PROXY STATEMENT

This Proxy Statement is furnished by and on behalf of the Board of Directors of Mohawk Industries, Inc. (Mohawk or the Company) in connection with the solicitation of proxies for use at the annual meeting of stockholders of the Company to be held on Thursday, May 19, 2016, and at any and all adjournments or postponements thereof (the Annual Meeting).

We have elected to provide access to our proxy materials over the internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our stockholders of record (Stockholders) and beneficial owners. All Stockholders and beneficial owners may access the proxy materials at the Company s website www.mohawkind.com under the heading Investor Information and the subheading Proxy Materials. If you would like to receive a paper copy of our proxy materials, please follow the instructions included in the Notice.

The Notice will be made available to Stockholders on or about April 4, 2016. You must be a Stockholder as of March 28, 2016 (the Record Date) to be entitled to vote.

Stockholders may vote by internet, telephone or written proxy. Proxies will be voted as specified by the Stockholders. Unless contrary instructions are specified, if a proxy card is executed and returned (and not revoked) before the Annual Meeting, the shares of the common stock of the Company (the Common Stock) represented thereby will be voted FOR election of the nominees listed in this Proxy Statement as directors of the Company, FOR ratification of KPMG LLP as the Company s independent registered public accounting firm, and FOR the proposal regarding the advisory vote on the approval of the Company s executive compensation. A Stockholder s submission of a signed proxy will not affect the right to attend and to vote in person at the Annual Meeting. Stockholders who execute a proxy may revoke the proxy at any time before it is voted by (i) filing a written revocation with the Secretary of the Company, (ii) executing a proxy bearing a later date or (iii) attending and voting in person at the Annual Meeting.

The presence of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, either in person or by proxy, will constitute a quorum. Shares of Common Stock represented by proxies at the meeting, including broker nonvotes and abstentions will be counted as shares present for purposes of establishing a quorum. A broker nonvote occurs when a broker or nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Once a quorum is established, (i) the election of directors will require the affirmative vote of a majority of the votes cast at the Annual Meeting, and (ii) the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for 2016 and the approval of the advisory vote on executive compensation will require the affirmative vote of the holders of a majority of the votes represented and entitled to vote thereon at the Annual Meeting. For purposes of electing directors, a majority of votes cast means that the number of votes cast for a director s election exceeds the number of votes cast against that director s election.

As to proposal (1), shares represented by proxies that are marked **ABSTAIN** and broker non-votes will not have an effect on the outcome of the proposal. As to proposals (2) and (3), shares represented by proxies that are marked **ABSTAIN** will have the effect of a vote against the proposal, while a broker nonvote will not have an effect on the outcome of the proposal.

Stockholders are entitled to one vote for each share of Common Stock held. March 28, 2016 has been set as the Record Date for determination of Stockholders entitled to notice of and to vote at the Annual Meeting, and, accordingly, only holders of Common Stock of record at the close of business on that day are entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were 74,081,296 shares of Common Stock issued and outstanding held by approximately 250 Stockholders.

THE BOARD OF DIRECTORS URGES YOU TO VOTE YOUR SHARES. YOU MAY HOLD SHARES OF COMMON STOCK OF RECORD, THROUGH A BANK OR BROKER OR THROUGH A COMPANY RETIREMENT PLAN. VOTING INSTRUCTIONS FOR EACH GROUP OF STOCKHOLDERS ARE SET FORTH BELOW.

Voting Shares held in Retirement Plans. If your shares are held through the Mohawk Industries Retirement Plan 1 and/or the Mohawk Industries Retirement Plan 2 (collectively, the Plan), you have the right to direct Fidelity Management Trust Company (Fidelity), as trustee of the Plan, how to vote the shares credited to your individual account(s) under the Plan. Participants that hold shares in a Plan may provide direction to Fidelity by the internet or telephone or by filling out and mailing to Fidelity a signed proxy card, which you may access online. Instructions for voting by internet or telephone and for accessing a proxy card online are set forth in the Notice. Unless otherwise required by law, Fidelity will follow participant vote instructions received by 11:59 p.m. New York time on May 16, 2016. If proxy cards have not been received or voting instructions have not been received by internet or telephone by that time and date, the shares credited to your account(s) will not be voted.

PROPOSAL 1 ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation, as amended (the Certificate of Incorporation), provides that the Board of Directors of the Company shall consist of three classes of directors serving staggered terms of office. Upon the expiration of the term of office for a class of directors, the nominees for that class will be elected for a term of three years to serve until the election and qualification of their successors.

John F. Fiedler has informed the Company that he does not intend to stand for re-election at the Annual Meeting. In connection with Mr. Fiedler's planned retirement, the Board of Directors has re-classified Joseph A. Onorato from a Class II to a Class III director to ensure that each class of directors will maintain an equal number of directors.

The Company's Certificate of Incorporation requires the Company to have at least two and no more than eleven directors, with the Board of Directors to determine the exact number. The Board of Directors has set the size of the board at 9 directors, effective upon the retirement of Mr. Fiedler. The Board of Directors has nominated Joseph A. Onorato, William H. Runge III and W. Christopher Wellborn for election as Class III directors at the Annual Meeting. The Class I and Class II directors have one year and two years, respectively, remaining on their terms of office and will not be voted upon at the Annual Meeting.

It is the intention of the persons named as proxies to vote the proxies for the election of each of Mr. Onorato, Runge and Wellborn as a Class III director of the Company, unless the Stockholders direct otherwise in their proxies. Each of Mr. Onorato, Runge and Wellborn has consented to serve as a director of the Company if elected. In the unanticipated event that any of Mr. Onorato, Runge or Wellborn refuses or is unable to serve as a director, the persons named as proxies reserve full discretion to vote for such other person or persons as may be nominated. The Board of Directors has no reason to believe that any of Mr. Onorato, Runge or Wellborn will be unable or will decline to serve as a director.

The affirmative vote of a majority of the votes cast in the election at the Annual Meeting at which a quorum is present is required for the election of the nominees.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINEES LISTED BELOW

2015 DIRECTOR COMPENSATION

For the 2015 service year (May 2015-May 2016), each independent director received an annual retainer of \$80,000 and no separate meeting fees. The Compensation Committee and the Governance Committee chairs received an additional retainer of \$10,000 each, and the Audit Committee chair received an additional annual retainer of \$15,000. Each independent director other than Mr. Balcaen also received a grant of restricted stock units with a grant date value of \$90,000 that vest ratably over three years, which grant is made on the first business day of January occurring in the then current service year. In February 2016, the Company paid Mr. Balcaen \$20,000 as a prorated amount of the cash retainer for his service in the remaining portion of the 2015 service year. Mr. Balcaen did not receive a restricted stock grant for the 2015 service year.

Non-employee directors may elect to receive their retainer in cash, shares of Common Stock or phantom stock or a 50/50 mix of cash and Common Stock or phantom stock. The number of shares of Common Stock or phantom stock issued is based on the fair market value of the Common Stock at the beginning of each quarter of the previous year. Phantom stock is an optional income deferral feature that uses a book entry, stock valued account that fluctuates in value based on the performance of the Common Stock over the deferral period.

Following a review of current market practices for directors of peer public companies, in February 2012, the Board of Directors adopted the Mohawk Industries, Inc. 2012 Non-Employee Director Compensation Plan (the Director Compensation Plan), which replaced the 1997 Non-Employee Director Stock Compensation Plan. The Director Compensation Plan operates as a sub-plan of the 2012 Incentive Plan, and does not constitute a separate source of shares.

The Company reimburses all directors for expenses the directors incur in connection with attendance at meetings of the Board of Directors or Committees.

At the time he joined the board in February, he was paid \$20,000 as a prorated amount of the cash retainer for his service in the remaining portion of the 2015 service year.
- (5) Mr. Runge did not receive a cash retainer in the calendar year ended December 31, 2015. The cash retainer for the 2015 service year that was paid to the other independent directors on January 2, 2015 was paid to Mr. Runge in advance on September 10, 2014 in connection with his recent election to the board. The advance was reported in the Company's Proxy Statement for the 2015 annual meeting of its stockholders.
- Employees of the Company or its subsidiaries who are also directors do not receive any fee or remuneration for services as members of the Board of Directors or any Committee of the Board of Directors. PROPOSAL 2 RATIFICATION OF SELECTION OF KPMG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected KPMG LLP (KPMG) as the Company s independent registered public accounting firm for the year ending December 31, 2016 and has directed that management submit the selection of the independent registered public accounting firm to Stockholders for ratification at the Annual Meeting. Representatives of KPMG are expected to be present at the meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

COMPENSATION DISCUSSION AND ANALYSIS

The following section contains a detailed description of our compensation objectives and policies, the elements of the Company's compensation program, and the material factors the Compensation Committee considered in setting the compensation of our named executive officers for 2015, who are listed below:

Jeffrey S. Lorberbaum, Chief Executive Officer;

Frank H. Boykin, Chief Financial Officer;

W. Christopher Wellborn, President and Chief Operating Officer;

Bernard P. Thiers, President - Flooring Rest of World; and

Brian M. Carson, President - Flooring North America.

Executive Summary

As our businesses continue to innovate, introduce new products, improve productivity and expand geographically, we are pleased to report improved financial performance again in 2015. Highlights include:

Earnings per share excluding unusual charges of \$10.20, up 25% compared to 2014.

Adjusted operating income increased 25.8% to \$1,050.0 million.

2015 adjusted pro forma EBITDA as a percentage of net sales was 18.2% up 3.2% from 2014 adjusted EBITDA as a percentage of net sales of 15.0%.

We achieved total stockholder return (TSR) for the three-year period ended December 2015 at the 87th percentile of the companies in our peer group (see *Determination of Executive Officer Compensation - 2015 Review of Compensation - Long Term Incentive Plan* for a discussion of these peer companies).

Please see our 2015 Annual Report that accompanies this Proxy Statement for additional information on the results of our operations for 2015 and a reconciliation of Non-GAAP financial measures contained in Annex A to this Proxy Statement.

As we significantly rely on performance metrics for determining our executive compensation, the compensation of our named executive officers was positively affected by our financial results in 2015 and, with respect to the number of equity incentive awards granted in 2015, our performance results in prior years.

Annual cash incentive awards for the 2015 performance year were based upon goals relating to earnings per share (EPS), which are described on page 16. As a result of the Company's 2015 performance against these goals, 2015 annual cash incentive awards were paid to our CEO based on achievement of 150% of target performance goals and to our other named executive officers based on achievement of between 113% and 135% of target performance goals.

Edgar Filing: MOHAWK INDUSTRIES INC - Form DEF 14A

Long-term incentive awards granted in 2015 as restricted stock units (RSUs) were determined based upon the achievement of performance goals related to TSR for the prior three years (2012-2014) and individual performance goals for the 2014 calendar year. As the Company achieved TSR at the 72nd percentile of the peer group for the 2012-2014 performance period, each named executive officer received grants in 2015 at 189% of target. These awards are scheduled to vest over the next three years.

While exceeding annual and long-term compensation targets for 2015, our CEO 's 2015 total compensation remained well beneath the median of our peer group.

Compensation Philosophy and Objectives

Our goal is to have a compensation program that enables us to attract, motivate, develop and retain highly qualified executives who will assist us in meeting our long-range objectives, thereby serving the interests of our stockholders. To meet these objectives, our executive leadership must be of the caliber and have the level of experience necessary to manage successfully our complex global business. We believe that, in order to do this effectively, our program must meet the following criteria:

create a strong link between the executive compensation and our annual and longer-term financial performance;

use performance-based incentive compensation to place elements of our executive compensation at risk;

closely align our executives' interests with those of our stockholders by making stock-based incentives an element of our executive compensation; and

provide our executives with total compensation opportunities at levels that are competitive for comparable positions at companies with whom we compete for talent.

Our determinations and assessments of executive compensation are primarily driven by two considerations: (i) market data based on the compensation levels, programs and practices of certain other companies, and (ii) Company and individual performance in specified areas, such as financial metrics and operational efficiency. We believe that market competitiveness and performance factors, considered in conjunction, provide a reasonable basis to assess executive performance and build value for our stockholders. As described below, we consider each of these areas in making our executive compensation decisions from setting base salaries to providing annual and longer-term rewards.

Market Data

We consider the compensation levels, programs and practices of certain other companies to assist us in setting our executive compensation so that it is market competitive. The peer group consists of companies of comparable size on both a revenue and market capitalization basis that are engaged, to varying degrees, in businesses similar to ours. We believe that we compete, to varying degrees, for business and talent with the companies in this peer group. The Compensation Committee considers the 50th percentile of the Company's peer group as a guide for setting total direct compensation (base salary plus annual cash incentive plus long-term incentive) for our executives. For purposes of setting compensation levels for 2015, the peer group was comprised of the following companies:

Armstrong World Industries, Inc.	Owens Corning
Ball Corporation	PPG Industries, Inc.
Fortune Brands Home & Security	The Sherwin-Williams Company
Lennox Corporation	Stanley Black & Decker, Inc.
Masco Corporation	Steelcase Inc.
MeadWestvaco Corporation	USG Corporation
Newell Rubbermaid Inc.	Whirlpool Corporation

The Compensation Committee obtained information on the compensation levels, programs and practices of the companies within the peer group from market surveys periodically conducted by Mercer, Inc. (Mercer), a compensation consultant engaged by the Compensation Committee. In October 2015, the Compensation Committee considered whether the work of Mercer raised any conflict of interest. The Committee considered various factors and determined that with respect to executive and director compensation-related matters, no conflict of interest was raised by the work of Mercer.

Company and Individual Performance Metrics

We rely significantly on performance-based measurements to determine the compensation earned by our executives. To customize our compensation program and recognize individual performance and contribution to the Company, we focus on goals relating to EPS, total stockholder return (TSR) and individual performance.

We select these financial and individual metrics for our incentive programs because we believe that they create appropriate incentives, aligned with those of our stockholders, to improve the operational efficiency and, as a result, the financial performance, of the Company. We also believe they are good indicators of our overall performance, including whether the Company and its business units are achieving our annual or longer-term business objectives, and lead to the creation of long-term value for our stockholders. When target performance levels for each financial and individual performance goal are set, we believe such goals are likely to be achieved with good performance by our executives, taking into account the variability of economic, marketplace and industry conditions.

Components of Our Compensation Program

Our executive compensation program for our named executive officers consists primarily of the following integrated components: base salary, annual cash incentive awards and long-term incentive opportunities, which together comprise an executive's total direct compensation in a given year or performance period.

Base salary provides our executive officers with a level of compensation consistent with their skills, experience and contributions in relation to comparable positions in the competitive marketplace. Base salary is set at the beginning of each calendar year and does not vary based on individual or business performance during the year or during prior periods. By contrast, the other components of our executives' total direct compensation—the annual cash incentive awards and long-term incentive compensation—are at risk based on performance. The Compensation Committee reviews the base salaries of our executive officers annually and whenever an executive is promoted. In addition, we also consider the executive's experience for the position, differences in position and responsibilities relative to the peer group and the executive's personal contribution to the financial and operational performance of the Company and our businesses.

Annual incentive awards are awarded under our Senior Executive Bonus Plan (Annual Cash Incentive Plan) and provide a direct link between executive compensation and our annual performance. Our executives' annual cash incentive award is at risk based on how well the Company and our executives perform against annual performance goals.

Equity incentive awards in the form of restricted stock units are awarded under our Executive Long Term Equity Incentive Plan (Executive LTIP) and provide a link between executive compensation and our long term performance, as the value of grants are based on financial goals for a three-year performance period and annual individual performance goals. To determine the number of awards granted in February 2015, the performance period of 2012-2014 applied. Awards granted under the Executive LTIP vest ratably over three years following the grant date, which is the minimum vesting period for time-based awards required by the plan.

By placing a significant portion of an executive's annual pay at risk, the Compensation Committee believes that compensation is more directly related to performance and more closely links the financial interests of the executives and those of the stockholders. Given our business objectives, the Compensation Committee intends that this policy be appropriate and fair for both the executives and the stockholders.

Our compensation program is complemented with limited perquisites and other executive benefits, including 401(k) matching contributions and severance benefits that the Compensation Committee believes are appropriate, individually and in the aggregate, to ensure our executive compensation program remains competitive.

Allocation of Total Direct Compensation

Just as our stockholders put their money at risk when they invest in our Company, we believe that a significant portion of our executives' compensation should be at risk. For example, in 2015, assuming achievement

of target performance objectives, approximately 71% of Mr. Lorberbaum's total target direct compensation was at risk, and approximately 29% was paid as salary. Approximately 26% of Mr. Lorberbaum's total target direct compensation was represented by his annual cash bonus award and approximately 44% of his total target direct compensation was represented by his long-term incentive opportunity. Our other named executive officers had similar allocations of target salary and at-risk compensation for 2015: 68% of the principal compensation components for our named executive officers in the aggregate was at risk and tied to performance of our stock price and variable financial metrics for 2015.

Consideration of Last Year's Advisory Stockholder Vote on Executive Compensation

At the 2015 Annual Meeting of Stockholders, holders of over 99.3% of the voted shares approved the compensation of the Company's named executive officers. The Board and the Compensation Committee appreciate and value the views of our stockholders. In considering the result of this most recent advisory vote on executive compensation, the Compensation Committee concluded that the compensation paid to our executive officers and the Company's overall pay practices continue to enjoy strong shareholder support. In light of this support, the Compensation Committee did not make material changes to our executive compensation program.

At the 2011 Annual Meeting of Stockholders, our stockholders expressed a preference that advisory votes on executive compensation be held on an annual basis. Consistent with this preference, the Board has implemented an advisory vote on executive compensation on an annual basis until the next required vote on the frequency of stockholder votes on the compensation of executive officers, which is scheduled to occur at the 2017 annual meeting.

Determination of Executive Officer Compensation

2015 Review of Compensation

As a guide in setting compensation for 2015, the Compensation Committee used the results of a survey by Mercer of our peer group executive compensation in 2013, which the Company adjusted for inflation for its analysis of 2014 compensation.

This assessment showed that for 2014 the Company's chief executive officer received total direct compensation at the 32nd percentile of the peer group, which is broken down as follows: base salary at the 51st percentile of the peer group; total cash compensation, which includes base salary and annual cash incentive awards, at the 45th percentile of the peer group; and long-term incentive compensation at the 27th percentile of the peer group.

The same assessment showed that, on average for 2014, our other named executive officers other than Mr. Wellborn received compensation in each of these categories near the median of our peer group. Mr. Wellborn earned a base salary in the 62nd percentile of the peer group, total cash compensation in the 66th percentile of the peer group and long-term incentive compensation in the 73rd percentile of the peer group.

In making its determinations of 2015 executive compensation, the Compensation Committee at its February 2015 meeting considered (i) the results of the Mercer assessment discussed above and a tally sheet detailing the various elements of compensation for our named executive officers, including base salary and annual and long-term incentives, (ii) results of performance of our named executive officers against applicable financial and personal performance goals for 2014, and (iii) other factors described in *Compensation Philosophy and Objectives* above. Then, together with Mr. Lorberbaum's recommendations for compensation for the named executive officers other than himself, the Compensation Committee made determinations concerning 2015 adjustments to base salaries and awards under the annual and long-term incentive compensation plans.

Base Salary

Based on the Compensation Committee's review of marketplace data, the economic conditions and other factors described above, base salaries for 2015 were adjusted in consideration of individual performance and

consistent with Company-wide salary increases. 2015 base salaries increased by 2.5% over 2014 for each of our named executive officers other than Mr. Carson who received a 5% increase. Subsequently, the Compensation Committee authorized a 14.5% increase to Mr. Carson's base salary effective July 1, 2015. The changes to Mr. Carson's compensation reflected the positive performance of the businesses he manages as well as the expanded scope of his responsibilities as President of the Company's new Flooring North America segment.

Annual Cash Incentive Awards

As discussed above, the named executive officers are eligible to earn annual cash incentive awards under the Annual Cash Incentive Plan. Pursuant to the plan, each member of our management team, including each of our named executive officers, is eligible to participate in a bonus pool. The governing parameters of the Annual Cash Incentive Plan are as follows: (i) no annual cash incentive awards are payable under the plan unless the Company achieves positive consolidated adjusted operating income for the year; (ii) each named executive officer has a maximum bonus award based on a percentage of the bonus pool (which we refer to as the Maximum Pool Award); and (iii) actual incentive awards earned by the named executive officers are based on achievement of applicable performance goals established by the Compensation Committee.

In 2015, we achieved the threshold financial goal of positive consolidated adjusted operating income, which resulted in the funding of an Annual Cash Incentive Plan bonus pool equal to 1.25% of our 2015 consolidated adjusted operating income of \$1,050 million. Total adjustments to operating income were \$212 million of restructuring and integration-related costs, purchase accounting step ups and reserves for legal settlements. The bonus pool for 2015 was approximately \$13 million. For 2015, the Maximum Pool Award for each of Messrs. Lorberbaum and Wellborn was 24% and 20% of the bonus pool, respectively, and for each of our other named executive officers, the Maximum Pool Award was 14% of the bonus pool. For 2015, the Compensation Committee exercised its discretion to award less than the Maximum Pool Award for each named executive officer.

As noted above, actual cash incentive awards earned by the named executive officers are based on performance against applicable performance goals established by the Compensation Committee and target incentive opportunities. In February 2015, the Compensation Committee established annual cash incentive award opportunity ranges for each of our named executive officers, reflected as a percentage of each named executive officer's 2015 base salary that would be payable based on performance against applicable goals related to adjusted EPS (Incentive Plan Financial Goals). The annual cash incentive award opportunity for each named executive officer for 2015 performance was the same as the opportunity for 2014 performance.

Annual Incentive Award Opportunity (Percentage of Base Salary)*

	Threshold	Target	Maximum
Jeffrey S. Lorberbaum	0%	90%	150%
Frank H. Boykin	0%	75%	113%
W. Christopher Wellborn	0%	90%	135%
Bernard P. Thiers	0%	75%	113%
Brian M. Carson	0%	75%	113%

* Subject to Maximum Pool Award

For 2015, the Compensation Committee established the following Incentive Plan Financial Goals to determine actual bonus amounts under the Annual Cash Incentive Plan. Calculations between the various performance levels are linear (which means they were determined using straight-line interpolation). For the Presidents of the Flooring North America and Flooring Rest of World segments (Messrs. Carson and Thiers), the Incentive Plan Financial Goals consisted of the Company EPS and business unit EPS (collectively weighted at 25% and 75%).

2015 Incentive Plan Financial Goals

	Company EPS	Flooring North America EPS(1)	Flooring Rest of World EPS(1)
Threshold	\$ 8.41	\$ 2.24	\$ 1.48
Target	\$ 8.89	\$ 2.66	\$ 1.61
Maximum	\$ 9.50	\$ 3.01	\$ 1.83
2015 Performance	\$ 10.16*	\$ 3.01	\$ 2.38

* Adjustments made for miscellaneous non-operating expenses and to account for the full year results of businesses acquired in 2015. See Annex A: Non-GAAP Reconciliation.

(1) Business unit EPS is determined by dividing the adjusted net earnings for each business segment, which is derived from the reported operating income of each segment, by the number of weighted-average diluted common shares outstanding.

Based on the Company's achievement of the Incentive Plan Financial Goals discussed above, our named executive officers earned the following annual cash incentive awards (see also *Summary Compensation* table in this proxy statement):

	Performance Against Target	2015 Award
Jeffrey S. Lorberbaum	150%	\$ 1,663,796
Frank H. Boykin	150%	\$ 672,384
W. Christopher Wellborn	150%	\$ 1,293,884
Bernard P. Thiers	129%	\$ 549,017
Brian M. Carson	150%	\$ 499,047

Long-Term Incentive Plan

Similar to the Annual Cash Incentive Plan, no stock awards would have been granted in 2015 unless the Company achieved positive adjusted consolidated operating income for 2014. Having achieved this threshold, the Compensation Committee determined the number of RSUs to grant to the named executive officers based on (i) the Company's stock performance over a three-year (2012-2014) period as compared to peer companies (Business Component) and (ii) individual performance in 2014 (Personal Component), each as described below. The awards granted under the Executive LTIP vest ratably over the three year period following the grant date, which is the minimum vesting period for time-based awards required by the Mohawk Industries, Inc. 2012 Incentive Plan. The *Grants of Plan-Based Awards* table included in this proxy statement shows the actual number of Executive LTIP awards that each of our named executive officers received in 2015.

Business Component. The financial goals for determining the number of stock awards granted in 2015 for the Business Component were based on TSR over a three-year period (2012-2014) as compared to a group of peer companies. The peer companies included:

Armstrong World Industries	Owens Corning
Herman Miller, Inc.	The Sherwin-Williams Company
HNI Corporation	Snap-on Incorporated
Interface, Inc.	Steelcase, Inc.
Leggett & Platt, Incorporated	Stanley Black & Decker, Inc.
Lennox International, Inc.	Tempur Sealy International Inc.
Louisiana Pacific Corp.	Universal Forest Products, Inc.
Masco Corporation	USG Corporation
Newell Rubbermaid Inc.	Whirlpool Corporation

We selected these comparable peer companies on both a revenue and market capitalization basis, as well as companies involved in businesses, products or channels of distribution similar to ours. The Compensation Committee then assigned each participant a target number of stock awards (based on a percentage of base salary), which would be awarded should the Company achieve TSR at the 50th percentile of the peer group. The number of restricted stock units awarded is based on a value ranging from 50% to 200% of the target number subject to achieving TSR between the 25th and 75th percentile of the peer group. Calculations between the various performance levels are linear (which means they were determined using straight line interpolation). The number of stock awards ultimately granted was determined by dividing the named executive officer's award value by the average daily closing prices for the Common Stock for the last thirty (30) consecutive trading days of the immediately preceding calendar year. The target opportunity for awards made in 2015 was the same for each named executive officer as the target opportunity for awards made in 2014.

The Company achieved the TSR at the 72nd percentile of the peer group for awards granted in 2015, which resulted in the maximum number of Business Component RSUs awarded, as set forth in the table below:

	Percentage of Base Salary Earned in RSUs				
	TSR Below 25th Percentile	TSR at 25th Percentile	TSR at 50th Percentile	TSR at 75th Percentile	RSUs at 72nd Percentile
Jeffrey S. Lorberbaum	0%	60%	120%	240%	16,028
Frank H. Boykin	0%	45%	90%	180%	6,477
W. Christopher Wellborn	0%	60%	120%	240%	13,849
Bernard P. Thiers	0%	45%	90%	180%	6,848
Brian M. Carson	0%	45%	90%	180%	5,544

For the compensation year beginning on January 1, 2015 the Compensation Committee modified the Executive LTIP by making changes to the Business Component and the Personal Component of the plan. For the Business Component, the Compensation Committee will continue to assign each participant a target number of stock awards (based on a percentage of base salary) that would be awarded should the Company achieve TSR at the 50th percentile of the peer group. However, the number of restricted stock units awarded will be based on a value ranging from 50% to 175% (as opposed to 50% to 200%) of the target number subject to achieving TSR between the 25th and 75th percentile of the peer group. Calculations between the various performance levels will continue to be linear. The Compensation Committee also changed the Personal Component to focus on annual business unit financial performance rather than subjective individual goals. These performance goals will be established by the Compensation Committee, and the Compensation Committee will evaluate each participant against his or her goals after the close of each year. Each participant will be assigned a number of stock awards (based on percentage of base salary) that would be awarded should the business unit achieve the target objective. The number of restricted stock units awarded will be based on a value ranging from 0% to 175% of the target number. Calculations between the various performance levels will be linear. The number of restricted stock units granted will be determined by dividing the award value by the average daily closing prices for the Common Stock for the last thirty (30) consecutive trading days beginning on the date that is five days before the first Compensation Committee meeting of the following year.

Perquisites and Other Executive Benefits

Perquisites and other executive benefits are a part of our executives' overall compensation and include access to health care and other benefits. We offer additional executive perquisites at the senior leadership level, including defined contribution matching benefits, health benefits and life insurance coverage benefits as referenced in the *Summary Compensation Table*.

Retirement Benefits and Deferred Compensation

Retirement benefits also fulfill an important role within our overall executive compensation objective because they provide a financial security component that promotes retention. We maintain the Mohawk Industries Retirement Savings Plan 2, a 401(k) retirement plan in which our named executive officers are eligible to participate, along with a substantial number of our employees.

We also maintain the Mohawk Industries, Inc. Senior Management Deferred Compensation Plan under which a select group of management or highly compensated employees, including our named executive officers, may elect to defer up to 25% of their pre-tax earnings and up to 100% of their year-end bonus payments and receive tax-deferred returns on those deferrals. The account balances in this plan are unfunded, and the participants have previously earned and voluntarily elected to defer these amounts in order to accumulate tax-deferred returns. We do not match contributions to the plan. Plan participants can allocate their account balances among the same investment options available under our qualified contribution retirement plan (other than investments in Company stock), which also accumulate on a tax-deferred basis.

Severance Pay Arrangements

Our named executive officers participate in our general employee severance plan which provides a specified number of weeks of severance pay based on continuous service time to the Company and the reason for termination of employment. Our named executive officers, other than Mr. Wellborn and Mr. Thiers, are employees at-will and do not have long-term contracts with us. See *Certain Relationships and Related Party Transactions* for a description of our agreements with Mr. Wellborn and Mr. Thiers, including severance benefits provided thereunder and *Potential Payments Upon Termination or Change in Control* for a quantification of the severance benefits.

Stock Ownership Guidelines and Hold Periods

Stock ownership guidelines are reviewed annually as part of the compensation planning process. The stock ownership goals for our executive officers are based on a multiple of the executive's annual base salary. The ownership multiple for our CEO and COO is three times annual base salary, for our CFO and business segment leaders is two times annual base salary and for our other key position holders is one times annual base salary. Stock ownership guidelines provide that each executive is expected to meet this goal within five years of his or her initial participation in the Executive LTIP. In addition, our directors are expected to own three times their annual retainer within five years of their election. For purposes of our stock ownership guidelines, ownership includes shares of Common Stock, unvested RSUs and in-the-money options subject to time vesting. The stock ownership guidelines may require directors and executives to continue to hold awards or shares of Common Stock after the applicable vesting periods have expired.

As of March 17, 2016, all of our directors and executive officers have met their requirements.

Policy on Hedging Transactions

The Company believes that hedging against losses in the Company's shares by the Company's leadership breaks the alignment between stockholders and management. Moreover, the Company is concerned that engaging in derivative transactions with respect to the Company's securities may focus management attention on short-term performance and may enhance the risk that members of management knowingly or unknowingly trade in the Company's securities while in the possession of material non-public information. Accordingly, the Company has adopted a policy that prohibits directors and officers from engaging in a variety of hedging transactions with respect to the Company's common stock, including short sales, short sales against the box, and buying or selling put or call options.

Tax Considerations

Section 162(m) of the U.S. Internal Revenue Code (Section 162(m)) places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to any one of our named executive officers, other than the CFO. However, qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The 2012 Incentive Plan is designed to allow the Compensation Committee to grant equity awards that may qualify for the performance-based compensation exemption from Section 162(m). The Annual Cash Incentive Plan, as a subplan of the 2012 Incentive Plan, also allows annual cash incentive awards that may qualify as performance-based compensation. Also, to maintain flexibility in compensating our executives, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes that such payments are appropriate. Accordingly, certain components of our executive compensation program are designed to be qualifying performance-based compensation under Section 162(m) while others are not. A number of requirements must be met for particular compensation to so qualify, however, so there can be no assurance that any compensation awarded will be fully deductible under all circumstances.

Compensation Risk Review

We have assessed the incentive compensation policies and practices for our employees and concluded that they do not create risks that are reasonably likely to have a material adverse effect on the Company. The Company's compensation policies and practices were evaluated to ensure that they do not foster risk-taking above the level of risk associated with the Company's business model.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

Decisions and recommendations regarding the compensation of our executives are made by a four-member Compensation Committee composed entirely of independent directors, as determined by the Board of Directors. The following is a report of the Compensation Committee concerning our executive compensation policies for 2015.

Compensation Committee Report

The Compensation Committee of the Board of Directors oversees the compensation programs of the Company on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management of the Company the *Compensation Discussion and Analysis* included in this proxy statement and based on such review and discussions recommended to the Board of Directors that the *Compensation Discussion and Analysis* be included in this proxy statement and the Company's Annual Report on Form 10-K for the year ended December 31, 2015 filed with the SEC.

(2) Aggregate earnings are not includable in the *Summary Compensation Table* because such earnings are not above-market or preferential interest rates.

The Senior Management Deferred Compensation Plan is a nonqualified deferred compensation plan pursuant to which certain members of senior management of the Company, including the named executive officers may elect to defer up to 25% of their annual base salary and up to 100% of their incentive cash bonus. Deferral elections are due before January 1 of each year, and are irrevocable. The Company directs a trustee to invest the assets which are held in an irrevocable rabbi trust. In order to provide for an accumulation of assets comparable to the contractual liabilities accruing under the plan, the Company may direct the trustee in writing to invest the assets held in the trust to correspond to the hypothetical investments made for participants in accordance with their direction. Deferred amounts are credited with earnings or losses based on the rate of return of mutual funds in which the assets are invested. The participant must make an election regarding payment terms at least twelve (12) months before payment, which may be either a lump sum, or annual installments of from two (2) to ten (10) years. If a participant dies before receiving the full value of the deferral account balances, the designated beneficiary would receive the remainder of that benefit. All accounts would be immediately distributed upon a change in control of the Company.

Potential Payments upon Termination of Employment or Change in Control

Each of our named executive officers, other than Messrs. Wellborn and Thiers, are entitled to participate in the Company's severance plan that is available to all employees. In addition, as described under *Certain Relationships and Related Party Transactions* the Company is party to an employment agreement with Mr. Wellborn and a service agreement with Mr. Thiers, each of which specify the payments and benefits to which such executives are entitled upon a termination of employment for specified reasons.

The following table shows the estimated value of benefits payable to each of the named executive officers (i) if their service had been terminated under various circumstances as of December 31, 2015, or (ii) upon a change in control of the Company as of December 31, 2015. The amounts shown in the table exclude accrued but unpaid base salary, unreimbursed employment-related expenses, accrued but unpaid vacation pay (which payments and reimbursements would be made to all salaried employees), distributions under our 401(k) retirement

plan (which plan is generally available to all of our salaried employees), payments under the Company's severance plan (which plan is generally available to all of our salaried employees), and the value of equity awards that were vested by their terms as of December 31, 2015. The table also excludes the named executive officers' vested account balances under the Senior Management Deferred Compensation Plan (the estimated value of which is reflected above under "2012 Nonqualified Deferred Compensation").

- (1) Reflects for Mr. Wellborn (i) two times his 2015 base salary, which would be payable over two years following termination, and (ii) 90% of his base salary for 2015 (to be paid once during each of the two fiscal years following the year in which the termination occurs) less the amount that the Company contributed to Mr. Wellborn's 401(k) account during 2015. Reflects for Mr. Thiers, 1.85 times his 2015 base salary, payable in a lump sum. For purposes of the table, we have assumed that the Company elects to terminate Mr. Thiers' employment immediately in exchange for the lump sum disclosed above. Mr. Thiers is not entitled to any continuation of benefits during the 22-month notice period.
- (2) Reflects the cost to the Company, based on 2015 rates, of Mr. Wellborn's continued participation in the Company's employee benefit plans for two years following termination as required by his employment agreement.
- (3) Reflects for Mr. Wellborn the value of his outstanding RSUs that would vest upon termination of service under the specified circumstances based on the closing market price of the Common Stock on December 31, 2015 (\$189.39). Of the 120,000 RSUs granted pursuant to Mr. Wellborn's employment agreement that remain outstanding, 61,250 of such RSUs would vest in the event of an involuntary termination and 60,000 of such RSUs would vest in the event of death or disability as of December 31, 2015. In addition, 33,878 RSUs granted to Mr. Wellborn in 2013, 2014 and 2015 would vest in the event of an involuntary termination, death or disability. All of such outstanding RSUs would vest in the event of a change of control.
- (4) Reflects the value of unvested options and RSUs that vest upon the designated event, in each case based on the closing market price of the Common Stock on December 31, 2015 (\$189.39). Pursuant to the 2002 Plan, the 2007 Plan and the 2012 Plan, unvested stock options and RSUs vest upon a change in control, assuming with respect to the 2012 Plan that the executive's employment is terminated without cause or he resigns with

good reason (as defined in the 2012 Plan) within one year of the change in control. Under each of the plans, unvested stock options and RSUs vest upon the executive's termination of employment due to death or disability. All of the RSUs granted to Mr. Wellborn pursuant to his employment agreement vest upon a change in control of the Company.

- (5) Reflects life insurance benefit equal to one times the then current annual salary and a disability benefit equal to \$20,000 per month until the executive reaches the age of 65. The Company does not provide life or disability insurance benefits to Mr. Thiers.
- (6) Pursuant to the terms of the Mohawk Industries, Inc. 2012 Incentive Plan, an executive participating in the plan is eligible for retirement upon reaching the age of 60 following 10 years of continuous service to the Company. Upon retirement, any RSUs held by the executive continue to vest on their normal terms subject to forfeiture if the executive competes with the Company during the vesting period. Mr. Lorberbaum, Mr. Boykin, Mr. Wellborn and Mr. Thiers are eligible for retirement.

Certain Relationships and Related Transactions

The Company's written Related Person Transaction Policy (the "Policy") can be obtained from the Company's website at www.mohawkind.com under the heading "Investor Information" and the subheading "Corporate Governance." The Policy includes guidelines for identifying, reviewing, approving and ratifying Related Person Transactions, as defined in the Policy. Related Person Transactions include any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company was, is or will be a participant and the amount involved exceeds \$120,000, and in which persons designated in the Policy had, have or will have a direct or indirect material interest. PROPOSAL 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules.

As described in detail under the heading *Compensation Discussion and Analysis*, our executive compensation programs are designed to attract, motivate and retain our named executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term and strategic goals, business unit goals, corporate goals, and the realization of increased stockholder value. Please read the *Compensation Discussion and Analysis* for additional details about our executive compensation programs, including information about the 2015 compensation of our named executive officers.

The Compensation Committee continually reviews the compensation programs for our named executive officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices. We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote for the following resolution at the Annual Meeting:

RESOLVED, that the Company's Stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as discussed and disclosed in the *Compensation Discussion and Analysis*, the executive compensation tables and related narrative executive compensation disclosure in this proxy statement.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, they will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF PROPOSAL 3.

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who own more than ten percent of the Company's Common Stock, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Directors, executive officers and greater than ten percent stockholders are required by SEC regulation to furnish the Company copies of all Section 16(a) reports they file. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the year ended December 31, 2015, all Section 16(a) filing requirements applicable to directors, executive officers and greater than ten percent beneficial owners were complied with by such persons except as follows: On June 10, 2015, a family trust for the benefit of Suzanne L. Helen sold 15,100 shares of Common Stock in two separate transactions. A Form 4 reporting the sales was filed on June 18, 2015. Ms. Helen is the sister of Jeffrey S. A Form 4 reporting Frans De Cock's interest in these shares was filed on March 22, 2016.

CORPORATE GOVERNANCE

General

The Board of Directors and the Governance Committee consider the experience, skills and characteristics of candidates for Board membership as well as each Board member on an annual basis. The Board and the Committee consider diversity in this process, and in this regard seek the most capable directors and candidates who possess the appropriate characteristics, skills and experience to make a significant contribution to the Board, the Company and its stockholders. The Board considers gender, race, nationality, language skills and other personal characteristics in this process.

The Company's Board of Directors is well qualified, and each director has the requisite experience, skills and characteristics to serve on the Board. Among or in addition to the backgrounds and experiences described in *Director, Director Nominee and Executive Officer Information*:

Mr. Lorberbaum, our Chairman and CEO, brings over 30 years of management and executive experience in the flooring industry and is a significant stockholder.

Mr. Wellborn, our President and Chief Operating Officer, brings over 30 years of experience in the manufacturing and finance sectors, with over 17 years as an executive in the flooring.

Mr. Balcaen brings over 30 years of management and executive experience in the flooring industry, specifically in the European LVT, vinyl and carpet industries.

Dr. Smith Bogart brings broad executive experience, including in the consumer products sector and in Asia, with domestic and multi-national public and private companies in various industries, together with service on another public company board of directors.

Mr. Bruckmann brings significant experience in corporate finance and capital markets, together with service on other public company boards of directors.

Mr. De Cock was CEO of Unilin at the time of its acquisition by the Company, and he served in various executive and management positions with Unilin over many years. He brings unique and strong knowledge of the European and laminate flooring industry.

Edgar Filing: MOHAWK INDUSTRIES INC - Form DEF 14A

Mr. Ill brings over 45 years of public company experience in management, manufacturing and operations, with over 16 years of experience as a director of public companies.

Mr. Onorato brings significant executive and financial experience with public, global manufacturing companies, including service as both a Chief Financial Officer and as a Treasurer, together with service on another public company board of directors.

Mr. Runge has extensive experience working with companies to transform operations, catapult growth and accelerate results. Working as an independent advisor, he has served in CFO, COO, CEO and Controller roles in the manufacturing, distribution and service industries.

The Board of Directors has determined that a combined Chairman and Chief Executive Officer position is most appropriate for the Company at this time. Mr. Lorberbaum has served in this combined role since 2004. The Board of Directors believes that Mr. Lorberbaum, who is also a significant stockholder of the Company, has efficiently conducted the business and affairs of the Company and believes that he has provided effective leadership and guidance as the Chairman in the management of the Company's risk profile and pursuit of its strategic goals. The Board of Directors does not have one independent lead director; rather, the Board has determined that each of the three independent chairs of the Audit, Compensation and Governance Committees will also provide Board leadership by presiding at the Board's executive sessions on a rotating basis.

Each member of the Board of Directors is required to submit his or her resignation to the Board of Directors upon the expiration of the term of service in which his or her 75th birthday occurs. Similarly, each director is required to submit his or her resignation upon a failure to win a majority of the votes cast in any uncontested election for which they are a nominee. In each case, the Board of Directors is not required to accept such resignation, and the Board of Directors will consider a variety of factors when determining whether any director might continue his or her service on the board.

The Board of Directors provides oversight of the financial, operational, legal and other business risks to the Company on an ongoing basis. Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. The Company faces a number of risks, including economic risks, financial risks, legal and regulatory risks and others, such as the impact of competition. Management is responsible for the day-to-day management of the risk that we face, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board is responsible for satisfying itself that the Company's risk management processes are adequate and functioning as designed.

While the Board is ultimately responsible for risk oversight, the Audit Committee has primary responsibility for the financial, legal and other operational risks, and the Compensation Committee assesses the risks associated with our compensation practices. Each of the Committees routinely reports to the full Board on material issues considered by such Committee, which may include issues of risk.

Nomination Process for the Board of Directors

The Governance Committee evaluates candidates for the Board of Directors identified by its members, other Board members, as well as the Company's management and stockholders. The Governance Committee from time to time may also retain a third-party executive search firm to identify qualified candidates for membership on the Board of Directors. A stockholder who wishes to recommend a prospective nominee for consideration by the Governance Committee should follow the procedures set forth below under *Stockholder Proposals*.

Once the Governance Committee has identified a prospective nominee, it makes an initial determination as to whether to conduct a full evaluation. In evaluating a prospective nominee, the Governance Committee may consider among other things, the following criteria: the ability of the prospective nominee to represent the interests of the stockholders; the prospective nominee's standards of integrity, commitment and independence of thought and judgment; the prospective nominee's ability to dedicate sufficient time, energy and attention to the performance of his or her duties; the extent to which the prospective nominee contributes to the range of talent, skill and expertise of the Board of Directors; and the extent to which the prospective nominee helps the Board of Directors reflect the gender, racial, ethnic and global diversity of the Company's stockholders, employees and customers.

After completing the evaluation, the Governance Committee makes a recommendation to the Board of Directors.

The Company believes it is useful for itself and investors to review, as applicable, both GAAP and the above non-GAAP measures in order to assess the performance of the Company's business for planning and forecasting in subsequent periods. In particular, the Company believes excluding the impact of restructuring, acquisition and integration-related costs is useful because it allows investors to evaluate our performance for different periods on a more comparable basis.
