**PROXY STATEMENT**

**Important Notice Regarding Internet Availability of Proxy Materials for the Stockholders Meeting to be Held on Friday, May 8, 2015.  
The Proxy Statement and our 2014 Annual Report to Stockholders are also available on our website at [www.kopin.com/proxy](http://www.kopin.com/proxy)**

This proxy statement and proxy are being furnished in connection with the solicitation by the board of directors (the Board ) of Kopin Corporation (the Company ) for use at the 2015 Annual Meeting of Stockholders (the Meeting ) to be held on Friday, May 8, 2015, and at any adjournments, continuations or postponements thereof. This proxy statement, the accompanying proxy card and our Annual Report for the fiscal year ended December 27, 2014, were first mailed to stockholders on or about April 7, 2015. The Meeting will be held at the offices of Morgan, Lewis & Bockius LLP, One Federal Street, Boston, Massachusetts 02110 on Friday, May 8, 2015 at 9:00 a.m.

All solicitation expenses, including costs of preparing, assembling and mailing proxy materials, will be borne by the Company. It is expected that solicitations will be made primarily by mail, but our directors, officers and other employees also may solicit proxies by telephone and in person, without additional compensation. Arrangements will be made with brokerage houses and other custodians, nominees, and fiduciaries for proxy materials to be sent to their principals, and we will reimburse such persons for their reasonable expenses in so doing.

The close of business on Friday, March 20, 2015, has been established as the record date for determining the stockholders entitled to notice of and to vote at the Meeting and at any adjournments thereof. As of the record date, there were 66,543,121 shares of our common stock issued and outstanding and entitled to vote. Holders of shares of our common stock are entitled to one vote for each share owned as of the record date on all matters to come before the Meeting and any adjournments thereof. The presence in person or by proxy of holders of a majority of the issued and outstanding shares of our common stock entitled to vote at the Meeting constitutes a quorum for the transaction of business at the Meeting.

Stockholders may vote by completing the enclosed proxy card and mailing it in the envelope provided, by using a toll-free telephone number provided on the proxy card, over the Internet or in person. The Internet and telephone voting facilities for stockholders of record will close at 11:59 p.m. Eastern Time on Thursday, May 7, 2015. Any proxy submitted prior to the Meeting may be revoked at any time before it is voted by written notice of revocation received by the Secretary of the Company prior to the Meeting, by delivering a later dated proxy in accordance with the instructions on the enclosed proxy, by voting in person at the Meeting or by revoking a written proxy by request in person at the Meeting. If the proxy submitted is not so revoked, the shares represented by such proxy will be voted in accordance with the instructions contained therein. If no choice is specified for one or more proposals in a proxy submitted by or on behalf of a stockholder, the shares represented by such proxy will be voted in favor of such proposals and in the discretion of the named proxies with respect to any other proposals which may properly come before the Meeting.

For Proposal 1, directors are elected by a plurality of shares present in person or represented by proxy at the Meeting and entitled to vote, which means that the seven individuals receiving the highest number of FOR votes will be elected directors. Proposals 2 and 3 will be approved upon the affirmative vote of a majority of shares present in person or represented by proxy at the Meeting and entitled to vote on each such proposal. If, in a proxy submitted on behalf of a stockholder by a person acting solely in a representative capacity, the proxy is marked clearly to indicate that the shares represented thereby are not being voted with respect to one or more proposals, then such proxies will be counted as present for purposes of establishing a quorum at the Meeting but

will not be considered entitled to vote on such proposals and such non-votes will have no effect on the results of the voting on such proposals. Proxies marked as abstain as to one or more proposals will be counted as present for purposes of establishing a quorum at the Meeting and for the purpose of calculating the vote on such proposals. Such abstentions will have the effect of a vote against such proposals other than Proposal 1 (for which they will have no effect on the voting results).

The chairman of the Meeting or the holders of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote have the power to adjourn the Meeting from time to time without notice other than announcement at the Meeting of the time and place of the adjourned meeting.

As of the date of this proxy statement, we do not know of any matters which will be brought before the Meeting other than those matters specifically set forth in the Notice of Annual Meeting of Stockholders. However, if any other matter properly comes before the Meeting, it is intended that the persons named in the enclosed proxy card, or their substitutes acting thereunder, will vote on any such matter in accordance with their best judgment.

### Corporate Governance Matters

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The following table lists each of our directors for fiscal year 2014 and provides membership information for each of the committees:

Name	Audit	Compensation	Nominating and Corporate Governance
John C.C. Fan			
James K. Brewington			X
David E. Brook			
Andrew H. Chapman	X	X	
Morton Collins	X	X	
Chi Chia Hsieh			X
Michael J. Landine	X		X
<i>Corporate Governance Guidelines</i>			

Our board has adopted charters for each of its Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. Our board also has adopted corporate governance guidelines, a code of business conduct and ethics for employees, executive officers and directors and a whistleblower policy regarding the treatment of complaints on accounting, internal accounting controls and auditing matters. All of these documents are available on our website at [www.kopin.com](http://www.kopin.com) under the heading Investors: Corporate Governance. A copy of any of these documents may be obtained, without charge, upon written request to Kopin Corporation, c/o Investor Relations, 125 North Drive, Westborough, MA 01581.

### *Corporate Governance Practices and Board Independence*

Each year, our board of directors reviews the relationships that each director has with us and with other parties. With the exception of Dr. Fan, our Chief Executive Officer, only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASDAQ Stock Market, Inc. Marketplace Rules, or the NASDAQ Rules, and who the board of directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, are considered to be independent directors. Our board of directors has reviewed a number of factors to evaluate the independence of each of its members. These factors include the members' current and historic relationships with us and our competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have

with us; and the relationships between us and other companies of which a member of our board of directors is a director or executive officer. After evaluating these factors, our board of directors has determined that a majority of the members of the board of directors, namely James Brewington, David Brook, Andrew Chapman, Morton Collins, Chi Chia Hsieh and Michael Landine, do not have any relationships that would interfere with the exercise of independent judgment in carrying out their responsibilities as a director and are independent directors of Kopin Corporation within the meaning of applicable NASDAQ Rules.

In making its independence determinations, our board considered transactions occurring since the beginning of 2008 between us and entities associated with the independent directors or members of their immediate family. All identified transactions that appear to relate to Kopin Corporation and a person or entity with a known connection to a director are presented to the board for consideration. In making its subjective determination that each non-employee director is independent, our board considered the transactions in the context of the NASDAQ Rules, the standards established by the Securities and Exchange Commission ( SEC ) for members of audit committees, and the SEC and Internal Revenue Service standards for compensation committee members. In each case, our board determined that, because of the nature of the director's relationship with the entity and/or the amount involved, the relationship did not impair the director's independence. Our board's independence determinations included reviewing the following transactions and relationships:

Dr. Hsieh is a director of a company, KoBrite Corp, ( KoBrite ), in which Kopin owns a minority interest. Dr. Hsieh is also a director of Bright LED, which is the majority owner of KoBrite. Dr. Hsieh is also a Chairman and stockholder of a company, IQE Taiwan which was formerly Kopin Taiwan Corporation ( KTC ), a former subsidiary of Kopin which was sold to IQE Plc. in 2014. Mr. Brook, one of our directors, is a partner of the patent law firm of Hamilton, Brook, Smith & Reynolds P.C., which is our patent counsel. During the fiscal year 2014, we paid Hamilton, Brook, Smith & Reynolds P.C fees for legal services of approximately \$771,000.

#### *Nomination and Election of Directors*

When seeking candidates for director, the Nominating and Corporate Governance Committee (the Nominating Committee ) may solicit suggestions from incumbent directors, management or others. After conducting an initial evaluation of a candidate, the Nominating Committee will interview that candidate if it believes the candidate might be suitable to serve as a director. The Nominating Committee may also ask the candidate to meet with our management. If the Nominating Committee believes a candidate would be a valuable addition to the board and there is either a vacancy on the board or the Nominating Committee believes it is in the best interests of Kopin Corporation and its stockholders to increase the number of board members, it will recommend to the full board that candidate's election.

Before nominating a sitting director for re-election at an annual stockholder meeting, the Nominating Committee will consider the director's performance on the board and whether the director's re-election would be consistent with our corporate governance guidelines and our continued compliance with applicable laws, rules and regulations.

Our board believes that it should be comprised of directors with diverse and complementary backgrounds, and that directors should have expertise that, at a minimum, may be useful to us and may contribute to the success of our business. Directors also should possess the highest personal and professional ethics and should be willing and able to devote an amount of time sufficient to effectively carry out their duties and contribute to the success of our business. When considering candidates for director, the Nominating Committee takes into account a number of factors, which may include the following:

Independence from management;

Age, gender and ethnic background;

Relevant business experience;

Judgment, skill and integrity;

Existing commitments to other businesses;

Potential conflicts of interest;

Corporate governance background;

Financial and accounting background;

Executive compensation background; and

Size and composition of the existing board.

*Stockholder Proposals*

The Nominating Committee will consider candidates for director suggested by stockholders by considering the foregoing criteria and the additional information referred to below. Stockholders wishing to suggest a candidate for director should write to Kopin Corporation, c/o Investor Relations, 125 North Drive, Westborough, MA 01581, and include the following:

The name and address of the stockholder and a statement that he, she or it is one of our stockholders and is proposing a candidate for consideration by the Nominating Committee;

The class and number of shares of our capital stock owned by the stockholder as of the record date for the annual stockholder meeting (if such date has been announced) and as of the date of the notice, and length of time such stockholder has held such shares;

The name, age and address of the candidate;

A description of the candidate's business and educational experience;

The class and number of shares of our capital stock, if any, owned by the candidate, and length of time such candidate has held such shares;

Information regarding each of the foregoing criteria the board generally considers, other than the factors regarding board size and composition, sufficient to enable the committee to evaluate the candidate;

A description of any relationship between the candidate and any of our customers, suppliers or competitors or any actual or potential conflict of interest;

A description of any relationship or understanding between the stockholder and the candidate; and

## Edgar Filing: KOPIN CORP - Form DEF 14A

A written statement by the candidate that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Under our by-laws, nominations for directors may be made only by or at the direction of the board, or by a stockholder of record at the time of giving notice who is entitled to vote and delivers to Kopin Corporation written notice along with the additional information and materials required by the by-laws not less than 30 days nor more than 75 days prior to the first anniversary of the immediately preceding year's annual meeting. For our annual meeting in the year 2016 we must receive this notice no earlier than February 23, 2016 and no later than April 8, 2016 to be eligible for consideration at the annual meeting in 2016. You can obtain, without charge, a copy of the by-laws by writing to Kopin Corporation, c/o Investor Relations, 125 North Drive, Westborough, MA 01581.

From time to time, stockholders present proposals other than director nominations that may be proper subjects for inclusion in the proxy statement and for consideration at an annual meeting. For our annual meeting in the year 2016, pursuant to the requirements in our by-laws, we must receive this notice no earlier than February 23, 2016 and no later than April 8, 2016 to be eligible for consideration at the annual meeting in 2016.

*Stockholder Communications with the board*

The board has established a process for stockholders to send communications to our board or any individual director. Stockholders may send written communications to the board or any director to Kopin Corporation, board of directors, c/o Chief Financial Officer, 125 North Drive, Westborough, MA 01581. Stockholders also may send communications via email to [rsneider@kopin.com](mailto:rsneider@kopin.com) with the notation Attention: Chief Financial Officer/board of directors in the subject field. All communications will be submitted to the board or the individual directors on a periodic basis.

*Related Transactions*

The Audit Committee reviews and approves certain transactions or relationships involving Kopin and its directors, executive officers and their affiliates. In reviewing a transaction or relationship, the Audit Committee will take into account, among other factors it deems appropriate, whether it is on terms no more favorable than to an unaffiliated third party under similar circumstances, as well as the extent of the related party's interest in the transaction. Our Code of Business Conduct and Ethics for Employees, Executive Officers and Directors prohibits any transaction or relationship that would create a conflict of interest, unless approved by the board. Conflicts of interests are to be reported to the applicable employees' immediate supervisor or our Chief Financial Officer.

We do not currently provide personal loans to our executive officers or directors. Other than Proposal 1, none of our directors, executive officers or their associates have a substantial interest in any of the matters to be acted upon at the Meeting.

**PROPOSAL 1****ELECTION OF DIRECTORS**

Our by-laws provide that the board shall consist of not less than three nor more than thirteen directors. The board has fixed the number of directors at seven. Unless authority is withheld, it is the intention of the persons voting under the enclosed proxy to vote such proxy in favor of the election of each of the nominees to be a director until the 2016 Annual Meeting of Stockholders and until their respective successors are elected and qualified. If any nominee is unavailable, such votes will be cast by the proxies either for a substitute nominee selected by the proxies or to fix the number of directors at a lesser number. Our board currently has no reason to expect that any of the nominees will be unavailable.

**Required Vote**

The election of directors requires a plurality of the votes properly cast by or on behalf of the holders of our common stock at the Meeting which means that the seven individuals receiving the highest number of FOR votes will be elected directors. Any non-votes and abstentions from voting received will have no effect on the results of this Proposal 1.

**The board of directors has nominated and recommends that you vote FOR the election of each of the nominees listed below to serve as our Directors until the 2016 Annual Meeting of Stockholders or until their successors are duly elected and qualified.**

Set forth below are the name and age for each director nominee, his or her principal occupation and business experience during the past five years and the names of other publicly traded companies of which he served as a director.

Name	Age	Served as Director Since	Position and Offices with the Company
John C.C. Fan	71	1984	President, Chief Executive Officer, Director and Chairman of the Board
James K. Brewington	71	2006	Director
David E. Brook	74	1984	Secretary and Director
Andrew H. Chapman	60	1985	Director
Morton Collins	79	1985	Director
Chi Chia Hsieh	70	1995	Director
Michael J. Landine	61	2003	Director

Beyond their general business acumen and insights, the board of directors believes the proposed directors bring the following skill sets and benefits to the Company:

*John C.C. Fan* Dr. Fan is the Founder of Kopin Corporation and has served as our Chief Executive Officer and Chairman of the Board since our organization in April 1984. Dr. Fan received a Ph.D. in Applied Physics from Harvard University.

*James K. Brewington* Mr. Brewington served as president of Lucent Technologies Mobility Solutions Group where he was responsible for all wireless infrastructure for the mobility segment, including global wireless development and product architecture. Our Golden-i technology is designed for integration in or with wireless devices such as cell phones. Mr. Brewington provides general business counsel and specifically on the direction of wireless technologies used by us in developing our strategies.

*David E. Brook* We make significant investments in research and developing new technologies. Mr. Brook is a founder and partner of Hamilton, Brook, Smith & Reynolds P.C., a law firm specializing in intellectual property (IP) rights. Mr. Brook counsels the Company on developing IP strategies to protect our investments.

*Andrew Chapman* We are still in a growth stage and Mr. Chapman has managed and served on the boards of numerous start-up technology companies and provides us counsel on dealing with both day-to-day issues and developing strategies during our formative years.

*Morton Collins* Mr. Collins has served on the board of directors of several venture capital partnerships, private and public companies and has an extensive technology background. Mr. Collins provides us with counsel based on his experience in finance and company creation.

*Chi Chia Hsieh* We have significant sales and investments in Taiwan, Korea, Japan and China and a critical step in the production of our display products occurs in Taiwan. Dr. Hsieh, Chairman of the Taiwan Science Parks, provides us with counsel on Asian business practices and relationships with Asian business leaders.

*Michael Landine* Mr. Landine has served as Chief Financial Officer and Senior Vice President of Corporate Development at Alkermes, Inc., a publicly-held company, and has served on the board of directors of other publicly-held corporations. Mr. Landine provides counsel to us as Chairman of the Audit Committee and in evaluating strategic investment opportunities.

The board of directors considers diversity in terms of education, business experience and nationality when considering board of director candidates. There are no family relationships between any of our directors, officers or nominees.

### **Background of Nominees for Director and Certain Officers**

#### *Nominees*

*John C.C. Fan, President, Chief Executive Officer, Chairman of the Board.* Dr. Fan has served as our Chief Executive Officer and Chairman of the board since our organization in April 1984. from Yale College and an MBA from The Wharton School of the University of Pennsylvania. During the past five years Mr. Chapman has not served on the board of directors of any other public companies or registered management investment companies.

*Morton Collins, Director.* Mr. Collins has served as one of our directors since 1985 and was elected our Lead Independent Director in 2014. From October 1968 to June 1974, Mr. Collins was the Founder and Chief Executive Officer of Data Science Ventures, Inc. (DSV I). He was a Founder of DSV Associates (DSV II); DSV Partners III (DSV III); DSV Partners IV (DSV IV) and has been the Managing Partner of each since their formation in 1974, 1981 and 1985 respectively. These organizations provide venture capital and management assistance to early-stage high-technology companies. In July of 1997 Mr. Collins became a Special Limited Partner of Cardinal Partners, the successor to the DSV series of partnerships. In August of 2003 Mr. Collins became a General Partner of Battelle Ventures which he founded. Mr. Collins is currently a member of the board of directors of Inovio Biomedical Corporation, a public company. During the past five years Mr. Collins has not served on the board of directors of any other public companies or registered management investment companies other than Strategic Diagnostic, Inc.

*Chi-Chia Hsieh, Director.* Dr. Hsieh has served as one of our directors since December 1995. Dr. Hsieh is currently the Vice Chairman and was previously the President of Microelectronics Technology Inc., a Taiwan corporation publicly traded on the Taiwan Stock Exchange. Dr. Hsieh is Chairman of the board of directors of IQE Taiwan, a Taiwan corporation in which we formerly were a majority stockholder until January 2013. Dr. Hsieh is also a member of the board of directors of BriteLED, a Taiwan Corporation publicly traded on the Taiwan Stock Exchange. Dr. Hsieh is currently a member of the board of directors of Microelectronics Technology Inc., Advanced Wireless Systems, Bright LED Electronics Corp., and Taiwan Cement Corporation, all public companies. During the past five years Dr. Hsieh has not served on the board of directors of any other public companies or registered management investment companies.

*Michael J. Landine, Director.* Mr. Landine has served as one of our directors since 2003. Mr. Landine is Senior Vice President of Corporate Development of Alkermes, Inc., where he has worked for over 20 years. Mr. Landine served for 10 years as the Chief Financial Officer and Treasurer of Alkermes. Mr. Landine also serves as an advisor to Walker Magnetics Group, an international manufacturer of industrial equipment. From 1976 to 1983, Mr. Landine worked for the international accounting firm Touche Ross & Co. During the past five years Mr. Landine has not served on the board of directors of any other public companies or registered management investment companies other than GTC Biotherapeutics Inc., a publicly-traded biotechnology company.

#### *Officers*

*John C.C. Fan, President, Chief Executive Officer, Chairman of the board.* Dr. Fan, age 71, has served as our Chief Executive Officer and Chairman of the board since our organization in April 1984. He has also served as our President since July 1990. Prior to July 1985, Dr. Fan was Associate Leader of the Electronic Materials Group at MIT Lincoln Laboratory. Dr. Fan is the author of numerous patents and scientific publications. Dr. Fan received a Ph.D. in Applied Physics from Harvard University.

*Michael Presz, Vice President Government Programs and Special Projects.* Mr. Presz, age 61, joined us in November 1994 as General Manager of Display's Visual Products Group and was promoted to Vice President in April 2005. Prior to joining us, Mr. Presz worked for 6 years at Kaiser Electronics and 15 years at General Electric Aerospace.

#### Board Structure and Risk

Our Board leadership structure is commonly utilized by other public companies in the United States, and we believe that it is effective for us. This leadership structure is appropriate for us given the size and scope of our business, the experience and active involvement of our independent directors, and our corporate governance practices, which include regular communication with and interaction between and among the Chief Executive Officer and the Chief Financial Officer and the independent directors. Pursuant to our bylaws, our Board selects the Chairman and the Chief Executive Officer that it determines to be in the best interest of our stockholders. With the exception of Dr. Fan, each of the directors is independent under the NASDAQ Rules and the applicable SEC rules and regulations. Mort Collins is our Lead Independent Director. We believe that having a combined Chairman and Chief Executive Officer and independent chairs for each of our Board committees provides the best form of leadership for us. We have a single leader for our Company with oversight of our operations by experienced independent directors who have appointed three independent committee chairs.

We believe that our directors provide effective oversight of risk management functions. Annually we perform a risk review wherein the management team evaluates the risks facing us in the upcoming year and over a longer term horizon, typically three years. From this risk assessment plans are developed to deal with the risks identified. This risk assessment is provided to the Board of Directors and their input is reflected in the annual risk assessment. In addition members of our management periodically present to the Board the strategies, issues and plans for the product lines they manage. The Compensation Committee also reviews our incentive plans to determine if they result in management behavior which may result in additional risk beyond the plans intended purpose. While the Board oversees our risk management, our management is responsible for day-to-day risk management processes. Additionally, the Board requires that management raise exceptional issues to the Board. We believe this division of responsibilities is the most effective approach for addressing the risks facing us and that the Board leadership structure supports this approach.

#### Board and Committee Meetings

During the fiscal year 2014, our board held 5 meetings. For each director, overall attendance at board meetings and relevant committee meetings, either in person or by conference call, was greater than 75%. All of our then directors attended the 2014 annual stockholder meeting. Although we currently do not require our directors to attend annual stockholder meetings, we do encourage directors to do so and welcome their attendance.

*Audit Committee:* We have established a separately designated Audit Committee as defined by Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. Our Audit Committee is composed of three directors, Morton Collins, Andrew H. Chapman and Michael J. Landine, each of whom the Board has determined is independent under the NASDAQ Rules and the applicable SEC rules and regulations. The Board has determined that Mr. Landine is an audit committee financial expert as defined by Item 407(d)(5)(ii) of Regulation S-K of the Exchange Act. Our Board adopted an Audit Committee Charter which is available on our website at [www.kopin.com](http://www.kopin.com) under the heading Investors: Corporate Governance. Our Audit Committee Charter delegates to the Audit Committee the responsibility, among other things, to engage our independent auditors,

review the audit fees, supervise matters relating to audit functions, review and set internal policies and procedure regarding audits, accounting and other financial controls, and review related party transactions. The Audit Committee pre-approved all audit and non-audit services provided by Deloitte & Touche LLP for fiscal year 2014. During the 2014 fiscal year, our Audit Committee met in person or through a conference call 4 times. Two members participated in all 4 meetings, 1 member participated in 3 meetings.

*Nominating and Corporate Governance Committee:* Our Nominating and Corporate Governance Committee presently is composed of three directors, Mr. Brewington, Dr. Hsieh and Mr. Landine, each of whom the Board has determined is independent under applicable SEC and NASDAQ Rules. The Nominating and Corporate Governance Committee is responsible, among other things, for considering potential Board members, making recommendations to the full Board as to nominees for election to the Board, assessing the effectiveness of the Board and implementing our corporate governance guidelines. The charter of the Nominating and Corporate Governance Committee is available on the Company's website at [www.kopin.com](http://www.kopin.com) under the heading Investors: Corporate Governance. During the 2014 fiscal year, our Nominating and Corporate Governance Committee met in person or through a conference call 2 times and all 3 members participated in both meetings.

*Compensation Committee:* Our Compensation Committee presently is composed of two directors, Mr. Collins and Mr. Chapman, each of whom the board has determined is independent under applicable SEC and NASDAQ Rules. The charter of the Compensation Committee is available on our website at [www.kopin.com](http://www.kopin.com) under the heading Investors: Corporate Governance. During the 2014 fiscal year, our Compensation Committee met in person or through a conference call 7 times and both members participated at each meeting and the members consented unanimously in writing in lieu of meeting once.

The Compensation Committee is responsible for the approval of remuneration arrangements for our executive officers, review and approval of compensation plans relating to executive officers and directors, including grants of stock options, restricted stock and stock grants under our 2010 Equity Incentive Plan and other benefits and general review of our employee compensation policies.

*Compensation Committee Interlocks and Insider Participation*

None of our executive officers serves as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any other entity that has one or more of its executive officers serving as a member of our board of directors or Compensation Committee. None of the current members of our Compensation Committee has ever been an employee of Kopin or any subsidiary of Kopin.

**COMPENSATION AND OTHER INFORMATION CONCERNING DIRECTORS AND OFFICERS**

Compensation Discussion and Analysis

*The following compensation discussion and analysis summarizes our philosophy and objectives regarding the compensation of our named executive officers, including how we determine elements and amounts of executive compensation. The following compensation discussion and analysis should be read in conjunction with our tabular disclosures which directly follow the discussion, beginning on page 17 of this proxy statement.*

This Compensation Discussion and Analysis, or CD&A, describes the company's executive compensation program, philosophy and objectives as they related to our 2014 Named Executive Officers (NEOs). Our NEOs for 2014 were the following:

John C.C. Fan, President, Chief Executive Officer, Chairman of the Board

Richard A. Sneider, Treasurer and Chief Financial Officer

Boryeu Tsauro, Executive Vice President - Display Operations

Michael Presz, Vice President - Government Programs and Special Projects

Hong, Choi, Chief Technology Officer

**Executive Summary**

Provided below are key Company performance and executive compensation highlights for 2014.

Company Performance Highlights:

2014 was an important year for Kopin and we have made substantial progress to reinvent the Company as the leading provider of enterprise and consumer wearable technologies and solutions. Below is a summary of certain performance highlights which occurred in 2014:

We grew revenue by 39%, including wearable product line growth of 44% as compared to 2013;

Strategic transition continues to be on track, including the following highlights:

In furtherance of our strategic initiative we developed new wearable headset reference designs;

We developed additional versions of our android operating software for use in our commercial headset reference designs;

We developed a precision acquisitions targeting system (PATS) weapon sight which provides symbology overlay on the real world scene; and

## Edgar Filing: KOPIN CORP - Form DEF 14A

We increased our manufacturing assembly capacity for display modules.

In 2014, we adopted a Clawback Policy that provides that certain performance-based compensation is recoverable from specified officers, including the NEOs, if the Company determines that an officer has engaged in knowing or intentional fraudulent or illegal conduct that caused or substantially caused the need for a restatement of the Company's financial results.

### Compensation Highlights:

Summarized below are highlights with respect to executive compensation in 2014:

We provided executives with modest base salary increases (approximately 5%, on average, over 2013 base salary).

Since our strategic transition in 2013, our primary objectives continue to be technology and business development related milestones. Accordingly, the Compensation Committee awarded a discretionary cash bonus of \$25,000 to each of the NEOs based on the Company's performance against our strategic initiatives.

No equity awards were made to the CEO in 2014. Two NEOs received performance-based equity grants which directly tied to the Company's key strategic initiatives. The awards will only vest if specific performance goals are achieved.

Corporate Governance:

Our pay practices emphasize good governance and market practice. To this end:

Our pay practices are relatively simple and consist essentially of base pay, cash bonus, equity awards and normal health insurance.

The Company does not offer any perquisites for the exclusive benefit of the NEOs, plans that allow for tax gross-ups and only our CEO has an employment agreement.

Our Compensation Committee reviews all compensation activities and must authorize any equity award.

2014 Say on Pay Vote:

In 2014, our stockholders voted on our executive compensation program (also known as Say on Pay) for the fourth time and of the 46,378,350 votes returned, 31,158,496, or 67.2% approved it. The Committee considered the stockholders endorsement of the Committee's decisions and policies and Kopin Corporation's overall executive compensation program in continuing the pay-for-performance program that is currently in place.

#### **Compensation Philosophy**

We believe that our Named Executive Officers (NEOs) play a critical role in the operational and financial performance of our company that creates long-term value for our stockholders. Accordingly, our executive compensation philosophy is to reward our executives for individual performance and for contributions to our performance. We believe that the products of the Company that are critical to our future growth, such as our Wearable Technology headset reference designs, are in their early development stage and accordingly we attempt to strike a balance between lead (strategic initiatives) and lag (financial metrics) performance indicators. As such, we believe it is important to reward not just for financial achievement but for progress against our strategic initiatives such as the development of new products and/or technology. We do not believe in a feast or famine incentive philosophy based on a particular year's operational metrics but rather a long-term sustainable compensation system. As a result, we strive to counterbalance our employee retention objectives and pay-for-performance objectives. Historically we believe we have accomplished this by compensating our executives with a combination of base salary, performance bonus awards and long-term equity-based retention compensation. There is no pre-established policy for the allocation between either cash or non-cash compensation but we do emphasize long term results over annual achievements.

We believe that the quality, commitment and performance of our executives are critical factors affecting our long-term value. Accordingly, our compensation objectives include:

aligning our executive interests with the Company's goals and our stockholder interests;

retaining our executives and key employees; and

rewarding individuals for their performance.

Edgar Filing: KOPIN CORP - Form DEF 14A

In addition, we periodically use benchmarks and peer group comparisons to assist us in determining whether our executive compensation is appropriate in light of our compensation objectives and philosophy.

### **Role of the Compensation Committee**

The Compensation Committee of our board of directors sets our executive compensation policies and determines the amounts and elements of compensation for our executive officers. As set forth in the Compensation Committee's written charter, its responsibilities include establishing compensation policies for our directors and executive officers; reviewing and approving the Chief Executive Officer's annual compensation; approving employment agreements or arrangements with executive officers; administering our 2010 Equity Incentive Plan and 2001 Equity Incentive Plan (the "Equity Plans") and approving grants under these Equity Plans; and making recommendations regarding any other incentive compensation or equity-based plans. The Compensation Committee may delegate certain authority with respect to compensation matters to our executive officers.

Based on the next fiscal year's forecasted financial results, the evaluation and performance review process, the Compensation Committee members' personal experience and trends identified in the peer group benchmarking analysis described below, the Compensation Committee considers the amounts and elements of compensation for our executive officers, both for the past fiscal year and for the upcoming fiscal year in setting base salaries and equity award targets. For all executive officers other than our Chief Executive Officer and Chief Financial Officer, the Compensation Committee establishes and approves the base salary compensation based on recommendations from the Chief Executive Officer. With respect to compensation of our Chief Executive Officer and Chief Financial Officer, the Compensation Committee establishes and approves the compensation determinations based on the Compensation Committee's evaluation and performance reviews of our Chief Executive Officer and Chief Financial Officer. The Company is entering a new market, Wearable computing technology. The adoption of our products is dependent on the overall development of the market and the launch by our customers of their products. As a result in 2014 we used discretionary cash bonuses.

A copy of the Compensation Committee charter is posted on our website, [www.kopin.com](http://www.kopin.com), under the heading "Investors: Corporate Governance." In 2014, our Compensation Committee consisted of Mr. Collins, Chair and Mr. Chapman, each of whom is an independent director as determined by our board of directors, based upon the NASDAQ Rules and our independence guidelines.

### **The Role of Management**

At the request of the Committee, NEOs of the Corporation may be present at Compensation Committee meetings for discussion purposes. However, they have no involvement in the decisions made by the Committee, nor do they have a vote on any matters brought before the Committee. The Compensation Committee meets with the Chief Executive Officer to discuss his performance and compensation package, but ultimately decisions regarding his package are made solely based upon the Committee's deliberations, as well as input from the compensation consultant, as requested. The Compensation Committee considers recommendations from the Chief Executive Officer, as well as input from the compensation consultant as requested, to make decisions regarding other NEOs.

### **Role of the Compensation Consultant**

In making its determinations with respect to executive compensation, the Compensation Committee has periodically engaged the services of a compensation consultant to provide input on trends in executive compensation and to obtain an outside perspective on our executive compensation practices and assist with our peer group benchmarking analysis. The Compensation Committee does not believe a formal annual peer group assessment by an independent third party is necessary unless either internal factors, such as employee turn-over, or external factors, such as published reports in industry periodicals, indicate significant changes in executive compensation have taken place.

The compensation consultant reports directly to the Compensation Committee and carries out responsibilities as assigned by the Committee. The Compensation Committee has the sole authority to retain and

terminate the compensation consultant and to approve the compensation consultant's fees and all other terms of the engagement. The Committee exercised this authority to engage Pearl Meyer & Partners (PM&P) as its independent compensation consultant and has direct access to the compensation consultant throughout the year. PM&P serves as an advisor to the Compensation Committee on topics primarily related to Board and executive compensation. PM&P reports directly to the Compensation Committee Chair, takes direction from the Compensation Committee, and does not provide us with any services other than the services provided at the request of the Compensation Committee.

The Compensation Committee regularly reviews the services provided by its outside consultants and believes that PM&P is independent in providing executive compensation consulting services. The Compensation Committee conducted a specific review of its relationship with PM&P in 2014 and determined that PM&P's work for the Compensation Committee did not raise any conflicts of interest, consistent with the guidance provided under the Dodd-Frank Wall Street Reform and Consumer Protection Act, and by the SEC and the NASDAQ Global Market, or Nasdaq.

### **Compensation Determinations**

In making determinations with respect to amounts and elements of executive compensation, the Compensation Committee evaluates our overall performance during the year against annual budgets; evaluates the Chief Executive Officer's achievements against the Board's expectations; obtains input from the Chief Executive Officer on the performance reviews of the other executive officers; evaluates the potential for future contributions by each executive to our long-term success; and periodically compares our executive compensation against a benchmarking analysis of a group of peer companies.

### ***Peer Group Benchmarking***

In 2011, the Compensation Committee engaged PM&P to assist in selecting a peer group. In 2013, the Company sold its III-V product line and refocused the Company's strategy on developing headset reference designs for the Wearable Technology market. As a result of the Company migrating to a business model based on generating revenues through licensing reference designs and selling components as opposed to offering only components as it has done historically the Compensation Committee did not believe it was the appropriate time to create a new peer group in 2013 during this transition period.

In 2014 the Compensation Committee engaged PM&P to assist in selecting a new peer group with a median revenue and market capitalization size that approximated ours. The following 16 companies were selected:

CEVA Inc.	Intevac Inc.
Clearfield, Inc.	Mesa Laboratories Inc.
CVD Equipment Corp.	Microvision Inc.
eMagin Corp..	NVE Corp..
GSI Technology Inc.	PDF Solutions Inc.
ID Systems Inc.	Pixelworks, Inc..
Immersion Corp.	QuickLogic Corp.
Innovative Solutions & Support Inc..	Rubicon Technology, Inc.

### **Elements of Compensation**

Our compensation program is designed to be simple, straightforward and fair. We use the following compensation and benefits elements to provide an overall competitive compensation and benefits package that is tied to creating stockholder value and supporting the execution of our business strategies:

Base salary;

Annual bonus;

Long-term incentives;

A nominal perquisite; and

Employment and change-in-control agreements for the Chief Executive Officer.

The combination and allocation of the components and the target amount of each component is influenced by the role of the executive officer, individual performance, expected contributions, market practices, and the total value of all the compensation and benefits available to the individual executive officers. The Compensation Committee reviews and considers each component for each executive officer before making compensation decisions. Historically we have weighted the mix of compensation more towards base salary and long term equity incentive plans and to a lesser extent short term cash bonuses as discussed below.

### Compensation Element Detail

#### *Base Salary*

We believe that establishing an appropriate level of annual base salary for our executives is an important element in retaining and motivating our executive officers. In determining base salaries for our executive officers, the Compensation Committee considers the responsibilities of each position, cost of living adjustments and the skills and experience required for each job. The Compensation Committee's determinations are influenced heavily by the evaluations and performance reviews for each executive officer by our Chief Executive Officer, as discussed above. In addition, the Compensation Committee reviews the peer group benchmarking analysis if performed, and finally, reviews total compensation for reasonableness prior to making any final determinations.

In furtherance of our executive retention goals and as the Company has transitioned its business model, over the last two years we have established a base salary for our executives (excluding our Chief Executive Officer) that represents approximately sixty to seventy percent of their total annual compensation. For our Chief Executive Officer approximately 50% of his compensation over the last two years has been base salary. We believe this is appropriate given our focus on strategic milestone achievement related to developing new technologies and products critical to our future growth.

In December 2013, the Compensation Committee approved merit increases for 2014 base salary for our Named Executive Officers of 5% based on individual and company performance as well as market data.

The following table shows the base salaries for the 2014 executive officers:

<b>Officer</b>	<b>Salary</b>
Dr. Fan	\$ 531,794
Mr. Sneider	331,926
Dr. Tsaur	370,383
Dr. Choi	260,080
Mr. Presz	256,467

#### *Annual Bonus*

Historically we used annual bonus awards as an important tool in motivating our executives but not the primary tool to attract, retain and motivate executives. We believe that there are larger companies that have a wider-range and more complicated reward programs which, due to our size and development stage, do not make the most sense. We believe our executive officers are drawn to a smaller company such as ours for the potential wealth that can be created by growing our company. This potential wealth is more likely created through our long-term stock-based incentive compensation plan. We therefore use annual bonus awards to provide some element of a more immediate reward to motivate our employees as we execute on our longer term goals.

In 2013, after the sale of the Company's III-V product line and investment in Kopin Taiwan Corporation we transitioned to a new strategy that focused on headset reference designs for the Wearable Technology headset market. Our primary goals since then have been technology development and establishing customer and supplier partnerships. As commercial Wearable Technology computing products is a brand new category and the product requirements are changing rapidly establishing short-term goals that can be meaningfully measured and motivate employees is difficult. Accordingly, we have used discretionary cash bonuses which have been awards based on the Compensation Committee's review of the Company's performance against our strategic initiatives.

#### ***Long-Term Incentives***

We believe that including an equity-based incentive component of compensation is a critical tool for motivating our executives and certain employees. We believe that granting equity awards to our executives aligns executive compensation with long-term stockholder value. By awarding executive officers with equity awards that vest over time, we believe that our executive officers will have a continuing stake in our long-term success.

We weight our total executive compensation towards restricted stock awards which either vest upon the achievement of certain milestones or vest over time. While our management can improve our financial performance through the sales of our current products, cost reduction efforts, process improvements and other short-term advancements, we believe that our executive officers' focus on long-term achievements, particularly increasing our product portfolio, will create the greatest stockholder value. We believe that by granting our executives meaningful levels of equity awards that vest both in the short and long term we will achieve the proper balance between incentivizing them to focus on the current fiscal year's results and longer-term strategies of the Company. In determining the size of each equity award granted to our executive officers, the Compensation Committee considers the amount previously awarded on an annual basis to the executive, the total value of unvested equity awards held by the executive, the executive's overall performance, our performance during the year and the dilution to the stockholders.

In 2014 we did not grant our employees any typical annual long term incentive equity awards. However, two NEOs received performance-based equity grants which directly tied to the Company's key strategic initiatives. The awards will only vest if specific performance goals are achieved. The Company granted 150,000 and 50,000 shares of restricted common stock to the Executive Vice President Display Operations and the Vice President Government Programs and Special Projects, respectively. The Company has two new commercial products it is attempting to get qualified and into production with a customer and of the 150,000 shares of restricted stock granted to the Executive Vice President Display Operations, 25,000 vest upon the qualification of each new product by the customer by December 10, 2015 and an additional 50,000 shares vests upon the purchase and acceptance of 50,000 of the products by the customer. The Company has two new military products it is attempting to get qualified and into production and of the 50,000 shares of restricted stock granted to the Vice President Government Programs and Special Projects, for each of two new products 25,000 shares vest upon the qualification, shipment and acceptance of each product by a customer by December 10, 2015.

#### ***Perquisites***

The Company does not offer any perquisites for the exclusive benefit of the NEOs. Our healthcare, insurance, and other welfare and employee-benefit programs are the same for all eligible domestic employees, including executive officers, and include health and dental coverage, group term life insurance, disability programs and matching contributions to our 401(k) plan. We share the cost of health and welfare benefits with our employees, a cost that is dependent on the level of benefits coverage that each employee elects. The benefits provided to foreign employees are typically determined by the laws of the countries they reside in. We have no outstanding loans of any kind to our executive officers.

#### ***Clawback Policy***

In 2014, we adopted a Clawback Policy that provides that certain performance-based compensation is recoverable from an executive officer if the Company determines that an officer has engaged in knowing or

intentional fraudulent or illegal conduct that caused or substantially caused the need for a restatement of the Company's financial results. Performance-based compensation includes cash payments and any other awards pursuant to any Company incentive plan made on or after January 1, 2009 where payment was predicated on achieving certain financial results. If the Board or an authorized committee determines that any such performance-based compensation would have been at a lower amount had it been based on the restated financial results, the Company will, to the extent practicable and permitted by applicable law, seek recoupment from such officer of the portion of such performance-based compensation that is greater than that which would have been awarded or earned had such compensation been calculated on the basis of the restated financial results.

### **Employment and Other Agreements**

We typically do not offer employment agreements and the only current employee with such an agreement is our Chief Executive Officer. On December 31, 2014 we amended the Company's agreement with Dr. Fan and it now terminates on December 31, 2017. In the event Dr. Fan's employment is terminated without cause or dies or in the event of a change in control and Dr. Fan's position, compensation or responsibilities change within twelve (12) months following the change of control or the parties do not extend or renew the his employment agreement upon its expiration on comparable terms, Dr. Fan and his spouse will receive \$30,000 per year for 10 years following termination to cover medical expenses, severance pay of \$1,500,000 payable in 24 monthly installments and his unvested stock awards will immediately vest. The agreement also contains covenants not to compete, non-solicitation clauses and our rights to inventions developed by Dr. Fan. In conjunction with the extension of Dr. Fan's employment agreement the Company amended the period for achieving the incentive goals for three previously issued equity awards and one previously issued phantom stock award which is payable in cash. On September 12, 2011 the Compensation Committee granted Dr. Fan 260,000 shares of restricted stock and a phantom share award for 380,000 shares which will vest at the end of the first 10 consecutive trading day period following the grant date during which the Company's common stock trades at a price per share equal to or greater than \$5.25 prior to September 12, 2016 (the "\$5.25 Award"). On May 9, 2013 the Compensation Committee granted Dr. Fan 300,000 shares of restricted stock of which 150,000 shares will vest upon the Company's stock trading at a price per share of \$6 or more for ten (10) consecutive trading days (the "\$6 Award") and 150,000 shares of restricted stock will vest upon the Company's stock trading at a price per share of \$7 or more for ten (10) consecutive trading days (the "\$7 Award"). The period to achieve the \$5.25 Award was extended from September 12, 2016 until December 31, 2017 and the periods to achieve the \$6 Award and the \$7 Awards were reduced from May 9, 2023 to December 31, 2017 to coincide with Dr. Fan's employment agreement termination date.

Our Equity Plans provide for the acceleration of the vesting of unvested stock options and restricted stock awards in the event of a change in control.

### **Policies Regarding Stock Ownership and Related Matters**

We believe that by holding shares of our stock and options to purchase our common stock, our executives will have interests that are more closely aligned with those of our stockholders. In 2014, we adopted Share Ownership and Retention Guidelines that require each director of the Company to own shares of our common stock or options to purchase shares of our common stock having an aggregate market value of at least three times the cash component of the director's annual retainer (excluding committee retainers) for service on the Board. In addition, the guidelines require our CEO to own shares of our common stock having an aggregate market value of at least three times his or her annual base salary. Our directors and our CEO have five years from the time they become subject to the stock ownership guidelines to achieve the target ownership thresholds. In 2014, all of our executives and directors were on track to maintain compliance with the minimum stock ownership guidelines.

We have an Insider Trading Policy that governs our executive officers, directors and other persons considered to be insiders under the policy. The policy imposes limits as to when and how our executives can engage in transactions in our securities and prohibits short sales of our common stock by all our personnel. All of

our officers have established 10b5-1 plans with an independent broker. These plans typically govern the sale of an officer's stock when our stock prices meet certain levels. These plans, generally, may only be adjusted during certain times of the year with the Company's approval.

### **Tax and Accounting Implications**

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, as amended (the "Code"), which generally disallows a tax deduction to public companies for certain compensation in excess of \$1.0 million paid in any year to a company's chief executive officer and the four other most highly compensated officers. Certain compensation, including qualified performance based compensation, will not be subject to the deduction limitation if certain requirements are met. Although the Compensation Committee has not adopted any specific policy with respect to the application of Section 162(m), we generally seek to structure any long-term incentive compensation granted to our executive officers in a manner that is intended to avoid disallowance of deductions under Section 162(m).

### ***Accounting for Stock-Based Compensation***

As discussed in our Annual Report on Form 10-K for the year ended December 27, 2014, the accounting for stock-based awards requires the measurement and recognition of compensation expense based on the fair value of all share-based payment awards made to employees and directors, including stock options and employee stock purchases under employee stock purchase plans. We are required to account for share-based compensation transactions using a fair value method and recognize the related expense associated with share-based payments in our statement of operations. Stock-based compensation cost is measured at the accounting measurement date based on the fair value of the award and is recognized as expense over the service period, which generally represents the vesting period. The expense recognized over the service period is required to include an estimate of the awards that will be forfeited.

Since 2004 we have only issued restricted stock awards and the fair value of the award is typically based on the closing price of our stock on the NASDAQ on the day of grant. All employees are eligible to participate in our equity award program but the number of employees who actually participate annually has been reduced and does not typically include employees who are paid on an hourly basis or are below the level of Director.

### **Reducing the Possibility of Excess Risk-Taking**

The Compensation Committee has determined that the risks arising from the compensation policies and practices for employees of the Company are not reasonably likely to have a material adverse effect on the Company as a whole.

The Compensation Committee noted several design features of the Company's cash and equity-based incentive programs that reduce the likelihood of excessive risk-taking:

The program design provides a balanced mix of cash and equity, annual and long-term incentives.

We set performance goals that we believe are reasonable in light of past performance and market conditions.

Equity grants typically vest over a multi-year period to encourage our executives to maintain a long-term perspective.

We use restricted stock because restricted stock retains value even in a depressed market and executives will be less likely to take unreasonable risks to get, or keep, options in-the-money.

The Compensation Committee has downward discretion over incentive program payouts.

For compensation benchmarking purposes, we employ an appropriate peer group derived from a standardized process.

**Compensation Committee Report**

Our Compensation Committee reviewed the Compensation Discussion and Analysis for the year ended December 27, 2014 and discussed this Compensation Discussion and Analysis with the Company's management. Based on this review and its discussions with management, the Compensation Committee recommended to the Company's board of directors that the Compensation Discussion and Analysis be included in this proxy statement and the 2014 Annual Report of the Company.

By the Compensation Committee of the board of directors of Kopin Corporation.

- (1) The amount represents a discretionary cash bonus awarded by the Company.
- (2) The amounts in the column reflect the number of shares of restricted common stock granted in a year multiplied by the closing share price of the Company's stock as listed on NASDAQ on the date of grant. See notes 1 and 5 of the consolidated financial statements included in our Form 10-K for the year ended December 27, 2014, regarding assumptions underlying valuation of equity awards.
- (3) The amounts reflect cash bonus payments earned with respect to annual incentive plans and the value of shares of restricted stock earned under that year's annual incentive plan for services performed in that year. The value of the shares of restricted stock earned under the annual incentive plan is typically computed as the number of shares earned multiplied by the closing share price of the Company's stock as listed on NASDAQ on the date of grant. However in order that the plan can be finalized for the Compensation Committee the previous day's closing price may be used if there is no significant change in the Company's stock price.
- (4) We do not maintain any pension or non-qualified deferred compensation plan.
- (5) Amounts represent the Company's matching contributions under the Company's 401(k) Plan ranging from \$3,463 to \$7,800 per year and premiums paid for life insurance.
- (6) Dr. Fan is not compensated for his services as a director.

### Grants of Plan-Based Awards for 2014

The following table sets forth information relating to restricted stock granted pursuant to our Equity Plans and annual performance cash bonus plans awarded during the year ended December 27, 2014 to each of our named executive officers:

Name	Grant Date	Estimated Future Payouts under Non-Equity Incentive Plan Awards				Estimated Future Payouts Under Equity Incentive Plan Awards			All other Stock Awards: Number of Shares of Stock or Units (#)	All Other Option Awards: Number of Underlying Options (#)	Exercise or Base Price of Option Awards (\$/sh)	Grant Date Fair Value of Awards(3)

Michael Presz(2)	2/20/14								50,000			\$ 101,689

- (1) On February 20, 2014 the Compensation Committee granted 150,000 shares of restricted stock and for each of two new products 25,000 shares vest upon the qualification of each new product by a customer by December 10, 2015 and additional 50,000 shares vests upon the purchase and acceptance of 50,000 of the display products by the customer.
- (2) On February 20, 2014 the Compensation Committee granted 50,000 shares of restricted stock and for each of two new products 25,000 shares vest upon the qualification, shipment and acceptance of each product by a customer by December 10, 2015.
- (3) The grant date fair market value of the stock award is the product of a) the number of shares of restricted common stock granted in the year multiplied by the closing share price of the Company's stock as listed on NASDAQ on the date of grant multiplied by b) the probability of the award vesting. The probability of the award vesting is the historical percentage of awards that vested as a percentage of the number of awards granted.

#### Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The compensation paid to our named executive officers in 2014 summarized in the Summary Compensation Table was determined by our Compensation Committee. We enter into agreements with our named executive officers that define the criteria to earn their performance bonuses, terms of their restricted stock awards and for our Chief Executive Officer's post-employment compensation. The material terms of these agreements are discussed under the caption Compensation Discussion and Analysis Employment and Other Agreements and under the caption Executive Employment Agreement/Other Potential Post-Employment Compensation below.

**Perquisites and Benefits**

We provide benefit programs to executive officers and to other employees. The board of directors and executive management believe that perquisites for executive officers should be extremely limited in scope and value. As a result, Kopin has historically given nominal perquisites. The following table generally identifies such benefit plans and who may be eligible to participate.

<b>Benefit Plan</b>	<b>Executive Officers</b>	<b>Certain Managers</b>	<b>Full Time Domestic Employees</b>	<b>Full Time Foreign Employees</b>

- (1) Kopin's United Kingdom and Korean subsidiaries contribute to a government sponsored retirement program for its employees.
- (2) Kopin pays for life insurance equal to an employee's base salary for domestic employees.
- (3) Kopin has a short term incentive plan pursuant to which certain officers and certain managers are paid a bonus if they remain with the company during the next fiscal year.
- (4) The board of directors has historically provided for a discretionary bonus award at the end of the fiscal year.
- (5) As the result of acquisitions in 2013 and 2012 several managers receive automobile allowances.
- (6) Kopin does not provide dwellings for personal use other than for temporary job relocation.

**Executive Employment Agreement /Other Potential Post-Employment Compensation**

As discussed above in our Compensation Discussion and Analysis, certain of our named executive officers and other employees have potential post-employment benefits. Our Equity Plans have provisions which may result in the acceleration of vesting of certain equity awards as a result of a change in control. In addition, the employment agreement with our Chief Executive Officer provides for certain post-employment benefits. The table below summarizes the effects on the compensation of our named executive officers as if the termination of employment or change of control provisions of the Equity Plans and employment agreement were triggered on December 27, 2014.

<b>Name</b>	<b>Value of Equity Awards if a Change in Control Occurs on 12/27/14(1)</b>	<b>Health Care Benefits(2)</b>	<b>Severance Payments(2)</b>
John C.C. Fan	\$ 3,868,584	\$ 209,000	\$ 1,500,000
Richard A. Sneider	\$ 238,735		
Boryeu Tsaur	\$ 768,260		
Michael Presz	\$ 445,160		
Hong Choi	\$ 238,735		

- (1) Our Equity Plans provide for the acceleration of the vesting of our equity awards in the event of a change in control of the Company. The amounts in this column represent the value the executive officer would have received if there were a change of control of the Company on December 27, 2014, and his unvested restricted stock awards as of December 27, 2014 became vested. The restricted stock award value is computed by multiplying the number of unvested shares of restricted stock at December 27, 2014 by the closing price of the Company's Common Stock on NASDAQ on December 27, 2014 (\$3.59). There were no unvested stock options as of December 27, 2014.
- (2) We have entered into an employment agreement with our Chairman and Chief Executive Officer, Dr. John C.C. Fan, pursuant to which we have agreed to employ Dr. Fan as Chief Executive Officer. The agreement will terminate on December 31, 2017. In the event Dr. Fan is terminated without cause or dies or in the event of a change in control of the Company and Dr. Fan's position, compensation or responsibilities change within twelve (12) months following the change in control or the parties do not extend or renew the his employment agreement upon its expiration on comparable terms, Dr. Fan and his spouse will receive \$30,000 per year for 10 years following termination to cover medical expenses (the Health Care Benefit), severance pay of \$1,500,000 payable in 24 equal monthly installments and his unvested stock awards will immediately vest. The employment agreement also contains covenants not to compete, non-solicitation clauses and our rights to inventions by Dr. Fan. The present value of the Health Care Benefit for Dr. Fan and his wife if triggered under this agreement is estimated to be \$209,000 assuming we retain our current level of health care benefits.

**OUTSTANDING EQUITY AWARDS AT FISCAL YEAR-END**

The following table discloses information concerning stock options and unvested stock awards held by our named executive officers as of December 27, 2014 pursuant to our Equity Plans. Market value information is determined by multiplying the number of shares by the closing price of our common stock on NASDAQ on the last trading day of our 2014 fiscal year (\$3.59 as of December 27, 2014).

(1) Consists of the 2001 Equity Incentive Plan and the 2010 Equity Incentive Plan.

(2) Shares available under the 2010 Equity Incentive Plan.

**Director Compensation**

Our board approved compensation for non-employee directors is as follows:

Annual retainer: \$45,000

Annual stock grant: 10,000 shares of restricted stock which vest on the anniversary of the grant

Meeting fees for Board, Compensation, Audit or Nominating Committee meetings: \$1,000 per meeting  
Committee membership fees paid annually:

Audit and Nominating Committee Chairperson: \$10,000

Compensation Committee Chairperson: \$6,250

Audit Committee member: \$5,000

Nominating Committee member: \$2,500

Compensation Committee member: \$6,250

Each non-employee director is also entitled to receive an initial restricted stock award for 10,000 shares of our common stock on the date of his or her initial election to the board. We also pay expenses for attendance at meetings of the board and committees thereof.

The following table sets forth certain information regarding the compensation earned by or awards to each non-employee director who served on our board of directors in the 2014 fiscal year. Dr. Fan, who is an employee of Kopin, is not compensated for his services as a director.

- (1) Each Board member received their annual restricted stock grant of 10,000 shares which vests on the anniversary of the grant if the person is still a member of our Board of Directors on such anniversary. The amounts in the column were determined by multiplying the number of shares of restricted common stock granted by the closing price of our common stock as listed on the NASDAQ on the day of grant. The 2013 grant occurred on April 29, 2014, and the closing price of our stock was \$3.22.
- (2) There were no stock options issued in 2014.
- (3) No non-equity incentive compensation, pension, non qualified deferred compensation or other compensation payments were made as compensation for director services in fiscal year 2014 or are contemplated under our current compensation plan.
- (4) The Director has 12,500 shares of restricted stock awards at December 27, 2014.
- (5) The Director has 12,500 shares of restricted stock and 25,000 stock option awards outstanding at December 27, 2014.

#### Audit Committee Report

The Audit Committee of the board currently consists of Andrew H. Chapman, Morton Collins and Michael J. Landine, each of whom the board has determined is independent under applicable SEC and NASDAQ Rules. The board also has determined that Mr. Landine is an audit committee financial expert under applicable SEC rules and regulations.

The purpose of the Audit Committee is to assist the board in its general oversight of the Company's financial reporting, internal controls and audit functions. The Audit Committee charter, which is available at the Company's website at [www.kopin.com](http://www.kopin.com), under the heading Investors: Corporate Governance, describes in greater detail the full responsibilities of the Audit Committee.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements; accounting and financial reporting principles; establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure

controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.

Deloitte & Touche LLP ( Deloitte ), the Company's independent registered public accounting firm, has been engaged to perform an independent audit of the consolidated financial statements and to express an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America and also to express an opinion on the effectiveness of the Company's internal control over financial reporting.

The Audit Committee has reviewed and discussed the consolidated financial statements with management and Deloitte.

During the course of the 2014 fiscal year, management completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related rules and regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during this process. In connection with this oversight, the Audit Committee received periodic updates provided by management and Deloitte at each regularly scheduled Audit Committee meeting. At the conclusion of the process, management provided the Audit Committee with, and the Audit Committee reviewed, a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed the report of management contained in the Company's Annual Reports on Form 10-K for the fiscal year ended December 27, 2014, filed with the SEC, as well as Deloitte's Reports of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements and financial statement schedule, and (ii) the effectiveness of internal control over financial reporting for the year ended December 27, 2014. The Audit Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in fiscal year 2015.

The Committee has discussed with Deloitte the matters that are required to be discussed by applicable standards of the Public Company Accounting Oversight Board ( PCAOB ), including Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, and as adopted by the PCAOB, as well as Rule 2-07 of Regulation S-X of the SEC *Communication with Audit Committees*. Deloitte have also provided to the Committee their letter required by PCAOB Ethics and Independence Rule 3526, *Communications with Audit Committees Concerning Independence*, and the Committee discussed with Deloitte the firm's independence.

Based on its review and the discussion noted above, the Audit Committee recommended to the board that the Company's Consolidated Financial Statements for the fiscal year 2014 be included in the Company's Annual Report on Form 10-K for the 2014 fiscal year for filing with the SEC.

**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF ACCOUNTANTS**

Deloitte & Touche LLP, independent certified public accountants, has been the independent registered public accounting firm of the Company since 1985. The board has recommended that the stockholders ratify the reappointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 26, 2015.

A representative of Deloitte & Touche LLP is expected to be present at the Meeting and will be afforded an opportunity to make a statement, if such representative desires to do so, and will be available to respond to appropriate questions.

**The Board recommends that the stockholders vote FOR the proposal to ratify the appointment of Deloitte & Touche LLP, and the enclosed proxy will be so voted unless a contrary vote is indicated.**

The affirmative vote of the holders of a majority of the shares of our common stock represented in person or by proxy at the Meeting and entitled to vote is required to ratify the reappointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current year. In the event the appointment of Deloitte & Touche LLP should not be approved by the stockholders, the board will consider making another appointment to be effective at the earliest possible time but has no obligation to do so.

**Audit Fees**

The aggregate fees for the fiscal years ended December 27, 2014 and December 28, 2013 by the Company's independent registered public accounting firm, Deloitte & Touche LLP, and member firms of Deloitte Touche Tohmatsu, were as follows:

Fee Category	Fiscal Year 2014	% of Total	Fiscal Year 2013	% of Total
Audit Fees	\$ 895,000	99%	\$ 835,049	94%
Audit-Related Fees			28,843	3%
Tax Fees	8,593	1%	25,450	3%
All Other Fees	\$ 2,600		\$ 2,200	
<b>Total Fees</b>	<b>\$ 906,193</b>	<b>100%</b>	<b>\$ 891,542</b>	<b>100%</b>

*Audit Fees* consists of fees for the audit of our financial statements and attestation services relating to the report on our internal controls in accordance with Section 404 of the Sarbanes-Oxley Act of 2002, review of the interim condensed consolidated financial statements included in quarterly reports, assistance with review of documents filed with the SEC, and services that are normally provided by Deloitte & Touche LLP in connection with statutory and regulatory filings or engagements, and attestation services, except those not required by statute or regulation. For 2012 the fees included work related to sale of our III-V product line. *Audit-Related Fees* consists of fees for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements and are not reported under *Audit Fees*. *Tax Fees* consists of fees for tax compliance and planning services. Tax compliance includes fees for professional services related to international tax compliance and preparation. Tax planning consists primarily of fees related to a transfer pricing study and preparation of our subsidiary tax returns.

*All Other Fees* consists of fees for all other permissible services other than those reported above. For 2014 and 2013 the fees were for use of a research data base.

**Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm**

The Audit Committee pre-approves all audit and non-audit services provided by the Company's independent registered public accounting firm prior to the engagement with respect to such services. The Chairman of the Audit Committee has been delegated the authority by the Audit Committee to pre-approve the engagement of the independent accountants when the entire committee is unable to do so. The Audit Committee approved 100% of the services listed under the preceding captions Audit Fees, Audit-Related Fees, Tax Fees and All Other Fees.

**PROPOSAL 3**

In accordance with Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are providing our stockholders the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our named executive officers, which is described in the section titled "Compensation Discussion and Analysis" in this Proxy Statement. Accordingly, the following resolution will be submitted for a stockholder vote at the 2015 Annual Meeting:

RESOLVED, that the stockholders of Kopin Corporation (the "Company") approve, on an advisory basis, the overall compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis section set forth in the Proxy Statement for this Annual Meeting.

As described in the section titled "Compensation Discussion and Analysis," our executive compensation program is designed to provide a competitive level of compensation necessary to attract, motivate and retain talented and experienced executives and to motivate them to achieve short-term and long-term corporate goals that enhance stockholder value. In order to align executive pay with our financial performance and the creation of sustainable stockholder value, a significant portion of compensation paid to our named executive officers is allocated to performance-based, short- and long-term incentive programs to make executive pay dependent on our performance (or "at-risk"). In addition, as an executive officer's responsibility and ability to affect our financial results increases, the portion of his or her total compensation deemed "at-risk" increases. Stockholders are urged to read the "Compensation Discussion and Analysis" section of this Proxy Statement which more thoroughly discusses how our compensation policies and procedures implement our compensation philosophy. The Compensation Committee and the Board believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving its goals.

This vote is merely advisory and will not be binding upon us or the Board. However, the Board values constructive dialogue on executive compensation and other important governance topics with our stockholders and encourages all stockholders to vote their shares on this matter.

**Board Recommendation**

**The Board recommends that the stockholders vote to approve the overall compensation of the**

**Company's named executive officers by voting FOR this resolution.**

**Proxies solicited by the Board will be voted FOR this resolution**

**COST AND METHOD OF SOLICITATION**

We will pay the cost of soliciting proxies. Proxies may be solicited on behalf of the Company by directors, officers or employees of the Company in person or by telephone, facsimile or other electronic means. As required by the SEC, we also will reimburse brokerage firms and other custodians, nominees and fiduciaries for their expenses incurred in sending proxies and proxy materials to beneficial owners of our common stock.
