Until his retirement in late 1996, and for more than the prior five years, Mr. Throop was the Chairman and Chief Executive Officer of Anthem Electronics, Inc., which is a national distributor of semiconductor and computer products and was, during Mr. Throop's tenure as its Chairman and CEO, a New York Stock Exchange listed company. Having been the CEO of a publicly owned national distribution company for many years, Mr. Throop brings to the Board a wealth of knowledge regarding the management and operations of and the risks faced by national product distribution companies, like the Company.

Leonard P. Danna has served as a director of the Company and Chairman of the Audit Committee of the Board of Directors since November 2003. Mr. Danna is, and since April 1999 has been, an audit partner with the accounting firm of Vavrinek, Trine Day & Co., LLP. From August 1985 to April 1999, Mr. Danna was an audit partner with Grant Thornton LLP. As a result of his accounting experience, Mr. Danna is familiar with financial reporting requirements applicable to and the financial issues faced by publicly traded companies, making him an effective and valuable member of Audit Committee, of which he is the Chairman.

Class II Directors

John W. Casey has served as a director of the Company since August 1998. Mr. Casey is retired and is a private investor. He also serves as a trustee of the Deschutes Land Trust. Company (Shurflo), a privately owned company which is engaged in the manufacture and sale of pumps used in pumping and circulating water or other liquids in a variety of products and equipment, including in recreational vehicles (RVs) and soft drink dispensing machines. Having been the CEO of Shurflo, which is a supplier of products to RV manufacturers and distributors, Mr. Casey brings to the Board considerable knowledge regarding the RV market generally and also the perspective of an aftermarket product manufacturer and supplier to the RV industry, which is valuable to the Board and management due to the Company's reliance on such manufacturers and suppliers for the products it sells.

Executive Officers of Registrant

Information regarding the Executive Officers of the Registrant is set forth in Part I of this Report.

Family Relationships

There are no family relationships among any of the directors or executive officers of the Company.

THE BOARD OF DIRECTORS

Role of the Board of Directors. In accordance with Delaware law and our Bylaws, the Board of Directors oversees the management of the business and affairs of the Company. The members of the Board keep informed about our business through discussions with management, by reviewing analyses and reports sent to them by management and outside consultants, and by participating in Board and Board committee meetings.

Our Board members are encouraged to prepare for and to attend all meetings of the Board and the Board committees of which they are members and all stockholder meetings. During the fiscal year ended December 31, 2013, the Board of Directors of the Company held a total of four meetings and all of the directors attended at least 80% of the total of those meetings and the meetings of the Board committees on which they served during 2013. All of our directors also attended the 2013 Annual Meeting of Stockholders. Although we have no formal policy requiring director attendance at annual meetings of stockholders, we attempt to schedule each annual meeting for a date that is convenient for all directors to attend.

Role of the Board in Risk Management

The Board's responsibilities in overseeing the Company's management and business include oversight of the Company's key risks and management's processes and controls. Management, in turn, is responsible for the day-to-day management of risk and implementation of appropriate risk management controls and procedures. In meeting these responsibilities, at its meetings the Board members discuss with management the principal risks facing the Company and its financial condition and the performance and actions that have taken, and the processes that have been implemented, by management to address and mitigate those risks to the extent practicable. Management also conducts quarterly evaluations of the effectiveness of the Company's disclosure controls and annual evaluations of the effectiveness of the Company's internal control over its financial reporting under the oversight of the Audit Committee.

Board Leadership Structure

The Board does not have a formal policy with respect to whether the roles of Chief Executive Officer and Chairman of the Board should be separate and, if they are to be separate, whether the chairman of the Board should be selected from among the non-employee directors or management. The Board believes that it should be free to make a choice from time to time in any manner that it concludes is in the best interests of the Company and its stockholders.

Thomas R. McGuire, the Chairman of the Board, is an executive officer and past President and CEO of the Company. In electing Mr. McGuire as Chairman, the Board considered the fact that Mr. McGuire is a large stockholder of the Company and that, as a result, his interests are more closely aligned with those of the stockholders than with those of management, and that he has extensive knowledge about and is well-known within the Company's marketplace, and as a result is best able to identify strategic opportunities for our Company in the market.

Our Board also has determined that maintaining the independence of a majority of our directors helps maintain the Board's independent oversight of management and ensures that the appropriate level of independence is applied to all Board decisions. In addition, the Board has designated one of the independent directors as Lead Director. The Lead Director's duties include working with the Chairman to develop and approve Board agendas, developing and approving meeting schedules with the Chairman to ensure there is sufficient time for discussion of agenda topics, advising the Chairman as to the quality, quantity and timeliness of the information sent to the Board by management, developing agendas for and chairing executive sessions of the Board (in which the non-management directors meet without management), acting as a liaison between the independent directors and the Chairman and the CEO, and performing such other duties as the Board may determine from time to time. The position of Lead Director is currently held by Thomas G. Faludy.

Our Audit, Compensation and Nominating and Governance Committees, which oversee critical matters, such as our accounting principles and financial reporting processes, our executive compensation program and the selection and evaluation of our directors and director nominees, respectively, are comprised solely of independent directors.

Table of Contents

Committees of the Board of Directors

The Board has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. Information regarding the members of each of those Committees and their responsibilities and the number of meetings held by those Committees in 2013 is set forth below.

Audit Committee and Financial Experts. The members of the Audit Committee are Leonard P. Danna, its Chairman, and Robert S. Throop and John W. Casey. The Board of Directors has determined that all of the members of the Audit Committee are independent within the meaning of the NYSE MKT listed company rules and the enhanced independence requirements for audit committee members contained in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act). Our Board also has determined that each of Messrs. Danna and Throop meets the definition of audit committee financial expert adopted by the SEC. The Audit Committee has a written charter that specifies its responsibilities, which include oversight of the financial reporting process and system of internal accounting controls of the Company, and appointment and oversight of the independent registered public accounting firm engaged to audit the Company's financial statements. Interested stockholders can view a copy of that charter in the investor relations section of our website at www.coastdistribution.com. To ensure independence, the Audit Committee meets separately with our outside auditors and members of management, respectively. The Audit Committee held a total of four meetings in 2014.

Compensation Committee. The members of the Compensation Committee are John W. Casey, who serves as the Committee's Chairman, Robert S. Throop and Leonard P. Danna, each of whom is independent (as defined in the NYSE MKT listed company rules). The Compensation Committee (i) sets the salaries of the Company's executive officers; (ii) adopts non-equity incentive compensation and other non-equity benefit plans for our executive officers and sets the performance targets and determines the incentive compensation awards that may be earned under those plans; and (iii) oversees the administration of, and makes determinations with respect to the granting and terms of stock options and restricted shares granted under, the Company's equity incentive plans. The Compensation Committee operates under a charter that sets forth the role and responsibilities of the Committee. Interested stockholders can view a copy of that charter in the investor relations section of our website at www.coastdistribution.com. The Compensation Committee held one meeting in 2014.

Mr. Musbach sometimes participates in meetings of the Compensation Committee to provide the Committee with information with respect to the performance of the Company's other executive officers who report to him, but does not participate in the deliberations or votes by the Committee.

Nominating and Governance Committee. The members of the Nominating and Governance Committee are Robert S. Throop, its Chairman, Ben A. Frydman and John W. Casey, each of whom is independent within the meaning of the NYSE MKT Listing Rules. This Committee has a written charter that sets forth its responsibilities, which include identifying and recommending nominees for election to the Board; making recommendations to the Board regarding the directors to be appointed to each of its standing Committees; developing and recommending corporate governance guidelines for adoption by the Board of Directors; and overseeing the annual self-assessments by the Company's Directors of the performance of the Board of Directors and its Committees. A copy of the Committee's charter may be viewed in the investor relations section of our website at www.coastdistribution.com. The Committee held one meeting in 2014.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Our Directors believe that sound governance policies and practices provide an important framework to assist them in fulfilling their duties to the Company's stockholders. Our Board of Directors has adopted the following governance guidelines, which include a number of policies and practices under which our Board has operated for some time, together with concepts suggested by various authorities in corporate governance and the requirements under the NYSE MKT listed company rules and the Sarbanes-Oxley Act of 2002. Some of the principal subjects covered by those guidelines include:

Director Qualifications. Candidates for election to the Board will be evaluated on the basis of their integrity, independence and freedom from conflicts of interest; their experience and expertise; their ability

Table of Contents

to make independent analytical inquiries; their understanding of our business and the business environment in which we operate; and their ability and willingness to devote adequate time and effort to Board responsibilities.

Independence and Responsibilities of Directors. A majority of the Directors, but in no event less than three directors, will be independent directors (as defined in the NYSE MKT listed company rules). Additionally, Directors are expected to act in the best interests of all stockholders; develop and maintain a sound understanding of our business and the industry in which we operate; prepare for and attend Board and Board committee meetings; and provide active, objective and constructive participation at those meetings.

Director Access to Management. Directors are to be permitted access to members of management and members of management are to provide Board presentations regarding the functional areas of our business for which they are responsible.

Adequate Funding for the Board and its Committees. The Company will provide the funding necessary to enable the Board and each of its committees to retain independent advisors as the Board, or such committees acting independently of the Board, deem to be necessary or appropriate.

Director Participation in Continuing Education Programs. New directors will participate in programs designed to familiarize them with our business, strategic plans, significant financial, accounting and risk management issues, compliance programs, conflicts policies, code of business conduct and corporate governance guidelines. In addition, each incumbent director is expected to participate in continuing education programs relating to developments in the Company's business and to corporate governance.

Annual Performance Evaluations. The Board and each Board committee will conduct an annual self-assessment of its performance.

Executive Sessions without Management. The independent directors of the Board will hold separate sessions, outside the presence of management, to consider and evaluate the performance of the Company and its management and such other matters as they deem appropriate. In addition, the Audit Committee shall meet separately with the Company's outside auditors.

Director Independence and Diversity

Coast's corporate governance guidelines require that the Board be comprised of at least a majority of independent directors. For a director to be considered independent, the Board must affirmatively determine that he does not have any direct or indirect material relationship with Coast that, in the opinion of the Board, would interfere with the exercise of that director's independent judgment in carrying out his responsibilities as a director.

A director will not be deemed to be an independent director if:

the director is, or at any time during the preceding three years was, employed by Coast; or

the director or an immediate family member of the director (i) is, or at any time during the previous three years was, employed as an executive officer of Coast, or (ii) received compensation in excess of \$120,000 in any 12 month period during the immediately preceding three years for services rendered to the Company, other than as a member of the Board of Directors or any committee thereof; or

the director, or an immediate family member of the director is a current partner of Coast's outside auditor, or was a partner or employee of Coast's outside auditor who worked on Coast's audit at any time during the previous three years; or

a present Coast executive officer was on the compensation committee of the board of directors of another company during the previous three years that concurrently employed, as one of its executive officers, a Coast director or an immediate family member of a Coast director; or

the director or an immediate family member of the director is a partner, executive officer, or controlling shareholder of another company or professional or other firm (including any law firm or investment

Table of Contents

banking firm) to which Coast made, or from which Coast received, payments for property or services in the current or any of the past three fiscal years that exceeded the greater of (i) 5% of consolidated gross revenues of that other company or professional entity for that year, or (ii) \$200,000.

On the basis of the above criteria, the Board has determined that five of the Company's seven directors are independent, including Mr. Frydman. Since Messrs. McGuire and Musbach are executive officers of the Company, they are not deemed to be independent directors. In determining that Mr. Frydman is independent, the other independent directors did consider the fact that Mr. Frydman is a shareholder (but not a controlling shareholder) in the law firm of Stradling Yocca Carlson & Rauth, which provided legal services to Coast during each of the past three years and is providing legal services to Coast in 2014. However, on the basis of the criteria set forth above and their evaluation of Mr. Frydman's past performance as a director, the other independent directors determined that this relationship did not interfere with the exercise of his independent judgment in carrying out his responsibilities as a director of the Company.

The Board of Directors believes that differences in experience, knowledge, skills and viewpoints enhance the Board of Directors' performance. Accordingly, the Nominating Committee considers such diversity in selecting, evaluating and recommending, and the Board considers diversity in approving, proposed Board nominees. However, the Board of Directors has not implemented a formal policy with respect to the consideration of diversity for the composition of the Board of Directors.

Code of Business Conduct

We have adopted a Code of Business Conduct for our officers and employees that has been approved by the Board of Directors. The Code sets forth specific ethical policies and principles that apply to our Chief Executive Officer, Executive Chairman, Chief Financial Officer and other key accounting and financial personnel. A copy of our Code of Business Conduct is posted in the investor relations section of our website at www.coastdistribution.com. We also intend to disclose, on that website, any amendments to our Code of Business Conduct and any waivers of its requirements that may be granted to our Chief Executive Officer, Executive Chairman or Chief Financial Officer. To date, no such waivers have been granted.

Communications with the Board

Stockholders and other parties interested in communicating with the non-management directors as a group may do so by writing to the Corporate Secretary, The Coast Distribution System, Inc., 350 Woodview Avenue, Suite 100, Morgan Hill, California 95037. The Corporate Secretary will review and forward to the appropriate member or members of the Board copies of all such correspondence that, in the opinion of the Corporate Secretary, deals with the functions of the Board or its committees or that she otherwise determines requires their attention. Questions relating to accounting, internal controls or auditing matters will be brought promptly to the attention of the Chairman of the Audit Committee and will be handled in accordance with procedures established by that Committee.

The Audit Committee also has established a financial integrity hotline (i) for Company employees and others to be able to communicate, anonymously, to the Audit Committee any questions or concerns they may have regarding accounting or auditing matters and (ii) for the receipt, retention and treatment of those communications and any complaints received with respect to such matters.

Nomination of Directors

In identifying candidates for membership on the Board, the Nominating and Governance Committee will seek recommendations from existing Board members and executive officers. In addition, that Committee will consider any

candidates that may be recommended by any of the Company's stockholders who make those recommendations in accordance with the procedures described below. The Committee also has the authority to engage an executive search firm and other advisors, as it deems appropriate, to assist it in identifying qualified Board candidates. In assessing and selecting new candidates for Board membership, the members of the Nominating and Governance Committee will consider such factors, among others, as the candidate's integrity and independence and freedom from conflicts of interest and experience and expertise, as demonstrated by past employment and board experience, and will conduct background inquiries of and interviews with those candidates. The Committee members will consider a number of factors in making their selection of a nominee from among those candidates, including, among others: whether the

Table of Contents

candidate has the ability, willingness and enthusiasm to devote the time and effort required of members of the Board; the candidate's independence, including whether the candidate has any conflicts of interest or commitments that would interfere with the candidate's ability to fulfill the responsibilities of a director; whether the candidate's skills and experience would add to the overall competencies of the Board; and whether the candidate has any special background or experience relevant to the Company's business.

Stockholder Recommendation of Board Candidates. Any stockholder desiring to submit a recommendation for consideration by the Nominating and Governance Committee of a candidate whom the stockholder believes is qualified to be a nominee for election to the Board at any annual stockholders' meeting may do so by submitting that recommendation in writing to the Committee not later than 120 days prior to the first anniversary of the date on which the proxy materials for the prior year's annual meeting were first sent to stockholders. However, if the date of an annual stockholders' meeting has been changed by more than 30 days from the anniversary date of the prior year's annual meeting, the recommendation must be received within a reasonable time before the Company begins to print and mail its proxy materials for the upcoming annual meeting. In addition, the recommendation should be accompanied by the following information: (i) the name and address of the nominating stockholder and the person that the nominating stockholder is recommending for consideration as a candidate for Board membership; (ii) the number of shares of voting stock of the Company that are owned by the nominating stockholder, his or her recommended candidate and any other stockholders known by the nominating stockholder to be supporting the nomination of that candidate; (iii) a description of any arrangements or understandings that relate to the election of directors of the Company, between the nominating stockholder, or any person that (directly or indirectly through one or more intermediaries) controls, or is controlled by, or is under common control with, such stockholder, on the one hand, and the person that the nominating stockholder is recommending for election to the Board or any other person or persons (naming each such person), on the other hand; (iv) such other information regarding the recommended candidate as would be required to be included in a proxy statement prepared in accordance with and filed pursuant to the SEC's proxy rules; and (v) the written consent of the recommended candidate to be named as a nominee and, if nominated and elected, to serve as a director.

Stockholder Nominations. Our Bylaws provide that any stockholder also may nominate, at any annual meeting of stockholders, one or more candidates for election to the Board of Directors, by giving the Company written notice (addressed to the Secretary of the Company at the Company's principal offices) of such stockholder's intention to do so not later than 120 days prior to the first anniversary of the date on which the proxy materials for the prior year's annual meeting were first sent to stockholders. Such notice must be accompanied by the same information, described in the immediately preceding paragraph, regarding such candidate or candidates to be nominated for election to the Board and the nominating stockholder and the written consent of each such candidate to be named as a nominee and, if nominated and elected, to serve as a director. Any stockholder nomination at any annual meeting that does not comply with these Bylaw requirements will be ineffective and disregarded.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires each of our directors and executive officers, and the one person who, to our knowledge, owns more than 10% of our common stock (a 10% Stockholder), to file reports with the SEC containing information regarding their ownership and changes in their ownership of our shares of common stock and of options to purchase shares of our common stock and to furnish us with copies of those reports.

Based solely on a review of the copies of those reports that were filed by our executive officers and directors pursuant to Section 16(a) of the Exchange Act, to our knowledge, all of our executive officers and directors complied with all Section 16(a) filing requirements applicable to their transactions in the Company's securities in 2013, except as follows: (i) statements of changes in beneficial ownership on Form 4 (Form 4s) to report sales of 1,100 shares and

1,200 shares by Mr. McGuire, our Executive Chairman, were inadvertently filed three days and two days late, respectively; and (ii) a Form 4 to report the purchase, by exercise of an employee stock option, by David Berger, one of our Executive Vice Presidents, of 5,000 shares of our common stock, was inadvertently filed nine days late.

- (1) The amounts in this column represent the aggregate grant date fair value of the respective awards computed in accordance with FASB ASC Topic 718 (ASC 718). According to Instruction 3 to Item 402(n)(2)(v) of Regulation S-K, for awards that are subject to the satisfaction of performance conditions, the amounts reported reflect the grant date fair values based upon the probable outcome of the performance conditions at grant date and for service-based awards, the amounts reflect the grant date fair values based on the assumption that 100% of the awards will vest.

The equity incentive awarded to Mr. Musbach in 2013 consisted of 40,000 performance-contingent restricted shares under the Company's 2008 Equity Incentive Plan, with a grant date fair value of \$78,900, based on the probable outcome of the performance conditions measured as of the grant date. The grant date fair value of this award, assuming the maximum performance goals were to be achieved, would have been \$118,400.

The equity incentive awarded to Mr. McGuire in 2013 consisted of 20,000 performance-contingent restricted shares under the Company's 2008 Equity Incentive Plan, with a grant date fair value of \$39,500, based on the probable outcome of the performance conditions measured as of the grant date. The grant date fair value of this award, assuming the maximum performance goals were to be achieved, would have been \$59,200.

The equity incentive awarded to Ms. Knell consisted of 20,000 performance-contingent restricted shares under the Company's 2008 Equity Incentive Plan, with a grant date fair value of \$39,500, based on the probable outcome of the performance conditions measured as of the grant date. The grant date fair value of this award, assuming the maximum performance goals were to be achieved, would have been \$59,200.

- (2) None of the NEOs received any cash or other non-equity incentive compensation awards for 2013 or 2012. See Narrative to Summary Compensation Table below.
- (3) The other compensation received by Messrs. Musbach and McGuire in 2013 and 2012 consisted solely of automobile allowances to reimburse them for the expenses they incurred in using their personal automobiles on Company business.

Narrative to Summary Compensation Table

Annual Base Salaries

Mr. Musbach served as the Company's President and Chief Operating Officer until April 2008, when he was promoted to Chief Executive Officer. Although the Compensation Committee approved an increase in Mr. Musbach's annual base salary from \$250,000 to \$300,000 in conjunction with that promotion, he declined to accept that increase as his contribution to a cost reduction program adopted by the Board in response to the economic recession and credit crisis. As a result, Mr. Musbach's annual base salary in 2008 was \$250,000. Then, effective February 1, 2009, Mr. Musbach reduced his annual base salary by another 10%, to \$225,000, as part of a number of cost-cutting measures being implemented by the Company in that year. Effective July 1, 2010, all salaries and wages of the Company's employees then in effect, including Mr. Musbach's salary, which had been reduced by 10% in 2009, were increased by 5%. Then, in March 2013, all salaries and wages of the Company's employees, including Mr. Musbach's salary, were

Table of Contents

increased by 5%, thereby effectively restoring all of the salaries of the Company's employees, including Mr. Musbach's, to their 2009 levels. As a result, Mr. Musbach's annual base salary in 2013 reflects that second 5% salary increase for the 10 months ended December 31, 2013.

In 2008, Mr. McGuire's annual base salary was \$360,000. However, as his contribution to the Company's cost reduction programs, Mr. McGuire voluntarily reduced his annual base salary on two occasions in 2008: (i) a \$50,000 reduction, effective June 1, 2008, bringing his annual base salary from \$360,000 to \$310,000 and (ii) an additional \$60,000 reduction, effective December 1, 2008, bringing his annual base salary from \$310,000 to \$250,000, which was 30% lower than the amount of his annual base salary at the beginning of 2008. Then, effective February 1, 2009, Mr. McGuire reduced his then annual base salary by an additional 10%, to \$225,000, as part of a number of cost-cutting measures being implemented by the Company in that year. Effective July 1, 2010, all salaries and wages of the Company's employees, including Mr. McGuire's salary, which had been reduced by 10% in 2009, were increased by 5%. As a result, Mr. McGuire's annual base salary for 2011 included that 5% salary increase. However, Mr. McGuire agreed to reduce his annual salary by 10% effective September 15, 2012. As a result, his annual salary in 2012 gives effect to that reduction for the last three and one-half months of that year and his annual salary in 2013 gives effect to that reduction for the entirety of that year.

Ms. Knell, like the other NEOs, agreed to reduce her annual base salary by 10%, effective February 1, 2009 as part of a number of cost-cutting measures being implemented by the Company in that year. Effective July 1, 2010, all salaries and wages of the Company's employees, including Ms. Knell's salary, which had been reduced by 10% in 2009, were increased by 5%. Then, in March 2013, the salaries of all Company employees, including Ms. Knell's salary, were increased by 5%, effectively restoring her salary to its 2008 level. As a result, Ms. Knell's annual base salary for 2013 reflects that second 5% salary increase for the 10 months ended December 1, 2013.

Equity and Non-Equity Incentive Compensation

Equity Incentive Compensation. With the approval of our stockholders, we adopted an equity incentive plan in 2012 (the 2012 Equity Incentive Plan). That Plan set aside shares of our common stock for future grants of equity awards which, to date, have consisted of stock options and restricted stock awards. Those awards are intended to create incentives, in the form of financial rewards, to NEOs and other management employees for performance that leads to increases in our stock price, so as to better align the financial interests of our NEOs and other key management employees with those of our stockholders.

Additionally, in order to earn equity incentive awards, the recipients of the awards are required to remain in the Company's employ over vesting periods that, in most cases, range from three-to-five years. Generally, if an executive's employment with the Company is terminated (whether by the executive or the Company) prior to the expiration of the multi-year vesting period, the unvested portion of the equity award is forfeited. As a result, such awards also provide an incentive for executives to focus their efforts on the Company's achievement of longer term financial results and to remain in the Company's employ over a multi-year period.

The Compensation Committee oversees the administration of the 2012 Equity Incentive Plan and, in that capacity, determines (i) the executive officers and other management employees who will be granted equity incentive awards under that Plan, (ii) the number of shares that Plan participants may receive pursuant to such awards, and (iii) the nature and terms of, and the vesting conditions that will apply to, such awards. Generally, the Compensation Committee grants equity incentive awards to our NEOs and other key management employees on the commencement of their employment with the Company, and annually thereafter, at a pre-scheduled Compensation Committee meeting usually held during the first quarter of each year.

The 2012 Equity Incentive Plan provides that all unvested equity incentive awards, whether held by our NEOs or other employees, will become vested on a change of control of the Company, unless the party acquiring control of the Company agrees to assume or to substitute comparable equity incentives for the outstanding equity incentive awards on terms approved by the Compensation Committee.

Cash Incentive Plan. The Compensation Committee adopted an annual cash incentive or bonus plan for 2013, as it had in previous years, to provide our executive officers and other key management employees with the opportunity to earn cash incentive awards or bonuses based on the Company's financial performance for the year. The primary purposes of these annual cash bonus plans are to (i) provide meaningful incentives in the form of financial awards to our

Table of Contents

executive officers and other key management employees for making significant contributions to the Company's achievement of one or more annual financial goals, and (ii) to make the portion of the annual cash compensation of each NEO and other plan participant, in excess of his or her annual base salary, dependent on the Company's financial performance and, thereby, promote the interests of the Company and its stockholders. The amounts of the potential bonus awards that the NEOs could have earned under the 2013 cash incentive bonus plan ranged from 10% to 55% of their respective 2013 annual base salaries, depending on the extent to which they achieved or exceeded a pre-tax earnings goal established by the Compensation Committee. However, no cash bonus awards were earned or paid to any of the NEOs or other participants under the 2013 cash incentive plan, because the Company did not achieve the 2013 threshold financial performance goal established under that plan.

- (1) Each option grant was made at an exercise price equal to 100% of the closing price per share of our common stock on the date of grant as reported on the NYSE MKT.
- (2) The expiration dates of the option awards range from five to ten years from their respective dates of grant, subject to earlier termination on cessation of the NEO's service with the Company.
- (3) The market value of restricted share awards that had not yet vested as of December 31, 2013 was determined by multiplying the number of shares subject to each award by \$3.27, which was the closing price, as reported by the NYSE MKT, of the Company's common stock on the last trading day of 2013.
- (4) These restricted shares vest, subject to the continued employment of the NEO, in two annual installments, each with respect to 50% of the restricted shares, commencing on the third anniversary of the date of grant.

- (5) Each of these restricted share awards vests, subject to the continued employment of the NEO, in three annual installments, each with respect to 33.3% of the restricted shares, commencing on the first anniversary of the date of grant.
- (6) These restricted shares vest, subject to performance goals and continued employment of the NEO, in three annual installments, each with respect to 33.3% of the restricted shares, commencing on the first anniversary of the date of grant. The first third of these shares expired at December 31, 2013, when the Company failed to achieve the performance goal established for that year.
- (7) These options expired on January 8, 2014.

(2) The market value of each NEO's vested shares was determined by multiplying the number of his or her vested shares by the closing price, as reported on the NYSE MKT, of the Company's common stock on the date of vesting.

Nonqualified Deferred Compensation Plans

We have not established any nonqualified deferred compensation programs for our NEOs or any other officers or employees.

CEO Employment Agreement and Potential Severance and Change of Control Payments

Employment Agreement with Mr. Musbach. On July 22, 2013, the Company entered into an employment agreement with its President and Chief Executive Officer, James Musbach (the "Employment Agreement"). Set forth below is a summary of the material terms of the Employment Agreement. However, this summary is not intended to be complete and is qualified in its entirety by reference to the Employment Agreement, which is incorporated herein by this reference from Exhibit 10.99 to the Company's Current Report on Form 8-K dated July 22, 2013, filed with the Securities and Exchange Commission on July 24, 2013.

Certain Material Employment Terms. Unless sooner terminated, the Employment Agreement will continue in effect until December 31, 2014, at which time the Employment Agreement will expire unless renewed or extended by mutual agreement of the Company and Mr. Musbach. The Employment Agreement provides for payment to Mr. Musbach of a base salary of \$250,000 per year, which was unchanged from his base annual salary that had been in effect since March 1, 2013. The Employment Agreement also entitles Mr. Musbach to participate in employee benefit programs that are generally made available to other full time employees and in cash bonus and stock incentive plans in which other executive officers are eligible to participate. If the Employment Agreement expires on December 31, 2014, Mr. Musbach will continue to be employed, as an at-will employee of the Company, holding the position of President and Chief Executive of the Company, in which case his employment will be terminable thereafter by him and by the Company, with or without cause. Therefore, in the event of any termination of Mr. Musbach's employment after expiration of the term of his Employment Agreement, the Company's sole obligation to Mr. Musbach under that

Agreement would be to pay to Mr. Musbach any unpaid salary and any fully vested but unpaid employee benefits accrued to the effective date of such termination.

Early Termination of Employment. The Employment Agreement provides that if Mr. Musbach's employment is terminated, prior to the expiration of the term of the Employment Agreement (other than as a result of or in connection with a change of control of the Company), either by the Company without cause or by Mr. Musbach due to certain actions taken by the Company that adversely affect his position as CEO (each of such actions, a "Good Reason Event"), Mr. Musbach would be entitled to receive a lump sum severance payment in an amount equal to the lesser of (i) one year's salary, at the annual rate then in effect, or (ii) the salary he would have been paid during what would have been the then remaining term of the Employment Agreement had there been no such termination of employment, and all accrued or fully vested but unpaid benefits. If Mr. Musbach's employment is terminated by the Company for Cause (as defined in the Employment Agreement) or due Mr. Musbach's death or disability, then the Company's sole obligation will be to pay to Mr. Musbach (or, in the event of his death, to his heirs) any then accrued but unpaid salary and benefits to the date of such termination of employment.

Table of Contents

Termination of Employment on or in connection with a Change of Control of the Company. If, during the term of the Employment Agreement a change of control of the Company (as defined in that Agreement) occurs, and Mr. Musbach's employment is terminated, on or within 12 months of the occurrence of the change of control, either by the Company or its successor, without Cause or by Mr. Musbach due to the occurrence of a Good Reason Event, Mr. Musbach would receive severance compensation consisting of (i) a lump sum payment in an amount equal to one year's annual base salary at the annual rate then in effect, (ii) the payment to him of his then accrued or fully vested but unpaid benefits, (iii) the payment or reimbursement by the Company thereafter of 50% of his COBRA health insurance premium, and (iv) the vesting of his then unvested options and restricted shares.

No Other Employment, Severance Compensation or Change of Control Agreements. We do not have any other employment, severance or change of control agreements with any of our other NEOs or other executive officers.

However, our stock incentive plans provide that all unvested options or restricted shares, whether held by NEOs or other employees, will become vested on a change of control of the Company unless the party acquiring control of the Company agrees to assume or substitute comparable equity incentives for those outstanding options on terms approved by the Compensation Committee.

Director Compensation

Only non-employee directors receive compensation for service on the Board of Directors and Committees of the Board. In 2013, each non-employee director received a retainer of \$6,000 per year for his service as member of the Board of Directors, payable in quarterly installments of \$1,500 each, and a fee of \$1,500 (i) for each Board meeting he attended and (ii) for each Committee meeting he attended on a date other than a date on which a Board meeting was held. Non-employee directors also are reimbursed for their out-of-pocket expenses incurred in attending those meetings.

Pursuant to the Company's stockholder-approved employee stock incentive plans, each year each non-employee director is automatically granted an option to purchase 2,000 shares of common stock at an exercise price that is equal to the per share closing price of the Company's shares on the date of grant, as reported by the NYSE MKT. These options become fully exercisable six months after the date of grant. Upon joining the Board, any new non-employee director is granted an option to purchase 2,000 shares, which becomes exercisable in full one year after the date of grant.

The following table sets forth, for each non-employee director, information regarding the cash compensation paid and the stock options granted for service on the Board and its Committees during 2013.

Thomas G. Faludy	\$	\$ 5,160	\$	\$ 5,160 ⁽³⁾

- (1) This column reports the amount of cash compensation earned in 2013 for Board and Committee service. Mr. Faludy was elected to the Board of Directors in November 2103 and no Board or Committee meetings were held during the period in 2013 that he serve on the Board, and therefore, he did not earn any cash fees in 2013.
- (2) Amounts in this column represent the fair values of stock options granted to each director at the date of grant of the options, determined in accordance with FASB ASC 718. The fair values of options were estimated using a binomial option valuation model which incorporates certain assumptions relating to a risk-free market interest rate, expected dividend yield of the Company s common stock, expected option life and expected volatility in the market value of the our common stock. For a complete description of the valuation methodology and the assumptions used in the estimation, please refer to Note E, STOCK INCENTIVE PLANS to the Company s consolidated financial statements included in Item 8 of this Annual Report on Form 10-K.
- (3) Represents the grant date fair value, determined in accordance with ASC 718, of an option to purchase 2,000 shares of common stock granted to Mr. Faludy on his election as a director on November 12, 2013. The option vests (that is, becomes exercisable) within six months of the date of grant, provided that Mr. Faludy is still in the service of the Company on that date.

- (1) Under SEC rules (i) a person is deemed to be the beneficial owner of shares if that person has, either alone or with others, the power to vote or dispose of those shares; and (ii) if a person holds options to purchase shares of our common stock, that person will be deemed to be the beneficial owner of the number of those shares that may be purchased by exercise of those options at any time during a 60 day period which, for purposes of this table, will end on June 20, 2014. The number of shares subject to options that are exercisable or may become exercisable during that 60-day period are deemed outstanding for purposes of computing the number of shares beneficially owned by, and the percentage ownership of, the person holding such options, but not for computing the percentage ownership of any other stockholder. Except as otherwise noted below, the persons named in the table have sole voting and dispositive power with respect to all shares shown as beneficially owned by them, subject to community property laws where applicable.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since the beginning of fiscal 2012, the Company has not engaged in any transactions or any series of related transactions in which any executive officer or director of the Company or any 5% stockholder, or any member of the immediate family or any affiliates of any of the foregoing persons, had any direct or indirect material interest, nor are there any such transactions currently contemplated by the Company, except for sales of products in the ordinary course of the Company's business to Lone Star RV, Inc., which in 2012 was, but in 2013 ceased to be, the beneficial owner of 5% of the Company's outstanding common stock. In 2012 such sales to Lone Star RV totaled approximately \$525,000. All of such sales were made pursuant to standard purchase orders and on the same terms, including prices, as sales in similar quantities of comparable products made by the Company to other unaffiliated customers and, in the aggregate, represented less than 0.05% of the Company's net sales in 2012. For these reasons, these sales were not considered to be material to the Company or its operating results.
