On September 8, 2014, Flowserve Corporation (the Company) announced that Lynn L. Elsenhans, former Executive Chairman, President and Chief Executive Officer of Sunoco, Inc., has been elected by the Company's Board of Directors (the Board) as a new member of the Board, effective September 8, 2014. Ms. Elsenhans, 58, served as Executive Chairman of Sunoco, Inc., a petroleum, petrochemical logistics and retail company, from January 2009 until May 2012, and as Chief Executive Officer and President from August 2008 until March 2012. She also served as Chairman of Sunoco Logistics Partners L.P. from October 2008 until May 2012, and as Chief Executive Officer from July 2010 until March 2012. Prior to her service with Sunoco, she worked for Royal Dutch Shell in various capacities for more than 28 years including as executive vice president of global manufacturing. Ms. Elsenhans fills the newly created directorship resulting from the increase in Board members under the Company's By-Laws disclosed in Item 5.03 below. In connection with her election to the Board, Ms. Elsenhans has also been appointed as a member of the Finance Committee and the Organization and Compensation Committee of the Board. She is expected to be nominated for reelection by the Company's shareholders at the 2015 annual meeting of shareholders.

The Board has made an affirmative determination that Ms. Elsenhans qualifies as an independent director under the New York Stock Exchange listing standards and the Company's standards for director independence. There have been no transactions directly or indirectly involving Ms. Elsenhans that would be required to be disclosed pursuant to Item 404(a) of Regulation S-K under the Securities Exchange Act of 1934.

Ms. Elsenhans will be compensated for her service on the Board in accordance with the Company's compensatory and other arrangements for non-employee directors, which are described in detail in the Company's definitive proxy statement dated April 11, 2014, under the heading Board of Directors Compensation.
