reviewed this report, assessed

the CEO with regard to his own performance, established and made the final determinations regarding compensation of our named executive officers, and then determined that there would be no increases in base salaries based upon the Company's 2011 performance. Since there were no increases in the base salary for our executive officers and no stock options were granted to them during fiscal 2012, our Compensation Committee determined that the Company could continue to rely on Compensia's report for fiscal 2011 and the Company did not engage Compensia's services for fiscal 2012.

The components of our executive compensation program generally include (a) base salaries; (b) annual cash incentive opportunities; (c) in certain years, annual equity grants; and (d) in certain years, long-term equity incentive opportunities. Executives also participate in employee benefit programs available to the broader employee population such as our 401(k) plan and health insurance. We also maintain a deferred compensation plan for employees of the Company earning greater than \$110,000 annually, in which such employees are eligible to participate and for which the Company matches 50% of contributions up to 2% of annual base salary. Our executive compensation program is intended to provide executives with overall levels of compensation that are competitive within the e-commerce industry, as well as within a broader spectrum of companies with comparable revenues and profitability.

In connection with our initial public offering in 2007, we retained an independent compensation consultant, Compensia, Inc., to assist us in establishing a compensation program which includes objective criteria and formalized policies with respect to the determination of compensation amounts for our executives. As part of our annual evaluation of executive compensation, we engaged Compensia each year following the initial public offering until fiscal 2012 in order to ensure that the Company remained competitive in attracting and retaining talented executives. We relied on Compensia's report for fiscal 2011 and reviewed Compensia's fiscal 2011 report when determining fiscal 2012 compensation, but because the Compensation Committee determined there would be no changes to the compensation amounts for our executive officers in fiscal 2012 from fiscal 2011, Compensia was not engaged to assist with determining fiscal 2012 compensation. The peer group identified by Compensia includes the following companies, which were selected based upon their revenue size and their e-commerce technology and retail market focus.

Elements of Executive Compensation

Base Salary

We seek to provide our senior management with a base salary appropriate to their roles and responsibilities, and salaries for named executive officers are established and adjusted at the discretion of the Compensation Committee. In 2012, the base salary for our executives did not change from fiscal 2011 because the Compensation Committee determined that no increases in base salaries were appropriate based on the Company's performance in 2011. Base salaries are reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

2012 base salaries for each named executive officer were as follows:

NAME AND TITLE	2012 BASE SALARY
Shane Evangelist Chief Executive Officer	\$ 425,000
David G. Robson Chief Financial Officer	\$ 300,000
Theodore R. Sanders former Chief Financial Officer (1)	\$ 307,500
Aaron E. Coleman Chief Operating Officer	\$ 300,000

Edgar Filing: U.S. Auto Parts Network, Inc. - Form 10-K/A

Houman Akhavan	\$	270,000
Vice President Marketing		
Bryan P. Stevenson	\$	231,000
Vice President, General Counsel		

- (1) Mr. Sanders resigned as the Company's Chief Financial Officer on January 3, 2012.

Annual Incentive Bonuses

In addition to base salary, our executives are eligible to earn annual incentive bonus compensation. Our incentive bonus plan ties the level of achievement of Company annual financial performance goals to the amount of annual incentive compensation that we pay to each of our executives. These performance goals incorporate a combination of revenue and EBITDA thresholds, as well as individual performance, so as to encourage the executives to maximize the generation of profitable new business as well as optimizing the profitability and performance of existing business. As a result, a significant portion of our executives' total compensation is dependent on the degree to which we achieve these performance goals. This provides an incentive for our executives to increase our performance with respect to these measures, and in turn increase stockholder value. This combination additionally limits the incentive for executives to take undue risk to maximize their incentive compensation. Incentive bonuses are established, adjusted and given final approval by the Compensation Committee, which has full discretion to award a bonus or not. While the incentive bonus has traditionally been paid in cash, in 2009 the Company initiated a program whereby the executives can each make an election to receive part of his bonus in shares of Company common stock at the time the target bonus-parameters are approved by the committee. For 2011 and 2012, incentive bonuses were established based upon revenue and adjusted EBITDA goals. Target incentive bonuses for our executive officers were established at approximately 36% to 80% of their respective annual base salaries in alignment with Compensation Committee's report for fiscal year 2011, with Messrs. Evangelist, Sanders, Coleman and Akhavan each electing to take a portion of his incentive compensation in common stock of the Company rather than cash. The Compensation Committee believed that with the significant equity granted to each executive in 2009 in the form of options as well as the payout of Mr. Evangelist's 2009 bonus in shares of common stock of the Company, the lower cash compensation was appropriate for fiscal 2010, 2011 and 2012. However, the Company fell short of its fiscal 2012 revenue and adjusted EBITDA goals, therefore our executives' annual incentive bonuses were not paid.

Total target bonuses and actual bonuses paid for fiscal 2012 were as follows:

NAME AND TITLE	TARGET BONUS	BONUS PAID/GRANTED	
	CASH	CASH	STOCK
Shane Evangelist Chief Executive Officer	\$ 340,000	\$	
David G. Robson Chief Financial Officer	\$ 150,000	\$	
Theodore R. Sanders former Chief Financial Officer	\$ 153,750	\$	
Aaron E. Coleman Chief Operating Officer	\$ 150,000	\$	
Houman Akhavan Vice President Marketing	\$ 95,000	\$	
Bryan P. Stevenson Vice President, General Counsel	\$ 70,000	\$	

Long-Term Equity Compensation

We believe that long-term performance of the Company is achieved through an ownership culture that encourages long-term performance by our executive officers through the use of equity-based awards, and have established equity incentive plans to provide our employees, including our executive officers, with incentives to help align those employees' interests with the interests of stockholders. We do not have specific ownership percentage requirements for our executive officers, but in making additional awards take into consideration the ownership percentages of the executive officers of our peer group companies, as well as the balance between vested and unvested options held by the executive. All option grants are made at the fair market value of the Company's stock on the date of grant. Our Chief Executive Officer makes recommendations on awards of options to the Compensation Committee, which then considers the recommended grants at each meeting, which generally coincide with meetings of the Board of Directors. If the hire date of an employee who is not an executive officer does not occur at the time of a Compensation Committee meeting, we may credit the employee with vesting time retroactive to hire date, but the exercise price of the option is always equal to the fair market value on the date of grant, no matter the vesting schedule. Executive officer options are generally granted at the time of hire.

From time-to-time, we may also grant options that will vest based on the achievement of certain operational performance goals, which we believe help create incentives to help align our employees' interests with the interests of stockholders. For example, Charlie Fischer, our Senior Vice President Global Sourcing and Procurement, has been granted two options that have performance-based vesting. Mr. Fischer is no longer considered a named executive officer under Item 402 (a)(3) of Regulation S-K, however he remains as the Company's Senior Vice President Global Sourcing and Procurement. The first option with performance-based vesting was granted to Mr. Fischer on October 29, 2009 and the second option with performance-based vesting was granted to Mr. Fischer on December 7, 2011. The shares underlying Mr. Fischer's options will vest and become exercisable 25% after the first anniversary of the grant and monthly thereafter over the next 36 months, except that they shall not be exercisable until certain performance thresholds are met related to incremental increases of private label stock keeping units available for sale and incremental increases in profitability related to the applicable additional private label stock keeping units available for sale, as set forth in the applicable non-incentive stock option agreement. The Company does not have discretion that may be exercised with respect to the vesting of Mr. Fischer's options absent attainment of the specified operational performance goals. In formulating the performance goals for Mr. Fischer's options, the Compensation Committee balanced the consideration of the likelihood of achievement for these operational performance goals with the effectiveness of such goals in incentivizing Mr. Fischer. The Compensation Committee aimed to set performance goals that are closely aligned to the Company's goals. The goals are expected to be possible, but not easy, to achieve with meaningful effort. However, with respect to the performance-based option granted to Mr. Fischer's on October 29, 2009, because the Company expects a continued downward trend in the Company's revenues and increases in net loss to continue over the next twelve months, it is not likely that Mr. Fischer will achieve his performance targets by October 2013, which is the vesting end date for this option. Related to the performance-based option granted to Mr. Fischer's on December 7, 2011, if the expected downward trend in the Company's results of operations continues for longer than the Company expects, the Company similarly believes it is not likely that Mr. Fischer will achieve his performance targets for this option.

Equity compensation granted to the executive officers and its grant date fair values are presented in the compensation tables, below.

Other Compensation

The Compensation Committee may determine or the Chief Executive Officer may recommend from time to time that an executive officer has performed in a manner that should be rewarded with a spot or extraordinary bonus. No such bonuses were paid in fiscal 2012 and 2011. Finally, our executive officers are eligible to receive the same benefits, including non-cash group life and health benefits, as well as a Company match of 50% of contributions to the Company's 401(k) up to 6% of salary, that are available to all employees, plus a Company match of 50% of contributions to the Company's non-qualified deferred compensation plan up to 2% of salary. Certain additional benefits may be provided to our executives such as a car allowance, but each on a case-by-case basis.

Likelihood of Compensation Structure to Encourage Excessive Risk Taking

After a thorough review of the Company's compensation policies as they apply to all employees and more specifically the executive officers, the Compensation Committee believes that the policies do not encourage unnecessary risk taking and the impact of risk that may be encouraged by the policies would not present a material adverse impact to the Company. We provide base salaries to provide stability and predictability of monthly income, and provide incentive cash or stock bonuses and long-term equity grants to encourage focus on profitability and growth of the Company over time.

Pension Benefits

We do not have any qualified or non-qualified defined benefit plans.

Non-Qualified Deferred Compensation

We have a non-qualified defined contribution plan that was established in January 2010; employees earning greater than \$110,000 are currently eligible to participate in the plan. The plan utilizes a rabbi trust for protection of its assets, although in the event of bankruptcy the plan would become a general creditor of the Company. Participants may contribute up to 90% of their annual base salary and up to 100% of bonus awards and the Company matches 50% of contributions up to 2% of salary.

Employment Contracts and Termination of Employment and Change of Control Arrangements

In March 2010, in order to rectify certain inconsistencies and to provide more standard language regarding benefits and responsibilities of each executive in the event of a change in control, we amended the employment agreements originally

entered into with Shane Evangelist, our Chief Executive Officer, Theodore R. Sanders, our former Chief Financial Officer, and Aaron Coleman, our Chief Operating Officer. The amendments were made after the Compensation Committee consulted with Compensia, its compensation consultant, as well as outside counsel and determined that the provisions were in accordance with the Company's benchmark peer group. The changes are primarily as follows:

Provide, for the CEO, the CFO and the COO, that all options (those initially granted in connection with commencement of employment and those granted thereafter) will be subject to double-trigger vesting acceleration in the event the officer is terminated or resigns for good reason (as defined in the Amended Agreement) following a change in control of the Company;

Provide that the double trigger vesting acceleration protection period will commence 3 months before a change in control and end 12 months following the change in control;

Provide that a resignation with good reason must occur within two years following the event giving rise thereto;

To provide, for the CFO and the COO, that good reason will include a change in the executive's authority, duties or responsibilities (including diminished duties resulting from no longer being an executive officer of a publicly-traded company) and a change in the authorities, duties or responsibilities of the supervisor to whom the executive is required to report;

Provide that, following a change in control, a resignation for good reason due to a change in the executive's authority, duties or responsibility or that of his supervisor cannot be triggered prior to six months after a change in control; and

Provide that the portion of severance relating to the pro rata bonus is at the target level.

Agreements with Shane Evangelist

On September 18, 2012, we amended the employment agreement with Shane Evangelist, our Chief Executive Officer to extend the term of the Company's existing employment agreement entered into with Mr. Evangelist on October 12, 2007, as amended on March 29, 2010. Pursuant to the amended agreement, Mr. Evangelist will continue to receive an annual base salary of \$425,000. Mr. Evangelist will also continue to be eligible to receive an annual target incentive bonus of up to 80% of his annual base salary, depending on the achievement of certain performance goals to be established by the Compensation Committee as described in the CD&A above. While Mr. Evangelist will continue to be employed on an at-will basis, this amended employment agreement provides that in the event of his involuntary termination by the Company for any reason (other than for cause) or in the event of his own voluntary resignation with good reason, Mr. Evangelist will continue to be entitled to severance benefits consisting of, among other things, continuation of his annual base salary for a period of one year following termination, a pro-rated portion of his target bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for a period of up to one year following his termination of employment. If a triggering event under the severance provisions of his employment agreement had occurred on the last business day of fiscal 2012, then Mr. Evangelist would have been entitled to a payment of \$425,000 and approximately \$16,000 of COBRA payments. As of December 29, 2012, in the event of a change in control, unvested outstanding options of 10,417 shares would have immediately vested and become fully exercisable, and the value realized would have been approximately \$3,000. The value realized is based on the fair market value per share of our common stock as of December 29, 2012 of \$1.85 minus the exercise price of \$1.59 per share.

Agreements with David G. Robson

On January 3, 2012, the Company appointed David G. Robson as the Company's Chief Financial Officer, effective immediately. In connection with Mr. Robson's appointment as Chief Financial Officer, Mr. Robson entered into an employment agreement, pursuant to which Mr. Robson will receive an annual base salary of \$300,000, subject to an annual performance review. Mr. Robson will also be eligible to receive an annual target incentive bonus of up to 50% of his annual base salary, depending on the achievement of certain performance goals to be established by the Compensation Committee of the Company's Board of Directors. While Mr. Robson will be employed on an at-will basis, the employment agreement provides that in the event of his termination for any reason (other than for cause) or as a result of his own voluntary resignation with good reason, Mr. Robson will be entitled to severance payments equal to one year's base salary (payable in accordance with the Company's regular pay practices), plus a pro-rated portion of his target bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for a period of up to twelve months following his termination of employment. If a triggering event under the severance

Edgar Filing: U.S. Auto Parts Network, Inc. - Form 10-K/A

provisions of his employment agreement had occurred on the last business day of fiscal 2012, then Mr. Robson would have been entitled to a payment of \$300,000 and approximately \$12,000 of COBRA payments.

In connection with the employment agreement, Mr. Robson was granted a stock option to purchase 300,000 shares of the Company's common stock pursuant to the 2007 Omnibus Incentive Plan and a Non-Qualified Stock Option Agreement between the Company and Mr. Robson. The exercise price for the option is \$4.62, which was the closing sales price of the Company's common stock as reported by NASDAQ on the date of grant. The option vests over a four year period, with 25% vesting and becoming exercisable on January 3, 2013, and the remainder of which vests and becomes exercisable in 36 equal monthly installments thereafter. As of December 29, 2012, in the event of a change in control, unvested outstanding options of 300,000 shares would have immediately vested and become fully exercisable, but there would have been no value realized as the per share exercise price of \$4.62 exceeded the fair market value of our common stock as of December 29, 2012 of \$1.85.

Agreements with Theodore R. Sanders

On January 3, 2012, Theodore R. Sanders resigned as the CFO, effective immediately. In connection with his resignation, the Company entered into an Amended and Restated Employment Agreement with Mr. Sanders, pursuant to which Mr. Sanders served as an Internal Consultant for the Company through June 17, 2012. The Amended and Restated Employment Agreement replaces and supersedes the Employment Agreement entered into with Mr. Sanders in March 2010. Pursuant to the terms of the Amended and Restated Employment Agreement, Mr. Sanders received an annual pro-rata base salary of \$307,500 through June 17, 2012 and reimbursement for the cost of COBRA coverage until January 17, 2013.

Agreements with Aaron E. Coleman

On September 18, 2012, we amended the employment agreement with Aaron Coleman, our Chief Operating Officer to extend the term of the Company's existing employment agreement entered into with Mr. Coleman on April 3, 2008, as amended on March 29, 2010. Pursuant to the amended agreement, Mr. Coleman will continue to receive an annual base salary of \$300,000. Mr. Coleman will also be eligible to receive an annual target incentive bonus of up to 50% of his annual base salary, based upon us reaching our revenue and EBITDA goals as well as his achievement of certain individual goals to be established by the Compensation Committee. While Mr. Coleman will be employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Coleman will be entitled to severance payments equal to one year's base salary (payable over one year in accordance with our regular pay practices), plus a pro-rated portion of his annual target performance bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for up to one year following his termination of employment. If a triggering transaction had occurred as of the last business day of fiscal year 2012, then Mr. Coleman would have been entitled to a payment of \$300,000 and approximately \$16,000 of COBRA payments.

As provided in his employment agreement, Mr. Coleman was granted one ten year stock option to purchase up to 250,000 shares of our common stock, which will vest over a four year period, with 25% vesting on the one year anniversary of the grant date and the remainder vesting in 36 equal monthly installments thereafter. In the event that Mr. Coleman's employment with us is terminated for any reason other than for cause or if he resigns without good reason following certain changes in control of our company, the option will immediately vest and become fully exercisable. If a triggering transaction had occurred as of the last business day of fiscal year 2012, under the amended agreement, all of his unvested outstanding shares would have vested and become fully exercisable, totaling 65,105 shares, and the value realized would have been approximately \$1,000. The value realized, if any, is based on the excess of the fair market value per share of our common stock as of December 29, 2012 of \$1.85 over the exercise price. The exercise price per share for these options are \$7.99 for 32,500 shares, \$1.59 for 2,605 shares and \$5.00 for 30,000 shares.

Agreements with Houman Akhavan

We entered into an offer letter with Houman Akhavan in January 2006, pursuant to which he agreed to serve as our Vice President of Marketing. In the event Mr. Akhavan's employment is terminated for any reason other than for cause, then we will be required to pay six months of severance to Mr. Akhavan based on his average pay for the six month preceding the termination date. If a triggering event under the severance provisions of his agreement had occurred on the last business day of fiscal year 2012, then Mr. Akhavan would have been entitled to a payment of approximately \$135,000.

In 2006, we granted to Mr. Akhavan options to purchase an aggregate of 231,000 shares of our common stock. This stock option agreement provides that in the event of an involuntary termination of the applicable officer's service with us within 12 months after a change in control of the Company, then all unvested option shares will immediately vest and will remain exercisable until the earlier of (i) the expiration of such options, or (ii) the one year anniversary of the involuntary termination. If a triggering transaction had occurred as of the last business day of fiscal year 2012, all of his unvested

outstanding options would have vested and become fully exercisable, totaling 51,668 shares, and the value realized would have been approximately \$1,000. The value realized, if any, is based on the excess of the per share fair market value of our common stock as of December 29, 2012 of \$1.85 over the exercise price. The exercise price per share for these options are \$1.59 for 2,084 shares, \$5.00 for 22,500 shares and \$7.99 for 27,084 shares.

Agreements with Bryan P. Stevenson

On May 15, 2012, we entered into an employment agreement with Bryan P. Stevenson, our Vice President, General Counsel and Secretary. Mr. Stevenson will receive an annual base salary of \$231,000. Mr. Stevenson will also be eligible to receive an annual target incentive bonus of up to 30% of his annual base salary, based upon goals to be established by the Compensation Committee. While Mr. Stevenson will be employed on an at-will basis, his employment agreement provides that in the event of his termination for any reason other than for cause or other than as a result of his own voluntary resignation without good reason, Mr. Stevenson will be entitled to severance payments equal to six months base salary (payable over six months year in accordance with our regular pay practices), plus a pro-rated portion of his annual target performance bonus for the year in which he was terminated, and reimbursement for the cost of COBRA coverage for up to one year following his termination of employment. If a triggering transaction had occurred as of the last business day of fiscal year 2012, then Mr. Stevenson would have been entitled to a payment of \$115,000 and approximately \$12,000 of COBRA payments.

Mr. Stevenson was granted a stock option to purchase 75,000 shares and 50,000 shares of the Company's common stock pursuant to the Company's 2007 Omnibus Incentive Plan and Non-Qualified Stock Option Agreements between the Company and Mr. Stevenson. The exercise prices for the options are \$6.76 and \$4.64 respectively, which was the closing sales price of the Company's common stock as reported by NASDAQ on the dates of grant. These option vests over a four year period, with 25% vesting and became exercisable on March 14, 2012 and December 6, 2012 respectively, and the remainder of which vests and becomes exercisable in 36 equal monthly installments thereafter. If a triggering transaction had occurred as of the last business day of fiscal year 2012, all of his unvested outstanding shares would have vested and become fully exercisable, totaling 79,688 shares, but there would have been no value realized as the exercise prices per share of \$6.76 and 4.64 exceeded the fair market value per share of our common stock as of December 29, 2012 of \$1.85.

Tax and Accounting Impact of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to the chief executive officer and to each of the three other most highly compensated officers of a public company (other than the chief financial officer) to \$1 million per year. However, compensation that is considered qualified performance-based compensation generally does not count toward the \$1 million deduction limit.

The Company annually reviews the compensation paid to its Chief Executive Officer and each of the three other most highly compensated officers to determine the deductibility of compensation under Section 162(m). Base salary, by its nature, does not qualify as performance-based under Section 162(m). The Company's grants of performance-based stock and annual cash bonus payments may qualify as performance-based compensation.

For 2012, the Company believes all compensation paid to its executives is fully deductible by the Company without regard to Code Section 162(m).

Summary Compensation Table

The following table shows information regarding the compensation earned or awarded during the fiscal years ended December 29, 2012, December 31, 2011 and January 1, 2011 by our Chief Executive Officer and our other executive officers who were employed by us as of December 29, 2012. The officers listed below will be collectively referred to as the named executive officers in this Amendment.

Name	Fiscal Year	Salary	Bonus	Stock Awards(1)	Option Awards(1)	All Other Compensation	Total

Grants of Plan-Based Awards

All plan-based awards that might be granted to our named executive officers are non-qualified stock options or shares of stock. The exercise price per share of each option granted to our named executive officers is equal to the closing sales price of a share of our common stock, as reported by the NASDAQ Stock Market, on the date of the stock option grant.

As discussed above in Compensation Discussion and Analysis *Long-Term Equity Compensation*, in fiscal 2012, the Company made a stock option grants to Mr. Robson to purchase 300,000 shares pursuant to the Company's 2007 Omnibus Incentive Plan. The option vests over a four year period, with 25% vesting and becoming exercisable on January 3, 2013, and the remainder of which vests and becomes exercisable in 36 equal monthly installments thereafter. There were no stock option grants to other named executive officers in fiscal 2012. The following table presents information concerning grant of plan-based awards to Mr. Robson during 2012:

- (1) The stock options vested and became exercisable upon meeting certain stock price metrics. Fifty percent of the shares underlying the option vested and became exercisable upon the monthly average closing sales price of our common stock as reported by NASDAQ (the Average Closing Price) equaling or exceeding \$6.00 per share in any consecutive three month period prior to October 15, 2012. The remaining 50% of the shares underlying the option also vested and became exercisable upon the Average Closing Price equaling or exceeding \$8.00 per share in any consecutive three-month period prior to October 15, 2012. The Average Closing Price equaled or exceeded \$6.00 for the three consecutive months ended March 31, 2010, and the shares subject to that portion of the grant, 125,000 shares, vested on March 31, 2010. Additionally, the Average Closing Price equaled or exceeded \$8.00 for the three consecutive months ended October 29, 2010 and the shares subject to that portion of the grant, 125,000 shares, vested on October 29, 2010.

In February 2009, in connection with Mr. Sanders' Employment Agreement, he received a performance-based option to purchase up to an aggregate of 100,000 shares of the Company's common stock. The shares underlying the option will vest and become exercisable if the monthly average closing sales price of the Company's common stock as reported by NASDAQ (the Average Closing Price) equals or exceeds \$5.00 per share in any consecutive three month period during the term of employment. In addition, if the Average Closing Price for the foregoing

milestone has been achieved during the one or two calendar months prior to his termination of employment (other than cause or due to death or disability) or upon his resignation for good reason, Mr. Sanders may have up to an additional two months following his termination of employment to attain the stock price milestones. The stock price milestones will be adjusted for any stock dividends, splits, combinations or similar events with respect to the Company's common stock. The performance-based option became fully-vested in October 2009.

(3) This option was granted under the 2006 Incentive Plan.

(1) All Company Contributions have also been included under All Other Compensation in the Summary Compensation Table above.

(2) Aggregate annual earnings have not been included in the Summary Compensation Table above.

The Board of Directors determined in 2009 that it is appropriate for retention of our executives to implement a deferred compensation plan so that employees earning greater than \$110,000 annually could make contributions to their retirement in addition to those allowed under our 401(k) plan, which has required deferrals to be returned to certain employees who contributed more than 401(k) discrimination testing will allow under certain circumstances. The deferred compensation plan allows participants to defer as much as 90% of salary and 100% of any bonuses, and the Company matches 50% of any employee contributions, up to a maximum of 2% of salary and credited to the account at the end of each year. Company contributions vest over a 3-year period. The minimum allowed deferral is \$5,000, and the participant can elect to have contributions paid out at a date certain or upon retirement from the Company. Account balances can be paid out in lump sum or installments upon retirement or disability of the participant, but lump-sum payouts are mandatory upon termination of employment or death; change of control; or an in-service or date certain payout. The plan is funded through the purchase of company owned life insurance through a rabbi trust, and each participant is granted a death benefit of 3 times his or her salary. Included above, total participant deferrals and Company contributions into the plan were \$100,294 for the year ended December 29, 2012.

Director Compensation

The compensation and benefits for service as a member of the Board of Directors is determined by our Board of Directors. Directors employed by us or one of our subsidiaries are not compensated for service on the Board or on any committee of the Board; however, we reimburse each of our directors for any out-of-pocket expenses in connection with attending meetings of our Board of Directors and committees of the Board of Directors. Each of our non-employee directors, other than Messrs. Harman and Khazani, are entitled to a fee of \$25,000 per year for his or her service as a director. Members of the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee each receive an additional \$7,500, \$5,000 and \$2,500, respectively, per year for his or her service on such committee. The chairpersons of the Board, Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee receive an additional \$25,000, \$22,000, \$7,500, and \$5,000, respectively, per year for his or her service as chairperson for such committee.

Any non-employee director who is first elected to the Board of Directors will be granted an option to purchase 45,000 shares of our common stock on the date of his or her initial election to the Board of Directors. In addition, on the date of each annual stockholders meeting, each person who has served as a non-employee member of the Board of Directors for at least six months before the date of the stockholder meeting will be granted a stock option to purchase 20,000 shares of our common stock. This was increased from prior years due to additional demands on the time of each director in providing oversight and guidance to the Company. These options will have an exercise price per share equal to the fair market value of our common stock on the date of grant and will vest over a three year period, subject to the director's continuing service on our Board of Directors. These options will also immediately vest in full upon a change in control of the Company. The term of each option granted to a non-employee director shall be ten years. These options will be granted under our 2007 Omnibus Incentive Plan.

Director Stock Ownership Guidelines and Director Payment Election Plan

In June 2011, in an effort to further align directors' interests with those of shareholders and implementing best practices in corporate governance, the Company implemented guidelines for director share ownership. The stock ownership guideline is for directors to own and maintain a minimum of \$100,000 of our stock (a multiple of 4 times the annual \$25,000 director retainer). Current directors will have 3 years from the date of the approval of the guideline and any new directors will have 3 years from the date of their initial election to the Board of Directors to comply.

In July 2011, the Board of Directors approved the Director Payment Election Plan which provides the directors with a convenient mechanism to acquire stock to comply with the director stock ownership guidelines. Each year the Director Payment Election Plan allows for a director to elect, beginning on the first day of the open trading window following the annual meeting of the Company's stockholders and ending on the last day of such open trading window, to receive, in lieu of cash, all or a specified percentage of all fees to be earned for serving on the Board of Directors in shares of the Company's common stock. The election shall be irrevocable for each applicable year. The Company will issue to each director who has elected to receive common stock, on the date fees become payable on a quarterly basis during the applicable year in accordance with the Company's normal payment practices, a number of shares of common stock equal to (i) the cash value of any fees otherwise payable to the director, divided by (ii) the closing sales price for the common stock on the applicable payment date. If the calculation would result in the issuance of any fractional share, the Company will, in lieu of issuing any fractional share, pay cash equal to the fraction multiplied by the closing sales price on the applicable payment date.

For fiscal 2012 each of our non-employee directors, other than Messrs. Harman and Khazani, received stock options and \$25,000 per year for his or her service as a director, as well as the payment of an additional \$7,500 per year for serving on the Audit Committee, \$5,000 per year for serving on the Compensation Committee or \$2,500 per year for serving on the Nominating and Governance Committee. In addition, the chairpersons of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee received \$22,000, \$7,500 and \$5,000 per year, respectively for their service on such committees during fiscal 2012. The following table sets forth a summary of the compensation earned in fiscal year 2012 by each person who served as a director during such year, who is not a named executive officer.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

Certain Relationships and Related Party Transactions

Except as disclosed below, since December 31, 2011, there has not been, nor is there any proposed transaction where we were or will be a party in which the amount involved exceeded or will exceed the lesser of \$120,000 or one percent of the average of our total assets at year end for the last two completed fiscal years and in which any director, director nominee, executive officer, holder of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the compensation agreements and other agreements and transactions which are described in Executive Compensation and the transactions described below. We believe that the agreements and transactions described below were generally on terms that were comparable to terms we could have obtained from unaffiliated third parties.

Policies and Procedures for Related Party Transactions

Pursuant to the written charter of our Audit Committee adopted in January 2007, our Audit Committee of the Board of Directors is responsible for reviewing and approving all related party transactions and potential conflict of interest situations involving a principal stockholder, a member of the Board of Directors or senior management. In addition, our company policies require that our officers and employees avoid using their positions for purposes that are, or give the appearance of being, motivated by a desire for personal gain, and our policies further require that all officers and employees who have authority to initiate related party transactions provide a written report, on an annual basis, of all activities which could result in a conflict of interest or impair their professional judgment. All such written reports concerning related party transactions or conflicts of interest are submitted to, and reviewed by, our Chief Financial Officer and our Audit Committee.

Related Party Transactions

Beginning in November 2003, the Company has leased its former corporate headquarters and primary warehouse from Nia Chloe, LLC (Nia Chloe), a member of which is our board member, Sol Khazani. Another Nia Chloe member, Mehran Nia, was also one of our board members until his resignation in December 2009, and Mr. Nia remains a stockholder owning greater than 5% of our common stock. Lease payments and expenses associated with this related party arrangement totaled \$374,000, \$374,000 and \$389,000, respectively, for the years ended December 29, 2012, December 31, 2011 and January 1, 2011.

The Company has entered into indemnification agreements with the Company's directors and executive officers. These agreements require the Company to indemnify these individuals to the fullest extent permitted under law against liabilities that may arise by reason of their service to the Company, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. The Company also intends to enter into indemnification agreements with the Company's future directors and executive officers.

Director Independence

The Board reviewed the independence of each of our directors on the basis of the standards adopted by the NASDAQ Stock Market (NASDAQ). During this review, the Board considered transactions and relationships between the Company, on the one hand, and each director, members of his or her immediate family, and other entities with which he or she is affiliated, on the other hand. The purpose of this review was to determine which of such transactions or relationships were inconsistent with a determination that the director is independent under the NASDAQ Rules. After the review, the Board of Directors has determined that Messrs. Berman, Majteles, Phelps and Ms. Siminoff each satisfies the requirements for independence under the listing standards of the NASDAQ Rules. However, Ms. Siminoff informed us that she does not intend to stand for re-election when her term as a Class I director expires at our Annual Meeting and she will no longer serve as a director following the Annual Meeting.

The Board has, additionally, maintained a separation between the seats of Chairman and CEO since we went public in 2007 in recognition of the different demands and responsibilities of the roles and to emphasize the independence of the role of Chairman. The Board also meets regularly in executive session.
