During this timeframe, the Company has paid more than \$1.8 billion in cash dividends to its stockholders.

The Company purchased approximately 600,000 shares of Common Stock at an average cost of \$46.36 per share under this program during the year ended May 31, 2015.

Corporate Governance

The Company is committed to meeting high standards of ethical behavior, corporate governance and business conduct. This commitment has led the Company to implement the following practices:

Board Independence eleven of thirteen Directors are independent under the Company's Corporate Governance Guidelines and NYSE listing standards. All members of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee are independent.

Independent Directors Meetings independent Directors meet in executive sessions each year in January, April and July, without management present.

Lead Director one independent Director serves as Lead Director.

Majority Voting for Directors in an uncontested election, any nominee for Director who receives more votes withheld from his or her election than votes for such election is expected to tender his or her resignation for prompt consideration by the Governance and Nominating Committee and by the Board of Directors.

Edgar Filing: RPM INTERNATIONAL INC/DE/ - Form DEF 14A

Director Tenure the average tenure of our independent Directors has decreased from 16.5 years for each of the 11 independent Directors in 2011 to 8.5 years for each of our current 11 independent Directors. Three new independent Directors have joined the Board of Directors since April 2012, and a fourth new independent Director has been nominated for election at this year's Annual Meeting.

Stock Ownership Guidelines for Directors and Executive Officers the Company adopted stock ownership guidelines for Directors and executive officers in July 2012, and the Company increased the stock ownership guidelines for Directors in July 2014. Each of the Directors and executive officers satisfies the stock ownership guidelines or is within the grace period provided by the stock ownership guidelines to achieve compliance.

Annual Board and Chief Executive Officer Self-Evaluations each year, the Governance and Nominating Committee of the Board of Directors administers self-evaluations of the Board of Directors and its committees, and the Compensation Committee of the Board of Directors administers an evaluation of the Chief Executive Officer.

Hedging Transactions Prohibited the Company's insider trading policy prohibits short sales and hedging transactions of shares of the Company's Common Stock by Directors, officers and employees.

Table of Contents

Performance-Based Compensation the Company relies heavily on performance-based compensation for executive officers, including awards of performance-based restricted stock.

Clawback Policy the Board of Directors may require reimbursement of certain bonuses or incentive compensation awarded to an executive officer if, as the result of that executive officer's misconduct, the Company is required to restate all or a portion of its financial statements.

CEO Succession Planning the Company's succession plan, which the Board of Directors reviews annually, addresses both an unexpected loss of the CEO as well as longer-term succession.

The Values & Expectations of 168 the Company's code of business conduct and ethics, entitled "The Values & Expectations of 168", emphasizes individual responsibility and accountability, encourages reporting and dialogue about ethics concerns, and focuses on the Company's core principles of integrity, commitment, responsible entrepreneurship and moral courage.

Strong Benefits for Employees the Company is among less than 25 percent of the Fortune 1,000 companies that offer both an active defined benefit pension plan and a matching 401(k) plan for U.S. employees. The Company's worldwide employees enjoy comprehensive health coverage and other extremely competitive benefit packages, in keeping with local laws and customs.

See also "Information Regarding Meetings and Committees of the Board of Directors" at page 18 for further information on the Company's governance practices. Additional information about our majority voting policy appears under the caption "Voting Rights" on page 7.

Enterprise-Wide Risk Oversight

The Board of Directors, assisted by its committees, oversees management's enterprise-wide risk management activities. Risk management activities include assessing and taking actions necessary to manage risk incurred in connection with the long-term strategic direction and operation of the Company's business. See "Information Regarding Meetings and Committees of the Board of Directors" Role in Risk Oversight for further information.

Executive Compensation

The Company's executive compensation program utilizes a mix of base salary, annual and long-term cash incentives, equity awards and standard benefits to attract and retain highly qualified executives and maintain a strong relationship between executive pay and Company performance. Eighty-one percent (81%) of the votes cast on the "say-on-pay" proposal last year were voted in support of the compensation of our named executive officers set forth in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narratives in last year's Proxy Statement. In connection with last year's "say-on-pay" vote, we reached out to 27 of our largest stockholders representing approximately 48.0% of our shares of Common Stock outstanding. In response to those conversations, the Compensation Committee added a second performance objective required for the vesting of Performance Contingent Restricted Stock, or PCRS, awarded in fiscal 2016, such that two-thirds of those awards will vest based upon achievement of growth in EBIT, and one-third will vest upon achievement of growth in EBIT margin. By contrast, the PCRS awarded in fiscal 2010 vested based upon the achievement of growth in EBIT alone, as more fully described in this Proxy Statement. The Compensation Committee will continue to consider results from future stockholder advisory votes, which will be held annually until the next stockholder advisory vote on the frequency of future votes on executive compensation, as well as input from its stockholders between meetings, in its ongoing evaluation of the Company's executive compensation programs and practices.

Overall Compensation Program Principles

Edgar Filing: RPM INTERNATIONAL INC/DE/ - Form DEF 14A

Pay for performance The Company's general compensation philosophy is performance-based in that the Company's executive officers should be well compensated for achieving strong operating and financial results. The Company engages in a rigorous process intended to provide its executive officers a fair level of compensation that reflects the Company's positive operating financial results, the relative skills and experience of the individuals involved, peer group compensation levels and other similar benchmarks.

Compensation weighted toward at-risk pay The mix of compensation of the Company's named executive officers is weighted toward at-risk pay (consisting of cash and equity compensation). Maintaining this pay mix results in a pay-for-performance orientation, which aligns to the Company's compensation philosophy of paying total direct compensation that is competitive with

Table of Contents

peer group levels based on relative company performance. For fiscal 2015, 46% of the amounts of the principal compensation components for our named executive officers in the aggregate was variable and tied to our performance.

Compensation Benchmark Study In 2014, the Compensation Committee retained the professional consulting firm of Towers Watson to conduct an executive compensation benchmark study. Based on its analysis and findings, Towers Watson concluded that our Chief Executive Officer's actual total direct compensation was competitive with the market median, and that his compensation was weighted more toward long-term incentive opportunity than is typical in the market. Overall, Towers Watson concluded that our executive officers' salaries are competitive with the market median, the mix of the elements of our executive officers' compensation was weighted more toward variable compensation (consisting of bonuses and long-term incentive opportunity) than is typical in the market, and that their long-term incentive opportunity is above the market median.

Summary of Compensation Paid to Frank C. Sullivan, the Company's Chief Executive Officer, in Fiscal 2015

Base salary \$940,000, which was 2.2% above his fiscal 2014 base salary.

Annual cash incentive compensation Annual cash incentive compensation of \$900,000, which was 32.6% below his fiscal 2014 annual cash incentive compensation.

Equity compensation Performance earned restricted stock (PERS) with a grant date fair value of \$2,121,300; stock appreciation rights (SARs) with 200,000 shares of Common Stock underlying the award; and 8,470 shares of supplemental executive retirement plan (SERP) restricted stock.

Other compensation Matching contribution of \$10,600 under the Company's 401(k); automobile allowance of \$27,799; and life insurance premiums of \$85,951.

Directors, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. **The Board recommends that stockholders vote FOR the approval of the Company's executive compensation.**

Proposal 3 Ratification of Appointment of Independent Registered Public Accounting Firm (see pages 60-61)

The Audit Committee has appointed Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending May 31, 2016. The Board of Directors is seeking stockholder ratification of this appointment. **The Board recommends that stockholders vote FOR ratification of the selection of Deloitte & Touche LLP.**

Table of Contents

The record date for determination of stockholders entitled to vote at the Annual Meeting was the close of business on August 14, 2015. On that date, the Company had 133,445,205 shares of Common Stock, par value \$0.01 per share (the "Common Stock"), outstanding and entitled to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote.

At the Annual Meeting, in accordance with the General Corporation Law of the State of Delaware and the Company's Amended and Restated By-Laws (the "By-Laws"), the inspectors of election appointed by the Board of Directors for the Annual Meeting will determine the presence of a quorum and will tabulate the results of stockholder voting. As provided by the General Corporation Law of the State of Delaware and the By-Laws, holders of shares entitling them to exercise a majority of the voting power of the Company, present in person or by proxy at the Annual Meeting, will constitute a quorum for such meeting. Under applicable Delaware law, if a broker returns a Proxy and has not voted on a certain proposal (generally referred to as a "broker non-vote"), such broker non-votes will count for purposes of determining a quorum. The shares represented at the Annual Meeting by Proxies which are marked "withheld" with respect to the election of Directors will be counted as shares present for the purpose of determining whether a quorum is present.

Under the rules of the New York Stock Exchange, if you are the beneficial owner of shares held in street name and do not provide the bank, broker or other intermediary that holds your shares with specific voting instructions, that bank, broker or other intermediary may generally vote on routine matters but cannot vote on non-routine matters. Proposals One and Two are considered non-routine matters. Unless you instruct the bank, broker or other intermediary that holds your shares to vote on Proposals One and Two, no votes will be cast on your behalf with respect to those proposals. Therefore, it is important that you instruct the bank, broker or other intermediary to cast your vote if you want it to count on Proposals One and Two. Proposal Three is considered a routine matter and, therefore, broker non-votes are not expected to exist on Proposal Three.

Nominees for election as Directors who receive the greatest number of votes will be elected Directors. The General Corporation Law of the State of Delaware provides that stockholders cannot elect Directors by cumulative voting unless a company's certificate of incorporation so provides. The Company's Amended and Restated Certificate of Incorporation (the "Certificate") does not provide for cumulative voting.

Our Corporate Governance Guidelines include a majority voting policy, which sets forth our procedures if a Director-nominee is elected, but receives a majority of "withheld" votes. In an uncontested election, the Board of Directors expects any nominee for Director who receives a greater number of votes "withheld" from his or her election than votes "for" such election to tender his or her resignation following certification of the stockholder vote. The Board of Directors shall fill Board vacancies and new Directorships and shall nominate for election or re-election as Director only candidates who agree to tender their resignations in such circumstances. The Governance and Nominating Committee will act on an expedited basis to determine whether to accept a Director's resignation tendered in accordance with the policy and will make recommendations to the Board of Directors for its prompt consideration with respect to any such letter of resignation. For the full details of our majority voting policy, which is part of our Corporate Governance Guidelines, please see our Corporate Governance Guidelines on our website at www.rpminc.com.

Pursuant to the By-Laws, proposals other than the election of Directors and matters brought before the Annual Meeting will be decided, unless otherwise provided by law or by the Certificate, by the vote of the holders of a majority of the shares entitled to vote thereon present in person or by proxy at the Annual Meeting. In voting for other proposals, votes may be cast in favor, against or abstained. Abstentions will count as present for purposes of the items on which the abstention is noted and will have the effect of a vote against the proposal. Broker non-votes, however, are not counted as present for purposes of determining whether a proposal has been approved and will have no effect on the outcome of any such proposal.

The Executive Committee exercises the power and authority of the Board of Directors in the interim period between Board meetings. The functions of each of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee are governed by charters that have been adopted by the Board of Directors. The Board of Directors also has adopted Corporate Governance Guidelines to assist the Board of Directors in the exercise of its responsibilities, and a code of business conduct and ethics (The Values & Expectations of 168) that applies to the Company's Directors, officers, and employees.

The charters of the Audit Committee, Compensation Committee and Governance and Nominating Committee and the Corporate Governance Guidelines and The Values & Expectations of 168 are available on the Company's website at www.rpminc.com and in print to any stockholder who requests a copy. Requests for copies should be directed to Manager of Investor Relations, RPM International Inc., P.O. Box 777, Medina, Ohio 44258. The Company intends to disclose any amendments to The Values & Expectations of 168, and any waiver of The Values & Expectations of 168 granted to any Director or executive officer of the Company, on the Company's website. As of the date of this Proxy Statement, there have been no such waivers.

Board Independence

The Company's Corporate Governance Guidelines and the New York Stock Exchange (the NYSE) listing standards provide that at least a majority of the members of the Board of Directors must be independent, i.e., free of any material relationship with the Company, other than his or her relationship as a Director or Board Committee member. A Director is not independent if he or she fails to satisfy the standards for independence under the NYSE listing standards, the rules of the Commission, and any other applicable laws, rules and regulations. The Board of Directors adopted categorical standards (the Categorical Standards) to assist it in making independence determinations. The Categorical Standards specify the criteria by which the independence of the Directors will be determined and meet or exceed the independence requirements set forth in the NYSE listing standards and the rules of the Commission. The Categorical Standards are available on the Company's website at www.rpminc.com.

During the Board of Directors' annual review of director independence, the Board of Directors considers transactions, relationships and arrangements between each Director or an immediate family member of the Director and RPM. The

Board of Directors also considers transactions, relationships and arrangements between each Director or an immediate family member of the Director and RPM's senior management.

In July 2015, the Board of Directors performed its annual director independence review for fiscal 2015. As a result of this review, the Board of Directors determined that 11 out of 13 current Directors are independent, and that all members of the Audit Committee, the Compensation Committee and the Governance and Nominating Committee are independent. The Board of Directors determined that Dr. Thornton and Messrs. Abizaid, Carbonari, Dabeko, Fazzolari, Gross, Morford, Nance, Ratner, Summers and Viviano meet the Categorical Standards and are independent and, in addition, satisfy the independence requirements of the NYSE. The Board of Directors has also determined that Jennifer D. Deckard, who has been nominated by the Board of Directors to stand for election at the Annual Meeting and will be replacing Mr. Viviano upon his retirement, will be an independent Director. Frank C. Sullivan is not considered to be independent because of his position as Chairman and Chief Executive Officer of RPM. Thomas C. Sullivan is not considered to be independent because he is the father of Frank C. Sullivan.

As part of this review, the Board of Directors considered common private and charitable board memberships among our executive officers and Directors, including Ms. Deckard, Dr. Thornton and Messrs. Dabeko, Nance, Ratner and Summers. The Board of Directors does not believe that any of these common board memberships impairs the independence of the Directors.

In determining the independence of Ms. Deckard, the Board of Directors considered that she is the President and Chief Executive Officer of Fairmount Santrol, a provider of high-performance sand and sand based products used in various industries, including oil and gas exploration, foundry and building products, from which the Company has purchased products from time to time in the ordinary course of the Company's business. For the Company's fiscal year ended May 31, 2015, the Company purchased approximately \$1.5 million of products and services of a transactional nature from Fairmount Santrol, representing less than 0.11% of Fairmount Santrol's \$1.4 billion in net sales on an annual basis. The Board of Directors does not believe that this relationship impairs Ms. Deckard's independence.

Edgar Filing: RPM INTERNATIONAL INC/DE/ - Form DEF 14A

In determining the independence of Mr. Gross, the Board of Directors considered that he is the Vice Chairman and Chief Operating Officer for the Electrical Sector of Eaton Corporation plc, a global diversified power management company from which the Company has purchased products from time to

Table of Contents

time in the ordinary course of the Company's business. For the Company's fiscal year ended May 31, 2015, the Company purchased approximately \$0.3 million of products and services of a transactional nature from Eaton, representing less than 0.0013% of Eaton's \$22.6 billion in net sales on an annual basis. The Board of Directors does not believe that this relationship impairs Mr. Gross' independence.

Audit Committee

The Audit Committee assists the Board of Directors in fulfilling its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of the Company's internal audit function and independent auditor, and prepares the report of the Audit Committee. The specific functions and responsibilities of the Audit Committee are set forth in the Audit Committee Charter which is available on the Company's website.

The Board of Directors has determined that each member of the Audit Committee is financially literate and satisfies the current independence standards of the NYSE listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Board of Directors has also determined that each of Messrs. Carbonari, Fazzolari and Summers qualifies as an "audit committee financial expert" as that term is defined in Item 407(d) of Regulation S-K. Each of Messrs. Carbonari, Fazzolari and Summers also satisfies the NYSE accounting and financial management expertise requirements.

Compensation Committee

The Compensation Committee assists the Board of Directors in discharging its oversight responsibilities relating to, among other things, executive compensation, equity and incentive compensation plans, management succession planning and producing the Compensation Committee Report. The Compensation Committee administers the Company's Incentive Compensation Plan, Restricted Stock Plan, Restricted Stock Plan for Directors, and Omnibus Equity and Incentive Plan. The Compensation Committee reviews and determines the salary and bonus compensation of the Chief Executive Officer, as well as reviews and recommends to the Board of Directors for its approval the compensation of the other executive officers of the Company. The Compensation Committee may delegate its authority to a subcommittee or subcommittees. Each member of the Compensation Committee is independent within the meaning of the NYSE listing standards and the Company's Corporate Governance Guidelines.

Our Chief Executive Officer and our President and Chief Operating Officer, together with the Compensation Committee,

review assessments of executive compensation practices at least annually against our defined comparative framework. Our Chief Executive Officer and our President and Chief Operating Officer make recommendations to the Compensation Committee with the intent of keeping our executive officer pay practices aligned with our intended pay philosophy. The Compensation Committee must approve any recommended changes before they can be made. The Compensation Committee has the sole authority to retain and terminate any compensation and benefits consultant, independent legal counsel or other adviser, to assess the independence of such compensation and benefits consultant, independent legal counsel or other adviser and any potential conflicts of interest prior to engagement, and to approve the related fees and other retention terms of such compensation and benefits consultant, independent legal counsel or other adviser.

Before selecting any compensation and benefits consultant, independent legal counsel or other adviser, the Compensation Committee takes into account all factors relevant to that adviser's independence from management, including the following six factors:

the provision of other services to the Company by the adviser's employer;

the amount of fees received from the Company by the adviser's employer, as a percentage of total revenues of the employer;

the policies and procedures of the adviser's employer that are designed to prevent conflicts of interest;

any business or personal relationship of the adviser with a member of the Compensation Committee;

any Common Stock of the Company owned by the adviser; and

any business or personal relationship of the adviser or the adviser's employer with an executive officer of the Company.

Governance and Nominating Committee

The Governance and Nominating Committee reports to the Board of Directors on all matters relating to corporate governance of the Company, including the development and recommendation to the Board of Directors of a set of corporate governance principles applicable to the Company, selection, qualification and nomination of the members of the Board of Directors and nominees to the Board of Directors, and administration of the Board's evaluation process. Each of the members of the Governance and Nominating Committee is independent within the meaning of the NYSE listing standards and the Company's Corporate Governance Guidelines.

Table of Contents

In identifying and considering possible candidates for election as a Director, the Governance and Nominating Committee, after consultation with the Board and the Chief Executive Officer, will consider all relevant factors and will be guided by the following principles: (1) each Director should be an individual of the highest character and integrity; (2) each Director shall have demonstrated exceptional ability and judgment and should have substantial experience which is of particular relevance to the Company; (3) each Director should have sufficient time available to devote to the affairs of the Company; and (4) each Director should represent the best interests of the stockholders as a whole rather than special interest groups. This evaluation is performed in light of the Governance and Nominating Committee's views as to the needs of the Board of Directors and the Company as well as what skill set and other characteristics would most complement those of the current Directors.

The Governance and Nominating Committee and the Board of Directors consider a diverse group of experiences, characteristics, attributes, and skills, including diversity in gender, ethnicity, race, cultural background, and age, in determining whether an individual is qualified to serve as a Director of the Company. While the Board of Directors does not maintain a formal policy regarding diversity, pursuant to its Charter the Governance and Nominating Committee does consider the diversity of the Board of Directors when considering Director nominees for recommendation to the Board of Directors. The Governance and Nominating Committee and the Board of Directors also consider the composition of the Board of Directors as a whole in evaluating whether a particular individual should serve on the Board of Directors, as the Board of Directors seeks to comprise itself of members which, collectively, possess a range of relevant skills, experience, and expertise.

The Governance and Nominating Committee will consider potential candidates recommended by stockholders, current Directors, Company officers, employees and others. The Governance and Nominating Committee will use the above enumerated factors to consider potential candidates regardless of the source of the recommendation. Stockholder recommendations for director nominations may be submitted to the Secretary of the Company at P.O. Box 777, Medina, Ohio 44258, and they will be forwarded to the Governance and Nominating Committee for consideration, provided such recommendations are accompanied by sufficient information to permit the Governance and Nominating Committee to evaluate the qualifications and experience of the potential candidates. Recommendations should include, at a minimum, the following:

- the name, age, business address and residence address of the proposed nominee;
- the principal occupation or employment of the proposed nominee;

- the number of shares of Common Stock which are beneficially owned by such candidate;

- a description of all arrangements or understandings between the stockholder(s) making such nomination and each candidate and any other person or persons (naming such person or persons) pursuant to which nominations are to be made by the stockholder;

- detailed biographical data and qualifications and information regarding any relationships between the candidate and the Company within the past three years;

- any other information relating to the proposed nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder;

- any other information the stockholder believes is relevant concerning the proposed nominee;

- a written consent of the proposed nominee(s) to being named as a nominee and to serve as a director if elected;

Edgar Filing: RPM INTERNATIONAL INC/DE/ - Form DEF 14A

a written agreement of the proposed nominee(s) to comply with the provisions of the Company's majority voting policy;

the name and record address of the stockholder who is submitting the notice; and

the number of shares of Common Stock which are owned of record or beneficially by the stockholder who is submitting the notice and the date such shares were acquired by the stockholder and if such person is not a stockholder of record or if such shares are owned by an entity, reasonable evidence of such person's ownership of such shares or such person's authority to act on behalf of such entity.

Stockholders who desire to nominate a proposed nominee for Director at an Annual Meeting must also comply with the requirements set forth in the By-Laws concerning such nominations.

Board Meetings

The Board of Directors held six meetings during the fiscal year ended May 31, 2015. No Director, during the fiscal year ended May 31, 2015, attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during the period that the Director served and (ii) the total number of meetings held by Committees of the Board of Directors on which the Director served, during the period that the Director served.

Independent Directors Meetings

Each of the Directors, other than Frank C. Sullivan, is a non-management Director. Each of the non-management Directors, other than Thomas C. Sullivan, was independent within the meaning of the NYSE listing standards and the Company's Corporate Governance Guidelines during fiscal 2015. The Company's independent Directors generally meet in executive sessions each year in January, April and July. Bruce A. Carbonari served as the Lead Director for the January, April and July meetings of the Company's independent Directors in 2015. The Company's Corporate Governance Guidelines define such Lead Director's role and responsibilities. Mr. Carbonari currently serves as Lead Director.

Structure of the Board of Directors

The By-Laws provide that one person may hold the position of Chairman of the Board of Directors and Chief Executive Officer. The Chief Executive Officer of the Company currently serves as the Chairman of the Board of Directors. The Board of Directors believes that the Chief Executive Officer is best situated to serve as Chairman because he is one of the Directors most familiar with the Company's business and industry. The Board of Directors believes that combining the roles of Chief Executive Officer and Chairman of the Board of Directors provides an efficient and effective leadership model for the Company by fostering clear accountability, effective decision-making, and alignment of corporate strategy. The independent Directors bring experience, oversight, and expertise from outside the Company and its industry, while the

Chief Executive Officer brings Company and industry-specific experience and expertise. One of the key responsibilities of the Board of Directors is to develop strategic direction and hold management accountable for the execution of management's strategy once it is developed.

The Corporate Governance Guidelines provide for a Lead Director, and define such Lead Director's role and responsibilities. The Lead Director:

presides at all executive sessions of the independent Directors or other meetings at which the Chairman of the Board is not present;

is authorized to call meetings of the independent Directors;

works with the Chairman of the Board to call Board meetings;

serves as a liaison between the Chairman of the Board and the independent Directors as required (each Director is free, however, to communicate directly with the Chairman of the Board);

works with the Chairman of the Board to set and approve the Board schedule and agenda to assure sufficient time for discussion of all agenda items;

approves the materials to be provided to the Board;

consults with other Directors and facilitates communication between the Board and the Chief Executive Officer;

serves as focal point for stockholder communications and requests for consultation addressed to the independent Directors;

has the ability to retain outside professionals on behalf of the Board as the Board may determine is necessary or appropriate; and

performs such other functions either specified in the Corporate Governance Guidelines or assigned from time to time by the Board.

Table of Contents

The Board of Directors believes the combined role of Chief Executive Officer and Chairman of the Board of Directors, together with independent Directors having the duties described above, is in the best interests of stockholders because it strikes an appropriate balance for the Company. With the Chief Executive Officer also serving as Chairman of the Board of Directors, there is unified leadership and a focus on strategic development and execution, while the independent Directors help assure independent oversight of management.

Role in Risk Oversight

Risk is inherent in any business and the Company's management is responsible for the day-to-day management of risks that the Company faces. The Board of Directors, on the other hand, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors has the responsibility to evaluate the risk management process to ensure its adequacy and that it is implemented properly by management.

The Board of Directors believes that full and open communication between management and the Board of Directors is essential for effective risk management and oversight. Senior management, which includes the Chief Compliance Officer, attends quarterly meetings of the Board of Directors, as well as certain committee meetings, in order to address any questions or concerns raised by the Board of Directors on risk management and any other matters. Each quarter, the Board of Directors receives presentations from senior management on business operations, financial results, and strategic issues. In addition, senior management holds an annual strategic planning retreat attended by members of the Board of Directors, as well as periodic strategic planning sessions, to discuss strategies, key challenges, and risks and opportunities for the Company. Senior management then reviews the results of each strategic planning session with the Board of Directors.

The Board Committees assist the Board of Directors in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls, and compliance with legal and regulatory requirements. Risk assessment reports are regularly provided by management and the Company's internal auditors to the Audit Committee. The Compensation Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks arising from the Company's compensation policies and programs, including overseeing

the Company's compensation-related risk assessment described further below in this Proxy Statement. The Governance and Nominating Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the management of risks associated with the organization of the Board of Directors and its membership and structure, succession planning for Directors and executive officers, and corporate governance, including the annual monitoring of corporate governance issues, administering regular self-evaluations of the Board and its committees, and reviewing potential conflicts of interest.

All of these Board Committees report back to the full Board of Directors at meetings of the Board of Directors as to the Board Committees' activities and matters discussed and reviewed at the Board Committees' meetings. In addition, the Board of Directors is encouraged to participate in external Director education courses to keep apprised of current issues, including areas of risk.

Succession Planning

The Company actively engages in succession planning in order to assure that it has sufficient depth and breadth of executive talent. While effective succession planning is a fluid process, there are certain annual processes in which the Company engages to determine appropriate candidates and leadership potential. Information is gathered and analyzed to assess the staffing of the Company's key positions to identify and develop employees for such positions. To further this process, an offsite leadership development program is conducted each year for purposes of recognizing the Company's emerging leaders and uniting them in a three-day formal program with peers and representatives from the Board of Directors. In addition, after completing this leadership development program, certain employees are selected to work with a top-ranked global provider of executive education to enhance senior level personal leadership development and leadership team strategy development.

Communications with the Board of Directors

Stockholders and other persons may communicate with the non-management Directors as a group or any chair of a Board Committee. Such communications may be confidential or anonymous, if so designated, and may be submitted in writing to Board of Directors Communications c/o General Counsel, RPM International Inc., P.O. Box 777, Medina, Ohio 44258 or by email to directors@rpm-inc.com. Unless specifically directed to one of the Committee chairs, communications will be forwarded to the Lead Director for the next scheduled meeting of independent

Directors.

Table of Contents

All communications received in accordance with these procedures will be reviewed initially by the Company's General Counsel, who will relay all such communications (or a summary thereof) to the appropriate Director or Directors unless he determines that such communication:

does not relate to the business or affairs of the Company or the functioning or constitution of the Board of Directors or any of its Committees; or

relates to routine or insignificant matters that do not warrant the attention of the Board of Directors.

In the alternative to the procedures outlined above, any stockholder or interested party may report any suspected accounting or financial misconduct confidentially through our compliance hotline. Information regarding our compliance hotline is available on our website, www.rpminc.com.

Attendance at Annual Meetings of Stockholders

It is a policy of the Board of Directors that all its members attend the Annual Meeting absent exceptional cause. All of the Directors who were at that time members of the Board of Directors, other than Mr. Viviano, were present at the October 2014 Annual Meeting.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, contains a provision that is commonly known as Say-on-Pay. Say-on-Pay gives our stockholders an opportunity to vote on an advisory, non-binding basis to approve the compensation of our named executive officers as disclosed in this Proxy Statement pursuant to Commission rules.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the executive compensation program and practices described in this Proxy Statement. Please read the Compensation Discussion and Analysis and the executive compensation tables and narrative disclosure for a detailed explanation of our executive compensation program and practices. Accordingly, we are asking our stockholders to vote FOR the following resolution:

RESOLVED, that RPM International Inc.'s stockholders hereby approve, on an advisory basis, the compensation of the named executive officers as disclosed pursuant to the compensation disclosure rules of the Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this Proxy Statement.

We are focused on delivering operating results with the ultimate goal of creating and maximizing value for our stockholders on a long-term basis. Our compensation programs and practices have been designed to drive those results, and they have served our Company well. For fiscal 2015, 46% of the amounts of the principal compensation components for our named executive officers in the aggregate was variable and tied to our performance. Our compensation programs and practices have been integral to our success in attracting and retaining an experienced and effective management team.

Table of Contents

Consistent with our focus on delivering sustained long-term operating results, over the past 10 years our sales grew at a compound annual growth rate of 6.0%. Our stockholders have been rewarded for this performance over this 10-year period, enjoying a compound annual growth rate in cumulative total return, including the reinvestment of dividends, of 15.0%, compared to the compound annual growth rate in cumulative total return for the S&P 500 of 8.1%. In addition, 2015 marked our 41st consecutive year of increased dividends. The following table shows the cumulative total stockholder return, including the reinvestment of dividends, of shares of our Common Stock compared to the S&P 500 and a peer group over the past 10 years.

Table of Contents

This advisory vote on executive compensation is not binding on us. However, the Board and the Compensation Committee highly value the opinions of our stockholders. To the extent there is a significant vote against this proposal, we will seek to determine the reasons for our stockholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns when making future executive compensation decisions.

Proposal Two will be decided by the vote of the holders of a majority of the shares entitled to vote thereon present in

person or by proxy at the Annual Meeting. In voting for Proposal Two, votes may be cast in favor, against or abstained. Abstentions will count as present and will have the effect of a vote against Proposal Two. Broker non-votes, however, are not counted as present for purposes of determining whether Proposal Two has been approved, and will have no effect on the outcome of Proposal Two.

Our Board of Directors unanimously recommends a vote **FOR** Proposal Two relating to the advisory vote on executive compensation.

The Compensation Committee considered our fiscal 2015 operating results, including our net income and earnings per share, in connection with certain compensation decisions.

Achievement of another year of strong financial performance was driven by the Company's success on a broad range of initiatives that are intended to position the Company for future growth.

In fiscal 2015, we also continued to benefit from effective capital management, which remains a significant priority. Maintaining robust capital and liquidity positions provides us with a protective cushion during difficult periods, as well as the ability to pursue new opportunities.

Fiscal 2015 Executive Compensation Highlights

For fiscal 2015, the Compensation Committee:

Increased the base salaries of Frank C. Sullivan by 2.2% and Mr. Rice by 2.2%; increased the base salaries of Mr. Gordon by 36.4% and Mr. Moore by 12.1% to bring their base salaries more in line with market rates;

Awarded stock appreciation rights consistent with fiscal 2014 awards, and performance earned restricted stock grants lower than fiscal 2014 to reflect company performance; and

Decreased cash awards under the Incentive Plan for fiscal 2015 compared to fiscal 2014 by \$435,000 for Frank C. Sullivan and \$345,000 for Mr. Rice. Amounts for Messrs. Gordon and Moore were the same as in fiscal 2014.

As a result, total fiscal 2015 compensation, as set forth in the Summary Compensation Table, decreased compared to total fiscal 2014 compensation for Frank C. Sullivan and Mr. Rice, and increased for Messrs. Gordon and Moore due to increases in their base salaries to bring them more in line with market rates.

Fiscal 2015 Corporate Governance Highlights

We place a high priority on maintaining good governance standards, including the oversight of our executive compensation policies and practices. The following policies and practices were in effect during fiscal 2015:

The leadership structure of our Board consists of a Chairman (who is also our Chief Executive Officer), a Lead

Table of Contents

Director (who leads the meetings of our independent Directors held in January, April and July of each year), and strong Board committee chairs.

We maintain a majority voting policy for the election of Directors in uncontested elections, and require an offer to resign by any incumbent Director who is not re-elected.

The Compensation Committee is composed solely of independent Directors who have established methods to communicate with stockholders regarding their executive compensation ideas and concerns.

The Compensation Committee conducts an annual review and approval of our compensation strategy, including a review of our compensation-related risk profile, to ensure that our compensation-related risks are not reasonably likely to have a material adverse effect on the Company.

We maintain stock ownership guidelines for our executive officers and Directors, each of whom either satisfied the applicable ownership guidelines as of May 31, 2015 or is within the grace period for achieving such ownership thresholds.

Our insider trading policy prohibits short sales and hedging transactions of shares of our Common Stock by Directors, officers and employees.

Performance-based compensation arrangements that use a variety of performance measures, including performance-based equity awards.

We maintain a clawback of executive compensation policy, which applies to the Company's executive officers.

Our 2014 Omnibus Plan prohibits the repricing of stock options or stock appreciation rights without stockholder approval.

Consideration of Last Year's Say on Pay Vote

Following our Annual Meeting of Stockholders in October 2014, the Compensation Committee reviewed the results of the stockholder advisory vote on executive compensation that was held at the meeting with respect to the fiscal 2014 compensation actions and decisions for Frank C. Sullivan and

the other named executive officers. Eighty-one percent (81%) of the votes cast on the say-on-pay proposal last year were voted in support of the compensation of our named executive officers set forth in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narratives in last year's Proxy Statement. In connection with last year's say-on-pay vote, we reached out to 27 of our largest stockholders representing approximately 48.0% of our shares of Common Stock outstanding. In response to those conversations, the Compensation Committee added a second performance objective required for the vesting of PCRS awarded in fiscal 2016, such that two-thirds of those awards will vest based upon achievement of growth in EBIT, and one-third will vest upon achievement of growth in EBIT margin. By contrast, the PCRS awarded in fiscal 2010 vested based upon the achievement of growth in EBIT alone, as more fully described in this Proxy Statement. The Compensation Committee will continue to consider results from future stockholder advisory votes, which will be held annually until the next stockholder advisory vote on the frequency of future votes on executive compensation, as well as input from its stockholders between meetings, in its ongoing evaluation of the Company's executive compensation programs and practices.

Opportunity for Stockholder Feedback

Edgar Filing: RPM INTERNATIONAL INC/DE/ - Form DEF 14A

The Compensation Committee carefully considers feedback from our stockholders regarding our executive compensation program. Stockholders are invited to express their views to the Compensation Committee as described under the heading Communications with the Board of Directors in this Proxy Statement. In addition, the advisory vote on the compensation of the named executive officers provides stockholders with an opportunity to communicate their views on our executive compensation program.

You should read this Compensation Discussion and Analysis in conjunction with the advisory vote that we are conducting on the compensation of the named executive officers (see Proposal Two Advisory Vote on Executive Compensation). This Compensation Discussion and Analysis, as well as the accompanying compensation tables, contains information that is relevant to your voting decision.

Overview

RPM's compensation programs are designed to support our founder's philosophy:

Hire the best people you can find.

Create an atmosphere that will keep them.

Then let them do their jobs.

Our general compensation philosophy is performance-based in that our executive officers should be well compensated for achieving strong operating and financial results that contribute to enhanced stockholder value. We engage in a rigorous process intended to provide our executive officers a fair level of compensation that reflects RPM's operating and financial results, the relative skills and experience of the individuals involved, peer group compensation levels and other similar benchmarks.

The Compensation Committee has designed compensation policies and programs for our executive officers which are intended to compensate the executive officers at about the market median for a relevant group of similarly-sized companies and competitors within RPM's industry, with the potential for higher than average compensation when our performance levels exceed our annual business plan. Our primary compensation goals are to retain key leaders, reward good past performance, incentivize strong future performance and align executives' long-term interests with those of our stockholders.

Role of the Compensation Committee

The Compensation Committee Charter provides for the Compensation Committee to oversee RPM's compensation programs and, in consultation with the Chief Executive Officer, develop and recommend to the Board of Directors an appropriate compensation and benefits philosophy and strategy for RPM. The Compensation Committee consists of four independent Directors who are appointed to the

Compensation Committee by, and report to, the entire Board of Directors. Each member of the Compensation Committee qualifies as a non-employee director within the definition of Rule 16b-3 under the Exchange Act, as an outside director within the meaning of Section 162(m) of the Internal Revenue Code, and as an independent director under the rules of the NYSE. The Compensation Committee Charter is available on our website at www.rpminc.com.

Role of Executives in Determining Compensation

Our Chief Executive Officer and our President and Chief Operating Officer, together with the Compensation Committee, review assessments of executive compensation practices at least annually against our defined comparative framework. These assessments involve the gathering of compensation data, such as base salary, cash incentive and equity awards for similarly situated officers at companies in the diversified chemicals and specialty chemicals industries which fall within a reasonable size range (in terms of sales) and operate businesses similar to that of the Company. See **Comparative Framework** for more information about this review. With this information in hand, and as stated on the previous page under the heading **Overview**, our Chief Executive Officer and our President and Chief Operating Officer recommend to the Compensation Committee levels of compensation for themselves and for the other named executive officers that are at about the market median for a relevant group of similarly-sized companies and competitors within RPM's industry and aligned with our intended pay philosophy. After receiving the recommendations of our Chief Executive Officer and our President and Chief Operating Officer, the Compensation Committee meets without our Chief Executive Officer and our President and Chief Operating Officer present to consider their recommendations. The Compensation Committee must approve any recommended changes before they can be made.

Comparative Framework

We periodically evaluate the competitiveness of our executive compensation programs. In 2014, the Compensation Committee retained the professional compensation consulting firm of Towers Watson to conduct a compensation benchmark study. Towers Watson reviewed and evaluated our compensation packages for our key officers in light of the levels of compensation being offered by companies in the specialty chemicals industry and other related industries which fall within a reasonable size range (in terms of revenues) and operate businesses similar to that of the Company. These companies included:

A. Schulman, Inc.
Eastman Chemical Company
FMC Corporation
Rockwood Holdings, Inc.

Albemarle Corporation
Ecolab Inc.
PolyOne Corporation
The Sherwin-Williams Company

Cytec Industries Inc.
Ferro Corporation
PPG Industries Inc.
The Valspar Corporation

Towers Watson reviewed both published survey and peer group proxy statement data to determine competitive pay levels for the executives for the following elements of

compensation: base salary, bonuses (including actual and target annual bonuses, but excluding bonus payments to executives for one-time, non performance-based awards),

Table of Contents

long-term incentive opportunity, actual total direct compensation (the sum of base salary, actual annual bonuses and long-term incentive opportunity) and target total direct compensation (the sum of base salary, target annual bonuses

and long-term incentive opportunity). In its analysis, Towers Watson compiled competitive data from the 2013 Towers Watson CDB General Industry Executive Compensation Survey Report. Based on its analysis and findings, Towers Watson concluded that our Chief Executive Officer's actual total direct compensation was competitive with the market median, and

that his compensation was weighted more toward long-term incentive opportunity than is typical in the market. Overall, Towers Watson concluded that our executive officers' salaries are competitive with the market median, the mix of the elements of our executive officers' compensation was weighted more toward variable compensation (consisting of bonuses and long-term incentive opportunity) than is typical in the market, and that their long-term incentive opportunity is above the market median.

Specifically with regard to our Chief Executive Officer, Towers Watson found that his base salary was 10% below the market median, and that his target bonus opportunity was 18% below the market median. Long-term incentive opportunity for our Chief Executive Officer was 9% above the market median. Overall, our Chief Executive Officer's actual total direct compensation was 13% below the market median, and his target total direct compensation was 2% below the market median.

For services performed by Towers Watson relating to work performed for, and at the direction of, the Compensation Committee, including an analysis of our proposed 2016 PCRS grants, Towers Watson was paid \$36,150 by the Company.

Elements of Compensation

Our named executive officer compensation program for fiscal 2015 included three main elements:

Base salary;

Annual cash incentive compensation; and

Performance-based equity incentives, including restricted stock and stock appreciation rights.

Pay Mix

We use these particular elements of compensation because we believe that they provide a balanced mix of fixed compensation and at-risk compensation that produces short-term and long-term performance incentives and rewards. With this balanced portfolio, we provide the executive with a competitive base salary while motivating the executive to focus on the business metrics that will produce a high level of performance for the Company and provide the executive with additional compensation through short- and long-term incentives.

Table of Contents

The mix of compensation for our named executive officers is weighted toward at-risk pay (consisting of cash and equity compensation). In October 2010, our Compensation Committee granted long-term incentive awards in order to continue to weight the mix of compensation for our named

executive officers toward at-risk pay. Maintaining this pay mix is intended to result in a pay-for-performance orientation, which aligns to our compensation philosophy of paying total direct compensation that is competitive with peer group levels based on relative company performance.

Table of Contents**Base Salary**

Base salary represents amounts paid during the fiscal year to named executive officers as direct compensation for their services to us. Base salary and increases to base salary recognize the overall experience, position and responsibilities within RPM and expected contributions to RPM of each named executive officer. Adjustments to salaries are used to reward superior individual performance of our named executive officers on a day-to-day basis during the year and to encourage them to perform at their highest levels. We also use our base salary to retain top quality executives and attract management employees from other companies.

In July 2015, our Chief Executive Officer and our President and Chief Operating Officer recommended to the Compensation Committee an increase in the base salary for themselves and for each of the other named executive officers for fiscal 2016. As in the past, this recommendation was based upon an analysis of:

RPM's fiscal 2015 operating results;

A comparison of the Five-Year Cumulative Total Returns among RPM, the S&P 500 Index and proxy statement peer group of companies; and

Base salary and bonus compensation information for 2014 and 2015 and proposed amounts for 2016.

Edward W. Moore ⁽¹⁾	\$ 360,000	\$ 330,000	\$ 294,375
Janeen B. Kastner	\$ 295,000	\$ 285,000	

(1) Mr. Moore's base salary was increased from \$285,000 to \$300,000 upon his becoming Senior Vice President in October 2013.

Annual Cash Incentive Compensation

For fiscal 2015, we provided annual cash incentive compensation under the Amended and Restated 1995 Incentive Compensation Plan, which was designed to motivate participants to achieve our financial objectives and reward executives for their achievements when those objectives are met. All named executive officers who are Covered Employees under Section 162(m) of the Internal Revenue Code, namely the Chief Executive Officer and the next three highest paid

executive officers, excluding the Chief Financial Officer, participated in the fiscal 2015 incentives. In addition, although the Chief Financial Officer is not a Covered Employee by definition, the Compensation Committee evaluated Mr. Gordon under performance criteria similar to that used to determine the cash incentive compensation of the other named executive officers. The amount of cash incentive compensation earned by our named executive officers in fiscal 2015 is set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. We paid these amounts in July 2015.

Edgar Filing: RPM INTERNATIONAL INC/DE/ - Form DEF 14A

In July 2014, the Compensation Committee determined, on a percentage basis, the portion of the aggregate cash incentive compensation award pool under the Incentive Compensation Plan, or the Incentive Plan, to be awarded to each of the Covered Employees in respect of the Company's performance for the fiscal year ending May 31, 2015 as follows: Frank C. Sullivan, 40%; Mr. Rice, 30%; Mr. Moore, 15%; and Ms. Kastner, 15%. The Compensation Committee determined that cash incentives paid would range from zero to 150% of salary with a target of 100% for all direct reports of the Chief Executive Officer, regardless of title, namely, Messrs. Rice, Gordon, Moore and Ms. Kastner. The Compensation Committee may reduce or eliminate the amount of a named executive officer's annual cash incentive award, at the Compensation Committee's sole discretion, based solely on individual performance.

The Incentive Plan in place for fiscal 2015 provided for an aggregate cash incentive compensation award pool of 1.5% of our pre-tax income for fiscal 2015. In July 2015, the Compensation Committee calculated the aggregate non-equity compensation award pool based on our audited pre-tax income and each individual's cash incentive payout amount. For fiscal 2015, the Company's pre-tax income as defined in the Incentive Plan was \$453.0 million, providing a cash incentive compensation award pool under the Incentive Plan for the Covered Employees of approximately \$6.7 million. Upon the recommendation of our Chief Executive Officer, and after a review of a variety of factors described below, the Compensation Committee awarded cash incentives totaling \$2,125,000 to the Covered Employees, which was significantly below the aggregate amount authorized to be paid pursuant to the award pool formula. The cash incentive compensation paid to the Covered Employees equaled approximately 94% of their salary for fiscal 2015.

Table of Contents

In July 2015, the Compensation Committee determined, on a percentage basis, the portion of the aggregate cash incentive award pool under the Incentive Plan to be awarded to each of the Covered Employees under Section 162(m) of the Internal Revenue Code in respect of the Company's performance for the fiscal year ending May 31, 2016 as follows: Frank C. Sullivan, 40%; Mr. Rice, 30%; Mr. Moore, 15%; and Ms. Kastner, 15%. Mr. Gordon, the Chief Financial Officer of the Company, although not a Covered Employee under the Section 162(m) definition, is eligible to receive cash incentive compensation for fiscal 2016 based on the same performance criteria as the Covered Employees listed above. The Compensation Committee also determined that for fiscal 2016 the cash incentive compensation paid would range from zero to 150% of salary with a target of 100% of salary for each of the Covered Employees and Mr. Gordon.

As disclosed above, the Incentive Plan in place for fiscal 2015 provided for an aggregate cash incentive compensation award pool of approximately \$6.7 million. The maximum portion of the award pool that each Covered Employee could be awarded was: Frank C. Sullivan 40% or \$2,680,000; Mr. Rice 30% or \$2,010,000; Mr. Moore 15% or \$1,005,000; and Ms. Kastner 15% or \$1,005,000. However, the Compensation Committee had set a maximum award of 150% of the Covered Employee's base salary as a limit, with a target award of 100% of the Covered Employee's base salary. As a result, the maximum award that could be earned by the Covered Employee was: Frank C. Sullivan \$1,410,000; Mr. Rice \$1,050,000; Mr. Moore \$495,000; and Ms. Kastner \$427,500. The actual awards were as follows: Frank C. Sullivan, \$900,000; Mr. Rice, \$650,000; Mr. Moore, \$400,000; and Ms. Kastner, \$175,000.

Fiscal 2015 Incentive Compensation Plan Awards

Table of Contents

In determining the actual incentive compensation awards for fiscal 2015, the named executive would receive a portion of his or her award equal to:

40% of his or her base salary, if the Company achieved a 12.1% increase in adjusted earnings before interest and taxes (EBIT)*. The Company achieved a 10.1% increase in adjusted EBIT. Although the Company did not achieve its adjusted EBIT goal in its entirety, the Compensation Committee elected to award one-half of this portion of each named executive officer's award (i.e., 20% of his or her base salary) in light of the adjusted EBIT growth that was achieved;

30% of his or her base salary, if the Company achieved revenue growth of 8.0% or above. The Company achieved revenue growth of 8.4%, as adjusted, taking into account foreign exchange rates. Although the Company achieved its revenue growth goal, the Compensation Committee elected to award two-thirds of this portion of each named executive officer's award (i.e., 20% of his or her base salary), since actual revenue growth was below goal prior to adjustment for foreign exchange rates;

40% of his or her base salary, if the Company achieved growth in other financially measured objectives, which for fiscal 2015 were improvement in (i) gross profit margin and (ii) capital adjusted net earnings. For fiscal 2015, gross profit margin did not increase compared to fiscal 2014, but capital adjusted net earnings did increase. Based on the capital adjusted net earnings improvement, the Compensation Committee determined that each named executive earned one-half of this portion of his or her award (i.e., 20% of his or her base salary); and

40% of his or her base salary, in the discretion of the Chief Executive Officer, based upon the achievement of non-financially measured management objectives, which were such named executive's involvement in the Company's merger and acquisition transactions in fiscal 2015, the Company's overall return to stockholders versus both the market and the Company's peers, the resolution of the legacy asbestos liabilities of SPHC, and the reconsolidation of SPHC and its business units back into the RPM family of companies. Each named executive earned a portion of his or her award based upon achievement of applicable individual objectives.

* For a description of EBIT, including why we consider EBIT and a reconciliation of EBIT to income (loss) before income taxes, see Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Annual Report to Stockholders, which can be found on our website at www.rpminc.com.

As a result, Messrs. Frank C. Sullivan and Rice were awarded incentive compensation equal to approximately 96% and 93%

of their respective base salaries. The Compensation Committee determined that each of Mr. Gordon, Mr. Moore and Ms. Kastner should receive incentive compensation equal to their respective fiscal 2014 amounts in consideration of outstanding performance in the functional areas of finance, legal, and human resources and risk management. Accordingly, Mr. Gordon, Mr. Moore and Ms. Kastner were awarded approximately 100%, 121% and 61% of their respective base salaries.

Equity Compensation

We use equity compensation to align our named executive officers' interests with those of our stockholders and to attract and retain high-caliber executives through recognition of anticipated future performance. Under our 2014 Omnibus Equity and Incentive Plan, or 2014 Omnibus Plan, we can grant a variety of stock-based awards, including awards of restricted stock and stock appreciation rights. After reviewing executive compensation practices against our defined comparative framework, including reviewing equity awards for similarly situated officers at companies in the diversified chemicals and specialty chemicals industries which fall within a reasonable size range (in terms of sales) and operate businesses similar to that of the Company, our Chief Executive Officer and our President and Chief Operating Officer make annual recommendations to the Compensation Committee of the type and amount of equity awards for the Chief Executive Officer, the President and Chief Operating Officer, and the other executive officers. In determining the equity incentive compensation component of Chief Executive Officer compensation, the Compensation Committee considers, in addition to the factors used to determine salary and cash incentive

compensation:

the value of similar incentive awards to chief executive officers in our peer group and other similar companies, and

awards given to the Chief Executive Officer in past years.

In determining the equity incentive compensation of the other executive officers, the Compensation Committee reviews and approves a mix of business plan goals, with a significant amount of emphasis placed on the compensation recommendations of our Chief Executive Officer and our President and Chief Operating Officer. After receiving the recommendations of our Chief Executive Officer and our President and Chief Operating Officer, the Compensation Committee meets without our Chief Executive Officer and our President and Chief Operating Officer present to consider their recommendations. The Compensation Committee must approve any recommended equity grants before they can be made.

Table of Contents

The Compensation Committee uses the various equity incentive awards available to it under the 2014 Omnibus Plan to retain executives and other key employees and achieve the following additional goals:

to reward past performance;

to incentivize future performance (both short-term and long-term);

to align executives' long-term interest with that of the stockholders; and

to enhance the longer-term performance and profitability of the Company.

The Compensation Committee's current intention is to achieve these goals by making annual awards to the Company's executive officers and other key employees, using a combination of restricted stock and stock-settled stock appreciation rights.

Performance Earned Restricted Stock (PERS). The Compensation Committee currently awards Performance Earned Restricted Stock, or PERS, under the 2014 Omnibus Plan. The threshold and maximum number of and performance goals for the award of PERS for a given fiscal year are set in July of that year. The determination of whether and to what extent the PERS have been achieved for a fiscal year is made at the July meeting of the Compensation Committee following the close of that fiscal year. Based on that determination, the actual grants, if any, with respect to a fiscal year are made at that same meeting. With respect to fiscal 2015, the maximum number and performance goals were set in July 2014 and the Compensation Committee determined whether and to what extent the PERS were achieved at its meeting in July 2015.

The percentage of shares with respect to which the performance goal has been achieved is determined by reference to the percentage increase of planned EBIT which is attained. In making the determination of whether the planned increase has been attained, the actual fiscal year results are adjusted for the exclusion of restructuring and other similar charges or credits that are not central to the Company's operations as shown on the Company's financial statements as certified by the Company's independent registered public accounting firm. If less than 75% of the planned increase is attained, then the performance goal will not be achieved with respect to any shares. If 75% to 100% of the planned increase is attained, then the performance goal will be achieved with respect to an equivalent percentage of shares. For example, if 91% of the planned increase is attained, then the performance goal will be achieved with respect to a maximum amount of 91% of the shares. The

percentage of the planned increase attained will be rounded down to the closest whole number (*e.g.*, 85.5% would be rounded down to 85%). If more than 100% of the planned increase is attained, then the performance goal will be achieved with respect to 100% of the shares.

In July 2014, pursuant to the 2004 Omnibus Plan, the Compensation Committee approved a contingent award of PERS to the Covered Employees of up to 125,000 shares (including 60,000 shares for the Chief Executive Officer) to be based on the level of attainment of fiscal 2015 performance goals related to an increase in planned EBIT. In July 2014, the Compensation Committee established a 12.1% increase in adjusted EBIT over fiscal 2014 levels as the target for purposes of determining the amount of PERS awards earned by the named executive officers with respect to fiscal 2015. The actual increase in adjusted EBIT for fiscal 2015 over fiscal 2014 was 10.1%. As a result, the Compensation Committee awarded 83% of these PERS to the Covered Employees and Mr. Gordon. The PERS granted to each of the named executive officers are set forth below in the Grants of Plan-Based Awards for Fiscal 2015 table.

Stock Appreciation Rights (SARs). In July 2015, pursuant to the 2014 Omnibus Plan, the Compensation Committee awarded SARs totaling 390,000 shares to the executive officers. The SARs awards granted to the named executive officers in July 2015 are set forth below in the Grants of Plan-Based Awards for Fiscal 2015 table. The value of SARs is one component of the named executive officers' long term incentive compensation intended to maintain such compensation competitive with the market median.

Edgar Filing: RPM INTERNATIONAL INC/DE/ - Form DEF 14A

Supplemental Executive Retirement Plan (SERP) Restricted Stock. The RPM International Inc. 2007 Restricted Stock Plan was established to provide for supplemental retirement and death benefits to officers and other key employees of the Company designated by the Board of Directors whose retirement plan benefits may be limited under applicable law and the Internal Revenue Code. In July 2014, the Compensation Committee awarded 27,930 shares of restricted stock to the executive officers under the 2007 Restricted Stock Plan.

Performance Contingent Restricted Stock (PCRS). In October 2010, the Compensation Committee approved contingent awards of Performance Contingent Restricted Stock, or PCRS, to Messrs. Frank C. Sullivan, Rice, Gordon and Moore of up to 450,000 shares (subject to a grant limit for each individual of no more than 175,000 shares of PCRS and PERS, in the aggregate, during any one fiscal year). As a result of the application of the annual grant limit, portions of Frank C. Sullivan's October 2010 contingent award equal to 115,000

Table of Contents

PCRS and 50,000 PCRS were deferred to fiscal 2012 and fiscal 2013, respectively. Awarded pursuant to the 2004 Omnibus Plan, the purpose of the 2010 PCRS awards is to provide an added incentive to key officers to improve the long-term performance of the Company.

The 2010 PCRS awards were made contingent upon the level of attainment of performance goals for (i) the three-year performance period from June 1, 2010 ended May 31, 2013 and (ii) the five-year performance period from June 1, 2010 ended May 31, 2015. For each such performance period, the percentage of PCRS with respect to which the performance goals are achieved relates to the increase in EBIT for the period. Actual results are adjusted for the exclusion of restructuring and other similar unusual charges or credits that are not central to the operations of the Company as shown on the Company's consolidated financial statements as audited by the Company's independent registered public accounting firm. If the increase in EBIT is less than 75% of the planned increase in EBIT for the performance period, then the performance goals are not achieved with respect to any PCRS for the period. If the increase in EBIT is 75% to 100% of the planned increase in EBIT for the performance period, then the performance goals are achieved with respect to an equivalent percentage of PCRS for the period. The percentage of EBIT attained is rounded down to the closest whole number. If the increase in EBIT is more than 100% of the planned increase in EBIT for the performance period, then the performance goals are achieved with respect to 100% of the PCRS for the period. The Compensation Committee set the performance goals related to the 2010 PCRS awards at levels it believed to be achievable but would require the Company to meaningfully grow earnings.

For the three-year performance period from June 1, 2010 ended May 31, 2013, up to one-half of an individual's aggregate PCRS grant could have been earned if the Company achieved EBIT of \$420.0 million, after adjustments. In July 2013, the Compensation Committee determined that adjusted EBIT for the three-year performance period from June 1, 2010 ended May 31, 2013 was \$421.7 million. Accordingly, one-half of the 2010 PCRS grants (representing 100% of the PCRS that could have been earned for the three-year performance period) were earned at the end of the three-year performance period.

For the five-year performance period from June 1, 2010 ended May 31, 2015, the remaining one-half of an individual's aggregate PCRS grant could have been earned if the Company achieved EBIT of \$565.0 million, after adjustments. In July 2015, the Compensation Committee

determined that adjusted EBIT for the five-year performance period from June 1, 2010 ended May 31, 2015 was \$556.5 million. Accordingly, 97% of the 2010 PCRS grants were earned at the end of the five-year performance period, and therefore each award recipient forfeited 3% of such recipient's total 2010 PCRS award.

Certain Fiscal 2016 Compensation Determinations

2015 PCRS. In July 2015, the Compensation Committee approved contingent awards of PCRS to Messrs. Frank C. Sullivan, Rice, Gordon and Moore and Ms. Kastner, of up to 168,000 shares. Awarded pursuant to the 2014 Omnibus Plan, the purpose of the 2015 PCRS awards is to provide an added incentive to key officers to improve the long-term performance of the Company.

The 2015 PCRS awards were made contingent upon the level of attainment of performance goals for the three-year performance period from June 1, 2015 ending May 31, 2018. Vesting of 67% of the 2015 PCRS relates to an increase in EBIT for the period, and vesting of the remaining 33% relates to an increase in EBIT margin for the period. Actual results will be adjusted for the exclusion of restructuring and other similar unusual charges or credits that are not central to the operations of the Company as shown on the Company's consolidated financial statements as audited by the Company's independent registered public accounting firm.

With respect to that portion of the 2015 PCRS that may vest based upon achievement of improvement in EBIT, if the increase in EBIT is less than 75% of the planned increase in EBIT, then the performance goals are not achieved with respect to any of that portion of the 2015 PCRS. If the increase in EBIT is 75% to 100% of the planned increase in EBIT, then the performance goals are achieved with respect to a pro rata amount of that portion of the 2015 PCRS. If the increase in EBIT is more than 100% of the planned increase in EBIT, then the performance goals are achieved with respect to all of that portion of the 2015 PCRS.

With respect to that portion of the 2015 PCRS that may vest based upon achievement of improvement in EBIT margin, if EBIT margin does not increase, then the performance goals are not achieved with respect to any of that portion of the 2015 PCRS. If EBIT margin increases, then that portion of the 2015 PCRS will vest in a pro rata amount based on the percentage of the EBIT margin performance goal achieved. If the increase in EBIT margin is more than 100% of the planned increase in EBIT margin, then the performance goals are achieved with respect to all of that portion of the 2015 PCRS.

The Compensation Committee set the performance goals related to the 2015 PCRS awards at levels it believed to be

achievable but would require the Company to meaningfully grow earnings.

Fiscal 2016 Special PERS Grants. In July 2015, the Compensation Committee approved special, one-time PERS awards to certain employees in recognition of their significant contributions in the resolution of the legacy asbestos liabilities of SPHC and the reconsolidation of SPHC and its business units back into the RPM family of companies. These awards, which will be reported as fiscal 2016 compensation, included 30,000 PERS to Frank C. Sullivan and 20,000 PERS to Mr. Moore.

Timing of Equity Grants

Equity grants to the named executive officers are made in July at regularly scheduled meetings of the Compensation Committee. Board and Compensation Committee meetings are generally scheduled at least a year in advance. Scheduling decisions are made without regard to anticipated earnings or other major announcements by the Company.

Minimum Stock Ownership Guidelines

The Company adopted minimum stock ownership guidelines for its executive officers and Directors in July 2012. Under the stock ownership guidelines certain executive officers are required to maintain the following minimum equity stakes in the Company:

for the Company's Chief Executive Officer, Common Stock equivalent to five times annual base salary;

for the Company's President and Chief Operating Officer, Common Stock equivalent to four times annual base salary; and

for those other executive officers of the Company who report directly to the Chief Executive Officer, Common Stock equivalent to three times annual base salary.

Executives are expected to achieve targets within five years of the later of the date of the adoption of the minimum stock ownership guidelines or the date of assuming their positions. Each of the Company's executive officers met the minimum stock ownership guidelines as of May 31, 2015.

Under the Company's stock ownership guidelines, the following executive officers must own Common Stock in the following amounts: our Chief Executive Officer, five times base salary; our President and Chief Operating Officer, four times base salary; and our other executive officers who report directly to our Chief Executive Officer, three times base salary.

Pursuant to the employment agreements, each of Messrs. Frank C. Sullivan, Rice, Gordon, Moore and Ms. Kastner serves for a term ending on May 31, 2015, which is automatically extended for additional one-year periods unless either party gives the other party notice of nonrenewal two months in advance of the annual renewal date. In accordance with these automatic extension provisions, the employment agreement with each of these named executive officers has been extended to May 31, 2016. Each of Messrs. Frank C. Sullivan, Rice, Gordon, Moore and Ms. Kastner is also eligible to receive such annual cash incentive compensation or bonuses as our Compensation Committee may determine based upon our results of operations and other relevant factors. Messrs. Frank C. Sullivan, Rice, Gordon, Moore and Ms. Kastner are also generally entitled to participate in our employee benefit plans. Under the employment agreements, each of these named executive officers is entitled to receive fringe benefits in line with our present practice relating to the officer's position, including the use of the most recent model of a full-sized automobile.

Policy on Clawback of Executive Compensation

In July 2012, the Board of Directors adopted a policy regarding the clawback of executive compensation. If, as the result of the gross negligence or willful misconduct of any executive officer of the Company, the Company is required to restate all or a portion of its financial statements, the Board of Directors will, to the extent permitted by governing law, require reimbursement of any bonus or incentive compensation awarded to such executive officer or effect the cancellation of unvested restricted or deferred stock awards or stock options previously granted to the executive officer if:

the amount of the bonus, incentive compensation or stock or option award was calculated based upon the achievement of certain financial results that were subsequently the subject of a restatement,

the amount of the bonus, incentive compensation or stock or option award that would have been awarded to the executive officer had the financial results been properly reported would have been lower than the amount actually awarded, and

it is reasonable to do so (e.g., the expense of recovering the compensation does not exceed the amount recovered).

Post-Employment Compensation and Change in Control

Each of the employment agreements with Messrs. Frank C. Sullivan, Rice, Gordon, Moore and Ms. Kastner provides for payments and other benefits if the named executive officer's employment terminates under certain circumstances, such as being terminated without cause within two years of a change in control, which is often referred to as a double-trigger. We believe that these payments and other benefits are important to recruiting and retaining our named executive officers, as many of the companies with which we compete for executive talent provide for similar payments to their senior employees. Additional information regarding these payments and other benefits is found under the heading **Other Potential Post-Employment Compensation**.

Section 162(m) of the Internal Revenue Code

In the course of fulfilling its responsibilities, the Compensation Committee routinely reviews the impact of Section 162(m) of the Internal Revenue Code, which disallows a tax deduction for certain compensation paid in excess of \$1,000,000 to the Chief Executive Officer and the next three highest paid executive officers of the Company, excluding the Chief Financial Officer. The regulations under Section 162(m),

however, except from this \$1,000,000 limit various forms of compensation, including performance-based compensation. The Company's performance-based Incentive Plan, described above, and the 2014 Omnibus Plan satisfy the requirements of this Section 162(m) exemption. Although the Compensation Committee considers the impact of Section 162(m) when administering the Company's compensation programs, the Compensation Committee does not make decisions regarding executive compensation solely based on the expected tax treatment of such compensation.

In order to maintain flexibility in designing compensation programs that retain key leaders, reward past performance, incentivize strong future performance and align executives' long-term interests with stockholders, the Compensation Committee may deem it appropriate at times to forgo Section 162(m) qualified awards in favor of awards that may not be fully tax-deductible. This has occurred, for example, when the Company's operating results were adversely impacted by restructuring or other non-operating charges, yet the Company performed significantly better than its business plan notwithstanding the charges.

Perks and Other Benefits

Edgar Filing: RPM INTERNATIONAL INC/DE/ - Form DEF 14A

Our named executive officers participate in various employee benefit plans that are generally available to all employees and on the same terms and conditions as with respect to other similarly situated employees. These include normal and customary programs for life insurance, health insurance, prescription drug insurance, dental insurance, short and long term disability insurance, pension benefits, and matching gifts for charitable contributions. While these benefits are considered to be an important and appropriate employment benefit for all employees, they are not considered to be a material component of a named executive officer's annual compensation program. Because the named executive officers receive these benefits on the same basis as other employees, these benefits are not established or determined by the Compensation Committee separately for each named executive officer as part of the named executive officer's annual compensation package.

In addition, we maintain a 401(k) retirement savings plan for the benefit of all of our employees, including our named executive officers. In fiscal 2015, we provided a Company match of up to 4% of the qualified retirement plan compensation limit per employee, which executives also were able to receive. RPM's company match is fully vested to all employees, including executives, at the time of contribution. As is the case with all employees, unless they elect to make their contributions on an after-tax basis, named executive officers are not taxed on their contributions to the 401(k).

retirement savings plan or earnings on those contributions until they receive distributions from the 401(k) retirement savings plan, and all RPM contributions are tax deductible by us when made.

During fiscal 2015 we provided the use of cars to our named executive officers. Also during fiscal 2015, we made financial and estate planning services available to Messrs. Frank C. Sullivan and Rice, and we paid executive life insurance premiums for the benefit of our named executive officers.

We periodically review the perquisites that named executive officers receive.

Other Plans

In addition to the above described plans, the Company offers a tax qualified defined benefit retirement plan. Information about this plan can be found under the heading Pension Benefits for Fiscal 2015. The Company also offers a deferred compensation plan. Under this plan, selected management employees, certain highly compensated employees and Directors are eligible to defer a portion of their salary, bonus, incentive plan amounts and Director fees until a future date. A participant's account will be credited with investment gains or losses as if the amounts credited to the account were invested in selected investment funds. Any compensation deferred under the plan is not included in the \$1,000,000 limit provided for under Section 162(m) of the Internal Revenue Code until the year in which the compensation actually is paid. Additional information about this plan can be found under the heading, Nonqualified Deferred Compensation for Fiscal 2015.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management and legal counsel. Based on that review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and in the Company's definitive proxy statement prepared in connection with its 2015 Annual Meeting of Stockholders.

The above Report of the Compensation Committee does not constitute soliciting material and should not be deemed filed with the Commission or subject to Regulation 14A or 14C (other than as provided in Item 407 of Regulation S-K) or to the liabilities of Section 18 of the Exchange Act, except to the extent that the Company specifically requests that the information in this Report be treated as soliciting material or specifically incorporates it by reference into a document filed under the Securities Act of 1933 (the Securities Act) or the Exchange Act. If this Report is incorporated by reference into the Company's Annual Report on Form 10-K, such disclosure will be furnished in such Annual Report on Form 10-K and will not be deemed incorporated by reference into any filing under the Securities Act or the Exchange Act as a result of furnishing the disclosure in this manner.

Compensation-Related Risk Assessment

The Compensation Committee considers risks related to the attraction and retention of talent and risks relating to the design of compensation programs and arrangements affecting executive officers and employees. Our compensation programs reward outstanding performance by our operating companies, and do not encourage excessive risk taking on the part of our executive officers and employees. Further, elements of our compensation programs, including our minimum stock ownership guidelines, our clawback policy, and the three- and five-year performance period structure of our PCRS awards, help mitigate compensation-related risk. After considering the Company's compensation program as a

whole and receiving the input of the Compensation Committee, we have concluded that risks arising from our compensation policies and practices applicable to our employees are not reasonably likely to have a material adverse effect on the Company. In reaching that conclusion, we considered, among other things, the general performance-based philosophy of our compensation program, the material consistency of our compensation structure throughout all key employee levels of the Company, the balance of long and short term components of compensation, and the Company's risk profile generally.

(1) Market value of Common Stock reported in column (h) was calculated by multiplying \$50.03, the closing market price of the Company's Common Stock on May 29, 2015, the last business day of fiscal 2015, by the number of shares.

Edgar Filing: RPM INTERNATIONAL INC/DE/ - Form DEF 14A

- (2) Represents the maximum number of shares that could be paid out.
- (3) Market value of equity incentive awards of stock reported in column (j) was calculated by multiplying the closing market price of the Company's Common Stock on May 29, 2015, the last business day of fiscal 2015, by the maximum number of shares that could be paid out.
- (4) These shares of SERP restricted stock vest on December 15, 2015, except for the 2011, 2012, 2013 and 2014 grants which will vest according to schedule on May 31, 2016, May 31, 2017, May 31, 2018, and May 31, 2019, respectively. These shares could vest earlier upon the death or disability of Frank C. Sullivan or upon a change in control of the Company prior to those dates.
- (5) These PERS vest according to the following schedule: 60,000 shares on July 16, 2015, 60,000 shares on July 18, 2016, and 54,000 shares on July 21, 2017.
- (6) In July 2014, the Compensation Committee determined the maximum number of and performance goals for the award of PERS with respect to fiscal 2015. Market value reported in column (j) was calculated by multiplying the closing market price of the Company's Common Stock on May 29, 2015 by the estimated number of shares in column (i). The performance goals for such PERS were not fully achieved in fiscal 2015, and therefore the Compensation Committee elected to reduce the number of PERS awarded to the Covered Employees and Mr. Gordon.
- (7) The PCRS awards were made pursuant to the 2004 Omnibus Plan and are contingent upon the level of attainment of performance goals for the three-year and five-year periods from June 1, 2010 ended May 31, 2013, and from June 1, 2010 ended May 31, 2015, respectively. For the three-year performance period from June 1, 2010 ended May 31, 2013, up to one-half of an individual's aggregate PCRS grant could have been earned. In July 2013, the Compensation Committee determined that the performance goals were attained for such period. Accordingly, one-half of the 2010 PCRS grants were earned at the end of the three-year performance period. For the five-year performance period from June 1, 2010 ended May 31, 2015, the remaining one-half of an individual's aggregate PCRS grant could have been earned. In July 2015, the Compensation Committee determined that 97% of the performance goals were attained for such period. Accordingly, 97% of the 2010 PCRS grants were earned at the end of the five-year performance period, and 3% of such grants were forfeited (Frank C. Sullivan forfeited 7,200 PCRS; Mr. Rice forfeited 3,600 PCRS; Mr. Gordon forfeited 450 PCRS; and Mr. Moore forfeited 450 PCRS). The amounts set forth in columns (i) and (j) show values as of May 31, 2015 and assume the maximum amount of PCRS were awarded. Market value reported in column (j) was calculated by multiplying the closing market price of the Company's Common Stock on May 30, 2015, the last business day of fiscal 2015, by the maximum number of shares in column (i).

The preceding table shows the present value of accumulated benefits payable to each named executive officer, including each such named executive officer's number of years of credited service, under our Retirement Plan determined using interest rate and mortality rate assumptions consistent with those used in our financial statements.

The Retirement Plan is a funded and tax qualified retirement plan. The monthly benefit provided by the Retirement Plan's formula on a single life annuity basis is equal to the sum of 22.5% of a participant's average monthly compensation, reduced pro rata for years of benefit service (as defined in the Retirement Plan) less than 30 years, plus 22.5% of a participant's average monthly compensation in excess of his or her monthly Social Security covered compensation, reduced pro rata for years of benefit service less than 35 years. Average monthly compensation is the average

monthly compensation earned during the 60 consecutive months providing the highest such average during the last 120 months preceding the applicable determination date. The compensation used to determine benefits under the Retirement Plan is generally a participant's W-2 compensation, adjusted for certain amounts, but may not exceed the limit under the Internal Revenue Code which is applicable to tax qualified plans (\$260,000 for 2014). Compensation for each of the named executive officers during 2014 only includes \$260,000 of the amount shown for 2014 in column (c) of the Summary Compensation Table. A participant's Social Security covered compensation is based on the average of the Social Security taxable wage bases in effect during the 35-year period ending with his attainment of the Social Security retirement age assuming his compensation is and has always been at least equal to the taxable wage base.

Benefits are payable as an annuity or in a single lump sum payment and are actuarially adjusted to reflect payment in a form other than a life annuity. Life annuity benefits are unreduced if paid on account of normal retirement or completion of 40 years of vesting service (as defined in the Retirement Plan). Normal retirement age is when a participant

attains age 65 and, in general, has completed 5 years of service. Benefits are reduced for early commencement by multiplying the accrued benefit by an early retirement factor. Participants vest in the Retirement Plan after 5 years of vesting service.
