PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

This Proxy Statement is being furnished to you in connection with the solicitation by the Board of Directors of Inphi Corporation, a Delaware corporation, of proxies to be used at our 2014 Annual Meeting of Stockholders and any adjournments or postponements thereof (referred to herein as the Annual Meeting). Our Annual Meeting will be held at the offices of Pillsbury Winthrop Shaw Pittman LLP, located at 2550 Hanover Street, Palo Alto, California 94304 at 9:30 a.m., Pacific Time, on Thursday, May 29, 2014. This Proxy Statement and the accompanying form of proxy card are being mailed to stockholders on or about April 25, 2014.

Appointment of Proxy Holders

Our Board asks you to appoint Ford Tamer and John Edmunds as your proxy holders to vote your shares at the Annual Meeting. You make this appointment by voting the enclosed proxy card or by using one of the voting methods described below.

If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by our Board.

Unless you otherwise indicate on the proxy card, you also authorize your proxy holders to vote your shares on any matters not known by our Board at the time this Proxy Statement was printed and which, under our bylaws, may be properly presented for action at the Annual Meeting.

Who Can Vote

Only stockholders who owned shares of our common stock at the close of business on April 17, 2014, the record date for the Annual Meeting, can vote at the Annual Meeting. As of the close of business on the record date, we had 31,295,803 shares of common stock outstanding and entitled to vote. Each holder of common stock is entitled to one vote for each share held as of the record date. There is no cumulative voting in the election of directors.

How You Can Vote

You may vote your shares at the Annual Meeting either via the Internet, by mail or in person as described below. Our Board recommends that you vote via the Internet or by mail as it is not practical for most stockholders to attend the Annual Meeting. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person. Stockholders holding shares through a bank or broker should follow the instructions on the voting instruction card received from the bank or broker.

Voting via the Internet. You can vote by proxy via the Internet. Please follow the instructions provided on the proxy card or voting instruction card you receive.

Voting by Mail. You may vote by proxy by dating, signing and returning your proxy card in the enclosed postage-prepaid return envelope or as instructed on the voting instruction card.

Voting at the Annual Meeting. You may vote in person at the Annual Meeting. If you hold shares through a bank or broker, you must obtain a legal proxy, executed in your favor, from the bank or broker to be able to vote at the Annual Meeting.

Table of Contents

If you submit your proxy, but do not mark your voting preference, the proxy holders will vote your shares **FOR** the election of the nominees for Class I directors, **FOR** approval of the 2010 Stock Incentive Plan, **FOR** the approval of our executive compensation, and **FOR** the ratification of the appointment of our independent registered public accountants.

Revocation of Proxies

Stockholders can revoke their proxies at any time before they are exercised in any of three ways:

by voting in person at the Annual Meeting;

by submitting written notice of revocation to the Secretary prior to the Annual Meeting; or

by submitting another properly executed proxy of a later date prior to the Annual Meeting.

Required Vote

Directors are elected by a plurality vote, which means that the three nominees for Class I directors receiving the most affirmative votes will be elected. However, if the majority of the votes cast for a director are marked withheld, then notwithstanding the valid election of such director, such director will voluntarily tender his or her resignation for consideration by our nominating and corporate governance committee. Our Board will determine whether to accept the resignation of such director, taking into account the recommendation of the nominating and corporate governance committee. All other matters submitted for stockholder approval require the affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote.

A quorum, which is a majority of the outstanding shares as of the record date, must be present to hold the Annual Meeting. A quorum is calculated based on the number of shares represented by the stockholders attending in person and by their proxy holders. If you indicate an abstention as your voting preference, your shares will be counted toward a quorum but they will not be voted on the matter.

Abstentions on any matters are treated as shares present or represented and entitled to vote on that matter and have the same effect as a vote against such matter.

If your shares are held in street name and you do not instruct your broker on how to vote your shares, your broker, in its discretion, may either leave your shares unvoted or vote your shares on routine matters. Only Proposal 3 (ratifying the appointment of our independent registered public accounting firm) is considered a routine matter. Proposal 1 (election of directors) AND Proposal 2 (advisory vote to approve named executive officer compensation) are not considered a routine matters, and without your instruction, your broker cannot vote your shares. If your broker returns a proxy card but does not vote your shares, this results in a broker non-vote. Broker non-votes will be counted as present for the purpose of determining a quorum. However, as brokers do not have discretionary authority to vote on Proposals 1 and 2, broker non-votes will not be counted for the purpose of determining the number of votes entitled to vote on Proposals 1 and 2.

Solicitation of Proxies

We will pay the cost of printing and mailing proxy materials. In addition to the solicitation of proxies by mail, solicitation may be made by our directors, officers and other employees by personal interview, telephone, e-mail, or facsimile. No additional compensation will be paid to these persons for solicitation. We have retained MacKenzie Partners, Inc. as our proxy solicitor, and we will pay the customary costs of \$7,500 associated with such engagement. We may reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of our common stock.

Important

Please promptly vote and submit your proxy by signing, dating, and returning the enclosed proxy card in the postage-prepaid return envelope, or vote via the Internet so that your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

CORPORATE GOVERNANCE

Organization of our Board of Directors

Our Board oversees, counsels, and directs management in our long-term interests and those of our stockholders. Our Board's responsibilities include:

selecting, evaluating the performance of, and determining the compensation of the CEO and other senior executives;

planning for succession with respect to the position of CEO and monitoring management's succession planning for other senior executives;

reviewing and approving our major financial objectives and strategic and operating plans, and other significant actions;

overseeing the conduct of our business and the assessment of our business risks to evaluate whether the business is being properly managed; and

overseeing the processes for maintaining our integrity with regard to our financial statements and other public disclosures, and compliance with law and ethics.

Our Board and its committees met throughout the year on a set schedule, held special meetings, and acted by written consent from time to time as appropriate. Our Board held 5 meetings during 2013. Each director attended at least 75% of the total regularly scheduled and special meetings held by our Board and the committees on which such director served during his tenure in 2013. Our non-management directors meet in regularly scheduled sessions without the presence of management in Executive Sessions. The Chairman of the Board presides over each such Executive Session or in his absence the lead director. We do not have a policy regarding directors' attendance at the Annual Meeting; however, we encourage our all directors to attend. Dr. Tamer and Mr. Srinivasan attended our 2013 annual meeting of stockholders.

Board Leadership Structure. Our Board determined as part of our corporate governance principles that one of our independent directors should serve as a lead director at any time when the title of chairman is held by an employee director. Mr. Banatao is our Chairman and while our Board has determined that Mr. Banatao is an independent director under the rules of The New York Stock Exchange (NYSE), in February 2011 our Board elected Mr. Srinivasan as lead director for a three year term. Mr. Srinivasan will continue to serve as lead director until the conclusion of the Annual Meeting at which time our Board will elect another independent director to serve as lead director.

Role of the Board in Risk Oversight. One of the key functions of our Board is informed oversight of our risk management process. Our Board does not have a standing risk management committee, but rather administers this oversight function directly through the board of directors as a whole, as well as through various board of directors standing committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, our audit committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. Our audit committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function. Our nominating and corporate governance committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our compensation committee assesses and monitors whether any of our compensation policies and programs have the potential to encourage excessive risk-taking.

Board Independence. At least annually, our Board undertakes a review of the independence of our directors and considers whether any director has a material relationship with us that could compromise his ability to

Table of Contents

exercise independent judgment in carrying out his responsibilities. As a result of this review, our Board determined that Messrs. Banatao, Brathwaite, Liddle, McWilliams, and Srinivasan and Dr. Hu, representing a majority of our directors, are independent directors as defined under the rules of the NYSE.

In determining that Messrs. Banatao, Brathwaite, Liddle, McWilliams, and Srinivasan and Dr. Hu qualify as independent directors, our Board determined that none of these individuals had any of the relationships enumerated in Rule 303A.02(b) of the NYSE Company Manual (Rule 303A.02(b)), that would preclude them from serving as independent directors. Our Board also made an affirmative determination that none of these directors, had any other material relationship with us, other than in his capacity as a director and stockholder.

Board Committees

We have established an audit committee, a compensation committee and a nominating and corporate governance committee. We believe that the composition of these committees meet the criteria for independence under, and the functioning of these committees complies with the applicable requirements of, the Sarbanes-Oxley Act of 2002, the current rules of the NYSE and Securities and Exchange Commission (SEC) rules and regulations. Our Board has approved a charter for each of these committees, which can be found on our website at www.inphi.com. Our Board has determined that Mr. Srinivasan is an audit committee financial expert, as defined by the rules promulgated by the SEC. Each committee has the composition and responsibilities described below:

Our audit committee also oversees the audit efforts of our independent accountants and takes actions as it deems necessary to satisfy itself that the accountants are independent of management. Our audit committee is also responsible for monitoring the integrity of our financial statements and our compliance with legal and regulatory requirements as they relate to financial statements or accounting matters.

In addition, our audit committee is responsible for oversight of our risks relating to accounting matters and financial reporting. To satisfy these oversight responsibilities, our audit committee meets at regularly scheduled meetings with our Chief Financial Officer and other members of management, and separately in Executive Sessions with our independent registered public accounting firm, to discuss and review our financial statements, internal controls, auditing, accounting and financial reporting processes, and the adequacy of the resources

succession planning, our ethics policies and corporate governance practices. Compensation Committee Interlocks and Insider Participation

Dr. Hu and Messrs. Liddle and Srinivasan served as members of our compensation committee during 2013. None of the members of our compensation committee is or has in the past served as an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or compensation committee.

Director Nominations

Our Board nominates directors for election at each annual meeting of stockholders and elects new directors to fill vacancies when they arise. Our nominating and corporate governance committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to our Board for nomination or election.

Director Criteria. Our nominating and corporate governance committee has a policy regarding consideration of director candidates recommended by stockholders. Our nominating and corporate governance committee reviews suggestions for director candidates recommended by stockholders and considers such candidates for recommendation based upon an appropriate balance of knowledge, experience and capability. In addition to considering an appropriate balance of knowledge, experience and capability, our Board has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. We do not have a specific policy regarding diversity of candidates. Our nominating and corporate governance committee selects candidates for director based on their character, judgment, diversity of experience, business acumen, and his or her willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. Our nominating and corporate governance committee believes it appropriate for a majority of the members of our Board to meet the definition of independent director under the rules of the NYSE. Our nominating and corporate governance committee also believes it appropriate for our Chief Executive Officer to participate as a member of our Board.

Prior to each annual meeting of stockholders, our nominating and corporate governance committee identifies nominees first by reviewing the current directors whose terms expire at the annual meeting of stockholders and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of our Board, with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the nominating and corporate governance committee determines not to nominate the director, or a vacancy is created on our Board as a result of a resignation, an increase in the size of our Board or other event, the nominating and corporate governance committee will consider various candidates for Board of Directors membership, including those suggested by members of the nominating and corporate governance committee, by other members of our Board, by any executive search firm engaged by the nominating and corporate governance committee and by stockholders. A stockholder who wishes to suggest a prospective nominee for our Board should notify Inphi's Secretary, any member of the nominating and corporate governance committee, or the persons referenced below in Communications with our Board of Directors in writing with any supporting material the stockholder considers appropriate.

Stockholder Nominees. In addition, our bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to our Board at our annual meeting of stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to Inphi's

Secretary and otherwise comply with the provisions of our bylaws. To be timely, our bylaws provide that we

must have received the stockholder's notice not more than 120 days nor less than 90 days prior to the anniversary of the date our proxy statement was provided to stockholders in connection with previous year's annual meeting. However, if we did not hold an annual meeting in the prior year or if the date of the annual meeting is more than 30 days before or after the anniversary date of the prior year's annual meeting, we must receive the stockholder's notice by the close of business on the later of 90 days prior to the annual meeting and the 10th day after the day we provided public disclosure of the meeting date. Information required by the bylaws to be in the notice include the name and contact information for the candidate and the person making the nomination and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that section.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, our bylaws and must be addressed to: Secretary, Inphi Corporation, 2953 Bunker Hill Lane, Suite 300, Santa Clara, California 95054. You can obtain a copy of our bylaws by writing to the Secretary at this address.

Communications with our Board of Directors

Our Board recommends that stockholders and other interested persons initiate communications with our Board, the Chairman, or any committee of our Board in writing to the attention of our Secretary at 2953 Bunker Hill Lane, Suite 300, Santa Clara, CA 95054. This process will assist our Board in reviewing and responding to stockholder communications in an appropriate manner. Our Board has instructed our Secretary to review such correspondence and, at his discretion, not to forward items if he deems them to be of a commercial or frivolous nature or otherwise inappropriate for our Board's consideration such as spam, junk mail and mass mailings, product complaints, personal employee complaints, product inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, business solicitations or advertisements.

Corporate Governance Principles and Practices

We believe our corporate governance initiatives comply with the Sarbanes-Oxley Act of 2002 and the rules and regulations of the SEC adopted thereunder. In addition, we believe our corporate governance initiatives comply with the rules of the NYSE. Our Board continues to evaluate our corporate governance principles and policies. Our corporate governance guidelines are posted on our website at www.inphi.com.

Our Board also adopted a code of business conduct and ethics that applies to each of our directors, officers and employees. The code addresses various topics, including:

compliance with laws, rules and regulations, including the Foreign Corrupt Practices Act;

conflicts of interest;

insider trading;

corporate opportunities;

Our code of business conduct and ethics is posted on our website at www.inphi.com. The code of business conduct and ethics can only be amended by the approval of a majority of our Board. Any waiver to the code of business conduct and ethics for an executive officer or director may only be granted by our Board or our nominating and corporate governance committee and must be timely disclosed as required by applicable law. Our Board also adopted a code of ethics for senior financial officers applicable to our Chief Executive Officer, President, Chief Financial Officer, controller and other key management employees identified by our Board addressing ethical issues. Our code of ethics is posted on our website and future amendments or waivers to the code of ethics will be posted on our website at www.inphi.com. We also implemented whistleblower procedures that establish formal protocols for receiving and handling complaints from employees. Any concerns regarding accounting or auditing matters reported under these procedures will be communicated promptly to our audit committee.

Director Stock Ownership Guidelines

Our Board has established guidelines to better ensure that our directors each maintain an appropriate equity stake in our company. These guidelines provide that all directors, including the CEO, will maintain a good faith cash investment in owning Inphi Stock valued at \$100,000 throughout the duration of their association with our company, which must be achieved by the later of the (a) the 24 month anniversary of the effective date of our initial public offering and (b) the 24 month anniversary of the individual's appointment as a director or CEO (the Valuation Date). The value of the Inphi stock is measured using the 10-day trading average ending the date immediately prior to the Valuation Date.

Registration Rights

The holders of 7,552,698 shares of common stock, including shares to be issued upon the exercise of warrants to purchase shares of our common stock, are entitled to contractual rights by which they may require us to register those shares under the Securities Act of 1933 (the Securities Act). If we propose to register any of our securities under the Securities Act for our own account, holders of those shares are entitled to include their shares in our registration, provided they accept the terms of the underwriting as agreed upon between us and the underwriters selected by us, and among other conditions, that the underwriters of any such offering have the right to limit the number of shares included in the registration. Subject to limitations and conditions specified in the amended and restated investor rights agreement with the holders, six months after our initial public offering, holders of at least 30% of the shares of common stock that were issued upon conversion of our former preferred stock upon completion of our initial public offering and shares of common stock issued as a result of the exercise of certain warrants (collectively referred to herein as Registrable Securities) may require us to prepare and file a registration statement under the Securities Act at our expense covering those shares, provided that the shares to be included in the registration shall include at least 20% of such shares of common stock and shares issued as a result of the exercise of certain warrants, or a lesser percentage if the anticipated aggregate public offering price would exceed \$10,000,000. We are not obligated to effect more than two of these demand registrations. These registration rights shall terminate (i) as to each holder who, immediately following the consummation of our initial public offering, holds shares of Registrable Securities which may be immediately sold under Rule 144 during any 90-day period and (ii) as to all holders upon the five-year anniversary of the consummation of our initial public offering.

Indemnification Agreements

We have entered into indemnification agreements with each of our current directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Procedures for Approval of Related Party Transactions

Pursuant to our Related Person Transactions Policy, the audit committee of our Board must approve transactions with our company valued at or above \$120,000 in which any director, officer, 5% or greater stockholder, or certain related persons or entities has a direct or indirect material interest.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The Compensation Discussion and Analysis discusses our compensation programs, including a discussion of the principal role of the compensation committee and a summary of executive compensation. In January 2013 the Board appointed Richard Ogawa as the Company's General Counsel.

Following is a detailed discussion of the individual material elements of compensation awarded to, earned by, or paid to the named executive officers (NEOs, and each an NEO) listed below:

Name	Current Position
Ford Tamer	President, Chief Executive Officer and Director
John Edmunds	Chief Financial Officer and Chief Accounting Officer
Charlie Roach	Vice President World Wide Sales
Ron Torten	Vice President, Operations and Information Technology
Richard Ogawa	General Counsel
Norman Yeung	Former Senior Vice President, Engineering

Recommendations for non-equity executive compensation are made by our compensation committee and approved by our Board, except that compensation recommendations for our Chief Executive Officer are approved by the non-employee members of our Board. All equity awards are approved by our compensation committee. The primary components of compensation for our NEOs are base salary, cash incentive compensation and equity-based compensation. The following information should be read together with the compensation tables and related disclosures set forth below.

Executive Program Summary

Our compensation program has been designed to achieve the following objectives:

to attract, retain, and motivate talented, innovative, experienced, and strategic executives;

to reward our executives based on our financial and business performance and their individual performance;

to provide fair, equitable and compensation, competitive with peer companies; and

to further align the interest of our executive officers and stockholders.

Our executive compensation program has focused primarily on attracting executive talent to manage and operate our business, retaining individuals whose employment is key to our success and growth, and rewarding individuals who help us define the strategic direction of our company while achieving on our business objectives. By focusing our executive compensation program primarily on equity-based compensation, we have sought to align the interest of our executive officers and stockholders by motivating executive officers to increase the value of our stock over time.

Role of the Compensation Committee

Edgar Filing: INPHI Corp - Form DEF 14A

The primary role of the compensation committee (the Committee) of our Board is to set the compensation of our NEOs to fairly compensate them relative to their individual contributions to our performance. It is also the role of the Committee to ensure that our compensation remains industry competitive by:

Granting performance-based incentives that closely align and strike a balance between short-term and long-term incentives relative to our strategy and future performance;

Establishing equity-based award programs to continue the long-term connection with stockholder value and executive compensation;

Table of Contents

Structuring executive compensation programs to reduce incentives to promote short-term gains and subject us to risks at the expensive of long-term company stockholder value.

The Committee currently consists of three (3) independent, outside, non-employee directors. The Committee includes Mr. David Liddle (Chairman), Dr. Chemning Hu and Mr. Sam Srinivasan. The Committee determines, and recommends to our Board the compensation for our executive officers. With respect to our NEOs, other than our Chief Executive Officer, the Committee meets with our Chief Executive Officer as useful and needed to provide evaluations of our executive officers and other relevant information to the Committee. Our Chief Executive Officer does not participate in the Committee's discussion and determination of his compensation. The Committee makes recommendations regarding appropriate non-equity compensation for each executive officer, including merit increases and changes to incentive compensation.

In addition to a review of our competitive market position based on information provided by Compensia, the Committee also took into account several other factors in setting our executive compensation for 2013, including retention value of the individual, company performance, internal pay equity considerations, the experience and responsibilities of each executive officer, budget constraints, market conditions, individual performance, and contributions to corporate achievements. As part of that process, in early 2013, Dr. Tamer evaluated the performance of each NEO, other than himself, based on such individual's level of success in accomplishing the business objectives established for the NEO for the prior year and the NEO's overall performance during that year. The annual objectives for each NEO were developed through mutual discussion and agreement between Dr. Tamer and the NEO and were reviewed with our Board.

Dr. Tamer's recommendations also took into account other factors, including the estimated overall share allotment and total market value for the annual equity grant pool, the amount of unvested equity currently being held by the NEO and the potential retention value it represented. Based on these considerations, Dr. Tamer made specific compensation recommendations to the Committee with respect to each of the NEOs other than himself. The recommendations included proposed equity awards. The Committee reviewed those recommendations, together with supporting market data, and had full authority and independent discretion to make such adjustments as it deemed appropriate and to determine the actual total compensation package for each NEO. In making its determinations, the Committee gave considerable weight to Dr. Tamer's evaluations and recommendations because of his direct knowledge of each NEO's performance and contributions to our business objectives and financial performance. Based on these various considerations, the Committee accepted the recommendations made by Dr. Tamer with respect to the equity awards granted to the NEOs in January 2013, and determined the actual total compensation for each NEO. The equity awards granted in 2013 are discussed below under *Equity Based Compensation*.

Role of Compensation Committee Consultant

To understand our position relative to market, the Committee retained the services of Compensia in January 2013 as an independent compensation consultant to advise on executive compensation for fiscal 2013. The Committee conducted an independence review of Compensia pursuant to updated SEC requirements and NYSE requirements. The Committee determined that there was no conflict of interest that would prevent Compensia from being objective in its work for the Committee. In addition, Compensia affirmed to the Committee that it had policies and procedures in place to prevent conflicts of interest from arising, that the Compensia advisors serving the Committee did not own any of our common stock, and that the lead advisor did not have any business or personal relationship with members of the Committee or our management.

Table of Contents**Competitive Market Review**

The Committee has and continues to evaluate the practice of setting our executive compensation program against our peer group. The following fifteen (15) companies were used, and on a case by case basis, as supplemented by additional information provided by Compensia, in determining competitive compensation packages.

Ambarella	GSI Technology	Mindspeed Technologies	Pericom Semiconductor
Applied Micro Circuits	Ikanos Communications	MIPS Technologies	Sigma Designs
DSP Group	Intermolecular	Nanometrics	Volterra Semiconductor
Exar	Maxlinear	Perigrine Semiconductor	

Elements of Executive Compensation

We maintain an executive compensation program that we believe provides executive officers with compensation opportunities that reward the executive officers for their contribution to our performance. Our executive compensation program consists of three principal components, each of which is described below.

We also provide our executive officers with other benefits, including commuting allowance, severance, change-of-control benefits and the ability to participate in employee benefit plans on the same terms as all other eligible employees. While we do not have an exact formula for allocating between cash and non-cash compensation, we try to balance long-term equity versus short-term cash compensation and variable compensation versus fixed compensation.

Base Salary

Each NEO receives an annual base salary as compensation for services rendered during the year. The annual base salary provides financial stability, predictability and security of compensation. The base salary takes into account experience, expertise, and scope of responsibility. Base salary increases generally recognize and reward exemplary performance. In 2013, rather than increasing the base salary in 2013, the Committee granted each NEO a long-term incentive equity award.

The effective base salary for 2013 remained the same as the base salary for 2012 as follows:

Name	2013
Ford Tamer	\$ 300,000
John Edmunds	\$ 270,400
Charles Roach	\$ 270,000
Ron Torten	\$ 234,000
Richard Ogawa	\$ 220,000
Norman Yeung	\$ 272,000

Cash Incentive Compensation

Our cash incentive compensation is intended to incentivize our executive officers in the achievement of pre-determined financial objectives as well as individual performance objectives. An executive officer's cash incentive award generally depends on two performance factors, one related to our financial performance and one related to the NEO's individual performance as measured against specific management by objective (MBO) goals.

In order to continue our focus on long-term incentives in the form of equity grants, we did not grant cash incentive awards in 2013. Mr. Roach, however, was granted a cash incentive award aligned to the Sales Incentive Plan. Although we did not grant cash incentive awards in 2013, we did award a discretionary bonus to each NEO in amount equal to 4.9% of such NEO's annual base salary for achieving fourth quarter revenues milestones.

Table of Contents

Mr. Roach's performance goals were based on achieving corporate revenue targets, design wins and his MBO's per the Sales Incentive Plan. Mr. Roach achieved a percentage of his performance goals for 2013, which is reflected in the 2013 Summary Compensation Table.

In 2014, the Committee will consider establishing a cash incentive program for our NEOs that will focus on continuing to achieve returns for our stockholders.

Equity-Based Compensation

The Committee believes that long-term share-based incentives are appropriate and strategically necessary compensation to properly focus the NEOs on long-term financial results as well as align their interests with those of our stockholders. Equity-based compensation has been our primary long-term incentive compensation component. We believe that equity-based compensation has been and will continue to be a significant part of our executive officers' total compensation packages. We believe that long-term performance is achieved through an ownership culture that encourages a high level of continuously improving performance by our executive officers through grants of equity awards. The vesting feature of our equity awards contributes to our executive officer retention as this feature provides an incentive to our executive officers to remain in our employ during the vesting period. We grant both stock options and RSUs to our eligible employees, including our executive officers.

All of our executive officers receive equity awards when they are hired and these awards typically vest over a four-year period, with 1/4th of the shares vesting one year from the vesting commencement date and the remaining shares vesting in equal monthly installments over the following 36 months. The level of equity-based compensation is reviewed periodically and additional equity awards are made from time to time. The Committee reviews equity-based compensation levels, along with base salary and annual cash incentives on an annual basis.

With respect to our CEO, we granted him a new hire award in 2012 based on arm's length negotiation. Because of the volatility of our stock price and the state of the business at the time, we considered both public and private company market data and determined our CEO's equity grant based on a percent of company rather than based on its grant date value. The overall size of the grant was comparable with grants to other recent CEO hires of comparable companies and with the equity ownership of a CEO of a recent IPO company. In addition, a grant of this size was essential to recruiting our CEO who was willing to take a lower base salary and less cash compensation in exchange for a larger equity award. In order to align executive compensation to performance and shareholder returns, 2/3rds of the shares granted in our CEO initial equity grant was in the form of options at an exercise price of \$14.80. As of the compensation committee meeting of our Board, on April 16, 2014, the market price of \$14.59 was 21 cents under the options strike price of \$14.80, so regardless of the grant date value of the option, the option has delivered no realizable value to our CEO to date, which reflects the strong performance orientation of the option award. The mix of options and RSUs was granted in order to provide both a retention element from the RSU and a performance element from the stock option. Our Committee believes that Inphi's stock price is highly dependent on company performance and so a stock option, which only has value if the stock price rises, strongly aligns our CEO with our shareholders and bases the value he will receive from his award on our success. In order to provide longer term retention, the RSU award did not begin to vest until two years after grant, when 50% of the shares vested. The remaining 50% of the RSU vests over the next two years in equal installments.

In 2013, our NEOs were awarded the following equity awards under our 2010 Stock Plan:

- (1) The options vest as to 1/4th of the total number of shares subject to the option 12 months after the vesting commencement date, and the remaining shares vest at a rate of 1/48th of the total number of shares subject to the option each month thereafter.
- (2) The awards vest as to 1/4th of the total number of shares one year after the vesting commencement date, 1/4th of the total number of shares two years after the vesting commencement date, 1/4th of the total number of shares three years after the vesting commencement date and 1/4th four years after the vesting commencement date.
- (3) The awards vest as to 1/3rd of the total number of shares on May 1, 2013, 1/3rd of the total number of shares on August 1, 2013 and 1/3rd of the total number of shares on November 1, 2013.

Other Compensatory Benefits

Benefits. We maintain broad-based benefits that are provided to all eligible employees, including our 401(k), flexible spending accounts, medical, dental and vision care plans, our life and accidental death and dismemberment insurance policies and long-term and short-term disability plans. Executive officers are eligible to participate in each of these programs on the same terms as non-executive employees. We do not provide any retirement benefits separate from the 401(k).

Severance and Change of Control Benefits. Certain of our NEOs are entitled to severance and change of control benefits pursuant to their offer letters. We believe these severance and change of control benefits are an essential element of our executive compensation package that enables us to recruit and retain talented executives, the terms of which are described below under Employment, Severance and Change in Control Arrangements.

Accounting and Tax Considerations

Section 162(m). Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (the Code), generally disallows a tax deduction for compensation in excess of \$1.0 million paid to each of our NEOs. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. We periodically review the potential consequences of Section 162(m) and we generally intend to structure the performance-based portion of our executive compensation, where feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. However, the Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Share-based compensation cost is measured at grant date, based on the fair value of the awards, and is recognized as an expense over the requisite employee service period. The Committee has determined to retain for the foreseeable future our stock option and restricted stock unit program as the sole component of its long-term compensation program and to record this expense on an ongoing basis.

Compensation Policies and Practices as They Relate to Risk Management

We believe that our compensation policies and practices for all employees, including our executive officers, do not create risks that are reasonably likely to have a material adverse effect on our company. In making this determination, we assessed our executive and broad-based compensation and benefits programs to determine if the programs' provisions and operations create undesired or unintentional risk of a material nature. This risk assessment process included a review of our compensation policies and practices and an analysis of our executive compensation program. Although we reviewed all our various compensation programs, we focused primarily on those characterized by variability in payout and the ability of a participant to directly affect payout, as well as the controls on participant action and payout under those programs. Based on the foregoing, we believe that our compensation policies and practices do not create inappropriate or unintended significant risk to us as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the organization's ability to effectively identify and manage significant risks, are compatible with effective internal controls and our risk management practices, and are supported by the oversight and administration of our compensation committee with regard to our executive compensation program.

Several features in our compensation programs and policies mitigate or reduce the likelihood of excessive risk-taking by employees, including the following:

The core principles outlined above and compensation program elements discussed below are designed to align goals with stockholder interests.

Pay typically consists of a mix of fixed and variable compensation, with the variable compensation designed to reward both short-and long-term corporate performance.

Stockholder Advisory Votes

At the 2011 Annual Meeting of Stockholders we put forth two advisory votes: one asking stockholders to approve our executive compensation as disclosed in our 2011 proxy statement; and another regarding the frequency of such an advisory vote in future proxies. Our stockholders approved our executive compensation as disclosed in our 2011 proxy statement. Regarding the advisory vote on the frequency of the vote on executive compensation, we received the most votes for a frequency of every 3 years, as was management's recommendation. The Committee took these voting results into consideration regarding its review of our executive compensation for 2011, and has factored in our stockholders' say-on-pay approval by maintaining essentially the same compensation practices for 2012 and 2013. The Committee has determined to hold an advisory vote every 3 years, but may have such a vote more frequently if our compensation committee and management feel it is appropriate. In accordance with this determination, we have included Proposal 3, an advisory vote to approve executive compensation, in this Proxy Statement. In keeping with current regulations, the next advisory vote on the frequency of the vote on executive compensation will take place in 2017.

Employment, Severance and Change in Control Arrangements

On February 1, 2012, we entered into an offer letter agreement with Dr. Tamer, our President and CEO. This offer letter agreement set Dr. Tamer's base salary at an annual rate of \$300,000 (to be pro-rated for any partial year of service). Pursuant to this offer letter agreement, Dr. Tamer is eligible to receive a bonus in an amount up to 50% of base salary (as pro-rated for any partial year of service) through participation in our annual cash incentive program. In addition, Dr. Tamer was granted an option to purchase 557,645 shares of our common stock, which will vest over four years commencing on February 1, 2012 (the Vesting Commencement Date) with one-fourth of the shares vesting on the one-year anniversary of the Vesting Commencement Date and the remaining shares vesting in a series of 36 equal monthly installments thereafter. Dr. Tamer was also granted an RSU for 278,822 shares, which will vest over four years commencing on the Vesting Commencement Date with one-half of the shares vesting on the two-year anniversary of the Vesting Commencement Date and one-quarter of the shares vesting on each of the third and fourth anniversaries of the Vesting Commencement Date.

The following report of the audit committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by Inphi under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The audit committee provides assistance to the Board of Directors in fulfilling its legal and fiduciary obligations in matters involving Inphi's accounting, auditing, financial reporting, internal control and legal compliance functions by approving the services performed by Inphi's independent accountants and reviewing their reports regarding Inphi's accounting practices and systems of internal accounting controls as set forth in a written charter adopted by the Board of Directors. The audit committee is responsible for overseeing the conduct of these activities by Inphi's management and the independent registered public accountants.

In this context, the audit committee has met and held discussions with management and the independent registered public accountants. Management represented to the audit committee that Inphi's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the audit committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accountants.

The audit committee has discussed with the independent registered public accountants matters required to be discussed by PCAOB Standard No. 16, as adopted by the Public Company Accounting Oversight Board (PCAOB) and approved by the SEC. In addition, the independent registered public accountants provided to the audit committee the written disclosures and letter from the independent registered public accountants as required by applicable requirements of the PCAOB regarding the independent registered public accountants' communication with the Audit Committee concerning independence, and has discussed such accountants' independence from Inphi and its management. PROPOSAL 2

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

At our 2011 annual meeting of stockholders, a majority of our stockholders voted in favor of holding an advisory vote to approve executive compensation every three years, which the compensation committee approved. Therefore, in accordance with that policy and in accordance with the requirements of Section 14A of the Securities Exchange Act of 1934, we are asking stockholders to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K.

As described in the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement, we design our named executive officer compensation programs to attract and retain senior, skilled executive management, to motivate their performance toward achieving clearly defined corporate goals that align with our business strategy, and to align their long-term interests with those of our stockholders by linking a significant portion of total cash compensation to achieving specific performance goals. Our compensation takes into account competitive practices and sound compensation governance principles. We are advised by our independent compensation committee as well as Compensia, the independent compensation consultant retained by our compensation committee.

Our Board asks that you indicate your support of the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement. You are not being asked to approve the compensation paid to the members of our Board as disclosed above under Compensation of Directors or approve our policy regarding employee compensation as it related to our risk management as disclosed above under Compensation Discussion and Analysis Compensation Policies and Practices as They Related to Risk Management . Accordingly, we ask our stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussions, is hereby approved, on an advisory basis.

Although the vote is non-binding, our Board and our compensation committee will review the voting results. To the extent there is any significant negative vote on this proposal, we would attempt to consult directly with stockholders to better understand the concerns that influenced the vote. Our Board and our compensation committee would consider constructive feedback obtained through this process in making future decisions about executive compensation programs.

Unless the compensation committee modifies its policy on the frequency of holding the advisory vote to approve executive compensation, the next vote will occur in 2017.

Required Vote

The advisory vote to approve executive compensation as disclosed in the Compensation Discussion and Analysis and Executive Compensation sections of this Proxy Statement requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received from stockholders of record will be voted FOR approval.

Our Board recommends a vote FOR this proposal.

Even if the selection is ratified, the audit committee in its discretion may change the appointment at any time during the year if it determines that such change would be in the best interests of Inphi and its stockholders. Audit Committee Pre-Approval Policies and Procedures

Our audit committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the audit committee pre-approves both the type of services to be provided by PricewaterhouseCoopers LLP and the estimated fees related to these services.

Table of Contents

During the approval process, the audit committee considers the impact of the types of services and the related fees on the independence of the registered public accountant. The services and fees must be deemed compatible with the maintenance of such accountants' independence, including compliance with SEC rules and regulations.

Throughout the year, our audit committee will review any revisions to the estimates of audit and non-audit fees initially approved.

Required Vote

Ratification of the appointment of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted FOR ratification of the appointment.

Our Board recommends a vote FOR the ratification of

PricewaterhouseCoopers LLP as our independent registered public accountants.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership on Forms 3, 4, and 5 with the SEC. Officers, directors and greater than 10% stockholders are required to furnish us with copies of all Forms 3, 4, and 5 they file.

Based solely on our review of the copies of such forms we have received and written representations from certain reporting persons that they filed all required reports, we believe that all of our officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during fiscal year ended December 31, 2012, except Mr. Yeung had a late Form 4 filing, and Mr. Roach had a late Form 3 filing.

STOCKHOLDER PROPOSALS FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS

If a stockholder wishes to present a proposal to be included in our Proxy Statement for the 2015 Annual Meeting of Stockholders, the proponent and the proposal must comply with the proxy proposal submission rules of the SEC. One of the requirements is that the proposal be received by the Secretary no later than December 26, 2014. Proposals we receive after that date will not be included in the Proxy Statement. We urge stockholders to submit proposals by Certified Mail Return Receipt Requested.

A stockholder proposal not included in our proxy statement for the 2015 Annual Meeting of Stockholders will be ineligible for presentation at the 2015 Annual Meeting of Stockholders unless the stockholder gives timely notice of the proposal in writing to the Secretary of Inphi at the principal executive offices of Inphi. Under our bylaws, in order for a matter to be deemed properly presented by a stockholder, timely notice must be delivered to, or mailed and received by, us not less than 90 nor more than 120 days prior to the next Annual Meeting of Stockholders; provided, however, that in the event that if we did not hold an annual meeting in the prior year or if the date of the annual meeting is more than 30 days before or after the anniversary date of the prior year's annual meeting, we must receive the stockholder's notice by the close of business on the later of 90 days prior to the annual meeting and the 10th day after the day we provided such public disclosure of the meeting date.

The stockholder's notice must set forth, as to each proposed matter, the following: (a) a brief description of the business desired to be brought before the meeting and reasons for conducting such business at the meeting; (b) the name and address, as they appear on our books, of the stockholder proposing such business; (c) the class and number of shares of our securities that are beneficially owned by the stockholder; (d) any material interest of the stockholder in such business; and (e) any other information that is required to be provided by such stockholder pursuant to proxy proposal submission rules of the SEC. The presiding officer of the meeting may refuse to acknowledge any matter not made in compliance with the foregoing procedure.

STOCKHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding Inphi stock but who share the same address, we have adopted a procedure approved by the SEC called householding. Under this procedure, certain stockholders of record who have the same address and last name will receive only one copy of our proxy materials until such time as one or more of these stockholders notifies us that they want to receive separate copies. This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

Table of Contents

If you receive a single set of proxy materials as a result of householding, and you would like to have separate copies of our annual report or proxy statement mailed to you, please submit a request to our Secretary at 2953 Bunker Hill Lane, Suite 300, Santa Clara, California 95054, or call our Investor Relations department at (408) 217-7300 and we will promptly send you what you have requested. You can also contact our Investor Relations department at the phone number above if you received multiple copies of the annual meeting materials and would prefer to receive a single copy in the future, or if you would like to opt out of householding for future mailings.

OTHER MATTERS

Our Board does not know of any other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, your proxy holders will vote on it as they think best unless you direct them otherwise in your proxy instructions.

Whether or not you intend to be present at the Annual Meeting, we urge you to submit your signed proxy promptly.

By Order of the Board of Directors,
