PART III NARRATIVE

State below in reasonable detail the reasons why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

On May 21, 2014 (Funding Date), the Company's wholly-owned subsidiary, American Shale Development Inc. (American Shale), entered into a purchase and sale agreement (the Republic PSA) with its joint venture partner, Republic Energy Ventures (Republic). Under the Republic PSA, for \$15 million, American Shale sold (i) an undivided interest across certain of its undeveloped leasehold amounting to approximately 2,239 net acres, (ii) an over-riding royalty interest of 1.5% in certain of its leasehold in Wetzel County, West Virginia, and (iii) an over-riding royalty interest of 1.0% in six (6) wells that are currently being drilled in Marshall County, West Virginia. The consideration was paid in the form of a credit against expenses incurred by Republic on behalf of American Shale. American Shale reserved the right to receive 25% of the net profits earned by Republic on the assets sold by American Shale under the Republic PSA. American Shale has the option to repurchase the undivided interest across all of its undeveloped leasehold, plus the over-riding royalty interest in its Wetzel County leasehold, for \$15 million if (i) such payment is made within six (6) months of the Funding Date, or (ii) a purchase and sale agreement that would allow for such repayment by American Shale is signed within such period and the transaction contemplated therein is closed prior to December 31, 2014. The Company has recognized a deferred gain on sale of assets in the current liabilities section of the Condensed Consolidated Balance Sheet in the amount of \$6,959,816 because the Company has the option of repurchasing the undivided interest across all of its undeveloped leasehold, plus the overriding royalty interest in its Wetzel County leasehold by December 31, 2014.

Although the deferred gain of \$6,959,816 noted above represents a credit on our balance sheet that will never be repaid in cash (i.e., it will either be realized in earnings upon expiration of American Shale's repurchase option, or will be reclassified back to American Shale's property balance upon its exercise of the repurchase option), we believe that

such amount results in our current ratio not exceeding 1-to-1 as of September 30, 2014, as required by the covenants of our out credit agreement (the Credit Agreement) with Morgan Stanley Capital Group Inc. (Morgan Stanley), as the administrative agent, and several lenders thereunder (collectively, the Lenders).

The Credit Agreement provides that the failure to observe any financial covenant will constitute an event of default, and Morgan Stanley, at the request of the majority Lenders, may terminate the commitments under the Credit Agreement and cause all of the Company s obligations under the Credit Agreement to immediately become due and payable, upon notice to the Company. The event of default is deemed continuing until waived in writing by the Lenders. The Company has entered into discussions with the Lenders in hopes of obtaining a favorable resolution to the situation. No assurances can be given at this time that the matter will be resolved in a satisfactory manner.

In the event we are unable to obtain a waiver of default from the Lenders, there would be substantial doubt about our ability to continue as a going concern as all outstanding obligations under the Credit Agreement would come due (approximately \$113,093,750.00 as of November 14, 2014) and would be required to be reflected on the balance sheet as current maturities on long-term debt.
