Item 7.01. Regulation FD

As previously disclosed, on November 11, 2014, Tredegar Corporation (Tredegar or the Company) presented at Baird s Industrial Conference and the slides utilized in the Company s presentation were posted to the Company s website at www.tredegar.com under the Investors tab. In accordance with General Instruction B.2 of Form 8-K, the information in Item 7.01 of this Current Report on Form 8-K, including the exhibits hereto, shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section. A cautionary note about forward-looking statements: Some of the information contained in this Current Report may constitute forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. When we use the words believe, estimate, anticipate, expect, project, likely, similar expressions, we do so to identify forward-looking statements. Such statements are based on our then current expectations and are subject to a number of risks and uncertainties that could cause actual results to differ materially from those addressed in the forward-looking statements. It is possible that our actual results and financial condition may differ, possibly materially, from the anticipated results and financial condition indicated in or implied by these forward-looking statements. Accordingly, you should not place undue reliance on these forward-looking statements. Factors that could cause actual results to differ from expectations include, without limitation: acquired businesses, including Terphane Holdings LLC (Terphane) and AACOA, Inc. (AACOA), may not achieve the levels of revenue, profit, productivity, or otherwise perform as we expect; acquisitions, including our acquisitions of Terphane and AACOA, involve special risks, including without limitation, diversion of management s time and attention from our existing businesses, the potential assumption of unanticipated liabilities and contingencies and potential difficulties in integrating acquired businesses and achieving anticipated operational improvements; Film Products is highly dependent on sales to one customer The Procter & Gamble Company; growth of Film Products depends on its ability to develop and deliver new products at competitive prices; sales volume and profitability of Aluminum Extrusions are cyclical and highly dependent on economic conditions of end-use markets in the U.S., particularly in the construction sector, and are also subject to seasonal slowdowns; our substantial international operations subject us to risks of doing business in foreign countries, which could adversely affect our business, financial condition and results of operations; our future performance is influenced by costs incurred by our operating companies, including, for example, the cost of energy and raw materials; and the other factors discussed in the reports Tredegar files with or furnishes to the SEC from time to time, including the risks and important factors set forth in additional detail in Risk Factors in Part I, Item 1A of Tredegar s 2013 Annual Report on Form 10-K (the 2013 Form 10-K) filed with the SEC. Readers are urged to review and consider carefully the disclosures Tredegar makes in its filings with the SEC, which include the 2013 Form 10-K.

Tredegar does not undertake, and expressly disclaims any duty, to update any forward-looking statement made in this Current Report to reflect any change in management s expectations or any change in conditions, assumptions or

circumstances on which such statements are based.

To the extent that the financial information portion of the investor presentation attached as Exhibit 99.1 contains non-GAAP financial measures, it also presents both the most directly comparable financial measures calculated and presented in accordance with GAAP and a quantitative reconciliation of the difference between any such non-GAAP measures and such comparable GAAP financial measures. Accompanying the reconciliation is management's statement concerning the reasons why management believes that presentation of non-GAAP measures provides useful information to investors concerning Tredegar's financial condition and results of operations. Reconciliations of non-GAAP financial measures are provided in the GAAP Reconciliations section included with the investor presentation attached as Exhibit 99.1 and can also be found within Presentations in the Investors section of its website, www.tredegar.com. Tredegar uses its website as a channel of distribution of material company information.
