**Item 8.01. Other Events.**

Luna Innovations Incorporated, or Luna, is retrospectively revising its historical financial statements to account for discontinued operations in connection with the Accounting Standards Codification (ASC) 205-20, Presentation of Financial Statements-Discontinued Operations. As previously disclosed, on January 21, 2014, Luna sold its assets associated with the development of fiber optic shape sensing and localization for the medical field, or the medical shape sensing business, for an aggregate purchase price of approximately \$30.0 million pursuant to an asset purchase agreement. This Current Report on Form 8-K updates the following items in Luna's Annual Report on Form 10-K for the year ended December 31, 2013, as amended, to reflect retrospectively the changes resulting from discontinued operations discussed above for the years ended December 31, 2012 and 2013:

Item 6. Selected Financial Data;

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations; and

Item 8. Financial Statements and Supplementary Data.

Luna has not presented updated selected financial data for the years ended December 31, 2009, 2010 or 2011, nor has Luna presented consolidated financial statements and accompanying footnotes for the year ended December 31, 2011, as management has assessed the materiality of recasting these disclosures for such years, both quantitatively and qualitatively, and concluded that updating these disclosures with respect to discontinued operations associated with the sale of the medical shape sensing business for such years is not material to any of Luna's previously issued or current year financial statements.

The information included in this Current Report on Form 8-K should be read in conjunction with Luna's Annual Report on Form 10-K for the year ended December 31, 2013, as amended, and Quarterly Reports on Form 10-Q for the quarters ended March 31, 2014, June 30, 2014 and September 30, 2014.
