**4. Segment information:**

DOCOMO's chief operating decision maker ( CODM ) is its board of directors. The CODM evaluates the performance and makes resource allocations of its segments based on the information provided by DOCOMO's internal management reports. DOCOMO realigned its conventional five operating segments, which consist of mobile phone business, credit services business, home shopping services business, internet connection services business for hotel facilities, and miscellaneous businesses into three operating segments, which consist of mobile communications business, smart life business and other businesses from the three months ended June 30, 2014 in order to clearly define its business management of the mobile communications fields where DOCOMO is taking steps to reinforce its competitiveness, and the new business fields where DOCOMO is striving for its further expansion of revenue sources by making Smart Life a reality toward the establishment of a new path to grow.

The mobile communications business includes mobile phone services (Xi services and FOMA services), satellite mobile communications services, international services and the equipment sales related to these services. The smart life business includes video and music distribution, electronic books and other services offered through DOCOMO's dmarket portal, as well as finance/payment services, shopping services and various other life-related services. The other businesses primarily includes Mobile Phone protection and delivery services, as well as development, sales and maintenance of IT systems.

In connection with this realignment, segment information for the three months ended June 30, 2013 has been restated to conform to the presentation for the three months ended June 30, 2014.

Accounting policies used to determine segment operating revenues and operating profit or loss are consistent with those used to prepare the consolidated financial statements in accordance with U.S. GAAP.

**5. Contingencies:**

**(a) Litigation**

DOCOMO is involved in litigation and claims arising in the ordinary course of business. DOCOMO believes that none of the litigation or claims outstanding, pending or threatened against DOCOMO would have a materially adverse effect on DOCOMO's results of operations, financial position or cash flows.

**(b) Guarantees**

DOCOMO enters into agreements in the normal course of business that provide guarantees for counterparties. These counterparties include subscribers, related parties, foreign wireless telecommunications service providers and other business partners.

DOCOMO provides subscribers with guarantees for product defects of cellular phone handsets sold by DOCOMO, but DOCOMO is provided with similar guarantees by the handset vendors and no liabilities were recognized for these guarantees.

Though the guarantees or indemnifications provided in transactions other than those with the subscribers are different in each contract, the likelihood of almost all of the performance of these guarantees or indemnifications are remote and amount of payments DOCOMO could be claimed for is not specified in almost all of the contracts. Historically, DOCOMO has not made any significant guarantee or indemnification payments under such agreements. DOCOMO estimates the fair value of the obligations related to these agreements is not significant. Accordingly, no liabilities were recognized for these obligations.

**Table of Contents****NTT DOCOMO, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) - (Continued)****6. Fair value measurements:**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value according to observability. The inputs are described as follows:

Level 1 quoted prices in active markets for identical assets or liabilities

Level 2 inputs other than quoted prices included within Level 1 that are observable for the asset or liability

Level 3 unobservable inputs for the asset or liability

Certain assets and liabilities are measured at fair value on a nonrecurring basis in certain circumstances.

DOCOMO may be required to measure fair value of receivables held for sale, long-lived assets, equity securities whose fair values are not readily determinable, and other assets or liabilities on a nonrecurring basis.

DOCOMO's assets that were measured at fair value on a nonrecurring basis for the three months ended June 30, 2013 and 2014 were as follows:

	Millions of yen Three months ended June 30, 2013				Gains (losses) (before taxes)
	Total	Level 1	Level 2	Level 3	
Assets:					
Receivables held for sale	¥ 405,257	¥	¥ 405,257	¥	¥ (6,626)

	Millions of yen Three months ended June 30, 2014				Gains (losses) (before taxes)
	Total	Level 1	Level 2	Level 3	
Assets:					
Receivables held for sale	¥ 439,469	¥	¥ 439,469	¥	¥ (5,889)

Receivables held for sale

Receivables held for sale are measured at the lower of cost or fair value.

Receivables held for sale are classified as Level 2. DOCOMO measures the fair value of the receivables held for sale by discounting, at LIBOR-based discount rates, estimated future cash flows while taking into account factors such as default probabilities and loss severity of similar trade receivables.
