### **III. Adjustments to the Initial Grant**

1. On January 6, 2015, the Proposal regarding the Adjustment of the List of Participants and the Number of Share Options under the Initial Grant of the Share Option Incentive Scheme was reviewed and adopted at the Fifth Meeting of the Eighth Session of the Board of Directors of the Company. The adjustments are as follows:

After the Share Option Incentive Scheme was reviewed and adopted at the Second Meeting of the Eighth Session of the Board of Directors of the Company, there were in total 14 participants under the initial grant who had their positions changed and their positions ceased to fall into the scope of positions qualified for the initial grant of the Share Option Incentive Scheme, therefore such participants were removed from the list of participants under the initial grant. According to the above adjustment of participants, the number of participants under the initial grant of share options is 214, and the number of share options granted is 38,760,000.

The Remuneration and Review Committee gave its prior consent and the Company's independent directors gave their independent opinion, unanimously approving the adjusted list of participants and number of share options under the initial grant of the Share Option Incentive Scheme.

2. As required by Chapter 12 Dealing with Special Circumstances of the Share Option Incentive Scheme, if any of the following events occurs on the part of a participant, then on the date of occurrence of the event, the participant's share options that have been authorized to be exercised but are yet to be exercised shall be terminated for exercise, and the participant's options that have not been authorized to be exercised shall be voided:
  - (1) the participant unilaterally proposes a termination or cancellation of the labor contract or employment contract executed with the Company;

**Table of Contents**

- (2) the participant is transferred from the Company and no longer holds any position with the Company according to the arrangement by related organization;
- (3) the participant is demoted to a less responsible position or is dismissed for unqualified performance and other reasons;
- (4) the participant becomes an independent director or supervisor or holds any other position that is not eligible for the share incentive option;
- (5) other circumstances stipulated by the Remuneration and Review Committee.

If any of the following events occurs on the part of a participant, the participant's share options that have been authorized to be exercised but are yet to be exercised shall be exercised by him/her or his/her lawful heir within six months, and the participant's options that have not been authorized to be exercised shall be voided:

- (1) the participant dies or becomes unable to work;
- (2) the participant retires;
- (3) the labor contract/employment contract executed by the participant with the Company is early terminated upon agreement with the Company, or either party proposes not to renew the labor contract/employment contract upon expiry thereof and the other party agrees to the proposal;
- (4) other circumstances determined by the Remuneration and Review Committee.

Therefore, because the above participants' positions changed and their positions ceased to fall into the scope of positions qualified for the initial grant of the Share Option Incentive Scheme, such participants have ceased to be qualified as participants, the share options that they had the right to be granted should be cancelled, and the Company's Board of Directors has correspondingly adjusted the list of participants and the amount of share options granted under the initial grant of share options.

In summary of the foregoing, we hold that the adjustment is in compliance with the relevant provisions of the Administrative Measures and the Share Option Incentive Scheme.

**IV. Conditions for the Initial Grant of Share Options**

In addition, with regard to the indicator for economic value added, the Company achieved the appraisal objectives issued by the SASAC to China Petrochemical Corporation and the Company.

(II) On January 6, 2015, the Company convened the Fifth Meeting of the Eighth Session of the Board of Directors, at which, the Proposal regarding the Initial Grant under the Share Option Incentive Scheme was reviewed and adopted, holding the Company already satisfied the conditions set out in the Share Option Incentive Scheme, and determining January 6, 2015 to be the date for the Company's initial grant of share options, and granting a total of 38,760,000 share options to 214 participants.
