Total shareholder return ( TSR ) grew 47.8%, which ranked TSYS as the ninth best performing stock in the S&P 500 for 2015.

Adjusted earnings per share ( EPS ) from continuing operations were \$2.46, an increase of 25.5% over 2014. On a GAAP basis, basic EPS from continuing operations were \$1.97, an increase of 33.3% over 2014.

Total revenues were \$2.8 billion, an increase of 13.6% over 2014. Revenues before reimbursable items were \$2.5 billion, an increase of 14.0% over 2014.

## Table of Contents

### Corporate Governance Principles

TSYS is committed to good corporate governance, which is designed to build long-term shareholder value, sustain our success, maintain internal checks and balances and foster responsible decision making and accountability.

TSYS has adopted Corporate Governance Guidelines and other governance practices to provide a framework for the effective governance of TSYS. Our Corporate Governance Guidelines and other governance practices are reviewed regularly by the Board and TSYS and modified as appropriate. The full text of our Corporate Governance Guidelines, Code of Business Conduct and Ethics which is applicable to all directors, officers and employees, each committee's current charter, procedures for shareholders and other interested parties to communicate with the independent Lead Director or with the non-management directors individually or as a group and procedures for reporting complaints and concerns about TSYS, including complaints concerning accounting, internal accounting controls and auditing matters can be found in the Corporate Governance section of our website at [www.tsys.com](http://www.tsys.com), under Investor Relations then Corporate Governance.

Governance is a continuing focus at TSYS, starting with the Board and extending to management and all employees. As such, the Board reviews TSYS's policies and business strategies and advises and counsels the Chief Executive Officer and the other executive officers who manage our business.

### Director Independence

The Board has determined that 12 of its 15 members are independent as defined by the listing standards of the New York Stock Exchange ( NYSE ) and our Corporate Governance Guidelines. TSYS's Board has determined that the following directors are independent: James H. Blanchard, Kriss Cloninger III, Walter W. Driver, Jr., Gardiner W. Garrard, Jr., Sidney E. Harris, William M. Isaac, Mason H. Lampton, Connie D. McDaniel, H. Lynn Page, John T. Turner, Richard W. Ussery and James D. Yancey. For a director to be considered independent, the Board must affirmatively determine that the director has no direct or indirect material relationship with TSYS. The Board has established guidelines for independence to assist it in determining director independence which are consistent with the independence requirements in the NYSE listing standards. In addition to applying these guidelines, which are set forth in Section 2 of our Corporate Governance Guidelines and available in the Corporate Governance section of our website at [www.tsys.com](http://www.tsys.com), under Investor Relations then Corporate Governance, the Board considers all relevant facts and circumstances in making an independence determination. The Board considered the transactions described under Certain Relationships and Related Transactions on page 10 and concluded that none of the transactions impaired any director's independence under TSYS's independence guidelines or NYSE listing standards.

### Attendance at Meetings

The Board of Directors held ten meetings in 2015. All directors attended at least 75% of Board and committee meetings held during their tenure during 2015. The average attendance by directors at the aggregate number of Board and committee meetings they were scheduled to attend was 99%. Although TSYS has no formal policy with respect to Board members' attendance at its annual meetings, it is customary for all Board members to attend the annual meetings. All of our directors attended the 2015 Annual Meeting of Shareholders.

### Executive Sessions of the Board of Directors

The non-management directors meet separately in executive session at least four times a year after each regularly scheduled meeting of the Board of Directors. The independent directors meet in executive session at least once a year. The independent Lead Director presides at the meetings of non-management and independent directors. James H. Blanchard currently serves as our independent Lead Director.

#### Committees of the Board

TSYS Board of Directors has five principal standing committees – an Audit Committee, a Corporate Governance and Nominating Committee, a Compensation Committee, a Technology Committee and an Executive Committee.

#### **4** *TSYS - 2016 Proxy Statement*

**Table of Contents**

Copies of the committee charters are available in the Corporate Governance section of our website at [www.tsys.com](http://www.tsys.com), under Investor Relations then Corporate Governance. The Board has determined that each member of the Audit, Corporate Governance and Nominating and Compensation Committees is an independent director as defined by the listing standards of the NYSE and our Corporate Governance Guidelines, and satisfies the applicable SEC and NYSE additional independence requirements for the members of such committees. The following table shows the current membership of the various committees.

*Executive Committee*

During the intervals between meetings of TSYS Board of Directors when the full Board is unable to meet in person or telephonically with respect to urgent, time sensitive matters, the Executive Committee possesses and may exercise any and all of the powers of the Board of Directors in the management and direction of the business and affairs of TSYS with respect to which specific direction has not been previously given by the Board of Directors unless Board action is required by TSYS governing documents, law or rule.

*Audit Committee*

The Report of the Audit Committee is on page 21. The Board has determined that all members of the Committee are independent under the rules of the NYSE and the SEC, financially literate under the rules of the NYSE and that H. Lynn Page and Connie D. McDaniel are audit committee financial experts as defined by the rules of the SEC. The primary functions of the Audit Committee include:

Monitoring the integrity of TSYS financial statements, TSYS systems of internal controls and TSYS compliance with regulatory and legal requirements;

Selecting and monitoring the independence, qualifications and performance of TSYS independent auditor and internal auditing activities;

Providing an avenue of communication among the independent auditor, management, internal audit and the Board of Directors; and

Monitoring the effectiveness of management's enterprise risk management process that monitors and manages key business risks facing TSYS.

Overseeing the annual review and evaluation of the performance of the Board and its committees;

Developing and recommending to the Board corporate governance guidelines; and

Ensuring that procedures are in place for annual CEO performance reviews and annual reviews for succession planning and management development.

*Compensation Committee*

The Report of the Compensation Committee is on page 38. The primary functions of the Compensation Committee include:

Establishing, reviewing and approving the compensation of the Chief Executive Officer and reviewing and approving compensation amounts for all other executive officers;

Overseeing TSYS' equity compensation plans;

Preparing the report on executive compensation to be included in TSYS' annual proxy statement;

Reviewing and assessing potential risk to TSYS from its compensation practices, policies and programs; and

Monitoring TSYS' management development and executive succession planning activities.

The Compensation Committee's charter reflects these responsibilities and, except to the extent prohibited by NYSE rules or other applicable law or regulation, allows the Committee to delegate any matters within its power and responsibility to individuals or subcommittees when it deems appropriate. Information regarding TSYS' processes and procedures for the consideration and determination of executive compensation, including the roles of TSYS' executive officers and independent compensation consultant in the Committee's decision making process, can be found under Compensation Discussion and Analysis on page 24.

## **Table of Contents**

### **Board Leadership Structure**

Under its charter, the Corporate Governance and Nominating Committee periodically reviews and recommends to the Board the leadership structure of the Board including whether to separate or combine the Chief Executive Officer and Chairman positions as well as whether to have a Lead Director. Our bylaws and Corporate Governance Guidelines provide the Board with the flexibility to change the structure of the Chairman and Chief Executive Officer positions as and when appropriate. In addition, since 2003, our Corporate Governance Guidelines have required the election by the independent directors of an independent Lead Director to serve during any period when there is no independent Chairman of the Board in order to ensure that there is effective oversight by an independent board.

### **Board Leadership Structure**

Chairman, President and Chief Executive Officer: M. Troy Woods

Independent Lead Director: James H. Blanchard

Audit, Compensation, Corporate Governance and Nominating and Technology Committees led by independent directors

Active engagement and oversight by all directors

The Board believes this structure provides an effective balance between strong company leadership and appropriate safeguards and oversight by independent directors.

#### *Responsibilities of the Independent Lead Director*

Under our Corporate Governance Guidelines, the responsibilities of the independent Lead Director include:

providing leadership to ensure the Board works in an independent, cohesive fashion, which includes evaluating the CEO's and Board's performance on an ongoing and annual basis;

serving as a liaison with TSYS's shareholders;

developing the agenda for Board meetings with the Chairman of the Board, Board and Corporate Secretary;

having the authority to call meetings of the independent and non-management directors, as needed;

ensuring Board leadership in times of crisis;

developing the agenda for and chairing executive sessions of the independent directors and executive sessions of the non-management directors and acting as liaison between the independent directors and the Chairman of the Board on matters raised in such sessions;

chairing Board meetings when the Chairman of the Board is not in attendance;

working with the Chairman of the Board regarding meeting schedules to ensure the conduct of the Board meeting provides adequate time for serious discussion of appropriate issues and that appropriate information is made available to Board members on a timely basis;

attending meetings of the committees of the Board, as necessary or at his/her discretion, and communicating regularly with the Chairs of the principal standing committees of the Board; and

being available, upon request, for consultation and direct communication with major shareholders.

*Meetings of Non-Management Directors and Rationale for Structure*

Our Corporate Governance Guidelines provide that non-management directors will meet in executive session at least four times a year and that our independent directors will meet in executive session at least once a year. As noted above, our Lead Director chairs these executive sessions which allow the Board to review key decisions and to discuss matters in a manner that is independent of the Chief Executive Officer, and where necessary, critical of the Chief Executive Officer and senior management.

The Board believes that the leadership of both the Board and TSYS by Mr. Woods is in the best interests of TSYS and its shareholders as it enhances communication between the Board and management and allows Mr. Woods to more effectively execute TSYS business plans and confront its challenges. The Board believes that the appointment of a strong independent Lead Director and the use of regular executive sessions of the non-management directors, along with the Board's strong committee system and substantial majority of independent directors, allow it to maintain effective oversight of management.

## **Table of Contents**

### **Risk Oversight**

Our Board of Directors has overall responsibility for risk oversight with a focus on the most significant risks facing TSYS. A fundamental part of risk oversight is not only understanding the material risks the company faces and the steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the company. The involvement of the Board of Directors in reviewing TSYS' business strategy is an integral aspect of the Board's assessment of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for TSYS. The Board recognizes that it is neither possible nor prudent to eliminate all risk. In fact, thoughtful and appropriate risk-taking is essential for TSYS to remain competitive and to achieve its long-term strategic objectives.

### **Oversight of Risk**

The Board oversees risk management.

Board Committees, which meet regularly and report back to the full Board, play significant roles in carrying out the risk oversight function.

TSYS management is charged with managing risk, through robust internal processes and effective internal controls.

The Board exercises its oversight responsibility for risk both directly and through the Audit, Compensation, Corporate Governance and Nominating, and Technology Committees. Management of TSYS, which is responsible for day-to-day risk management, maintains an enterprise risk management process. The enterprise risk management process is designed to identify and assess TSYS' risks, and to develop steps to mitigate and manage risks. On at least an annual basis, our Chief Risk, Compliance and Privacy Officer presents a report to the full Board and the Board discusses the most significant risks that TSYS is facing and the steps management has taken or will take to mitigate those risks. In addition, the full Board is kept informed of each committee's risk oversight and related activities through regular reports from the committee chairs.

The Audit Committee has primary responsibility for overseeing TSYS' enterprise risk management framework and programs. The Committee regularly discusses our major financial risk exposures, financial reporting, internal controls, key operational risks, market risks and compliance, and the enterprise risk management framework and programs. TSYS' executive management engages with and/or reports to the Committee on a regular basis to address high priority risks.

The Technology Committee assists the Board and the Audit Committee in the oversight of TSYS' management of risks regarding technology, information security, disaster recovery and business continuity, including, but not limited to, risks in these four areas related to hardware, software, personnel, architecture, organizational structure, management, resource allocation, innovation, and research and development. The Committee oversees and reviews management's assessment and management of these technology risks and regularly discusses with management TSYS' risk appetite

and strategy relating to these risks.

The Corporate Governance and Nominating Committee oversees risks related to our overall corporate governance structure and processes, including board and committee composition, board size and structure, independence and risks arising from related party transactions.

The Compensation Committee oversees the risks associated with management resources, succession planning and management development and our compensation structure and programs, including evaluating and assessing risks arising from our compensation policies and practices for all employees, as discussed further below.

Management recently conducted a risk assessment to evaluate the risks associated with TSYS compensation practices, policies and programs for all employees, including the named executive officers. Management's analysis was reviewed with the Compensation Committee at its February 2016 meeting. Based on this review and assessment, we do not believe our compensation programs encourage excessive or inappropriate risk-taking that is reasonably likely to result in a material adverse effect on TSYS.

### Shareholder Engagement

We believe that building positive relationships with our shareholders is critical to TSYS long-term success. We value the views of our shareholders and we have both face-to-face meetings and conference calls with them during the year on subjects such as capital allocation, our performance, the regulatory environment, corporate governance and executive compensation in an effort to ensure that management and the Board understand and consider the issues that matter most to our shareholders and to enable TSYS to attempt to address them effectively.

## **8** TSYS - 2016 Proxy Statement

## **Table of Contents**

### **Board and Committee Evaluations**

Each year, our Board and committees conduct self-evaluations to assess the qualifications, attributes, skills and experience represented on the Board; to assess their effectiveness and adherence to our Corporate Governance Guidelines and committee charters; and to identify opportunities to improve Board and committee performance.

### **Communicating with the Board**

The Board provides a process for shareholders and other interested parties to communicate with one or more members of the Board, including the independent Lead Director, or the non-management directors individually or as a group. Shareholders and other interested parties may communicate with the Board by writing the Board of Directors, Total System Services, Inc., c/o General Counsel's Office, One TSYS Way, Columbus, Georgia 31901 or by calling (888) 467-2881. These procedures are also available in the Corporate Governance section of our website at [www.tsys.com](http://www.tsys.com), under Investor Relations then Corporate Governance. The process for handling shareholder and other communications to the Board has been approved by TSYS' independent directors.

### **Board Composition**

#### *Nominating Process and Director Recruitment*

The Corporate Governance and Nominating Committee reviews potential director candidates and recommends nominees to the Board for approval. The Committee assesses the size and composition of the Board each year and seeks input from each director with respect to the current composition of the Board in light of TSYS' current and future business strategies as a means to identify any backgrounds or skill sets that may be helpful in maintaining or improving alignment between Board composition and our business. In assessing Board composition and selecting and recruiting director candidates, the Committee believes it is important to have a mix of experienced directors with a deep understanding of TSYS and others who bring a fresh perspective. In this regard, the Committee recruited two new directors in 2014. Additionally, the Board appointed Pamela A. Joseph to serve as a member of the Board beginning in March 2016 and to serve as TSYS' President and Chief Operating Officer, effective May 1, 2016. Ms. Joseph is standing for re-election as a director at the 2016 Annual Meeting.

The Committee is aware that a long-tenured board and/or long-tenured directors may be believed by some to contribute to a lack of diversity and fresh perspectives, and may also diminish a director's independence. The Committee appreciates these concerns and has been focused on director refreshment and succession planning for several years in light of recent director retirements and additional retirements that will take place in 2016 and 2017. In anticipation of at least four director retirements in 2016 and 2017, the Committee is actively engaged in succession planning and, depending upon what the Board determines the appropriate size of the Board to be at that time, will seek directors who meet the criteria described under Director Qualifications below.

#### *Director Qualifications*

Our Corporate Governance Guidelines contain Board membership criteria considered by the Committee in recommending nominees for a position on TSYS' Board. The Committee believes that, at a minimum, a director candidate must possess the personal qualities of personal and professional integrity, sound judgment and forthrightness. A director candidate must also have sufficient time and energy to devote to the affairs of TSYS, be free from conflicts of interest with TSYS, and be willing to make, and financially capable of making, the required investment in TSYS' stock pursuant to our Director Stock Ownership Guidelines. The Committee considers, among other things, the following criteria when reviewing a director candidate and existing directors:

The extent of the director s/potential director s business, educational, governmental, non-profit or professional acumen and experience;

Whether the director/potential director assists in achieving a mix of Board members that represents a diversity of background, perspective and experience, including with respect to age, gender, race, place of residence and specialized experience;

Whether the director/potential director meets the independence requirements of the listing standards of the NYSE and our independence guidelines (where independence is desired);

Whether the director/potential director has the financial acumen or other professional or business experience relevant to an understanding of TSYS business; and

Whether the director/potential director, by virtue of particular technical expertise, experience or specialized skill relevant to TSYS current or future business, will add specific value as a Board member.

**TSYS - 2016 Proxy Statement 9**

## **Table of Contents**

In addition, in accordance with our Corporate Governance Guidelines, no person 75 years or older is eligible for election as a member of the Board.

The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. In addition to the criteria set forth above, the Committee considers how the skills and attributes of each individual candidate or incumbent director work together to create a board that is collegial, engaged and effective in performing its duties. Although the Board does not have a formal policy on diversity, the Board and the Committee believe that the background and qualifications of the directors, considered as a group, should provide a significant mix of experience, knowledge and abilities that will contribute to Board diversity and allow the Board to effectively fulfill its responsibilities. The Committee actively considers diversity in recruitment and nominations of directors.

### *Identifying and Evaluating Nominees*

The Committee has two primary methods for identifying director candidates (other than those proposed by TSYS shareholders, as discussed below). First, the Committee solicits ideas for possible candidates from a number of sources including members of the Board, TSYS executives and individuals personally known to the members of the Board. Second, the Committee may use its authority under its charter to retain at TSYS expense one or more search firms to identify candidates (and to approve such firms' fees and other retention terms).

The Committee will consider all director candidates identified through the processes described above and will evaluate each of them, including incumbents, based on the same criteria. Director candidates are evaluated at regular or special meetings of the Committee and may be considered at any point during the year. If based on the Committee's initial evaluation a director candidate continues to be of interest to the Committee, the Chair of the Committee and other Committee members will interview the candidate and communicate the evaluation to executive management. Additional interviews are conducted, if necessary, and ultimately the Committee will meet to finalize its list of recommended candidates for the Board's consideration.

During 2015 and 2016, the Committee sought to recruit an additional Board member who aligns with TSYS' long-term growth strategy. Following consideration of candidates submitted by directors and members of management, including a comprehensive review of the candidates' abilities and qualifications, the Committee recommended that Pamela A. Joseph be elected to the Board. Ms. Joseph was recommended by the Chief Executive Officer. The Board has also appointed Ms. Joseph to serve as TSYS' President and Chief Operating Officer, effective May 1, 2016.

### *Shareholder Candidates*

The Committee will also consider candidates for nomination as a director submitted by shareholders. Although the Committee does not have a separate policy that addresses the consideration of director candidates recommended by shareholders, the Board does not believe that such a separate policy is necessary as our bylaws permit shareholders to nominate candidates and as one of the duties set forth in the Corporate Governance and Nominating Committee charter is to review and consider director candidates submitted by shareholders. The Committee's evaluation process does not vary based upon whether a candidate is recommended by a shareholder; provided, however, the procedural requirements set forth in our bylaws and the procedures described under "Shareholder Proposals and Nominations" on page 49 must be met.

### *Certain Relationships and Related Transactions*

### *Related Party Transaction Policy*

The Board of Directors has adopted a written policy for the review, approval or ratification of certain transactions with related parties of TSYS, which policy is administered by the Corporate Governance and Nominating Committee. Transactions that are covered under the policy include any transaction, arrangement or relationship, or series of similar transactions, arrangements or relationships, in which: (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year; (2) TSYS is a participant; and (3) any related party of TSYS (such as an executive officer, director, nominee for election as a director or greater than 5% beneficial owner of TSYS stock, or their immediate family members) has or will have a direct or indirect material interest.

In determining whether to approve or ratify a related party transaction, the Committee must consider, in addition to other factors it deems appropriate, whether the transaction is on terms no less favorable to TSYS than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction.

The policy does not apply to transactions which occurred, or in the case of ongoing transactions, transactions which began, prior to the date of the adoption of the policy by the Board.

*Other Information About Board Independence*

In addition to the information set forth under the caption Related Party Transactions above, the Board also considered the following relationship in evaluating the independence of our independent directors and determined that it does not constitute a direct or indirect material relationship with TSYS. An entity of which Mr. Cloninger serves as an executive officer made payments to and received payments from TSYS for merchant processing and printing and related services, respectively, in the ordinary course of business during 2015, which payments were significantly less than the greater of two percent of the annual revenues for that entity or TSYS, or \$1 million, and therefore satisfy the Board's guidelines for independence.

## **Table of Contents**

The Corporate Governance and Nominating Committee is responsible for reviewing and recommending to the Board compensation programs for non-employee directors, which review is conducted annually. TSYS does not pay directors who are employees for Board service in addition to their regular employee compensation. As part of its review of director compensation, the Committee periodically engages an outside consultant to report on director compensation practices and levels, but did not do so in 2015. In addition, from time to time, the Chief Executive Officer may make recommendations to the Committee about types and amounts of appropriate compensation for directors. During 2015, the annual cash Board retainer was increased by \$5,000, the value of the annual equity award was increased by \$18,000 and the Lead Director's cash retainer was increased by \$15,000.

The compensation program for non-employee directors is designed to achieve the following goals: compensation should fairly pay directors for work required for a company of TSYS's size; compensation should align directors' interests with the long-term interests of shareholders; and the structure of the compensation should be simple, transparent and easy for shareholders to understand.

### *Cash Compensation of Directors*

The annual cash retainer for non-employee directors is \$75,000. Compensation Committee and Technology Committee members receive an additional cash retainer of \$10,000, Corporate Governance and Nominating Committee members receive an additional cash retainer of \$7,500 and Audit Committee members receive an additional cash retainer of \$15,000. In addition, the Chairperson of the Corporate Governance and Nominating Committee receives a \$7,500 cash retainer, the Chairpersons of the Compensation and Technology Committees receive a \$10,000 cash retainer, the Chairperson of the Audit Committee receives a \$15,000 cash retainer and the Lead Director receives a \$20,000 cash retainer. In addition, directors may from time to time receive compensation for serving on special committees of the TSYS Board. Directors are not compensated for serving on the Executive Committee.

### *Deferral Program*

Non-employee directors may elect to defer all or a portion of their cash compensation under the Directors' Deferred Compensation Plan. The Directors' Deferred Compensation Plan does not provide directors with an above market rate of return. Instead, the deferred amounts are deposited into one or more investment funds at the election of the director. In so doing, the plan is designed to allow directors to defer the income taxation of a portion of their compensation and to receive an investment return on those deferred amounts. All deferred fees are payable only in cash. Mr. Driver deferred cash compensation under this plan during 2015.

### *Equity Compensation of Directors*

Non-employee directors receive an annual equity award with a fixed value of \$130,000, with 50% awarded in the form of fully vested stock options and 50% in the form of fully vested shares. These awards are designed to create equity ownership and to focus directors on the long-term performance of TSYS.

### *Stock Ownership Guidelines*

The equity awards to non-employee directors assist and facilitate directors' fulfillment of their stock ownership requirements. TSYS's Corporate Governance Guidelines require all directors to accumulate over time shares of TSYS stock equal in value to at least three times the value of their annual retainer for Board service. Directors have five

years to attain this level of total stock ownership but must attain a share ownership threshold of one times the amount of the director's annual retainer within three years. These stock ownership guidelines are designed to align the interests of TSYS directors to that of TSYS shareholders and the long-term performance of TSYS. All directors currently comply with our ownership guidelines.

**Table of Contents**

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit our financial statements and our internal control over financial reporting. The Committee has appointed the firm of KPMG LLP as the independent auditor for TSYS for 2016. KPMG has served as our independent auditor since 1983.

The Committee annually reviews KPMG's independence and performance in deciding whether to retain KPMG or engage another firm as our independent auditor. In the course of these reviews, the Committee considers, among other things, the quality and efficiency of the services provided by the independent auditor and KPMG's historical and recent performance on the TSYS audit. A new Lead Engagement Partner is designated at least every five years to provide a fresh perspective. A new Lead Engagement Partner was designated for 2015 in consultation with the Audit Committee.

Representatives of KPMG will be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders present at the meeting. Although shareholder ratification of the appointment of TSYS' independent auditor is not required by our bylaws or otherwise, we are submitting the selection of KPMG to our shareholders for ratification as a matter of good corporate practice. If not ratified, the Audit Committee will reconsider the selection, although the Audit Committee will not be required to select a different independent auditor for TSYS.

**The Board of Directors Recommends That You Vote FOR The Ratification of The Appointment of KPMG LLP as the Independent Auditor.**

**Audit and Non-Audit Fees**

The following table presents fees for professional audit services rendered by KPMG LLP for the audit of TSYS annual financial statements for the years ended December 31, 2015 and December 31, 2014 and fees billed for other services rendered by KPMG during those periods.

	<b>2015</b>	<b>2014</b>
Audit Fees <sup>(1)</sup>	\$ 2,305,161	\$ 2,254,535
Audit Related Fees <sup>(2)</sup>	2,167,893	1,952,488
Tax Fees <sup>(3)</sup>	44,609	287,903
All Other Fees	-0-	-0-
<b>Total</b>	<b>\$ 4,517,663</b>	<b>\$ 4,494,926</b>

(1) Audit fees represent fees for professional services provided in connection with the audit of TSYS' financial statements and internal control over financial reporting, reviews of quarterly financial information and audit services provided in connection with other statutory or regulatory filings.

(2) Audit related fees consisted principally of certain agreed upon procedures engagements, employee benefit plan audits and assurance related services associated with data center reviews.

(3) Tax fees consisted of fees for tax compliance/preparation and tax consultation services.

[Policy on Audit Committee Pre-Approval](#)

The Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor in order to assure that the provision of these services does not impair the independent auditor's independence. TSYS Audit Committee Pre-Approval Policy addresses services included within the four categories of audit and permissible non-audit services, which include Audit Services, Audit Related Services, Tax Services and All Other Services.

The annual audit services engagement terms and fees are subject to the specific pre-approval of the Audit Committee. In addition, the Audit Committee must specifically pre-approve permissible non-audit services classified as All Other Services.

**TSYS - 2016 Proxy Statement 19**

**Table of Contents**

Prior to engagement, management submits to the Committee for approval a detailed list of the Audit Services, Audit Related Services and Tax Services that it recommends the Committee engage the independent auditor to provide for the fiscal year. Each specified service is allocated to the appropriate category and accompanied by a budget estimating the cost of that service. The Committee will, if appropriate, approve both the list of Audit Services, Audit Related Services and Tax Services and the budget for such services.

The Committee is informed at each Committee meeting as to the services actually provided by the independent auditor pursuant to the Pre-Approval Policy. Any proposed service that is not separately listed in the Pre-Approval Policy or any service exceeding the pre-approved fee levels must be specifically pre-approved by the Committee. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee. The Chairman must report any pre-approval decisions made by him to the Committee at its next scheduled meeting.

**Table of Contents**

The Audit Committee of the Board of Directors is comprised of four directors, each of whom the Board has determined to be an independent director as defined by the listing standards of the NYSE and the rules of the SEC. The duties of the Audit Committee are summarized in this Proxy Statement under "Committees of the Board" on page 4 and are more fully described in the Audit Committee charter adopted by the Board of Directors.

One of the Audit Committee's primary responsibilities is to assist the Board in its oversight responsibility regarding the integrity of TSYS' financial statements and systems of internal controls. Management is responsible for TSYS' accounting and financial reporting processes, the establishment and effectiveness of internal controls and the preparation and integrity of TSYS' consolidated financial statements. KPMG LLP, TSYS' independent auditor, is responsible for performing an independent audit of TSYS' consolidated financial statements and of the effectiveness of TSYS' internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing opinions on whether those financial statements are presented fairly in conformity with accounting principles generally accepted in the United States and on the effectiveness of TSYS' internal control over financial reporting. The Audit Committee is directly responsible for the appointment, compensation and oversight of KPMG. The function of the Audit Committee is not to duplicate the activities of management or the independent auditor, but to monitor and oversee TSYS' financial reporting process.

In discharging its responsibilities regarding the financial reporting process, the Audit Committee:

Reviewed and discussed with management and KPMG TSYS' audited financial statements as of and for the year ended December 31, 2015;

Discussed with KPMG the matters required to be discussed by Auditing Standard No. 1301 (Communications with Audit Committees) as adopted by the PCAOB; and

Received from KPMG the written disclosures and the letter required by applicable requirements of the PCAOB regarding KPMG's communications with the Audit Committee concerning independence and has discussed with KPMG its independence.

Based upon the review and discussions referred to in the preceding paragraph, the Audit Committee recommended to the Board of Directors that the audited financial statements referred to above be included in TSYS' Annual Report on Form 10-K for the year ended December 31, 2015 filed with the Securities and Exchange Commission.

## Table of Contents

The Compensation Discussion and Analysis which follows explains TSYS' executive compensation program applicable to the following named executive officers whose 2015 compensation information is provided in the series of tables following this discussion:

M. Troy Woods, Chairman, President and Chief Executive Officer;

Paul M. Todd, Senior Executive Vice President and Chief Financial Officer;

William A. Pruett, Senior Executive Vice President and Chief Client Officer; President, TSYS North America;

Patricia A. Watson, Senior Executive Vice President and Chief Information Officer; and

G. Sanders Griffith, III, Senior Executive Vice President, General Counsel and Secretary.

We have voluntarily disclosed the compensation amounts earned by or paid to Mr. Griffith for 2013 and 2014 even though Mr. Griffith was not a named executive officer for 2013 or 2014. As certain executives are paid similar base salaries, it is possible that TSYS' named executive officers could change from year-to-year as both the short-term and long-term incentive awards are expressed as a percentage of base pay and the target percentage for these executives is the same. We believe this information for the years in which the base salaries of certain of these executives is similar will provide our shareholders with consistent disclosure from year-to-year.

## COMPENSATION DISCUSSION AND ANALYSIS

### Executive Summary

#### *Overview*

TSYS' executive compensation programs align the interests of TSYS' executives with those of our shareholders by tying a significant portion of their total compensation directly to our short-term and long-term business results. The Compensation Committee (the Committee) reviews the program components, targets and payouts on an annual basis to ensure our pay-for-performance alignment. Executive performance is evaluated against both short- and long-term goals with targets and metrics that are directly linked to our annual operational and long-term strategic goals. We believe that the design of our executive compensation program provides a clear link to shareholder value by focusing our executives on achieving key financial and strategic business objectives and rewarding them when those objectives are achieved.

#### *2015 Say-on-Pay Vote and Shareholder Outreach*

At our 2015 Annual Meeting, we asked shareholders to approve, on an advisory basis, the compensation of the named executive officers as disclosed in the proxy statement for that meeting. Shareholders responded favorably with over 94% of the votes cast in favor of approval. The Board and the Compensation Committee appreciate and value the

views of our shareholders. In considering the results of this advisory vote on executive compensation, the Committee concluded that the compensation paid to our named executive officers and our overall pay practices enjoy strong shareholder support.

In light of the strong shareholder support of the compensation paid to our executive officers evidenced by the results of this advisory vote, the Board and the Committee did not make any material changes to our executive compensation program for 2016 as a result of the 2015 say-on-pay vote. Future advisory votes on executive compensation will serve as an additional tool to guide the Board and the Committee in evaluating the alignment of our executive compensation program with the interests of TSYS and its shareholders. The Board and the Committee intend to continue our annual shareholder outreach program pursuant to which we discuss, or offer to discuss, with all shareholders holding 1% or more of TSYS shares their views on general governance issues as well as compensation related matters or any concerns they may have concerning TSYS practices.

### *Financial Highlights*

Total shareholder return ( TSR ) grew 47.8% in 2015, which ranked TSYS as the ninth best performing stock in the S&P 500 for 2015. Adjusted earnings per share ( EPS ) from continuing operations were \$2.46, an increase of 25.5% over 2014. On a GAAP basis, basic EPS from continuing operations were \$1.97, an increase of 33.3% over 2014. Total revenues were \$2.8 billion, an increase of 13.6% over 2014. Revenues before reimbursable items were \$2.5 billion, an increase of 14.0% over 2014.

## **24** *TSYS - 2016 Proxy Statement*

## **Table of Contents**

We also used the strength of our cash generation to return over \$315.8 million to our shareholders through share repurchases and dividends.

For 2015, we used three performance metrics at the enterprise level for our executive compensation program: adjusted EPS from continuing operations, revenues before reimbursable items and relative TSR which is our performance compared to the constituent companies in the S&P 500 ( Relative TSR<sup>(1)</sup>).

### *Key Performance Metrics*

(1) Adjusted EPS and revenues before reimbursable items are non-GAAP financial measures. Adjusted EPS is adjusted earnings divided by weighted average shares outstanding used for basic EPS calculations. Adjusted earnings is net income excluding the after-tax impact of stock-based compensation expenses, amortization of acquisition intangibles and NetSpend merger and acquisition expenses. Revenues before reimbursable items is total revenues less reimbursable items, or pass-through items, such as postage. For a reconciliation of these non-GAAP financial measures to the nearest comparable GAAP measure, see Non-GAAP Financial Measures in our consolidated financial statements included in our 2015 Annual Report to Shareholders accompanying this Proxy Statement and available on our web site at <http://annualreport.tsys.com>. TSR is cumulative stock price appreciation plus reinvestment of all dividends.

### *Compensation Components and Linking Pay with Performance*

The primary components of our named executive officers' total compensation are base salary, annual cash incentive awards through the Annual Incentive Program ( AIP ), annual equity-based awards through our Long-Term Incentive Program ( LTIP ) and retirement and other employee benefits.

Our AIP provides cash awards based on our performance against pre-established short-term financial goals aligned with our annual operating plan. Our financial performance at the enterprise level for the 2015 AIP is determined based on revenue growth and adjusted EPS growth.

The LTIP component of our executives' compensation is delivered in two forms of equity grants:

- 40% is in the form of stock options, to align a significant portion of pay to value created for our shareholders through increases in our stock price; and

-

60% is in the form of multi-year, financial goal-based performance shares, to link an element of pay to achievement of three-year goals established for key performance metrics. Our performance for the 2015 LTIP is determined based on adjusted EPS growth and Relative TSR.

The Committee considers our annual operating plan and long-term strategic goals when establishing our AIP and LTIP performance measures and goals.

*2015 Compensation Committee Actions and Results*

Base salaries for the named executive officers were increased approximately 5% taking into consideration the loss of value to each executive due to the elimination of certain perquisites as described below, with the exception of Mr. Todd who received a base salary increase of approximately 10% and Ms. Watson as she was hired in September 2015.

Based on our performance against the 2015 AIP bonus targets for revenue growth and adjusted EPS at the enterprise level, bonuses were earned at 189.33% of target at the enterprise level. Mr. Pruett's AIP bonus opportunity also depends on the performance of our North America Services business segment and attainment of personal objectives as is more fully described in the following pages of this CD&A.

## Table of Contents

Based on our performance against the LTIP performance goals of compound growth in revenues and income from continuing operations for the 2013-2015 performance period, performance shares were paid out in TSYS shares at 152.03% of target.

The stock ownership guideline for Mr. Woods was increased to 6x salary (from 5x) and the previous share retention requirement was eliminated.

The provision of the following perquisites to named executive officers was eliminated: automobile allowance, security system installation and monitoring and country club dues.

### *Pay for Performance*

The graphs below show the approximate percentage of performance-based compensation and the balance of the elements that comprised target total direct compensation approved by the Committee for the named executive officers for 2015. For purposes of the graphs below, performance-based compensation is comprised of AIP bonuses, stock options and performance shares. The percentage of performance-based compensation listed above each chart is calculated by dividing (i) the value of performance-based compensation at target by (ii) the amount of target total direct compensation, which includes performance-based compensation plus 2015 base salary. The mix of actual pay delivered to executives may vary significantly from the charts based on the level of achievement of AIP and LTIP awards.

(1) Does not include Ms. Watson as she was hired in September 2015 and received one-time compensation items.

### *Best Practices*

Our compensation practices embody good corporate governance and reflect best practices within executive compensation:

***Emphasis on Performance-based Compensation:*** A significant percentage, 84% for our CEO, of the target total direct compensation awarded to our executive officers is in the form of performance-based compensation that is tied to the achievement of performance goals.

***Clawback Policy:*** TSYS may recover incentive compensation paid or awarded to executive officers in certain circumstances.

***Double-Trigger Change of Control Provisions:*** Our change of control agreements and equity award agreements require both a change of control of TSYS and actual or constructive termination of employment before change in

control benefits are triggered. In addition, our equity award agreements subsequent to 2011 provide for pro rata vesting.

***Stock Ownership Guidelines:*** Our executives must hold a significant amount of TSYS stock. Our CEO and other executive officers exceed our guidelines by more than 225%, except Mr. Todd and Ms. Watson who became executive officers in 2014 and 2015, respectively.

***Independent Compensation Consultant:*** The Committee selects and directly engages its own executive compensation consultant. The Committee must pre-approve the engagement by management of this executive compensation consultant for any other purpose, subject to a de minimis exception.

***No Tax Gross-Up Policy:*** Agreements adopted or materially amended after December 2011 will not provide for tax gross-up payments to executive officers.

**Table of Contents**

**No Backdating or Repricing of Stock Options:** Stock options are never backdated or issued with below-market exercise prices. Stock options are never re-priced without shareholder approval.

**No Hedging Policy and Restrictions on Pledging:** Our executive officers and directors may not engage in hedging transactions designed to off-set decreases in the market value of TSYS stock. Our pledging policy, implemented in January 2014, prohibits any future pledging of TSYS shares by directors and executive officers except in situations, and on conditions, pre-approved by the Corporate Governance and Nominating Committee of TSYS.

**No Employment Agreements:** None of our executive officers has an employment agreement.

**No Discretionary Bonuses:** The Committee does not authorize discretionary bonuses except in exceptional circumstances.

Additional information with respect to the items listed above can be found in the following pages of this CD&A.

*Elements of Compensation*

The primary elements of compensation in TSYS' executive compensation program are summarized in the table below.

Compensation Element	Objective	Key Features
<b>Base Pay</b>	To provide a fixed level of cash compensation for executive officers commensurate with their respective skills, responsibilities, experience and performance.	Reviewed annually and adjusted based on an executive's performance and positioning relative to our Benchmarking Group.

**Deferred Compensation Plan a nonqualified plan** To provide additional retirement savings and income deferral opportunities.

TSYS contributions are fully vested after two years of service.

Executive officers can elect to defer a portion of their base salary and cash bonuses under the AIP.

TSYS contributes an amount equal to the amount that would have been contributed to the Retirement Savings Plan but for IRS limits, and matches deferrals at the same rate it matches 401(k) contributions.

**Perquisites** To provide minimal personal benefits for executive officers to align our compensation program with competitive practices.

Treated as taxable income to executive officers and represents an insignificant amount of an executive's compensation.

#### Executive Compensation Program

#### *Compensation Philosophy and Objectives*

TSYS' executive compensation program aligns to shareholder value and attracts, motivates and retains an exceptionally talented executive team with the skills and vision required for us to become the leading global payment solutions provider. We structure our program to accomplish our key objectives by focusing on our core principles and aligning executive pay with TSYS' performance.

#### **Core Principles**

Our executive compensation program reflects these core principles:

align management's interests with the long-term interests of shareholders;

## **Table of Contents**

provide compensation on the basis of performance that supports key financial and strategic business outcomes;

attract, motivate and retain top talent to lead our businesses;

reinforce a culture of integrity through our corporate governance initiatives to support sustainable business growth;

assess and appropriately manage compensation risk in the context of our business strategies; and

limit perquisites to those that are reasonable and appropriate.

We believe that our 2015 executive compensation program successfully implements these principles and incorporates best practices in executive compensation.

### *How We Make Compensation Decisions*

#### ***Role of the Compensation Committee***

The Committee is responsible to our Board for overseeing the development and administration of our compensation policies and program for executive officers. The Committee, which consists of three independent directors, is responsible for the review and approval of all aspects of our executive compensation program. Among its duties, the Committee is responsible for establishing the compensation recommendations for our CEO and reviewing and approving all compensation recommendations for our executive officers, including:

Review and approval of corporate incentive goals and objectives relevant to compensation;

Evaluation of the competitiveness of each executive officer's total compensation package; and

Approval of any changes to the total compensation package, including, but not limited to, base salary, annual and long-term incentive award opportunities and payouts.

The Committee is supported in its work by the Chief Human Resource Officer, his staff and an independent executive compensation consultant, as described below.

The Committee's charter, which sets out its duties and responsibilities and addresses other matters, can be found on our website at [www.tsys.com](http://www.tsys.com), under "Investor Relations" then "Corporate Governance."

#### ***Role of Management***

Our CEO does not participate in the Committee's deliberations or decisions with regard to his compensation. However, within the framework of the compensation programs approved by the Committee and based on management's review of market competitive positions, each year our CEO provides input to the Committee regarding the performance and appropriate compensation of the other named executive officers. These recommendations are based upon his

assessment of each executive officer's performance, the performance of the individual's respective business or function and employee retention considerations. The Committee reviews our CEO's recommendations and approves any compensation changes affecting our executive officers as it determines in its sole discretion. Upon the commencement of Pamela A. Joseph's tenure as our President, Chief Operating Officer and member of our Board, she will not participate in the Committee's deliberations or decisions with regard to her compensation.

***Role of the Compensation Consultant***

The Committee is authorized to retain and terminate any consultant, as well as approve the consultant's fees and other terms of retention. The Committee directly engaged Meridian Compensation Partners LLC ( Meridian ) and Towers Watson in 2015 to advise on executive compensation matters. The Committee's consultant provides general observations on TSYS' compensation programs, but it does not determine or recommend the amount or form of compensation for our named executive officers.

Following is a description of the consultant's duties:

reviews and makes recommendations on the benchmarking peer group;

provides executive compensation market benchmark information;

provides an equity usage analysis compared to the peer group;

provides executive tally sheets;

attends meetings of the Committee;

## **Table of Contents**

provides information, research and analysis pertaining to executive compensation;

updates the Committee on market trends, changing practices and regulatory matters pertaining to executive compensation; and

reviews TSYS executive compensation strategy and program to ensure appropriateness and market-competitiveness.

The Committee recognizes the benefit of receiving objective advice from its executive compensation consultant and has implemented a pre-approval policy that requires the approval of the Committee before TSYS management can engage the executive compensation consultant for the Committee to provide additional services, other than the purchase of national and international compensation surveys for fees that do not exceed \$25,000 in any fiscal year. During 2015, neither Meridian nor Towers Watson provided services to TSYS other than its advice to the Committee on executive compensation issues and the provision of surveys.

The Committee considered the independence of Meridian and Towers Watson in light of SEC rules and NYSE listing standards. The Committee requested and received letters from Meridian and Towers Watson addressing their independence, including the following factors: (1) other services provided to us by the consultant; (2) fees paid by us as a percentage of the consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal relationships between the individual consultants involved in the engagement and a member of the Committee; (5) any company stock owned by the individual consultants involved in the engagement; and (6) any business or personal relationships between our executive officers and the consulting firm or the individual consultants involved in the engagement. The Committee considered these factors and determined that no conflict of interest exists that would prevent Meridian or Towers Watson from serving as an independent consultant to the Committee.

### ***Role of Peer Companies and Benchmarking***

The Committee uses publicly reported information from companies that we consider as peers when reviewing the compensation of the named executive officers and evaluating performance-based compensation plans. This process is often referred to as benchmarking. We believe that benchmarking should be a point of reference for measurement, not determinative of the named executive officers' compensation or the performance-based plans.

The Benchmarking Group was selected after considering companies that compete with TSYS for executive talent within similar industries and with similar financial attributes and performance. Peer companies used by proxy advisors were also considered. The Benchmarking Group is reviewed annually. For 2015, the median revenue size of the peer companies was \$2.79 billion. As part of ongoing efforts to ensure that appropriate companies are included in the Benchmarking Group, the Committee revised the Benchmarking Group for 2015. The Dun & Bradstreet Corporation was removed because it is not a direct competitor of TSYS and is a less direct business/operations match than other similarly-sized peer companies. Paychex, Inc., which provides business services and outsourcing, was added because its revenues are similar in size to TSYS, one of the proxy advisors includes Paychex in TSYS' peer group and Paychex includes TSYS in its peer group.

Companies in the 2015 Benchmarking Group are:

Alliance Data Systems Corporation	Euronet Worldwide, Inc.	Paychex, Inc.
Broadridge Financial Solutions, Inc.	Fidelity National Information Services, Inc.	Moneygram International, Inc.
Convergys Corporation	Fiserv, Inc.	Vantiv, Inc.
CoreLogic, Inc.	Global Payments Inc.	VeriFone Systems, Inc.
DST Systems, Inc.	Heartland Payment Systems, Inc.	The Western Union Company
Equifax Inc.	Jack Henry & Associates, Inc.	

TSYS uses our Benchmarking Group for benchmarking total compensation, as well as external market surveys. TSYS benchmarks base salaries and short-term and long-term incentive awards with our Benchmarking Group. TSYS also benchmarks total compensation (base salary, short-term incentives and long-term incentives) of its executives using benchmarking data. The Committee considers the market median when setting total compensation, but it does not target a specific market position and uses comparative market data at the 25<sup>th</sup>, 50<sup>th</sup> and 75<sup>th</sup> percentiles only as reference points to guide its decision making of the type and amount of compensation based on its own evaluation.

***Tally Sheets***

The Committee reviews tally sheets for the named executive officers annually. Tally sheets present the dollar amount of each element of the named executive officer's compensation package, including base salary, cash

## **Table of Contents**

bonus under the AIP, current LTIP target award, perquisites, health and welfare benefits, contributions to the qualified Retirement Savings Plan and the non-qualified Deferred Compensation Plan and outstanding equity awards. Tally sheets also provide estimates of the amounts payable to each executive upon the occurrence of potential future events, such as a change of control, retirement, death, disability, involuntary termination for cause and voluntary or involuntary termination without cause.

Tally sheets provide a summary of all elements of an executive's compensation package, as well as information on wealth accumulation, so that the Committee can analyze both the individual elements of compensation (including the compensation mix) and the aggregate total amount of actual and projected compensation to determine whether the executive's compensation is reasonable.

### **Elements of Compensation**

The primary elements of compensation in TSYS's executive compensation program are discussed below.

#### *2015 Base Pay*

Base pay provides our executives with a level of compensation commensurate with their respective skills, responsibilities, experience and performance. It is the amount paid to an executive for effectively performing his or her job on a daily basis.

To ensure that base pay is competitive, TSYS benchmarks an executive's base pay against base pay paid by our Benchmarking Group. Each executive's current base pay is compared to market information for that position, with an emphasis on the market median, using proxy statement information from our Benchmarking Group. For certain positions for which there is no clear market match in the benchmarking data, the Committee uses a blend of two or more positions from the benchmarking data. After reviewing the benchmarking data, the Committee establishes a competitive base salary for each executive. See *The Role of Peer Companies and Benchmarking* section on page 29 for a list of the companies in the Benchmarking Group and information on the process used to select these companies.

In addition to market comparisons of similar positions at our peer companies, individual performance may affect base pay. Comparison of an executive's base pay to the base pay of other TSYS executives may also be a factor in establishing base pay, especially with respect to positions for which there is no clear market match in benchmarking data. Because of the process used to establish base pay, large increases generally occur only when an executive is promoted into a new position. Base pay is not directly related to TSYS's performance, except over the long term, since revenues are used in benchmarking base pay against our Benchmarking Group. In determining 2015 salary increases, the Committee also considered the loss of value to each executive due to the elimination of some perquisites, as described on page 34.

For 2015, the named executive officers received increases in base pay of approximately 5% effective January 1, 2015, with the exception of Mr. Todd who received a base salary increase of approximately 10% and Ms. Watson as she was hired in September 2015. Mr. Todd's base salary was increased 10% because of his rapid and effective assimilation into the CFO role and to competitively align his base salary to the market median. Base pay for 2015 is set forth in the *Salary* column in the 2015 Summary Compensation Table on page 39.

#### *Annual Incentive Program*

Annual cash bonuses under the AIP provide an incentive for our executives to meet short-term performance goals as reflected in our annual operating plan. In addition, given the prevalence of short-term incentive compensation in the

marketplace, annual cash bonuses are necessary to provide a competitive compensation program.

AIP performance measures are based on growth in revenues before reimbursable items and adjusted EPS from continuing operations at the enterprise level, each of which is defined on page 25, and, at the business segment level, revenues before reimbursable items, adjusted operating income and personal objectives. The Committee implemented an adjusted EPS performance metric for the AIP in 2015, which replaced income from continuing operations, primarily for financial performance measure consistency as we have begun using this metric for external investor and analyst communications. The Committee believes the use of revenue and income measures continues to provide a balanced alignment to growth and profitability of TSYS. To discourage growth in revenues that could be detrimental to earnings, the portion of the 2015 AIP payment based on growth in revenues before reimbursable items cannot exceed the portion of the AIP payment based on adjusted EPS at the enterprise level and adjusted operating income at the business segment level, as applicable. In addition, the AIP does not reward

**30** *TSYS - 2016 Proxy Statement*

executives for acquisitions unless those acquisitions are reflected in the annual operating plan. Enterprise and segment metrics for the named executive officers are weighted as follows:

Executive	Enterprise-wide Performance		North America Services Segment Performance		Personal Objectives
	Growth in Revenues	Adjusted EPS	Growth in Revenues	Adjusted Operating Income	
M. Troy Woods	50%	50%			
Paul M. Todd	50%	50%			
William A. Pruett	20%	20%	25%	25%	10%
Patricia A. Watson	50%	50%			
G. Sanders Griffith, III	50%	50%			

Annual cash bonuses at target under the AIP are expressed as a percentage of an executive's base pay. AIP bonuses are benchmarked against typical short-term incentive awards in our Benchmarking Group. See "The Role of Peer Companies and Benchmarking" section on page 29 for a list of the companies in our Benchmarking Group and information on the process used to select these companies. AIP target bonuses for 2015 were set taking into account data of our Benchmarking Group, as well as existing incentive targets, internal pay equity, individual performance and retention needs.

The 2015 AIP target bonuses as a percentage of base pay were:

Executive	Target as a Percent of Base Pay
M. Troy Woods	125%
Paul M. Todd	85%
William A. Pruett	85%
Patricia A. Watson	(1)
G. Sanders Griffith, III	85%

(1) Ms. Watson was hired in September 2015 and will participate in the AIP in 2016. In connection with her hiring, Ms. Watson received a guaranteed bonus of \$300,000 for 2015.

The amount of an AIP bonus ranges from zero to 200% of the target based on achievement of performance goals established by the Committee for the year. For 2015, the Committee established the following performance goals for the AIP at the enterprise and North America Services business segment levels:

Percent of Target Bonus Paid	Enterprise		North America Services Segment	
	Revenues Before Reimbursable	Adjusted EPS	Revenues Before Reimbursable	Adjusted Operating Income
	Items (000 \$)		Income (000 \$)	

	<b>Items (000 s)</b>			
25%	\$ 2,291,662	\$ 2.0840	\$ 1,053,008	\$ 394,234
50%	\$ 2,329,295	\$ 2.1241	\$ 1,070,300	\$ 400,708
75%	\$ 2,366,927	\$ 2.1641	\$ 1,087,592	\$ 407,182
100%	\$ 2,404,560	\$ 2.2042	\$ 1,104,884	\$ 413,656
125%	\$ 2,440,628	\$ 2.2348	\$ 1,121,457	\$ 419,861
150%	\$ 2,476,697	\$ 2.2654	\$ 1,138,279	\$ 426,159
175%	\$ 2,512,756	\$ 2.2960	\$ 1,155,353	\$ 432,551
200%	\$ 2,548,834	\$ 2.3266	\$ 1,172,684	\$ 439,039

As Mr. Pruett is President of our North America Services segment, 50% of his AIP bonus was based on the North America Services segment metrics, 40% of his AIP bonus was based on enterprise-level metrics and 10% of his AIP bonus was based on attainment of personal objectives. The Committee evaluated Mr. Pruett's performance based on qualitative measures, such as increasing customer satisfaction, and determined that he was entitled to the full 10% of his AIP bonus that was based on attainment of personal objectives. The AIP bonus for all other named executive officers was based 100% on enterprise-level metrics.

The financially based AIP metrics are derived from our financial statements. However, in determining actual performance for purposes of the AIP, the Committee made certain adjustments to our reported results, as required by the AIP terms. These adjustments are intended to ensure that the AIP rewards underlying operational performance, disregarding factors that are beyond the control of our executives or nonrecurring. For purposes of the AIP earned bonus percentage for 2015, the performance results were adjusted to exclude the impact of

**Table of Contents**

fluctuations in currency exchange rates. The required adjustments to reported results may from year to year have a favorable or unfavorable impact on the AIP bonuses earned by our named executive officers. The impact was slightly favorable for 2015.

Results for 2015, after adjustments, were as follows:

	<b>Revenues Before</b>		
	<b>Reimbursable</b>	<b>Adjusted EPS or</b>	<b>Percent of</b>
	<b>Items (000 s)</b>	<b>Adjusted</b>	<b>Target Bonus</b>
	<b>Operating Income (000 s)</b>	<b>Operating Income (000 s)</b>	<b>Target Bonus</b>
Enterprise Level	\$ 2,518,058	\$ 2,4726	189.33%
North America Services Segment	\$ 1,147,874	\$ 428,477	159.06%

The Committee has the right to exercise downward discretion and reduce (but not increase for awards that are intended to comply with Section 162(m)) or eliminate the amount that would otherwise be awarded under the approved schedule. For example, AIP bonuses can be reduced to reflect individual or business unit performance or for affordability. However, the Committee did not exercise downward discretion with respect to the amount earned under the AIP for 2015.

The dollar amounts of AIP bonuses paid, and earned and paid as percentages of base pay were:

<b>Executive</b>	<b>AIP Bonus</b>	
	<b>Paid</b>	<b>Earned and Paid as a Percentage of Base Pay</b>
M. Troy Woods	\$ 1,995,100	236.67%
Paul M. Todd	\$ 741,900	160.93%
William A. Pruett	\$ 777,900	146.77%
Patricia A. Watson	\$ 300,000	(1)
G. Sanders Griffith, III	\$ 819,900	160.92%

(1) Ms. Watson was hired in September 2015 and received a guaranteed bonus of \$300,000 for 2015 in connection with her hiring.

AIP bonuses for 2015 also are set forth in the Non-Equity Incentive Plan Compensation column in the 2015 Summary Compensation Table on page 39.

*Long-Term Incentive Program*

**LTIP Award Opportunities.** Equity awards under the LTIP provide an incentive for our executives to drive TSYS long-term performance by tying a significant portion of their compensation to the achievement of the goals necessary to successfully implement TSYS strategic plan. Equity awards also align the interests of our executives and our shareholders by awarding executives equity in TSYS. Given the prevalence of long-term incentive compensation in the marketplace, LTIP awards also are part of a competitive compensation program.

LTIP awards are expressed as a multiple of an executive's base pay. LTIP awards are set taking into account market data of our Benchmarking Group, as well as existing incentive targets, internal pay equity, individual performance and

retention needs. See The Role of Peer Companies and Benchmarking section on page 29 for a list of the companies in our Benchmarking Group and information on the process used to select these companies.

The target LTIP awards for Mr. Woods and Mr. Todd were increased in 2015 in connection with their promotions during 2014 and for Mr. Woods, Mr. Todd and Mr. Pruett in consideration of their total compensation positioning versus the Benchmarking Group.

The target 2014 and 2015 LTIP awards as a percentage of base pay were:

	<b>2015 Target as a Percentage</b>	<b>2014 Target as a Percentage</b>
<b>Executive</b>	<b>of Base Pay</b>	<b>of Base Pay</b>
M. Troy Woods	400%	302%
Paul M. Todd	175%	100%
William A. Pruett	200%	175%
Patricia A. Watson <sup>(1)</sup>	168%	N/A
G. Sanders Griffith, III	175%	175%

(1) Ms. Watson was hired in September 2015 and her 2015 LTIP award was targeted at \$800,000.

The annual LTIP value in 2015 was granted 40% in stock options and 60% in performance shares. The Committee increased the portion of the LTIP delivered in performance shares in 2015 to create a stronger alignment between shareholder outcomes and executive pay. The Committee believes that stock options are an appropriate equity

**Table of Contents**

vehicle for a portion of LTIP compensation because they are performance-based, providing value only if the value of our stock price increases over time, which aligns our executives' interests with the long-term interests of our shareholders. Stock options are awarded in the performance year and generally vest in three equal annual installments on the anniversaries of the date of grant. The exercise price of a stock option is determined as of the date of grant.

The Committee believes that performance shares are an appropriate equity vehicle for the majority of LTIP compensation because performance shares align executives' interests with the interests of shareholders by focusing executives on the long-term performance of TSYS. Each year the Committee establishes performance goals for the performance share portion of the annual LTIP awards. The Committee linked the 2015 performance share portion of the LTIP award to adjusted EPS from continuing operations and Relative TSR during the period 2015 to 2017. The Committee implemented Relative TSR as a metric in 2015 in place of compound growth in revenues before reimbursable items. The Committee believes this provides an even greater alignment between shareholder value and payouts under the LTIP.

Named executive officers receive an initial target award of performance shares determined as of the date of grant. At the end of the three-year performance period, a named executive officer's payout of his or her performance share award will range from zero to 200% of target based on achievement of the pre-established performance goals.

Because the Committee may take action to approve LTIP awards on or near the date that TSYS' earnings are released, the Committee has established the last business day of the month in which earnings are released as the grant date for equity awards to executive officers to ensure that the earnings release has had time to be absorbed by the market before equity awards are granted and stock option exercise prices are established. However, if the date of the TSYS earnings release or the date the Committee takes action is within five business days of the last business day of the month, the grant date is postponed for five business days after the later of the TSYS earnings release or the date the Committee takes action. With respect to performance-based equity awards other than conventional stock options, awards vest on the date that the Committee certifies that the required performance goals have been attained.

**2015 LTIP Award (2015-2017 Performance Period).** Each named executive officer received 40% of the 2015 LTIP award in the form of stock options. Stock options received by the named executive officers are included in the All Other Option Awards: Number of Securities Underlying Options column in the 2015 Grants of Plan-Based Awards table on page 40. Each named executive officer received 60% of the 2015 LTIP award in the form of performance shares. The closing price of TSYS stock on February 27, 2015 was used to determine the exercise price for the stock options and the number of performance shares awarded at target for each executive except Ms. Watson. The closing price of TSYS stock on September 18, 2015 was used to determine the exercise price for the stock options and the number of performance shares awarded at target to Ms. Watson. Performance share awards at target are included in the Estimated Future Payouts Under Equity Incentive Plan Awards column in the 2015 Grants of Plan-Based Awards table on page 40.

Performance goals for payout of the performance share award portion of the 2015 LTIP are based on the metrics of adjusted EPS from continuing operations and Relative TSR over the period 2015 to 2017, with adjusted EPS weighted 70% and Relative TSR weighted 30%. Future payouts and the applicable performance levels will be reported after the end of the 2015 to 2017 performance period.

For the 2015 to 2017 performance period, the Committee approved the following performance goals for the LTIP:

**Adjusted EPS**

<b>Percentage Earned</b>	<b>Required 2017 Level</b>	<b>CAGR*</b>	<b>Relative TSR**</b>
50%	\$ 2.3972	7%	30 <sup>th</sup> Percentile
100%	\$ 2.6045	10%	50 <sup>th</sup> Percentile
150%	Interpolated	Interpolated	70 <sup>th</sup> Percentile
200%	\$ 2.8235	13%	90 <sup>th</sup> Percentile or above

\* Reflects compound annual growth rate required to achieve 2017 results as compared to 2014 results.

\*\* Payouts under the TSR component are capped at 100% if TSYS absolute TSR is negative regardless of TSYS ranking relative to the S&P 500.

**Table of Contents**

**2013 LTIP Award (2013-2015 Performance Period).** For the 2013 to 2015 performance period, the Committee approved the following performance goals for the LTIP:

Percentage	Revenues Before Reimbursable Items and Income From Continuing Operations			
	Required 2015 Level	CAGR*	Required 2015 Level	CAGR*
50%	\$ 2,275,000,000	12%	\$ 307,000,000	8%
100%	\$ 2,399,000,000	14%	\$ 334,000,000	11%
200%	\$ 2,660,000,000	18%	\$ 371,000,000	15%

\* Reflects compound annual growth rate required to achieve 2015 results as compared to 2012 results.

As TSYS revenues before reimbursable items for the performance period were \$2,520,000,000 and income from continuing operations was \$355,000,000 after adjusting for fluctuations in currency exchange rates, TSYS met the performance goals required for payment of the 2013 LTIP award at 152.03% of target.

As a result of certification of performance by the Committee on January 29, 2016, named executive officers received shares of TSYS stock in connection with the 2013 LTIP as follows:

Executive	TSYS Shares
M. Troy Woods	54,050
Paul M. Todd	11,085
William A. Pruett	27,154
Patricia A. Watson	N/A
G. Sanders Griffith, III	26,367

**Supplemental LTIP Award to Mr. Todd.** In recognition of his performance in his first year as Senior Executive Vice President and Chief Financial Officer, Paul M. Todd was awarded a special LTIP award on August 5, 2015 of 25,000 performance shares. One-third of the performance share award may vest annually on July 31<sup>st</sup> of 2016, 2017 and 2018 based on TSYS annual Relative TSR. 100% of each tranche will vest if Relative TSR performance exceeds the median performance of the S&P 500 and 75% will vest if Relative TSR performance exceeds the 30<sup>th</sup> percentile of the S&P 500. The tranche will be forfeited if Relative TSR performance is below the 30<sup>th</sup> percentile of the S&P 500.

**Qualified Plan and Nonqualified Deferred Compensation Plan**

TSYS maintains a broad-based qualified retirement plan. Under the Retirement Savings Plan, TSYS can make discretionary contributions based on profits. TSYS also matches 401(k) contributions up to 4% of a participant's eligible compensation. For 2015, all eligible participants, including each named executive officer except Ms. Watson, received a discretionary contribution based on profits of 1% eligible compensation and a matching contribution of 4% of eligible compensation under the Retirement Savings Plan. Contributions to the Retirement Savings Plan for 2015 are included in the All Other Compensation column in the 2015 Summary Compensation Table on page 39.

TSYS also sponsors a nonqualified plan, the TSYS Deferred Compensation Plan. TSYS makes contributions to the Deferred Compensation Plan in an amount equal to the benefits that cannot be contributed to the Retirement Savings Plan due to limits imposed by the IRS. In addition, participants in the Deferred Compensation Plan may elect to contribute all or a portion of their base pay and cash bonuses under the AIP to the Deferred Compensation Plan, and TSYS matches the contribution at the same rate applicable under the Retirement Savings Plan. Assets of the Deferred Compensation Plan are held in a rabbi trust, which is subject to claims by TSYS creditors. As the Deferred

Compensation Plan does not pay above market interest, contributions to the Deferred Compensation Plan for 2015 are included in the All Other Compensation column in the 2015 Summary Compensation Table on page 39. Participants in the Deferred Compensation Plan invest amounts held for their benefit among specified mutual funds that are substantially similar to the mutual funds offered under the Retirement Savings Plan.

#### *Perquisites*

Perquisites are a very small part of our executive compensation program. In 2015, the Committee decided to further reduce the perquisites offered to named executive officers and eliminated the automobile allowance, security system installation and monitoring and country club dues for executives. The Committee agreed to retain our financial planning assistance, the provision of term life insurance like coverage and limited personal use of the corporate aircraft. The aggregate incremental cost to TSYS of providing perquisites to our CEO in 2015 was

### **34** *TSYS - 2016 Proxy Statement*

\$41,668 and is included in the All Other Compensation column of the Summary Compensation Table on page 39 and additional information is included in footnote (5) to the table. Considered both individually and in the aggregate, we believe that the perquisites we offer to our named executive officers are reasonable and appropriate.

### *Compensation Related to the Hiring of Patricia A. Watson*

Ms. Watson was hired by TSYS in September 2015. Her base salary was set at \$475,000 with a target AIP bonus of 85% of salary and a target LTIP award of 175% of salary beginning in 2016. Ms. Watson's 2015 AIP bonus is guaranteed at \$300,000 and her 2015 LTIP target value was \$800,000. As an inducement for Ms. Watson to join TSYS and in recognition of compensation arrangements Ms. Watson would be forfeiting from her prior employer, Ms. Watson was provided the following one-time compensation items:

\$250,000 cash signing bonus;

\$650,000 restricted share award (14,036 shares) vesting 50% on September 18, 2016 and 50% on September 18, 2017; and

7,000 shares of fully vested TSYS stock with a value of \$324,170.

### *Forward-looking Statements*

The performance goals described in this CD&A may be deemed to be forward-looking statements, are not assurances of the outcome and are subject to a variety of risks that could cause actual results to differ materially from those suggested by the forward-looking statements. Causes for these potential differences include those described under Risk Factors in our Form 10-K for the year ended December 31, 2015.

### *Policies and Practices*

***Employment Agreements.*** None of our named executive officers has an employment agreement.

***Recoveries.*** Under TSYS' clawback policy, the Committee may direct that TSYS recover all or a portion of any incentive award granted or paid to a named executive officer if the incentive award is computed using materially misstated financial information or other performance metric criteria. The amount to be recovered is equal to the excess of the incentive award paid or granted over the incentive award that would have been paid or granted had the financial information or performance metric been fairly stated at the time the incentive award was paid or granted, or any greater or lesser amount (up to the entire incentive award) that the Committee determines.

***Stock Ownership Guidelines.*** To align the interests of our executives and directors with our shareholders, TSYS has stock ownership guidelines for our executives and directors. Executives are required to own a multiple of their base pay in TSYS stock. In 2015, the Committee increased the required stock ownership of the CEO from five times his base pay to six times base pay. The President (if a different person than the CEO) is required to own TSYS stock valued at four times his or her base pay and the other named executive officers are required to own TSYS stock valued at three times their base pay. Executives generally have a five-year grace period to comply with the guidelines, with an interim three-year goal. Until the guidelines are met, executives are required to retain all stock acquired by them through our equity compensation plans, net of taxes and transaction costs. In the event of a severe financial hardship,

the guidelines permit the development of an alternative ownership plan by the Chairman of the Board of Directors and Chairman of the Committee. Each of our executive officers exceeds these guidelines by more than 225%, except Mr. Todd and Ms. Watson who became executive officers in 2014 and 2015, respectively. Upon consultation with our independent compensation consultant, the Committee eliminated our prior share retention policy for executive officers given our substantial ownership guidelines and the limited practice of share retention policies among our peers.

***Hedging.*** Our directors and executive officers are prohibited from entering into speculative transactions in TSYS stock, including engaging in short sales of TSYS stock, trading in publicly traded options, puts, calls or other derivative securities related to TSYS stock and engaging in hedging transactions involving TSYS stock.

***Pledging.*** Our pledging policy, which was implemented in January 2014, prohibits any future pledging of TSYS shares by directors and executive officers except in situations, and on conditions, pre-approved by the Corporate Governance and Nominating Committee of TSYS. Approvals will be based on the particular facts and circumstances of the request, including, but not limited to: (1) the percentage of the individual's equity holdings that are currently pledged and that would be pledged following the requested pledge; (2) the percentage the collective number of shares pledged by directors and executive officers represents of TSYS' outstanding shares; (3) the historical trading volume of TSYS' shares; (4) the financial ability of the individual to repay the loan without resort to

---

**Table of Contents**

the pledged shares; and (5) the purpose for which the individual is pledging the shares. In addition, the policy provides that shares of TSYS stock that are pledged by directors and executive officers are not included when calculating whether the individual is in compliance with director and executive officer stock ownership guidelines.

***No Tax Gross-Up Policy.*** Our no tax gross-up policy prohibits TSYS from making any tax gross-up payments to executive officers, and is applicable to new agreements and agreements that are materially amended subsequent to December 13, 2011.

***Post-Termination Compensation Philosophy.*** TSYS believes that compensation should generally be earned by executives while they are actively employed (*i.e.*, while contributing to TSYS performance). Although retirement benefits are paid following an executive's retirement, the benefits are earned while employed. TSYS has entered into limited post-termination arrangements when appropriate, such as permitting equity to continue to vest in certain circumstances upon retirement as if the executive was still employed and the change of control agreements that are described under Potential Payouts Upon Termination or Change-in-Control on page 43. TSYS chose to enter into change of control arrangements with its executives to: (1) ensure the retention of executives and an orderly transition during a change of control; (2) ensure that executives would be financially protected in the event of a change of control so they continue to act in the best interests of TSYS while continuing to manage TSYS during a change of control; and (3) ensure a competitive compensation package because such arrangements are common in the market and it was determined that the agreements were important in recruiting and retaining executive talent.

***No Backdating or Repricing of Stock Options.*** Stock options are never backdated or issued with below-market exercise prices. Stock options are never re-priced without shareholder approval.

***Tax Considerations.*** In connection with making decisions on executive compensation, the Committee takes into consideration the provisions of IRC Section 162(m), which limits the deductibility by TSYS for federal income tax purposes of certain categories of compensation in excess of \$1 million paid to certain executive officers. It is TSYS policy to maximize the effectiveness of our compensation programs while also taking into consideration the requirements of Section 162(m). In that regard, the Committee intends to maintain the flexibility to take actions that it deems to be in the best interests of TSYS and its shareholders. Accordingly, although the Committee intends to preserve the deductibility of annual compensation to the extent consistent with the intent and spirit of our overall compensation policy, it reserves the authority to exercise its discretion and award non-deductible compensation as it deems appropriate.

With the exception of excise taxes that may be due with respect to change of control agreements with executive officers that were entered into prior to December 13, 2011, TSYS does not gross-up its named executive officers for taxes that are due with respect to their compensation.

***Consideration of Risk.*** TSYS executive compensation program provides payment opportunities related to different time periods (*i.e.*, short and long-term components); however, TSYS does not offer incentives that promote short-term objectives at the expense of long-term shareholder value. Elements of compensation include current cash payments, deferred cash and equity awards. Payouts are based on a combination of financial metrics. Amounts paid to executives under our program are reasonable compared to market, and the Committee retains significant discretion to limit performance-based compensation. The Committee considers the risks inherent in our executive compensation program, and the Committee has determined that our program is balanced and does not encourage executives to take unnecessary and excessive risks.

***Accounting Considerations.*** We account for all compensation paid in accordance with accounting principles generally accepted in the United States. The accounting treatment has generally not affected the form of compensation

paid to the named executive officers.

#### Compensation Realized By Named Executive Officers for 2015

The 2015 Summary Compensation Table on page 39 provides compensation information for each named executive officer as required by SEC rules. However, the Summary Compensation Table includes amounts that were targeted but not necessarily realized by the executives in connection with the 2015 year. For example, the Summary Compensation Table reflects grant date fair values of equity awards (*i.e.*, options, performance and restricted shares) for 2015 rather than the financial benefit realized by the executives for 2015 as a result of the exercise of stock options or the vesting of performance and restricted shares. This information is, however, set forth in the 2015 Option Exercises and Stock Vested table on page 42.

The following table reflects only compensation actually realized by each executive for 2015 and is not a substitute for the Summary Compensation Table. In addition, it is not part of the compensation tables that we are required by

**Table of Contents**

SEC rules to present in this Proxy Statement. Furthermore, it does not include a number of compensation opportunities that were made available in 2015. For example, the LTIP awards for 2015 are not included in the table because the awards did not vest during 2015. Detailed information on all compensation opportunities that were made available in 2015 and all compensation paid to or earned by the named executive officers during 2015 is included in this CD&A and the series of tables following this CD&A.

Although various compensation opportunities for the named executive officers are not included in the following table, the Committee considered all amounts paid to or earned by the named executive officers and all compensation opportunities in its determination that the compensation paid to or earned by each named executive officer in 2015 is reasonable, competitive, performance-oriented and designed to align with the successful implementation of our strategic plan. The Committee believes consideration of realized pay in relation to the performance of TSYS is an important element in evaluating pay for performance alignment among our executive compensation arrangements.

The following table reflects the components of the compensation realized by the named executive officers for 2015.

- (1) Amount represents base salary earned during the year.
- (2) Annual cash bonus under AIP for each executive except Ms. Watson.
- (3) The value realized on exercise of stock options means the amount equal to the number of shares acquired upon exercise multiplied by the difference between the exercise price and the closing price of TSYS stock on the NYSE on the date of the stock option exercise. For a complete list of each named executive officer's outstanding options, see the Option Awards columns of the 2015 Outstanding Equity Awards at Fiscal Year-End table on page 41.
- (4) The value realized on vesting means the amount equal to the number of shares acquired upon vesting multiplied by the closing price of TSYS stock on the NYSE on the date of vesting. For a complete list of each named executive officer's unvested shares, see Stock Awards columns of the 2015 Outstanding Equity Awards at Fiscal Year-End table on page 41.
- (5) Performance-based stock awards make up 100% of the values shown for each executive except Ms. Watson.
- (6) The components of All Other Compensation for each named executive officer are set forth in footnotes (4) and (5) to the 2015 Summary Compensation Table on page 39.

#### Conclusion

For the reasons described above, we believe that each element of compensation in our executive compensation program and the total compensation for each named executive officer in 2015 is reasonable, competitive, performance-oriented and designed to align with the successful implementation of our strategic plan.

**Table of Contents****2015 SUMMARY COMPENSATION TABLE**

The table below summarizes the compensation for each of the named executive officers except Mr. Todd and Ms. Watson for each of the last three fiscal years, and with respect to Mr. Todd for 2014 and 2015 as 2014 is the year in which he became a named executive officer, and with respect to Ms. Watson for 2015 as that is the year in which she became a named executive officer.

The named executive officers were not entitled to receive payments which would be characterized as Bonus payments for any of these fiscal years, except Ms. Watson who was hired in September 2015 as described in the Compensation Discussion and Analysis above. The short-term incentive amounts paid to the named executives except Ms. Watson are set forth in the Non-Equity Incentive Plan Compensation column. TSYS methodology and rationale for short-term incentive compensation are described in the Compensation Discussion and Analysis above.

The named executive officers did not receive any compensation that is reportable under the Change in Pension Value and Nonqualified Deferred Compensation Earnings column because TSYS has no defined benefit pension plans and does not pay above-market interest on deferred compensation. The retirement plan contributions for the named executive officers are set forth in the All Other Compensation column.

For stock awards that are subject to performance conditions, the value at the grant date is based upon the probable outcome of such conditions in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The values for the stock awards made to the named executive officers in 2015 include the value of performance share awards only for each executive except Ms. Watson. For Ms. Watson, the value in this column includes performance shares, restricted shares with time-based vesting and fully vested shares, valued at \$596,363, \$650,007 and \$324,170, respectively, all of which were granted upon her joining TSYS in September 2015. The values of the 2015 performance share awards assuming that the highest level of performance conditions are attained are \$4,194,217, \$2,871,997, \$1,318,514, \$1,192,727 and \$1,109,137 for Mr. Woods, Mr. Todd, Mr. Pruett, Ms. Watson and Mr. Griffith, respectively. - (5) The amount includes the cost incurred by TSYS in connection with providing the perquisite of financial planning services for Mr. Woods and Mr. Griffith and the actuarial value of providing term life insurance like coverage for Mr. Woods, Mr. Todd and Mr. Griffith. The amount also includes the incremental cost to TSYS for personal use of the corporate aircraft for Mr. Woods, Mr. Todd and Mr. Griffith. None of these perquisites individually exceeded \$25,000 with the exception of the incremental cost to TSYS for providing personal use of the corporate aircraft to Mr. Woods in the amount of \$35,172. - (4) Ms. Watson will become eligible for contributions under the Deferred Compensation Plan in 2016. The Deferred Compensation Plan replaces benefits lost by executives under the qualified Retirement Savings Plan due to IRS limits. Executives are also permitted to defer all or a portion of their base salary or short-term incentive award. Amounts deferred under the Deferred Compensation Plan are deposited into a rabbi trust, and executives are permitted to invest their accounts in mutual funds that are substantially similar to the mutual funds available in the qualified Retirement Savings Plan. Deferred Compensation Plan participants may elect to withdraw their accounts as of a specified date or upon their termination of employment. Distributions can be made in a single lump sum or in annual installments over a 2-10 year period, as elected by the executive.

**Table of Contents****POTENTIAL PAYOUTS UPON TERMINATION OR CHANGE-IN-CONTROL**

None of our named executive officers has an employment agreement. We have entered into change of control agreements with our named executive officers. Under these agreements, benefits are payable upon the occurrence of two events (also known as a "double trigger"). The first event is a change of control and the second event is the actual or constructive termination of the executive within two years following the date of the change of control. Change of control is defined, in general, as the acquisition of 20% of TSYS stock by any person as defined under the Securities Exchange Act of 1934, turnover of more than one-third of the Board of Directors of TSYS, a merger of TSYS with another company, or a reorganization, sale or similar transaction, unless the former shareholders of TSYS own more than 60% of the surviving entity. For purposes of these agreements, a constructive termination is a voluntary termination for good reason when there is a material adverse reduction in an executive's position, duties or responsibilities, relocation of the executive more than 35 miles from where the executive is employed, or a material reduction in the executive's base salary, bonus or other employee benefits.

In the event payments are triggered under the agreements, each executive will receive three times his or her base salary as in effect prior to the termination, three times a percentage of his or her base salary equal to the average short-term incentive award percentage earned over the previous three calendar years prior to the termination, as well as a pro rata short-term incentive award calculated at target for the year of termination. These amounts will be paid to the executive in a single lump-sum cash payment. Each executive will also receive health and welfare benefits for a three-year period following the second triggering event. In addition, each executive except Ms. Watson will receive an amount that is designed to gross-up the executive for any excise taxes that are payable by the executive as a result of the payments under the agreement, but only if the total change of control payments to the executive exceed 110% of the applicable IRS cap. The Compensation Committee has adopted a policy pursuant to which it will no longer make tax gross-up payments to executive officers, which policy is applicable to new agreements and agreements that are materially amended, and as such Ms. Watson's change of control agreement does not contain a gross-up provision. In addition, our equity award agreements with named executive officers require actual or constructive termination of employment in addition to a change of control before acceleration of vesting is triggered and beginning in 2012 all award agreements provide for vesting on a pro rata basis. The following table quantifies the estimated amounts that would be payable under the change of control and equity award agreements, assuming the triggering events occurred on December 31, 2015.

(1) Estimated by multiplying the equity awards that vest upon termination in connection with a change of control by the fair market value of TSYS stock on December 31, 2015.

(2) Estimated by multiplying the number of options that vest upon termination in connection with a change of control by the difference in the fair market value of TSYS stock on December 31, 2015 and the exercise price.

(3) Vesting determined by applicable retirement vesting schedule because executive was eligible to retire on date of assumed triggering events.

(4) Capped at maximum amount payable without incurring an excise tax under Section 4999 of the IRC. Executives who receive these benefits are subject to a confidentiality obligation with respect to secret and confidential information about TSYS. There are no provisions regarding a waiver of this confidentiality obligation. No perquisites or other personal benefits are payable under the change of control agreements.

The Nonqualified Deferred Compensation table sets forth the amount and form of deferred compensation benefits that the named executive officers would be entitled to receive upon their termination of employment.

## **Table of Contents**

In addition to vesting upon actual or constructive termination of employment in connection with a change of control (on a pro rata basis beginning in 2012), outstanding stock options and performance share and restricted stock awards may vest when named executive officers terminate employment under other circumstances as follows:

Stock options held by the named executive officers generally vest upon death or disability and continue to vest upon retirement after attaining age 65, or age 62 with 15 or more years of service; and

Performance share awards vest at target upon death or disability and continue to vest in accordance with actual performance upon retirement after attaining age 65, or age 62 with 15 or more years of service; provided, however, that the amount paid will be a pro rata portion based on the date of death or disability and, in certain circumstances, the date of retirement.

The Committee also has discretionary authority to vest equity awards.

### **Compensation Committee Interlocks and Insider Participation**

Mr. Cloninger, Mr. Driver and Mr. Lampton served on the Compensation Committee during 2015. None of these individuals is or has been an officer or employee of TSYS. During 2015, no member of the Compensation Committee was an executive officer of another entity on whose compensation committee or board of directors any executive officer of TSYS served.

## **44 TSYS - 2016 Proxy Statement**

**Table of Contents**

We are asking shareholders to approve, on an advisory basis, the compensation paid to our named executive officers as described in the Executive Compensation section found on pages 24 to 44 of this Proxy Statement. As described above in the Compensation Discussion and Analysis section of this Proxy Statement, the Compensation Committee has structured our executive compensation program to achieve the following key objectives:

**How Our Executive Compensation Program**

Objective	Achieves This Objective
Pay for Performance	Tying a significant portion of each named executive officer's targeted total direct compensation to the achievement of performance goals
Alignment with Shareholder Interests	Establishing performance metrics under our LTIP and AIP that are designed to focus executives on the strategic objectives of TSYS
Commitment to Compensation Best Practices	Minimal executive perquisites  Clawback policy for incentive compensation awards  Stock ownership requirements  No tax gross-up policy for new agreements
Attract and Retain Top Talent	Competing effectively for the highest quality people who will determine our long-term success

We urge shareholders to read the Compensation Discussion and Analysis beginning on page 24 of this Proxy Statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives. The Compensation Committee and the Board believe that our compensation policies and procedures are effective in achieving our goals and that the compensation of our named executive officers reported in this Proxy Statement has contributed to TSYS' long-term success.

We are asking shareholders to approve the following advisory resolution:

RESOLVED, that the shareholders of TSYS approve, on an advisory basis, the compensation of TSYS' named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in this Proxy Statement for TSYS' 2016 Annual Meeting of Shareholders.

This advisory resolution, commonly referred to as a say-on-pay resolution, is non-binding on the Board. Although the advisory vote is non-binding, the Board and the Compensation Committee value the opinions of our shareholders, and will continue to review and consider the voting results when making future decisions regarding our executive compensation program. In addition, the Board and the Committee intend to continue our annual shareholder outreach program pursuant to which we discuss, or offer to discuss, with all shareholders holding 1% or more of TSYS' shares their views on compensation related matters so that we can also consider them when making future decisions about

our executive compensation program. The Board has determined to hold annual advisory votes on executive compensation. Accordingly, the next advisory vote on executive compensation will occur at the 2017 Annual Meeting of Shareholders, unless the Board modifies its policy on the frequency of holding such advisory votes.

**The Board of Directors Recommends That You Vote FOR the Approval of the Advisory Resolution Approving the Compensation of Our Named Executive Officers.**

Section 16(a) of the Securities Exchange Act of 1934 requires TSYS officers and directors, and persons who own more than ten percent of TSYS stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with

the SEC.

To TSYS knowledge, based solely on its review of such reports submitted to TSYS, and written representations from certain reporting persons that no Forms 5 were required for those persons, TSYS believes that during the fiscal year ended December 31, 2015 all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with.

#### Purpose

This Proxy Statement is being made available or mailed to TSYS shareholders beginning on or about March 16, 2016. The TSYS Board of Directors is soliciting proxies to be used at the 2016 Annual Meeting of TSYS Shareholders which will be held on April 28, 2016 at 10:00 a.m. Eastern Time in the TSYS Riverfront Campus Auditorium, One TSYS Way, Columbus, Georgia. Proxies are solicited to give all shareholders of record an opportunity to vote on matters to be presented at the Annual Meeting. In the following pages of this Proxy Statement, you will find information on matters to be voted upon at the Annual Meeting of Shareholders or any adjournment of that meeting.

#### **46** TSYS - 2016 Proxy Statement

## **Table of Contents**

### **Who Can Vote**

You are entitled to vote if you were a shareholder of record of TSYS stock as of the close of business on February 19, 2016, the record date. Your shares can be voted at the meeting only if you are present or represented by a valid proxy.

### **Quorum and Shares Outstanding**

A majority of the outstanding shares of TSYS stock must be present, either in person or represented by proxy, in order to conduct the Annual Meeting of TSYS Shareholders. On February 19, 2016, 183,168,798 shares of TSYS stock were outstanding.

### **Proxies**

The Board has designated two individuals to serve as proxies to vote the shares represented by proxies at the Annual Meeting of Shareholders. If you are a shareholder of record and properly submit a proxy card or submit a proxy by telephone or via the Internet but do not specify how you want your shares to be voted, your shares will be voted by the designated proxies:

FOR the election of all of the director nominees (Proposal 1);

FOR the ratification of the appointment of KPMG LLP as TSYS independent auditor for the year 2016 (Proposal 2); and

FOR the approval, on an advisory basis, of the compensation of TSYS named executive officers (Proposal 3). The designated proxies will vote in their discretion on any other matter that may properly come before the Annual Meeting. At this time, we are unaware of any matters, other than as set forth above, that may properly come before the Annual Meeting.

### **Voting of Shares**

Each share of TSYS stock represented at the Annual Meeting is entitled to one vote on each matter properly brought before the meeting. All shares entitled to vote and represented in person or by valid proxies received by phone, Internet or mail will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies.

### **Required Votes**

#### *Election of Directors (Proposal 1)*

Our bylaws provide a majority vote standard for uncontested director elections. To be elected, directors must receive a majority of the votes cast (the number of shares voted for a director nominee must exceed the number of votes cast against that nominee). If shareholders do not elect a nominee who is serving as a director, Georgia law provides that the director would continue to serve on the Board as a hold over director. Under our Corporate Governance Guidelines, an incumbent director that is not elected is expected to tender, promptly following certification of the voting results, his or her resignation from the Board, which resignation may be conditioned on Board acceptance of

the resignation. In addition, our Corporate Governance Guidelines provide that the Board will nominate for election and appoint to Board vacancies only those candidates who have agreed to tender, promptly following the failure to receive the required vote for election to the Board, an irrevocable resignation that will be effective upon Board acceptance of the resignation. The Corporate Governance and Nominating Committee will consider the tendered resignation and recommend to the Board whether to accept or reject the resignation. The Board will act on the tendered resignation within 90 days from the certification of the voting results and promptly publicly disclose its decision. A director who tenders his or her resignation will not participate in the Committee's recommendation or the Board action regarding whether to accept or reject the tendered resignation.

*All Other Proposals*

The affirmative vote of a majority of the votes cast is also needed to ratify the appointment of KPMG LLP as TSYS independent auditor for 2016 (Proposal 2) and approve the advisory vote on the compensation of TSYS named executive officers (Proposal 3).

## **Table of Contents**

### **Abstentions and Broker Non-Votes**

Under certain circumstances, banks, brokers or other nominees are prohibited from exercising discretionary authority for beneficial owners who have not provided voting instructions to the bank, broker or other nominee (a broker non-vote). In these cases, and in cases where the shareholder abstains from voting on a matter, those shares will be counted for the purpose of determining if a quorum is present, but will not be included as votes cast with respect to those matters. Whether a bank, broker or other nominee has authority to vote its shares on uninstructed matters is determined by the rules of the New York Stock Exchange. We expect that banks, brokers and other nominees will be able to exercise discretionary authority to vote on Proposal 2, but will not have discretion to vote on Proposals 1 and 3. As such, if you do not provide voting instructions to your bank, broker or other nominee, your bank, broker or other nominee may only vote your shares on Proposal 2. Abstentions and broker non-votes will have no effect on the outcome of any of the Proposals to be voted on at the Annual Meeting.

### **How You Can Vote**

If you hold shares in your own name, you may vote by proxy or in person at the meeting. If you wish to vote your shares in person at our Annual Meeting, you may either bring your proxy card or Notice of Internet Availability to the meeting or request a ballot at the meeting. To vote by proxy, you may select one of the following options:

#### *Vote By Internet*

You can vote your shares on the Internet until 11:59 p.m. Eastern Time on April 27, 2016. The website for Internet voting is shown on your proxy card or Notice of Internet Availability, as applicable. Internet voting is available 24 hours a day, seven days a week. You will be given the opportunity to confirm that your instructions have been properly recorded. If you vote on the Internet, you do NOT need to return your proxy card if you received one.

You can also vote your shares on the Internet by scanning the QR code shown on your proxy card or Notice of Internet Availability, as applicable, with your mobile device.

#### *Vote By Telephone*

You can vote your shares by telephone until 11:59 p.m. Eastern Time on April 27, 2016 by calling the toll-free telephone number (at no cost to you) shown on your proxy card or Notice of Internet Availability, as applicable. Telephone voting is available 24 hours a day, seven days a week. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded. Our telephone voting procedures are designed to authenticate the shareholder by using individual control numbers. If you vote by telephone, you do NOT need to return your proxy card if you received one.

#### *Vote By Mail*

If you received your proxy materials by mail, simply mark your proxy card, date and sign it, and return it in the postage-paid envelope provided.

If your shares are held in the name of a bank, broker or other nominee, you will receive instructions from your bank, broker or other nominee that you must follow for your shares to be voted. Please follow their instructions carefully. Also, please note that if the holder of record of your shares is a broker, bank or other nominee and you wish to vote in person at the Annual Meeting, you must request a legal proxy from your bank, broker or other nominee that holds your shares and present that proxy and proof of identification at the Annual Meeting.

### Revocation of Proxy

If you hold shares in your own name and vote by proxy, you may revoke that proxy at any time before it is voted at the Annual Meeting. You may do this by: (1) signing another proxy card with a later date and returning it to us prior to the Annual Meeting; (2) voting again by telephone or on the Internet before 11:59 p.m. Eastern Time on April 27, 2016; or (3) attending the Annual Meeting in person and casting a ballot.

If your TSYS shares are held by a bank, broker or other nominee, you must follow the instructions provided by the bank, broker or other nominee if you wish to change your vote.

### Attending the Annual Meeting

The Annual Meeting will be held on Tuesday, April 28, 2016 at 10:00 a.m. Eastern Time in the TSYS Riverfront Campus Auditorium, One TSYS Way, Columbus, Georgia. Directions to the auditorium can be obtained on our website at <http://annualreport.tsys.com>.

The Corporate Secretary must receive the proposal no later than November 16, 2016. The proposal will also need to comply with the SEC's regulations under Rule 14a-8 regarding the inclusion of shareholder proposals in company sponsored proxy materials. Corporate Secretary  
Total System Services, Inc.  
One TSYS Way  
Columbus, Georgia 31901

For a shareholder proposal that is not intended to be included in TSYS Proxy Statement for the 2017 Annual Meeting of Shareholders, or if you want to nominate a person for election as a director, you must provide written notice to the Corporate Secretary at the address above. The Secretary must receive this notice not earlier than December 29, 2016 and not later than January 28, 2017. The notice of a proposed item of business must provide information as required in the bylaws of TSYS which, in general, require that the notice include for each matter a brief description of the matter to be brought before the meeting; the reason for bringing the matter before the meeting; your name, address, and number of shares you own beneficially or of record; any material interest you have in the proposal; and a representation that you are a shareholder of record entitled to vote at the meeting and that you intend to appear in person or by proxy at the meeting to bring the matter before the meeting.

The notice of a proposed director nomination must provide information as required in the bylaws of TSYS which, in general, require that the notice of a director nomination include your name, address and the number of shares you own beneficially or of record; a representation that you are a shareholder of record entitled to vote at the meeting and that you intend to appear in person or by proxy at the meeting to nominate the person or persons named in the notice; any arrangements between you and each proposed nominee and any other person pursuant to which the nomination is being made; the name, age, business address, residence address and principal occupation of the nominee; and the number of shares owned beneficially or of record by the nominee. It must also include the information that would be required to be disclosed in the solicitation of proxies for the election of a director under federal securities laws. You must submit the nominee's consent to be elected and to serve. A copy of the bylaw requirements will be provided upon request to the Corporate Secretary at the address above.

### Financial Information

Detailed financial information for TSYS and its subsidiaries for its 2015 fiscal year is included in TSYS 2015 Annual Report that is being provided to TSYS shareholders together with this Proxy Statement. ### Solicitation of Proxies

TSYS will pay the cost of soliciting proxies. Proxies may be solicited on behalf of TSYS by directors, officers or employees by mail, in person or by telephone, facsimile or other electronic means. TSYS will reimburse brokerage firms, nominees, custodians and fiduciaries for their out-of-pocket expenses for forwarding proxy materials to

beneficial owners. In addition, TSYS has retained D.F. King & Co., Inc. to assist in the solicitation of proxies for a fee of \$12,500, plus reimbursement of reasonable out-of-pocket expenses.

### Householding

The SEC's proxy rules permit companies and intermediaries, such as brokers and banks, to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement to those shareholders. This method of delivery, often referred to as householding, should reduce the amount of duplicate information that shareholders receive and lower printing and mailing costs for companies. TSYS and certain intermediaries are householding proxy materials for shareholders of record in connection with the Annual Meeting. This means that:

Only one Notice of Internet Availability of Proxy Materials or Proxy Statement and Annual Report will be delivered to multiple shareholders sharing an address unless you notify us or your broker or bank to the contrary;

You can contact TSYS by calling (706) 644-4918 or by writing Senior Director of Investor Relations, Total System Services, Inc., P.O. Box 2567, Columbus, Georgia 31902 to request a separate copy of the Notice of Internet

**Table of Contents**

Availability of Proxy Materials or Annual Report and Proxy Statement for the Annual Meeting and for future meetings or, if you are currently receiving multiple copies, to receive only a single copy in the future or you can contact your bank or broker to make a similar request; and

You can request delivery of a single copy of the Notice of Internet Availability of Proxy Materials, Annual Report or Proxy Statements from your bank or broker if you share the same address as another TSYS shareholder and your bank or broker has determined to household proxy materials.
