Item 8.01. Other Events.

On March 8, 2016, Amarin Corporation plc (Amarin) announced settlement terms to resolve the Amarin First Amendment litigation (*Amarin Pharma, Inc. et al. v. FDA et al.*, No. 15-3588 (S.D.N.Y. May 7, 2015)). The Court approved the terms on the same date and the case is now closed. The key settlement terms include:

The U.S. Food and Drug Administration (FDA) and the U.S. government have agreed to be bound by the court's earlier conclusions from the August 7, 2015 declaration issued in the litigation that Amarin may engage in truthful and non-misleading speech promoting the off-label use of Vascepa and that certain statements and disclosures that Amarin proposed to make to healthcare professionals are truthful and non-misleading.

Amarin bears the responsibility of assuring that its communications to doctors regarding off-label use of Vascepa remain truthful and non-misleading.

The settlement terms are to be interpreted consistently with the August 7, 2015 opinion and order and are not to be construed to limit Amarin's constitutional rights to free speech concerning Vascepa.

FDA has agreed to provide Amarin with an optional preclearance provision through 2020 for new off-label claims.

The parties have agreed to a dispute resolution provision designed to avoid future litigation on matters arising under the settlement order.

The court would retain jurisdiction over the matter to ensure compliance with and resolve any future dispute arising from the settlement order.
