**Item 1.01 Entry into a Material Definitive Agreement.**

On June 28, 2013, Power Solutions International, Inc. entered into a credit agreement with Wells Fargo Bank, National Association, (the Credit Agreement ) which enables the company to borrow under a revolving line of credit which is secured by substantially all of the company s personal property. The Credit Agreement (a) provides an initial maximum \$75.0 million revolving line of credit to the company, which, at the company s request and subject to the terms of the Credit Agreement, may be increased up to \$100 million during the term of the Credit Agreement; (b) bears interest at Wells prime rate plus an applicable margin ranging from 0% to 0.50%; or at the company s option, all or a portion of the revolving line of credit can have been designated to bear interest at LIBOR plus an applicable margin ranging from 1.50% to 2.00%; (c) has an unused line fee of 0.25% and (d) requires the company to report its fixed charge coverage ratio when its excess availability as defined in the Credit Agreement is less than the threshold amount, as defined in the Credit Agreement, for a period of 60 consecutive days until the company s availability is greater than or equal to the threshold amount. The threshold amount as defined in the Credit Agreement is defined as the greater of (i) \$9,375,000 or (ii) 12.5% of the maximum revolver amount of \$75.0 million or as it may be increased during the term of the Credit Agreement up to \$100.0 million.

Under the Credit Agreement, the amount that the company can borrow is limited to the lesser of the maximum available amount and borrowing base. The borrowing base is calculated as a percentage of the company s eligible accounts receivable and eligible inventory as defined in the Credit Agreement. At inception, the Company s availability was \$55.3 million under the Credit Agreement. The company is required to meet certain financial covenants, including a minimum monthly fixed charge coverage ratio of not less than 1.0 to 1.0, the testing of which commences on the last day of the month prior to the date the company s excess availability as defined in the Credit Agreement is less than the threshold amount, as defined in the Credit Agreement, continuing for a period of 60 consecutive days until the company s availability is greater than or equal to the threshold amount. The Credit Agreement also contains customary covenants and restrictions applicable to the company, including agreements to provide financial information, comply with laws, pay taxes and maintain insurance, restrictions on the incurrence of certain indebtedness, guarantees, liens, restrictions on mergers, acquisitions and certain dispositions of assets, and restrictions on the payment of dividends and distributions. In addition, the Credit Agreement requires the company s cash accounts to be held with Wells Fargo Bank.

The Credit Agreement is scheduled to mature on June 28, 2018.

The Credit Agreement with Wells Fargo Bank, National Association, replaced the company s prior loan and security agreement with BMO Harris Bank N.A. which was scheduled to mature on March 20, 2017. In connection with the refinancing, the Company will expense approximately \$0.3 million of deferred financing costs related to the BMO Harris Bank N.A. agreement in the second quarter ended June 30, 2013.
