March 11, 2016

Dear Olin Shareholder:

We cordially invite you to attend our 2016 annual meeting of shareholders on April 28, 2016.

This booklet includes the notice and proxy statement, which describes the business we will conduct at the meeting and provides information about Olin that you should consider when you vote your shares. We have not planned a communications segment or any presentations for the 2016 annual meeting.

Whether or not you plan to attend, it is important that your shares are represented and voted at the annual meeting. If you do not plan to attend the annual meeting, you may vote your shares on the Internet, by telephone or by completing and returning the proxy card in the enclosed envelope. If you plan to attend the annual meeting, you will need to bring the upper half of your proxy card to use as your admission ticket for the meeting.

At last year's annual meeting more than 90% of our shares were represented in person or by proxy. We hope for the same high level of representation at this year's meeting and we urge you to vote as soon as possible.

Sincerely,

Joseph D. Rupp
Chairman and Chief Executive Officer

YOUR VOTE IS IMPORTANT

**We urge you to promptly vote the shares on the Internet, by
telephone or by completing, signing, dating and returning
your proxy card in the enclosed envelope.**

OLIN CORPORATION

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

To be Held April 28, 2016

GENERAL QUESTIONS

Why did I receive this proxy statement?

You received this proxy statement because you owned shares of Olin Corporation (Olin) common stock, par value \$1 per share, which we sometimes refer to as common stock, at the close of business on February 29, 2016. Olin's board of directors is asking you to vote at the 2016 annual meeting FOR each of the director nominees identified in Item 1 and FOR Items 2, 3 and 4 listed in the notice of the annual meeting. This proxy statement describes the matters on which we would like you to vote and provides information so that you can make an informed decision.

When was this proxy material mailed to shareholders?

We began to mail the proxy statement and form of proxy to shareholders on or about March 11, 2016.

What if I have questions?

If you have questions, please write them down and send them to the Secretary at Olin's principal executive office at 190 Carondelet Plaza, Suite 1530, Clayton, MO 63105 USA.

What will I be voting on?

Edgar Filing: OLIN CORP - Form DEF 14A

You will be voting on:

1. the election of the six directors identified in the proxy statement;
2. the approval of the Olin Corporation 2016 Long Term Incentive Plan, including approval of the performance measures under Section 162(m) of the Internal Revenue Code;
3. an advisory vote to approve the compensation for named executive officers;
4. the ratification of KPMG LLP (KPMG) as Olin's independent registered public accounting firm for 2016; and
5. any other business properly presented at the annual meeting.

The proposal to ratify the appointment of KPMG as Olin's independent registered public accounting firm for 2016 is considered a discretionary item for which a broker will have discretionary voting power if you do not give instructions with respect to this proposal. The proposals to elect directors, to approve the Olin Corporation 2016 Long Term Incentive Plan, including approval of the performance measures under Section 162(m) of the Internal Revenue Code, and to conduct an advisory vote to approve the compensation for named executive officers are non-routine matters for which a broker will not have discretionary voting power and for which specific instructions from beneficial owners are required. As a result, a broker will not be allowed to vote on these three matters on behalf of its beneficial owner customers if the customers do not return specific voting instructions. If you are a shareholder that holds shares through a broker, please provide specific voting instructions to your broker.

Table of Contents

Could other matters be voted on at the annual meeting?

As of March 11, 2016, the items listed in the preceding question are the only matters being considered. If any other matters are properly presented for action, the persons named in the accompanying form of proxy will vote the proxy in accordance with their good faith business judgment as to what is in the best interests of Olin.

How does the board recommend I vote on the proposals?

Our board recommends a vote FOR each of the director nominees identified in Item 1 and FOR Items 2, 3 and 4.

What do I need to do to attend the 2016 annual meeting in person?

Each attendee must bring a valid, government-issued photo ID, such as a driver's license or passport, as well as other verification of Olin common stock ownership. For a shareholder of record or participant in the Olin Corporation Contributing Employee Ownership Plan (the CEOP) and/or the Dow Chemical Employees' Saving Plan (the DSP), please bring your proxy card (CEOP and/or DSP shares must be voted no later than 11:59 p.m. Central Daylight Time on April 25, 2016). If you are a beneficial owner of Olin common stock, but do not hold your shares in your own name (i.e., your shares are held in street name), please bring the notice or voting instruction form you received from your bank, broker or other nominee. You may also bring your bank or brokerage account statement reflecting your ownership of Olin common stock as of February 29, 2016, the record date.

Please note that cameras, sound or video recording equipment, cellular telephones, smartphones and other similar devices, as well as purses, briefcases, backpacks and packages, will not be allowed in the meeting room. No one will be admitted to the meeting once it begins.

How can I obtain directions to be able to attend the annual meeting and vote in person?

You may obtain directions to the Plaza in Clayton Office Tower in Clayton, MO, USA by contacting the Plaza in Clayton Office Tower at 314-290-5039 or by accessing its website at www.theplazainclaytonoffice.com/Directions.axis.

VOTING

Who can vote?

Edgar Filing: OLIN CORP - Form DEF 14A

All shareholders of record at the close of business on February 29, 2016 are entitled to vote at the annual meeting.

How many votes can be cast by all shareholders?

At the close of business on February 29, 2016, the record date for voting, we had 165,128,888 outstanding shares of common stock. Each shareholder on the record date may cast one vote for each full share owned. The presence in person or by proxy of the holders of a majority of such outstanding shares constitutes a quorum. If a share is present for any purpose at the meeting, it is deemed to be present for the transaction of all business. Abstentions and shares held in street name that are voted on any matter will be included in determining the number of votes present. Shares held in street name that are not voted on any matter at the meeting will not be included in determining whether a quorum is present.

Table of Contents

How do I vote?

You may vote either in person at the annual meeting or by proxy. To vote by proxy, you must select one of the following options:

- **Vote on the Internet (Internet voting instructions are printed on the proxy card):**
 - Access <http://www.proxypush.com/oln>.
 - Have the proxy card in hand.
 - Follow the instructions provided on the site.
 - Submit the electronic proxy before the required deadline (11:59 p.m. Central Daylight Time on April 27, 2016 for shareholders and 11:59 p.m. Central Daylight Time on April 25, 2016 for CEOP and/or DSP participants).
 - If you are not the shareholder of record but hold shares through a custodian, broker or other agent, such agent may have special voting instructions that you should follow.
- **Vote by telephone (telephone voting instructions are printed on the proxy card):**
 - Call the toll-free voting telephone number: (866) 883-3382.
 - Have the proxy card in hand.
 - Follow and comply with the recorded instructions by the applicable deadline (11:59 p.m. Central Daylight Time on April 27, 2016 for shareholders and 11:59 p.m. Central Daylight Time on April 25, 2016 for CEOP and/or DSP participants).
 - If you are not the shareholder of record but hold shares through a custodian, broker or other agent, such agent may have special voting instructions that you should follow.
- **Complete the enclosed proxy card:**
 - Complete all of the required information on the proxy card.
 - Sign and date the proxy card.

Edgar Filing: OLIN CORP - Form DEF 14A

- Return the proxy card in the enclosed postage-paid envelope. We must **receive** the proxy card by 11:59 p.m. Central Daylight Time on April 27, 2016 for shareholders or by 11:59 p.m. Central Daylight Time on April 25, 2016 for CEOP and/or DSP participants for your proxy to be valid and for your vote to count.
- If you are not the shareholder of record but hold shares through a custodian, broker or other agent, such agent may have special voting instructions that you should follow.

If you vote in a timely manner by the Internet or telephone, you do not have to return the proxy card for your vote to count. The Internet and telephone voting procedures appear in the upper right of the enclosed proxy card. You may also log on to change your vote or to confirm that your vote has been properly recorded.

If you want to vote in person at the annual meeting, and you own your common stock through a custodian, broker or other agent, you must obtain a proxy from that party in their capacity as owner of record for your shares and bring the proxy to the annual meeting.

Table of Contents

Where can I access an electronic copy of the Proxy Statement and Annual Report on Form 10-K for the year ended December 31, 2015?

Important Notice Regarding Availability of Proxy Materials for the Shareholder Meeting to Be Held on April 28, 2016

You may access an electronic, searchable copy of the Proxy Statement and the Annual Report on Form 10-K for the year ended December 31, 2015 at <http://olin.mobular.net/olin/oln>.

How are votes counted?

If you specifically mark the proxy card (or vote by Internet or telephone) and indicate how you want your vote to be cast regarding any matter, your directions will be followed. If you sign and submit the proxy card but do not specifically mark it with your instructions as to how you want to vote, the proxy will be voted FOR the election of the directors named in this proxy statement in Item 1 and FOR Items 2, 3 and 4. If you submit a proxy card marked ABSTAIN on any item other than Item 2 Approval of the Olin Corporation 2016 Long Term Incentive Plan, your vote will not be included in determining the number of votes cast on that matter. Shares held in street name that are not voted in the election of directors or on Items 2, 3 or 4 will not be included in determining the number of votes cast on those matters.

Wells Fargo Shareowner Services tabulates the shareholder votes and provides an independent inspector of election as part of its services as our registrar and transfer agent.

Can I change my vote?

Yes. Whether you vote by Internet or telephone or submit a proxy card with your voting instructions, you may revoke or change your vote by:

- casting a new vote by Internet or telephone;
- submitting another written proxy with a later date;
- sending a written notice of the change in your voting instructions to the Secretary if **received** by 11:59 p.m. Central Daylight Time on April 27, 2016 for shareholders or by 11:59 p.m. Central Daylight Time on April 25, 2016 for CEOP participants; or
- revoking the grant of a previously submitted proxy and voting in person at the annual meeting. Please note that your attendance at the annual meeting itself will not revoke a proxy.

When are the votes due?

Edgar Filing: OLIN CORP - Form DEF 14A

Proxies submitted by shareholders by Internet or telephone will be counted in the vote only if they are **received** by 11:59 p.m. Central Daylight Time on April 27, 2016. Shares represented by proxies on the enclosed proxy card will be counted in the vote only if we **receive** your proxy card by 11:59 p.m. Central Daylight Time on April 27, 2016. Proxies submitted by CEOP and/or DSP participants will be counted in the vote only if they are **received** by 11:59 p.m. Central Daylight Time on April 25, 2016.

How do I vote my shares held in the Olin Contributing Employee Ownership Plan?

On February 29, 2016, the CEOP held 3,661,211 shares of our common stock. Voya National Trust serves as the Trustee of the CEOP. If you are a CEOP participant, you may instruct the CEOP

Table of Contents

Trustee on how to vote shares of common stock credited to you on the items of business listed on the proxy card by voting on the Internet or telephone or by indicating your instructions on your proxy card and returning it to us. The Trustee will vote shares of common stock held in the CEOP for which they do **not** receive voting instructions in the same manner proportionately as they vote the shares of common stock for which they **do** receive instructions.

How do I vote my shares held in the Dow Chemical Employees Savings Plan?

On February 29, 2016, the DSP held 286,995 shares of our common stock. Fidelity Management Trust Company (Fidelity) serves as the Trustee of the DSP. If you are a DSP participant, you may instruct Fidelity on how to vote shares of common stock credited to you on the items of business listed on the proxy card by voting on the Internet or telephone or by indicating your instructions on your proxy card and returning it to us. Fidelity will vote shares of common stock held in the DSP for which they do **not** receive voting instructions in the same manner proportionately as they vote the shares of common stock for which they **do** receive instructions.

How do I vote my shares held in the Automatic Dividend Reinvestment Plan?

Wells Fargo Shareowner Services is our registrar and transfer agent and administers the Automatic Dividend Reinvestment Plan. If you participate in our Automatic Dividend Reinvestment Plan, Wells Fargo Shareowner Services will vote any shares of common stock that it holds for you in accordance with your instructions indicated on the proxy card you return or the vote you make by Internet or telephone. If you do **not** submit a proxy card for your shares of record or vote by Internet or telephone, Wells Fargo Shareowner Services will **not** vote your dividend reinvestment shares.

MISCELLANEOUS

Can I contact board members directly?

Our audit committee has established the following methods for shareholders or other interested parties to communicate directly with the board and/or its members.

· Mail Letters may be addressed to the board or to an individual board member as follows:
The Olin Board or (Name of the director)

c/o Office of the Secretary

Olin Corporation

190 Carondelet Plaza, Suite 1530

Clayton, MO 63105

USA

- E-mail You may send an e-mail message to Olin's board at the following address: *directors@olin.com*. In addition, you may send an e-mail message to an individual board member by addressing the e-mail using the first initial of the director's first name combined with his last name in front of @olin.com.
- Telephone Olin has established a safe and confidential process for reporting, investigating and resolving employee and other third party concerns. Table of Contents

Who pays for this proxy solicitation?

Olin will pay the entire expense of this proxy solicitation.

Who solicits the proxies and what is the cost of this proxy solicitation?

Our board is soliciting the proxies. We have hired The Proxy Advisory Group, LLC (Proxy Advisory Group), a proxy solicitation firm, to assist us with the distribution of proxy materials and vote solicitation. We will pay Proxy Advisory Group approximately \$10,000 for its services and will reimburse Proxy Advisory Group for payments made to brokers and other nominees for their expenses in forwarding proxy solicitation materials.

How will the proxies be solicited?

Proxy Advisory Group will solicit proxies by personal interview, mail and telephone, and will request brokerage houses and other custodians, brokers and other agents to forward proxy solicitation materials to the beneficial owners of Olin common stock for whom they hold shares. Our directors, officers and employees may also solicit proxies by personal interview and telephone.

How can I submit a shareholder proposal at the 2017 annual meeting?

If you want to present a proposal to be considered for inclusion in the proxy statement for the 2017 annual meeting, you must deliver the proposal in writing (and include the information required by Olin's Bylaws) to the Secretary at Olin Corporation, 190 Carondelet Plaza, Suite 1530, Clayton, MO 63105 USA no later than November 10, 2016. You must then present your proposal in person at the 2017 annual meeting.

If you want to present a proposal for consideration at the 2017 annual meeting without including your proposal in the proxy statement, you must deliver a written notice (containing the information required by Olin's Bylaws) to the Secretary at Olin Corporation, 190 Carondelet Plaza, Suite 1530, Clayton, MO 63105 USA no later than January 27, 2017. You must also present your proposal in person at the 2017 annual meeting.

How can I directly nominate a director for election to the board at the 2017 annual meeting?

According to Olin's Bylaws, if you are a shareholder you may directly nominate an individual for election to the board if you deliver a written notice of the nomination to Olin's Secretary no later than January 27, 2017. Your notice must include:

- your name and address;

Edgar Filing: OLIN CORP - Form DEF 14A

- the name and address of the person you are nominating;
- a statement that you are entitled to vote at the annual meeting (stating the number of shares you hold of record) and intend to appear at the annual meeting in person, or by proxy, to make the nomination;
- a description of arrangements or understandings between you and others (and naming any such other persons), if any, pursuant to which you are making the nomination;
- such other information about the nominee as would be required in a proxy statement filed under the Securities and Exchange Commission (SEC) proxy rules; and
- the written consent of the nominee to actually serve as a director, if elected.

Table of Contents

Although a shareholder may directly nominate an individual for election as a director, the board is not required to include such nominee in the proxy statement.

How can I recommend a director for the slate of candidates to be nominated by Olin's board for election at the 2017 annual meeting?

In addition to directly nominating an individual for election to the board as discussed above, you can suggest that our directors and corporate governance committee consider a person for inclusion in the slate of candidates to be proposed by the board for election at the 2017 annual meeting. You can recommend a person by delivering written notice to Olin's board no later than October 12, 2016. The notice must include the information described under the heading "What Is Olin's Director Nomination Process?" on page 20, and must be sent to the address indicated under that heading. As noted above, the board is not required to include such nominee in the proxy statement.

ITEM 1 PROPOSAL FOR THE ELECTION OF DIRECTORS

Who are the individuals nominated by the board to serve as directors?

The board of directors is divided into three classes. Each class has a term of office for three years, and the term of each class ends in a different year. The board elected two new directors since the 2015 annual meeting, to fill vacancies created by an increase in the number of members of the board, in accordance with an agreement between Olin and The Dow Chemical Company (Dow) in connection with our acquisition of certain lines of business from Dow on October 5, 2015. Virginia law and Olin's Bylaws require that any director elected by the board of directors (rather than the shareholders) serve only until the earlier of the next election of directors by the shareholders and until his or her successor is elected or until his or her earlier death, resignation or removal. The board has nominated Messrs. Bunch, Larrimore, O'Connor and Weideman as Class I directors with terms expiring in 2019, Ms. Williams as a Class III director with a term expiring in 2018, and Mr. Fischer as a Class II director with a term expiring in 2017. The board expects that all of the nominees will be able to serve as directors. If any nominee is unable to accept election, a proxy voting in favor of such nominee will be voted for the election of a substitute nominee selected by the board, unless the board reduces the number of directors.

The board of directors recommends a vote FOR the election of Messrs. Bunch, Larrimore, O'Connor and Weideman as Class I directors, of Ms. Williams as a Class III director and of Mr. Fischer as a Class II director.

How many votes are required to elect a director?

A nominee will be elected as a director by a majority of the votes cast. A majority of the votes cast means that the number of votes FOR a nominee must exceed the number of votes AGAINST that nominee. Abstentions and shares held in street name that are not voted in the election of directors will not be included in determining the number of votes cast and will not affect the outcome of the vote in the election of directors.

Business Experience of Nominees

Edgar Filing: OLIN CORP - Form DEF 14A

Set forth on the following pages are descriptions of the business experience of each director nominee, including a brief summary of the specific experience, qualifications, attributes and skills that led our board to conclude that these individuals should serve as our directors.

CORPORATE GOVERNANCE MATTERS

How Many Meetings Did Board Members Attend?

During 2015, the board held fourteen meetings. As part of each regularly scheduled board meeting, the non-executive directors met in executive session. In 2015, all directors attended over 80% of the meetings of the board and committees of the board on which they served. In addition, all directors have attended over 90% of the meetings of the board and committees of the board on which they served during their period of service. All of our directors attended the 2015 annual meeting. Our policy regarding directors' attendance at the annual meeting is that they are required to attend, absent serious extenuating circumstances.

Which Board Members Are Independent?

Our board has determined that all of its members, except Mr. Rupp, and Mr. Fischer if elected, are independent in accordance with applicable New York Stock Exchange (NYSE) listing standards and applicable provisions of our Principles of Corporate Governance. In determining independence, the board confirms that a director has no relationship with Olin that violates the "bright line" independence standards under the NYSE listing standards. The board also reviews whether a director has any other material relationship with Olin, after consideration of all relevant facts and circumstances. In assessing the materiality of a director's relationship to Olin, the board considers the issues from the director's standpoint and from the perspective of the persons or organizations with which the director has an affiliation. The board reviews commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships.

Our board of directors has adopted a bright line test for the types of de minimis transactions that do not warrant board consideration when making director independence determinations. This policy provides that the following transactions do not impair a director's independence, and are not considered by our board in its determination of director independence:

- our match of up to \$5,000 in charitable contributions made by directors under our 50% matching contribution program, which is available to all employees; and
- any transaction or series of transactions between Olin (or its subsidiaries) and a director (or an organization in which he/she serves as a director, partner, shareholder or officer) for the purchase or sale of products or services that (i) involve less than \$50,000 in the aggregate in any 12-month period and (ii) have the same pricing and other terms and conditions as transactions with unrelated and similarly situated customers or suppliers.

During 2015, none of our non-employee directors had any relationship or transaction other than those which fell within the bright line standards described above.

Does Olin Have Corporate Governance Guidelines And A Code Of Conduct?

Edgar Filing: OLIN CORP - Form DEF 14A

The board has adopted Principles of Corporate Governance and a Code of Conduct. The Code of Conduct applies to our directors and all of our employees, including our chief executive officer (CEO), chief financial officer, and principal accounting officer/controller. We discuss certain provisions of these documents in more detail under the heading CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.

Each of our three major standing board committees (Audit, Compensation and Directors and Corporate Governance) acts under a written charter adopted by the board. The committee charters can

be viewed on our website at www.olin.com in the Governance section under Committees, available at: <http://www.b2i.us/profiles/investor/Committees.asp?BzID=1548>. The Principles of Corporate Governance and Code of Conduct can be viewed on our website at www.olin.com in the Governance section under Governance Documents, available at: <http://www.b2i.us/profiles/investor/Governance.asp?BzID=1548&ID=797#797>. In addition, we will disclose on that website any amendment to, or waiver from, a provision of our Code of Conduct for our directors and executive officers, including our chief executive officer, chief financial officer, principal accounting officer/controller or other employees performing similar functions.

Do Olin's Board And Committees Conduct Evaluations?

As required by NYSE rules, Olin's board of directors as well as its Audit, Compensation and Directors and Corporate Governance Committees each conduct an annual performance evaluation.

What Are The Committees Of The Board?

Our committees of the board are:

The *Audit Committee*, which held seven meetings during 2015, advises the board on internal and external audit matters affecting us. In accordance with NYSE listing standards and applicable provisions of our Principles of Corporate Governance, the audit committee is comprised solely of directors who meet the enhanced independence standards for audit committee members under the Securities Exchange Act of 1934 (Exchange Act) and the related rules as incorporated into the NYSE standard for independence. Its members are: Philip J. Schulz, Chair, Gray G. Benoist, Randall W. Larrimore, John M. B. O'Connor, Richard M. Rompala, William H. Weideman and Carol A. Williams. The board has determined that Philip J. Schulz meets the SEC definition of an audit committee financial expert and that each of the members of the audit committee is financially literate, as such term is interpreted by the board in its business judgment. The audit committee:

- has sole authority to directly appoint, retain, compensate, evaluate and terminate our independent registered public accounting firm;
- reviews with our independent registered public accounting firm the scope and results of their examination of our financial statements and any investigations and surveys by such independent registered public accounting firm;
- pre-approves and monitors audit and non-audit services performed by our independent registered public accounting firm;
- reviews its charter annually and ensures it is publicly available in accordance with SEC regulations;
- reviews our annual audited and quarterly unaudited financial statements and management's discussion and analysis of financial condition and operations in our Form 10-K and Form 10-Qs before filing or distribution;
-

Edgar Filing: OLIN CORP - Form DEF 14A

reviews with management and our independent registered public accounting firm the interim financial results and related press releases before issuance to the public;

- reviews audit plans, activities and reports of our internal and regulatory audit departments;
- reviews the presentations by management and our independent registered public accounting firm regarding our financial results;

- monitors our litigation process including major litigation and other legal matters that impact our financial statements or compliance with the law;
- monitors compliance with legal and regulatory requirements including environmental, health, safety and transportation compliance;
- monitors our enterprise risk management process;
- oversees our ethics and business conduct programs and procedures;
- reviews our compliance with Section 404 of the Sarbanes-Oxley Act of 2002; and
- has the authority to hire its own independent advisors.

The *Compensation Committee*, which held nine meetings during 2015, sets policy, develops and monitors strategies for, and administers, the programs that are used to compensate the chief executive officer and other senior executives. In accordance with NYSE listing standards and applicable provisions of our Principles of Corporate Governance, the compensation committee is comprised solely of directors who meet the NYSE standard for independence. Its members are: Richard M. Rompala, Chair, Donald W. Bogus, C. Robert Bunch, Randall W. Larrimore and Vincent J. Smith. The compensation committee:

- approves the salary plans for all executive officers including their total direct compensation opportunity, comprised of base salary, annual incentive standard and long-term incentive guideline award;
- approves the measures, goals, objectives, weighting, payout matrices, performance certification and actual payouts for the incentive compensation plans;
- administers the incentive compensation plans, stock option plans, and long-term incentive plans;
- annually evaluates the performance of the chief executive officer;
- performs settlor functions for our retirement plans, such as establishing, amending and terminating such plans (which authority has also been delegated to a management committee);
- approves executive and change-in-control agreements;
- reviews and establishes the compensation of non-employee directors;
- reviews and discusses our Compensation Discussion and Analysis with management and, based on that review, makes a recommendation to the board of directors regarding inclusion of the Compensation Discussion and Analysis in our annual proxy statement or annual report on Form 10-K filed with the SEC; and

Edgar Filing: OLIN CORP - Form DEF 14A

- has the authority to hire its own independent advisors.

The *Directors and Corporate Governance Committee*, which held four meetings during 2015, assists the board in fulfilling its responsibility to our shareholders relating to the selection and nomination of officers and directors. In accordance with NYSE listing standards and applicable provisions of our Principles of Corporate Governance, the directors and corporate governance committee is comprised solely of directors who meet the NYSE standard for independence. Its members are: Randall W. Larrimore, Chair, Gray G. Benoist, Donald W. Bogus, C. Robert Bunch, John

M. B. O Connor, Richard M. Rompala, Philip J. Schulz, Vincent J. Smith, William H. Weideman and Carol A. Williams. The directors and corporate governance committee:

- makes recommendations to the board regarding the election of the chief executive officer;
- reviews the nominees for our other officers;
- makes recommendations to the board regarding the size and composition of the board and the qualifications and experience that might be sought in board nominees;
- seeks out and recommends possible candidates for nomination and considers recommendations by shareholders, management, employees and others for candidates for nomination and re-nomination as directors;
- assesses whether the qualifications and experience of board nominees meet the current needs of the board;
- reviews plans for management development and succession;
- periodically reviews corporate governance trends, issues and best practices and makes recommendations to the board regarding the adoption of best practices most appropriate for the governance of the affairs of the board;
- reviews and makes recommendations to the board regarding the composition, duties and responsibilities of various board committees;
- reviews and advises the board on such matters as protection against liability and indemnification;
- reports periodically to the board on the performance of the board itself as a whole; and
- has the authority to hire its own independent advisors.

The *Executive Committee* meets as needed in accordance with our Bylaws. Between meetings of the board, the executive committee may exercise all the power and authority of the board (including authority and power over our financial affairs) except for matters reserved to the full board by Virginia law and matters for which the board gives specific directions. During 2015, this committee held no meetings. The executive committee members are: Joseph D. Rupp, Chair, Randall W. Larrimore, Richard M. Rompala and Philip J. Schulz.

Compensation Committee Interlocks and Insider Participation

No member of our compensation committee during 2015 (Messrs. Bogus, Bunch, Larrimore, Rompala and Smith):

Edgar Filing: OLIN CORP - Form DEF 14A

- served as an employee for Olin during that year;
- is currently or has ever been an officer of Olin; or
- had any relationship with us requiring disclosure under Item 404 of Regulation S-K under the Exchange Act.

None of our executive officers:

- serve on the compensation committee of any other company for which one of our directors serves as an executive officer; or
- serve on the board of directors of any other company where a member of our compensation committee serves as an executive officer.

What Is Olin's Director Nomination Process?

Our directors and corporate governance committee acts as our nominating committee. As a policy, the committee considers any director candidates suggested by shareholders if we receive the appropriate information in a timely manner. Our Principles of Corporate Governance provide that the board chair and CEO, lead director, other directors, employees and shareholders may recommend director nominees to the committee. The committee uses the same process to review and evaluate all potential director nominees, regardless of who recommends the candidate. The committee reviews and evaluates each nominee and the committee chair, the board chair and CEO and lead director interview the potential new board candidates selected by the committee. The interview results, along with the committee's recommended nominees, are submitted to the full board.

Our Principles of Corporate Governance describe criteria for new board members to include recognized achievement plus skills such as a special understanding or ability to contribute to some aspect of Olin's business. The committee is tasked with seeking board members with the personal qualities and experience that taken together will ensure a strong board of directors. Although we have no formal policy on diversity for board members, our Principles of Corporate Governance provide that racial and gender diversity are important factors in assessing potential board members, but not at the expense of particular qualifications and experience required to meet the needs of the board. Furthermore, as part of the committee's review of board composition, the board considers diversity of experience and background in an effort to ensure that the composition of our directors ensures a strong and effective board. Our Principles of Corporate Governance cite strength of character, an inquiring and independent mind, practical wisdom, and mature judgment as among the principal qualities of an effective director.

This year, we have six nominees standing for election or re-election.

A shareholder can suggest a person for nomination as a director by providing the name and address of the candidate, and a detailed description of his or her experience and other qualifications for the position, in writing addressed to the board of directors in care of the Secretary, Olin Corporation, 190 Carondelet Plaza, Suite 1530, Clayton, MO 63105 USA. The notice may be sent at any time, but for a candidate to be considered by the committee as a nominee for an annual meeting, we must receive the written information at least 150 days before the anniversary of the date of the prior year's proxy statement. For example, for candidates to be considered for nomination by the committee at the 2017 annual meeting, we must receive the information from shareholders on or before October 12, 2016.

In addition to shareholders proposing candidates for consideration by the committee, Olin's Bylaws allow shareholders to directly nominate individuals at the annual meeting for election to the board by delivering a written notice as described under the heading MISCELLANEOUS How can I directly nominate a director for election to the board at the 2017 annual meeting? on page 6. Although a shareholder may directly nominate an individual for election as a director, the board is not required to include such nominee in the proxy statement.

What Is Your Board Leadership Structure?

Our Principles of Corporate Governance state that our board may select either a combined CEO board chair coupled with a lead director or appoint a board chair who does not also serve as CEO. Currently, our CEO also serves as chairman of the board, and the board selects a separate independent lead director. Beginning May 1, 2016, our CEO and chairman of the board positions will be held by two separate individuals, and the board will continue to select a separate independent lead director.

Table of Contents

The board believes that this leadership structure is best for Olin at the current time, as it appropriately balances the need for the CEO to run the company on a day-to-day basis with significant involvement and authority vested in an outside independent board member the lead director. Our lead director assumes many functions traditionally within the purview of a chairman of the board. Under our Principles of Corporate Governance, our lead director must be independent, and is responsible for:

- advising on the board meeting schedule to ensure that the independent directors can perform their duties responsibly without interfering with company operations;
- approving agendas for board and committee meetings and information sent to the board;
- advising on quality, quantity, and timeliness of the flow of information from management to independent directors;
- interviewing all potential new board candidates, and making recommendations on candidates;
- chairing all executive sessions of the board s independent directors;
- acting as principal liaison between the independent directors and the chair on sensitive issues;
- recommending membership and chairs of board committees;
- recommending to the board chair the retention of consultants who report directly to the board;
- calling meetings of the independent directors; and
- being available for direct communication if requested by major shareholders, as appropriate.

How Does Your Board Oversee Olin s Risk Management Process?

Our board is responsible for oversight of Olin s risk assessment and management process. The board delegated to the compensation committee basic responsibility for oversight of management s compensation risk assessment, and that committee reports to the board on its review. Our board also delegated tasks related to risk process oversight to our audit committee, which reports the results of its review process to the board. The audit committee s process includes:

- a review, at least annually, of our internal audit process, including the organizational structure and staff qualifications, as well as the scope and methodology of the internal audit process; and

Edgar Filing: OLIN CORP - Form DEF 14A

a review, at least annually, of our enterprise risk management (ERM) program to ensure that an appropriate ERM process is in place, including discussion of the major risk exposures identified by Olin, the key strategic plan assumptions considered during the assessment and steps implemented to monitor and mitigate such exposures on an ongoing basis.

In addition to the reports from the audit and compensation committees, our board periodically discusses risk oversight, including as part of its annual detailed corporate strategy review.

Frank M. O'Brien, our Vice President, Internal Audit, reports directly to our audit committee and has direct and unrestricted access to that committee. Todd A. Slater, our Vice President and CFO, oversees our ERM process and fulfills the responsibilities of a chief risk officer. Mr. Slater reports to our Chairman and CEO, but has direct access to our audit committee chair. Messrs. Slater and O'Brien, individually or with other members of our management team, periodically meet in executive session with the audit committee.

REPORT OF THE AUDIT COMMITTEE

The audit committee's primary responsibility is to assist the board in its oversight of the integrity of the Corporation's financial reporting process and systems of internal control, to evaluate the independence and performance of the Corporation's independent registered public accounting firm, KPMG LLP, and internal audit functions and to encourage private communication between the audit committee and KPMG and the internal auditors.

The committee held seven meetings during the year. During the second half of 2015, the audit committee also completed a self-assessment.

In discharging its responsibility, the audit committee reviewed and discussed the audited financial statements for fiscal year 2015 with management and KPMG, including the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Auditing Standard No.16, *Communications with Audit Committees*.

In addition, the audit committee has received the written disclosures and the letter from KPMG required by applicable requirements of the PCAOB regarding KPMG's communications with the audit committee concerning independence. The audit committee discussed with KPMG the issue of its independence from Olin and reviewed KPMG's reports on the firm's quality review procedures and findings, results of peer reviews and investigations and inquiries, including corrective actions taken. The audit committee also negotiated the hiring of KPMG for the 2015 audit and pre-approved all fees which SEC rules require the committee to approve to ensure that the work performed was permissible under applicable standards and would not impair KPMG's independence.

Based on the audit committee's discussions with management and KPMG and the audit committee's review of KPMG's written report and the other materials discussed above, the audit committee recommended that the board of directors include the audited consolidated financial statements in Olin's Annual Report on Form 10-K for the year ended December 31, 2015, to be filed with the SEC.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Principles of Corporate Governance and our Code of Conduct include policies and procedures requiring pre-approval of certain transactions involving our directors and employees and their family members and affiliated organizations if Olin is a direct or indirect participant. The policies define family member to mean a spouse, child, sibling, stepchild, parent, stepparent, mother-, father-, son-, daughter-, brother- or sister-in-law, or any other person living with the individual (except tenants and household employees). Affiliated organizations include those entities where the individual or family member serves as a director, executive officer or holder of five percent or more of the equity interests.

Our Principles of Corporate Governance require the directors and corporate governance committee (or, if that committee determines it is appropriate, the board) to pre-approve the following transactions with directors, family members and affiliated organizations:

- charitable contributions of more than \$10,000 in a fiscal year;
- transactions involving more than \$120,000 (individually or in the aggregate) in a fiscal year (other than purchases or sales of goods and services contracted for by Olin business units in the normal course of business);
- transactions in excess of \$120,000 in a fiscal year for consulting or personal services;
- transactions in excess of \$120,000 in a fiscal year directly with (or involving direct compensation to) a director or family member; and
- transactions involving more than \$120,000 (individually or in the aggregate) in a fiscal year (other than purchases or sales of goods and services contracted for by Olin business units in the normal course of business);
- transactions (even in the ordinary course of business) involving the greater of \$1 million or 2% of consolidated gross revenues of either Olin or the other party.

Our Principles of Corporate Governance require our directors and corporate governance committee to pre-approve service by any senior executive (our CEO and other Section 16 officers) on the board of another public company or on the board of any private company that would represent a material commitment of time. In addition, our Code of Conduct and related Corporate Policy Statements require the approval of the board of directors before an officer may serve as a director or provide services to another organization (as an officer, employee, consultant, etc.). Any such service by other employees must be pre-approved by our CEO, if the potential for a conflict of interest exists. These provisions also prohibit any employee or family member from having any direct or indirect interest in, or any involvement with or obligation to, any business organization (including any non-profit entity to which Olin makes contributions) which does or seeks to do business with Olin, or any Olin competitor, without pre-approval from the employee's department head.

In granting pre-approval, the directors and corporate governance committee, board members and management focus on the best interests of Olin.

Edgar Filing: OLIN CORP - Form DEF 14A

In addition to the pre-approval process described above, our Code of Conduct and related Corporate Policy Statements prohibit any director or employee from engaging in a transaction that might conflict with the best interests of Olin.

**SECTION 16(a) BENEFICIAL
OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our officers and directors, and persons who beneficially own more than 10% of our common stock, to file reports of ownership and changes in ownership with the SEC, and these persons must furnish us with copies of the forms they file. Officers, directors and 10% beneficial owners complied with Section 16(a) filing requirements in 2015, except as described below.

One of our officers, Thomas O Keefe, inadvertently filed incorrect information related to his ownership of securities on a Form 3 dated May 5, 2011. Mr. O Keefe recently discovered that certain shares of Olin common stock were omitted from the shares reported as directly owned in the original Form 3 filing, and also omitted from the direct ownership number in all subsequent Form 4 filings. An amended Form 3 was filed on January 15, 2016 to correct the number of Olin common stock owned. One of our directors, Donald Bogus, inadvertently filed one late Form 4 relating to his acquisition of Olin common stock on October 5, 2015. The transaction was reported on a Form 4 which was due on October 7, 2015, but which was filed with the SEC on October 22, 2015.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) describes, in detail, our executive compensation philosophy and the compensation programs in which our senior executive team participates. The CD&A explains the decisions the compensation committee of our board of directors (committee) made under those programs in 2015 and the factors it considered in making those decisions. The CD&A focuses on the compensation paid to our NEOs as they are determined under SEC rules. Our NEOs for 2015 were:

Name	Title
Joseph D. Rupp	Chairman and CEO
Todd A. Slater	Vice President and CFO
John E. Fischer	President and COO
John L. McIntosh	Executive Vice President and President, Chemicals and Ammunition
George H. Pain	Senior Vice President, General Counsel and Secretary

We announced earlier this year that Mr. Fischer will succeed Mr. Rupp as CEO, effective May 1, 2016. Mr. Rupp will remain as Chairman of the Board.

Recent Acquisition

On October 5, 2015, we completed the acquisition from The Dow Chemical Company (Dow) of its U.S. chlor alkali and vinyl, global chlorinated organics and global epoxy businesses through a merger of one of our wholly owned subsidiaries into a former subsidiary of Dow immediately following its split-off from Dow (the Acquisition).

As part of the Acquisition, we issued approximately 87.5 million shares of our common stock to Dow shareholders, representing approximately 53% of our outstanding common stock after the Acquisition. Prior to the Acquisition, we amended our executive change in control agreements and equity plans to allow our board to determine that the Acquisition did not constitute a change of control. However, as a result of the deferred compensation rules under Section 409A of the Internal Revenue Code (the Code), we were unable to make similar changes to four of our nonqualified pension and deferred compensation plans (the NQ Plans) without

Table of Contents

subjecting plan participants to significant taxes and other penalties. The consequence was that, pursuant to NQ Plan terms that had been in effect for more than 30 years, we were required to pay out all benefits previously accrued under the NQ Plans (the Required NQ Plan Payments) in connection with the Acquisition.

The Required NQ Payments had a significant impact on the amount of compensation we reported for our directors and NEOs for 2015. Pursuant to SEC reporting requirements, the payouts to our NEOs under two of these plans, the Senior Executive Pension Plan (the Senior Plan) and the Supplementary and Deferral Benefit Pension Plan (the Supplemental Plan), are included in the Summary Compensation Table below under the heading All Other Compensation. These benefits were accrued by the NEOs over many years of prior service to Olin. Payouts to our NEOs under the third plan, a 401(k) supplemental plan called the Supplemental Contributing Employee Ownership Plan (the Supplemental CEOP), are reported in the Nonqualified Deferred Compensation Table as a withdrawal. Payouts under the fourth plan, the Amended and Restated 1997 Stock Plan for Non-employee Directors (the Directors Plan), are reported under the Director Compensation heading. We previously disclosed the estimated Required NQ Plan Payments to our investors in the registration statement on Form S-4, dated September 2, 2015, that we filed in connection with the Acquisition. In the course of reviewing this CD&A, the reader is advised to consider that these Required NQ Payments are accelerated payouts of previously accrued retirement income benefits that were required by regulation, were earned by the recipients over many years, and were not part of compensation for services provided to Olin in 2015. The reader also is encouraged to read the explanation of these unusual, accelerated payments of previously accrued earnings detailed on page 44 below.

Compensation Best Practices

To enhance investor understanding of our compensation decision making, we summarize below certain executive compensation practices we have implemented to reinforce our objectives and drive Olin performance. We also identify practices we have not implemented because we do not believe they would serve our shareholders' long-term interests.

We align executive compensation with the interests of our shareholders

Pay for Performance by Ensuring that Executive Compensation is Largely Contingent on Results (pages 27-28)

Target Compensation Expenditures to the Midpoint of Market Practices (page 32)

Correlate Equity Incentive Compensation Awards with Relative Total Shareholder Return and Return on Capital (pages 36-38)

Require Double-Triggers for Payments under Agreements with Executives and Early Vesting of Stock Option and Stock Awards on Change in Control (pages 40 and 58)

We design our executive compensation programs to foster sustainable growth without excessive risk taking

Impose Robust Share Ownership Guidelines (page 41)

Maintain a Clawback policy (page 38)

Edgar Filing: OLIN CORP - Form DEF 14A

Suspend 401(k) Plan Matching Based on Olin Performance (page 40)

Regularly Assess the Risk Inherent in Our Compensation Policies and Programs (page 40)

Mitigate Potential Dilutive Effect of Equity Awards through Share Repurchase Programs

We adhere to the best practices in executive compensation

Utilize an Independent Compensation Consulting Firm which Provides No Other Services to Olin (page 29)

Offer Change in Control Protection under Equity Plans and Agreements that Complies with Prevailing Good Governance Standards, Including No Excise Tax Gross-Up (page 40)

Permit No Repricing of Underwater Stock Options

Exclude the Value of Equity Awards in Pension or Severance Calculations

Extend no Perquisites for Current NEOs, except \$832 excess liability insurance premium

Table of Contents

At the 2015 annual meeting of our shareholders, we held an advisory vote on executive compensation. Approximately 97% of the shares voted were cast in support of our 2015 executive compensation and related disclosures. The committee viewed the results of this vote as general broad shareholder support for our executive compensation program. Accordingly, we made no changes to our executive compensation program as a result of that vote, although as noted above our committee continuously evaluates our executive compensation program and makes changes to respond to market trends.

Pay for Performance

We understand that there are different ways to view pay for performance. In the following sections, we highlight how the committee thinks about executive pay and Olin performance, and why we believe our executive compensation programs are appropriately aligned with results that benefit our investors.

Compensation Program Construction

Our executive compensation program is designed to align with the long-term interests of our shareholders, to reward employees for producing sustainable growth, and to attract and retain the world-class talent that will ensure we succeed. The committee strongly believes that these objectives will be fulfilled if executive compensation pay opportunities and pay actually realized is tied to Olin's results. The committee measures Olin performance in three primary ways for purposes of establishing executive compensation:

- our financial results, particularly our adjusted net income, adjusted earnings per share and operating cash flow (see pages 33-34),
- our return to shareholders over time, on an absolute basis and relative to other companies (see page 37), and
- our return on capital, on an absolute basis and relative to other companies (see page 36).

By tying our executives' pay to Olin's actual results, our compensation programs (i) align our executives' interests with those of our shareholders and (ii) induce our management team to achieve our most important goals.

Our total direct compensation package comprises three elements:

- base salary;
- annual incentive (SMICP/MICP); and
- long-term incentive (equity) compensation.

Table of Contents

Each NEO has a target total compensation opportunity that is reviewed annually by the committee to ensure its alignment with Olin's pay-for-performance objectives. As the following charts show, 78% of the CEO target annual direct compensation and 68% of the target annual direct compensation for the other NEOs varies with our financial results and our stock price performance:

As further evidence of our commitment to pay for performance, we have delayed base salary increases and suspended saving plan matching contributions in years of particularly harsh economic results.

2015 Results

Olin delivered major accomplishments in 2015:

- We had a record year of safety performance.
- We completed the Acquisition, making Olin the largest integrated chlor-alkali producer with top-tier low-cost facilities, significantly diversified products and a broad geographic base, and taking significant steps to advance our long-term strategic plan.
- Our total 2015 sales increased 27% over the prior year, partially offsetting very significant costs incurred in connection with the Acquisition.
- Our Winchester segment generated its third highest level of segment income (\$115 million) in the last two decades.
- Our Distribution division doubled the size of its cash flow contribution year over year.

The Compensation Committee

The committee is the body primarily responsible for overseeing compensation to our senior officers. Our committee consists of directors who are independent under the NYSE listing criteria. The committee establishes total compensation opportunities (and each of the individual elements) for the CEO, and approves compensation for the other executive officers, including the NEOs, based on recommendations by the CEO.

To assist in performing its duties, the committee engages Exequity LLP (Exequity), an independent board and management advisory firm. In engaging Exequity, the committee considered a number of factors in assessing Exequity's independence, including the fact that Exequity performs no other work for Olin, that none of Exequity's consultants owns stock in Olin, that Exequity's consultants have no other business interests with any Olin officer or director, and the fees that Exequity receives for services rendered to Olin rest below a maximum permissible level. In the past several years, the committee discussed its compensation philosophy with Exequity, but otherwise did not impose any specific limitations or constraints on, or otherwise direct, the manner in which Exequity performed its advisory services.

As advisor to the committee, Exequity reviewed the total compensation strategy and pay levels for our NEOs, examined all aspects of our executive compensation programs to ensure their ongoing support of our business strategy, informed the committee of developing legal and regulatory considerations affecting executive compensation and benefit programs, and provided general advice to the committee on all compensation decisions pertaining to the CEO and to all senior executive compensation recommendations submitted by management. The committee routinely meets in executive session (without the CEO or other officers present). As appropriate, Exequity attends some of those executive sessions. In addition to the committee's retention of Exequity, Olin periodically retains one or more other compensation consulting firms to provide general services, such as actuarial services for pension plans.

Benchmarking

In designing and implementing our executive compensation programs through 2015, it had been the committee's practice to review compensation data from a peer group, that we refer to as the comparator group. In recent years, the comparator group comprised more than 350 manufacturing and services companies that participate in the Aon Hewitt Total Compensation DataBase™ excluding data from companies in the energy services, retail, health services and financial sectors.

Leading into 2015, the committee's review of pay practices across the comparator group reflected the committee's belief that our labor market for executive talent extended beyond the limited group of chemical and ammunition companies and spanned the relevant manufacturing and services community. The committee believed that the comparator group was a good representation of that broader labor pool, and selected pay practices across that group to be the most appropriate benchmark for pay comparison purposes. The data reviewed by the committee were adjusted for revenues to reflect compensation being paid at companies of Olin's size. It was against these norms that the committee drew its conclusions about the appropriateness of the overall executive officer pay levels for purposes of making 2015 pay adjustments. Throughout this CD&A, references to competitive data or market mean this statistical summarized data for the comparator group.

Table of Contents

Beginning in 2016, to reflect the changes in our size and business as a result of the Acquisition, the comparator group was redefined to comprise the following 14 chemicals manufacturing companies with median revenues of \$7.135 billion (the 2016 comparator group):

Air Products and Chemicals, Inc.	H.B. Fuller Company
American Air Liquide Inc.	Milliken & Company
CF Industries, Inc.	NewMarket Corporation
E.I. du Pont de Nemours and Company	PolyOne Corporation
Eastman Chemical Company	Sabic Innovative Plastics US LLC
Ecolab Inc.	The Sherwin-Williams Company
FMC Corporation	The Valspar Corporation

What We Pay and Why: Elements of Compensation

We extend to our executives three elements of total direct compensation: base salary; annual incentive (SMICP/MICP); and long-term equity awards, plus a limited number of benefits that commonly are available to senior management at other companies of similar stature. The chart below illustrates that 77% of the 2015 total direct compensation of our NEOs was tied to Olin performance.

The committee determines the total target direct compensation level for the CEO, as well as the appropriate mix of the compensation elements, based on prevailing practices in the comparator group. The CEO relies on comparator group standards to recommend, for the committee's review and approval, the target levels and mix of elements for the balance of our executive officers. Although the committee is not bound to mirror the comparator group standards when it makes decisions on compensation levels and the mix of elements, the committee generally relies heavily on the identified competitive norms to ensure that we can compete for executive talent. The committee also reviews the relationship between the CEO's compensation and the compensation for the other NEOs. In connection with establishing 2015 compensation, the committee determined that internal pay relationships were appropriate in light of the committee's understanding of the typical pay relationships at other companies.

As a guideline, the committee intends that the base salaries, total cash compensation (salary and annual cash incentive), and total compensation opportunities (total cash compensation plus the grant date value of long-term incentive awards) extended to our NEOs as a group approximate the market median of the comparator group practices. The committee believes that managing total target

Table of Contents

pay to the market median for the comparator group allows us to attract, motivate, and retain the quality executive talent Olin needs. Pay levels for any individual NEO, however, may be below or above the market median of the comparator group for that executive's particular role.

The chart below shows how our 2015 NEO compensation targeted the median compensation for the comparator group. Beginning in 2016, as noted above, the committee used the 2016 comparator group, a comparison more appropriate to our size and industry focus. The percentage differences in the chart below refer to the difference between the median compensation of each comparator group and our target 2015 NEO compensation.

Our general practice for an executive who is new in his/her position is to establish compensation opportunities below the market, and to increase them to market level over several years, assuming that performance warrants such increases. Other material increases in compensation generally relate to promotions or added responsibilities.

Salary

The committee normally adjusts NEO salaries annually in respect of merit, promotion or change in role and changes in market rates for the job. No increase in base salary is automatic or guaranteed. When warranted by cash flow or other considerations, the frequency of adjustment has been extended to 18 months or more, and we have frozen executive base salaries for periods of time. For example, Mr. Rupp received salary increases effective January 1, 2015 and January 1, 2016. Prior to that, his last increase was two years earlier, on January 1, 2013. Before that date, his last salary increase was April 1, 2011, extending the time between such increases to 21 months. As we announced recently, effective May 1, 2016, in connection with Mr. Fischer's promotion to President and Chief Executive Officer, his annual base salary will be increased to \$900,000, and his target annual cash incentive award with respect to the remainder of 2016 will be increased to \$1,000,000. At that time, Mr. Rupp's annual base salary will decrease to \$500,000, and his target annual cash incentive award with respect to the remainder of 2016 will decrease to \$550,000.

Table of Contents*Annual Cash Incentive (Non-equity Incentive Plan Compensation)*

The CEO and the next four highest paid NEOs participate in the Senior Management Incentive Compensation Plan, or SMICP, an incentive plan approved by our shareholders. The SMICP provides these NEOs with annual cash incentive opportunities comparable to the terms and conditions for awards of cash bonuses to our other NEOs and other executives (who participate in our Management Incentive Compensation Plan, or MICP). Using the SMICP for these NEOs is intended to allow us to deduct payments to those individuals subject to the deduction limits of Code Section 162(m), although the committee reserves the right to make payments that would not be deductible if it determines that doing so would be in our best interests.

The mechanics of the SMICP operation for 2015 awards were as follows:

- Step 1: Determine Comparator Group Metrics.** The first step in the SMICP process is a determination of the maximum pool available to pay annual incentives to participating NEOs under the SMICP and to other executives under the MICP. The committee based this determination on the information provided by Exequity regarding the median percentage of net income allocated by the companies in the Aon Hewitt Total Compensation DataBase™ (as described above) to fund annual incentives for their executives.
- Step 2: Determine Maximum SMICP Funding.** The committee then considered and approved 6% of 2015 income to be set aside as a pool to fund annual cash incentives for both the SMICP and the MICP. For this purpose, income was calculated as 2015 adjusted earnings per share (Adjusted EPS) multiplied by the weighted average number of shares outstanding in 2015, where Adjusted EPS represent consolidated net income from continuing operations before the after-tax effect of special charges, gains or losses, or the cumulative effect of a change in accounting, divided by the weighted average number of shares outstanding on a fully diluted basis.
- Step 3: Determine Individual Amount for each NEO.** The committee established a target award for each NEO (set forth in the Grants of Plan-Based Awards table). They allocated 30% of the formulated incentive pool to fund a maximum award for the CEO, 20% to fund maximum awards for the second and third highest paid NEOs and 15% to fund maximum awards for the fourth and fifth highest paid NEOs.
- Step 4: Establish Final Awards.** The committee exercised its discretion after the end of 2015 to determine the award for each of the paid NEOs (not to exceed the maximum award for that NEO set forth in the Grants of Plan-Based Awards table), based on achievement of 2015 financial goals and non-financial strategic objectives described below. For purposes of this analysis, financial objectives are weighted at 75% and non-financial items are weighted at 25%.

As discussed above, the committee established 6% of adjusted net income as the maximum pool for all awards under the SMICP and the MICP for 2015 performance. Our adjusted 2015 net income was \$79.6 million, creating an aggregate pool for awards under the SMICP and the MICP of \$4.8 million. Total actual payouts under both the SMICP and the MICP plans were \$4.3 million, or 89.5% of the available pool. For 2015, in calculating Adjusted EPS used to determine adjusted 2015 net income, we excluded the effect of the following special charges, gains and losses (which were reflected in our 2015 net income): (i) Acquisition-related costs of \$123.0 million and financing fees of \$30.5 million; (ii) interest expense of \$40.4 million for bank and bond financing; (iii) new segment earnings; and (iv) \$46.0 million of insurance recoveries.

Table of Contents

For each of these NEOs, 75% of his cash incentive is based on financial targets and 25% on non-financial objectives. Actual payouts of cash incentive awards are determined based on our achievement against our financial performance targets as well as against our non-financial goals, discussed below.

Financial Targets. In 2015, our financial performance targets for NEOs were based on Adjusted EPS (50%) and Adjusted Cash Flow (25%). Adjusted Cash Flow represents our after tax operating cash flows of the business, including interest paid and changes in working capital, reduced by capital expenditures, and excluding Acquisition-related cash flows and proceeds from insurance recoveries. The portion of the cash incentive related to financial targets (75%) would be paid at the target award level (set forth in the Grants of Plan-Based Awards table) if our Adjusted EPS and our Cash Flow equal the financial performance targets. If either metric falls above or below the target level, the committee adjusts the cash incentive, typically by a proportionate adjustment – that is, by dividing actual Adjusted EPS (or Cash Flow) by the target Adjusted EPS (or Cash Flow), and multiplying that percentage by 50% (or 25%). All awards are subject to the maximum award level for each NEO of 200% of base salary.

Financial Performance Objectives	2015 Target	2015 Actual
Adjusted EPS	\$ 1.44	\$ 1.00
Adjusted Cash Flow	\$ 71 MM	\$ 41 MM

The portion of the actual awards for the NEOs related to Adjusted EPS of \$1.00 compared to the 2015 financial target represented achievement of 34.7% of the financial objective (out of a possible 50%), and related to Cash Flow of \$41 MM compared to the 2015 financial target represented achievement of 14.4% of the financial objective, out of a possible 25%.

Non-Financial Objectives. In 2015, safety and environmental compliance goals comprised 5% of the award opportunity for our NEOs. Operational goals relating to cost reductions, operating income from co-products and introduction of new products accounted for 10% of the award opportunity. Strategic goals relating to development of an improved 5-year strategic plan and an updated ethics program accounted for 10% of the award opportunity.

The table below illustrates the 2015 level of achievement for these non-financial objectives:

Objective	2015 Performance
Safety and environmental compliance	2%
Operational goals	8%
Strategic goals	10%

In 2015, the committee determined that the NEOs achieved a total of 20% of the non-financial objectives (out of a possible 25%).

While the achievement of these financial and non-financial objectives calculated to a payout percentage of 69.2%, the committee decided to increase the payout percentage for corporate participants to 80% as recognition for the extraordinary efforts associated with the completion of the Acquisition and the integration activity.

Table of Contents***Long-Term Incentive (Equity) Compensation***

In 2015, we allocated the value of long-term incentive (equity) compensation awards equally between performance shares and stock options.

Why Stock Options?

- Performance-based because their value is solely tied to Olin's stock price, which directly correlates to our shareholders' interests.
- Fosters an environment focused on long-term growth and shareholder value creation.
- Declines in stock price following the grant of stock options detrimentally impact executive pay (i.e., when a stock option is underwater it has no value).
- Highly valued by employees; an important retention tool.

Why Performance Shares?

- Performance-based both because number of shares earned depends on performance against pre-defined financial goals and the value of the shares fluctuates based on the stock price.
- Motivates decision making that maximizes performance over a multi-year timeframe.
- Tied to return on capital, a key financial metric.
- Coordinates the activities of all award recipients (including our NEOs) in support of long-term organizational value enhancement.

All long-term incentive (equity) compensation plan participants, including the NEOs, are assigned target award levels consistent with the competitive data analysis described above under the heading **Benchmarking**.

The target equity award levels for 2015 were:

NEO	Target Award
Joseph D. Rupp	\$ 2,605,000
Todd A. Slater	\$ 455,000
John E. Fischer	\$ 935,000
John L. McIntosh	\$ 804,000
George H. Pain	\$ 480,000

These target awards are allocated equally between stock options and performance shares. The process the committee follows to determine the level of the actual stock option awards and the formula for actual performance share payouts is described below.

Performance Shares. Half the value of each participant's 2015 long-term incentive target award value was delivered in performance shares. The number of performance shares awarded to each NEO was formulated by dividing half the participant's target award value by the

Edgar Filing: OLIN CORP - Form DEF 14A

Black-Scholes value of a performance share. The total number of performance shares that vest and will be paid to each NEO varies between 25% and 150% of his target number, depending on our average annual return on capital for the three years ending December 31, 2017, in relation to the average annual

Table of Contents

return on capital generated for that period by the community of companies in the S&P Material Index, plus four selected direct competitors - Occidental Petroleum Corporation, Axiall Corporation, Dow and Westlake Chemical Corporation. We refer to this group of companies as the Performance Share Comparison Group. The following chart identifies the percentage of target shares that vest with our performance:

Olin average annual return on capital

for three-year period compared to

Performance Share Comparison

Group:	Percentage of target number of performance shares that vest:
Quintile 5	150%
Quintile 4	125%
Quintile 3	100%
Quintile 2	50%
Quintile 1	25%

The table and graph below illustrate the percentage of the target number of performance shares earned by plan participants for each of the last three three-year periods, based on our average return on capital performance compared to the Performance Share Comparison Group:

Olin Average Annual Return on Capital for the Three-Year**Period Compared to the Performance Share Comparison Group**

Three-Year Period Ended December 31	Olin Return on Capital	Quintile/Percentage Paid
2014	7.5%	Quintile 3/100%
2013	8.3%	Quintile 3/100%
2012	7.5%	Quintile 3/100%

Stock Options. The remaining half of each participant's long-term incentive (equity) target award value is delivered in stock options. Stock options are granted annually from a committee-approved pool of option shares. Specifically, the pool of stock options available for issuance each year equals half the value of the overall long-term incentive award value, divided by the Black-Scholes value of options for our common stock (not to be lower than 20% of the then-current market price of our

Table of Contents

common stock). This formulated pool of shares available for stock option awards increases or decreases based on our trailing three-year total shareholder return (TSR) compared to the TSRs generated by the Performance Share Comparison Group, as follows:

Olin three-year TSR compared to	Effect on number of shares available for option grants
Performance Share Comparison Group	
Top third	+25%
Middle third	No change
Bottom third	-25%

We believe the Performance Share Comparison Group represents our primary competition for investment capital, and therefore comprises an appropriate comparison group. We use TSR, which represents the increase in the fair market value of our common stock over the three-year period, including reinvestment of dividends, to tie executive rewards to our shareholders' interests. The calculation of TSR includes all dividends paid by the companies, consistent with the calculations for our Performance Graph included in our Form 10-K. As with our performance share program described above, the committee believes that formulating the stock option pool this way further ties executive compensation to shareholder value.

Olin Trailing Three-Year Total Shareholder Return

Three-Year Period Ended December 31	Olin Total Shareholder Return	Ranking Compared to Performance Share Comparison Group
2015	-4.16%	Bottom third
2014	8.67%	Bottom third
2013	16.27%	Middle third

The table below shows the effect of our trailing three-year TSRs on the size of our stock option pool for the past three years:

Table of Contents

The actual stock option award to an individual NEO represents his or her target award, increased or decreased by the same percentage that the available stock option pool was increased or decreased, based on the trailing three-year TSR as described above. In addition, the committee has the discretion to increase or decrease the actual option grant for an individual NEO by up to 25%, although that discretion has not been exercised in any of the years covered by the table above.

We typically approve option awards at the first committee meeting each year. In 2015, the first committee meeting was January 23, 2015. At that meeting, the committee approved the granting of options effective on February 13, 2015, with an exercise price of \$27.40 per share, the average of the high and low per share sales price of our common stock on the NYSE on February 13, 2015. When the first scheduled meeting occurs before or near the time we release our year-end earnings report, the committee has granted stock options:

- with a grant effective date approximately 10 days after the release of year-end earnings, and
- with an exercise price equal to fair market value on the grant effective date.

This practice ensures that the exercise price for stock options reflects all current information. Although we have no formal policy on granting options at a time when inside information may exist, the committee follows the procedure we describe above when necessary to ensure that option exercise prices reflect full disclosure of earnings information. We have not engaged in back dating of options, as our policies do not allow back dating. In addition, our equity plans do not permit option grants with an exercise price below the fair market value of our stock on the effective date of the option grant.

The CEO also has authority to grant a very limited number of options at other times during the year (no more than 50,000 total shares or 5,000 shares per employee), but may not grant options to anyone who is an officer within the definition of the rules under Section 16 of the Exchange Act, or back date any options. Consistent with the terms of our equity plans, options granted by the CEO may not have an exercise price below the fair market value of our stock on the effective date of the option grant.

Clawback Policy

As a participant in the SMICP, each of our NEOs is subject to a clawback policy that applies to all of our executive officers. Amounts that we recover are not included in calculating that executive's benefits under our Supplemental CEOP, and our recovery of amounts under the policy does not constitute an event that triggers benefits under our severance agreements. In addition to the clawback policy, our equity plans provide that if a participant renders service to one of our competitors, or discloses confidential information without our consent, or violates other terms of the plan, the committee may terminate any unvested, unpaid or deferred awards held by the participant, or may require the participant to forfeit benefits received under the plan within the six months before the participant's action.

Other Compensation

We also offer a small number of other personal benefits to groups of employees, including our NEOs. We extend some benefits, such as a portion of health insurance premiums and certain retirement benefits, to all eligible employees. We tie the size and construction of these benefits to competitive practices in the market, a decision the committee believes enables us to attract and retain executives with the talents and skill sets

Edgar Filing: OLIN CORP - Form DEF 14A

we require. We provide other compensatory items, such as certain life insurance benefits and the retirement and change in control benefits described below, to our NEOs and other senior managers.

Table of Contents

Retirement Benefits. We offer retirement benefits as part of the package to recruit and retain employees. Our retirement benefits also reflect an individual's contributions over his or her career with Olin, as those benefits are based in part on the employee's service and compensation. In general, we establish retirement benefits based on comparable programs offered by competitors. The committee believes that retirement plans like ours are commonly provided to executives at other companies, and offering these benefits helps us remain competitive for qualified senior-level executive talent. We periodically re-evaluate and update those plans to respond to changes in the market.

The following chart summarizes the benefits under our active retirement plans for salaried employees:

Plan Title	Participants/Purpose	Benefits
Olin Corporation Contributing Employee Ownership Plan (the CEOP) Employee Savings Account	Salaried employees to provide employees with a tax effective savings vehicle to save primarily for retirement	Eligible employees may make pre-tax contributions (401(k)), Roth 401(k) contributions and after tax contributions. They may contribute up to 80% of eligible compensation (subject to various Code limits, including the 2015 pre-tax and Roth 401(k) contribution limit of \$18,000). Olin matches a portion of base pay that the participant contributes to the plan.
CEOP Defined Contribution Retirement Account	Salaried employees (other than KA Steel employees) to provide retirement benefits in lieu of benefits formerly provided under the Qualified Plan (prior to benefit accrual freeze)	For eligible employees, Olin makes contributions to the Defined Contribution Retirement Account of a percentage of eligible compensation.
Supplemental CEOP Employee Savings Account	Senior management (other than KA Steel) to compensate for Code limits on CEOP contributions	Eligible employees may make pre-tax contributions on eligible compensation in excess of Code limits and receive Olin matching contributions at the same percentages as the CEOP.
Supplemental CEOP Defined Contribution Retirement Account	Senior management (other than KA Steel and former Dow employees) to compensate for Code limits on CEOP contributions	Olin also makes contributions on eligible compensation in excess of Code limits at the same percentages as the CEOP Defined Contribution Retirement Account.

As part of our ongoing evaluation of benefit plans, in 2005, we amended the Olin Corporation Employees Pension Plan (Qualified Plan) to close participation, so that salaried employees hired on or after January 1, 2005 are not eligible for the Qualified Plan. As of December 31, 2007, we froze defined benefit pension accruals for salaried participants under that Plan, as well as the Supplemental Plan and the Senior Plan. Although benefit accruals were frozen at the end of 2007, employment after that time counts toward years of service for vesting and early retirement eligibility. Similarly, pension benefits of former Dow employees that transferred to Olin on October 5, 2015 are frozen as to future accruals, although they continue to earn interest credit on the account balances transferred to the Qualified Plan.

Table of Contents

In addition, we periodically suspend the company match to the CEOP for salaried and non-bargaining employees, including during the period January 1, 2010 through January 31, 2011.

The Supplemental CEOP, the Supplemental Plan and the Senior Plan are unfunded, nonqualified deferred compensation plans for the NEOs and a select group of other senior management employees. The committee believes that historically it was common for companies to offer these kinds of nonqualified retirement supplements to executives and offering these benefits has allowed us to remain competitive in the market for qualified senior-level executive talent. Because these three plans are unfunded, participants receive benefits only if we have the financial resources to make the payments when due. As described above, all of the previously accrued benefits under these plans were required to be paid as part of the Required NQ Plan Payments in connection with the Acquisition. We describe the terms of our retirement plans in more detail in the narrative discussion following the table entitled Pension Benefits .

Risk Assessment. Management and the committee regularly evaluate the risks involved with our compensation programs. In January 2016, we conducted a comprehensive risk assessment. The risk assessment included compiling an inventory of incentive plans and programs, and conducting an analysis of the risk involved with each. The assessment considered factors such as the plan metrics, number of participants, maximum payments, and risk mitigation factors. The committee reviewed the risk assessment and concluded it did not believe any of our compensation programs or policies create risks that are reasonably likely to have a material adverse impact on Olin. Based on this conclusion, we implemented no material changes to our compensation policies or practices after our risk assessment.

Change in Control Agreements. We provide change in control agreements to our senior management to ensure that our executives work to secure the best outcome for shareholders in the event of a possible change in control, even if it means that they lose their jobs as a result. As a retention incentive, each of our NEOs and ten other senior executives have agreements that provide certain benefits if the executive's employment is terminated without cause or constructively terminated after a change in control. We eliminated change in control agreements with all other non-NEO executives. In 2014, we modified our change in control agreements to (i) eliminate tax gross-ups for golden parachute excise taxes in favor of a best net after-tax approach, (ii) require both a change in control and actual or constructive termination of employment to trigger accelerated vesting of equity awards (other than performance shares) that the acquirer fails to assume or replace, (iii) require a release of claims from the executive as a condition to receiving payments and other termination benefits, and (iv) add restrictive covenants. We also amended our change in control agreements with senior executives to allow our board to determine that certain transactions, such as the Acquisition, would not constitute a change in control for purposes of these agreements. The board exercised this right in connection with the Acquisition. The change in control agreements with our NEOs are described in more detail under Potential Payments Upon Termination or Change in Control.

The committee gives careful attention to all aspects of executive compensation and for the reasons discussed above remains confident that our executive compensation program satisfies our objectives.

Tax and Accounting Considerations

All elements of compensation, including salaries, generate charges to earnings under generally accepted accounting principles (GAAP). We generally do not adjust compensation based on accounting factors, but the committee considers the tax effect of various types of compensation, including the limit under Code Section 162(m) on deductions for compensation over \$1 million. Our stock options, the largest portion of our performance shares and our annual cash incentive are intended to meet the exemption for performance-based compensation from this deductibility limit. It is

Table of Contents

possible, however, that portions of these awards will not qualify as performance-based compensation, and, when combined with salary and other compensation to an NEO, may exceed this limitation in any particular year.

Code Section 409A implemented tax rules applicable to nonqualified deferred compensation arrangements, and Olin has taken steps to comply with such rules to the extent applicable.

As previously noted, Olin's clawback policies allow recovery of all or a portion of payments under the SMICP or the MICP and performance share awards from executives who participate in the SMICP or the MICP. To recover compensation, our board or the committee must determine that the executive was grossly negligent or engaged in intentional misconduct that was a significant contributing factor to:

- (i) a restatement of our financial statements, or
- (ii) a significant increase in the value of that executive's incentive awards.

Amounts recovered are not included in calculating that executive's benefits under our Supplemental CEOP, and do not trigger benefits under our severance agreements. In addition, our equity plans provide that if a participant renders service to a competitor, or discloses confidential information without our consent, or violates other terms of the plan, the committee may terminate any unvested, unpaid or deferred awards held by the participant, or may require the participant to forfeit benefits received under the plan within the six months before the participant's action.

Our equity plans and severance arrangements with NEOs do not provide any gross-up for the amount of excise tax, if any, due on excess parachute payments as defined under Code Section 280G. These agreements are described in more detail under Potential Payments Upon Termination or Change in Control.

Stock Ownership Guidelines

Our stock ownership guidelines require executive officers and certain other senior managers to maintain specified ownership levels of our stock within five years after the guideline applies. Stringent stock ownership requirements mitigate any risk that options may cause management to focus on short-term stock price movement.

Our committee monitors compliance with the stock ownership guidelines annually. To determine stock ownership under the guidelines, we include, in addition to shares the individual owns outright, restricted stock and restricted stock units, shares and phantom shares held in the executive's CEOP and Supplemental CEOP accounts, shares subject to vested stock options with an exercise price below the current market price and 25% of the total target performance share awards (representing half of the target performance shares that are payable in stock).

(1) The NEOs were not entitled to receive payments which would be characterized as Bonus payments. Annual cash incentive payments under the SMICP appear in column (g). Each of the NEOs has one or more agreements that provide for certain severance benefits (including additional benefits in the event of a change in control). The provisions of those agreements are described in more detail under the section entitled [Potential Payments Upon Termination or Change in Control](#).

(2) Represents the aggregate grant date fair value of equity awards granted in that year (performance shares and restricted stock units in column (e) and options in column (f)), in each case calculated in accordance with ASC Topic 718. Please see the notes entitled [Stock-Based Compensation](#) and [Accounting Policies](#) [Stock-Based Compensation](#) in the notes to our audited financial statements included in our annual report on Form 10-K for the fiscal year in which the award was granted for a discussion of the assumptions underlying these calculations. The performance share amounts in column (e) are calculated based on a payout equal to 100% of the target level for awards made in 2013, 2014 and 2015. Set forth below are the amounts that would have been included for performance share awards (as well as the total amount in column (e)), if the grant date fair value had been based on the highest level of performance (for a

payout equal to 150% of the target level).

(a) All of the accrued benefits under these plans were included in the Required NQ Plan Payments paid to participants in connection with the Acquisition.

(b) There was no change in the present value of Mr. Rupp's pension benefit under the Senior Plan in these years.

(c) Mr. Slater also received his accrued benefits as part of the Required NQ Plan Payments, but because he is not yet of retirement-eligible age, he is entitled to the value of the early retirement allowance (offset by the value of the accrued benefit) at retirement ages below age 65. In 2015, Mr. Slater received a payment of \$874,640 and \$36,636 from these plans. The value of his remaining early retirement allowance is \$22,682.

Changes in the present value of pension benefits are determined using the assumptions we use for financial reporting purposes and represent changes in assumptions and the fact that each NEO is one year older, rather than any change in the NEO's accrued pension benefit. For December 31, 2013, the discount rate was 4.5% for the Qualified Plan and 3.9% for the Supplemental and Senior Plans. For December 31, 2014, the discount rate was 3.9% for the Qualified Plan and 3.4% for the Supplemental and Senior Plans. For December 31, 2015, the single effective rate (previously described as the discount rate) was 4.4% for the Qualified Plan and 3.8% for the Supplemental and Senior Plans. For 2013, we used the RP2000 Mortality Table with 13 years of projected mortality improvements. For 2014 and 2015, we used the RP2014 Blue Collar Mortality Tables for Annuitants and Employees, with the Social Security Administration 2014 Intermediate Cost Projections Mortality Improvement Scale (projection starting in 2007). Please see the note entitled "Pension Plans and Retirement Benefits" in the notes to our audited financial statements included in our 2015 annual report on Form 10-K for a discussion of these assumptions. The values shown in the table are due to the change of assumptions and the fact that each executive is one year older, as well as the Required NQ Plan Payments. It is not driven by any change in the retirement benefit itself. For 2014, the discount rates used to determine the present values of the pension benefits were lower than in 2013 resulting in an increase in the present values under each of the three plans.

To determine the change in the present value of the pension benefits under these plans, for Messrs. Slater, Fischer and McIntosh, we used age 62, the first age at which unreduced pension benefits are payable under the Qualified Plan, the Supplemental Plan and the Senior Plan. For Messrs. Rupp and Pain, who are

Edgar Filing: OLIN CORP - Form DEF 14A

eligible for unreduced pension benefits under the Qualified Plan, the Supplemental Plan and the Senior Plan, we used their actual ages at December 31, 2015.

Table of Contents

Generally, the Senior Plan provides a 50% benefit to the executive's surviving spouse (which we refer to as a joint and survivorship benefit) without an actuarial reduction in payments during the executive's lifetime. An executive also can elect to have payments under the Qualified Plan and the Supplemental Plan extend for the remainder of his or her spouse's lifetime, but such an election results in an actuarial reduction to benefits paid under those plans. Benefits paid from the Senior Plan are increased by the amount of the actuarial reduction under the Qualified Plan and the Supplemental Plan for a 50% joint and survivorship benefit. However, the value of this benefit was included in the Required NQ Plan Payments. In accordance with the SEC regulations, the pension benefits in the Summary Compensation Table reflect benefits payable in the form of a single life annuity payable only during the life of the executive, and do not reflect any joint and survivorship benefit.

(5) Amounts reported in this column for 2015 are comprised of the following items:

Executive Officer	Life Insurance Premiums (a)	CEOP/Supplemental CEOP Retirement Account (b)	Perquisites and other Personal Benefits (a)	Required NQ Plan Payments (c)	Total
Joseph D. Rupp	\$ 59,238	\$ 161,775	\$ 832	\$ 13,312,341	\$ 13,534,186
Todd A. Slater	\$ 11,532	\$ 60,869	\$ 832	\$ 108,276	\$ 181,509
John E. Fischer	\$ 23,307	\$ 81,031	\$ 832	\$ 2,835,320	\$ 2,940,490
John L. McIntosh	\$ 20,311	\$ 71,288	\$ 832	\$ 3,775,846	\$ 3,868,277
George H. Pain	\$ 22,599	\$ 63,397	\$ 832	\$ 2,857,950	\$ 2,944,778

- (a) The key executive life insurance program consists of three types of benefits: active employee life insurance, retiree life insurance and survivor income benefits. At the executive's option, the survivor income benefit may be exchanged for additional cash value. The amounts shown represent the total premiums we paid in 2015 for the benefits under the program.
- (b) The amounts shown represent Olin's contributions of a total of 7.5% of the individual's eligible compensation to the Retirement Account portion of the CEOP and the Supplemental CEOP, as well as amounts of Olin matching contributions to the CEOP and the Supplemental CEOP during 2015.
- (c) As described in more detail above, the Acquisition triggered an obligation to pay previously accrued benefits under the NQ Plans. The Required NQ Plan Payments under the Senior Plan and the Supplemental Plan are reported under this heading, as required by SEC rules. These Required NQ Plan Payment amounts were accrued by the NEOs based on many years of past service to Olin (see the number of years of credited service for the Senior and Supplemental Plans on page 49). The Required NQ Plan Payments under the Supplemental Plan and the Senior Plan represent lump-sum cash amounts sufficient to purchase an annuity that provides the monthly after-tax benefit such executive officer would have received under the applicable NQ Plan based on amounts accrued as of October 5, 2015, the date the Acquisition was consummated.

To highlight the impact of the Required NQ Plan Payments on the total amounts reported in the Summary Compensation Table for 2015, as determined under applicable SEC rules, we have created the table below to show what total compensation would have been without the Required NQ Plan Payments. The Required NQ Plan Payments represent a one-time payout of amounts earned over many years. As a result, we do not believe that these amounts are helpful in evaluating compensation for comparative purposes. Instead, we believe that the table below presents a more accurate picture of 2015 compensation for our NEOs.

(1) Amounts in these columns represent the potential annual cash incentives established in early 2015 under our SMICP. Actual amounts were determined and paid in early 2016 and are included under column (g) in the Summary Compensation Table. We discuss the SMICP and our annual incentive program under the heading COMPENSATION DISCUSSION AND ANALYSIS What We Pay and Why: Elements of Compensation .

Table of Contents

- (2) Numbers in these columns represent awards of performance shares under our Performance Share Program described below. The amounts in column (f) reflect the minimum performance shares awarded (25% of the target amounts in column (g)). The amounts in column (h) represent 150% of the target amounts, the maximum payout of the performance shares.
- (3) Numbers in these columns for all NEOs represent nonqualified stock options granted under our long-term incentive plans, vesting in three equal annual installments, beginning on the first anniversary of the grant date. The market closing price on the grant date was \$27.31, while the options were granted with an option exercise price equal to the average of the high and low sale prices of our common stock on the grant date (\$27.40). Option awards are determined on the first regularly-scheduled committee meeting date in a calendar year (in 2015, January 23, 2015). In recent years, committee meetings have been held before (or shortly after) the time we issued our year-end earnings press release, and so the option awards became effective on a later date (February 13 for 2015 grants), approximately 10 days after our earnings release. The effective date of the option grants has always occurred on or after the meeting date, and we have never engaged in back dating practices.
- (4) Amounts in this column (i) assume payment of performance shares at the maximum level and (ii) value options using the Black-Scholes value calculated for financial statement reporting purposes in accordance with ASC Topic 718. Please see the note entitled Stock-Based Compensation in the notes to our audited financial statements included in our 2015 annual report on Form 10-K for a discussion of the assumptions underlying these calculations.
- (5) Performance-based restricted stock units that vest on October 5, 2018, with the number of shares vesting contingent on the achievement of certain synergies in the businesses acquired from Dow in the Acquisition by October 5, 2018.

Stock Options

Annually, we grant options to purchase shares of our common stock to a group of key employees, including our executive officers. We describe our stock option program in more detail under the heading COMPENSATION DISCUSSION AND ANALYSIS Long-Term Incentive (Equity) Compensation Stock Options. All options granted in 2015 were nonqualified options vesting in three equal annual installments beginning on the first anniversary of the grant date. The options generally may be exercised until 10 years after the grant date (but the exercise period may end earlier based on the termination of the participant's employment).

The committee grants options with an exercise price equal to the average of the high and low prices on the grant effective date. All of our equity plans specifically prohibit repricing, and, except for certain anti-dilution adjustments, other adjustments to the exercise price. We discuss the timing of our option grants under the heading COMPENSATION DISCUSSION AND ANALYSIS Long-Term Incentive (Equity) Compensation Stock Options. Our plans and our policies do not permit any back dating of options.

Performance Shares

Each NEO and certain other key employees received a target number of performance shares in early 2015, which vest at the end of 2017. The total number of performance shares that vest may vary between 25% and 150% of the target number, based on our average annual return on capital for the three years ending December 31, 2017, in relation to the average annual return on capital among the Performance Share Comparison Group for that period. The chart included in the discussion of performance share awards sets forth this relationship in more detail. Vested performance shares are paid approximately half in cash and half in stock. No dividends or dividend equivalents are paid on unvested performance shares.

- (1) The shares listed in column (d) above represent performance shares paid in the summer of 2015 (vested based on our performance for the three years ended December 31, 2014) under a performance share award made in early 2012.

- (2) Performance shares are paid approximately half in cash and half in stock. The cash portion of the performance shares payment was based on the fair market value of the shares as of December 31, 2014 (\$23.04), and dollar amounts listed in column (e) above for the stock portion of the payment of performance shares are based on the average of the high and low sales prices for our common stock as of August 19, 2015, the date the shares were issued (\$20.52). Of the total performance shares included in column (d) above, 25% vested automatically (25% of the target performance share award). The remaining performance shares vested based on our average annual return on capital for the three-year period ended December 31, 2014, compared to that of the Performance Share Comparison Group. We describe our performance share program in more detail in our [COMPENSATION DISCUSSION AND ANALYSIS](#) [What We Pay and Why: Elements of Compensation](#) and in the text following the table entitled [Grants of Plan-Based Awards](#).

Table of Contents**Pension Benefits**

The following table shows the present value of the benefits under each of the pension plans as of December 31, 2015 for each NEO. The present values are calculated using:

- the executive's average compensation (salary and annual incentive, and specific inclusions and exclusions that vary by plan) for the three highest years out of the last 10 years of employment through December 31, 2007,
- years of creditable service under each of the plans as of December 31, 2007,
- age 62, the first age at which unreduced pension benefits are payable under each of the pension plans, for Messrs. Slater, Fischer and McIntosh, and for Messrs. Rupp and Pain, who were eligible for unreduced pension benefits on December 31, 2015, and
- the assumptions we used for financial reporting as of December 31, 2015, including a 4.4% single effective rate (in lieu of a discount rate) for the Qualified Plan and a 3.8% single effective rate (in lieu of a discount rate) for the Supplemental and Senior Plans and the RP2014 Blue Collar Mortality Tables for Annuitants and Employees, with the Social Security Administration 2014 Intermediate Cost Projections Mortality Improvement Scale (projection starting in 2007).

Please see the note entitled "Pension Plans - Pension Plan Assumptions" in the notes to our audited financial statements included in our 2015 annual report on Form 10-K for a discussion of these assumptions.

- (1) Benefit accruals were frozen under all of these plans effective December 31, 2007. Employment after that date continues to count toward meeting service and age requirements for vesting and early retirement. Participation in the Senior Plan began when the executive became a Section 16(b) reporting officer and was selected by the committee (prior to the accrual freeze in 2007). Participation in the Qualified Plan generally began when the executive was hired. Participation in the Supplemental Plan generally began when the executive's compensation first exceeded the limit imposed by the Code on compensation

Table of Contents

that was includible when determining benefits under qualified plans. All of the participating NEOs have met the requirements for vesting. Messrs. Rupp and Pain have met the requirements for full retirement and Messrs. Fischer and McIntosh have met the requirements for early retirement. As noted above, the value of this benefit was included in the Required NQ Plan Payments required in connection with the Acquisition.

- (2) Amounts in this column assume that benefits are paid in the form of an annuity during the executive's lifetime. As discussed in more detail below, a participant may elect instead to receive benefits over the life of the executive and his or her spouse.

The executive may elect payment of benefits under any of the available payment forms under these plans, including payments for the executive's life (which we sometimes refer to as a single life annuity) or payments continuing after the executive's death for the life of his or her spouse (which we refer to as a joint and survivorship benefit). Under the Qualified Plan and the Supplemental Plan, benefit payments are reduced from the single life annuity based on actuarial calculations if the executive elects a different payment form. The Senior Plan generally provides a 50% joint and survivorship benefit without any actuarial reduction, and also provides the executive with an additional amount equal to the amount of the actuarial reduction of benefits payable from the Qualified Plan and the Supplemental Plan for a 50% joint and survivorship benefit election.

The following chart shows the present value of accrued benefits for each of the NEOs who participate in these plans, assuming (i) the executive elected the 50% joint and survivorship benefit and (ii) for Messrs. Slater, Fischer and McIntosh, that they retired at age 62 (the first age at which unreduced pension benefits are payable under the plans) and for Messrs. Rupp and Pain, that they retired on December 31, 2015 as they are currently eligible for unreduced benefits.

Freeze of Qualified Plan, Supplemental Plan and Senior Plan

As noted above, benefits accrued by salaried participants in the Qualified Plan, Supplemental Plan and Senior Plan were frozen effective December 31, 2007. Participants accrued benefits until December 31, 2007 based on applicable years of service and eligible compensation through that date. Service after December 31, 2007 will count toward meeting the eligibility requirements for commencing a pension benefit (including vesting and early retirement) under these plans, but not toward the calculation of the pension benefit amount. Compensation earned after 2007 will similarly not count toward the determination of the pension benefit amounts under these plans.

Implications of the Acquisition on Qualified Plan, Supplemental Plan and Senior Plan

As described above, previously accrued benefits under the Supplemental Plan and Senior Plan were required to be paid to participants as part of the Required NQ Plan Payments in connection with the Acquisition under the change in control provisions of these two plans. Accordingly, participants of these plans no longer have an accrued benefit under the plans. Note, however, that participants not yet retirement-eligible may become eligible upon early-retirement for an early-retirement benefit (offset by the value of the accrued benefit paid as part of the Required NQ

Plan Payments).

In addition, in connection with the Acquisition, the Qualified Plan is now responsible for certain Dow-related frozen benefits described below and the Qualified Plan will receive assets from the appropriate Dow pension plans.

Table of Contents

Qualified Plan

As part of our benefits program and to contribute to employees' financial security in retirement, we offered defined benefit retirement benefits to salaried employees hired before January 1, 2005 through our Qualified Plan. Benefits under the Qualified Plan are calculated based on the average cash compensation (salary and annual incentive) for the highest three years out of the last 10 years the individual is employed by Olin, through December 31, 2007. The law requires that in determining eligible compensation, the Qualified Plan ignore compensation in excess of a legally-imposed cap (which for 2007, the last year of benefit accruals, was \$225,000). An employee's benefit is generally 1.5% of his or her average compensation during the relevant period multiplied by the number of years of service, less a percentage of his or her primary Social Security benefit based on years of service (not to exceed 50% of such Social Security benefit). Participants who are at least age 55 with at least 10 years of service when they leave Olin may elect to receive a benefit immediately that is reduced by 4% for each year the participant is younger than age 62 at the time benefit payments begin. Participants who leave Olin before age 55 (with 10 or more years of service) may elect to receive an actuarially reduced benefit with payments beginning at age 55 or later. Participants who leave Olin before age 65 with at least five years of service (but less than 10 years of service) receive a vested retirement benefit beginning the month after their 65th birthday. Benefits from the Qualified Plan generally are paid as an annuity with the form of payment (e.g. joint and survivorship benefit, guaranteed period, etc.) selected by the participant, subject to any applicable actuarial reductions.

As noted above, in conjunction with the Acquisition, the Qualified Plan assumed responsibility for certain Dow-related frozen benefits. Specifically, nearly all frozen benefits transferred to the Qualified Plan are associated with two benefit formulae: Pension Equity and Cash Balance. Eligibility for which is typically determined by the individual participant's hire date at Dow. The Pension Equity provides a frozen account balance that grows with interest until retirement, at which time it is converted into a monthly pension benefit. The Cash Balance also provides a frozen account balance that grows with interest (at a different rate) until separation from Olin, at which point the participant can elect an immediate annuity, a deferred annuity or a lump sum. None of the NEOs are participants of the Pension Equity or Cash Balance arrangements.

In lieu of benefits that had been provided under the Qualified Plan, at the time participation was frozen, the CEOP was amended to add a Defined Contribution Retirement Account to help ensure that our benefits program would remain competitive. Depending on the participant's age, and whether they joined Olin in connection with the Acquisition, we contribute 5%, 7.5% or 10% of eligible compensation to that Defined Contribution Retirement Account.

Supplemental Plan

The Supplemental Plan is an unfunded, nonqualified deferred compensation plan for management employees at specified compensation levels. The Code imposes limits on pension benefits payable from the Qualified Plan. Our Supplemental Plan restores these benefits to affected employees and provides benefits on certain compensation that has been excluded from eligible compensation under the Qualified Plan. The formula used to calculate pension benefits under the Supplemental Plan is the same as under the Qualified Plan, without the Code limitations on benefits and eligible compensation, reduced for the amount payable under the Qualified Plan. Early retirement benefits are payable at the later of termination or age 55 if a participant has at least 10 years of service. Such early retirement benefits use the same reduction factors as the Qualified Plan.

As noted above, previously accrued benefits in the Supplemental Plan were required to be paid to participants as part of the Required NQ Plan Payments in connection with the Acquisition.

Table of Contents

Senior Plan

The Senior Plan is an unfunded, nonqualified deferred compensation plan for select management employees. An employee who was a Section 16(b) reporting officer, and was selected by the committee prior to the date of the freeze, participates in the Senior Plan. Under the Senior Plan, pension benefits are based on average eligible compensation for the three highest years out of the last 10 years that he or she is employed by Olin through December 31, 2007. Compensation is not subject to the Code and other limitations that apply under the Qualified Plan. Benefits generally equal 3% of the executive's average compensation multiplied by the number of years of participation in the Senior Plan, plus 1.5% of the executive's average compensation for years of service in the Qualified Plan and Supplemental Plan less years of service in the Senior Plan, reduced by the pension benefits accrued under the Qualified Plan and the Supplemental Plan. Benefits are further reduced by 50% of the employee's primary Social Security benefit.

Early retirement benefits are payable on an immediate basis to a participant whose employment terminates at age 55 or later, regardless of years of service, but are reduced by 4% per year for each year they begin before age 62. The maximum benefit payable from the Senior Plan is 50% of the employee's average compensation reduced by amounts payable from the Qualified and Supplemental Plans, 50% of the employee's primary Social Security benefit, and certain other adjustments set forth in the plan documents, if applicable. The Senior Plan provides a joint and survivorship benefit to an executive's surviving spouse generally equal to 50% of the executive's benefits from the Senior Plan. In addition, the Senior Plan pension benefits are increased by the amount of the actuarial reduction to benefits under the Qualified and Supplemental Plans if the executive elects the 50% joint and survivorship option under those plans.

The executive may elect any of the forms of payment available under the Senior Plan and Supplemental Plan, including a lump sum payment or the annuity form of payment.

If a participant in the Senior Plan and Supplemental Plan is a specified employee as defined in Code Section 409A, benefits payable upon termination of employment may not be paid in the first six months after retirement, but the first six months of benefits will be paid in a lump sum as soon as practicable thereafter.

As noted above, previously accrued benefits in the Senior Plan were required to be paid to participants as part of the Required NQ Plan Payments in connection with the Acquisition.

Health Insurance and Death Benefits

In general, salaried employees who retire at age 55 or later with at least 10 years of service may elect to continue to be covered under our health plan until age 65 by paying at least the same premium as active salaried employees. When the average per capita cost for our health plan exceeds \$10,000, as it did in 2014 and 2015, the retiree also must pay the amount by which our average per capita cost for the health plan exceeds \$10,000. On the first day of the month in which they become 65, salaried retirees who retired after age 55 with 10 or more years of service are eligible for a Medicare supplemental health care plan. We contribute \$20 per covered person per month toward the cost of that plan, but make no contributions if a retiree chooses to participate in another plan. Olin made the decision to discontinue providing retiree health insurance benefits for salaried employees hired after November 23, 2009.

Edgar Filing: OLIN CORP - Form DEF 14A

In general, salaried employees who retire from Olin under the Qualified Plan at age 55 or later with at least 10 years of service are eligible for a \$5,000 death benefit from the Qualified Plan. In addition, full-time employees with job responsibilities at a specified level (based on Hay Points) may retain a percentage of their life insurance coverage when they retire, based on age at retirement, with Olin paying the premiums.

The following table sets forth information with respect to our Supplemental CEOP for each of our NEOs for 2015:

- (1) Amounts in this column are included in the executives' salaries listed in column (c) of the Summary Compensation Table.
- (2) Amounts in this column are included in the amounts listed in column (i) of the Summary Compensation Table and represent company matching contributions and company contributions to the participants' Supplemental CEOP Defined Contribution Retirement Accounts.
- (3) Amounts in this column represent a lump sum payment of the NEO's account balance under the Supplemental CEOP, as part of the Required NQ Plan Payments, with amounts denominated in Olin common stock valued at \$20.1511, based on the value of Olin common stock over the 30-day period ending on October 5, 2015, the date the Acquisition was consummated, as calculated in accordance with the Supplemental CEOP.

In addition to our CEOP, discussed under the heading "COMPENSATION DISCUSSION AND ANALYSIS What We Pay and Why: Elements of Compensation Retirement Benefits," our Supplemental CEOP provides deferral and company matching opportunities to employees eligible to participate in the CEOP whose contributions to the CEOP are limited under the Code because their base pay exceeds the Code's compensation limit (\$265,000 for 2015). These employees can make pre-tax contributions to the Supplemental CEOP after their eligible compensation reaches the Code limit. For these purposes, eligible compensation generally includes base compensation but excludes incentive compensation. Employees who contribute to the Supplemental CEOP receive matching contribution credits from Olin at the same level Olin matches CEOP contributions. In addition, in connection with the pension plan freeze, Olin provides the same retirement contribution credits to the Supplemental CEOP as under the CEOP (5% or 7.5%, depending on the employee's age) on the amount of the excess eligible compensation. For these purposes, eligible compensation generally includes base compensation and short-term incentive compensation but excludes long-term incentive compensation.

Employees elect to have their contributions to the Supplemental CEOP invested in phantom shares of Olin common stock or phantom units in an interest bearing fund. Dividends are credited to the phantom stock account based on the dividend rate paid on shares of our common stock. Interest is credited to the phantom interest bearing fund at a rate determined quarterly equal to (i) the Federal Reserve A1/P1 Composite rate for 90-day commercial paper at the end of the last quarter plus 10 basis points, or (ii) such other rate as our board or committee (or any delegate thereof) selects in advance from time to time.

Distributions are paid in cash, in a lump sum or in annual installments for up to 15 years after retirement, at the employee's election. Our phantom shares of common stock are valued at the average daily closing prices of our common stock on the NYSE for the month before the distribution. Distributions from the interest bearing fund equal the dollar value of the participant's account (principal and interest). If a participant in the Supplemental CEOP is a specified employee as defined in Code Section 409A, benefit payments payable upon termination of employment

generally may not be paid in the first six months after retirement.

Table of Contents

As noted above, previously earned and deferred benefits in the Supplemental CEOP were required to be paid to participants as part of the Required NQ Plan Payments in connection with the Acquisition.

Potential Payments Upon Termination or Change in Control

Agreements with our NEOs provide compensation in the event of a termination of employment or a change in control of Olin. The following tables show estimated compensation payable to each NEO who was employed on December 31, 2015, upon various triggering events (assuming the event occurred on December 31, 2015). - Amounts in the tables assume an annual base salary at the level in effect on December 31, 2015.
- Messrs. Rupp and Pain are eligible for normal retirement (age 62), so amounts in both the Quit/Early Retirement and in the Normal Retirement columns represent amounts they would receive upon full retirement. Messrs. Fischer and McIntosh are not yet eligible for normal retirement, but are eligible for early retirement, and amounts in the Quit/Early Retirement column reflect amounts they would receive upon early retirement. Mr. Slater has met the vesting requirements, but is not yet eligible for early retirement, so the amounts reported for him under the Benefits and Perquisites section represent the present value of the benefits, assuming the benefits begin at age 65.
- For each executive with an Executive Agreement, upon termination without cause the executive is eligible to receive a contribution to the Supplemental CEOP Defined Contribution Retirement Account based on the amount of severance received. An executive whose employment terminates in connection with the sale of a business unit generally receives the benefits in this column, except that the executive's stock options may be exercised for two years beyond the date of termination (rather than one year), unless the employee is eligible for retirement in which case the executive's stock options would be exercisable through the term of the option.
- Olin may terminate an executive for cause if the executive (i) willfully fails to perform his or her duties; (ii) engages in gross misconduct that significantly injures Olin financially; (iii) commits a felony or fraud in the course of his or her employment; or (iv) willfully breaches Olin's Code of Conduct.
- Amounts for Messrs. McIntosh and Slater represent the amount they would receive on the best net after-tax payment approach contemplated by their change in control agreements, that reduces payments and benefits to the executive if the reduction would result in the executive receiving higher payments and benefits on a net after-tax basis. Without the forfeiture, the amounts for Messrs. McIntosh and Slater would have increased by \$457,338 and \$212,271, respectively. Benefits listed for the Senior Plan and Supplemental Plan (collectively, the defined benefit plans) and the Supplemental CEOP would be payable immediately upon a change in control (as defined under these plans). Because the NEOs are specified employees as defined in Code Section 409A, however, benefits may not be paid in the first six months after retirement, but will be paid in a lump sum as soon as practicable thereafter. The benefits reported represent the present value of the benefits under the defined benefit plans on December 31, 2015 and the market value of the phantom investments in the Supplemental CEOP account, plus a contribution to the Defined Contribution Retirement Account based on the amount of severance received. Footnote 8 describes the treatment of equity awards upon a change in control.
- For the NEOs other than Mr. Slater, severance payments for a termination without cause equal base salary plus a percentage (calculated as the executive's target bonus for the prior fiscal year divided by the executive's salary in effect at termination) of base salary. Under our standard severance policy, Mr. Slater would have received severance upon termination without cause in the amounts set forth above, based on his years of service and base pay at the time of termination. Under the agreements, in the event of a change in control, (a) Messrs. Fischer and McIntosh would have received severance payments equal to three times the executive's base salary plus the higher of his target incentive award under the SMICP or MICP or his average SMICP or MICP payment during the past three years, (b) Messrs. Rupp and Pain would have received a pro-rated portion of this payment, based on the remaining number of days until they attain age 66 divided by 1,095 days (three years), and (c) Mr. Slater would have received severance payments equal to two times the executive's base salary plus the higher of his target incentive award under the SMICP or MICP or his average SMICP or MICP payment during the past three years. The change in control agreements and the executive severance agreements are described under the heading Executive Severance and Executive Change in Control Agreements.

7. We have assumed payouts at the level of 25% of the target unvested performance shares and performance shares vested at December 31, 2015, but not yet paid. Under the performance share program, an executive whose employment terminates as the result of disability or retirement receives a pro rata share of unvested performance share awards (based on actual Olin performance for the full performance period and the number of months worked in the performance cycle) payable in

Table of Contents

cash at the time it would otherwise be payable. In the event of an executive's death before performance shares have vested, his estate receives a pro rata share of his target award in cash. An executive whose employment terminates for cause or without our consent does not receive any unvested performance awards. All unvested performance shares vest on a change in control and are paid in cash. The committee determines the amount, if any, of unvested performance awards to be paid and the form of payment (cash or stock or a combination) for an executive whose employment terminates for any other reason. Upon the executive's death, all unvested options vest automatically and his or her estate or heirs could exercise those options within the term of the option.

8. Amounts in this line represent a cash payout of all restricted stock, stock options and performance shares that were unvested at December 31, 2015. Under equity plans and severance agreements (a) all performance share awards would have vested and been paid upon a change in control (as defined for these awards), and (b) all restricted stock awards and options would have remained outstanding, and would accelerate and vest upon a change in control only if the acquirer does not assume or replace those equity awards or there is a termination of employment without cause or a constructive termination within three years after the change in control. Constructive termination occurs when the executive terminates his or her employment (after appropriate notice and an opportunity to cure) because (i) Olin requires the executive to relocate by more than fifty miles; (ii) Olin reduces or fails to increase the executive's base salary on a basis consistent with the salary system for executive officers in place before the change in control; (iii) Olin fails to maintain executive's incentive compensation plans or health, welfare and retirement plans on substantially the same basis as in effect prior to the change in control; or (iv) the executive is assigned duties inconsistent with the executive's position prior to the change in control, or Olin takes actions that result in a diminution of the executive's responsibilities or a substantial reduction in resources to carry out his duties.

9. Unused vacation for the current year is paid to all salaried employees and is therefore not included in this table. Medical benefits are provided to all salaried employees hired prior to November 23, 2009, who are eligible for early retirement. Messrs. Rupp and Pain are eligible for full retirement and Messrs. Fischer and McIntosh are currently eligible for early retirement, so no amount is reported for medical benefits. Under our standard severance policy, Mr. Slater would be eligible for healthcare coverage while receiving severance payments in the event of a without cause termination. In the event of a change in control, Mr. Slater would be eligible for healthcare coverage for 24 months at an estimated cost of \$46,000.

10. An executive may elect payment of benefits in any of the available payment forms under the defined benefit plans. Under the Supplemental Plan (applicable only to Mr. Slater) and the Qualified Plan, benefit payments are reduced on an actuarial basis, if the executive elects a form of payment other than a lifetime annuity. The Senior Plan (applicable only to Mr. Slater) provides a 50% joint and survivorship benefit without an actuarial reduction. In addition, pension benefits paid from the Senior Plan are increased by the amount of the actuarial reduction for a 50% joint and survivorship benefit under the Qualified Plan and the Supplemental Plan. The value of the 50% joint and survivorship benefit is reflected in the lump sum pension benefits in the table above with respect to the Senior Plan. The Qualified Plan and Supplemental Plan benefits above assume payment in the form of a joint and survivorship benefit. The executive may also elect to receive benefits from the Senior Plan and the Supplemental Plan in the form of a lump sum. Any payment payable upon termination of employment is paid six months after termination of employment to comply with Code limitations. The value of these benefits is determined using a discount rate that is equal to the rate for a zero coupon Treasury strip, with a maturity that approximates the executive's life expectancy, determined approximately at the time the lump sum is due to be paid and the RP2014 Blue Collar Mortality Tables for Annuitants and Employees with the Social Security Administration 2014 Intermediate Cost Projections Mortality Improvement Scale (projected from 2007). Except with respect to a change in control, the benefits reported for the Senior Plan and Supplemental Plan are based on these assumptions and also include six months of payments in recognition of the deferral of the commencement of benefits required by Code Section 409A.

In the event of a change in control (as defined under the Senior Plan and the Supplemental Plan), each executive participating in the relevant plan receives a cash payment in an amount equal to the cost to purchase an annuity that pays benefits to the executive in an amount such that the annuity payments (together with the monthly payment to the executive from the Qualified Plan) provide the executive with the monthly after-tax benefit he or she would have received under the plans. The amounts in the table represent this lump sum cash payment.

Table of Contents

The benefit amounts reported in each of the columns above assume a 50% joint and survivorship benefit and use the discount rate applicable for the situation described and the RP2014 Blue Collar Mortality Tables for Annuitants and Employees with the Social Security Administration 2014 Intermediate Cost Projections Mortality Improvement Scale (projected from 2007). If the participating executive instead elects annual payments for his or her lifetime, he or she would receive an annual amount from each of the defined benefit pension plans as follows:

* Messrs. Rupp and Pain are currently eligible for normal retirement (age 62) at this time, so the amounts in this column represent the amounts they would have received had they retired on December 31, 2015. Messrs. Slater, Fischer and McIntosh are not eligible for normal retirement.

11. As discussed above, amounts under the Supplemental CEOP that were previously accrued through October 5, 2015, were paid out in 2015 in connection with the Acquisition and so this balance represents amounts accrued after October 5, 2015.

Payments Upon Death or Disability

Upon the death of a former executive, unless the executive elects to receive the cash value of his or her life insurance at retirement, his or her estate receives life insurance benefits provided the former executive was at least age 55 when employment terminated. All eligible NEOs have attained the age of 55, except Mr. Slater. The amount of life insurance is based on the executive's age and base salary at the time of termination of employment. Set forth below are the amounts of life insurance coverage for each of the NEOs as of December 31, 2015:

<u>NEO</u>	<u>Life Insurance Amount</u>
Joseph D. Rupp	\$ 500,000
Todd A. Slater	N/A
John E. Fischer	\$ 163,000

Edgar Filing: OLIN CORP - Form DEF 14A

John L. McIntosh	\$ 173,000
George H. Pain	\$ 227,000

An executive whose employment terminates in connection with a disability would receive disability benefits equal to 60% of base salary until the executive is no longer disabled, elects to take early retirement benefits or reaches age 65 (except in the case of an employee who is over 61 at the time the disability occurs). If the disability occurs after age 61, the maximum benefit duration extends from 6 to 48 months depending on the executive's age. Messrs. Rupp, McIntosh and Pain have elected to pay additional premiums to increase their disability coverage to 75% of base salary. Messrs. Slater and Fischer have elected the 60% level of coverage.

Executive Severance and Executive Change in Control Agreements

CIC Agreements. We have executive change in control agreements with the NEOs and ten other executive officers. We refer to all of these agreements as CIC agreements, and they are identical, except that (i) the CIC agreements for Mr. Slater and the nine other executives provide for payments upon a qualifying termination after a change in control at a lower level than the other CIC agreements; and (ii) the CIC agreements with the four executives who executed Retention Agreements upon joining Olin from Dow (such agreements discussed below) provide for payments under the CIC agreements to be reduced by payments under the Retention Agreements.

All of the CIC agreements:

- require a double trigger (change in control and termination or constructive termination) for early vesting of stock options and restricted stock awards, unless the acquirer fails to assume or replace those awards;
- eliminate all gross-up for golden parachute excise taxes, substituting a best net after-tax payment approach that reduces payments and benefits to the executive if the reduction would result in the executive receiving higher payments and benefits on a net after-tax basis;
- condition receipt of severance and other termination benefits on a release of claims by the executive;
- contain restrictive covenants that prohibit (i) solicitation and hiring of our employees, (ii) disclosure of certain information relating to our customers and (iii) disparaging us or our business; and
- include a provision to allow our board to determine that certain transactions, such as the Acquisition, would not constitute a change in control for purposes of these agreements, a right our board exercised in connection with the Acquisition.

In January 2014, we also amended the provisions of our equity plans to (i) require a double trigger for early vesting of all equity awards (other than awards the acquirer fails to assume or replace and performance shares), (ii) eliminate excise tax gross-ups and (iii) conform the definition of change in control to the definition in the CIC agreements, including the ability of our board to determine that certain transactions, such as the Acquisition, would not constitute a change in control for purposes of these plans, a right our board exercised in connection with the Acquisition.

The current term of the CIC agreements is scheduled to expire on January 26, 2019, but renew annually for an additional year unless we provide notice that the term will not be extended. The CIC agreements contain an extensive definition of change in control, but generally a change in control occurs if:

- (1) a person or entity acquires beneficial ownership (as defined in the Exchange Act) of 20% or more of our common stock **unless** (a) the acquiring party is Olin, our subsidiaries or our benefit plans, an underwriter holding the shares temporarily for an offering, or a group that includes the executive who is a party to the CIC agreement or an entity that such executive controls, (b) the percentage increase occurs solely because the total number of shares outstanding is reduced by Olin repurchasing its stock or (c) the acquisition is directly from Olin;

Edgar Filing: OLIN CORP - Form DEF 14A

- (2) a majority of our board members change (other than new members elected or nominated by at least 2/3 of the then-current board, unless such new member became a director pursuant to an actual or threatened proxy contest or similar dispute);

Table of Contents

- (3) we (or any of our subsidiaries) sell all or substantially all assets, or merge or engage in a similar transaction, unless, immediately following such transaction, (a) our shareholders own a majority of the voting interest of Olin or its successor (in approximately the same ratios as before the transaction) and (b) neither of the events described in items (1) or (2) above has occurred for Olin or its successor; provided that a transaction that would otherwise constitute a change in control under this item (3) will not be considered a change in control if: (i) at least a majority of our board members immediately before the transaction remain as board members after the transaction, (ii) at least 75% of our executive officers immediately before the transaction remain as executive officers after the transaction, and our board members at the time of approval of the transaction determine in good faith that such executive officers are expected to remain as executive officers for a significant period after the transaction, and (iii) 2/3 of such board members determine that the transaction shall not be deemed to be a change in control; or
- (4) our shareholders approve a plan of complete liquidation or dissolution of Olin.

As described above, in connection with the Acquisition, which would otherwise satisfy the definition of change in control, our board exercised its right under item (3) above to determine that the Acquisition was not a change in control for purposes of the CIC agreements and the equity plans.

If, during the three years after a change in control (or in anticipation of a change in control) the executive's employment is terminated without cause or for good reason, as defined in the CIC agreements, the executive will receive:

- a lump sum cash severance payment of three times (for Messrs. Rupp, Fischer, McIntosh and Pain) or two times (for Mr. Slater and the nine other executives), (i) the executive's base salary plus (ii) the higher of the average annual SMICP payment received by the executive for the last three calendar years or the executive's target SMICP bonus for the year of termination;
- 36 months (24 months for Mr. Slater and the nine other executives) of retirement plan contributions under our defined contribution plans, based on the executive's severance payment;
- 36 months (24 months for Mr. Slater and the nine other executives) of coverage under our medical, dental and life insurance plans, followed by coverage pursuant to COBRA (and, if eligibility requirements are met, participation in our post-retirement medical and dental plans until age 65 on the same basis as similarly situated employees of Olin);
- if termination of employment occurs after the first calendar quarter of any year, the executive's pro rated target SMICP or MICP bonus for the year of termination; and
- 12 months of outplacement services.

Payments under the first three items above are pro rated if the executive is within 36 months (24 months for Mr. Slater and the nine other executives) of any mandatory retirement age applicable to him or her, based on the remaining number of days until such age.

To receive these benefits the executive must execute a waiver and release of claims against Olin and its affiliates within a specified period after termination of employment. In addition, if employment is terminated without cause or for good reason during the three-year period after a change in control, the executive would be subject to restrictive covenants until the earlier of one year after termination or any mandatory retirement age applicable to that executive. The executive, regardless of the circumstances of termination, would also be prohibited from disclosing our trade secrets and other confidential information.

Table of Contents

Performance shares vest automatically upon a change in control (as defined in the CIC agreements) with or without a termination of employment, and are paid at target levels, in accordance with the applicable plan and award documents. If the other equity awards (options and restricted stock awards) are not assumed by the acquirer or replaced with comparable benefits, these equity awards also vest upon the change in control, with or without termination of employment. The provisions of our equity plans with respect to vesting of equity awards upon a change in control mirror these provisions of the CIC agreements.

The CIC agreements also provide that if any payments made to the executive would subject the executive to the excise tax under Code Section 4999, payments under the CIC agreements will be the amount that produces the greatest after-tax benefit to the executive, taking into account any such excise tax.

Executive Agreements. In addition to the CIC agreements, Messrs. Rupp, Fischer, McIntosh and Pain and two other executives currently have executive severance agreements (executive agreements). These agreements extend until January 26, 2019, and by their terms renew annually for an additional year unless we provide notice that the term will not be extended. An additional four executives have executed retention agreements (described below), which contain severance benefits different from, and in lieu of, the benefits provided in the executive agreements.

Under the executive agreements if the executive's employment is terminated (in a non-change in control event) by Olin without cause, the executive will receive, in lieu of severance benefits under any other Olin severance plans or programs:

- (1) cash installment payments (which we refer to as the executive severance amount) equal to (a) twelve months salary plus (b) a percentage (calculated as the executive's target bonus for the prior year divided by the executive's salary in effect at termination) of base salary;
- (2) 12 months of retirement contributions to all Olin defined contribution plans based on the amount of the cash installment payments (the executive will be treated as if he or she had remained employed for service purposes for 12 months after the termination);
- (3) 12 months of medical, dental and life insurance coverage for the executive and dependents; and
- (4) the same outplacement services and pro rated annual incentive compensation award provided under the CIC agreement.

Payments under the items above are pro rated if the executive is within 12 months of any mandatory retirement age applicable to him or her, based on the remaining number of days until such age.

The executive must sign a waiver and general release of claims and agree to one-year noncompetition and non-solicitation covenants to receive any severance payments and other benefits. Such severance payments and other benefits under the executive agreements are not available if the executive is terminated for cause, defined as any willful misconduct or willful breaches of the executive's duties.

If, in connection with the sale or transfer of an Olin business or assets to a third party or to a joint venture, the executive becomes an employee of the buyer or joint venture, the executive agreement continues to apply to any termination from the new employment for 12 months. Payments by Olin are reduced for any cash severance or similar benefits from such buyer or joint venture.

Table of Contents

Retention Agreements. Four executives who joined Olin from Dow in connection with the Acquisition hold Executive Retention Agreements (Retention Agreements) that extend until October 5, 2018. The Retention Agreements:

- set the executive's minimum base salary as the salary with Dow immediately prior to the Acquisition;
- provide for performance-based annual cash incentives with a target value no less than that provided to the executive by Dow immediately prior to the Acquisition (with a maximum bonus up to 200% of that target value);
- provide for eligibility to receive annual equity incentive awards with an aggregate grant date fair value that is no less than the aggregate grant date fair value of equity-based compensation provided to the executive by Dow immediately prior to the Acquisition;
- provide for a 2016 cash or equity-based award equivalent to the grant date fair value of any equity or equity-based compensation forfeited by the executive as a result of terminating employment with Dow;
- award cash retention bonus payments on October 5, 2017 and October 5, 2018 with a value equal to 75% of the executive's salary and annual cash incentives as of each retention date;
- make each executive eligible for benefits with a value substantially comparable to what the executive received at Dow; and
- contain restrictive covenants that prohibit (i) competing with Olin; (ii) disclosure of confidential information; and (iii) disparaging us or our business.

Under the Retention Agreements, if the executive's employment is terminated (in a non-change in control event) by Olin without cause or by the executive for good reason, the executive will receive:

- (1) cash severance and continued welfare benefits equal to the greater of what the executive would have received from Dow and what the executive is eligible to receive under Olin's applicable severance plan;
- (2) a pro rated performance-based annual cash incentive based on the average payout for all participants in the cash incentive plan;
- (3) any retention bonus payments owed to the executive; and
- (4) any accrued and unused vacation or any other amounts or benefits required to be paid or that the executive is eligible to receive.

As a condition to receiving these termination benefits, the executive must execute a complete release of claims in favor of Olin, and comply with certain restrictive covenants for one year after termination. These benefits are in lieu of severance benefits under any other Olin severance plans or programs and are not awarded if the executive is terminated for cause. The Retention Agreements define cause in generally the same manner as the executive agreements, but include unsatisfactory performance, dishonesty, unethical conduct, insubordination, or violation of company rules, in the definition. In the event of a termination following a change in control that entitles the executive to severance, any severance payments will be reduced by the value of any accelerated retention bonus payments the executive receives.

Treatment of Equity Awards Under Plans

Retirement. When an employee retires:

- vested stock options may be exercised for the remaining option term;
- vested but unpaid performance shares will be paid as specified in the performance share program; and
- the retired employee receives a pro rata payout in cash of any unvested performance share award at such time it would otherwise be paid.

The committee has discretion to waive vesting periods for restricted stock and restricted stock units.

Change in Control. As noted above, our various equity plans provide that options and restricted stock awards vest upon a change in control (as defined in the CIC agreements) only if there is also a termination of employment or constructive termination, and the acquiring company fails to assume these awards or substitute equivalent awards. Outstanding performance shares vest and are paid upon a change in control. The plans do not include excise tax gross-up provisions.

Pension Plans

Qualified Plan. The Qualified Plan provides that if, within three years after a change in control (as defined in the Qualified Plan), any corporate action is taken or filing made in contemplation of events such as a plan termination or merger or other transfer of assets or liabilities of the plan, and such event later takes place, plan benefits automatically increase to absorb any surplus plan assets. Under the Qualified Plan, a change in control occurs if:

- a person or entity acquires control of 20% or more of our common stock;
- a majority of our board members change in a two-year period (other than new members nominated by at least 2/3 of the then-current board);
- all or substantially all of our business is sold through a merger or other transaction unless Olin is the surviving corporation or our shareholders own a majority of the voting interest of the new company; or
- our shareholders approve a sale of all or substantially all of our assets or the dissolution of Olin.

Supplemental Plan and Senior Plan. In the event of a change in control (defined in a manner compliant with Code Section 409A), we must pay a cash amount sufficient to purchase an annuity that provides the monthly after tax benefit the employee would have received under the Supplemental Plan and the Senior Plan. Those payments would be based on benefits accrued as of the change in control. Benefits were frozen at the end of 2007, although continued employment counts toward years of service for vesting and early retirement eligibility. As described above, as a result of the Acquisition, Required NQ Plan Payments of amounts accrued through October 5, 2015, were made under these two plans in 2015.

DIRECTOR COMPENSATION

In 2015, our compensation package for non-employee directors consisted of:

- an annual retainer of \$70,000 (\$80,000 for 2016), of which at least \$35,000 (\$40,000 in 2016) must be taken in shares of common stock;
- phantom stock units with an aggregate fair market value equal to \$75,000 (\$115,000 in 2016), rounded to the nearest 100 shares which are credited to a deferred account and not paid out until the director leaves the board (or an earlier change in control);
- a fee of \$2,500 per board meeting and committee meeting attended, or \$1,250 for in-person board or committee meeting attended telephonically;
- a \$25,000 annual fee for the Lead Director and an additional \$2,500 for each meeting he attends with management to prepare for board/committee meetings;
- a \$10,000 annual fee for the chair of each of the compensation and directors and corporate governance committees, and a \$15,000 annual fee for the audit committee chair;
- reimbursement for expenses incurred in the performance of their duties as directors;
- participation in a charitable gift program, where we make a 50% matching contribution (up to \$5,000 per year) for the director's gifts to charities that meet the requirements of Code Section 501(c)(3); and
- director liability insurance, personal excess liability coverage of \$5 million per director, and coverage under our business travel accident insurance policy while on Olin business.

Fair market value for determining the number of shares included in all phantom stock and common stock awards described above is equal to the average of the high and low sale prices of our common stock on the second Thursday in May of the applicable year.

Each of Olin's non-employee directors participates in the Directors Plan, under which the stock and phantom stock amounts are paid. In addition to the phantom stock which must be deferred, a director may elect to defer other payments (cash and/or shares of our common stock). Amounts deferred in respect of common stock are credited as phantom shares of our common stock. As noted above, the Acquisition constituted a change in control for purposes of the Directors Plan. As a result, we were required to pay each of Olin's non-employee directors the balance of the director's deferred accounts under the Directors Plan, as a lump-sum cash amount. The value of the phantom shares was based on \$19.95, the daily average of the high and low prices per share of our common stock over the 30-day period ending on October 5, 2015 (the date the Acquisition was consummated).

Table of Contents

The following table shows all cash and stock retainers, meeting fees and other compensation we paid to each of our non-employee directors during 2015. Each of the directors listed below served for the entire year, except Mr. Weideman and Ms. Williams who became directors effective October 5, 2015.

(1) This column represents the grant date fair value of 2015 stock awards to directors calculated in accordance with ASC Topic 718. These stock awards are deferred as stock units. A director can elect to defer additional portions of his or her compensation in stock units as well. The following table lists the phantom stock units held by each director in his or her deferred stock account at December 31, 2015 (payable upon the director's retirement from our board, or a later date selected by the director, in cash or stock at the director's election, or upon an earlier change in control). As described above, amounts held in the deferred stock account as of October 5, 2015, were required to be paid out in cash in connection with the Acquisition.

Name	Total Deferred Stock Account Balance (in Shares)*
Gray G. Benoist	0

John M. B. O Connor	0
Richard M. Rompala	0
Philip J. Schulz	0
Vincent J. Smith	0
William H. Weideman	1,300
Carol A. Williams	1,603

* Total includes stock awards of the type listed in column (c) above, additional amounts a director elects to defer in stock units and dividend equivalents on stock units held in the deferred stock account.

Table of Contents

- (2) Consists of (i) the fair value of dividend equivalents paid to directors in 2015 on all Olin deferred stock units amounts, determined under ASC Topic 718, (ii) amounts we contributed in 2015 to charities on behalf of directors under our matching charitable gifts program available to all employees and directors, and (iii) the Required NQ Plan Payment under the Directors Plan, as follows:

Name	Dividend Equivalents Paid on Deferred Stock Units	Charitable Gift Matching Contributions	Required NQ Plan Payment
Gray G. Benoist	\$ 20,342	\$ 0	\$ 1,129,491
Donald W. Bogus	\$ 27,945	\$ 0	\$ 1,018,288
C. Robert Bunch	\$ 43,930	\$ 5,000	\$ 1,549,812
Randall W. Larrimore	\$ 40,089	\$ 4,980	\$ 1,367,543
John M. B. O Connor	\$ 25,978	\$ 0	\$ 898,359
Richard M. Rompala	\$ 75,126	\$ 0	\$ 3,917,355
Philip J. Schulz	\$ 27,416	\$ 5,000	\$ 962,051
Vincent J. Smith	\$ 14,220	\$ 0	\$ 507,408
William H. Weideman	\$ 0	\$ 0	\$ 0
Carol A. Williams	\$ 0	\$ 0	\$ 0

Differences in the amounts shown above among directors for dividend equivalents reflect the number of shares held as deferred stock units. Messrs. Benoist, Rompala and Schulz elected to receive their dividend equivalents in the form of additional deferred stock units, while the other directors elected to receive the dividend equivalent payments in cash (current or deferred). Does not include perquisites and other personal benefits which did not exceed, in the aggregate, \$10,000 for any director.

The board of directors determines the total amounts of the annual retainer, meeting, lead director and board/committee chair fees, based on recommendations from the committee and input from Exequity. All stock-based compensation for our directors is governed by the Directors Plan. The annual stock grant, retainer stock grant and cash retainer are paid for the 12-month period running from May 1 to April 30, with payments made on the second Thursday in May, after Olin's annual shareholder meeting in April.

Under the Directors Plan, directors may choose to receive common stock instead of cash for any portion of their compensation. Directors may also elect to defer payments (cash or stock). We credit their deferred accounts with quarterly interest (on the cash portion) and with dividend equivalents (on the phantom stock portion). Phantom stock units are paid out in shares of our common stock or, at the director's election, in cash. We also pay the balance of any deferred account to the director if there is a change in control generally if:

- a person or group acquires 40% or more of our assets, 30% or more of our stock, or a majority of the market value or voting power of our stock, or
- a majority of our board members are not endorsed by the directors in office at the time of election.

As described above, the Acquisition was a change in control under the Directors Plan and all deferred common stock and deferred cash accounts as of October 5, 2015 were therefore required to be paid out in cash.

We have stock ownership guidelines for our non-employee directors where each such director is expected to own shares of our common stock with a market value of at least five times the amount of the annual retainer, within five years after the director joins our board. Each non-employee director met these guidelines immediately before the Acquisition, and is in compliance with these guidelines as of March 1, 2016.

COMPENSATION COMMITTEE REPORT

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on the review and discussions, recommends that it be included in Olin's 2015 annual report on Form 10-K and Proxy Statement for the 2016 Annual Shareholder Meeting.

ITEM 2 PROPOSAL TO APPROVE THE OLIN CORPORATION 2016 LONG TERM INCENTIVE PLAN AND APPROVE THE PERFORMANCE MEASURES PURSUANT TO SECTION 162(m) OF THE INTERNAL REVENUE CODE

The board of directors proposes that the shareholders approve the Olin Corporation 2016 Long Term Incentive Plan, or 2016 LTIP, as adopted by the board on February 26, 2016, and approve the performance measures included in the 2016 LTIP pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code").

The principal features of the 2016 LTIP are summarized below. The summary is not intended to be a complete description of the 2016 LTIP, and you should review the entire 2016 LTIP, a copy of which is included in this Proxy Statement as Appendix A.

General Nature and Purpose

The principal purposes of the 2016 LTIP are to (a) attract and retain employees, (b) provide competitive compensation packages to participants, (c) motivate participants to achieve long-range goals, and (d) further align participants' interests with those of Olin's shareholders.

Edgar Filing: OLIN CORP - Form DEF 14A

Under the 2016 LTIP, a maximum of 6,000,000 shares of Olin common stock, referred to as common stock in this summary, are authorized for issuance upon exercise or granting of options, stock appreciation rights (SARs), restricted stock, restricted stock units, performance shares and other stock-based awards (collectively, awards). In addition, a maximum of 2,500,000 shares may be full value awards (restricted stock, restricted stock units, performance shares and other full value stock-based awards).

The LTIP provides that any non-exempt employee of Olin or a subsidiary is eligible to participate in the plan. Historically, the number of participants in any year has been in the 100-person range and that is expected to approximately double as the result of the Acquisition. Awards are made to officers and certain other senior-level employees annually as part of their overall compensation package. In addition, one-time special awards are made to other employees to recognize specific performance.

The board considered a number of factors in determining the number of shares of Olin common stock to be included in the 2016 LTIP for approval, including:

- the significant increase in the number of our employees as the result of the Acquisition;

Table of Contents

- the historic burn rate associated with Olin equity compensation;
- the potential dilutive impact of the issuance of shares under the LTIP on our stockholders; and
- projections regarding future share usage.

Burn rate measures our usage of shares for our stock plans as a percentage of our outstanding stock. For 2015, 2014, and 2013, our burn rate was 0.94%, 0.94%, and 1.01%, respectively. The rates were calculated by dividing the number of shares subject to awards granted during the fiscal year net of forfeitures and cancellations by the weighted average number of shares outstanding during the fiscal year. We have been advised by independent consultants that our average annual burn rate of 0.97% over this three-year period is considered reasonable by most institutional stockholders.

The board believes that the historic and proposed levels of dilution and burn rates are reasonable and in line with those of peer companies.

Performance-Based Awards

Code Section 162(m) denies the deduction for certain compensation in excess of \$1 million per year paid by a public company to the CEO and the four highest compensated officers other than the CEO. Certain types of compensation, including compensation based on performance measures, are excluded from this deduction limit. In order for compensation to qualify for this exception, among other things, (i) the compensation plan must provide for a limit on the compensation to be paid to each executive and (ii) the performance measures must be disclosed to and approved by shareholders in a separate vote prior to payment. As discussed below, the 2016 LTIP provides for limits on the amount of awards to be paid to any participant.

The 2016 LTIP provides that awards designated by the committee as being performance-based shall have as performance measures one or more of the following:

- pre-tax profit;
- earnings per share;
- economic value added (EVA);
- cash flow (including operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment);
- net income or net earnings (before or after taxes);

Edgar Filing: OLIN CORP - Form DEF 14A

- operating profit;
- return measures (such as return on equity, capital, invested capital, assets, net assets, revenue, or sales);
- earnings before interest, taxes, depreciation and amortization (EBITDA);
- revenues;
- share price (including growth measures and total shareholder return);
- net sales or revenue growth;

Table of Contents

- productivity ratios;
- expense targets;
- margins (including gross and operating margins);
- operating efficiency;
- market share;
- customer satisfaction; and
- working capital targets and changes in working capital.

Administration

The board designated the compensation committee to administer the 2016 LTIP. The committee has full power to interpret the 2016 LTIP, including to determine eligibility for awards, and to adopt rules, forms and guidelines under the 2016 LTIP. Each member of the committee must be (i) a non-employee director for purposes of Rule 16b-3 under the Exchange Act (Rule 16b-3), (ii) an outside director for purposes of Code Section 162(m), and (iii) independent under the NYSE listing criteria. The full board also may elect to take any action under the 2016 LTIP that would otherwise be the responsibility of the compensation committee. The committee may delegate partial or full authority to one or more members of Olin's management under the 2016 LTIP with respect to eligible employees who are not officers for purposes of Section 16(b) of the Exchange Act.

Subject to the terms and conditions of the 2016 LTIP, the committee has the authority to select the employees to whom awards are to be made, to determine the number of shares to be subject to awards and the terms and conditions of awards, and to make all other determinations and to take other actions necessary or advisable for the administration of the 2016 LTIP (other than to reprice outstanding options). The committee may at any time suspend or terminate the 2016 LTIP. Shareholder approval is required to reprice options. Shareholder approval is also required to increase the maximum number of shares subject to awards or other award limits or to reduce the minimum option exercise price, except that the committee is allowed to make appropriate proportionate adjustments for stock dividends, stock splits or similar events as allowed in Section 4(b) of the 2016 LTIP.

Eligibility

Awards under the 2016 LTIP may be granted to employees of Olin (or any current or future subsidiaries) selected by the committee for participation in the 2016 LTIP.

Awards

The 2016 LTIP provides that the committee will specify the type, terms and conditions of the award. Each award may be set forth in a separate agreement with the person receiving the award.

The 2016 LTIP provides that:

- awards covering not more than 6,000,000 shares may be granted under the 2016 LTIP;

Table of Contents

- no more than 2,500,000 shares may be subject to full value awards (restricted stock, restricted stock units, performance shares and other full value stock-based awards);
- no more than 750,000 shares may be subject to options granted to any one individual in a calendar year;
- no more than 750,000 shares may be subject to SARs granted to any one individual in a calendar year;
- no more than 750,000 shares may be subject to restricted stock and restricted stock units granted to any one individual in a calendar year;
- no more than 750,000 shares may be subject to performance shares granted to any one individual in a calendar year; and
- no more than 750,000 shares may be subject to other stock-based awards granted to any one individual in a calendar year.

Shares exchanged or withheld to pay the purchase or exercise price of an award (including shares withheld to satisfy the exercise price of a SAR settled in stock) or to satisfy tax withholding obligations count against the numerical limits.

The 2016 LTIP allows for grants of options, or the right to purchase common stock at a specified price. Options may be nonqualified stock options (NQSOs) or Incentive Stock Options (ISOs). No option exercise price may be less than the fair market value on the date of grant, which, unless the committee determines otherwise, is the closing price of Olin stock on such date. The closing price of Olin stock as of February 12, 2016 was \$13.02. The option will become exercisable (at the discretion of the committee) in one or more installments on or after the grant date, subject to the participant's continued employment with Olin.

ISOs will be designed to comply with certain restrictions contained in the Code. ISOs may be subsequently modified to disqualify them from treatment as ISOs. In the case of an ISO granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all classes of stock of Olin, the exercise price must be at least 110% of the fair market value of a share of common stock on the date of grant, and the ISO must expire no later than the fifth anniversary of the date of its grant.

Restricted stock refers to stock that is subject to risk of forfeiture or other restrictions as the committee determines. Such restrictions will lapse under such circumstances as the committee may determine, including upon the achievement of performance criteria referred to above. In general, restricted stock may not be sold, or otherwise transferred or hypothecated, until the restrictions (if any) are removed or expire. Recipients of restricted stock may have voting rights and receive dividends paid with respect to such stock prior to the time when the restrictions lapse, as determined by the committee.

A restricted stock unit entitles the holder to receive shares of common stock or cash at the end of a specified deferral period but does not entitle the holder to any voting rights. If the committee determines, holders of unvested restricted stock units may receive dividends or dividend equivalent payments.

Edgar Filing: OLIN CORP - Form DEF 14A

The committee may issue shares of restricted stock or restricted stock units up to an aggregate 5% of the total number of shares available for issuance under this plan without any minimum vesting period. Grants of restricted stock and restricted stock units above that level must include a minimum one-year vesting period for performance-based grants and a minimum three-year vesting period for grants without any performance-based component.

Table of Contents

Performance shares provide for future issuance of shares to the recipient upon the attainment of corporate performance goals established by the committee over specified performance periods. Prior to payment of performance shares the committee will certify that the performance objectives were satisfied. Performance objectives may vary from individual to individual and will be based upon one or more performance criteria the committee may deem appropriate, including the criteria described above.

SARs may be granted in connection with stock options or separately, and are payable in cash. The term of a SAR may not exceed ten years. A SAR entitles the holder to receive with respect to each share subject to the SAR, an amount equal to the excess of the fair market value of one share of common stock on the date of exercise over the exercise price of the SAR set by the committee as of the date of grant. Except as required by Code Section 162(m), there are no restrictions specified in the 2016 LTIP on the amount of gain realizable from the exercise of SARs, although restrictions may be imposed by the committee.

Dividend equivalents represent the value of any dividends per share paid by Olin, calculated with reference to the number of shares covered by the awards held by the participant. This value is converted into cash or additional shares of common stock, as determined by the committee. Payment may be made concurrently with actual dividend payments or may be deferred, at the election of the committee.

The committee may make other stock-based awards in such amounts and subject to such terms and conditions as the committee shall determine.

General

Method of Exercise. To exercise an option, the optionee must deliver to Olin a notice of exercise and full payment for the shares. The option price may be paid in cash, or by tendering shares of common stock already issued or issuable upon exercise of the option or by any other form of payment, which is approved by the committee and is consistent with the 2016 LTIP and applicable law, or by any combination of the above.

Termination of Employment. Awards terminate upon termination of the participant's employment by Olin for cause or by the employee without Olin's written consent. Vested options held at the time an optionee's employment terminates for any other reason (excluding retirement) may be exercised for three months after termination, or such longer period as the committee provides. Vested options held at the time an optionee's employment terminates due to retirement may be exercised at any time until the expiration date of the option, or such shorter period as the committee provides at the time of the termination. In no event, however, can an option be extended beyond the expiration date.

Non-Compete. If a participant renders service to a competitor of Olin, or discloses confidential information without Olin's consent, or violates other terms of the 2016 LTIP, generally the committee may terminate any unvested, unpaid or deferred awards held by the participant, or may require the participant to forfeit benefits received under the 2016 LTIP within the six months prior to such action.

Non-Transferability. Options may be transferred only by will or by the laws of descent and distribution, and during a participant's lifetime are exercisable only by the participant. However, the committee may in its discretion permit transfers by gift to a member of the holder's family members or related entities or pursuant to certain domestic relations orders.

Table of Contents

Change in Control. In the event of a Change in Control of Olin (except for performance shares, which will become immediately and fully vested), the vesting of awards will only be accelerated if:

- the acquiring company does not continue your restricted stock units (or a comparable award) after the Change in Control; or
- your employment is terminated (or in certain cases, constructively terminated) upon or following the Change in Control.

A Change in Control occurs if:

- the incumbent directors (or their successors approved by at least two-thirds of the incumbent directors) cease to constitute at least a majority of the members of the board (except directors initially added to the board as a result of a threatened election contest);
- a person or group of persons other than Olin, a subsidiary, employee benefit plan (or related trust) of Olin or a subsidiary, the participant or any group including the participant, or an underwriter on a temporary basis, becomes the beneficial owner (as that term is defined under Rule 13d-3 of the Exchange Act), of 20% or more of Olin's then-outstanding voting stock;
- Olin or a subsidiary consummates a merger or similar transaction or sells all or substantially all of its assets to an unaffiliated entity, unless immediately following such transaction: (1) more than 50% of the total voting power of the surviving entity or of the acquiring entity is represented by Olin common stock or securities into which such shares were converted, (2) no person (other than an employee benefit plan sponsored or maintained by the surviving entity or the acquiring entity) becomes the beneficial owner of 20% or more of the total voting power and (3) at least a majority of the members of the board (or similar body) of the surviving entity or the acquiring entity were incumbent directors of Olin's board at the time Olin's board approved the initial agreement for such transaction; or
- Olin's shareholders approve a plan of complete liquidation or dissolution of Olin.

ERISA. The 2016 LTIP is neither a qualified pension, profit sharing or stock bonus plan under Code Section 401(a) nor an employee benefit plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Adjustments Upon Change in Capitalization. If the outstanding shares of common stock are changed into or exchanged for a different number or kind of shares of Olin or other securities of Olin by reason of merger, consolidation, recapitalization, stock split, stock dividend, combination or exchange of shares, split-up, split-off, spin-off or other similar change in capitalization or any distribution to shareholders other than cash dividends, the committee will make an appropriate and equitable adjustment in the number, kind and prices of shares as to which all outstanding awards will be awarded, including adjustments to the limitations on the maximum number and kind of shares subject to the award limits.

Changes from 2014 LTIP. The 2016 LTIP is modeled after our current 2014 LTIP, approved by shareholders at the 2014 annual meeting. The only substantive changes from the 2014 LTIP are:

Edgar Filing: OLIN CORP - Form DEF 14A

- An increase in the number of shares subject to the plan from 3 million to 6 million and appropriate increases in the various caps on different types of awards;

Table of Contents

- Addition of a one-year minimum period of employment after the grant date before any award vests, except for an aggregate of up to 5% of the shares available under the 2016 LTIP; and
- Clarification that all awards are subject to any compensation clawback or recoupment policy of Olin, regardless of when such policy may be adopted.

Amendment. The compensation committee generally may amend the 2016 LTIP, except for amendments that would increase the total number of shares available for awards or for any category of awards, reduce the minimum option exercise price, or permit repricing of options (other than such amendments made pursuant to permitted adjustments under the 2016 LTIP).

Benefits Under 2016 LTIP

No awards have been granted under the 2016 LTIP, so that benefits accruing pursuant to the 2016 LTIP are not presently determinable.

Federal Income Tax Consequences

We believe that under present law, the following discussion summarizes the U.S. federal income tax consequences generally arising with respect to awards under the 2016 LTIP.

Stock Options. The grant of a NQSO is not a taxable event either for the optionee or for Olin. Upon exercise of a NQSO, the optionee will recognize ordinary income in an amount equal to the excess of the fair market value of the shares of common stock acquired upon exercise, determined at the date of exercise, over the exercise price of such option. Olin will be entitled to a business expense deduction equal to such amount.

An optionee recognizes no taxable income upon the grant or exercise of an ISO, although payment of the option price with shares of common stock may result in taxable income on the transfer of the shares. The payment in shares will not affect the favorable tax treatment of the common stock received as a result of exercising the option. If an optionee meets the various holding period requirements, any gain or loss on the subsequent disposition of such common stock will be taxed to the optionee as long-term capital gain or loss, and Olin will not be entitled to a deduction. To the extent that an optionee recognizes ordinary income by reason of failing to meet those requirements, Olin will be entitled to a corresponding business expense deduction.

Restricted Stock and Restricted Stock Units. A holder of restricted stock generally will recognize ordinary income in an amount equal to the fair market value of the common stock upon lapse of the restrictions. A holder of restricted stock units generally will recognize ordinary income in an amount equal to the fair market value of the common stock upon issuance of the shares (or upon receipt of the cash payment, in an amount equal to the cash payment, if the restricted stock units are settled in cash). Subject to Code Section 162(m), Olin is entitled to a business expense deduction that corresponds to the amount of ordinary income recognized by the holder.

Edgar Filing: OLIN CORP - Form DEF 14A

SARs. Generally, the holder of a SAR recognizes no income upon the grant of a SAR. Upon exercise, the holder will recognize as ordinary income the excess of the value of the SAR on the date of exercise over the value as of the date of grant. Olin is entitled to a business expense deduction that corresponds to the amount of ordinary income recognized by the holder.

Dividend Equivalents and Deferred Payments of Restricted Stock. In general, recipients of dividend equivalents and deferred payments of restricted stock are taxable upon receipt. Subject to Code Section 162(m), Olin is entitled to a business expense deduction that corresponds to the amount of ordinary income recognized by the recipient.

Table of Contents**Payment of Withholding Taxes**

Olin may withhold, or require a participant to remit to Olin, an amount sufficient to satisfy any federal, state or local withholding tax requirements associated with awards under the 2016 LTIP. Recipients of awards may elect, subject to the approval of the committee, to satisfy the withholding requirement by having Olin withhold shares.

Vote Required for Approval

The affirmative vote of the holders of a majority of the votes cast is required to approve this proposal. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will not have authority to vote your shares. Under applicable NYSE rules, abstentions will be treated as votes cast on this proposal, but shares held in street name that are not voted on this proposal will not be treated as votes cast on this proposal. As a result, shares held in street name that are not voted on this proposal will have no effect on the proposal to approve the 2016 LTIP. Abstentions will have the same effect as a vote AGAINST the proposal to approve the 2016 LTIP. Signed proxies will be voted FOR approval of the proposal unless otherwise specified.

The board recommends a vote FOR approval of the 2016 Long Term Incentive Plan.

ITEM 3 PROPOSAL TO CONDUCT AN ADVISORY VOTE

TO APPROVE THE COMPENSATION FOR NAMED EXECUTIVE OFFICERS

You are being asked to cast an advisory vote on approval of the compensation of our NEOs at the annual meeting. This proposal, commonly known as a say-on-pay proposal, is required under Section 14A of the Exchange Act. The proposal gives you the opportunity, on an advisory vote basis, to approve or not approve the compensation of the NEOs through the following resolution:

RESOLVED, that the compensation paid to the Olin named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative disclosure, is hereby APPROVED.

Because your vote is advisory, it will not be binding on the board and it will not directly affect or otherwise limit any existing compensation or award arrangement of any of our NEOs. Our compensation committee does intend to take into account the outcome of the vote when considering future executive compensation arrangements.

Vote Required for Approval

Approval of this proposal requires that more votes be cast FOR than are cast AGAINST. Abstentions on this proposal and broker non-votes will not be counted as votes cast and thus will not have any effect on the result of the vote.

The board of directors recommends a vote FOR approval of this resolution.

**ITEM 4 PROPOSAL TO RATIFY APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

KPMG was our independent registered public accounting firm for 2015 and 2014. A summary of the KPMG fees by year follows:

(1) Includes costs associated with the annual audit, including quarterly financial reviews, services required under Section 404 of the Sarbanes-Oxley Act, statutory audits, comfort letters, attest services, consents and assistance with and review of filings with the SEC, including registration statements filed in connection with the acquisition of certain chlor alkali and downstream businesses from Dow.

(2) Costs include due diligence services related to acquisition of certain chlor alkali and downstream businesses from Dow.

Table of Contents

Our audit committee has a policy that all audit services by any independent registered public accounting firm and all non-audit services performed by our independent registered public accounting firm are subject to pre-approval by the audit committee at each scheduled meeting. The policy includes specific procedures for approval of such services. Excerpts from this policy follow:

Olin's audit committee is solely responsible for pre-approving all audit services by any independent registered public accounting firm and all non-audit services performed by Olin's independent registered public accounting firm. The process for such approval is as follows:

- The annual budget for all such services will be submitted to the committee for approval in the first quarter of each year. The budget submission will include details of actual expenditures for each audit and non-audit service for the prior year versus the prior year budget and estimated spending for services in the current year. The budget will also provide for certain specific services that will be pre-approved within a limited dollar range per service. These pre-approved services are also subject to an annual spending cap.
- At each subsequent audit committee meeting, the budget will be updated for changes in estimated spending involving previously approved services. The budget will also be updated to include any new services identified by operations management that need to be submitted for approval.
- Any services not detailed in the budget or on the list of specific pre-approved services must be approved by the committee. In the event that approval is needed for a service in advance of a regularly scheduled audit committee meeting, the Chair of the committee is authorized to approve the service and report such approval to the other committee members at the next regularly scheduled committee meeting.

In 2015, the audit committee pre-approved all audit and audit-related services.

Who has the audit committee selected as Olin's independent registered public accounting firm for 2016?

Olin's audit committee is solely responsible for hiring and compensating Olin's independent registered public accounting firm. After considering KPMG's 2015 performance and the fees proposed for their preliminary audit plan for 2016, the committee has selected KPMG as our independent registered public accounting firm for 2016.

Is a shareholder vote required to approve Olin's independent registered public accounting firm?

Neither Virginia law nor our Bylaws require us to submit this matter to the shareholders at the annual meeting. However, the board and audit committee chose to submit it to the shareholders to ascertain their views.

Will I have an opportunity to hear from KPMG and ask them questions?

Edgar Filing: OLIN CORP - Form DEF 14A

We expect representatives of KPMG to be present at the annual meeting. They will have an opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

Vote Required for Approval

To ratify the appointment of KPMG as Olin's independent registered public accounting firm for 2016, the votes cast FOR this proposal must exceed the votes cast AGAINST this proposal.

Table of Contents

Abstentions and shares held in street name that are not voted on this proposal will not be included in determining the number of votes cast on this proposal and will not have any effect on the result of the vote.

If the shareholders' ratification vote does not support the audit committee's decision to appoint KPMG as Olin's independent registered public accounting firm for 2016, the audit committee will take the vote into consideration in making next year's selection.

The board of directors recommends a vote FOR ratification of the appointment of KPMG as our independent registered public accounting firm for 2016.

Appendix A

OLIN CORPORATION
2016 LONG TERM INCENTIVE PLAN

Section 1. Purpose.

The general purposes of the Olin Corporation 2016 Long Term Incentive Plan are to (i) attract and retain persons eligible to participate in the Plan; (ii) motivate Participants, by means of appropriate incentives, to achieve long-range goals; (iii) provide incentive compensation opportunities that are competitive with those of other similar companies; and (iv) further align Participants' interests with those of other shareholders of Olin Corporation through compensation that is based on Olin's common stock; and thereby promote the long-term financial interest of Olin and its Affiliates, including growth in the value of Olin's equity and enhancement of long-term shareholder return.

Section 2. Definitions.

As used in the Plan:

- (a) **Affiliate** means any corporation, partnership, joint venture or other entity during any period in which Olin owns, directly or indirectly, at least 50% of the total voting or profits interest.
- (b) **Award** means any Option, Stock Appreciation Right, Restricted Stock, Restricted Stock Unit, Performance Share, Other Stock-Based Award or Dividend Equivalent granted under the Plan.
- (c) **Award Agreement** means any written or electronic agreement or other instrument or document evidencing an Award granted under the Plan, regardless of whether a Participant signature is required.
- (d) **Board** means the Board of Directors of Olin, or if applicable following a Change in Control (described in Section 2(e)(iii)), the board of directors (or similar governing body in the case of an entity other than a corporation) of the Parent Entity (as defined in Section 2(e)(iii)) or, if there is no Parent Entity, the Surviving Entity (as defined in Section 2(e)(iii)).
- (e) **Change in Control** means the occurrence of any of the following events:
 - (i) the Incumbent Directors cease for any reason to constitute at least a majority of the Board; or
 - (ii) any Person is or becomes a beneficial owner (as such term is defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of Olin representing 20% or more of the combined voting power of the Olin Voting Securities; provided, however, that the event described in this subsection (ii) shall not be deemed to be a Change in Control if such

Edgar Filing: OLIN CORP - Form DEF 14A

event results from any of the following: (A) the acquisition of Olin Voting Securities by Olin or any of its subsidiaries, (B) the acquisition of Olin Voting Securities directly from Olin; (C) the acquisition of Olin Voting Securities by any employee benefit plan (or related trust) sponsored or maintained by Olin or any of its subsidiaries, (D) the acquisition of Olin Voting Securities by any underwriter temporarily holding securities pursuant to an offering of such securities, (E) the acquisition of Olin Voting Securities pursuant to a Non-Qualifying Transaction (as defined in Section 2(e)(iii)), or (F) the acquisition of Olin Voting Securities by Participant or any Group of Persons including Participant (or any entity controlled by Participant or any Group of Persons including Participant); or

- (iii) the consummation of a Reorganization or a Sale, unless immediately following such Reorganization or Sale: (1) more than 50% of the total voting power (in respect of the election of directors, or similar officials in the case of an entity other than a corporation) of (x) Olin (or, if Olin ceases to exist, the entity resulting from such Reorganization), or,

A-1

Table of Contents

in the case of a Sale, the entity which has acquired all or substantially all of the assets of Olin (in either case, the Surviving Entity), or (y) if applicable, the ultimate parent entity that directly or indirectly has beneficial ownership of more than 50% of the total voting power (in respect of the election of directors, or similar officials in the case of an entity other than a corporation) of the Surviving Entity (the Parent Entity), is represented by Olin Voting Securities that were outstanding immediately prior to such Reorganization or Sale (or, if applicable, is represented by shares into which or for which such Olin Voting Securities were converted or exchanged pursuant to such Reorganization or Sale) with ownership of such Olin Voting Securities (or, if applicable, shares into which or for which such Olin Voting Securities were converted or exchanged pursuant to such Reorganization or Sale) continuing in substantially the same proportions as the ownership of Olin Voting Securities immediately prior to consummation of such Reorganization or Sale (excluding any outstanding voting securities of the Surviving Entity or Parent Entity that are held immediately following the consummation of such Reorganization or Sale as a result of ownership prior to such consummation of voting securities of any corporation or other entity involved in or forming part of such Reorganization or Sale other than Olin or any of its subsidiaries), (2) no Person (other than any employee benefit plan (or related trust) sponsored or maintained by Olin, the Surviving Entity, or the Parent Entity), is or becomes the beneficial owner, directly or indirectly, of 20% or more of the total voting power (in respect of the election of directors, or similar officials in the case of an entity other than a corporation) of the outstanding voting securities of the Parent Entity (or, if there is no Parent Entity, the Surviving Entity) and (3) at least a majority of the members of the Board following the consummation of the Reorganization or Sale were, at the time of the approval by the Board of the execution of the initial agreement providing for such Reorganization or Sale (or, in the absence of any such agreement, at the time of approval by the Board of such Reorganization or Sale), Incumbent Directors (any Reorganization or Sale which satisfies all of the criteria specified in (1), (2) and (3) above being deemed to be a Non-Qualifying Transaction); provided, however, that if, in connection with a Reorganization or Sale that would otherwise be considered a Change in Control pursuant to this Plan, (I) the immediately preceding clause (3) is satisfied, (II) at least seventy-five percent (75%) of the individuals who were executive officers (within the meaning of Rule 3b-7 under the Exchange Act) of Olin immediately prior to consummation of such Reorganization or Sale become executive officers of the Parent Entity (or, if there is no Parent Entity, the Surviving Entity) immediately following such Reorganization or Sale, and (III) the Incumbent Directors at the time of approval by the Board of such Reorganization or Sale determine in good faith that such individuals are expected to remain executive officers for a significant period of time following such Reorganization or Sale, then such directors shall be permitted to determine by at least a two-thirds vote that such Reorganization or Sale shall not constitute a Change in Control of Olin for purposes of this Plan; or

- (iv) the stockholders of Olin approve a plan of complete liquidation or dissolution of Olin.

Notwithstanding the foregoing, if any Person becomes the beneficial owner, directly or indirectly, of 20% or more of the combined voting power of Olin Voting Securities solely as a result of the acquisition of Olin Voting Securities by Olin which reduces the number of Olin Voting Securities outstanding, such increased amount shall be deemed not to result in a Change in Control; provided, however, that if such Person subsequently becomes the beneficial owner, directly or indirectly, of additional Olin Voting Securities that increases the percentage of outstanding Olin Voting Securities beneficially owned by such Person, a Change in Control of Olin shall then be deemed to occur.

Table of Contents

- (f) **Code** means the Internal Revenue Code of 1986, as amended. A reference to any provision of the Code shall include reference to any successor provision of the Code.
- (g) **Committee** means a committee of the Board designated by the Board to administer the Plan, each member of which is (i) independent under the New York Stock Exchange listing criteria, (ii) an outside director for purposes of Section 162(m) of the Code and (iii) a non-employee director for the purpose of Rule 16b-3, and, to the extent the Committee delegates authority to one or more individuals in accordance with the Plan, such individual(s).
- (h) **Dividend Equivalent** means any right granted under Section 6(c)(ii) of the Plan.
- (i) **Effective Date** means the date this Plan is approved by Olin's shareholders.
- (j) **Employee** means any employee of Olin or of an Affiliate designated as such on the applicable payroll records, regardless of whether an individual is subsequently retroactively reclassified as a common law employee of Olin or an Affiliate during the applicable period.
- (k) **Exchange Act** means the Securities Exchange Act of 1934.
- (l) **Fair Market Value** means, (i) with respect to shares of Olin common stock, a price that is based on the opening, closing, actual, high, low, average or mean selling prices of such common stock on the New York Stock Exchange as of the relevant date, or the last preceding trading date or the next succeeding trading date, if such Shares were not traded on such date, or an average of trading days, as determined by the Committee in its discretion; however, unless the Committee determines otherwise, Fair Market Value with respect to shares of Olin common stock shall mean the mean of the high and low sales price per share of such common stock as reported on the New York Stock Exchange as of the relevant date, or the last preceding trading date, if such Shares were not traded on such date, and, (ii) with respect to any other property (including, without limitation, securities other than Shares), the fair market value of such property determined by such methods or procedures as shall be established from time to time by the Committee.
- (m) **Family Member** means any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law, including adoptive relationship, or any person sharing the Participant's household, other than a tenant or employee.
- (n) **Good Reason Event** means:
- (i) Olin (A) requires Participant to relocate Participant's principal place of employment by more than fifty (50) miles from the location in effect immediately prior to the Change in Control and such relocation increases the commuting distance, on a daily basis, between Participant's residence at the time of relocation and principal place of employment; or (B) requires Participant to travel on business to a substantially greater extent than, and inconsistent with, Participant's travel requirements prior to the Change in Control (taking into account the number and/or duration (both with respect to airtime and overall time away from home) of such travel trips following the Change in Control as compared to a comparable period prior to the Change in Control);
 - (ii) Olin reduces Participant's base salary or fails to increase Participant's base salary on a basis consistent (as to frequency and amount) with Olin's salary system for Participant officers as in effect immediately prior to the Change in Control;
 - (iii) Olin fails to substantially maintain its health, welfare and retirement benefit plans as in effect immediately prior to the Change in Control, unless arrangements (embodied in an on-going substitute or alternative plan) are then in effect to provide benefits that are substantially similar to those in effect immediately prior to the Change in Control; or

Table of Contents

- (iv) (A) Participant is assigned any duties inconsistent in any adverse respect with Participant's position (including status, offices, titles and reporting lines), authority, duties or responsibilities immediately prior to the Change in Control or (B) Olin takes any action that results in a diminution in such position (including status, offices, titles and reporting lines), authority, duties or responsibilities or in a substantial reduction in any of the resources available to carry out any of Participant's authorities, duties or responsibilities from those resources available immediately prior to the Change in Control.

- (o) Group means Persons acting together for the purpose of acquiring Olin stock and includes owners of a corporation that enters into a merger, consolidation, purchase or acquisition of stock, or similar business transaction with Olin. If a Person owns stock in both Olin and another corporation that enters into a merger, consolidation, purchase or acquisition of stock, or similar transaction, such Person is considered to be part of a Group only with respect to ownership prior to the merger or other transaction giving rise to the change and not with respect to the ownership interest in the other corporation. Persons will not be considered to be acting as a Group solely because they purchase assets of the same corporation at the same time, or as a result of the same public offering.

- (p) Incentive Stock Option means an option to purchase Shares granted under the Plan that is intended to meet the requirements of Section 422 of the Code.

- (q) Incumbent Directors means those individuals who, on the Effective Date, constitute the Board; provided that any person becoming a director subsequent to the Effective Date, whose election or nomination for election was approved by a vote of at least two-thirds of the directors who were, as of the date of such approval, Incumbent Directors, shall be an Incumbent Director; provided, however, that no individual initially appointed, elected or nominated as a director of Olin pursuant to an actual or threatened election contest with respect to directors or pursuant to any other actual or threatened solicitation of proxies or consents by or on behalf of any person other than the Board shall be deemed to be an Incumbent Director.

- (r) Non-Qualified Stock Option means an option to purchase Shares granted under the Plan that is not intended to be (or does not meet the requirements of) an Incentive Stock Option.

- (s) Non-Qualifying Transaction has the meaning set forth in the definition of Change in Control.

- (t) Olin means Olin Corporation and any successor entity.

- (u) Olin Voting Securities means Olin's then outstanding securities eligible to vote for the election of the Board.

- (v) Option means an Incentive Stock Option or a Non-Qualified Stock Option.

- (w) Other Stock-Based Awards means other types of equity-based or equity-related Awards not otherwise described by the terms of this Plan (including the grant or offer for sale of unrestricted Shares).

- (x) Parent Entity has the meaning set forth under the definition of Change in Control.

- (y) Participant means an Employee granted an Award under the Plan.

- (z) Performance-Based Compensation shall have the meaning as that term is used for purposes of Code Section 162(m).

Edgar Filing: OLIN CORP - Form DEF 14A

- (aa) Performance Share means any grant of a right to receive Shares which is contingent on the achievement of performance or other objectives during a specified period.
- (bb) Person has the meaning of such term in Section 3(a)(9) of the Exchange Act and as used in Sections 13(d)(3) and 14(d)(2) of the Exchange Act.

(cc) Plan means this Olin Corporation 2016 Long Term Incentive Plan.

(dd) Qualifying Termination means:

- (i) Participant is discharged by Olin, upon or following a Change in Control, other than for cause and other than due to Participant's death or disability (which will be deemed to occur if Participant becomes eligible to commence immediate receipt of disability benefits under the terms of Olin's long-term disability plan); or
- (ii) A Good Reason Event occurs upon or following a Change in Control and (A) within 90 days following the occurrence of the Good Reason Event, Participant provides written notice to Olin of the occurrence of such Good Reason Event, which notice sets forth the exact nature of the event and the conduct required to cure such event, and (B) Olin does not cure such Good Reason Event within 30 days after its receipt of such notice; provided that such 30-day period to cure shall terminate in the event that Olin informs Participant that it does not intend to cure such event (such period, whether 30 days or less, the Cure Period), and (C) Participant terminates employment as a result of such Good Reason Event during the 45 day period that follows the Cure Period.

If (x) Participant's employment is terminated prior to a Change in Control for reasons that would have constituted a Qualifying Termination if they had occurred upon or following a Change in Control, (y) Participant reasonably demonstrates that such termination of employment (or event described in Section 2(dd)(ii) above) occurred at the request of a third party who had indicated an intention or taken steps reasonably calculated to effect a Change in Control and (z) a Change in Control involving such third party (or a party competing with such third party to effectuate a Change in Control) does occur within two years following the date of Participant's termination of employment, then for purposes of this Plan, the date immediately preceding the date of such termination of employment (or event described in Section 2(dd)(ii) above) shall be treated as the date of the Change in Control, except that for purposes of determining Participant's entitlement to payments and benefits described in Section 9 and the timing of such payments and benefits, the date of the actual Change in Control shall be treated as Participant's date of termination of employment. In the event that Participant's employment terminates under the circumstances described in clauses (x), (y) and (z) of the preceding sentence (any such termination, an Anticipatory Termination), such termination will be considered a Qualifying Termination for purposes of this Plan, and Participant will be entitled to receive the payments and benefits described in Section 9 of this Plan, provided that any such payments and benefits due under Section 9 shall be reduced by the payments and benefits Participant has already received pursuant to any applicable employment, severance or termination agreement, plan, arrangement or policy (collectively, the Other Arrangements), in respect of Participant's termination of employment with Olin, and the remainder of the payments and benefits payable pursuant to the Other Arrangements shall be forfeited. For purposes of implementing the terms of Section 9 in the event of an Anticipatory Termination, all outstanding and unvested Options, Restricted Stock and other equity-based Awards (including, without limitation, Performance Shares) that Participant holds on the date of the Anticipatory Termination shall be deemed to remain outstanding until the date of the Change in Control (but in the case of any Options, not beyond the date that such Options would have expired if Participant had remained continuously employed from the date of the Anticipatory Termination until the date of the Change in Control) and become immediately vested and exercisable as of the date of the Change in Control.

(ee) Released Securities means securities that were Restricted Securities with respect to which all applicable restrictions imposed under the terms of the relevant Award have expired, lapsed or been waived or satisfied.

(ff) Reorganization means a merger, consolidation, statutory share exchange or similar form of corporate transaction involving (i) Olin or (ii) any of its subsidiaries pursuant to which, in the case of this clause (ii), Olin Voting Securities are issued or issuable.

Table of Contents

- (gg) **Restricted Securities** means Awards of Restricted Stock or other Awards under which outstanding Shares are held subject to certain restrictions.
- (hh) **Restricted Stock** means any grant of Shares subject to a risk of forfeiture or other restrictions that will lapse upon the achievement of one or more goals related to completion of service by the Participant, or achievement of performance or other objectives, as determined by the Committee.
- (ii) **Restricted Stock Unit** means the grant of a contractual right to receive a stated number of Shares in the future, or, if provided by the Committee on the Grant Date, cash equal to the Fair Market Value of such Shares, under the Plan at the end of a specified period of time or upon the occurrence of a specified event.
- (jj) **Retirement** refers to retirement (including any early retirement) pursuant to any applicable retirement plan of Olin or of an Affiliate as provided under such retirement plan and which retirement was not caused by the Participant being terminated for cause by Olin or any Affiliate.
- (kk) **Rule 16b-3** means Rule 16b-3 promulgated by the Securities and Exchange Commission under the Exchange Act.
- (ll) **Sale** (when the term is capitalized) means the sale or other disposition of all or substantially all of the assets of Olin to an entity that is not an Affiliate of Olin.
- (mm) **Shares** means the common stock of Olin and such other securities or property as may become the subject of Awards pursuant to an adjustment made under Section 4(b) of the Plan.
- (nn) **Stock Appreciation Right** or **SAR** means any such right granted under Section 6(b) of the Plan.
- (oo) **Surviving Entity** has the meaning set forth under the definition of Change in Control.

Section 3. **Administration.**

- (a) **Powers of Committee.** The Plan shall be administered by the Committee which shall have full and exclusive discretionary power to interpret the terms and conditions of the Plan and any Award Agreement or other agreement or document ancillary to or in connection with the Plan, to determine eligibility for Awards and to adopt such rules, regulations, forms, instruments and guidelines for administering this Plan as the Committee may deem necessary or proper. Without limiting such authority, the Committee may: (i) designate Participants; (ii) determine the Awards to be granted to Participants; (iii) determine the number of Shares (or securities convertible into Shares) to be covered by Awards; (iv) determine the terms and conditions of any Award; (v) determine whether, to what extent, and under what circumstances Awards may be settled or exercised in cash, Shares, other securities, other Awards, or other property, or canceled, substituted, forfeited or suspended, and the method or methods by which Awards may be settled, exercised, canceled, substituted, forfeited or suspended; (vi) determine whether, to what extent, and under what circumstances cash, Shares, other securities, other Awards, other property and other amounts payable with respect to an Award under the Plan shall be deferred either automatically or at the election of the Participant or of the Committee; (vii) interpret and administer the Plan and any instrument or agreement relating to, or Award made under, the Plan; (viii) establish, amend, suspend or waive such rules and guidelines and appoint such agents as it shall deem appropriate for the administration of the Plan; and (ix) make any other determination and take any other action that it deems necessary or desirable for such administration.
- (b)

Edgar Filing: OLIN CORP - Form DEF 14A

Committee Discretion. All designations, determinations, interpretations and other decisions with respect to the Plan or any Award shall be within the sole discretion of the Committee and

shall be final, conclusive and binding upon all Persons, including Olin, any Affiliate, any Participants, any holder or beneficiary of any Award, any shareholder and any Employee of Olin or of any Affiliate. The Committee's powers include the adoption of modifications, amendments, procedures, subplans and the like as are necessary or desirable to comply with, or to take account of, provisions of the laws of other countries in which Olin or an Affiliate may operate in order to assure the viability of Awards granted under the Plan and to enable Participants employed in such other countries to receive benefits under the Plan and such laws.

- (c) **Board Authority.** If the Committee does not exist, or for any other reason determined by the Board, the Board may take any action under the Plan that would otherwise be the responsibility of the Committee.
- (d) **Delegation.** Notwithstanding any provision of the Plan to the contrary, except to the extent prohibited by applicable law or the applicable rules of a stock exchange, the Committee may delegate to one or more officers or managers of Olin or any Affiliate, or a committee of such officers or managers, the authority, subject to such terms and limitations as the Committee shall determine, to grant Awards to, or to cancel, modify, waive rights or conditions with respect to, alter, discontinue, suspend, or terminate Awards held by, Employees who are not officers or directors of Olin for purposes of Section 16 of the Exchange Act, provided that no such action shall result in repricing of Options prohibited by Section 3(e).
- (e) **Prohibition on Option Repricing.** Except in connection with a corporate transaction involving Olin (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares), the terms of outstanding awards may not be amended to reduce the exercise price of outstanding Options or SARs or cancel outstanding Options or SARs in exchange for cash, other Awards or Options or SARs with an exercise price that is less than the exercise price of the original Option or SAR without shareholder approval. Any such adjustment shall be made in accordance with Treasury Regulation Section 1.409A-1(b)(5)(v).

Section 4. **Shares Available for Awards.**

- (a) **Shares Available.** Subject to adjustment as provided in Section 4(b) of the Plan, the aggregate number of Shares available for granting Awards under the Plan shall be 6,000,000.
- (b) **Adjustments.** In the event of any change in the Shares by reason of an event or transaction described in Section 3(e) of the Plan, (i) the numbers, class and prices of Shares covered by outstanding Awards under the Plan, (ii) the aggregate number and class of Shares available under the Plan, and (iii) the numbers and class of Shares that may be the subject of Awards pursuant to Section 4(c), shall be adjusted by the Committee, whose determination shall be conclusive.
 - (i) Without limiting the foregoing, in the event of any split-up, split-off, spin-off or other distribution to shareholders of shares representing a part of Olin's business, properties and assets, the Committee may modify an outstanding Award so that such Award shall thereafter relate to Shares of Olin and shares of capital stock of the corporation owning the business, properties and assets so split-up, split-off, spun-off or otherwise distributed to shareholders of Olin in the same ratio in which holders of the Shares became entitled to receive shares of capital stock of the corporation owning the business, properties and assets so split-up, split-off or spun-off or otherwise distributed.
 - (ii) With respect to Awards of Incentive Stock Options, no such adjustment shall be authorized to the extent that such authority would cause the Plan to violate Section 422 of the Code or any successor provision thereto, unless the holder of such Award of Incentive Stock Options agrees to convert such options to Non-qualified Stock Options.

Table of Contents

(iii) Notwithstanding the foregoing, a Participant to whom Dividend Equivalents or dividend units have been awarded shall not be entitled to receive a special or extraordinary dividend or distribution unless the Committee shall have expressly authorized such receipt.

(c) **Additional Restrictions.** Subject to adjustment as provided in Section 4(b), the maximum number of Shares subject to various types of Awards under the Plan shall be as set forth below:

<u>Maximum Number of Shares Subject to:</u>	<u>Maximum Number of Shares</u>
Total Incentive Stock Options	3,000,000
All Restricted Stock, Restricted Stock Units, Performance Shares and Other full value Stock-Based Awards granted	2,500,000
Options granted to a single Participant in any calendar year	750,000
SARs granted to a single Participant in any calendar year	750,000
Restricted Stock and Restricted Stock Units granted to a single Participant in any calendar year	750,000
Performance Shares granted to a single Participant in any calendar year	750,000
Other Stock-Based Awards granted to a single Participant in any calendar year	750,000

(d) **No Recycling of Shares.** Except for cancelled or forfeited Shares and Shares settled in cash, the Plan is intended to restrict the recycling of Shares back into the Plan. The full number of Shares underlying an Award (other than Awards payable, by their terms, only in cash) shall count against the numerical limits of the Plan. Shares exchanged or withheld to pay the purchase or exercise price of an Award or to satisfy tax withholding obligations count against the numerical limits of the Plan.

Section 5. **Eligibility.**

Any Employee, including any officer or Employee-director, shall be eligible to be designated a Participant, subject to any restrictions imposed by applicable law. An Award may be granted to an Employee prior to the date the Employee first performs services for Olin or the Affiliate, provided that such Awards shall not become vested prior to the date the Employee first performs such services.

Section 6. **Awards.**

(a) **Options.** The Committee is authorized to grant Options to Participants with the following terms and conditions and with such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall determine:

(i) **Exercise Price.** The per Share exercise price shall be determined by the Committee, provided that such exercise price shall not be less than the Fair Market Value of a Share on the date of the Option grant.

(ii) **Option Term.** The term of each Option shall be fixed by the Committee, provided that in no event shall the term of an Option be more than a period of ten years from the date of its grant.

Table of Contents

- (iii) Exercise. The Committee shall determine the time or times at which an Option may be exercised in whole or in part, and the method or methods by which, and the form or forms in which payment of the exercise price with respect thereto may be made.
- (iv) Incentive Stock Options. The terms of any Incentive Stock Option granted under the Plan shall comply in all respects with the provisions of Section 422 of the Code, or any successor provision thereto, and any regulations promulgated thereunder. Without limiting the preceding sentence, the aggregate Fair Market Value (determined at the time an Option is granted) of Shares with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year (under the Plan and any other plan of the Participant's employer corporation and its parent and subsidiary corporations providing for Options) shall not exceed such dollar limitation as shall be applicable to Incentive Stock Options under Section 422 of the Code or a successor provision.
- (v) Termination of Employment Without Cause/With Olin Consent. Unless otherwise specified in the applicable Award Agreement or policies adopted by the Compensation Committee, in the event the employment of a Participant to whom an Option has been granted under the Plan shall be terminated by Olin or an Affiliate without cause or by the Participant with the consent of Olin or an Affiliate, such Option may be exercised (to the extent of the number of shares that the Participant was entitled to purchase under such Option at the termination of employment) at any time within three months after such termination (which three-month period may be extended by the Committee), but in no event shall such three-month period or any such extension permit the exercise of an Option after the expiration date of the Option. Options granted under the Plan shall not be affected by any change of duties or position so long as the Participant continues to be an Employee.
- (vi) Termination for Cause or Without Consent. Unless otherwise specified in the applicable Award Agreement or policies adopted by the Compensation Committee, upon termination of such Participant's employment either (a) for cause, or (b) voluntarily on the part of the Participant and without the written consent of Olin or an Affiliate, any Awards held by him or her under the Plan, to the extent not exercised or paid, shall terminate immediately.
- (vii) Termination due to Retirement. Unless otherwise specified in the applicable Award Agreement or policies adopted by the Compensation Committee, in the event the employment of a Participant to whom an Option has been granted under the Plan shall be terminated due to Retirement, such Option may be exercised (to the extent of the number of shares that the Participant was entitled to purchase under such Option at the termination of employment) at any time until the expiration date of the Option; provided, however, that such exercise period may be shortened by the Committee in its discretion at the time of termination.
- (viii) Death. Unless otherwise specified in the applicable Award Agreement or policies adopted by the Compensation Committee, if a Participant to whom an Option has been granted shall die while an Employee, such Option may be exercised by the Participant's executors, administrators, personal representatives or distributees or permitted transferees at any time within a period of one year after the Participant's death (which period may be extended by the Committee), regardless of whether or not such Option had vested at the time of death. If a Participant to whom an Option has been granted shall die after his or her employment has terminated but while the Option remains exercisable, the Option may be exercised by the persons described above at any time within the longer of (a) the period that the Participant could have exercised

Table of Contents

the Option had he or she not died, or (b) one year after the date of death (which period may be extended by the Committee), but only to the extent the Option was exercisable at the time of the Participant's death.

- (ix) **Disability.** Unless otherwise specified in the applicable Award Agreement or policies adopted by the Compensation Committee, if a Participant to whom an Option has been granted shall become totally and permanently disabled, as that term is defined in Section 22(e)(3) of the Code (or a successor provision), and the Participant's employment is terminated as a result, such option may be exercised by the Participant or permitted transferee within one year after the date of termination of employment, to the extent that the Option was exercisable at the time of termination of employment.
- (b) **Stock Appreciation Rights.** The Committee is authorized to grant Stock Appreciation Rights to Participants which may, but need not, relate to a specific Option granted under the Plan. Subject to the terms of the Plan and any applicable Award Agreement, each Stock Appreciation Right granted under the Plan shall confer on the holder thereof a right to receive, upon exercise thereof, up to the excess of (i) the Fair Market Value of one Share on the date of exercise over (ii) the exercise price of the right as specified by the Committee, which shall not be less than the Fair Market Value of one Share on the date of grant of the Stock Appreciation Right. Subject to the terms of the Plan and any applicable Award Agreement, the exercise price, term, methods of exercise, methods of payment or settlement, including whether such SAR shall be paid in cash or Shares, and any other terms and conditions of any Stock Appreciation Right shall be as determined by the Committee, but in no event shall the term of a Stock Appreciation Right exceed a period of ten years from the date of its grant.
- (c) **Other Awards.**
- (i) **Issuance.** The Committee is authorized to grant Awards of Restricted Stock, Restricted Stock Units and Performance Shares to Participants. The Committee may make such Other Stock-Based Awards in such amounts and subject to such terms and conditions, as the Committee shall determine. Such Awards may involve the transfer of actual Shares to Participants, or payment in cash or otherwise of amounts based on the value of Shares and may include, without limitation, Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.
- (ii) **Dividends and Dividend Equivalents.** An Award (other than unvested Options, Performance Shares or Stock Appreciation Rights) may provide the Participant with the right to receive dividend payments or dividend equivalent payments with respect to Shares subject to the Award (both before and after the Shares subject to the Award are earned, vested, or acquired), which payments may be either made currently or credited to an account for the Participant, and may be settled in cash or Shares as determined by the Committee; provided, however, that no dividend payments or dividend equivalent payments shall be provided, permitted or credited to the extent that such payments would cause a Restricted Stock Unit or Stock Appreciation Right to be subject to Code Section 409A. Any such settlements, and any such crediting of dividends or dividend equivalents or reinvestment in Shares, may be subject to such conditions, restrictions and contingencies as the Committee shall establish, including the reinvestment of such credited amounts in Share equivalents.
- (iii) **Restrictions.** Any such Award shall be subject to such conditions, restrictions and contingencies as the Committee may impose (including, without limitation, any limitation on the right to vote Restricted Stock or the right to receive any dividend or other right or property), which may lapse separately or in combination at such time or times, as the Committee may deem appropriate, provided that in order for a Participant

Table of Contents

to vest in Awards of Restricted Stock or Restricted Stock Units, the Participant must remain in the employ of Olin or an Affiliate for a period of not less than one (1) year after the grant of Restricted Stock or Restricted Stock Units that includes one or more performance criteria, and not less than three (3) years after the grant of Restricted Stock or Restricted Stock Units that does not include one or more performance criteria, in each case subject to Section 9 hereof and subject to relief for specified reasons as may be approved by the Committee. Notwithstanding the foregoing, the Committee may grant Restricted Stock or Restricted Stock Units for an aggregate number of Shares not to exceed 5% of the total number of shares available for issuance under this Plan which vest in less than one (1) year after the date of grant, including immediate vesting, with or without any performance criteria.

- (iv) **Forfeiture.** Except as otherwise determined by the Committee or as specified in the relevant Award Agreement, upon termination of employment for any reason during the applicable restriction period, all Shares of Restricted Stock still subject to restriction shall be forfeited and reacquired by Olin.

- (v) **Performance-Based Awards.** The Committee may designate whether any such Awards being granted to a Participant are intended to be Performance-Based Compensation. Any Award so designated shall be conditioned on the achievement of one or more performance measures. Performance measures that may be used by the Committee for such purpose shall be based on one or more of the following criteria, on an absolute or a relative basis:
 - (A) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment),
 - (B) earnings per share,
 - (C) EBITDA,
 - (D) Economic Value Added/EVA[®],
 - (E) net income or net earnings (before or after taxes),
 - (F) net sales or revenue growth,
 - (G) operating profit,
 - (H) pre-tax profit,
 - (I) return measures (including, but not limited to, return on assets, net assets, capital, invested capital, equity, sales or revenues),
 - (J) revenues,
 - (K) productivity ratios,
 - (L) share price (including, but not limited to, growth measures and total shareholder return),

- (M) expense targets,
- (N) margins (including, but not limited to, gross and operating margins),
- (O) operating efficiency,
- (P) market share,
- (Q) customer satisfaction, and
- (R) working capital targets and changes in working capital.

For Awards intended to be Performance-Based Compensation, the grant of the Awards and the establishment of the performance measures shall be made during the period required under Code Section 162(m) and in accordance with Code Section 409A to the extent applicable.

- (d) Forms of Payment Under Awards. Subject to the terms of the Plan and of any applicable Award Agreement, payments to be made by Olin or an Affiliate upon the grant, exercise, or payment of an Award may be made in such form or forms as the Committee shall determine, including, without limitation, cash, Shares, other securities, other Awards, or other property or any combination thereof, and may be made in a single payment or transfer, in each case in accordance with rules and procedures established by the Committee and in accordance with Code Section 409A to the extent applicable. Notwithstanding the foregoing, the payment of the exercise price of an Option shall be subject to the following:
- (i) Subject to the following provisions of this subsection the full exercise price for Shares purchased upon the exercise of any Option shall be paid at the time of such exercise (except that, in the case of an exercise arrangement approved by the Committee and described below, payment may be made as soon as practicable after the exercise).
 - (ii) The exercise price shall be payable in cash or by tendering, by either actual delivery of Shares or by attestation, Shares acceptable to the Committee, which Shares were either acquired at least six months before the exercise date or purchased on the open market, and valued at Fair Market Value as of the day of exercise, or in any combination thereof, as determined by the Committee.
 - (iii) The Committee may permit a Participant to elect to pay the exercise price upon the exercise of an Option by irrevocably authorizing a third party to sell Shares (or a sufficient portion of the Shares) acquired upon exercise of an Option and remit to Olin a sufficient portion of the sale proceeds to pay the entire exercise price and any tax withholding resulting from such exercise.
- (e) Limits on Transfer of Awards. No Award (other than Released Securities) or right thereunder shall be assignable or transferable by a Participant, other than:
- (i) by will or the laws of descent and distribution (or, in the case of an Award of Restricted Securities, to Olin); or
 - (ii) in the case of Awards other than Incentive Stock Options, to the extent permitted under the terms of the Award, by a gift or domestic relations order to any Family Member, to a trust in which the Participant and/or his or her Family Members hold more than 50% of the beneficial interest, to a foundation in which the Participant and/or Family Members control the management of assets, and any other entity in which the Participant and/or his or her Family Members own more than 50% of the voting interests.

For purposes of this provision, a transfer to an entity in exchange for an interest in that entity shall constitute a gift.

- (f) General.
- (i) No Cash Consideration for Awards. Participants shall not be required to make any cash payment for the granting of an Award except for such minimum consideration as may be required by applicable law.
 - (ii) Awards May Be Granted Separately or Together. Awards may be granted either alone or in addition to, in tandem with, or in substitution for any other Award or any award or benefit granted under any other plan or arrangement of Olin or any

Affiliate,

or as payment for or to assure payment of an award or benefit granted under any such other such plan or arrangement, provided that the purchase or exercise price under an Option or other Award encompassing the right to purchase Shares shall not be reduced by the cancellation of such Award and the substitution of another Award. Awards so granted may be granted either at the same time as or at a different time from the grant of such other Awards or awards or benefits.

- (iii) **General Restrictions.** Delivery of Shares or other amounts under the Plan shall be subject to the following:
- (A) Notwithstanding any other provision of the Plan, Olin shall have no liability to deliver any Shares under the Plan or make any other distribution of benefits under the Plan unless such delivery or distribution would comply with all applicable laws (including, without limitation, the requirements of the Securities Act of 1933), and the applicable requirements of any securities exchange or similar entity.
- (B) To the extent that the Plan provides for issuance of stock certificates to reflect the issuance of Shares the issuance may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the applicable rules of any stock exchange.
- (iv) **Beneficiary.** A Participant may, in the manner established by the Committee, designate a beneficiary or beneficiaries with respect to any Award to exercise the rights of the Participant, and to receive any property distributable, upon the death of the Participant. Each Award, and each right under any Award, shall be exercisable, during the Participant's lifetime, only by the Participant or a permitted transferee, or, if permissible under applicable law by the Participant's guardian or legal representative.
- (v) **No Lien or Security Interest.** No Award (other than Released Securities), and no right under any such Award, may be pledged, attached or otherwise encumbered other than in favor of Olin, and any purported pledge, attachment, or encumbrance thereof other than in favor of Olin shall be void and unenforceable against Olin or any Affiliate.
- (vi) **No Rights to Awards.** No Employee, Participant or other Person shall have any claim to be granted an Award, and there is no obligation for uniformity of treatment of Employees, Participants or beneficiaries of Awards under the Plan. The terms and conditions of Awards need not be the same with respect to each recipient. The prospective recipient of any Award under the Plan shall not, with respect to such Award, be deemed to have become a Participant, or to have any rights with respect to such Award, until and unless such recipient shall have executed an agreement or other instrument accepting the Award required by the Committee and delivered a fully executed copy thereof to Olin, and otherwise complied with the then applicable terms and conditions.
- (vii) **Withholding.** All distributions under the Plan are subject to withholding of all applicable taxes, and, except as otherwise provided by the Committee, the delivery of any Shares or other benefits under the Plan to a Participant are conditioned on satisfaction of the applicable withholding requirements. With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock and Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares, or any other taxable event arising as a result of an Award granted hereunder, Participants may elect to satisfy the withholding requirement, in whole or in part, by having Olin withhold Shares having a Fair Market Value on the date the tax is to be determined (A) subject to the approval of the

Committee, equal to the minimum statutory total tax that could be imposed on the transaction, or (B) solely to the extent authorized by the Committee in advance, at a higher rate up to the maximum statutory total tax that could be imposed on the transaction. All such elections shall be irrevocable, made in writing, and signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

- (viii) Other Compensation Arrangements. Nothing contained in the Plan shall prevent Olin or any Affiliate from adopting or continuing in effect other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.
- (ix) No Right to Employment. The grant of an Award shall not be construed as giving a Participant the right to be retained in the employ of Olin or any Affiliate. Nothing in the Plan or any Award Agreement shall limit the right of Olin or an Affiliate at any time to dismiss a Participant from employment, free from any liability or any claim under the Plan or the Award Agreement.
- (x) Governing Law. The validity, construction and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the laws of the State of Missouri, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan or any Award Agreement to the substantive law of another jurisdiction.
- (xi) Severability. If any provision of the Plan or any Award is determined to be invalid, illegal or unenforceable, or as to any Person or Award, or would disqualify the Plan or any Award, such provision shall be construed or deemed amended to conform to applicable laws, or, if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such Person or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.
- (xii) No Trust or Fund Created. Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between Olin or any Affiliate and a Participant or any other Person. To the extent that any Person acquires a right to receive payments from Olin or any Affiliate pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of Olin or any Affiliate.
- (xiii) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award, and the Committee shall determine whether cash, other securities or other property shall be paid or transferred in lieu of any fractional Shares, or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.
- (xiv) Share Certificates. All certificates for Shares or other securities delivered under the Plan pursuant to any Award or the exercise thereof shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the Plan or the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange upon which such Shares or other securities are then listed, and any applicable Federal or state securities laws, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.
- (xv) Award Agreement. The terms of any plan or guideline adopted by the Committee and applicable to an Award shall be deemed incorporated in and a part of the related

Award Agreement. The Committee may provide for the use of electronic, internet or other non-paper Award Agreements, and the use of electronic, internet or other non-paper means for the Participant's acceptance of, or actions under, an Award Agreement. In the event of any inconsistency or conflict between the terms of the Plan and an Award Agreement, the terms of the Plan shall govern.

- (xvi) Olin Policies. All Awards shall be subject to any clawback, compensation recoupment or similar policy of Olin applicable to such Award, regardless of when such policy is adopted.
- (g) Agreement to Service. Each Participant receiving an Award shall, by accepting the Award, agree that he or she will, during employment, devote his or her entire time, energy and skill to the service of Olin and the promotion of its interests, subject to vacations, sick leave and other absences in accordance with the regular policies of, or other reasons satisfactory to, Olin and its Affiliates.

Section 7. Amendment and Termination.

- (a) Amendments to the Plan. The Committee may amend, suspend, discontinue or terminate the Plan, including, without limitation, any amendment, suspension, discontinuation or termination that would impair the rights of any Participant, or any other holder or beneficiary of any Award theretofore granted, without the consent of any shareholder, Participant, other holder or beneficiary of an Award, or other Person; provided, however, that, notwithstanding any other provision of the Plan or any Award Agreement, without the approval of the shareholders of Olin, no such amendment, suspension, discontinuation or termination shall be made that would:
- (i) increase the total number of Shares available for Awards under the Plan or the total number of Shares subject to one or more categories of Awards pursuant to Section 4(c), in either case except as provided in Section 4(b);
 - (ii) reduce the minimum Option exercise price, except as provided in Section 4(b); or
 - (iii) permit repricing of Options prohibited by Section 3(e); and

provided further that no amendment, suspension, discontinuation or termination (i) that would impair the rights of such Participant, holder or beneficiary shall be made with respect to Section 9 of the Plan after a Change in Control and (ii) may increase the amount of payment of any Award to any Participant.

- (b) Amendments to Awards. The Committee may waive any conditions or rights with respect to, or amend, alter, suspend, discontinue, or terminate, any unexercised Award theretofore granted, prospectively or retroactively, without the consent of any relevant Participant or holder or beneficiary of an Award, provided that no amendment, alteration, suspension, discontinuation or termination of an Award that would impair the rights of such Participant, holder or beneficiary shall be made after a Change in Control; provided further that the Committee may not increase the payment of any Award granted any Participant.
- (c) Adjustments of Awards Upon Certain Acquisitions. In the event Olin or any Affiliate shall assume outstanding employee awards or the right or obligation to make future such awards in connection with the acquisition of another business or another Person, the Committee may make such adjustments, not inconsistent with the terms of the Plan, in the terms of Awards as it shall deem appropriate.
- (d) Adjustments of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events. The Committee may make adjustments in the terms and conditions of Awards in recognition of unusual or nonrecurring events (including, without limitation, the events

described in Section 4(b) hereof) affecting Olin, any Affiliate, or the financial statements of Olin or any Affiliate, or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent dilution or enlargement of the benefits to be made available under the Plan.

- (e) 409A Compliance. To the extent any provision of the Plan (or any Award) or action by the Board or Committee would subject any Participant to liability for interest or additional taxes under Code Section 409A(a)(1)(B), it will be deemed null and void, to the extent permitted by law and deemed advisable by the Committee. It is intended that the Plan (and any Award) will comply with Code Section 409A, and the Plan (and any Award) shall be interpreted and construed on a basis consistent with such intent. The Plan (and any Award) may be amended in any respect deemed necessary (including retroactively) by the Committee in order to preserve compliance with Code Section 409A. The preceding shall not be construed as a guarantee of any particular tax effect for Plan benefits or Awards. A Participant (or beneficiary) is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on the Participant (or beneficiary) in connection with any distributions to such Participant (or beneficiary) under the Plan (including any taxes and penalties under Code Section 409A), and neither Olin nor any Affiliate shall have any obligation to indemnify or otherwise hold a Participant (or beneficiary) harmless from any or all of such taxes or penalties.

Section 8. Additional Conditions to Enjoyment of Awards.

- (a) The Committee may cancel any unexpired, unpaid or deferred Awards if at any time the Participant is not in compliance with all applicable provisions of the Award Agreement, the Plan and the following conditions:
- (i) A Participant shall not render services for any Person or engage, directly or indirectly, in any business which, in the judgment of the Committee is or becomes competitive with Olin or any Affiliate, or which is or becomes otherwise prejudicial to or in conflict with the interests of Olin or any Affiliate. Such judgment shall be based on the Participant's positions and responsibilities while employed by Olin or an Affiliate, the Participant's post employment responsibilities and position with the other Person or business, the extent of past, current and potential competition or conflict between Olin or an Affiliate and the other Person or business, the effect on customers, suppliers and competitors of the Participant's assuming the post employment position, the guidelines established in any ethical or business conduct standards of Olin then in effect, and such other considerations as are deemed relevant given the applicable facts and circumstances. The Participant shall be free, however, to purchase as an investment or otherwise, stock or other securities of such Person or business so long as they are listed upon a recognized securities exchange or traded over the counter, and such investment does not represent a substantial investment to the Participant or a greater than 1% equity interest in the organization or business.
 - (ii) Participant shall not, without prior written authorization from Olin, disclose to anyone outside Olin, or use in other than Olin's business, any secret or confidential information, knowledge or data, relating to the business of Olin or an Affiliate in violation of his or her agreement with Olin or the Affiliate.
 - (iii) A Participant, pursuant to his or her agreement with Olin or an Affiliate, shall disclose promptly and assign to Olin or the Affiliate all right, title and interest in any invention or idea, patentable or not, made or conceived by the Participant during employment by Olin or the Affiliate, relating in any manner to the actual or anticipated business, research or development work of Olin or the Affiliate and shall do anything reasonably necessary to enable Olin or the Affiliate to secure a patent where appropriate in the United States and in foreign countries.

- (b) Notwithstanding any other provision of the Plan, the Committee in its sole discretion may cancel any Award at any time prior to the exercise thereof, if the employment of the Participant shall be terminated, other than by reason of death, unless the conditions in this Section 8 are met.
- (c) Failure to comply with the conditions of this Section 8 prior to, or during the six months after, any exercise, payment or delivery pursuant to an Award shall cause the exercise, payment or delivery to be rescinded. Olin shall notify the Participant in writing of any such rescission within two years after such exercise payment or delivery and within 10 days after receiving such notice, the Participant shall pay to Olin the amount of any gain realized or payment received as a result of the exercise, payment or delivery rescinded. Such payment shall be made either in cash or by returning to Olin the number of Shares that the Participant received in connection with the rescinded exercise, payment or delivery.
- (d) Upon exercise, payment or delivery pursuant to an Award, the Committee may require the Participant to acknowledge the terms and conditions of the Plan and to certify on a form acceptable to the Committee, that he or she is in compliance with the terms and conditions of the Plan.
- (e) Nothing herein shall be interpreted to limit the obligations of a Participant under his or her employment agreement or any other agreement with Olin.

Section 9. Change in Control.

- (a) Notwithstanding any provision to the contrary in this Plan or any applicable Award Agreement and except as otherwise provided in this Section 9, all outstanding Options, Restricted Stock and other equity Awards held by Participant (other than any Performance Shares), regardless of whether granted before, at or after the Change in Control, shall not automatically become fully vested and immediately exercisable and, instead, each such Award shall continue to vest in accordance with its terms following a Change in Control.
- (b) Except as the Board or the Committee may expressly provide otherwise prior to a Change in Control, in the event of a Qualifying Termination upon or following a Change in Control:
 - (i) all Options and Stock Appreciation Rights then outstanding shall become immediately and fully exercisable, notwithstanding any provision therein for the exercise in installments; and
 - (ii) all restrictions and conditions of all Restricted Stock then outstanding shall be deemed satisfied as of the date of the Qualifying Termination.

Notwithstanding the foregoing sentence, unless provision is made in connection with a Change in Control for (i) assumption of such Awards or (ii) substitution of such Awards for new awards covering stock of a successor corporation or its parent corporation (as defined in Section 424(e) of the Code) or subsidiary corporation (as defined in Section 424(f) of the Code) with appropriate adjustments as to the number and kinds of shares and exercise prices (if applicable) that preserve the material terms and conditions of such Awards as in effect immediately prior to the Change in Control (including, without limitation, with respect to the vesting schedules, the intrinsic value of the Awards as of the Change in Control and transferability of the shares underlying such Awards), all such Awards shall become fully vested and immediately exercisable, as the case may be, as of immediately prior to the Change in Control.

- (c) Notwithstanding anything in this Plan to the contrary, all Performance Shares held by the Participant on the date of the Change in Control shall become vested and deemed earned or satisfied in full, notwithstanding that the applicable performance cycle, retention

restriction conditions shall not have been completed or met. Such Performance Shares shall be paid, cash units in cash and phantom stock units in the Shares represented thereby or such other securities, property or cash as may be deliverable in respect of Shares as a result of a Change in Control, to the Participant no later than ten (10) business days following such Change in Control.

- (d) In the event that a Participant participates or agrees to participate by loan or equity investment (other than through ownership of less than 1% of publicly traded securities of another company) in a transaction which would result in an event described in subsections (i) or (ii) of the definition of Change in Control, Participant must promptly disclose such participation or agreement to Olin, and such transaction will not be considered a Change in Control with respect to Participant for purposes of this Plan.

- (e) Following a Change in Control, no action shall be taken under the Plan that will cause any Award that has previously been determined to be (or is determined to be) subject to Code Section 409A to fail to comply in any respect with Code Section 409A without the written consent of Participant.

Section 10. Effective Date and Term.

The Plan shall be effective as of the Effective Date and shall be unlimited in duration. In the event of a Plan termination, the Plan shall remain in effect as long as any Awards under it are outstanding; provided; however, that, to the extent required by the Code, no Incentive Stock Option may be granted under the Plan on a date that is more than ten years from the date the Plan is adopted.

proxy

This proxy is solicited by the Board of Directors for use at the Annual Meeting on April 28, 2016.

The shares of Olin Common Stock you hold in your account or in a dividend reinvestment account will be voted as you specify on the reverse side. This card also provides confidential voting instructions for shares held in the Olin Corporation Contributing Employee Ownership Plan (CEOP) or in the Dow Chemical Employees Savings Plan (DSP). If you are a participant and have shares of Olin Common Stock allocated to your CEOP and/or your DSP account(s), please read the Trustees Authorization below regarding voting of those shares.

If no choice is specified, the proxy will be voted FOR each of the listed nominees and FOR Items 2, 3 and 4.

By signing the proxy, you revoke all prior proxies and appoint RICHARD M. ROMPALA and JOSEPH D. RUPP, and each of them with full power of substitution, to vote your shares on the matters shown on the reverse side and any other matters which may come before the Annual Meeting to be held on April 28, 2016 at 8:00 a.m. Central Time and all adjournments or postponements thereof.

Trustees Authorization: As a named fiduciary, you may direct Voya National Trust, as Trustee of the CEOP, or Fidelity Management Trust Company, as Trustee of the DSP, how to vote the shares of Olin Common Stock allocated to your CEOP and/or your DSP account(s) on the three matters listed on the reverse side by completing and mailing this Proxy/Voting Instruction Form or sending your voting instructions via telephone or Internet. The Trustees will vote the shares represented by this Proxy/Voting Instruction Form as instructed if proper instructions are received before 11:59 p.m. Central Time on April 25, 2016. The Trustees will vote all shares for which no instructions are received in the same proportion as shares for which they receive instructions.

See reverse for voting instructions.
