**Policy on Audit Committee Pre-Approval of Services of Independent Registered Public Accounting Firm**

Our Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. Prior to engagement of the independent registered public accounting firm for the following year's audit, management will submit to the Audit Committee for approval a description of services expected to be rendered during that year for each of following four categories of services:

*Audit services* include audit work performed in the preparation and audit of the annual financial statements, review of quarterly financial statements, reading of annual, quarterly and current reports, as well as work that generally only the independent auditor can reasonably be expected to provide, such as the provision of consents and comfort letters in connection with the filing of registration statements.

*Audit-related services* are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions and special procedures required to meet certain regulatory requirements.

*Tax services* consist principally of assistance with tax compliance and reporting, as well as certain tax planning consultations.

*Other services* are those associated with services not captured in the other categories. We generally do not request such services from our independent auditor.

Prior to the engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted, and the Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires

specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

**Required Vote and Recommendation of Board of Directors**

The affirmative vote of the holders of a majority of the shares present, in person or represented by proxy, and entitled to vote on the proposal at the Annual Meeting is required to ratify the appointment of the independent registered public accounting firm. Abstentions will have the same effect as voting against the proposal and broker non-votes will have no effect upon the proposal. If our stockholders do not ratify the selection of EKS&H, our Board of Directors will consider other independent auditors.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* RATIFICATION OF THE APPOINTMENT OF EKS&H LLLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2014.**

Commencing January 1, 2011, our policy has been that our non-employee directors are also required to meet in separate sessions without

management on a regularly scheduled basis four times a year. Generally, these meetings are expected to take place in conjunction with regularly scheduled meetings of the Board of Directors throughout the year.

### **Director Nominations and Stockholder Communications**

Our Nominating and Governance Committee's policy is to evaluate any recommendation for director nominee proposed by a stockholder. Our bylaws permit stockholders to nominate directors for consideration at an annual meeting, subject to certain conditions. Any recommendation for director nominee must be submitted in writing to:

Ampio Pharmaceuticals, Inc.

Attention: Corporate Secretary

373 Inverness Parkway, Suite 200

Englewood, Colorado 80112

The Nominating and Governance Committee generally identifies potential candidates for director by seeking referrals from our management and members of the Board of Directors and their various business contacts. There are currently no specific, minimum or absolute criteria for Board of Directors membership. Candidates are evaluated based upon factors such as independence, knowledge, judgment, integrity, character, leadership, skills, education, experience, financial literacy, standing in the community and ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths. There are no differences in the manner in which the Committee will evaluate nominees for director based on whether the nominee is recommended by a stockholder.

We have not implemented a formal policy or procedure by which our stockholders can communicate directly with our Board of Directors. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by the Board of Directors or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. We believe that we are responsive to stockholder communications, and therefore have not considered it necessary to adopt a formal process for stockholder communications with our Board. During the upcoming year, our Board of Directors will continue to monitor whether it would be appropriate to adopt such a policy. Communications will be distributed to the Board, or to any individual director or directors as appropriate, depending on the facts and circumstances outlined in the communications. Items that are unrelated to the duties and responsibilities of the Board of Directors may be excluded, such as:

junk mail and mass mailings;

resumes and other forms of job inquiries;

surveys; and

solicitations or advertisements.

In addition, any material that is unduly hostile, threatening, or illegal in nature may be excluded, provided that any communication that is excluded will be made available to any outside director upon request.

## **Director Independence**

Our common stock is listed on the NYSE MKT LLC. The NYSE MKT Rules require that a majority of the members of the Board of Directors be independent. The NYSE MKT Rules require that, subject to specified exceptions, each member of our Audit, Compensation, and Nominating and Governance Committees be independent. Audit Committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Exchange Act. Under the NYSE MKT Rules, a director will only qualify as an independent director if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In order to be considered to be independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee: (1) accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

In July 2014, our Board of Directors undertook a review of its composition, the composition of its committees and the independence of each director. Based upon information provided by each director concerning his or her background, employment and affiliations, including family relationships, our Board of Directors has determined that none of Messrs. Coelho, Giles and Stevens, representing three of our five directors, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is independent as that term is defined by the NYSE MKT Rules. Our Board of Directors also determined that Messrs. Giles, Coelho and Stevens, who comprise our Audit Committee and our Compensation Committee, and Messrs. Giles and Coelho, who comprise our Nominating and Governance Committee, satisfy the independence standards for those committees established by applicable SEC rules and the NYSE MKT Rules. In making this determination, our Board of Directors considered the relationships that each non-employee director has with our company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

### **Code of Business Conduct and Ethics**

We have adopted a code of business conduct and ethics that is applicable to all of our employees, officers and directors. The code is available on our web site, [www.ampiopharma.com](http://www.ampiopharma.com), under the Investors tab. We intend to disclose future amendments to, or waivers from, certain provisions of our code of business conduct and ethics, if any, on the above website within four business days following the date of such amendment or waiver.

### **Leadership Structure of the Board**

The Board of Directors does not currently have a policy on whether the same person should serve as both the chief executive officer and chairman of the Board of Directors or, if the roles are separate, whether the chairman should be selected from the non-employee directors or should be an employee. The Board of Directors believes that it should have the flexibility to make these determinations at any given point in time in the way that it believes best to provide appropriate leadership for us at that time. Our current chairman, Michael Macaluso, was appointed our chief executive officer effective January 9, 2012. Mr. Macaluso has served as a member of our Board of Directors since March 2010, and has been a member of the board of directors of Life Sciences from December 2009.

### **Risk Oversight**

The Board of Directors oversees risk management directly and through its committees associated with their respective subject matter areas. Generally, the Board of Directors oversees risks that may affect our business as a whole, including operational matters. The Audit Committee is responsible for oversight of our accounting and financial reporting processes and also discusses with management our financial statements, internal controls and other accounting and related matters. The Compensation Committee oversees certain risks related to compensation programs and the Nominating and Governance Committee oversees certain corporate governance risks. As part of their roles in overseeing risk management, these committees periodically report to the Board of Directors regarding briefings provided by management and advisors as well as the committees' own analysis and conclusions regarding certain risks faced by us. Management is responsible for implementing the risk management strategy and developing policies, controls, processes and procedures to identify and manage risks.

### **Involvement in Certain Legal Proceedings**

No director, executive officer, promoter or control person of our company has, during the last ten years: (i) been convicted in or is currently subject to a pending a criminal proceeding (excluding traffic violations and other minor offenses); (ii) been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to any Federal or state securities or banking or commodities laws including, without limitation, in any way limiting involvement in any business activity, or finding any violation with respect to such law, nor (iii) any bankruptcy petition been filed by or against the business of which such person was an executive officer or a general partner, whether at the time of the bankruptcy or for the two years prior thereto.

### **Family Relationships**

There are no family relationships between any of our directors or executive officers and employees, except (i) Raphael Bar-Or, a non-executive officer, is the son of David Bar-Or, M.D., our Chief Scientific Officer and a director, (ii) Rick Giles, our previous Director of Investor Relations, is the son of Richard Giles, a director, and (iii) Joshua Disbrow, our Chief Operating Officer and the Chief Executive Officer of Luoxis Diagnostics, Inc., an 80.9% owned subsidiary, is the brother of Jarrett Disbrow, president, Chief Executive Officer and director of our subsidiary Vyrix Pharmaceuticals, Inc.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

*Overview.* The following Compensation Discussion and Analysis describes the material elements of compensation for our executives identified in the Summary Compensation Table ( Named Executive Officers ). The Compensation Committee of the Board of Directors assists the Board of Directors in discharging the Board's responsibilities regarding compensation of our executives, including the Named Executive Officers. In particular, the Compensation Committee makes recommendations to the Board of Directors regarding the corporate goals and objectives relevant to executive compensation, evaluates executives' performance in light of such goals and objectives, and recommends the executives' compensation levels to the Board of Directors based on such evaluations. The Compensation Committee's recommendations relating to compensation matters are subject to approval by the Board.

*Compensation Philosophy and Objectives.* Our executive compensation program is designed to retain our executive officers and to motivate them to increase stockholder value on both an annual and longer term basis. These objectives are to be accomplished primarily by positioning us to maximize our product development efforts and to transform, over time, those efforts into collaboration revenues and income. To that end, compensation packages include significant incentive forms of stock-based compensation to ensure that each executive officer's interest is aligned with the interests of our stockholders.

### Named Executive Officers

For our most recently completed fiscal year (the year ended December 31, 2013), our Named Executive Officers were: (i) Michael Macaluso, our Chief Executive Officer, who has served as our Chief Executive Officer since January 9, 2012, (ii) Mark D. McGregor, our former Chief Financial Officer, who served as our Chief Financial Officer from April 2011 until June 10, 2014, (iii) David Bar-Or, M.D., our current Chief Scientific Officer, who has served as our Chief Scientific Officer since March 2010, (iv) Vaughan Clift, our current Chief Regulatory Affairs Officer, who has served as our Chief Regulatory Affairs Officer since March 2010, and (v) Joshua Disbrow, our current Chief Operating Officer, who has served as our Chief Operating Officer since December 15, 2012. We had no other executive officers serving during the year ended December 31, 2013.

### Executive Compensation Components

Our compensation program for our Named Executive Officers, consists of three components: (i) a base salary, (ii) discretionary bonuses based on performance, and (iii) equity compensation. Each of these components is reflected in the Summary Compensation Table below.

*Salaries.* The cash salaries paid to Messrs. Macaluso and Disbrow and Drs. Bar-Or and Clift were established at the time they became officers. Each of these persons has an employment agreement with us, a copy of which is an exhibit to, or incorporated by reference in, our annual report on Form 10-K for the fiscal year ended December 31, 2013. Mr. McGregor had been an at-will employee and did not have an employment agreement with us. Since the respective dates of their becoming Named Executive Officers, any increases in the salaries of our Named Executive Officers have been made at the discretion of the Compensation Committee. Mr. Macaluso and Dr. Bar-Or received no additional compensation for serving on our Board of Directors.

*Cash Incentive Compensation.* Cash incentive or bonus compensation is discretionary under our employment agreements with Drs. Bar-Or and Clift and Messrs. Macaluso and Disbrow. However, each employment agreement contains performance objectives tailored to the individual officer's duties, and provides for a target bonus of 50% of the officer's base salary, which is to take into account both employee performance and company performance. All cash incentive compensation grants are intended to be paid in accordance with Section 162(m) of the Code. In 2013, we

paid a cash bonus to Dr. Bar-Or of \$155,000, to Dr. Clift of \$130,000,

to Mr. Disbrow of \$127,500, to Mr. Macaluso of \$155,000 and to Mr. McGregor of \$20,000, which were awarded on a discretionary basis by the Compensation Committee based on the Compensation Committee's assessment of 2013 performance.

*Equity Compensation.* In 2013, we granted stock options to certain of our officers, directors and consultants for their services, all of which were granted pursuant to written agreements under the 2010 Plan. All future grants are expected to be made under the 2010 Plan. The vesting period for option grants varies.

*Perquisites.* We offer health benefits to all of our employees. None of our Named Executive Officers receives any further perquisites.

*Why Each Element of Compensation is Paid; How the Amount of Each Element is Determined.* The Compensation Committee intends to pay each of these elements in order to ensure that a desirable overall mix is established between base compensation and incentive compensation, cash and non-cash compensation, and annual and long-term compensation. The Compensation Committee also intends to evaluate on a periodic basis the overall competitiveness of our executive compensation packages as compared to packages offered in the marketplace for which we compete with executive talent. Overall, our Compensation Committee believes that our executive compensation packages are currently appropriately balanced and structured to retain and motivate our Named Executive Officers, while necessarily taking into account our presently limited financial resources.

*How Each Compensation Element Fits into Overall Compensation Objectives and Affects Decisions Regarding Other Elements.* In establishing compensation packages for executive officers, numerous factors are considered, including the particular executive's experience, expertise and performance, our operational and financial performance as a company, and compensation packages available in the marketplace for similar positions. In arriving at amounts for each component of compensation, our Compensation Committee strives to strike an appropriate balance between base compensation and incentive compensation. The Compensation Committee also endeavors to properly allocate between cash and non-cash compensation and between annual and long-term compensation.

*Risk Assessment.* Our Compensation Committee has reviewed our compensation program and believes that the program, including our cash incentive compensation and equity incentive compensation, does not encourage our Named Executive Officers to engage in any unnecessary or excessive risk-taking. As a result, the Compensation Committee has to date not implemented a provision for recovery by us of cash or incentive compensation bonuses paid to our Named Executive Officers.

*Role of Compensation Consultants in Executive Compensation Decisions.* The Compensation Committee has the authority to retain the services of third-party executive compensation specialists in connection with the establishment of the Company's compensation policies. The Compensation Committee did not use a compensation consultant in connection with setting 2013 executive compensation, and relied upon the professional and market experience of the Committee members in determining 2013 executive compensation. The Compensation Committee may engage a compensation consultant in the future if it deems such services to be appropriate and cost-justified.

*Role of Executives in Executive Compensation Decisions.* The Compensation Committee seeks input and specific recommendations from our Chief Executive Officer when discussing the performance of, and compensation levels for, executives other than himself. The Chief Executive Officer provides recommendations to the Compensation Committee regarding each executive officer's level of individual achievement other than himself. However, he is not a member of the Compensation Committee and does not vote. The Compensation Committee also works with our Chief Executive Officer and our Chief Financial Officer to evaluate the financial, accounting, tax and retention implications of our various compensation programs. Neither our Chief Executive Officer nor any of our other executives participates in deliberations relating to his or her own compensation.

## **Tax and Accounting Implications**

*Deductibility of Executive Compensation.* Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to certain executives of public companies. However, performance-based compensation that has been approved by stockholders is not subject to the \$1 million limit under Section 162(m) if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals, and the Board of Directors committee that establishes such goals consists only of outside directors. All members of the Compensation Committee qualify as outside directors. Additionally, stock options will qualify for the performance-based exception where, among other requirements, the exercise price of the option is not less than the fair market value of the stock on the date of the grant, and the plan includes a per-executive limitation on the number of shares for which options may be granted during a specified period.

## **Compensation Committee Interlocks and Insider Participation**

None of the members of our Compensation Committee is an officer or employee of our company. None of our executive officers currently serves, or in the past year has served, as a member of the Board of Directors or Compensation Committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

## **Compensation Committee Report**

The Compensation Committee of the Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Company's Annual Report on Form 10-K.

Submitted by the Compensation Committee of the Board of Directors

Philip H. Coelho

Richard B. Giles

David R. Stevens, Ph.D.

## Employment Agreements

In August, 2010, we entered into employment agreements with Dr. David Bar-Or, our chief scientific officer, and Dr. Vaughan Clift, our chief regulatory affairs officer. The employment agreement with Dr. Bar-Or supersedes his prior agreement with Life Sciences. Dr. Clift's employment agreement was amended on October 1, 2010 and May 26, 2011. The terms of the employment agreements with Dr. Bar-Or and Dr. Clift are substantially identical except as noted below. Each agreement has an initial term ending July 31, 2013. The agreements provide for annual salaries of \$300,000 for Dr. Bar-Or, and \$250,000 for Dr. Clift. On July 15, 2013, Ampio extended the Employment Agreements of Dr. David Bar-Or and Dr. Vaughan Clift for one additional year, expiring July 31, 2014 and on August 11, 2014, Ampio extended them for another additional year, expiring July 31, 2015. In connection with the July 2013 amendments, Dr. Bar-Or and Dr. Clift were awarded 300,000 and 170,000 options, respectively, for Ampio common stock at an exercise price of \$6.15 with 50% vesting upon grant and 50% after one year. In connection with the August 2014 amendments, Dr. Bar-Or and Dr. Clift were awarded 300,000 and 170,000 options, respectively, for Ampio common stock at an exercise price of \$6.48 with 50% vesting upon grant and 50% vesting on July 31, 2015. We entered into an employment agreement with Mr. Michael Macaluso, our chief executive officer, effective January 9, 2012 which provided for an annual salary of \$195,000, with an initial term ending January 9 2015. On October 1, 2013, Ampio increased Mr. Macaluso's annual salary from \$195,000 to \$300,000. We entered into an employment agreement with Mr. Joshua Disbrow, our chief operating officer, effective December 15, 2012. This agreement has an initial term ending December 15, 2015 and provides for an annual salary of \$210,000. Mr. Disbrow also receives an annual salary of \$35,000 from Luoxis effective June 16, 2013.

Each officer is eligible to receive a discretionary annual bonus each year that will be determined by the Compensation Committee of the Board of Directors based on individual achievement and company performance objectives established by the Compensation Committee. Included in those objectives, as applicable for the responsible officer, are (i) obtaining a successful phase 2 clinical trial for a drug to treat diabetic retinopathy, (ii) preparation and

compliance with a fiscal budget, (iii) the launch of a second clinical trial for an additional product approved by the Board of Directors, (iv) the sale of intellectual property not selected for clinical trials by the Company at prices, and times, approved by the Board of Directors and (v) making significant scientific discoveries acceptable to the Board of Directors. The targeted amount of each officer's annual bonus shall be 50% of the applicable base salary, although the actual bonus may be higher or lower.

The employment agreements provided for an initial grant of stock options to Dr. Bar-Or and Dr. Clift in the amount of 700,000 (subsequently reduced to 400,000) and 365,000 options, respectively. Each option is exercisable for a period of ten years at an exercise price per share equal to the quoted closing price of our common stock on August 11, 2010. The options have all vested. In connection with the extension of their employment agreements, Dr. Bar-Or and Dr. Clift were awarded 300,000 and 170,000 options, respectively, for Ampio common stock at an exercise price of \$6.15 with 50% vesting upon grant and 50% after one year. Mr. Disbrow was granted 450,000 (subsequently reduced to 400,000) stock options which vest as follows: (i) 88,880 options to purchase common stock vested on the grant date of December 15, 2012; (ii) 88,880 options to purchase common stock vest 365 days after the grant date; (iii) 111,120 options to purchase common stock vest 730 days after the grant date; and (iv) 111,120 options to purchase common stock vest 1,095 days after the grant date; and are exercisable for a period of ten years at an exercise price per share equal to the quoted closing price of our common stock on December 14, 2012. In the event of a change in control, all outstanding stock options held by all officers will become fully vested and exercisable. In the event of termination without cause or for good reason (as such terms are defined in the employment agreement), certain outstanding options held by Mr. Disbrow will become fully vested and exercisable and all outstanding options held by Drs. Bar-Or and Clift will become fully vested and exercisable.

### **Potential Payments Upon Termination or Change in Control**

If the employment of Mr. Disbrow, Dr. Bar-Or or Dr. Clift is terminated at our election at any time, for reasons other than death, disability, cause (as defined in the agreement) or a voluntary resignation, or if an officer terminates his employment for good reason, the officer in question shall be entitled to receive a lump sum severance payment equal to two times his base salary and of the continued payment of premiums for continuation of the officer's health and welfare benefits pursuant to COBRA or otherwise, for a period of two years from the date of termination, subject to earlier discontinuation if the officer is eligible for comparable coverage from a subsequent employer. Mr. Macaluso is not entitled to any such termination payments pursuant to the terms of his employment agreement. All severance payments, less applicable withholding, are subject to the officer's execution and delivery of a general release of us and our subsidiaries and affiliates and each of their officers, directors, employees, agents, successors and assigns in a form acceptable to us, and a reaffirmation of the officer's continuing obligation under the propriety information and inventions agreement (or an agreement without that title, but which pertains to the officer's obligations generally, without limitation, to maintain and keep confidential all of our proprietary and confidential information, and to assign all inventions made by the officer to us, which inventions are made or conceived during the officer's employment). If the employment is terminated for cause, no severance shall be payable by us.

Good Reason means:

a material reduction in the officer's overall responsibilities or authority or scope of duties;

a material reduction of the officer's compensation; or

relocation of the officer to a facility or location not within 40 miles of the state capitol building in Denver, Colorado.

Cause means:

willful malfeasance or willful misconduct in connection with employment;

conviction of, or entry of a plea of guilty or *nolo contendere* to, any crime other than a traffic violation or misdemeanor;

willful and deliberate violation of a company policy;

unintended but material breach of any written policy applicable to all employees which is not cured within 30 business days;

unauthorized use or disclosure of any proprietary information or trade secrets of the company;

willful and deliberate breach of the employment agreement;

any other material breach of the employment agreement which is not cured within 30 business days; or

gross negligence in the performance of duties.

Change in Control means the occurrence of any of the following events:

The acquisition by an individual, entity, or group, other than Ampio or any of its subsidiaries, of beneficial ownership of 50% or more of the combined voting power or economic interests of the then outstanding voting securities of Ampio entitled to vote generally in the election of directors (excluding any issuance of securities by Ampio in a transaction or series of transactions made principally for bona fide equity financing purposes);

The acquisition of Ampio by another entity by means of any transaction or series of related transactions to which Ampio is party (including, without limitation, any stock acquisition, reorganization, merger or consolidation but excluding any issuance of securities by Ampio in a transaction or series of related transactions made principally for bona fide equity financing purposes) other than a transaction or series of related transactions in which the holders of the voting securities of Ampio outstanding immediately prior to such transaction or series of related transactions retain, immediately after such transaction or series of related transactions, as a result of shares in Ampio held by such holders prior to such transaction or series of related transactions, at least a majority of the total voting power represented by the outstanding voting securities of Ampio or such other surviving or resulting entity (or if Ampio or such other surviving or resulting entity is a wholly-owned subsidiary immediately following such acquisition, its parent); or

The sale or other disposition of all or substantially all of the assets of Ampio in one transaction or series of related transactions.

In the event of a Change of Control, all outstanding stock options, restricted stock and other stock-based grants held by Mr. Macaluso, Mr. Disbrow, Dr. Bar-Or and Dr. Clift become fully vested and exercisable, and all such stock options remain exercisable from the date of the Change in Control until the expiration of the term of such stock options.

The following table provides estimates of the potential severance, change in control and other post-termination benefits that each of Messrs. Macaluso and Disbrow and Drs. Bar-Or and Clift would have been entitled to receive assuming their respective employment was terminated as of December 31, 2013 for the reason set forth in each of the columns.

- (1) The value of such benefits is determined based on the estimated cost of providing health benefits to the Named Executive Officer for the remaining term of the employment agreement.
- (2) Amounts represent the intrinsic value (that is, the value based upon the Company's stock price on December 31, 2013 of \$7.13 per share), minus the exercise price of the equity awards that would have become exercisable as of December 31, 2013.
- (3) Mr. Gregory A Gould was appointed to serve as the Chief Financial Officer, Treasurer and Corporate Secretary in June 2014 with a base salary of \$250,000 annually. Upon termination by the Company without cause or by the Named Executive Officer for Good Reason, he will receive two times his base salary.
- (4) Dr. Clift has a provision in his employment agreement that his options would all fully vest if he was let go without cause or if he left for good reason.
- (5) Mr. McGregor's unvested options have a value higher than the Company's stock price on December 31, 2013 of \$7.13 per share, therefore there is no intrinsic value.

In March 2013, Mr. Giles was granted an option to purchase 80,000 shares of common stock. This option has an exercise price of \$3.95 per share, which was the closing price of the Company's common stock on the date of grant (March 7, 2013). The option was fully vested as of the grant date and has a term of 10 years from the grant date. The amounts in this column reflect the grant date fair values of the stock awards based on the last reported sale price of the common stock at the dates of grant. Please see Notes to Consolidated Financial Statements Note 13 Equity Instruments in the Notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2013.

In January 2014, each of Messrs., Coelho and Giles and Dr. Stevens were awarded 1,403 shares of common stock pursuant to the 2010 Plan, at a price of \$7.13 per share, which was the closing price of the Company's common stock on the date of grant (January 2, 2014).

In June 2014, Mr. Giles was granted an option to purchase 70,000 shares of common stock. This option has an exercise price of \$6.96 per share, which was the closing price of the Company's common stock on the Friday prior to the date of grant (June 8, 2014). The option was fully vested as of the grant date and has a term of 10 years from the grant date.

## **REPORT OF THE AUDIT COMMITTEE**

The Audit Committee evaluates auditor performance, manages relations with the Company's independent registered public accounting firm, and evaluates policies and procedures relating to internal control systems. The Audit Committee operates under a written Audit Committee Charter that has been adopted by the Board, a copy of which is available on the Company's website. All members of the Audit Committee currently meet the independence and qualification standards for Audit Committee membership set forth in the listing standards provided by NYSE MKT LLC and the SEC.

The Audit Committee members are not professional accountants or auditors. The members' functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Audit Committee serves a board-level oversight role in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. The Company's management has the primary responsibility for the financial statements and reporting process, including the Company's system of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2013. This review included a discussion of the quality and the acceptability of the Company's financial reporting, including the nature and extent of disclosures in the financial statements and the accompanying notes. The Audit Committee also reviewed the progress and results of the testing of the design and effectiveness of its internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee also reviewed with the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality and the acceptability of the Company's financial reporting and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61, as adopted by the Public Company Accounting Oversight Board. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by the Public Company Accounting Oversight Board. The Audit Committee discussed with the independent registered public accounting firm their independence from management and the Company, including the matters required by the applicable rules of the Public Company Accounting Oversight Board.

In addition to the matters specified above, the Audit Committee discussed with the Company's independent registered public accounting firm the overall scope, plans and estimated costs of their audit. The Committee met with the independent registered public accounting firm periodically, with and without management present, to discuss the results of the independent registered public accounting firm's examinations, the overall quality of the Company's financial reporting and the independent registered public accounting firm's reviews of the quarterly financial statements, and drafts of the quarterly and annual reports.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements should be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

## CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

### Related Party Transactions

In addition to the director and executive compensation arrangements discussed above in *Executive Compensation*, we or Life Sciences have been a party to the following transactions since January 1, 2011 in which the amount involved exceeded or will exceed \$120,000, and in which any director, executive officer or holder of more than 5% of any class of our voting stock, or any member of the immediate family of or entities affiliated with any of them, had or will have a material interest.

Life Sciences has a sponsored research agreement with Trauma Research LLC, or TRLLC, an entity owned by Dr. Bar-Or. Under the terms of the research agreement, Life Sciences is to provide personnel and equipment with an equivalent value of \$263,750 per year and to make monthly equipment rental payments of \$7,236 on behalf of TRLLC. In exchange, TRLLC will assign any intellectual property rights it develops on our behalf under the research agreement. The research agreement expires in 2014 and may be terminated by either party on six months' notice or immediately if either party determines that the other is not fulfilling its obligations under the agreement. Life Sciences was current in its financial obligations under the research agreement at December 31, 2011 and June 30, 2012.

Life Sciences has license agreements with the Institute for Molecular Medicine, Inc. a nonprofit research organization founded by Dr. Bar-Or, who also serves as its executive director. The license agreements were assigned to Life Sciences as a part of the asset purchase from BioSciences. Under the license agreements, Life Sciences pays the costs associated with obtaining and maintaining intellectual property subject to the license agreements. In the license covering certain Methylphenidate derivatives, Life Sciences is entitled to deduct twice the amounts it has paid to maintain the intellectual property from any amounts that may become due to the Institute for Molecular Medicine, Inc. under the license agreement, if and when the intellectual property becomes commercially viable and generates revenue. We paid \$141,436 and \$122,599 during the years ended 2012 and 2011, respectively, in legal and patent fees to maintain the intellectual property of the Institute for Molecular Medicine, Inc. In March 2013, the patents were transferred to Luoxis Diagnostics, an 80.9% subsidiary of Ampio, in exchange for Luoxis stock valued at \$50,000.

Immediately prior to the closing of the merger between Life Sciences and a subsidiary of Chay Enterprises in March 2010, Chay Enterprises accepted subscriptions for an aggregate of 1,325,000 shares of common stock from six officers and employees of Life Sciences, for a purchase price of \$150,000. Mr. Wingerter, our former chief executive officer, purchased 325,000 of such shares for a purchase price of approximately \$36,800 which was advanced on his behalf by Life Sciences. Dr. Clift acquired 575,000 shares for a purchase price of approximately \$65,000, which was likewise advanced by Life Sciences, and transferred such shares to his wife, Kristin Clift. Life Sciences made advances to the other four non-executive officers and employees in the additional amount of approximately \$48,000 to facilitate these share purchases. These shares were issued immediately before the closing of the Chay Enterprises merger but after the stockholders of Chay Enterprises had approved the merger. Life Sciences was not a public company at the time such advances were made. The advances are non-interest bearing and due on demand and are classified as a reduction to stockholders' equity. During the year ended December 31, 2012, one advance of \$36,883 was repaid. As of December 31, 2013, the advances to employees had a balance of \$90,640.

In August 2010, Mr. Macaluso and Mr. Giles, both members of our Board of Directors, together with an affiliate of Mr. Giles, purchased convertible debentures from us for \$430,000. The debentures were issued in principal amounts of \$230,000, \$100,000 and \$100,000, respectively, to Mr. Macaluso, Mr. Giles, and James A. Ludvik. Mr. Ludvik is the sole owner of Ludvik Electric Co., for which Mr. Giles serves as the chief financial officer. The debentures accrued interest at the rate of 8% per annum. The principal and accrued interest of the debentures were converted into our common stock at a conversion price of \$1.75 per share on February 28, 2011, on the same terms under which convertible debentures issued to non-affiliates were converted.

In conjunction with the issuance of the debentures, we issued warrants to Messrs. Macaluso, Giles and Ludvik representing the right to purchase an aggregate of 21,500 shares of our common stock. We paid no commission in connection with the sale of the debentures and the warrants, and did not engage a placement agent to assist it in the sale of these unregistered securities. Upon closing of a bridge financing of the Company in November 2010, we reserved an additional 27,643 shares for issuance to Messrs. Macaluso, Giles and Ludvik for most favored nation adjustments to the warrants previously issued to these persons.

In 2010, Dr. Bar-Or, Mr. Miller and Dr. Clift deferred salaries in the amounts of \$85,313, \$67,500, and \$64,833, respectively, due to the limited financial resources available to us during these periods. These deferred salaries were paid to the officers in question in April 2011 following the closing of the 2011 Private Placement.

Mr. McGregor purchased 20,000 shares of common stock in the 2011 Private Placement in March 2011, prior to his becoming our Chief Financial Officer on April 4, 2011. Mr. Giles purchased 32,000 shares of common stock in the 2011 Private Placement. Such purchases were on terms identical to those extended to unaffiliated purchasers in the 2011 Private Placement.

Upon the formation of Life Sciences, shares of common stock issued to Mr. Miller, James Winkler, M.D., and Raphael Bar-Or, as well as Wannell Crook, were subject to vesting requirements under which one-third of the shares vested immediately, one-third vested monthly from April 16, 2010 to April 16, 2011, and the remainder vesting monthly through April 16, 2012. The second and third tranches were subject to accelerated vesting based on development milestones being achieved by Life Sciences. In April 2011, the Board of Directors determined that the milestones for accelerated vesting had been met and that the portion of the shares that was unvested would vest immediately. All vested shares remain subject to contractual lockup agreements entered into in connection with the acquisition of BioSciences in March 2011.

We are party to a sponsored research agreement with Trauma Research LLC, a related party controlled by our director and Chief Scientific Officer, Dr. Bar-Or. We rely primarily on Trauma Research LLC to conduct pre-clinical studies and provide assessments of clinical observations. In addition, our 80.9% owned subsidiary, Luoxis, is party to an agreement with Trauma Research LLC, under which Luoxis pays Trauma Research LLC for services related to research and development of Luoxis's Oxidation-Reduction Potential platform. In March 2014, we entered into an addendum to the sponsored research agreement that extends the term of the original agreement through March 31, 2019, contains a no termination period through March 31, 2017 and significantly modifies and expands the research activities in support of our and Luoxis's business plans. In exchange for Trauma Research LLC extending the terms of the original agreement and for the expanded services, we and Luoxis have agreed to prepay Trauma Research LLC in the aggregate amounts of \$725,000 and \$615,000, respectively, during 2014.

### **Indemnification of Officers and Directors**

We have entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements and our certificate of incorporation and bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law.

### **Policies and Procedures for Related Party Transactions**

We have adopted a formal written policy that our executive officers, directors, nominees for election as directors, beneficial owners of more than 5% of any class of our common stock and any member of the immediate family of any of the foregoing persons, are not permitted to enter into a related party transaction with us without the prior consent of our Audit Committee, subject to the pre-approval exceptions described below. If advance approval is not feasible then the related party transaction will be considered at the Audit Committee's next regularly scheduled meeting. In approving or rejecting any such proposal, our Audit Committee is to consider the relevant facts and circumstances

available and deemed relevant to our Audit Committee, including,

but not limited to, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction. Our Board of Directors has delegated to the chair of our Audit Committee the authority to pre-approve or ratify any request for us to enter into a transaction with a related party, in which the amount involved is less than \$120,000 and where the chair is not the related party. Our Audit Committee has also reviewed certain types of related party transactions that it has deemed pre-approved even if the aggregate amount involved will exceed \$120,000, including employment of executive officers, director compensation, certain transactions with other organizations, transactions where all stockholders receive proportional benefits, transactions involving competitive bids, regulated transactions and certain banking-related services.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information regarding beneficial ownership of our common stock as of June 30, 2014, by:

each person or group of affiliated persons known by us to be the beneficial owner of more than 5% of our common stock;

each of our Named Executive Officers;

each of our directors; and

all executive officers and directors as a group.

We have determined beneficial ownership in accordance with SEC rules. The information does not necessarily indicate beneficial ownership for any other purpose. Under these rules, the number of shares of common stock deemed outstanding includes shares issuable upon exercise of options and warrants held by the respective person or group which may be exercised within 60 days after June 30, 2014. For purposes of calculating each person's or group's percentage ownership, stock options and warrants exercisable within 60 days after June 30, 2014 are included for that person or group but not the stock options, debentures, or warrants of any other person or group. Applicable percentage ownership is based on 51,937,431 shares of common stock outstanding at June 30, 2014.

Unless otherwise indicated and subject to any applicable community property laws, to our knowledge, each stockholder named in the following table possesses sole voting and investment power over the shares listed. Unless otherwise noted below, the address of each stockholder listed on the table is c/o Ampio Pharmaceuticals, Inc., 373 Inverness Parkway, Suite 200, Englewood, Colorado 80112.

#### **SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who beneficially own greater than 10% of a registered class of its equity securities to file certain reports with the SEC with respect to ownership and changes in ownership of the Common Stock and our other equity securities. Prior to our listing on the NYSE MKT LLC, our common stock was listed on the NASDAQ Capital market and was previously registered pursuant to Section 15(d) of the Exchange Act. Upon our listing on the NASDAQ Capital Market, our executive officers, directors and greater than 10% stockholders became subject to the filing obligations described in Section 16(a).

On January 8, 2013, Joshua Disbrow, our chief operating officer, filed a Form 3 and a Form 4 pursuant to Section 16(a) of the Exchange Act. These reports were not timely filed. The Form 3 was due within 10 days after December 15, 2012 when Mr. Disbrow became an executive officer of the Company, and the Form 4 was due within 2 days December 15, 2012 when Mr. Disbrow received a grant of options from the Company.

Other than as described above, none of our executive officers or directors engaged in any transaction that would have been required to be reported under Section 16(a) of the Exchange Act during the period starting on the date the reports were originally due and ending on the date such reports were filed. To our knowledge, no shareholder beneficially owns more than 10% of our common stock.
