**Table of Contents****Performance Summary** (unaudited)**WisdomTree Australia Dividend Fund (AUSE)****Sector Breakdown** as of 9/30/14

<b>Sector</b>	<b>% of Net Assets</b>
Financials	19.1%
Materials	14.3%
Industrials	14.3%
Consumer Staples	13.6%
Consumer Discretionary	12.7%
Energy	6.9%
Healthcare	6.8%
Telecommunication Services	6.0%
Information Technology	3.8%
Utilities	1.6%
Other Assets less Liabilities	0.9%
<b>Total</b>	<b>100.0%</b>

The Fund's sector breakdown is expressed as a percentage of net assets and may change over time. In addition, a sector may be comprised of several industries. It does not include derivatives (if any).

Other assets includes investment of cash collateral for securities on loan (if any).

**Top Ten Holdings\*** as of 9/30/14

<b>Description</b>	<b>% of Net Assets</b>
Metcash Ltd.	3.6%
Insurance Australia Group Ltd.	2.6%
National Australia Bank Ltd.	2.5%
Telstra Corp., Ltd.	2.4%
Mineral Resources Ltd.	2.4%
Tatts Group Ltd.	2.4%
Toll Holdings Ltd.	2.4%
Coca-Cola Amatil Ltd.	2.2%
Suncorp Group Ltd.	2.2%
Westpac Banking Corp.	2.2%

\*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes investment of cash collateral for securities on loan (if any).

The WisdomTree Australia Dividend Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Australia Dividend Index.

The Fund returned -6.63% at net asset value (NAV) for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Telecommunication Services. The Fund's position in Materials created the greatest drag on performance.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to

## Edgar Filing: WisdomTree Trust - Form N-CSRS

calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2014, the Fund's annual expense ratio was 0.58%.**

**Performance** as of 9/30/14

	Average Annual Total Return				Since Inception <sup>1</sup>
	6-Month*	1 Year	3 Year	5 Year	
Fund NAV Returns	-6.63%	-3.97%	10.02%	5.66%	7.42%
Fund Market Price Returns	-7.17%	-3.96%	10.58%	5.54%	7.33%
<i>WisdomTree Pacific ex-Japan Equity Income/ Australia Dividend Spliced Index<sup>2</sup></i>	-6.51%	-3.65%	10.30%	5.96%	7.91%
<i>MSCI Pacific ex-Japan Value/MSCI Australia Spliced Index<sup>3</sup></i>	-5.38%	-0.65%	11.05%	6.51%	6.97%

\* Returns of less than one year are cumulative.

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NYSE Arca, Inc. on June 16, 2006.

<sup>2</sup> WisdomTree Pacific ex-Japan Equity Income Index through June 17, 2011; WisdomTree Australia Dividend Index thereafter.

<sup>3</sup> MSCI Pacific ex-Japan Value Index through June 17, 2011; MSCI Australia Index thereafter.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

The WisdomTree Europe SmallCap Dividend Fund (the "Fund") seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Europe SmallCap Dividend Index.

The Fund returned -13.40% at net asset value (NAV) for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Norway. The Fund's position in Italy created the greatest drag on performance.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV

## Edgar Filing: WisdomTree Trust - Form N-CSRS

return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2014, the Fund's annual expense ratio was 0.58%.**

The WisdomTree International SmallCap Dividend Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree International SmallCap Dividend Index.

The Fund returned -6.89% at net asset value (NAV) for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Japan. The Fund's position in Australia created the greatest drag on performance.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV

## Edgar Filing: WisdomTree Trust - Form N-CSRS

return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2014, the Fund's annual expense ratio was 0.58%.**

## Edgar Filing: WisdomTree Trust - Form N-CSRS

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2014, the Fund's net and gross annual expense ratios were 0.43% and 0.48%, respectively. WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.43% through July 31, 2015, unless earlier terminated by the Board of Trustees of the Trust for any reason at any time.**

**Performance** as of 9/30/14

	<b>Cumulative Total Return Since Inception<sup>1</sup></b>
Fund NAV Returns	10.69%
Fund Market Price Returns	12.86%
<i>WisdomTree Japan Hedged Real Estate Index</i>	<i>11.03%</i>
<i>MSCI Japan Local Currency Index</i>	<i>13.54%</i>

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NYSE Arca, Inc. on April 8, 2014.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

The WisdomTree Japan Hedged SmallCap Equity (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Japan Hedged SmallCap Equity Index.

The Fund returned 9.21% at net asset value (NAV) for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Industrials. The Fund's position in Materials created the greatest drag on performance.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the

## Table of Contents

### **Description of Indexes** (unaudited)

Below are descriptions of each Index referenced in this report:

The **MSCI Australia Index** is comprised of large- and mid-capitalization segments of the Australia market.

The **MSCI EAFE Index** is a market cap-weighted index composed of companies representative of the developed market structure of 21 developed countries in Europe, Australasia and Japan.

The **MSCI EAFE Local Currency Index** is a free float-adjusted market capitalization weighted index that is designed to measure developed market equity performance, excluding the U.S. and Canada. The index is calculated using the same methodology as its corresponding MSCI EAFE Index in U.S. dollars, with the key difference being the currency in which the securities are quoted in. The price used for each security in the local currency index is the local price, on the primary exchange on which a security is traded, with no conversion into U.S. dollars.

The **MSCI EAFE Mid Cap Index** is a free float-adjusted market capitalization index that is designed to measure the performance of mid-capitalization equities in the developed markets excluding the U.S. and Canada.

The **MSCI EAFE Small Cap Index** is comprised of small-capitalization stocks in the MSCI EAFE Index.

The **MSCI EAFE Value Index** is comprised of value stocks in the MSCI EAFE Index.

The **MSCI Europe Index** is a free float-adjusted market capitalization index that is designed to measure the performance of large- and mid-cap stocks within 15 developed market European countries.

The **MSCI Europe Small Cap Index** is comprised of small-capitalization stocks in the MSCI Europe Index.

The **MSCI European Economic and Monetary Union (EMU) Local Currency Index** is a free float-adjusted market capitalization weighted index that is designed to measure the equity market performance of the developed market countries within the EMU. The securities are priced in local currency terms with no conversion into U.S. dollars.

The **MSCI Germany Local Currency Index** is a capitalization weighted index that measures the performance of the Germany equity market and provides local currency returns, which are not translated back to U.S. dollars.

The **MSCI Japan Index** is a capitalization weighted index that is comprised of stocks in Japan.

The **MSCI Japan Local Currency Index** is a free float-adjusted market capitalization index that is designed to measure developed market equity performance in Japan and uses the same methodology as its corresponding MSCI Japan Index. The price used for each security in the local currency index is the local price, on the primary exchange on which a security is traded, with no conversion into U.S. dollars.

The **MSCI Japan Small Cap Index** is comprised of small cap stocks in the MSCI Japan Index.

The **MSCI Japan Small Cap Local Currency Index** is a free float-adjusted market capitalization index that is designed to measure the performance of small cap stocks within Japan and provides local currency returns, which are not translated back to U.S. dollars.

The **MSCI Pacific ex-Japan Index** is a subset of the MSCI EAFE Index that is comprised of stocks in Australia, Hong Kong, Singapore and New Zealand.

The **MSCI Pacific ex-Japan Value Index** is comprised of value stocks in the MSCI Pacific ex-Japan Index.

The **MSCI Korea Local Currency Index** is a free float-adjusted market capitalization weighted index designed to measure the performance of the South Korean equity market and provides local currency returns, which are not translated back to U.S. dollars.

**Table of Contents**

**Description of Indexes** (unaudited) (continued)

The **MSCI United Kingdom Local Currency Index** is a capitalization weighted index that measures the performance of the British equity market and provides local currency returns, which are not translated back to U.S. dollars.

The **WisdomTree Australia Dividend Index** is comprised of dividend-paying companies incorporated in Australia.

The **WisdomTree DEFA Equity Income Index** is comprised of companies with high dividend yields selected from the WisdomTree DEFA Index.

The **WisdomTree DEFA Index** is comprised of dividend-paying companies in the industrialized world, excluding Canada and the United States.

The **WisdomTree DEFA International Hedged Equity Index** is comprised of dividend-paying companies in the industrialized world, excluding Canada and the United States, and is designed to neutralize exposure to fluctuations between the value of the U.S. dollar and non-U.S. currencies reflected in the index. This index is based on the WisdomTree DEFA Index.

The **WisdomTree Europe Dividend Growth Index** is a fundamentally weighted index that measures the performance of dividend-paying common stocks with growth characteristics selected from the WisdomTree DEFA Index.

The **WisdomTree Europe Hedged Equity Index** is designed to provide exposure to European equities while at the same time neutralizing exposure to fluctuations between the Euro and the U.S. dollar.

The **WisdomTree Europe SmallCap Dividend Index** is comprised of the small-capitalization segment of the European dividend-paying market.

The **WisdomTree Germany Hedged Equity Index** is designed to provide exposure to Germany equity markets while at the same time neutralizing exposure to fluctuations of the Euro movements relative to the U.S. dollar. In this sense, the Index hedges against fluctuations in the relative value of the Euro against the U.S. dollar.

The **WisdomTree International Dividend ex-Financials Index** is comprised of high dividend-yielding international stocks outside the financial sector.

The **WisdomTree International Dividend Top 100 Index** is comprised of the 100 highest dividend-yielding companies in the WisdomTree International LargeCap Dividend Index.

The **WisdomTree International Hedged Dividend Growth Index** is designed to provide exposure to the developed market companies while at the same time neutralizing exposure to fluctuations between the value of foreign currencies and the U.S. dollar.

The **WisdomTree International LargeCap Dividend Index** is comprised of the large-capitalization segment of the dividend-paying market in the industrialized world outside the U.S. and Canada.

The **WisdomTree International MidCap Dividend Index** is comprised of the mid-capitalization segment of the dividend-paying market in the industrialized world outside the U.S. and Canada.

The **WisdomTree International SmallCap Dividend Index** is comprised of the small-capitalization segment of the dividend-paying market in the industrialized world outside the U.S. and Canada.

The **WisdomTree Japan Dividend Index** is comprised of dividend-paying companies incorporated in Japan, listed on the Tokyo Stock Exchange and that meet other requirements necessary to be included in the WisdomTree DEFA Index.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The **WisdomTree Japan Hedged Capital Goods Index** is designed to provide exposure to Japanese capital goods companies while at the same time neutralizing exposure to fluctuations between the Yen and the U.S. dollar.

The **WisdomTree Japan Hedged Equity Index** is designed to provide exposure to Japanese equity markets while at the same time neutralizing exposure to fluctuations of the Japanese Yen movements relative to the U.S. dollar. This index is based on the WisdomTree Japan Dividend Index.

24 WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds

---

**Table of Contents**

**Description of Indexes** (unaudited) (concluded)

The **WisdomTree Japan Hedged Financials Index** is designed to provide exposure to Japanese financial companies while at the same time neutralizing exposure to fluctuations between the Yen and the U.S. dollar.

The **WisdomTree Japan Hedged Health Care Index** is designed to provide exposure to Japanese health care companies while at the same time neutralizing exposure to fluctuations between the Yen and the U.S. dollar.

The **WisdomTree Japan Hedged Real Estate Index** is designed to provide exposure to Japanese real estate companies while at the same time neutralizing exposure to fluctuations between the Yen and the U.S. dollar.

The **WisdomTree Japan Hedged SmallCap Equity Index** is designed to provide exposure to the small-capitalization segment of the Japanese equity markets while at the same time neutralizing exposure to fluctuations of the Japanese Yen movements relative to the U.S. dollar.

The **WisdomTree Japan Hedged Tech, Media and Telecom Index** is designed to provide exposure to Japanese tech, media, and telecom companies while at the same time neutralizing exposure to fluctuations between the Yen and the U.S. dollar.

The **WisdomTree Japan SmallCap Dividend Index** is comprised of dividend-paying small-capitalization companies in Japan.

The **WisdomTree Korea Hedged Equity Index** is designed to provide exposure to Korean equity markets while at the same time neutralizing exposure to fluctuations of the Korean Won movements relative to the U.S. dollar.

The **WisdomTree Pacific ex-Japan Dividend Index** is comprised of dividend-paying companies incorporated in the Pacific region, excluding Japan.

The **WisdomTree Pacific ex-Japan Equity Income Index** is comprised of companies with high dividend yields selected from the WisdomTree Pacific ex-Japan Dividend Index.

The **WisdomTree United Kingdom Hedged Equity Index** is designed to provide exposure to United Kingdom equity markets while at the same time neutralizing exposure to fluctuations of the British Pound movements relative to the U.S. dollar.

Index performance information assumes the reinvestment of net dividends and excludes management fees, transaction costs and expenses. You cannot directly invest in an index.

**Table of Contents**

**Shareholder Expense Examples** (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of cost: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from April 1, 2014 to September 30, 2014.

**Actual expenses**

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled **Expenses Paid During the Period 4/1/14 to 9/30/14** to estimate the expenses you paid on your account during the period.

**Hypothetical example for comparison purposes**

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Expenses are calculated using each Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 183/365 (to reflect the one-half year period).

\* WisdomTree Asset Management, Inc. has contractually agreed to limit the Management Fee to 0.43% through July 31, 2015, unless earlier terminated by the Board of Trustees of the Trust for any reason at any time.

<sup>1</sup> Fund commenced operations on May 7, 2014. Actual expenses are calculated using the Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 147/365 (to reflect the period since commencement of operations).

<sup>2</sup> Fund commenced operations on April 8, 2014. Actual expenses are calculated using the Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 176/365 (to reflect the period since commencement of operations).

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Net investment income	5.22% <sup>5</sup>	5.71% <sup>5</sup>	4.58% <sup>5</sup>	4.84%	4.39%	3.91%
Portfolio turnover rate <sup>7</sup>	18%	26%	31%	32%	34%	36%

<sup>1</sup> The information reflects the investment objective and strategy of the WisdomTree Pacific ex-Japan Equity Income Fund through June 19, 2011 and the investment objective and strategy of the WisdomTree Australia Dividend Fund thereafter.

<sup>2</sup> Based on average shares outstanding.

<sup>3</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. The total return would have been lower if certain expenses had not been reimbursed/waived by the investment adviser (Notes 2 and 3).

<sup>4</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.

<sup>5</sup> Annualized.

<sup>6</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the expense ratio (net of expense waivers) would have been 0.58% and the expense ratio (prior to expense waivers) would have been 0.58% for both WisdomTree Australia Dividend Fund and WisdomTree DEFA Equity Income Fund.

<sup>7</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Ratios to average net assets<sup>5</sup> of:

Expenses, net of expense waivers	0.59% <sup>6,7</sup>	0.58% <sup>6</sup>	0.58% <sup>6</sup>	0.58%	0.58%	0.58%
Expenses, prior to expense waivers	0.59% <sup>6,7</sup>	0.58% <sup>6</sup>	0.58% <sup>6</sup>	0.58%	0.58%	0.58%
Net investment income	4.33% <sup>6</sup>	1.29% <sup>6</sup>	3.52% <sup>6</sup>	3.79%	2.81%	2.92%
Portfolio turnover rate <sup>9</sup>	31%	24%	48%	58%	60%	55%

\* Commencement of operations.

<sup>1</sup> The information reflects the investment objective and strategy of the WisdomTree International Hedged Equity Fund through August 29, 2012 and the investment objective and strategy of the WisdomTree Europe Hedged Equity Fund thereafter.

<sup>2</sup> Based on average shares outstanding.

<sup>3</sup> Amount represents less than \$0.005.

<sup>4</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. The total return would have been lower if certain expenses had not been reimbursed/waived by the investment adviser (Notes 2 and 3).

<sup>5</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.

<sup>6</sup> Annualized.

<sup>7</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the expense ratio (net of expense waivers) would have been 0.58% and the expense ratio (prior to expense waivers) would have been 0.58% for both WisdomTree Europe Hedged Equity Fund and WisdomTree Europe SmallCap Dividend Fund.

<sup>8</sup> Reflects the Fund's advisory fees, after waiver, and the fees and expenses of the underlying funds that were paid indirectly by the Fund during the period when Fund operated as a funds of funds.

<sup>9</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.

* Commencement of operations.	

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>1</sup> Based on average shares outstanding.
- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. The total return would have been lower if certain expenses had not been reimbursed/waived by the investment adviser (Notes 2 and 3).
- <sup>3</sup> Annualized.
- <sup>4</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.

140 WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds

**Table of Contents****Notes to Financial Statements** (unaudited)**1. ORGANIZATION**

WisdomTree Trust (the Trust) is registered under the Investment Company Act of 1940, as amended (the 1940 Act), as an open-end management investment company. The Trust was established as a Delaware statutory trust on December 15, 2005. As of September 30, 2014, the Trust offered 69 investment funds (each a Fund, collectively, the Funds). In accordance with ASU 2013-08, each Fund qualifies as an investment company and is applying the accounting and reporting guidance for investment companies. These notes relate only to the Funds listed in the table below:

<b>Fund</b>	<b>Commencement of Operations</b>
WisdomTree Australia Dividend Fund ( Australia Dividend Fund )	June 16, 2006
WisdomTree DEFA Equity Income Fund ( DEFA Equity Income Fund )	June 16, 2006
WisdomTree DEFA Fund ( DEFA Fund )	June 16, 2006
WisdomTree Europe Dividend Growth Fund ( Europe Dividend Growth Fund )	May 7, 2014
WisdomTree Europe Hedged Equity Fund ( Europe Hedged Equity Fund )	December 31, 2009
WisdomTree Europe SmallCap Dividend Fund ( Europe SmallCap Dividend Fund )	June 16, 2006
WisdomTree Germany Hedged Equity Fund ( Germany Hedged Equity Fund )	October 17, 2013
WisdomTree International Dividend ex-Financials Fund ( International Dividend ex-Financials Fund )	June 16, 2006
WisdomTree International Hedged Dividend Growth Fund ( International Hedged Dividend Growth Fund )	May 7, 2014
WisdomTree International LargeCap Dividend Fund ( International LargeCap Dividend Fund )	June 16, 2006
WisdomTree International MidCap Dividend Fund ( International MidCap Dividend Fund )	June 16, 2006
WisdomTree International SmallCap Dividend Fund ( International SmallCap Dividend Fund )	June 16, 2006
WisdomTree Japan Hedged Capital Goods Fund ( Japan Hedged Capital Goods Fund )	April 8, 2014
WisdomTree Japan Hedged Equity Fund ( Japan Hedged Equity Fund )	June 16, 2006
WisdomTree Japan Hedged Financials Fund ( Japan Hedged Financials Fund )	April 8, 2014
WisdomTree Japan Hedged Health Care Fund ( Japan Hedged Health Care Fund )	April 8, 2014
WisdomTree Japan Hedged Real Estate Fund ( Japan Hedged Real Estate Fund )	April 8, 2014
WisdomTree Japan Hedged SmallCap Equity Fund ( Japan Hedged SmallCap Equity Fund )	June 28, 2013
WisdomTree Japan Hedged Tech, Media and Telecom Fund ( Japan Hedged Tech, Media and Telecom Fund )	April 8, 2014
WisdomTree Japan SmallCap Dividend Fund ( Japan SmallCap Dividend Fund )	June 16, 2006
WisdomTree Korea Hedged Equity Fund ( Korea Hedged Equity Fund )	November 7, 2013
WisdomTree United Kingdom Hedged Equity Fund ( United Kingdom Hedged Equity Fund )	June 28, 2013

Each Fund seeks to track the price and yield performance, before fees and expenses, of a particular index ( Index ) developed by WisdomTree Investments, Inc. ( WisdomTree Investments ). WisdomTree Investments is the parent company of WisdomTree Asset Management, Inc. ( WTAM ), the investment adviser to each Fund and the Trust. WisdomTree is a registered mark of WisdomTree Investments and has been licensed for use by the Trust. Each Fund described herein is considered to be non-diversified.

In the normal course of business, the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts.

**2. SIGNIFICANT ACCOUNTING POLICIES**

The Financial Accounting Standards Board ( FASB ) Accounting Standards Codification (the Codification) is the exclusive reference of authoritative U.S. generally accepted accounting principles ( GAAP ) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission ( SEC ) under authority of federal laws are also sources of authoritative GAAP for SEC registrants.

The following is a summary of significant accounting policies followed by the Funds:

**Use of Estimates** The preparation of financial statements in conformity with GAAP, requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could

## Edgar Filing: WisdomTree Trust - Form N-CSRS

differ from those estimates.

**Investment Valuation** The net asset value ( NAV ) of each Fund 's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per

WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds 141

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Each Fund issues and redeems shares at NAV only in large blocks of shares known as creation units, which only certain institutions or large investors may purchase or redeem. Shares of each Fund are listed on a national securities exchange and trade at market prices. Most investors will buy and sell shares through brokers. Because Fund shares trade at market prices rather than NAV, shares may trade at a price greater than NAV or less than NAV. In calculating each Fund's NAV, investments are valued under policies approved by the Board of Trustees. Equity securities (including preferred stock) traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities (including preferred stock) are valued at the last quoted sale price or, if no sale price is available, at the mean between the highest bid and lowest ask price. Short-term debt securities with remaining maturities of 60 days or less generally are valued on the basis of amortized cost which approximates fair value. Each Fund may invest in money market funds which are valued at their NAV per share and affiliated ETFs which are valued at their last sale or official closing price on the exchange on which they are principally traded. Forward foreign currency contracts are valued daily using WM/Reuters closing spot and forward rates as of 4:00 p.m. London time. Except for the Korea Hedged Equity Fund, which values forward foreign currency contracts daily using Tullett Prebon closing spot and forward rates as of 2:00 p.m. Singapore time.

In certain instances, such as when reliable market valuations are not readily available or are not deemed to reflect current market values, a Fund's investments will be fair valued in accordance with the Fund's pricing policy. The Board of Trustees of the Trust has established a pricing committee (the Pricing Committee) which is comprised of senior representatives of WTAM and which reports to the Board of Trustees on a quarterly basis. In the event that a financial instrument cannot be valued based upon a price from a national securities exchange, independent pricing service provider or broker-dealer quotation, or such prices are deemed to not reflect current market value, the Pricing Committee may value the financial instrument in good faith under the policies and procedures approved by the Board of Trustees based on current facts and circumstances. Securities that may be valued using fair value pricing may include, but are not limited to, securities for which there are no current market quotations, securities whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by significant events. An example of a significant event is an event occurring after the close of the market in which a security trades but before a Fund's next NAV calculation time that may materially affect the value of a Fund's investment (e.g., government action, natural disaster, or significant market fluctuation). Price movements in U.S. markets that are deemed to affect the value of foreign securities, or reflect changes to the value of such securities, also may cause securities to be fair valued. The Funds may rely on an independent fair value service in adjusting the valuations of foreign securities. When fair value pricing is employed, the prices of securities used by a Fund to calculate its NAV may differ from quoted or published prices for the same securities.

**Fair Value Measurement** In accordance with Codification Topic 820 (ASC 820), Fair Value Measurements and Disclosures, fair value is defined as the price that each Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy of inputs to be used when determining fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk—for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability. Observable inputs are based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Unobservable inputs are based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 quoted prices in active markets for identical securities

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including each Fund's assumptions in determining the fair value of investments)

The inputs or methodology used for valuation are not necessarily an indication of the risk associated with investing in those investments.

Investments that use Level 2 or Level 3 inputs may include, but are not limited to: (i) an unlisted security related to corporate actions; (ii) a restricted security (e.g., one that may not be publicly sold without registration under the Securities Act of 1933, as amended); (iii) a security whose trading has been suspended or which has been de-listed from its primary trading exchange; (iv) a security that is thinly traded; (v) a

## Edgar Filing: WisdomTree Trust - Form N-CSRS

security in default or bankruptcy proceedings for which there is no current market quotation or market activity; (vi) a security affected by currency controls or restrictions; and (vii) a security affected by a significant event (e.g., an event that occurs after the close of the markets on which the security is traded but before the time as of which a Fund's NAV is computed and that may materially affect the value of the Fund's investments).

142 WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

The valuation techniques and significant inputs used in determining the fair market value measurements for Level 2 and Level 3 positions are as follows:

Financial instruments are generally valued by independent pricing service providers that use broker-dealer quotations, reported trades or valuation estimates from their internal pricing models. Depending on the type of financial instrument, the independent pricing service providers internal pricing models may use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar assets. Financial instruments that use similar valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy otherwise a Level 3 fair value classification is appropriate. Short-term investments having a maturity of 60 days or less are generally valued at amortized cost which approximates fair market value. These investments are categorized as Level 2 of the fair value hierarchy. Over-the-counter financial derivative instruments derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These instruments are normally valued on the basis of broker-dealer quotations or independent pricing service providers. Depending on the product and the terms of the transaction, the value of the financial derivative instruments can be estimated by an independent pricing service provider using a series of techniques including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, credit risks/spreads, interest rates, yield curves, default and exchange rates. Derivative contracts that use valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy otherwise a Level 3 fair value classification is appropriate.

Determination of a fair value by the Pricing Committee may include significant unobservable inputs and therefore would be reflected as a Level 3 of the fair value hierarchy. The Pricing Committee may employ a market-based valuation approach which may use, among other potential considerations, related or comparable securities, recent transactions, market multiples, book values, and other relevant information to determine fair value. The Pricing Committee may also use an income-based valuation approach in which anticipated future cash flows of the financial instrument are discounted to calculate fair value. The Pricing Committee meets at least on a monthly basis to review and discuss the appropriateness of such fair values using more current information such as, recent security news, recent market transactions, updated corporate action information and/or other macro or security specific events. Also, when observable inputs become available, the Pricing Committee conducts back testing of the methodologies used to value Level 3 financial instruments to substantiate the unobservable inputs used to value those investments. Such back testing includes comparing Level 3 investment values to observable inputs such as exchange-traded prices, transaction prices, and/or vendor prices.

The following is a summary of the fair valuations according to the inputs used as of September 30, 2014 in valuing each Fund's assets:

<b>Australia Dividend Fund</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

**Derivatives and Hedging Disclosure** Codification Topic 815 ( ASC 815 ), Derivatives and Hedging, requires qualitative disclosures about objectives and strategies for using derivatives, quantitative disclosures about fair value amounts of gains and losses on derivative instruments, and disclosures about credit-risk- related contingent features in derivative agreements. The Funds have invested in derivatives, specifically forward foreign currency contracts for the six months or period ended September 30, 2014 which are detailed in the tables herein. The Funds derivative agreements contain credit-risk related contingent features which include, but are not limited to, a percentage decline in the Funds NAV over a specified time period. If an event occurred at September 30, 2014 that triggered a contingent feature, the counterparty to the agreement may require the Funds to post additional collateral or terminate the derivative positions and demand payment. Any collateral posted with respect to the derivative positions would be used to offset or reduce the payment. The maximum exposure to derivatives agreements with credit-risk related contingent features would be the total value of derivatives in net liability positions for each Fund, as disclosed in page 160. At September 30, 2014, the Funds did not receive or post collateral with any counterparty for derivatives and no event occurred that triggered a credit-risk-related contingent feature.

The Funds listed below have invested in derivatives, specifically forward foreign currency contracts for the six months or period ended September 30, 2014, which are detailed in the tables herein. All of the derivative instruments disclosed and described herein are subject to credit risk. Credit risk is where the financial condition of an issuer of a security or instrument may cause it to default or become unable to pay interest or principal due on the investment. Risks may arise upon entering into forward foreign currency contracts from the potential inability of a counterparty to meet the terms of their contracts and from unanticipated movements in the value of foreign currencies relative to the U.S. dollar or each other.

As of September 30, 2014, the effect of such derivative instruments on each Fund's financial position as reflected in the Statements of Assets and Liabilities are presented in the summary below:

Fund	Asset Derivatives		Liability Derivatives	
	Balance Sheet Location	Value	Balance Sheet Location	Value

<sup>1</sup> For the period May 7, 2014 (commencement of operations) through September 30, 2014.

<sup>2</sup> For the period April 8, 2014 (commencement of operations) through September 30, 2014.

**Investment Transactions and Investment Income** Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method. Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income including amortization of premiums and discounts, is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis of such securities.

**Foreign Currency Translation** The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates prevailing on the respective dates of such transactions that are deemed appropriate by WTAM. Realized and unrealized foreign exchange gains and losses on investments are included as a component of net realized gain (loss) from investment transactions and net change in unrealized appreciation (depreciation) from investment transactions, respectively, on the Statement of Operations. Net realized and unrealized foreign exchange gains or losses arising from sales of foreign currencies, including gains and losses of forward foreign currency contracts, currency gains or losses recognized between the trade and settlement dates on investment transactions, and the difference between the amounts of dividends and foreign withholding taxes recorded on the Funds' books and the U.S. dollar equivalent of the amounts actually received or paid are included in net realized gain (loss) from forward foreign currency contracts and foreign currency related transactions and/or net change in unrealized appreciation (depreciation) from forward foreign currency contracts and translation of assets and liabilities denominated in foreign currencies in the Statement of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in, or are a reduction of, ordinary income in accordance with U.S. Federal income tax regulations.

**Expenses/Reimbursements** Under the Investment Advisory Agreement for each Fund, except Europe Dividend Growth Fund, Germany Hedged Equity Fund, International Hedged Dividend Growth Fund, Japan Hedged Capital Goods Fund, Japan Hedged Financials Fund, Japan Hedged Health Care Fund, Japan Hedged Real Estate Fund, Japan Hedged SmallCap Equity Fund, Japan Hedged Tech, Media and Telecom Fund, Korea Hedged Equity Fund and United Kingdom Hedged Equity Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of trustees who are not interested persons of the

Funds ( Independent Trustees ); (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's Chief Compliance Officer ( CCO ); (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM.

WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds 151

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

Under the investment advisory agreement for Europe Dividend Growth Fund, Germany Hedged Equity Fund, International Hedged Dividend Growth Fund, Japan Hedged Capital Goods Fund, Japan Hedged Financials Fund, Japan Hedged Health Care Fund, Japan Hedged Real Estate Fund, Japan Hedged SmallCap Equity Fund, Japan Hedged Tech, Media and Telecom Fund, Korea Hedged Equity Fund and United Kingdom Hedged Equity Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other fees, charges, taxes, levies or expenses (such as stamp taxes) incurred in connection with the execution of portfolio transactions or in connection with creation and redemption transactions (including without limitation any fees, charges, taxes, levies or expenses related to the purchase or sale of an amount of any currency, or the partition or repatriation of any security or other asset, related to the execution of portfolio transactions or any creation or redemption transactions); (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's CCO; (vi) extraordinary expenses (in each case as determined by a majority of the Independent Trustees); (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; (viii) interest and taxes of any kind or nature (including, but not limited to, income, excise, transfer and withholding taxes); (ix) fees and expenses related to the provision of securities lending services; and (x) the advisory fee payable to WTAM.

The internal expenses of pooled investment vehicles in which the Fund may invest (acquired fund fees and expenses) are not expenses of the Fund and are not paid by WTAM.

During the six months or period ended September 30, 2014, the Trust incurred expenses pertaining to proxy printing, mailing and solicitation. These proxy expenses are not paid by WTAM. During the period, each Fund in the Trust borne its pro rate allocation of these proxy expenses.

Pursuant to a separate contractual arrangement, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees. WTAM receives a fee, as shown on the Statements of Operations under Service fees, of up to 0.0044% of each Fund's average daily net assets for providing such services and paying such expenses. WTAM provides CCO services to the Trust.

**Currency Transactions** The Funds may enter into foreign currency forward and foreign currency futures contracts to facilitate local securities settlements or to protect against currency exposure in connection with distributions to shareholders. The Funds, other than Europe Hedged Equity Fund, Germany Hedged Equity Fund, International Hedged Dividend Growth Fund, Japan Hedged Capital Goods Fund, Japan Hedged Equity Fund, Japan Hedged Financials Fund, Japan Hedged Health Care Fund, Japan Hedged Real Estate Fund, Japan Hedged SmallCap Equity Fund, Japan Hedged Tech, Media and Telecom Fund, Korea Hedged Equity Fund and the United Kingdom Hedged Equity Fund, do not expect to engage in currency transactions for the purpose of hedging against declines in the value of a Fund's assets that are denominated in one or more foreign currencies. The Funds may not enter into such contracts for speculative purposes.

**Forward Foreign Currency Contracts** A forward foreign currency contract ( Forward Contract ) involves an obligation to purchase or sell a specific currency at a future date, which may be any fixed number of days from the date of the contract agreed upon by the parties, at a price set at the time of the contract. These contracts are principally traded in the inter-bank market conducted directly between currency traders (usually large, commercial banks) and their customers. A Forward Contract generally does not require an initial margin deposit and no commissions are charged at any stage for trades. However, if a Fund is in an unrealized loss position on a Forward Contract, it may be required to pledge collateral (or additional collateral) to the counterparty. If a Fund is in an unrealized gain position on a Forward Contract, it may receive collateral from the counterparty.

Risks may arise upon entering into Forward Contracts from the potential inability of counterparties to meet the terms of their contracts and from unanticipated movements in the value of foreign currencies relative to the U.S. dollar or each other.

Fluctuations in the value of open Forward Contracts are recorded for book purposes as unrealized gains or losses on Forward Contracts by the Funds. Realized gains and losses on Forward Contracts include net gains or losses recognized by the Funds on contracts which have matured or were sold.

The following Forward Contracts were open at September 30, 2014:

Edgar Filing: WisdomTree Trust - Form N-CSRS

<b>Fund</b>	<b>Settlement Date</b>		<b>Contracts To Deliver</b>		<b>In Exchange For</b>	<b>Unrealized Gain (Loss)</b>

**Securities Lending** Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. It is the Funds' policy that, at origination, all loans are secured by collateral of at least 102% of the value of U.S. securities loaned and 105% of the value of foreign securities loaned. Collateral in the form of cash and/or high-grade debt obligations, equivalent to at least 100% of the market value of securities, is maintained at all times. The cash collateral can be invested in certain money market mutual funds which also have exposure to the fluctuations of the market. The value of the investment of cash collateral for securities on loan along with the obligation to return such collateral are included on the Statements of Assets and Liabilities. The value of securities received as collateral for securities on loan are not included on the Statements of Assets and Liabilities because the receiving Fund does not have the right to sell or repledge the securities received as collateral. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The securities lending income earned by the Funds is disclosed on the Statements of Operations. The dividend and interest income earned on the

securities loaned is accounted for in the same manner as other dividend and interest income. Dividends received while a security is out on loan are not considered Qualified Dividend Income ( QDI ) under the specific criteria issued by the Internal Revenue Service and are subject to taxation at the shareholder's ordinary income tax rate instead of the lower long-term capital gains tax rate. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receive a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

**Master Netting Arrangements** Accounting Standards Update No. 2011-11 Disclosures about Offsetting Assets and Liabilities ( ASU 2011-11 ) is generally intended to (i) help investors and other financial statement users to better assess the effect or potential effect of offsetting arrangements on a company's financial position, (ii) improve transparency in the reporting of how companies mitigate credit risk, and (iii) facilitate comparisons between those entities that prepare their financial statements on the basis of GAAP and those entities that prepare their financial statements on the basis of international financial reporting standards. ASU 2011-11 requires entities to disclose (i) gross and net information about both instruments and transactions eligible for offset in the financial statements, and (ii) instruments and transactions subject to an agreement similar to a master netting agreement. ASU 2011-11 is limited in scope to the following financial instruments, to the extent they are offset in the financial statements or subject to an enforceable master netting arrangement or similar agreement: (i) recognized derivative instruments accounted for under ASC 815 (Derivatives and Hedging); (ii) repurchase agreements and reverse repurchase agreements; and (iii) securities borrowing and securities lending transactions.

In order to better define its contractual rights and to secure rights that will help a Fund mitigate its counterparty risk, a Fund may enter into an International Swaps and Derivatives Association, Inc. Master Agreement ( ISDA Master Agreement ) or similar agreement with its counterparties. An ISDA Master Agreement is a bilateral agreement between a Fund and a counterparty that governs over-the-counter derivatives ( OTC ), including Forward Contracts, and typically contains, among other things, collateral posting terms, netting and rights of set-off provisions in the event of a default and/or termination event. Under an ISDA Master Agreement, a Fund may, under certain circumstances, offset with the counterparty certain derivative financial instruments' payables and receivables to create a single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of a default (close-out netting) or similar event, including the bankruptcy or insolvency of the counterparty.

Collateral requirements generally differ by type of derivative. Collateral terms are contract-specific for OTC derivatives (e.g. foreign exchange contracts, options and certain swaps). Generally, for transactions traded under an ISDA Master Agreement, the collateral requirements are calculated by netting the marked to market amount for each transaction under such agreement and comparing that amount to the value of any collateral currently pledged by a Fund and the counterparty. Generally, the amount of collateral due from or to a counterparty must exceed a minimum transfer amount threshold before a transfer is required to be made. To the extent amounts due to a Fund from its derivatives counterparties are not fully collateralized, contractually or otherwise, the Fund bears the risk of loss from counterparty non-performance.

A Fund's security lending activities are governed by a Securities Lending Authorization Agreement ( Lending Agreement ) between the Fund and the lending agent. The Lending Agreement authorizes the lending agent to lend qualifying U.S. and foreign securities held by a Fund to approved borrowers (each a Borrower ). To mitigate borrower risk, a Fund typically receives from a Borrower, collateral in the form of U.S. dollar cash and/or securities issued or guaranteed by the U.S. government or its agencies in excess of the market value of the securities loaned. Under the provisions of the Lending Agreement, a Fund shall have, as to the collateral, all of the rights and remedies of a secured party under applicable law. A Fund is exposed to risk of loss if a Borrower defaults on its obligation to return borrowed securities and the value of the collateral a Fund received is insufficient to cover the market value of the securities loaned. Also, the lending agent is permitted to invest the cash collateral it receives from a Borrower into a money market fund which is subject to market fluctuation. Therefore, a Fund is exposed to risk of loss if the value of invested cash collateral is insufficient to satisfy the Fund's obligation to return the full amount owed to such Borrower.

For financial reporting purposes, the Funds elect to not offset assets and liabilities subject to an ISDA Master Agreement or Lending Agreement, if any, in the Statements of Assets and Liabilities. Therefore, all qualifying transactions are presented on a gross basis in the Statements of Assets and Liabilities. As of September 30, 2014, the impact of netting of assets and liabilities and the offsetting of

<sup>1</sup> The amount of collateral presented has been limited such that the net amount by counterparty cannot be less than zero.

**Short-Term Investments** Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments include short-term obligations issued by the U.S. government, its agencies, non-U.S. government agencies, negotiable certificates of deposit (CDs), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

**Tax Information and Dividends and Distributions to Shareholders** It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the Code). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company (RIC) under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. There can be no guarantee that a Fund will pay dividends. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with the requirements of the Code and the U.S. Treasury regulations. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within

the

162 WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions that exceed earnings and profit for tax purposes are reported for tax purposes as a return of capital.

**3. ADVISORY FEES AND TRANSACTIONS**

WTAM has overall responsibility for the general management and administration of the Trust. WTAM provides an investment program for each Fund. WTAM has arranged for Mellon Capital Management Corporation ( MCM ) to provide sub-advisory services to the Funds. MCM is compensated by WTAM at no additional cost to the Funds. WTAM also arranges for transfer agency, custody, fund accounting, fund administration, securities lending and all other non-distribution related services necessary for the Funds to operate, which are generally under separate agreements entered into between the Trust on behalf of the Funds and the applicable service provider. Under the Investment Advisory Agreement for each Fund, WTAM agrees to pay all expenses of the Funds except for certain expenses generally described in Note 2.

Pursuant to a separate contractual arrangement, as also described in Note 2, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees in exchange for a fee of up to 0.0044% of each Fund's average daily net assets. WTAM expects to receive advisory fees from each Fund, based on a percentage of the Fund's average daily net assets, as shown in the following table:

<b>Fund</b>	<b>Advisory Fee Rate</b>
Australia Dividend Fund	0.58%
DEFA Equity Income Fund	0.58%
DEFA Fund	0.48%
Europe Dividend Growth Fund	0.58%
Europe Hedged Equity Fund	0.58%

Japan Hedged Tech, Media and Telecom Fund	0.48%*
Japan SmallCap Dividend Fund	0.58%
Korea Hedged Equity Fund	0.58%
United Kingdom Hedged Equity Fund	0.48%

\* WTAM has contractually agreed to limit the advisory fee to 0.43% through July 31, 2015, unless earlier terminated by the Board of Trustees of the Trust for any reason at any time.

Each Fund may purchase shares of affiliated exchanged-traded funds ( ETF ) in secondary market transactions. WTAM waives its advisory fees for each Fund's investment associated with daily uninvested cash in correlated affiliated ETFs net of any incremental costs as a result of these transactions (fund accounting, safekeeping, transaction fees, etc.) that are paid by WTAM out of the advisory fee received from the affiliated ETFs. Please see Note 7 for additional information on Other Affiliated Parties and Transactions. WTAM has also contractually agreed to limit the advisory fee to 0.43% through July 31, 2015, unless earlier terminated by the Board of Trustees of the Trust, for the Japan Hedged Capital Goods Fund, Japan Hedged Financials Fund, Japan Hedged Health Care Fund, Japan Hedged Real Estate Fund, and the Japan Hedged Tech, Media and Telecom Fund.

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

For the six months or period ended September 30, 2014, the advisory fees waived by WTAM were as follows:

**4. CAPITAL SHARE TRANSACTIONS**

As of September 30, 2014, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in creation units or multiples thereof. Except when aggregated in creation units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of creation units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying Index and an amount of cash. Investors purchasing and redeeming creation units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of creation units.

**5. INVESTMENT PORTFOLIO TRANSACTIONS**

Purchases and sales of investments (excluding in-kind capital share transactions and short-term investments) for the six months or period ended September 30, 2014 were as follows:

**8. RECENT ACCOUNTING PRONOUNCEMENT**

In June 2014, The FASB issued *ASU 2014-11 Transfers & Servicing (Topic 860): Repurchase-to-Maturity Transactions, Repurchase Financings, and Disclosures* to improve the financial reporting of repurchase agreements and other similar transactions. The guidance includes expanded disclosure requirements for entities that enter into repurchase agreements or securities lending transactions. The guidance is effective for financial statements with fiscal years beginning on or after January 1, 2015, and interim periods within those fiscal years. Management is evaluating the impact, if any, of this guidance on the Trust's financial statement disclosures.

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited)

***Approval of Investment Advisory and Sub-Advisory Agreements with respect to WisdomTree International Hedged Dividend Growth Fund (the Fund)***

At a meeting held on December 11, 2013, the Board of Trustees (the Board) of the WisdomTree Trust (the Trust), including those trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees), considered the approval of (i) the Investment Advisory Agreement (the Investment Advisory Agreement) between the Trust and WisdomTree Asset Management, Inc. (WTAM) with respect to the Fund, pursuant to which WTAM will provide the Fund with investment advisory services and (ii) the Sub-Investment Advisory Agreement pursuant to which Mellon Capital Management Corporation (MCM) will coordinate the investment and reinvestment of the assets of the Fund (the MCM Sub-Advisory Agreement and, together with the Investment Advisory Agreement, the Agreements).

In considering whether to approve the Agreements, the Board considered and discussed information and analysis provided by WTAM. The Board was assisted in its review by independent legal counsel. In considering the approval of the Agreements, the Board considered all factors that it deemed to be relevant, including those discussed below. The Board did not identify any particular factor as controlling, and each Trustee may have attributed different weights to the various factors.

*Nature, Extent and Quality of Services to be Provided*

The Board considered the nature, extent and quality of the services to be provided by WTAM and MCM, recognizing WTAM's and MCM's operational capabilities and resources. The Board noted the extensive responsibilities that WTAM has as investment adviser to the Fund, including the selection of MCM, oversight of MCM's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Fund.

*Comparative Analysis of the Funds' Performance, Advisory Fees and Fund Expenses*

As the Fund had not yet commenced operations, the Board was not able to review the Fund's performance. The Board discussed with WTAM representatives the portfolio management personnel and the investment strategies to be employed in management of the Fund's assets. The Board considered the fee to be paid to WTAM by the Fund. The Board examined the fee to be paid by the Fund in light of fees paid to other investment advisers by comparable funds and the method of computing the Fund's fee. The Board also considered the fees to be paid to MCM in relation to the fees paid to WTAM by the Fund and the respective services to be provided. The Board noted that MCM's fees will be paid by WTAM (out of its fees paid by the Fund) and not the Fund. After comparing the Fund's fees with those of comparable funds, the Board concluded that the proposed level of fees for the Fund is reasonable and appropriate.

*Costs of Services to be Provided, Profitability and Economies of Scale*

As the Fund has not yet commenced operations, WTAM representatives were not able to review with the Board the dollar amount of expenses allocated and profit received by WTAM, or any economies of scale. The Board considered potential benefits to WTAM and MCM from acting as investment adviser and sub-investment adviser, respectively, to the Fund, including the potential fall-out benefits to MCM and its affiliates (i.e., ancillary benefits that may be realized by MCM and its affiliates from relation with the Fund, such as other service contracts). The Trustees also considered the uncertainty of the estimated asset levels and the renewal requirements for advisory agreements, as well as their ability to review the advisory fees annually after the initial term of the Agreements.

*Conclusion*

After consideration of the factors discussed above, the Board, including a majority of the Independent Trustees, determined that the approval of the Agreements was in the best interests of the Fund and approved the Agreements for the Fund.

***Approval of Investment Advisory and Sub-Advisory Agreements with respect to WisdomTree Japan Hedged Capital Goods Fund, WisdomTree Japan Hedged Financials Fund, WisdomTree Japan Hedged Health Care Fund, WisdomTree Japan Hedged Real Estate Fund and WisdomTree Japan Hedged Tech, Media and Telecom Fund (each, a Fund and collectively, the Funds)***

## Edgar Filing: WisdomTree Trust - Form N-CSRS

At a meeting held on January 17, 2014, the Board of Trustees (the Board) of the WisdomTree Trust (the Trust), including those trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees), considered the approval of (i) the Investment Advisory Agreement (the Investment Advisory Agreement) between the Trust and WisdomTree Asset Management, Inc. (WTAM) with respect to each Fund, pursuant to which WTAM will provide the Funds with investment advisory services and (ii) the Sub-Investment Advisory Agreement pursuant to which Mellon Capital Management Corporation (MCM) will coordinate the investment and reinvestment of the assets of each Fund (the MCM Sub-Advisory Agreement) and, together with the Investment Advisory Agreement, the Agreements).

In considering whether to approve the Agreements, the Board considered and discussed information and analysis provided by WTAM. The Board was assisted in its review by independent legal counsel. In considering the approval of the Agreements, the Board

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (continued)

considered all factors that it deemed to be relevant, including those discussed below. The Board did not identify any particular factor as controlling, and each Trustee may have attributed different weights to the various factors.

*Nature, Extent and Quality of Services to be Provided*

The Board considered the nature, extent and quality of the services to be provided by WTAM and MCM, recognizing WTAM's and MCM's operational capabilities and resources. The Board noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including the selection of MCM, oversight of MCM's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Funds.

*Comparative Analysis of the Funds' Performance, Advisory Fees and Fund Expenses*

As the Funds had not yet commenced operations, the Board was not able to review the Funds' performance. The Board discussed with WTAM representatives the portfolio management personnel and the investment strategies to be employed in management of the Funds' assets. The Board considered the fee to be paid to WTAM by the Funds. The Board examined the fee to be paid by each Fund in light of fees paid to other investment advisers by comparable funds and the method of computing each Fund's fee. The Board also considered the fees to be paid to MCM in relation to the fees paid to WTAM by the Funds and the respective services to be provided. The Board noted that MCM's fees will be paid by WTAM (out of its fees paid by the Funds) and not the Funds. After comparing the Funds' fees with those of comparable funds, the Board concluded that the proposed level of fees for each Fund is reasonable and appropriate.

*Costs of Services to be Provided, Profitability and Economies of Scale*

As the Funds had not yet commenced operations, WTAM representatives were not able to review with the Board the dollar amount of expenses allocated and profit received by WTAM, or any economies of scale. The Board considered potential benefits to WTAM and MCM from acting as investment adviser and sub-investment adviser, respectively, to the Funds, including the potential "fall-out" benefits to MCM and its affiliates (i.e., ancillary benefits that may be realized by MCM and its affiliates from relations with the Funds, such as other service contracts). The Trustees also considered the uncertainty of the estimated asset levels and the renewal requirements for advisory agreements, as well as their ability to review the advisory fees annually after the initial term of the Agreements.

*Conclusion*

After consideration of the factors discussed above, the Board, including a majority of the Independent Trustees, determined that the approval of the Agreements was in the best interests of each Fund and approved the Agreements for the Funds.

**Approval of Investment Advisory and Sub-Advisory Agreements with respect to WisdomTree Europe Dividend Growth Fund (the "Fund")**

At a meeting held on March 21, 2014, the Board of Trustees (the "Board") of the WisdomTree Trust (the "Trust"), including those trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the "Independent Trustees"), considered the approval of (i) the Investment Advisory Agreement (the "Investment Advisory Agreement") between the Trust and WisdomTree Asset Management, Inc. ("WTAM") with respect to the Fund, pursuant to which WTAM will provide the Fund with investment advisory services and (ii) the Sub-Investment Advisory Agreement pursuant to which Mellon Capital Management Corporation ("MCM") will coordinate the investment and reinvestment of the assets of the Fund (the "MCM Sub-Advisory Agreement" and, together with the Investment Advisory Agreement, the "Agreements").

In considering whether to approve the Agreements, the Board considered and discussed information and analysis provided by WTAM. The Board was assisted in its review by independent legal counsel. In considering the approval of the Agreements, the Board considered all factors that it deemed to be relevant, including those discussed below. The Board did not identify any particular factor as controlling, and each Trustee may have attributed different weights to the various factors.

*Nature, Extent and Quality of Services to be Provided*

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The Board considered the nature, extent and quality of the services to be provided by WTAM and MCM, recognizing WTAM's and MCM's operational capabilities and resources. The Board noted the extensive responsibilities that WTAM has as investment adviser to the Fund, including the selection of MCM, oversight of MCM's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Fund.

***Approval of renewal of the Investment Advisory and Sub-Advisory Agreements with respect to the WisdomTree Australia Dividend Fund, WisdomTree DEFA Equity Income Fund, WisdomTree DEFA Fund, WisdomTree Europe Hedged Equity Fund, WisdomTree Europe SmallCap Dividend Fund, WisdomTree International Dividend ex-Financials Fund, WisdomTree International LargeCap Dividend Fund, WisdomTree International MidCap Dividend Fund, WisdomTree International SmallCap Dividend Fund, WisdomTree Japan Hedged Equity Fund, WisdomTree Japan Hedged SmallCap Equity Fund, WisdomTree Japan SmallCap Dividend Fund, and the WisdomTree United Kingdom Hedged Equity Fund (each, a Fund and collectively, the Funds )***

At a meeting of the Board of Trustees of the WisdomTree Trust (the Trust) held on September 18-19, 2014, the Trustees (the Trustees), including those Trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees), considered the renewal of the Investment Advisory Agreements between WisdomTree Asset Management (WTAM) and the Trust on behalf of the Funds, pursuant to which WTAM provides the Funds with investment advisory services (the Advisory Agreements), the Sub-Investment Advisory Agreement (the MCM Sub-Advisory Agreement), pursuant to which Mellon Capital Management Corporation (MCM or Sub-Adviser) coordinates the investment and reinvestment of the assets of the Funds.

The Independent Trustees requested, and WTAM provided, such information as the Independent Trustees, with advice from independent legal counsel, deemed reasonably necessary to evaluate the Agreements. On March 20, 2014 and June 24, 2014, a committee of Independent Trustees (the Contracts Review Committee), with independent legal counsel, met with representatives from WTAM to discuss the types of information the Independent Trustees required and the manner in which fund management would organize and present such information. At a meeting held on August 8, 2014, representatives from WTAM presented preliminary information to the Board relating to the continuance of the Agreements, and the Board, including the Independent Trustees, reviewed and discussed such information. Further information was presented at the Board's request at the meeting held on September 18-19, 2014.

The Trustees, a majority of whom are Independent Trustees, were assisted in their review by independent legal counsel and met with counsel in executive session separate from representatives of WTAM and the Sub-Adviser. In considering the renewal of the Agreements, the Board considered all factors that it believed to be relevant, including those discussed below. The Board did not identify any one factor as dispositive, and each Board member may have attributed different weights to the factors considered.

**Table of Contents****Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (continued)*Analysis of Nature, Extent, and Quality of Services Provided to the Funds*

The Board considered information provided to them at the meeting and in previous presentations throughout the year from WTAM representatives regarding the nature, extent, and quality of the services provided to the Funds, recognizing WTAM's and the Sub-Adviser's operational capabilities and resources. The Board also discussed WTAM's role as index provider to the Funds. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including the selection of, and supervisory responsibilities and activities over, the Sub-Adviser, including oversight of the Sub-Adviser's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws and the implementation of Board directives as they relate to the Funds. Based on management's representations, the Board expected that there would be no reduction in the scope of services required by or provided by WTAM and the Sub-Adviser under the relevant Agreements. The Board noted that WTAM has continued to commit significant resources toward the fund complex. The Board also considered research support available to, and management capabilities of, the Funds' management personnel and that WTAM provides oversight of day-to-day Fund operations, including fund accounting, administration and legal assistance in meeting disclosure and regulatory requirements.

Based on review of this information and the other factors considered at the meeting, the Board concluded that the nature, extent and quality of services provided by WTAM and the Sub-Adviser under the Advisory Agreements and Sub-Advisory Agreements, respectively, supported the Board's approval of the renewal of the Agreements.

*Comparative Analysis of the Funds' Performance and Management Fee and Expense Ratio*

The Board reviewed reports prepared by Lipper, Inc. (Lipper), an independent provider of investment company data, which included information (1) measuring each Fund's performance by how well it tracked the relevant WisdomTree benchmark index, and (2) comparing each Fund's actual management fees and total expenses with those of a group of comparable funds (the Expense Group) and, with respect to total expenses, with a broader group of funds (the Expense Universe), the information for which was derived in part from fund financial statements available to Lipper as of the date of its analysis. The Contracts Review Committee and the Independent Trustees previously had reviewed and discussed the methodology Lipper used to select the Performance Groups, Expense Groups and Expense Universes. The Board noted that the Performance Groups, Expense Groups and Expense Universes included only pure-index exchange traded funds (ETFs) as comparison funds. The Board also noted that due to the special characteristics of certain funds, there are limitations in providing comparable funds in the Performance Groups, Expense Groups and Expense Universes, and the information in the Lipper reports may or may not provide meaningful direct comparisons to the Funds.

The Board discussed the Funds' performance, noting that each Fund seeks to track its own WisdomTree benchmark index. During the prior year, the Board received periodic reports on the Funds' performance in comparison to their relevant benchmark indexes. The Board determined to monitor carefully in the coming year disparities in performance—both positive and negative—but did not believe that the disparities in the past reflected any characteristics requiring immediate action by WTAM or the Sub-Adviser.

The Board also reviewed the range of actual management fees and total expenses of the Expense Group funds and, with respect to total expenses, Expense Universe funds, as well as the advisory fees and total expenses of certain funds not included in the Lipper reports that WTAM considers to be significant competitors of the Funds, and discussed the results of the comparisons. With respect to comparisons of actual management fees, the Board noted the Funds' unitary fee structure and that the Expense Groups and Expense Universes included both ETFs with and without a unitary fee structure. The Board also noted that certain comparison funds in certain Expense Groups and Expense Universes benefited from waivers of their entire management fee and reimbursement of certain operating expenses. The Board noted that the Funds' actual management fees and total expenses generally were within 10 basis points of the actual management fees and total expenses of the funds in their respective Expense Groups and Expense Universes. In those specific instances where a Fund's actual management fees or total expenses departed more significantly from comparative funds, the Independent Trustees sought explanations from WTAM, which generally attributed the disparities to differences in assets under management, the unique history of a Fund or certain comparison funds and temporary fee waivers in place for marketing or other reasons.

The Board considered the fees to the Sub-Adviser in relation to the fees paid to WTAM by the Funds and the services provided by the Sub-Adviser and WTAM. The Board also noted that the Sub-Adviser's fees are paid by WTAM (out of its fee from the relevant Funds) and not the Funds.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Based on this review and the other factors considered at the meeting, the Board concluded that, with respect to each Fund, the Fund's performance, the fees paid to WTAM and the Sub-Adviser and the Fund's total expenses supported the Board's approval of the renewal of the relevant Agreements.

WisdomTree Developed World ex-U.S. and Currency Hedged Equity Funds 171

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (concluded)

*Analysis of Profitability and Economies of Scale*

WTAM representatives reviewed the expenses allocated and profit received by WTAM and the resulting profitability percentage for managing each Fund and the aggregate profitability percentage to WTAM for managing the WisdomTree fund complex, and the method used to determine the expenses and profit.

The Board considered the profitability analysis (1) as part of its evaluation of whether the fees under the Agreements bear a reasonable relationship to the mix of services provided by WTAM and the Sub-Adviser, including the nature, extent and quality of such services, and (2) in light of the relevant circumstances for each Fund and the extent to which economies of scale would be realized if the Fund grows and whether fee levels reflect these economies of scale for the benefit of Fund shareholders. Since WTAM, and not the Funds, pays the Sub-Adviser pursuant to the Sub-Advisory Agreement, the Board did not consider the Sub-Adviser's profitability to be relevant to its deliberations. WTAM representatives noted that a discussion of economies of scale is predicated on a Fund having achieved a substantial size and that, if a Fund's assets had been decreasing, the possibility that WTAM may have realized any economies of scale would be less. WTAM representatives also noted that, as a result of shared and allocated costs among the WisdomTree funds, the extent of economies of scale could depend substantially on the level of assets in the fund complex as a whole. WTAM representatives also noted that economies of scale currently are shared with the Funds by way of the relatively low advisory fee rates and the unitary fee structure of the Trust. The Board noted that it would continue to monitor the sharing of economies of scale to determine the appropriateness of adding breakpoints in the future. The Board also considered potential benefits to WTAM and the Sub-Adviser from acting as investment adviser and sub-investment adviser, respectively, and noted that there were no soft dollar arrangements in effect for trading the Funds' investments. Based on this review, the Board concluded that the profitability results were not unreasonable, given the services rendered and service levels provided by WTAM.

*Conclusion*

At the conclusion of these discussions, the Board agreed that it had been furnished with sufficient information to make an informed business decision with respect to the renewal of the Agreements. In evaluating the Agreements, the Board considered the conclusions and determinations discussed above and also relied on its previous knowledge, gained through meetings and other interactions with WTAM and the Sub-Adviser, of the Funds and the services provided to the Funds by WTAM and the Sub-Adviser. The Board also relied on information received on a routine and regular basis throughout the year relating to the operations of the Funds and the investment advisory and other services provided under the Agreements. The Board determined to renew the Agreements.

The WisdomTree Funds are exchange traded funds ( ETFs ) registered with the United States Securities and Exchange Commission as separate series ( Funds ) of WisdomTree Trust ( Trust ). WisdomTree Asset Management, Inc., a wholly owned subsidiary of WisdomTree Investments, Inc., serves as the investment adviser to the Trust. None of the WisdomTree entities are affiliated with ALPS Distributors, Inc., the Funds distributor. WisdomTree Investments, its affiliates and their independent providers are not liable for any informational errors, incompleteness, delays, or for any actions taken in reliance on information contained herein.

**Table of Contents**

Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at [www.wisdomtree.com](http://www.wisdomtree.com), or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you cannot invest directly in an index.

There are risks associated with investing including possible loss of principal. Foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest rate fluctuations and the effect of varied economic conditions. Funds that focus their investments in one country or region may be significantly impacted by events and developments associated with the region which can adversely affect performance. Funds focusing on a single sector and/or smaller companies generally experience greater price volatility. Investments in emerging, offshore or frontier markets are generally less liquid and less efficient than investments in developed markets and are subject to additional risks, such as risks of adverse governmental regulation and intervention or political developments. Inflation protected securities do not eliminate risks associated with inflation or deflation. Investments in currency involve additional special risks, such as credit risk and interest rate fluctuations. Derivative investments can be volatile and these investments may be less liquid than other securities, and more sensitive to the effect of varied economic conditions. As these Funds can have a high concentration in some issuers the Funds can be adversely impacted by changes affecting such issuers. Due to the investment strategy of certain Funds they may make higher capital gain distributions than other ETFs. Please read the Fund's prospectus for specific details regarding the Fund's risk profile.

Transactions in Fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the Funds only in large amounts of 50,000 shares or more.

The WisdomTree Asia Pacific ex-Japan Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Asia Pacific ex-Japan Index.

The Fund returned 4.41% at net asset value (NAV) for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Hong Kong. The Fund's investment in Australia created the greatest drag on performance.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio

securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2014, the Fund's annual expense ratio was 0.48%.**

**Performance** as of 9/30/14

	Average Annual Total Return				Since Inception <sup>1</sup>
	6-Month*	1 Year	3 Year	5 Year

The WisdomTree Emerging Markets SmallCap Dividend Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Emerging Markets SmallCap Dividend Index.

The Fund returned 2.43% for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Thailand. The Fund's position in Taiwan created the greatest drag on performance.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV

## Edgar Filing: WisdomTree Trust - Form N-CSRS

return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2014, the Fund's annual expense ratio was 0.63%.**

\*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes investment of cash collateral for securities on loan (if any).

The WisdomTree Global Natural Resources Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Global Natural Resources Index.

The Fund returned -2.65% at net asset value (NAV) for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Poland. The Fund's position in South Africa created the greatest drag on performance.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2014, the Fund's annual expense ratio was 0.58%.**

**Performance** as of 9/30/14

	Average Annual Total Return				Since Inception <sup>1</sup>
	6-Month*	1 Year	3 Year	5 Year	
Fund NAV Returns	-2.65%	-0.87%	1.77%	-0.95%	0.80%

## Table of Contents

### **Description of Indexes** (unaudited)

Below are descriptions of each Index referenced in this report:

The **Dow Jones Global ex-U.S. Select Real Estate Securities Index** is a float-adjusted market capitalization weighted index that defines and measures the investable universe of publicly traded real estate securities in countries outside the U.S.

The **FTSE China 50 Index** is a capitalization weighted index that is comprised of the 50 largest and most liquid Chinese securities.

The **MSCI AC Asia Pacific ex-Japan Index** is comprised of large- and mid-capitalization segments of emerging market and developed market countries in the Asia Pacific region, excluding Japan.

The **MSCI AC World ex-USA Growth Index** is comprised of growth stocks in the developed and emerging markets covered by MSCI, excluding the U.S.

The **MSCI AC World Index** is comprised of the world stock market indexes covered by MSCI.

The **MSCI ACWI ex-USA Index** is comprised of large- and mid-capitalization segments of the developed and emerging markets covered by MSCI, excluding the U.S.

The **MSCI Arabian Markets ex-Saudi Arabia Index** is a free float-adjusted market capitalization index that aims to represent the universe of companies in the Gulf Cooperation Council (GCC) countries, excluding Saudi Arabia, plus Jordan, Egypt, Morocco, Tunisia and Lebanon.

The **MSCI China Index** is a capitalization weighted index that is comprised of stocks in China.

The **MSCI Emerging Markets Index** is a free float-adjusted market capitalization index that is designed to measure emerging markets equity performance.

The **MSCI Emerging Markets Small Cap Index** is a free float-adjusted market capitalization index that is designed to measure the performance of small capitalization equities in the emerging markets.

The **MSCI Europe Value Index** is comprised of value stocks in the MSCI Europe Index.

The **MSCI India Index** is a free float-adjusted market capitalization index that is comprised of stocks in India.

The **MSCI Japan Value Index** is comprised of value stocks in the MSCI Japan Index.

The **MSCI Pacific ex-Japan Index** is a subset of the MSCI EAFE Index that is comprised of stocks in Australia, Hong Kong, Singapore and New Zealand.

The **S&P Developed ex-U.S. BMI Sector Indexes** are indexes that track specific sectors of developed global markets outside the United States.

The **S&P Global Natural Resources Index** is comprised of the largest publicly traded companies in natural resources and commodities businesses that meet specific eligibility requirements.

The **WisdomTree Asia Pacific ex-Japan Index** is comprised of dividend-paying companies incorporated in emerging market and developed countries in the Pacific region, excluding Japan.

The **WisdomTree China Dividend ex-Financials Index** is comprised of Chinese dividend paying stocks outside the financial sector.

The **WisdomTree Commodity Country Equity Index** is comprised of dividend-paying companies in developed and emerging market countries outside the U.S. and Canada in the Commodities sector.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The **WisdomTree Emerging Markets Consumer Growth Index** consists of stocks that best exemplify growth trends in emerging market consumers and their local economies.

The **WisdomTree Emerging Markets Dividend Growth Index** consists of dividend paying stocks with growth characteristics selected from the WisdomTree Emerging Markets Dividend Index.

WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds 15

**Table of Contents**

**Description of Indexes** (unaudited) (continued)

The **WisdomTree Emerging Markets Equity Income Index** is comprised of the highest dividend-yielding stocks selected from the WisdomTree Emerging Markets Dividend Index.

The **WisdomTree Emerging Markets SmallCap Dividend Index** is comprised of primarily small-capitalization stocks selected from the WisdomTree Emerging Markets Dividend Index.

The **WisdomTree Europe Equity Income Index** is comprised of companies with high dividend yields selected from the WisdomTree Europe Dividend Index.

The **WisdomTree Global Equity Income Index** is comprised of high dividend-paying companies selected from the WisdomTree Global Dividend Index.

The **WisdomTree Global ex-U.S. Dividend Growth Index** is comprised of growth companies selected from developed and emerging markets outside the U.S.

The **WisdomTree Global ex-U.S. Real Estate Index** is comprised of companies in developed and emerging markets outside of Canada and the U.S., which WisdomTree classifies as being Global Real Estate securities.

The **WisdomTree Global ex-U.S. Utilities Index** is comprised of dividend-paying companies in developed and emerging market countries outside the U.S. and Canada in the Utilities sector.

The **WisdomTree Global Natural Resources Index** is comprised of dividend-paying companies in developed and emerging market countries outside the U.S. and Canada in the Natural Resources sector.

The **WisdomTree India Earnings Index** is a fundamentally weighted index that is comprised of companies incorporated and traded in India that are profitable and that are eligible to be purchased by foreign investors as of the index measurement date.

The **WisdomTree International Real Estate Index** is comprised of companies in developed markets outside of the U.S. and Canada that pay regular cash dividends and that WisdomTree Investments classifies as being part of the International Real Estate sector.

The **WisdomTree International Sector Indexes**, which encompass Basic Materials, Energy and Utilities, are derived from the WisdomTree DEFA Index, and measure the performance of dividend-paying companies in developed markets outside the U.S. and Canada, within their specific international sectors.

The **WisdomTree Japan Equity Income Index** is comprised of companies with high dividend yields selected from the WisdomTree Japan Dividend Index.

The **WisdomTree Middle East Dividend Index** is comprised of companies in the Middle East region that pay regular cash dividends on shares of common stock and that meet specified requirements as of the index measurement date.

The **WisdomTree Pacific ex-Japan Dividend Index** is comprised of dividend-paying companies incorporated in the Pacific region, excluding Japan.

Index performance information assumes the reinvestment of net dividends and excludes management fees, transaction costs and expenses. You cannot directly invest in an index.

**Table of Contents**

**Shareholder Expense Examples** (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of cost: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from April 1, 2014 to September 30, 2014.

**Actual expenses**

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled **Expenses Paid During the Period 4/1/14 to 9/30/14** to estimate the expenses you paid on your account during the period.

**Hypothetical example for comparison purposes**

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>1</sup> The information reflects the investment objective and strategy of the WisdomTree Pacific ex-Japan Total Dividend Fund through June 19, 2011 and the investment objective and strategy of the WisdomTree Asia Pacific ex-Japan Fund thereafter.
- <sup>2</sup> Based on average shares outstanding.
- <sup>3</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. The total return would have been lower for the WisdomTree Asia Pacific ex-Japan Fund if certain expenses had not been reimbursed/waived by the investment adviser (Notes 2 and 3).
- <sup>4</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>5</sup> Annualized.
- <sup>6</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the expense ratio (net of expense waivers) would have been 0.48% and the expense ratio (prior to expense waivers) would have been 0.48%.
- <sup>7</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.
- <sup>8</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the annualized expense ratio would have been 0.63%.

<sup>1</sup> Based on average shares outstanding.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. The total return would have been lower if certain expenses had not been reimbursed/waived by the investment adviser (Notes 2 and 3).
- <sup>3</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>4</sup> Annualized.
- <sup>5</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the expense ratio (net of expense waivers) would have been 0.63% and 0.58%, and the expense ratio (prior to expense waivers) would have been 0.63% and 0.58%, for WisdomTree Emerging Markets SmallCap Dividend Fund and WisdomTree Global Equity Income Fund, respectively.
- <sup>6</sup> Reflects the Fund's advisory fees, after waiver, and the fees and expenses of the WisdomTree India Earnings Fund that were paid indirectly by the Fund. The Fund invests a portion of its assets in the WisdomTree India Earnings Fund in order to achieve exposure to securities in India.
- <sup>7</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.
- <sup>8</sup> The information reflects the investment objective and strategy of the WisdomTree Europe Equity Income Fund through June 19, 2009 and the investment objective and strategy of the WisdomTree Global Equity Income Fund thereafter.
- <sup>9</sup> Reflects the Fund's advisory fees, after waiver, and the fees and expenses of the underlying funds that were paid indirectly by the Fund during the period when Fund operated as a funds of funds.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. The total return would have been lower if certain expenses had not been reimbursed/waived by the investment adviser (Notes 2 and 3).
- <sup>3</sup> Annualized.
- <sup>4</sup> Includes interest expense of 0.01% and 0.01% for the six months ended September 30, 2014 and for the fiscal year ended 2014, respectively.
- <sup>5</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the expense ratio (net of expense waivers) would have been 0.85% and 0.88%, and the expense ratio (prior to expense waivers) would have been 0.85% and 0.88%, for WisdomTree India Earnings Fund and WisdomTree Middle East Dividend Fund, respectively.
- <sup>6</sup> Excludes Mauritius income tax expense (see Note 7). If Mauritius income tax expense had been included, the Fund's expense ratios (before and after expense reimbursements) would have been higher by: 0.02%, 0.06%, 0.04% and 0.03% for the fiscal years ended 2013, 2012, 2011 and 2010.
- <sup>7</sup> During the period, the Fund was reimbursed for certain expenses that occurred during the previous fiscal year.
- <sup>8</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.
- <sup>9</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.

WisdomTree Emerging Markets Equity Income Fund ( <i>Emerging Markets Equity Income Fund</i> )	July 13, 2007
WisdomTree Emerging Markets SmallCap Dividend Fund ( <i>Emerging Markets SmallCap Dividend Fund</i> )	October 30, 2007
WisdomTree Global Equity Income Fund ( <i>Global Equity Income Fund</i> )	June 16, 2006
WisdomTree Global ex-U.S. Dividend Growth Fund ( <i>Global ex-U.S. Dividend Growth Fund</i> )	June 16, 2006
WisdomTree Global ex-U.S. Real Estate Fund ( <i>Global ex-U.S. Real Estate Fund</i> )	June 5, 2007
WisdomTree Global ex-U.S. Utilities Fund ( <i>Global ex-U.S. Utilities Fund</i> )	October 13, 2006
WisdomTree Global Natural Resources Fund ( <i>Global Natural Resources Fund</i> )	October 13, 2006
WisdomTree India Earnings Fund ( <i>India Earnings Fund</i> ) ( <i>consolidated</i> )	February 22, 2008
WisdomTree Middle East Dividend Fund ( <i>Middle East Dividend Fund</i> )	July 16, 2008

The India Earnings Fund makes its investments through the WisdomTree India Investment Portfolio, Inc. (the *Portfolio*), a wholly owned subsidiary organized in the Republic of Mauritius. The Portfolio was incorporated under the provisions of the Mauritius Companies Act 2001 and holds a Global Business License Category 1 issued by the Financial Services Commission. The Portfolio is advised by WisdomTree Asset Management, Inc. ( *WTAM* ) and is sub-advised by Mellon Capital Management Corporation ( *MCM* ). For the India Earnings Fund, the accompanying financial statements reflect the financial position of the Fund and the results of operations on a consolidated basis with the Portfolio. All inter-company accounts and transactions have been eliminated in consolidation. This structure should permit the India Earnings Fund to benefit from a tax treaty between India and Mauritius. The Supreme Court of India upheld the validity of this tax treaty in response to a lower court challenge contesting the treaty's applicability to entities such as the India Earnings Fund. In March of 2012, the Indian Finance Minister introduced a new chapter to the Indian Income Tax Act 1961, which would include certain General Anti-Avoidance Rules ( *GAAR* ). The implementation of these rules has been postponed and would be effective April 1, 2015 (Indian tax year 2015-2016) and it is presently unclear if these rules will have any impact on the Fund's ability to benefit from the tax treaty. No assurance can be given that the terms of the treaty will not be subject to re-negotiation in the future or subject to an adverse interpretation under GAAR. Any change in the provision of this treaty or in its applicability to the India Earnings Fund could result in the imposition of withholding and other taxes on the India Earnings Fund by tax authorities in India. This would reduce the return to the India Earnings Fund on its investments and the return received by India Earnings Fund shareholders. References to investments by the India Earnings Fund herein should be understood to refer to investments by the Portfolio.

Each Fund seeks to track the price and yield performance, before fees and expenses, of a particular index ( *Index* ) developed by WisdomTree Investments, Inc. ( *WisdomTree Investments* ). WisdomTree Investments is the parent company of WTAM, the investment adviser to each Fund and the Trust. WisdomTree is a registered mark of WisdomTree Investments and has been licensed for use by the Trust. Each Fund described herein is considered to be non-diversified. The securities in each Index are weighted based on earnings or earnings yield.

In the normal course of business, the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts.

**2. SIGNIFICANT ACCOUNTING POLICIES**

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The Financial Accounting Standards Board ( FASB ) Accounting Standards Codification (the Codification ) is the exclusive reference of authoritative U.S. generally accepted accounting principles ( GAAP ) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission ( SEC ) under authority of federal laws are also sources of authoritative GAAP for SEC registrants.

WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds 83

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

The following is a summary of significant accounting policies followed by the Funds:

**Use of Estimates** The preparation of financial statements in conformity with GAAP, requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

**Investment Valuation** The net asset value ( NAV ) of each Fund 's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund 's net assets by the number of Fund shares outstanding. Each Fund issues and redeems shares at NAV only in large blocks of shares known as creation units, which only certain institutions or large investors may purchase or redeem. Shares of each Fund are listed on a national securities exchange and trade at market prices. Most investors will buy and sell shares through brokers. Because Fund shares trade at market prices rather than NAV, shares may trade at a price greater than NAV or less than NAV. In calculating each Fund 's NAV, investments are valued under policies approved by the Board of Trustees. Equity securities (including preferred stock) traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities (including preferred stock) are valued at the last quoted sale price or, if no sale price is available, at the mean between the highest bid and lowest ask price. Short-term debt securities with remaining maturities of 60 days or less generally are valued on the basis of amortized cost which approximates fair value. Each Fund may invest in money market funds which are valued at their NAV per share and affiliated ETFs which are valued at their last sale or official closing price on the exchange on which they are principally traded. Forward foreign currency contracts are valued daily using WM/Reuters closing spot and forward rates as of 4:00 p.m. London time. Fixed income securities generally are valued at current market quotations or mean prices obtained from dealers or independent pricing services. Dealers or independent pricing services, in determining the value of securities may consider such factors as recent transactions, indications from dealers, yields and prices on similar securities, and market sentiment for the type of security.

In certain instances, such as when reliable market valuations are not readily available or are not deemed to reflect current market values, a Fund 's investments will be fair valued in accordance with the Fund 's pricing policy. The Board of Trustees of the Trust has established a pricing committee (the Pricing Committee ) which is comprised of senior representatives of WTAM and which reports to the Board of Trustees on a quarterly basis. In the event that a financial instrument cannot be valued based upon a price from a national securities exchange, independent pricing service provider or broker-dealer quotation, or such prices are deemed to not reflect current market value, the Pricing Committee may value the financial instrument in good faith under the policies and procedures approved by the Board of Trustees based on current facts and circumstances. Securities that may be valued using fair value pricing may include, but are not limited to, securities for which there are no current market quotations, securities whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by significant events . An example of a significant event is an event occurring after the close of the market in which a security trades but before a Fund 's next NAV calculation time that may materially affect the value of a Fund 's investment (e.g., government action, natural disaster, or significant market fluctuation). Price movements in U.S. markets that are deemed to affect the value of foreign securities, or reflect changes to the value of such securities, also may cause securities to be fair valued. The Funds may rely on an independent fair value service in adjusting the valuations of foreign securities. When fair value pricing is employed, the prices of securities used by a Fund to calculate its NAV may differ from quoted or published prices for the same securities.

**Fair Value Measurement** In accordance with Codification Topic 820 ( ASC 820 ), Fair Value Measurements and Disclosures, fair value is defined as the price that each Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy of inputs to be used when determining fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability. Observable inputs are based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity 's own assumptions about the assumptions market participants would use in pricing the asset or liability. Unobservable inputs are based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 quoted prices in active markets for identical securities

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including each Fund's assumptions in determining the fair value of investments)

84 WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

The inputs or methodology used for valuation are not necessarily an indication of the risk associated with investing in those investments.

Investments that use Level 2 or Level 3 inputs may include, but are not limited to: (i) an unlisted security related to corporate actions; (ii) a restricted security (e.g., one that may not be publicly sold without registration under the Securities Act of 1933, as amended); (iii) a security whose trading has been suspended or which has been de-listed from its primary trading exchange; (iv) a security that is thinly traded; (v) a security in default or bankruptcy proceedings for which there is no current market quotation or market activity; (vi) a security affected by currency controls or restrictions; and (vii) a security affected by a significant event (e.g., an event that occurs after the close of the markets on which the security is traded but before the time as of which a Fund's NAV is computed and that may materially affect the value of the Fund's investments).

The valuation techniques and significant inputs used in determining the fair market value measurements for Level 2 and Level 3 positions are as follows:

Financial instruments are generally valued by independent pricing service providers that use broker-dealer quotations, reported trades or valuation estimates from their internal pricing models. Depending on the type of financial instrument, the independent pricing service providers internal pricing models may use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar assets. Financial instruments that use similar valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy otherwise a Level 3 fair value classification is appropriate. Short-term investments having a maturity of 60 days or less are generally valued at amortized cost which approximates fair market value. These investments are categorized as Level 2 of the fair value hierarchy. Over-the-counter financial derivative instruments derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These instruments are normally valued on the basis of broker-dealer quotations or independent pricing service providers. Depending on the product and the terms of the transaction, the value of the financial derivative instruments can be estimated by an independent pricing service provider using a series of techniques including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, credit risks/spreads, interest rates, yield curves, default and exchange rates. Derivative contracts that use valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy otherwise a Level 3 fair value classification is appropriate.

Determination of a fair value by the Pricing Committee may include significant unobservable inputs and therefore would be reflected as a Level 3 of the fair value hierarchy. The Pricing Committee may employ a market-based valuation approach which may use, among other potential considerations, related or comparable securities, recent transactions, market multiples, book values, and other relevant information to determine fair value. The Pricing Committee may also use an income-based valuation approach in which anticipated future cash flows of the financial instrument are discounted to calculate fair value. The Pricing Committee meets at least on a monthly basis to review and discuss the appropriateness of such fair values using more current information such as, recent security news, recent market transactions, updated corporate action information and/or other macro or security specific events. Also, when observable inputs become available, the Pricing Committee conducts back testing of the methodologies used to value Level 3 financial instruments to substantiate the unobservable inputs used to value those investments. Such back testing includes comparing Level 3 investment values to observable inputs such as exchange-traded prices, transaction prices, and/or vendor prices.

The following is a summary of the fair valuations according to the inputs used as of September 30, 2014 in valuing each Fund's assets:

<b>Asia Pacific ex-Japan Fund</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>

The following is a summary of transfers between fair value measurement levels that occurred during the six months ended September 30, 2014. The Funds have elected to use the beginning of period method for transfers between fair value measurement levels.

<b>Fund</b>	<b>Transfers from Level 1 to Level 2<sup>1</sup></b>	<b>Transfers from Level 1 to Level 3<sup>2</sup></b>	<b>Transfers from Level 2 to Level 3<sup>3</sup></b>
Emerging Markets Consumer Growth Fund	\$	\$ 64,546	\$ 1,371
Emerging Markets SmallCap Dividend Fund	\$ 998,011	\$ 2,877,683	\$
Middle East Dividend Fund	\$	\$ 473,544	\$ 12,813

<sup>1</sup> Transfers from Level 1 to Level 2 are as a result of the unavailability of a quoted price in an active market for identical investments.

<sup>2</sup> Transfers from Level 1 to Level 3 are as a result of the unavailability of a quoted price in an active market for identical investments.

<sup>3</sup> Transfers from Level 2 to Level 3 are as a result of the unavailability of a quoted price in an active market for identical investments.

**Derivatives and Hedging Disclosure** Codification Topic 815 ( ASC 815 ), Derivatives and Hedging, requires qualitative disclosures about objectives and strategies for using derivatives, quantitative disclosures about fair value amounts of gains and losses on derivative instruments, and disclosures about credit-risk-related contingent features in derivative agreements. The Funds have invested in derivatives, specifically forward foreign currency contracts for the six months ended September 30, 2014 which are detailed in the tables herein. The Funds' derivative agreements contain credit-risk related contingent features which include, but are not limited to, a percentage decline in the Funds' NAV over a specified time period. If an event occurred at September 30, 2014 that triggered a contingent feature, the counterparty to the agreement may require the Funds to post additional collateral or terminate the derivative positions and demand payment. Any collateral posted with respect to the derivative positions would be used to offset or reduce the payment. The maximum exposure to derivatives agreements with credit-risk related contingent features would be the total value of derivatives in net liability positions for each Fund, as disclosed in page 94. At September 30, 2014, the Funds did not receive or post collateral with any counterparty for derivatives and no event occurred that triggered a credit-risk-related contingent feature.

The Funds listed below have invested in derivatives, specifically forward foreign currency contracts for the six months ended September 30, 2014, which are detailed in the tables herein. All of the derivative instruments disclosed and described herein are subject to credit risk. Credit risk is where the financial condition of an issuer of a security or instrument may cause it to default or become unable to pay interest or principal due on the investment. Risks may arise upon entering into forward foreign currency contracts from the potential inability of a counterparty to meet the terms of their contracts and from unanticipated movements in the value of foreign currencies relative to the U.S. dollar or each other.

As of September 30, 2014, the effect of such derivative instruments on each Fund's financial position as reflected in the Statements of Assets and Liabilities are presented in the summary below:

Edgar Filing: WisdomTree Trust - Form N-CSRS

<b>India Earnings Fund (consolidated)</b>		
Foreign exchange contracts	3,054,202	167,049
<b>Middle East Dividend Fund</b>		
Foreign exchange contracts	37,137	465,270

**Investment Transactions and Investment Income** Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method. Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income including amortization of premiums and discounts, is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis of such securities.

**Foreign Currency Translation** The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates prevailing on the respective dates of such transactions that are deemed appropriate by WTAM. Realized and unrealized foreign exchange gains and losses on investments are included as a component of net realized gain (loss) from investment transactions and net change in unrealized appreciation (depreciation) from investment transactions, respectively, on the Statement of Operations. Net realized and unrealized foreign exchange gains or

## Edgar Filing: WisdomTree Trust - Form N-CSRS

losses arising from sales of foreign currencies, including gains and losses of forward foreign currency contracts, currency gains or losses recognized between the trade and settlement dates on investment transactions, and the difference between the amounts of dividends and foreign withholding taxes recorded on the Funds' books and the U.S. dollar equivalent of the amounts actually received or paid are included in net realized gain (loss) from forward foreign currency contracts and foreign currency related transactions and/or net change in unrealized appreciation (depreciation) from forward foreign currency contracts and translation of assets and liabilities denominated in foreign

90 WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

currencies in the Statement of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in, or are a reduction of, ordinary income in accordance with U.S. Federal income tax regulations.

**Expenses/Reimbursements** Under the Investment Advisory Agreement for each Fund, except Emerging Markets Consumer Growth Fund and Emerging Markets Dividend Growth Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of trustees who are not interested persons of the Funds ( Independent Trustees ); (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's Chief Compliance Officer ( CCO ); (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM.

Under the investment advisory agreement for Emerging Markets Consumer Growth Fund and Emerging Markets Dividend Growth Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other fees, charges, taxes, levies or expenses (such as stamp taxes) incurred in connection with the execution of portfolio transactions or in connection with creation and redemption transactions (including without limitation any fees, charges, taxes, levies or expenses related to the purchase or sale of an amount of any currency, or the partition or repatriation of any security or other asset, related to the execution of portfolio transactions or any creation or redemption transactions); (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's CCO; (vi) extraordinary expenses (in each case as determined by a majority of the Independent Trustees); (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; (viii) interest and taxes of any kind or nature (including, but not limited to, income, excise, transfer and withholding taxes); (ix) fees and expenses related to the provision of securities lending services; and (x) the advisory fee payable to WTAM.

The internal expenses of pooled investment vehicles in which the Fund may invest (acquired fund fees and expenses) are not expenses of the Fund and are not paid by WTAM.

During the six months ended September 30, 2014, the Trust incurred expenses pertaining to proxy printing, mailing and solicitation. These proxy expenses are not paid by WTAM. During the period, each Fund in the Trust borne its pro rate allocation of these proxy expenses.

Pursuant to a separate contractual arrangement, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees. WTAM receives a fee, as shown on the Statements of Operations under Service fees, of up to 0.0044% of each Fund's average daily net assets for providing such services and paying such expenses. WTAM provides CCO services to the Trust.

**Currency Transactions** The Funds may enter into forward foreign currency contracts to facilitate local securities settlements or to protect against currency exposure in connection with distributions to shareholders. The Funds do not expect to engage in currency transactions for the purpose of hedging against declines in the value of the Fund's assets that are denominated in one or more foreign currencies. The Funds may not enter into such contracts for speculative purposes.

**Forward Foreign Currency Contracts** A forward foreign currency contract ( Forward Contract ) involves an obligation to purchase or sell a specific currency at a future date, which may be any fixed number of days from the date of the contract agreed upon by the parties, at a price set at the time of the contract. These contracts are principally traded in the inter-bank market conducted directly between currency traders (usually large, commercial banks) and their customers. A Forward Contract generally does not require an initial margin deposit and no commissions are charged at any stage for trades. However, if a Fund is in an unrealized loss position on a Forward Contract, it may be required to pledge collateral (or additional collateral) to the counterparty. If a Fund is in an unrealized gain position on a Forward Contract, it may receive collateral from the counterparty.

Risks may arise upon entering into Forward Contracts from the potential inability of counterparties to meet the terms of their contracts and from unanticipated movements in the value of foreign currencies relative to the U.S. dollar or each other.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Fluctuations in the value of open Forward Contracts are recorded for book purposes as unrealized gains or losses on Forward Contracts by the Funds. Realized gains and losses on Forward Contracts include net gains or losses recognized by the Funds on contracts which have matured or were sold.

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

**Securities Lending** Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. It is the Funds' policy that, at origination, all loans are secured by collateral of at least 102% of the value of U.S. securities loaned and 105% of the value of foreign securities loaned. Collateral in the form of cash and/or high-grade debt obligations, equivalent to at least 100% of the market value of securities, is maintained at all times. The cash collateral can be invested in certain money market mutual funds which also have exposure to the fluctuations of the market. The value of the investment of cash collateral for securities on loan along with the obligation to return such collateral are included on the Statements of Assets and Liabilities. The value of securities received as collateral for securities on loan are not included on the Statements of Assets and Liabilities because the receiving Fund does not have the right to sell or repledge the securities received as collateral. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The securities lending income earned by the Funds is disclosed on the Statements of Operations. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. Dividends received while a security is out on loan are not considered Qualified Dividend Income ( QDI ) under the specific criteria issued by the Internal Revenue Service and are subject to taxation at the shareholder's ordinary income tax rate instead of the lower long-term capital gains tax rate. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receive a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

**Master Netting Arrangements** Accounting Standards Update No. 2011-11 Disclosures about Offsetting Assets and Liabilities ( ASU 2011-11 ) is generally intended to (i) help investors and other financial statement users to better assess the effect or potential effect of offsetting arrangements on a company's financial position, (ii) improve transparency in the reporting of how companies mitigate credit risk, and (iii) facilitate comparisons between those entities that prepare their financial statements on the basis of GAAP and those entities that prepare their financial statements on the basis of international financial reporting standards. ASU 2011-11 requires entities to disclose (i) gross and net information about both instruments and transactions eligible for offset in the financial statements, and (ii) instruments and transactions subject to an agreement similar to a master netting agreement. ASU 2011-11 is limited in scope to the following financial instruments, to the extent they are offset in the financial statements or subject to an enforceable master netting arrangement or similar agreement: (i) recognized derivative instruments accounted for under ASC 815 (Derivatives and Hedging); (ii) repurchase agreements and reverse repurchase agreements; and (iii) securities borrowing and securities lending transactions.

In order to better define its contractual rights and to secure rights that will help a Fund mitigate its counterparty risk, a Fund may enter into an International Swaps and Derivatives Association, Inc. Master Agreement ( ISDA Master Agreement ) or similar agreement with its counterparties. An ISDA Master Agreement is a bilateral agreement between a Fund and a counterparty that governs over-the-counter derivatives ( OTC ), including Forward Contracts, and typically contains, among other things, collateral posting terms, netting and rights of set-off provisions in the event of a default and/or termination event. Under an ISDA Master Agreement, a Fund may, under certain circumstances, offset with the counterparty certain derivative financial instruments' payables and receivables to create a single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of a default (close-out netting) or similar event, including the bankruptcy or insolvency of the counterparty.

Collateral requirements generally differ by type of derivative. Collateral terms are contract-specific for OTC derivatives (e.g. foreign exchange contracts, options and certain swaps). Generally, for transactions traded under an ISDA Master Agreement, the collateral requirements are calculated by netting the marked to market amount for each transaction under such agreement and comparing that amount to the value of any collateral currently pledged by a Fund and the counterparty. Generally, the amount of collateral due from or to a counterparty must exceed a minimum transfer amount threshold before a transfer is required to be made. To the extent amounts due to a Fund from its derivatives counterparties are not fully collateralized, contractually or otherwise, the Fund bears the risk of loss from counterparty non-performance.

A Fund's security lending activities are governed by a Securities Lending Authorization Agreement ( Lending Agreement ) between the Fund and the lending agent. The Lending Agreement authorizes the lending agent to lend qualifying U.S. and foreign securities held by a Fund to approved borrowers (each a Borrower ). To mitigate borrower risk, a Fund typically receives from a Borrower, collateral in the form of U.S. dollar cash and/or securities issued or guaranteed by the U.S. government or its agencies in excess of the market value of the securities loaned. Under the provisions of the Lending Agreement, a Fund shall have, as to the collateral, all of the rights and remedies of a secured party under applicable law. A Fund is exposed to risk of loss if a Borrower defaults on its obligation to return borrowed securities and the value of the collateral a Fund received is insufficient to cover the market value of the securities loaned. Also, the lending agent is permitted to invest the cash collateral it receives from a Borrower into a money market fund which is subject to market fluctuation. Therefore, a Fund is exposed to risk of loss if the value of invested cash collateral is insufficient to satisfy the Fund's obligation to return the full amount owed to such Borrower.

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

For financial reporting purposes, the Funds elect to not offset assets and liabilities subject to an ISDA Master Agreement or Lending Agreement, if any, in the Statements of Assets and Liabilities. Therefore, all qualifying transactions are presented on a gross basis in the Statements of Assets and Liabilities. As of September 30, 2014, the impact of netting of assets and liabilities and the offsetting of collateral pledged or received based on contractual netting/set-off provisions in the ISDA Master Agreement and the Lending Agreement are detailed in the following table:

Fund	Assets			Net Amount	Liabilities Gross Amounts Not Offset in Statement of Assets and Liabilities			Net Amount

## Edgar Filing: WisdomTree Trust - Form N-CSRS

**Short-Term Investments** Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments include short-term obligations issued by the U.S. government, its

94 WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

agencies, non-U.S. government agencies, negotiable certificates of deposit ( CDs ), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Bankers' acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

**Tax Information and Dividends and Distributions to Shareholders** It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the Code). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ( RIC ) under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. There can be no guarantee that a Fund will pay dividends. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with the requirements of the Code and the U.S. Treasury regulations. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions that exceed earnings and profit for tax purposes are reported for tax purposes as a return of capital. The India Earnings Fund has filed an election to treat the Portfolio as a pass-through entity for tax purposes.

**3. ADVISORY FEES AND TRANSACTIONS**

WTAM has overall responsibility for the general management and administration of the Trust. WTAM provides an investment program for each Fund. WTAM has arranged for MCM to provide sub-advisory services to the Funds. MCM is compensated by WTAM at no additional cost to the Funds. WTAM also arranges for transfer agency, custody, fund accounting, fund administration, securities lending and all other non-distribution related services necessary for the Funds to operate, which are generally under separate agreements entered into between the Trust on behalf of the Funds and the applicable service provider. Under the Investment Advisory Agreement for each Fund, WTAM agrees to pay all expenses of the Funds except for certain expenses generally described in Note 2.

Pursuant to a separate contractual arrangement, as also described in Note 2, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees in exchange for a fee of up to 0.0044% of each Fund's average daily net assets. WTAM expects to receive advisory fees from each Fund, based on a percentage of the Fund's average daily net assets, as shown in the following table:

<b>Fund</b>	<b>Advisory Fee Rate</b>
Asia Pacific ex-Japan Fund	0.48%
China Dividend ex-Financials Fund	0.63%
Commodity Country Equity Fund	0.58%
Emerging Markets Consumer Growth Fund	0.63%

Middle East Dividend Fund	

**4. CAPITAL SHARE TRANSACTIONS**

As of September 30, 2014, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in creation units or multiples thereof. Except when aggregated in creation units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of creation units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying Index and an amount of cash. The India Earnings Fund and Middle East Dividend Fund issue and redeem shares on a cash basis only. Investors purchasing and redeeming creation units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of creation units.

**5. INVESTMENT PORTFOLIO TRANSACTIONS**

Purchases and sales of investments (excluding in-kind capital share transactions and short-term investments) for the six months ended September 30, 2014 were as follows:

<b>Fund</b>	<b>Purchases</b>	<b>Sales</b>
Asia Pacific ex-Japan Fund	\$ 1,335,596	\$ 2,963,182
China Dividend ex-Financials Fund	598,877	472,953
Commodity Country Equity Fund	571,665	1,615,074
Emerging Markets Consumer Growth Fund	282,134	225,309
Emerging Markets Dividend Growth Fund	3,276,264	400,324

Global ex-U.S. Utilities Fund	1,470,430	2,738,134
Global Natural Resources Fund	487,191	519,516
India Earnings Fund ( <i>consolidated</i> )	1,245,480,620	339,602,060
Middle East Dividend Fund	29,239,163	27,820,685

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

For the six months ended September 30, 2014, the cost of purchases and the proceeds from sales resulting from in-kind capital share transactions were as follows:

<b>Fund</b>	<b>Purchases</b>	<b>Sales</b>
Asia Pacific ex-Japan Fund	\$	\$ 5,061,323
China Dividend ex-Financials Fund		
Commodity Country Equity Fund		3,671,574
Emerging Markets Consumer Growth Fund		
Emerging Markets Dividend Growth Fund	7,828,190	
Emerging Markets Equity Income Fund		249,103,915
Emerging Markets SmallCap Dividend Fund	56,475,919	4,131,981
Global Equity Income Fund		4,525,657
Global ex-U.S. Dividend Growth Fund	4,687,432	
Global ex-U.S. Real Estate Fund	8,918,946	21,809,869
Global ex-U.S. Utilities Fund	816,367	5,445,366
Global Natural Resources Fund		
India Earnings Fund ( <i>consolidated</i> )		
Middle East Dividend Fund		

Realized gains and losses on in-kind redemptions are not recognized by the Funds for tax purposes.

**6. FEDERAL INCOME TAXES**

At September 30, 2014, the cost of investments (including securities on loan) for Federal income tax purposes was as follows:

<b>Fund</b>	<b>Tax Cost</b>	<b>Gross Unrealized Appreciation</b>	<b>Gross Unrealized Depreciation</b>	<b>Net Unrealized Appreciation/Depreciation</b>
Asia Pacific ex-Japan Fund	\$ 45,422,294	\$ 6,506,655	\$ (3,386,932)	\$ 3,119,723
China Dividend ex-Financials Fund	22,758,391	2,092,217	(2,400,947)	(308,730)
Commodity Country Equity Fund	18,163,121	1,766,281	(2,330,727)	(564,446)
Emerging Markets Consumer Growth Fund	22,070,373	1,932,729	(1,224,978)	707,751

**7. MAURITIUS INCOME TAX**

The taxable profits derived from the worldwide income of the wholly owned subsidiary of the India Earnings Fund, the Portfolio, is subject to income tax at the rate of 15% in the Republic of Mauritius. As with all Mauritian tax residents, the Portfolio is entitled to a foreign tax credit ( FTC ) on its foreign sourced income. The FTC is based on the lower of the Mauritian tax or the foreign taxes suffered. Where documentary evidence is not available to substantiate the foreign taxes suffered, the FTC can be presumed to be 80% of the Mauritius tax on its foreign source income. The presumed FTC effectively reduces the Mauritian income tax rate on the foreign sourced income of the Portfolio to a maximum of 3%. Interest income on call and deposit accounts with Mauritian banks is exempt from tax, and there is no tax on capital gains in Mauritius. Currently, the Mauritius income tax is paid by WTAM.

**9. DEMAND NOTE**

During the six months ended September 30, 2014, the India Earnings Fund had a demand note agreement with Bank of America, N.A. which allowed the Fund to borrow up to \$300,000,000 and having a final maturity date of October 3, 2014. During the six months ended September 30, 2014, the Fund utilized the demand note and borrowed for a period of 5 days with an average outstanding note balance of \$293,235,779 and a weighted average interest rate of 2.56% per annum. Interest expense related to the note for the six months ended September 30, 2014 was \$102,633. At September 30, 2014, the Fund did not have any amounts outstanding under the demand note agreement.

**10. RECENT ACCOUNTING PRONOUNCEMENT**

In June 2014, The FASB issued *ASU 2014-11 Transfers & Servicing (Topic 860): Repurchase-to-Maturity Transactions, Repurchase Financings, and Disclosures* to improve the financial reporting of repurchase agreements and other similar transactions. The guidance includes expanded disclosure requirements for entities that enter into repurchase agreements or securities lending transactions. The guidance is effective for financial statements with fiscal years beginning on or after January 1, 2015, and interim periods within those fiscal years. Management is evaluating the impact, if any, of this guidance on the Trust's financial statement disclosures.

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited)

*Consideration of the Renewal of Investment Advisory and Sub-Investment Advisory Agreements with respect to the WisdomTree Asia Pacific ex-Japan Fund, WisdomTree China Dividend ex-Financials Fund, WisdomTree Commodity Country Equity Fund, WisdomTree Emerging Markets Consumer Growth Fund, WisdomTree Emerging Markets Dividend Growth Fund, WisdomTree Emerging Markets Equity Income Fund, WisdomTree Emerging Markets SmallCap Dividend Fund, WisdomTree Global Equity Income Fund, WisdomTree Global ex-U.S. Dividend Growth Fund, WisdomTree Global ex-U.S. Real Estate Fund, WisdomTree Global ex-U.S. Utilities Fund, WisdomTree Global Natural Resources Fund, WisdomTree India Earnings Fund, and the WisdomTree Middle East Dividend Fund (each, a Fund and together, the Funds )*

At a meeting of the Board of Trustees of the WisdomTree Trust (the Trust ) held on September 18-19, 2014, the Trustees (the Trustees ), including those Trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees ), considered the renewal of the Investment Advisory Agreements between WisdomTree Asset Management ( WTAM ) and the Trust on behalf of the Funds, pursuant to which WTAM provides the Funds with investment advisory services (the Advisory Agreements ) and the Sub-Investment Advisory Agreement (the Sub-Advisory Agreement ), pursuant to which Mellon Capital Management Corporation ( MCM or Sub-Adviser ) coordinates the investment and reinvestment of the assets of the Funds.

The Independent Trustees requested, and WTAM provided, such information as the Independent Trustees, with advice from independent legal counsel, deemed reasonably necessary to evaluate the Agreements. On March 20, 2014 and June 24, 2014, a committee of Independent Trustees (the Contracts Review Committee ), with independent legal counsel, met with representatives from WTAM to discuss the types of information the Independent Trustees required and the manner in which fund management would organize and present such information. At a meeting held on August 8, 2014, representatives from WTAM presented preliminary information to the Board relating to the continuance of the Agreements, and the Board, including the Independent Trustees, reviewed and discussed such information. Further information was presented at the Board s request at the meeting held on September 18-19, 2014.

The Trustees, a majority of whom are Independent Trustees, were assisted in their review by independent legal counsel and met with counsel in executive session separate from representatives of WTAM and the Sub-Adviser. In considering the renewal of the Agreements, the Board considered all factors that it believed to be relevant, including those discussed below. The Board did not identify any one factor as dispositive, and each Board member may have attributed different weights to the factors considered.

*Analysis of Nature, Extent, and Quality of Services Provided to the Funds*

The Board considered information provided to them at the meeting and in previous presentations throughout the year from WTAM representatives regarding the nature, extent, and quality of the services provided to the Funds, recognizing WTAM s and the Sub-Adviser s operational capabilities and resources. The Board also discussed WTAM s role as index provider to the Funds. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including the selection of, and supervisory responsibilities and activities over, the Sub-Adviser, including oversight of the Sub-Adviser s compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws and the implementation of Board directives as they relate to the Funds. Based on management s representations, the Board expected that there would be no reduction in the scope of services required by or provided by WTAM and the Sub-Adviser under the relevant Agreements. The Board noted that WTAM has continued to commit significant resources toward the fund complex. The Board also considered research support available to, and management capabilities of, the Funds management personnel and that WTAM provides oversight of day-to-day Fund operations, including fund accounting, administration and legal assistance in meeting disclosure and regulatory requirements.

Based on review of this information and the other factors considered at the meeting, the Board concluded that the nature, extent and quality of services provided by WTAM and the Sub-Adviser under the Advisory Agreements and Sub-Advisory Agreement, respectively, supported the Board s approval of the renewal of the Agreements.

*Comparative Analysis of the Funds Performance and Management Fee and Expense Ratio*

The Board reviewed reports prepared by Lipper, Inc. ( Lipper ), an independent provider of investment company data, which included information (1) measuring each Fund s performance by how well it tracked the relevant WisdomTree benchmark index, and (2) comparing each Fund s actual management fees and total expenses with those of a group of comparable funds (the Expense Group ) and, with respect to total expenses, with a broader group of funds (the Expense Universe ), the information for which was derived in part from fund financial statements available to Lipper

## Edgar Filing: WisdomTree Trust - Form N-CSRS

as of the date of its analysis. The Contracts Review Committee and the Independent Trustees previously had reviewed and discussed the methodology Lipper used to select the Performance Groups, Expense Groups and Expense Universes. The Board noted that the Performance Groups, Expense Groups and Expense Universes included only pure-index exchange traded funds ( ETFs ) as comparison funds. The Board also noted that due to the special characteristics of certain funds, there are limitations in providing comparable funds in the Performance Groups, Expense Groups and Expense Universes, and the information in the Lipper reports may or may not provide meaningful direct comparisons to the Funds.

WisdomTree Global/Global ex-U.S. and Emerging/Frontier Markets Funds 99

## Table of Contents

### **Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (concluded)

The Board discussed the Funds' performance, noting that each Fund seeks to track its own WisdomTree benchmark index. During the prior year, the Board received periodic reports on the Funds' performance in comparison to their relevant benchmark indexes. The Board determined to monitor carefully in the coming year disparities in performance—both positive and negative—but did not believe that the disparities in the past reflected any characteristics requiring immediate action by WTAM or the Sub-Adviser.

The Board also reviewed the range of actual management fees and total expenses of the Expense Group funds and, with respect to total expenses, Expense Universe funds, as well as the advisory fees and total expenses of certain funds not included in the Lipper reports that WTAM considers to be significant competitors of the Funds, and discussed the results of the comparisons. With respect to comparisons of actual management fees, the Board noted the Funds' unitary fee structure and that the Expense Groups and Expense Universes included both ETFs with and without a unitary fee structure. The Board noted that the Funds' actual management fees and total expenses generally were within 10 basis points of the actual management fees and total expenses of the Funds in their respective Expense Groups and Expense Universes. In those specific instances where a Fund's actual management fees or total expenses departed more significantly from comparative funds, the Independent Trustees sought explanations from WTAM, which generally attributed the disparities to differences in assets under management, the unique history of a Fund or certain comparison funds and temporary fee waivers in place for marketing or other reasons.

The Board considered the fees to the Sub-Adviser in relation to the fees paid to WTAM by the Funds and the respective services provided by the Sub-Adviser and WTAM. The Board also noted that the Sub-Adviser's fees are paid by WTAM (out of its fee from the relevant Funds) and not the Funds.

Based on this review and the other factors considered at the meeting, the Board concluded that, with respect to each Fund, the Fund's performance, the fees paid to WTAM and the Sub-Adviser and the Fund's total expenses supported the Board's approval of the renewal of the relevant Agreements.

#### *Analysis of Profitability and Economies of Scale*

WTAM representatives reviewed the expenses allocated and profit received by WTAM and the resulting profitability percentage for managing each Fund and the aggregate profitability percentage to WTAM for managing the WisdomTree fund complex, and the method used to determine the expenses and profit.

The Board considered the profitability analysis (1) as part of its evaluation of whether the fees under the Agreements bear a reasonable relationship to the mix of services provided by WTAM and the Sub-Adviser, including the nature, extent and quality of such services, and (2) in light of the relevant circumstances for each Fund and the extent to which economies of scale would be realized if the Fund grows and whether fee levels reflect these economies of scale for the benefit of Fund shareholders. Since WTAM, and not the Funds, pays the Sub-Adviser pursuant to the Sub-Advisory Agreement, the Board did not consider the Sub-Adviser's profitability to be relevant to its deliberations. WTAM representatives noted that a discussion of economies of scale is predicated on a Fund having achieved a substantial size and that, if a Fund's assets had been decreasing, the possibility that WTAM may have realized any economies of scale would be less. WTAM representatives also noted that, as a result of shared and allocated costs among the WisdomTree funds, the extent of economies of scale could depend substantially on the level of assets in the fund complex as a whole. WTAM representatives also noted that economies of scale currently are shared with the Funds by way of the relatively low advisory fee rates and the unitary fee structure of the Trust. The Board noted that it would continue to monitor the sharing of economies of scale to determine the appropriateness of adding breakpoints in the future. The Board also considered potential benefits to WTAM and the Sub-Adviser from acting as investment adviser and sub-investment adviser, respectively, and noted that there were no soft dollar arrangements in effect for trading the Funds' investments. Based on this review, the Board concluded that the profitability results were not unreasonable, given the services rendered and service levels provided by WTAM.

#### *Conclusion*

At the conclusion of these discussions, the Board agreed that it had been furnished with sufficient information to make an informed business decision with respect to the renewal of the Agreements. In evaluating the Agreements, the Board considered the conclusions and determinations discussed above and also relied on its previous knowledge, gained through meetings and other interactions with WTAM and the Sub-Adviser, of the Funds and the services provided to the Funds by WTAM and the Sub-Adviser. The Board also relied on information received on a routine and regular basis throughout the year relating to the operations of the Funds and the investment advisory and other services provided under the Agreements. The Board determined to renew the Agreements.

## **Table of Contents**

Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at [www.wisdomtree.com](http://www.wisdomtree.com), or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you cannot invest directly in an index.

There are risks associated with investing including possible loss of principal. Foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest rate fluctuations and the effect of varied economic conditions. Funds that focus their investments in one country or region may be significantly impacted by events and developments associated with the region which can adversely affect performance. Funds focusing on a single sector and/or smaller companies generally experience greater price volatility. Investments in emerging, offshore or frontier markets are generally less liquid and less efficient than investments in developed markets and are subject to additional risks, such as risks of adverse governmental regulation and intervention or political developments. Inflation protected securities do not eliminate risks associated with inflation or deflation. Investments in currency involve additional special risks, such as credit risk and interest rate fluctuations. Derivative investments can be volatile and these investments may be less liquid than other securities, and more sensitive to the effect of varied economic conditions. As these Funds can have a high concentration in some issuers the Funds can be adversely impacted by changes affecting such issuers. Due to the investment strategy of certain Funds they may make higher capital gain distributions than other ETFs. Please read the Fund's prospectus for specific details regarding the Fund's risk profile.

The Dow Jones Global ex-U.S. Select Real Estate Securities Index is calculated, distributed and marketed by Dow Jones Indexes, a licensed trademark of CME Group Index Services LLC, and has been licensed for use.

Transactions in Fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the Funds only in large amounts of 50,000 shares or more.

The WisdomTree Dividend ex-Financials Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Dividend ex-Financials Index.

The Fund returned 5.85% at net asset value (NAV) for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Consumer Staples. The Fund's position in Consumer Discretionary created the greatest drag on performance.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to

\*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes investment of cash collateral for securities on loan (if any).

The WisdomTree MidCap Earnings Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree MidCap Earnings Index.

The Fund returned -0.81% at net asset value (NAV) for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Health Care. The Fund's position in Industrials created the greatest drag on performance.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2014, the Fund's annual expense ratio was 0.38%.**

**Performance** as of 9/30/14

	Average Annual Total Return				
	6-Month*	1 Year	3 Year	5 Year	Since Inception <sup>1</sup>
Fund NAV Returns	-0.81%	12.38%	24.75%	18.15%	9.10%
Fund Market Price Returns	-0.71%	12.40%	24.79%	18.16%	9.11%
<i>WisdomTree MidCap Earnings Index</i>	-0.66%	12.62%	25.07%	18.55%	9.31%
<i>S&amp;P MidCap 400® Index</i>	0.17%	11.82%	22.43%	16.37%	7.79%

\* Returns of less than one year are cumulative.

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NYSE Arca, Inc. on February 23, 2007.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

\*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes investment of cash collateral for securities on loan (if any).

The WisdomTree U.S. SmallCap Dividend Growth Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree U.S. SmallCap Dividend Growth Index.

The Fund returned -4.71% at net asset value (NAV) for the six-month period ending September 30, 2014 (for more complete performance information please see the chart below). The Fund's performance benefited most from its position in Financials. The Fund's position in Industrials created the greatest drag on performance.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the

## Edgar Filing: WisdomTree Trust - Form N-CSRS

Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated August 1, 2014, the Fund's annual expense ratio was 0.38%.**

## Edgar Filing: WisdomTree Trust - Form N-CSRS

**Performance** as of 9/30/14

	Average Annual Total Return		
	6-Month*	1 Year	Since Inception <sup>1</sup>
Fund NAV Returns	-4.71%	4.77%	7.75%
Fund Market Price Returns	-4.68%	4.61%	7.60%
<i>WisdomTree U.S. SmallCap Dividend Growth Index</i>	-4.63%	5.08%	8.06%
<i>Russell 2000® Index</i>	-5.46%	3.93%	5.18%

\* Returns of less than one year are cumulative.

<sup>1</sup> Total returns are calculated based on the commencement of Fund trading on the NASDAQ on July 25, 2013.

**Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at [www.wisdomtree.com](http://www.wisdomtree.com). WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.**

### **Description of Indexes** (unaudited)

Below are descriptions of each Index referenced in this report:

The **Dow Jones U.S. Select Dividend Index<sup>SM</sup>** is comprised of 100 U.S. dividend-paying companies.

The **NASDAQ U.S. Dividend Achievers<sup>TM</sup> Select Index** is a capitalization-weighted index that measures the performance of U.S. common stocks that have a history of increasing dividends for at least ten consecutive years.

The **Russell 1000<sup>®</sup> Value Index** is a capitalization-weighted index that is comprised of the large-capitalization value segment of the U.S. equity universe, selecting from the Russell 1000 Index.

The **Russell 2000<sup>®</sup> Index** is a capitalization-weighted index that is comprised of the smallest 2,000 securities in the Russell 3000 Index, based on total market capitalization.

The **Russell 3000<sup>®</sup> Index** is a capitalization-weighted index that is comprised of the 3,000 largest U.S. companies, based on total market capitalization.

The **S&P 500<sup>®</sup> Index** is a capitalization-weighted index of 500 stocks selected by Standard & Poor's Index Committee, designed to represent the performance of the leading industries in the United States economy.

The **S&P MidCap 400<sup>®</sup> Index** is a capitalization-weighted index that is comprised of the mid-capitalization range of the U.S. stock market, with stocks selected by the Standard & Poor's Index Committee.

The **WisdomTree Dividend ex-Financials Index** is comprised of high dividend-yielding stocks outside the financial sector.

The **WisdomTree Dividend Index** defines the dividend-paying portion of the U.S. stock market.

The **WisdomTree Dividend Top 100 Index** is comprised of the 100 highest dividend-yielding companies in the WisdomTree LargeCap Dividend Index.

The **WisdomTree Earnings 500 Index** is comprised of earnings-generating companies within the large-capitalization segment of the U.S. stock market.

The **WisdomTree Earnings Index** is comprised of earnings-generating companies within the broad U.S. stock market.

The **WisdomTree Equity Income Index** is comprised of companies with high dividend yields, selected from the WisdomTree Dividend Index.

The **WisdomTree LargeCap Dividend Index** is comprised of the large-capitalization segment of the U.S. dividend-paying market, selected from the WisdomTree Dividend Index.

The **WisdomTree LargeCap Value Index** is comprised of the large-capitalization value segment within the earnings-generating companies of the U.S. stock market.

The **WisdomTree Low P/E Index** is comprised of companies with the lowest price-to-earnings ratios (P/E ratios) in the WisdomTree Earnings Index.

The **WisdomTree MidCap Dividend Index** is comprised of the mid-capitalization segment of the U.S. dividend-paying market, selected from the WisdomTree Dividend Index.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

The **WisdomTree MidCap Earnings Index** is comprised of earnings-generating companies within the mid-capitalization segment of the U.S. stock market.

The **WisdomTree SmallCap Dividend Index** is comprised of the small-capitalization segment of the U.S. dividend-paying market, selected from the WisdomTree Dividend Index.

The **WisdomTree SmallCap Earnings Index** is comprised of earnings-generating companies within the small-capitalization segment of the U.S. stock market.

The **WisdomTree U.S. Dividend Growth Index** is comprised of dividend-paying stocks with growth characteristics.

## **Table of Contents**

### **Shareholder Expense Examples** (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of cost: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from April 1, 2014 to September 30, 2014.

#### **Actual expenses**

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled **Expenses Paid During the Period 4/1/14 to 9/30/14** to estimate the expenses you paid on your account during the period.

#### **Hypothetical example for comparison purposes**

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. The total return would have been lower if certain expenses had not been reimbursed/waived by the investment adviser (Notes 2 and 3).
- <sup>3</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>4</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the expense ratio (net of expense waivers) would have been 0.38% and 0.28%, and the expense ratio (prior to expense waivers) would have been 0.38% and 0.28%, for WisdomTree Dividend ex-Financials Fund and WisdomTree Earnings 500 Fund, respectively.
- <sup>5</sup> Annualized.
- <sup>6</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.

Total return calculated for a period of less than one year is not annualized. The total return would have been lower if certain expenses had not been reimbursed/waived by the investment adviser (Notes 2 and 3).
- <sup>3</sup> The ratios to average net assets do not include net investment income (loss) or expenses of other funds in which the Fund invests.
- <sup>4</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the expense ratio (net of expense waivers) would have been 0.38% and 0.28%, and the expense ratio (prior to expense waivers) would have been 0.38% and 0.28%, for WisdomTree Equity Income Fund and WisdomTree LargeCap Dividend Fund, respectively.
- <sup>5</sup> Annualized.
- <sup>6</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.

## Edgar Filing: WisdomTree Trust - Form N-CSRS

- <sup>1</sup> Based on average shares outstanding.
- <sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. The total return would have been lower for the WisdomTree Total Earnings Fund if certain expenses had not been reimbursed/waived by the investment adviser (Notes 2 and 3).
- <sup>3</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the expense ratio (net of expense waivers) would have been 0.28% and the expense ratio (prior to expense waivers) would have been 0.28%.
- <sup>4</sup> Annualized.
- <sup>5</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.
- <sup>6</sup> Amount represents less than \$0.005.
- <sup>7</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the annualized expense ratio would have been 0.28%.

\* Commencement of operations.

<sup>1</sup> Based on average shares outstanding.

<sup>2</sup> Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized.

<sup>3</sup> Included in the expense ratio are non-recurring proxy expenses that were incurred during the period (which are not annualized). Without these proxy expenses, the annualized expense ratio would have been 0.38%.

<sup>4</sup> Annualized.

<sup>5</sup> Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares. Short-term securities with maturities less than or equal to 365 days are excluded from portfolio turnover calculation.

126 WisdomTree Domestic Earnings and Dividend Funds

**Table of Contents****Notes to Financial Statements** (unaudited)**1. ORGANIZATION**

WisdomTree Trust (the Trust) is registered under the Investment Company Act of 1940, as amended (the 1940 Act), as an open-end management investment company. The Trust was established as a Delaware statutory trust on December 15, 2005. As of September 30, 2014, the Trust offered 69 investment funds (each a Fund, collectively, the Funds). In accordance with ASU 2013-08, each Fund qualifies as an investment company and is applying the accounting and reporting guidance for investment companies. These notes relate only to the Funds listed in the table below:

Fund	Commencement of Operations
WisdomTree Dividend ex-Financials Fund ( Dividend ex-Financials Fund )	June 16, 2006
WisdomTree Earnings 500 Fund ( Earnings 500 Fund )	February 23, 2007
WisdomTree Equity Income Fund ( Equity Income Fund )	June 16, 2006
WisdomTree LargeCap Dividend Fund ( LargeCap Dividend Fund )	June 16, 2006
WisdomTree LargeCap Value Fund ( LargeCap Value Fund )	February 23, 2007
WisdomTree MidCap Dividend Fund ( MidCap Dividend Fund )	June 16, 2006
WisdomTree MidCap Earnings Fund ( MidCap Earnings Fund )	February 23, 2007
WisdomTree SmallCap Dividend Fund ( SmallCap Dividend Fund )	June 16, 2006
WisdomTree SmallCap Earnings Fund ( SmallCap Earnings Fund )	February 23, 2007
WisdomTree Total Dividend Fund ( Total Dividend Fund )	June 16, 2006
WisdomTree Total Earnings Fund ( Total Earnings Fund )	February 23, 2007
WisdomTree U.S. Dividend Growth Fund ( U.S. Dividend Growth Fund )	May 22, 2013
WisdomTree U.S. SmallCap Dividend Growth Fund ( U.S. SmallCap Dividend Growth Fund )	July 25, 2013

Each Fund seeks to track the price and yield performance, before fees and expenses, of a particular index ( Index ) developed by WisdomTree Investments, Inc. ( WisdomTree Investments ). WisdomTree Investments is the parent company of WisdomTree Asset Management, Inc. ( WTAM ), the investment adviser to each Fund and the Trust. WisdomTree is a registered mark of WisdomTree Investments and has been licensed for use by the Trust. Each Fund described herein is considered to be non-diversified.

In the normal course of business, the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts.

**2. SIGNIFICANT ACCOUNTING POLICIES**

The Financial Accounting Standards Board ( FASB ) Accounting Standards Codification (the Codification) is the exclusive reference of authoritative U.S. generally accepted accounting principles ( GAAP ) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission ( SEC ) under authority of federal laws are also sources of authoritative GAAP for SEC registrants.

The following is a summary of significant accounting policies followed by the Funds:

**Use of Estimates** The preparation of financial statements in conformity with GAAP, requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

**Investment Valuation** The net asset value ( NAV ) of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Each Fund issues and redeems shares at NAV only in large blocks of shares known as creation units, which only certain institutions or large investors may purchase or redeem. Shares of each Fund are listed on a

## Edgar Filing: WisdomTree Trust - Form N-CSRS

national securities exchange and trade at market prices. Most investors will buy and sell shares through brokers. Because Fund shares trade at market prices rather than NAV, shares may trade at a price greater than NAV or less than NAV. In calculating each Fund's NAV, investments are valued under policies approved by the Board of Trustees. Equity securities (including preferred stock) traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities (including preferred stock) are valued at the last quoted sale price or, if no sale price is available, at the mean between the highest bid and lowest ask price. Short-term debt securities with remaining maturities of 60 days or less generally are valued on the basis of amortized cost which approximates fair value. Each Fund may invest in money market funds which are valued at their NAV per share and affiliated ETFs which are valued at their last sale or official closing price on the exchange on which they are principally traded.

WisdomTree Domestic Earnings and Dividend Funds 127

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

In certain instances, such as when reliable market valuations are not readily available or are not deemed to reflect current market values, a Fund's investments will be fair valued in accordance with the Fund's pricing policy. The Board of Trustees of the Trust has established a pricing committee (the Pricing Committee) which is comprised of senior representatives of WTAM and which reports to the Board of Trustees on a quarterly basis. In the event that a financial instrument cannot be valued based upon a price from a national securities exchange, independent pricing service provider or broker-dealer quotation, or such prices are deemed to not reflect current market value, the Pricing Committee may value the financial instrument in good faith under the policies and procedures approved by the Board of Trustees based on current facts and circumstances. Securities that may be valued using fair value pricing may include, but are not limited to, securities for which there are no current market quotations, securities whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by significant events. An example of a significant event is an event occurring after the close of the market in which a security trades but before a Fund's next NAV calculation time that may materially affect the value of a Fund's investment (e.g., government action, natural disaster, or significant market fluctuation). Price movements in U.S. markets that are deemed to affect the value of foreign securities, or reflect changes to the value of such securities, also may cause securities to be fair valued. The Funds may rely on an independent fair value service in adjusting the valuations of foreign securities. When fair value pricing is employed, the prices of securities used by a Fund to calculate its NAV may differ from quoted or published prices for the same securities.

**Fair Value Measurement** In accordance with Codification Topic 820 (ASC 820), Fair Value Measurements and Disclosures, fair value is defined as the price that each Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy of inputs to be used when determining fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk—for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability. Observable inputs are based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Unobservable inputs are based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 quoted prices in active markets for identical securities

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including each Fund's assumptions in determining the fair value of investments)

The inputs or methodology used for valuation are not necessarily an indication of the risk associated with investing in those investments.

Investments that use Level 2 or Level 3 inputs may include, but are not limited to: (i) an unlisted security related to corporate actions; (ii) a restricted security (e.g., one that may not be publicly sold without registration under the Securities Act of 1933, as amended); (iii) a security whose trading has been suspended or which has been de-listed from its primary trading exchange; (iv) a security that is thinly traded; (v) a security in default or bankruptcy proceedings for which there is no current market quotation or market activity; (vi) a security affected by currency controls or restrictions; and (vii) a security affected by a significant event (e.g., an event that occurs after the close of the markets on which the security is traded but before the time as of which a Fund's NAV is computed and that may materially affect the value of the Fund's investments).

The valuation techniques and significant inputs used in determining the fair market value measurements for Level 2 and Level 3 positions are as follows:

Financial instruments are generally valued by independent pricing service providers that use broker-dealer quotations, reported trades or valuation estimates from their internal pricing models. Depending on the type of financial instrument, the independent pricing service providers' internal pricing models may use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar assets. Financial instruments that use similar valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy otherwise a Level 3 fair value classification is appropriate. Short-term investments having a maturity of 60 days or less are generally valued at amortized cost which

## Edgar Filing: WisdomTree Trust - Form N-CSRS

approximates fair market value. These investments are categorized as Level 2 of the fair value hierarchy. Over-the-counter financial derivative instruments derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These instruments are normally valued on the basis of broker-dealer quotations or independent pricing service providers. Depending on the product and the terms of the transaction, the value of the financial derivative instruments can be estimated by an independent pricing service provider using a series of techniques including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer

128 WisdomTree Domestic Earnings and Dividend Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

details, indices, credit risks/spreads, interest rates, yield curves, default and exchange rates. Derivative contracts that use valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy otherwise a Level 3 fair value classification is appropriate.

Determination of a fair value by the Pricing Committee may include significant unobservable inputs and therefore would be reflected as a Level 3 of the fair value hierarchy. The Pricing Committee may employ a market-based valuation approach which may use, among other potential considerations, related or comparable securities, recent transactions, market multiples, book values, and other relevant information to determine fair value. The Pricing Committee may also use an income-based valuation approach in which anticipated future cash flows of the financial instrument are discounted to calculate fair value. The Pricing Committee meets at least on a monthly basis to review and discuss the appropriateness of such fair values using more current information such as, recent security news, recent market transactions, updated corporate action information and/or other macro or security specific events. Also, when observable inputs become available, the Pricing Committee conducts back testing of the methodologies used to value Level 3 financial instruments to substantiate the unobservable inputs used to value those investments. Such back testing includes comparing Level 3 investment values to observable inputs such as exchange-traded prices, transaction prices, and/or vendor prices.

The following is a summary of the fair valuations according to the inputs used as of September 30, 2014 in valuing each Fund's assets:

<b>Dividend ex-Financials Fund</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>

\* Please refer to Schedule of Investments for a breakdown of the valuation by industry.  
There were no Level 3 securities at or during the six months ended September 30, 2014.

130 WisdomTree Domestic Earnings and Dividend Funds

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

There were no transfers into or out of any fair value measurement levels during the six months ended September 30, 2014.

The Funds have elected to use the beginning of period method for transfers between fair value measurement levels.

**Derivatives and Hedging Disclosure** Codification Topic 815 ( ASC 815 ), Derivatives and Hedging, requires qualitative disclosures about objectives and strategies for using derivatives, quantitative disclosures about fair value amounts of gains and losses on derivative instruments, and disclosures about credit-risk-related contingent features in derivative agreements. The Funds did not invest in derivative instruments during the six months ended September 30, 2014.

**Investment Transactions and Investment Income** Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method. Dividend income is recognized on the ex-dividend date. Interest income is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis of such securities.

**Expenses** Under the Investment Advisory Agreement for each Fund, except U.S. Dividend Growth Fund and U.S. SmallCap Dividend Growth Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of trustees who are not interested persons of the Funds ( Independent Trustees ); (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's Chief Compliance Officer ( CCO ); (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM.

Under the investment advisory agreement for U.S. Dividend Growth Fund and U.S. SmallCap Dividend Growth Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other fees, charges, taxes, levies or expenses (such as stamp taxes) incurred in connection with the execution of portfolio transactions or in connection with creation and redemption transactions (including without limitation any fees, charges, taxes, levies or expenses related to the purchase or sale of an amount of any currency, or the partition or repatriation of any security or other asset, related to the execution of portfolio transactions or any creation or redemption transactions); (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's CCO; (vi) extraordinary expenses (in each case as determined by a majority of the Independent Trustees); (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; (viii) interest and taxes of any kind or nature (including, but not limited to, income, excise, transfer and withholding taxes); (ix) fees and expenses related to the provision of securities lending services; and (x) the advisory fee payable to WTAM.

The internal expenses of pooled investment vehicles in which the Fund may invest (acquired fund fees and expenses) are not expenses of the Fund and are not paid by WTAM.

During the six months ended September 30, 2014, the Trust incurred expenses pertaining to proxy printing, mailing and solicitation. These proxy expenses are not paid by WTAM. During the period, each Fund in the Trust borne its pro rate allocation of these proxy expenses.

Pursuant to a separate contractual arrangement, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees. WTAM receives a fee, as shown on the Statements of Operations under Service fees , of up to 0.0044% of each Fund's average daily net assets for providing such services and paying such expenses. WTAM provides CCO services to the Trust.

**Securities Lending** Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. It is the Funds' policy that, at origination, all loans are secured by collateral of at least 102% of the value of U.S. securities loaned and 105% of the value of foreign securities loaned. Collateral in the form of cash and/or high-grade debt obligations, equivalent to at least 100% of the market value of securities, is maintained at all times. The cash collateral can be invested in certain money market mutual funds which also have exposure to the fluctuations of the market. The value of the investment of cash collateral for securities on loan along with the obligation to return such collateral are included on the Statements of Assets and Liabilities. The value of securities received as collateral for securities on loan are

## Edgar Filing: WisdomTree Trust - Form N-CSRS

not included on the Statements of Assets and Liabilities because the receiving Fund does not have the right to sell or repledge the securities received as collateral. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The securities lending income earned by the Funds is disclosed on the Statements of Operations. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. Dividends received while a security is out on loan are not considered Qualified Dividend Income ( QDI ) under the specific criteria issued by the Internal Revenue Service

WisdomTree Domestic Earnings and Dividend Funds 131

**Table of Contents****Notes to Financial Statements** (unaudited) (continued)

and are subject to taxation at the shareholder's ordinary income tax rate instead of the lower long-term capital gains tax rate. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receive a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

A Fund's security lending activities are governed by a Securities Lending Authorization Agreement ( "Lending Agreement" ) between the Fund and the lending agent. The Lending Agreement authorizes the lending agent to lend qualifying U.S. and foreign securities held by a Fund to approved borrowers (each a "Borrower" ). To mitigate borrower risk, a Fund typically receives from a Borrower, collateral in the form of U.S. dollar cash and/or securities issued or guaranteed by the U.S. government or its agencies in excess of the market value of the securities loaned. Under the provisions of the Lending Agreement, a Fund shall have, as to the collateral, all of the rights and remedies of a secured party under applicable law. A Fund is exposed to risk of loss if a Borrower defaults on its obligation to return borrowed securities and the value of the collateral a Fund received is insufficient to cover the market value of the securities loaned. Also, the lending agent is permitted to invest the cash collateral it receives from a Borrower into a money market fund which is subject to market fluctuation. Therefore, a Fund is exposed to risk of loss if the value of invested cash collateral is insufficient to satisfy the Fund's obligation to return the full amount owed to such Borrower. As of September 30, 2014, the Funds had securities on loan. The value of the related collateral exceeded the value of the securities loaned at period end.

**Short-Term Investments** Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments include short-term obligations issued by the U.S. government, its agencies, non-U.S. government agencies, negotiable certificates of deposit ( "CDs" ), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

**Tax Information and Dividends and Distributions to Shareholders** It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code" ). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ( "RIC" ) under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. There can be no guarantee that a Fund will pay dividends. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with the requirements of the Code and the U.S. Treasury regulations. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions that exceed earnings and profit for tax purposes are reported for tax purposes as a return of capital.

**3. ADVISORY FEES AND TRANSACTIONS**

WTAM has overall responsibility for the general management and administration of the Trust. WTAM provides an investment program for each Fund. WTAM has arranged for Mellon Capital Management Corporation ( "MCM" ) to provide sub-advisory services to the Funds. MCM is compensated by WTAM at no additional cost to the Funds. WTAM also arranges for transfer agency, custody, fund accounting, fund administration, securities lending and all other non-distribution related services necessary for the Funds to operate, which are generally under separate agreements entered into between the Trust on behalf of the Funds and the applicable service provider. Under the Investment Advisory Agreement for each Fund, WTAM agrees to pay all expenses of the Funds, except for certain expenses generally described in Note 2.

Pursuant to a separate contractual arrangement, as also described in Note 2, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees in exchange for a fee of up to 0.0044% of each Fund's average daily net assets. WTAM expects to receive advisory fees from each Fund, based on a percentage of the Fund's average daily net assets, as shown in the following table:

Edgar Filing: WisdomTree Trust - Form N-CSRS

	<b>Advisory</b>
<b>Fund</b>	<b>Fee Rate</b>

Each Fund may purchase shares of affiliated exchanged-traded funds ( ETF ) in secondary market transactions. For the six months ended September 30, 2014, WTAM waived its advisory fees for each Fund's investment associated with daily uninvested cash in correlated affiliated ETFs net of any incremental costs as a result of these transactions (fund accounting, safekeeping, transaction fees, etc.) that are paid by WTAM out of the advisory fee received from the affiliated ETFs. The table below indicates the waiver. Please see Note 7 for additional information on Other Affiliated Parties and Transactions.

**4. CAPITAL SHARE TRANSACTIONS**

As of September 30, 2014, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in creation units or multiples thereof. Except when aggregated in creation units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of creation units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying Index and an amount of cash. Investors purchasing and redeeming creation units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of creation units.

**5. INVESTMENT PORTFOLIO TRANSACTIONS**

Purchases and sales of investments (excluding in-kind capital share transactions and short-term investments) for the six months ended September 30, 2014 were as follows:

<b>Fund</b>	<b>Purchases</b>	<b>Sales</b>
-------------	------------------	--------------

## Edgar Filing: WisdomTree Trust - Form N-CSRS

**8. RECENT ACCOUNTING PRONOUNCEMENT**

In June 2014, The FASB issued *ASU 2014-11 Transfers & Servicing (Topic 860): Repurchase-to-Maturity Transactions, Repurchase Financings, and Disclosures* to improve the financial reporting of repurchase agreements and other similar transactions. The guidance includes expanded disclosure requirements for entities that enter into repurchase agreements or securities lending transactions. The guidance is effective for financial statements with fiscal years beginning on or after January 1, 2015, and interim periods within those fiscal years. Management is evaluating the impact, if any, of this guidance on the Trust's financial statement disclosures.

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited)

**Consideration of the Renewal of Investment Advisory and Sub-Investment Advisory Agreements with respect to WisdomTree Dividend ex-Financials Fund, WisdomTree Earnings 500 Fund, WisdomTree Equity Income Fund, WisdomTree LargeCap Dividend Fund, WisdomTree LargeCap Value Fund, WisdomTree MidCap Dividend Fund, WisdomTree MidCap Earnings Fund, WisdomTree SmallCap Dividend Fund, WisdomTree SmallCap Earnings Fund, WisdomTree Total Dividend Fund, WisdomTree Total Earnings Fund, WisdomTree U.S. Dividend Growth Fund, and the WisdomTree U.S. SmallCap Dividend Growth Fund (each, a Fund and together, the Funds )**

At a meeting of the Board of Trustees of the WisdomTree Trust (the Trust ) held on September 18-19, 2014, the Trustees (the Trustees ), including those Trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees ), considered the renewal of the Investment Advisory Agreements between WisdomTree Asset Management ( WTAM ) and the Trust on behalf of the Funds, pursuant to which WTAM provides the Funds with investment advisory services (the Advisory Agreements ) and the Sub-Investment Advisory Agreement (the Sub-Advisory Agreement ), pursuant to which Mellon Capital Management Corporation ( MCM or Sub-Adviser ) coordinates the investment and reinvestment of the assets of the Funds.

The Independent Trustees requested, and WTAM provided, such information as the Independent Trustees, with advice from independent legal counsel, deemed reasonably necessary to evaluate the Agreements. On March 20, 2014 and June 24, 2014, a committee of Independent Trustees (the Contracts Review Committee ), with independent legal counsel, met with representatives from WTAM to discuss the types of information the Independent Trustees required and the manner in which fund management would organize and present such information. At a meeting held on August 8, 2014, representatives from WTAM presented preliminary information to the Board relating to the continuance of the Agreements, and the Board, including the Independent Trustees, reviewed and discussed such information. Further information was presented at the Board s request at the meeting held on September 18-19, 2014.

The Trustees, a majority of whom are Independent Trustees, were assisted in their review by independent legal counsel and met with counsel in executive session separate from representatives of WTAM and the Sub-Adviser. In considering the renewal of the Agreements, the Board considered all factors that it believed to be relevant, including those discussed below. The Board did not identify any one factor as dispositive, and each Board member may have attributed different weights to the factors considered.

*Analysis of Nature, Extent, and Quality of Services Provided to the Funds*

The Board considered information provided to them at the meeting and in previous presentations throughout the year from WTAM representatives regarding the nature, extent, and quality of the services provided to the Funds, recognizing WTAM s and the Sub-Adviser s operational capabilities and resources. The Board also discussed WTAM s role as index provider to the Funds. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including the selection of, and supervisory responsibilities and activities over, the Sub-Adviser, including oversight of the Sub-Adviser s compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws and the implementation of Board directives as they relate to the Funds. Based on management s representations, the Board expected that there would be no reduction in the scope of services required by or provided by WTAM and the Sub-Adviser under the relevant Agreements. The Board noted that WTAM has continued to commit significant resources toward the fund complex. The Board also considered research support available to, and management capabilities of, the Funds management personnel and that WTAM provides oversight of day-to-day Fund operations, including fund accounting, administration and legal assistance in meeting disclosure and regulatory requirements.

Based on review of this information and the other factors considered at the meeting, the Board concluded that the nature, extent and quality of services provided by WTAM and the Sub-Adviser under the Advisory Agreements and Sub-Advisory Agreement, respectively, supported the Board s approval of the renewal of the Agreements.

*Comparative Analysis of the Funds Performance and Management Fee and Expense Ratio*

The Board reviewed reports prepared by Lipper, Inc. ( Lipper ), an independent provider of investment company data, which included information (1) measuring each Fund s performance by how well it tracked the relevant WisdomTree benchmark index, and (2) comparing each Fund s actual management fees and total expenses with those of a group of comparable funds (the Expense Group ) and, with respect to total expenses, with a broader group of funds (the Expense Universe ), the information for which was derived in part from fund financial statements available to Lipper as of the date of its analysis. The Contracts Review Committee and the Independent Trustees previously had reviewed and discussed the

## Edgar Filing: WisdomTree Trust - Form N-CSRS

methodology Lipper used to select the Performance Groups, Expense Groups and Expense Universes. The Board noted that the Performance Groups, Expense Groups and Expense Universes included only pure-index exchange traded funds ( ETFs ) as comparison funds. The Board also noted that due to the special characteristics of certain funds, there are limitations in providing comparable funds in the Performance Groups, Expense Groups and Expense Universes, and the information in the Lipper reports may or may not provide meaningful direct comparisons to the Funds.

136 WisdomTree Domestic Earnings and Dividend Funds

---

**Table of Contents**

**Approval of Investment Advisory and Sub-Advisory Agreements** (unaudited) (concluded)

The Board discussed the Funds' performance, noting that each Fund seeks to track its own WisdomTree benchmark index. During the prior year, the Board received periodic reports on the Funds' performance in comparison to their relevant benchmark indexes. The Board determined to monitor carefully in the coming year disparities in performance—both positive and negative—but did not believe that the disparities in the past reflected any characteristics requiring immediate action by WTAM or the Sub-Adviser.

The Board also reviewed the range of actual management fees and total expenses of the Expense Group funds and, with respect to total expenses, Expense Universe funds, as well as the advisory fees and total expenses of certain funds not included in the Lipper reports that WTAM considers to be significant competitors of the Funds, and discussed the results of the comparisons. With respect to comparisons of actual management fees, the Board noted the Funds' unitary fee structure and that the Expense Groups and Expense Universes included both ETFs with and without a unitary fee structure. The Board noted that the Funds' actual management fees and total expenses generally were within 10 basis points of the actual management fees and total expenses of the Funds in their respective Expense Groups and Expense Universes. In those specific instances where a Fund's actual management fees or total expenses departed more significantly from comparative funds, the Independent Trustees sought explanations from WTAM, which generally attributed the disparities to differences in assets under management, the unique history of a Fund or certain comparison funds and temporary fee waivers in place for marketing or other reasons.

The Board considered the fees to the Sub-Adviser in relation to the fees paid to WTAM by the Funds and the respective services provided by the Sub-Adviser and WTAM. The Board also noted that the Sub-Adviser's fees are paid by WTAM (out of its fee from the relevant Funds) and not the Funds.

Based on this review and the other factors considered at the meeting, the Board concluded that, with respect to each Fund, the Fund's performance, the fees paid to WTAM and the Sub-Adviser and the Fund's total expenses supported the Board's approval of the renewal of the relevant Agreements.

*Analysis of Profitability and Economies of Scale*

WTAM representatives reviewed the expenses allocated and profit received by WTAM and the resulting profitability percentage for managing each Fund and the aggregate profitability percentage to WTAM for managing the WisdomTree fund complex, and the method used to determine the expenses and profit.

The Board considered the profitability analysis (1) as part of its evaluation of whether the fees under the Agreements bear a reasonable relationship to the mix of services provided by WTAM and the Sub-Adviser, including the nature, extent and quality of such services, and (2) in light of the relevant circumstances for each Fund and the extent to which economies of scale would be realized if the Fund grows and whether fee levels reflect these economies of scale for the benefit of Fund shareholders. Since WTAM, and not the Funds, pays the Sub-Adviser pursuant to the Sub-Advisory Agreement, the Board did not consider the Sub-Adviser's profitability to be relevant to its deliberations. WTAM representatives noted that a discussion of economies of scale is predicated on a Fund having achieved a substantial size and that, if a Fund's assets had been decreasing, the possibility that WTAM may have realized any economies of scale would be less. WTAM representatives also noted that, as a result of shared and allocated costs among the WisdomTree funds, the extent of economies of scale could depend substantially on the level of assets in the fund complex as a whole. WTAM representatives also noted that economies of scale currently are shared with the Funds by way of the relatively low advisory fee rates and the unitary fee structure of the Trust. The Board noted that it would continue to monitor the sharing of economies of scale to determine the appropriateness of adding breakpoints in the future. The Board also considered potential benefits to WTAM and the Sub-Adviser from acting as investment adviser and sub-investment adviser, respectively, and noted that there were no soft dollar arrangements in effect for trading the Funds' investments. Based on this review, the Board concluded that the profitability results were not unreasonable, given the services rendered and service levels provided by WTAM.

*Conclusion*

At the conclusion of these discussions, the Board agreed that it had been furnished with sufficient information to make an informed business decision with respect to the renewal of the Agreements. In evaluating the Agreements, the Board considered the conclusions and determinations discussed above and also relied on its previous knowledge, gained through meetings and other interactions with WTAM and the Sub-Adviser, of the Funds and the services provided to the Funds by WTAM and the Sub-Adviser. The Board also relied on information received on a routine and regular basis throughout the year relating to the operations of the Funds and the investment advisory and other services provided under the Agreements. The Board determined to renew the Agreements.

WisdomTree Managed Futures Strategy Fund (WDTI)

The WisdomTree Funds are exchange traded funds ( ETFs ) registered with the United States Securities and Exchange Commission as separate series ( Funds ) of WisdomTree Trust ( Trust ). WisdomTree Asset Management, Inc., a wholly owned subsidiary of WisdomTree Investments, Inc., serves as the investment adviser to the Trust. None of the WisdomTree entities are affiliated with ALPS Distributors, Inc., the Funds distributor. WisdomTree Investments, its affiliates and their independent providers are not liable for any informational errors, incompleteness, delays, or for any actions taken in reliance on information contained herein.

**Table of Contents**

Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at [www.wisdomtree.com](http://www.wisdomtree.com), or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you cannot invest directly in an index.

There are risks associated with investing, including possible loss of principal. Funds focusing their investments on certain sectors and/or smaller companies increase their vulnerability to any single economic or regulatory development. This may result in greater share price volatility. Due to the investment strategy of certain Funds they may make higher capital gain distributions than other ETFs. Please read the Fund s prospectus for specific details regarding the Fund s risk profile.

Transactions in Fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the Funds only in large amounts of 50,000 shares or more.

There have been no material changes to the procedures by which the shareholders may recommend nominees to the registrant's board of directors, where those changes were implemented after the registrant last provided disclosure in response to the requirements of Item 407(c)(2)(iv) of Regulation S-K (17 CFR 229.407) (as required by Item 22(b)(15) of Schedule 14A (17 CFR 240.14a-101)), or this Item.

**Item 11. Controls and Procedures.**

- (a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the 1940 Act) (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on their evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d-15(b)).
- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d)) that occurred during the registrant's second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

**Item 12. Exhibits.**

- (a)(1) Not applicable.
- (a)(2) Certifications pursuant to Rule 30a-2(a) under the 1940 Act and Section 302 of the Sarbanes-Oxley Act of 2002 are attached hereto.
- (a)(3) Not applicable.
- (b) Certifications pursuant to Rule 30a-2(b) under the 1940 Act and Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto.
