THE COMPANY

We, through our subsidiaries and equity affiliates, own and operate a large and diversified portfolio of complementary natural gas-related energy assets and are one of North America's leading natural gas infrastructure companies. We also own and operate a crude oil pipeline system that connects Canadian and United States (U.S.) producers to refineries in the U.S. Rocky Mountain and Midwest regions. For over a century, we and our predecessor companies have developed critically important pipelines and related energy infrastructure connecting natural gas supply sources to premium markets. We currently operate in three key areas of the natural gas industry: gathering and processing, transmission and storage, and distribution. We provide transmission and storage of natural gas to customers in various regions of the northeastern and southeastern U.S., the Maritime Provinces in Canada, the Pacific Northwest in the U.S. and Canada, and in the province of Ontario, Canada. We also provide natural gas sales and distribution services to retail customers in Ontario, and natural gas gathering and processing services to customers in western Canada. We also own a 50% ownership interest in DCP Midstream, LLC (DCP Midstream), based in Denver, Colorado, one of the leading natural gas gatherers in the U.S., and one of the largest U.S. producers and marketers of natural gas liquids. Our internet website is <http://www.spectraenergy.com>.

Our natural gas pipeline systems consist of approximately 21,000 miles of transmission pipelines. Our storage facilities provide approximately 300 billion cubic feet of net storage capacity in the U.S. and Canada. Our crude oil pipeline system, Express-Platte, consists of over 1,700 miles of transmission pipeline comprised of the Express pipeline and the Platte pipeline systems.

Our Principal Executive Offices

Our corporate headquarters are located at 5400 Westheimer Court, Houston, Texas 77056. We were incorporated in 2006 and are a Delaware corporation. Our telephone number is (713) 627-5400.

RISK FACTORS

An investment in the securities involves risks. Before purchasing any securities we offer, you should carefully consider the Risk Factors set forth in Item 1A in our Annual Report on Form 10-K filed on February 25, 2016, together with the other information in this prospectus, any applicable prospectus supplement, and the documents that are incorporated by reference in this prospectus, about risks concerning the securities. See also Cautionary Statements Regarding Forward-Looking Statements in this prospectus.

USE OF PROCEEDS

Unless otherwise set forth in a prospectus supplement, we intend to use the net proceeds of any offering of securities sold by us for general corporate purposes, which may include acquisitions, repayment of debt, capital expenditures and working capital. When a particular series of securities is offered, the prospectus supplement relating to that offering will set forth our intended use of the net proceeds received from the sale of those securities. The net proceeds may be invested temporarily in short-term marketable securities or applied to repay short-term debt until they are used for their stated purpose.

Unless otherwise set forth in a prospectus supplement, we will not receive any proceeds in the event that the securities are sold by a selling securityholder.

Table of Contents

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the common stock, preferred stock and warrants that we may sell from time to time. These summary descriptions are not meant to be complete descriptions of each security. The particular terms of any security will be described in the related prospectus supplement.

DESCRIPTION OF CAPITAL STOCK

The following summary of our capital stock is subject in all respects to the applicable provisions of the Delaware General Corporation Law (DGCL), our amended and restated certificate of incorporation, referred to herein as our certificate of incorporation, and our second amended and restated by-laws, referred to herein as our by-laws.

General

The total number of authorized shares of our capital stock is one billion shares of common stock, par value \$0.001 per share, and 22 million shares of preferred stock, par value \$0.001 per share.

Common Stock

The holders of our common stock are entitled to one vote per share. Directors are elected by a majority of the votes cast, unless a stockholder has nominated a person for election to the board and such nomination has not been withdrawn by such stockholder on or prior to the tenth day preceding the date that we first mail notice of the applicable meeting to the holders of our common stock, in which case directors are elected by a plurality of the votes cast by shares entitled to vote. If directors are to be elected by a plurality of the votes cast, stockholders will not be permitted to vote against a nominee. Other matters to be voted on by our shareholders must be approved by a majority of the votes cast on the matter by the holders of common stock present in person or represented by proxy, at a meeting at which a quorum is present, unless otherwise provided by law, or the rules or regulations of any stock exchange or regulatory body applicable to us, and subject to any voting rights granted to holders of any outstanding shares of preferred stock. Approval of an amendment to our certificate of incorporation, a merger, a share exchange, a sale of all or substantially all of our property or a dissolution must be approved by a majority of all votes entitled to be cast by the holders of common stock. Holders of our common stock will not have the right to cumulate votes in elections of directors.

In the event of our liquidation, dissolution or winding up, holders of our common stock will be entitled to their proportionate share of any assets in accordance with each holder's holdings remaining after payment of liabilities and any amounts due to other claimants, including the holders of any outstanding shares of preferred stock. Holders of our common stock have no preemptive rights and no right to convert or exchange their common stock into any other securities. No redemption or sinking fund provisions will apply to our common stock. All outstanding shares of common stock are fully paid and non-assessable.

Holders of common stock will share equally on a per-share basis in any dividend declared by our board of directors, subject to any preferential rights of holders of any outstanding shares of preferred stock.

Preferred Stock

Our certificate of incorporation authorizes our board of directors, without shareholder approval, to issue up to 22 million shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions granted to or imposed upon the preferred stock, including voting rights, dividend rights, conversion rights, terms of

redemption, liquidation preference, sinking fund terms, subscription rights and the number of shares constituting any series or the designation of a series. Our board of directors can issue preferred stock with voting and conversion rights that could adversely affect the voting power of the holders of common stock, without shareholder approval. No shares of preferred stock are currently outstanding and we have no present plan to issue any shares of preferred stock.

Table of Contents

Business Combinations

We are governed by Section 203 of the DGCL. Section 203, subject to certain exceptions, prohibits a Delaware corporation from engaging in any business combination with any interested shareholder for a period of three years following the time that such shareholder became an interested shareholder, unless:

prior to such time, the board of directors of the corporation approved either the business combination or the transaction which resulted in the shareholder becoming an interested shareholder; or

upon consummation of the transaction that resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding specified shares; or

at or subsequent to such time, the business combination is approved by the board of directors and authorized at an annual or special meeting of shareholders, by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested shareholder. The shareholders cannot authorize the business combination by written consent.

The application of Section 203 may limit the ability of shareholders to approve a transaction that they may deem to be in their best interests.

In general, Section 203 defines "business combination" to include:

any merger or consolidation involving the corporation and the interested shareholder; or

any sale, lease, exchange, mortgage, pledge, transfer or other disposition of 10% or more of the assets of the corporation to or with the interested shareholder; or

subject to certain exceptions, any transaction which results in the issuance or transfer by the corporation of any of its stock to the interested shareholder; or

any transaction involving the corporation which has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested shareholder; or

the receipt by the interested shareholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an "interested shareholder" as any person that is:

the owner of 15% or more of the outstanding voting stock of the corporation; or

an affiliate or associate of the corporation who was the owner of 15% or more of the outstanding voting stock of the corporation at any time within three years immediately prior to the relevant date; or

the affiliates and associates of the above.

Under specific circumstances, Section 203 makes it more difficult for an interested shareholder to effect various business combinations with a corporation for a three-year period, although the shareholders may, by adopting an amendment to the corporation's certificate of incorporation or by-laws, elect not to be governed by this section, effective twelve months after adoption.

We anticipate that the provisions of Section 203 may encourage companies interested in acquiring us to negotiate in advance with our board of directors since the shareholder approval requirement would be avoided if a majority of the directors then in office approve either the business combination or the transaction that resulted in the shareholder becoming an interested shareholder.

Table of Contents

Shareholder Proposals

At an annual meeting of shareholders, only business that is properly brought before the meeting will be conducted or considered. To be properly brought before an annual meeting of shareholders, business must be specified in the notice of the meeting (or any supplement to that notice), brought before the meeting by or at the direction of the directors (or any duly authorized committee of the board of directors) or properly brought before the meeting by a shareholder.

To be timely, a shareholder's notice of business to be brought before the meeting must be delivered to or mailed and received at our principal executive offices not less than 90 nor more than 120 calendar days prior to the date of the immediately preceding annual meeting. However, in the event that the date of the annual meeting is more than 30 days before or 60 days after the anniversary of the prior annual meeting, the shareholder's notice must be received not later than the close of business on the tenth day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs.

A shareholder's notice must set forth, among other things, as to each matter the shareholder proposes to bring before the meeting:

a brief description of the business proposed to be brought before the meeting and the reasons for conducting such business at the meeting, and, in the event that such business includes a proposal to amend our certificate of incorporation or our by-laws, the text of the proposed amendment;

the name and record address of such shareholder;

the class or series and number of shares that are owned of record and beneficially by the shareholder proposing the business;

any material interest of the shareholder in such business; and

if such shareholder intends to solicit proxies in support of such proposal, a representation to that effect. Similarly, at a special meeting of shareholders, only such business as is properly brought before the meeting will be conducted or considered. To be properly brought before a special meeting, business must be specified in the notice of the meeting (or any supplement to that notice) given by or at the direction of our board or otherwise properly brought before the meeting by or at the direction of the board.

Nomination of Candidates for Election to Our Board

Under our by-laws, only persons who are properly nominated will be eligible for election to be members of our board. To be properly nominated for purposes of an annual meeting, a director candidate must be nominated by or at the direction of our board or a committee of our board, or properly nominated by a shareholder. To properly nominate a director, a shareholder must:

be a shareholder of record on the date of the giving of the notice for the meeting;

be entitled to vote at the meeting; and

have given timely written notice of the business to our secretary.

To be timely, a shareholder's notice must be delivered to or mailed and received at our principal executive offices not less than 90 nor more than 120 calendar days prior to the anniversary date of the immediately preceding annual meeting. However, in the event that the date of the annual meeting is more than 30 days before or 60 days after the anniversary date of the prior annual meeting, the shareholder's notice must be received not later than the close of business on the tenth day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was first made, whichever first occurs.

Table of Contents

In the event of a special meeting, to be timely a shareholder's notice must be received not earlier than the ~~90~~ day prior to such meeting nor later than the close of business on the later of the 60th day prior to such meeting or the tenth day following the day on which public announcement of the date of the special meeting and of the nominees to be elected at such meeting is first made.

To be in proper written form, such shareholder's notice must include, among other things,

the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated;

a representation that the stockholder is a holder of record of stock of the corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;

a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder;

such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated, or intended to be nominated, by the Board;

the consent of each nominee to serve as a director if so elected; and

if the stockholder intends to solicit proxies in support of such stockholder's nominee(s), a representation to that effect.

Provisions that Have or May Have the Effect of Delaying or Prohibiting a Change in Control

Under our certificate of incorporation, our board of directors has the full authority permitted by Delaware law to determine the voting rights, if any, and designations, preferences, limitations and special rights of any class or any series of any class of the preferred stock.

Our certificate of incorporation requires an affirmative vote of the holders of at least 80% of the combined voting power of the then outstanding shares of stock of all classes entitled to vote generally in the election of directors, voting together as a single class, to amend, alter or repeal provisions in the certificate of incorporation which relate to the terms of directors, removal of directors and director vacancies.

Our certificate of incorporation provides that any action required to be taken at any annual or special meeting of shareholders may be taken without a meeting and without prior notice only if consent in writing setting forth the action to be taken is signed by all the holders of our issued and outstanding capital stock entitled to vote in respect of such action.

Our by-laws provide that, except as expressly required by the certificate of incorporation or by applicable law, and subject to the rights of the holders of any series of preferred stock, special meetings of the shareholders or of any series entitled to vote may be called for any purpose or purposes only by the chairman of the board of directors or by the board of directors. Shareholders are not entitled to call special meetings.

The provisions of our certificate of incorporation and by-laws conferring on our board of directors the full authority to issue preferred stock, the restrictions on removing directors elected by holders of preferred stock or for cause, the supermajority voting requirements relating to the amendment, alteration or repeal of the provisions governing the terms of directors and filling of vacancies and newly created directorships, the requirement that shareholders act at a meeting unless all shareholders agree in writing, and the inability of shareholders to call a special meeting, in certain instances could have the effect of delaying, deferring or preventing a change in control or the removal of existing management.

We may issue warrants independently or together with any offered securities. The warrants may be attached to or separate from those offered securities. We will issue the warrants under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The prospectus supplement relating to any warrants that we may offer will contain the specific terms of the warrants. These terms may include the following:

the title of the warrants;

the designation, amount and terms of the securities for which the warrants are exercisable;

the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each other security;

the price or prices at which the warrants will be issued;

the aggregate number of warrants;

any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;

the price or prices at which the securities purchasable upon exercise of the warrants may be purchased;

if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;

if applicable, a discussion of the material U.S. federal income tax considerations applicable to the exercise of the warrants;

the date on which the right to exercise the warrants will commence, and the date on which the right will expire;

the maximum or minimum number of warrants that may be exercised at any time;

information with respect to book-entry procedures, if any; and

any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

PLAN OF DISTRIBUTION

We may sell the securities under this prospectus in one or more of the following ways:

to or through underwriters or dealers;

directly to purchasers or to a single purchaser;

through agents (or remarketing agents, in the case of a remarketing); or

through a combination of any such methods of sales.

The applicable prospectus supplement will describe the terms under which the securities are offered, including:

the names of any underwriters, dealers or agents;

the purchase price and the net proceeds from the sale;

any underwriting discounts and other items constituting underwriters' compensation;

any initial public offering price; and

any discounts or concessions allowed, re-allowed or paid to dealers.

Any underwriters or dealers may from time to time change any initial public offering price and any discounts or concessions allowed, re-allowed or paid to dealers.

If underwriters participate in the sale of the securities, those underwriters will acquire the securities for their own account and may resell them in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of the sale.

Unless we state otherwise in the applicable prospectus supplement, the obligations of any underwriter to purchase the securities will be subject to conditions, and the underwriter will be obligated to purchase all the securities offered, except that in some cases involving a default by an underwriter, less than all of the securities offered may be purchased. If the securities are sold through an agent, the applicable prospectus supplement will state the name and any commission that may be paid to the agent. Unless we state otherwise in the prospectus supplement, that agent will be acting on a best-efforts basis for the period of its appointment.

Edgar Filing: Spectra Energy Corp. - Form S-3ASR

Underwriters, dealers acting as principals and agents participating in a sale of the securities may be deemed to be underwriters as defined under the Securities Act, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act.

Agents and underwriters may be entitled to indemnification against certain civil liabilities, including liabilities under the Securities Act, under agreements entered into with us.

Underwriters and their affiliates may engage in transactions with, and, from time to time, perform services for, us or our affiliates in the ordinary course of their business.

The securities may or may not be listed on a national securities exchange.

THE COMPANY

We, through our subsidiaries and equity affiliates, own and operate a large and diversified portfolio of complementary natural gas-related energy assets and are one of North America's leading natural gas infrastructure companies. We also own and operate a crude oil pipeline system that connects Canadian and United States (U.S.) producers to refineries in the U.S. Rocky Mountain and Midwest regions. For over a century, we and our predecessor companies have developed critically important pipelines and related energy infrastructure connecting natural gas supply sources to premium markets. We currently operate in three key areas of the natural gas industry: gathering and processing, transmission and storage, and distribution. We provide transmission and storage of natural gas to customers in various regions of the northeastern and southeastern U.S., the Maritime Provinces in Canada, the Pacific Northwest in the U.S. and Canada, and in the province of Ontario, Canada. We also provide natural gas sales and distribution services to retail customers in Ontario, and natural gas gathering and processing services to customers in western Canada. We also own a 50% ownership interest in DCP Midstream, LLC (DCP Midstream), based in Denver, Colorado, one of the leading natural gas gatherers in the U.S., and one of the largest U.S. producers and marketers of natural gas liquids. Our internet website is <http://www.spectraenergy.com>.

Our natural gas pipeline systems consist of approximately 21,000 miles of transmission pipelines. Our storage facilities provide approximately 300 billion cubic feet of net storage capacity in the U.S. and Canada. Our crude oil pipeline system, Express-Platte, consists of over 1,700 miles of transmission pipeline comprised of the Express pipeline and the Platte pipeline systems.

Our Principal Executive Offices

Our and Spectra Energy's corporate headquarters are located at 5400 Westheimer Court, Houston, Texas 77056. We are a Delaware limited liability company. Our and Spectra Energy's telephone number is (713) 627-5400.

RISK FACTORS

An investment in the securities involves risks. Before purchasing any securities we and Spectra Energy offer, you should carefully consider the Risk Factors set forth in Item 1A in Spectra Energy's Annual Report on Form 10-K filed on February 25, 2016, together with the other information in this prospectus, any applicable prospectus supplement, and the documents that are incorporated by reference in this prospectus, about risks concerning the securities. See also Cautionary Statements Regarding Forward-Looking Statements in this prospectus.

USE OF PROCEEDS

Unless otherwise set forth in a prospectus supplement, we intend to use the net proceeds of any offering of securities sold by us for general corporate purposes, which may include acquisitions, repayment of debt, capital expenditures and working capital. When a particular series of securities is offered, the prospectus supplement relating to that offering will set forth our intended use of the net proceeds received from the sale of those securities. The net proceeds may be invested temporarily in short-term marketable securities or applied to repay short-term debt until they are used for their stated purpose.

DESCRIPTION OF THE SENIOR NOTES

Spectra Energy Capital will issue the Senior Notes in one or more series under its Senior Indenture dated as of April 1, 1998, as supplemented from time to time. Unless otherwise specified in the applicable prospectus supplement, the trustee under the Senior Indenture will be The Bank of New York Mellon Trust Company, N.A. (BNY Mellon). The Senior Indenture is an exhibit to the registration statement, of which this prospectus is a part.

The Senior Notes are unsecured and unsubordinated obligations and will rank equally with all of Spectra Energy Capital's other unsecured and unsubordinated indebtedness.

The Senior Notes will have the benefit of a guarantee from Spectra Energy. Spectra Energy is a separate and distinct legal entity and has no obligation, contingent or otherwise, to pay any amounts due pursuant to the Senior Notes or the Senior Indenture or to make any funds available therefore, whether by contributions, loans or other payments, other than as expressly provided in the Senior Indenture.

Spectra Energy Capital and Spectra Energy conduct their businesses through subsidiaries. Accordingly, their ability to meet their obligations under the Senior Notes are dependent on the earnings and cash flows of those subsidiaries and the ability of those subsidiaries to pay dividends or to advance or repay funds to Spectra Energy Capital or Spectra Energy. In addition, the rights that Spectra Energy Capital, Spectra Energy and their creditors would have to participate in the assets of any such subsidiary upon the subsidiary's liquidation or recapitalization will be subject to the prior claims of the subsidiary's creditors. Certain subsidiaries of Spectra Energy Capital and Spectra Energy have incurred substantial amounts of debt in the operations and expansion of their businesses, and Spectra Energy Capital and Spectra Energy anticipate that certain of their subsidiaries will do so in the future.

The following description of the Senior Notes is only a summary and is not intended to be comprehensive. For additional information you should refer to the Senior Indenture.

General

The Senior Indenture does not limit the amount of Senior Notes that Spectra Energy Capital may issue under it. Spectra Energy Capital may issue Senior Notes from time to time under the Senior Indenture in one or more series by entering into supplemental indentures or by resolution of its board of directors or a duly authorized committee authorizing the issuance.

The Senior Notes of a series need not be issued at the same time, bear interest at the same rate or mature on the same date.

Guarantee

Spectra Energy will fully and unconditionally guarantee for the benefit of the securityholders and the trustee (1) the due and punctual payment of the principal of, premium, if any, and interest on, the debt securities, whether at stated maturity, by declaration of acceleration, call for redemption or otherwise, (2) the due and punctual payment of interest on overdue principal of, premium, if any, and interest on the debt securities, if any, if lawful, and (3) the due and punctual performance of all other obligations of Spectra Energy Capital to the securityholders or the trustee in accordance with the terms of the Senior Indenture. In case of any extension of time of payment or renewal of any debt security or any such other obligations, that the same will be promptly paid in full when due or performed in accordance with the terms of the extension or renewal, whether at stated maturity, by declaration of acceleration, call for redemption or otherwise.

Table of Contents

In case of the failure of Spectra Energy Capital to punctually make any such principal, premium, if any, or interest payment, Spectra Energy will cause any such payment to be made promptly when and as the same will become due and payable, whether at stated maturity, by declaration of acceleration, call for redemption or otherwise, and as if such payment were made by Spectra Energy Capital.

Spectra Energy will agree that its obligations under any guarantee will be as if it were the principal debtor and not merely surety, and will be absolute and unconditional, irrespective of, and will be unaffected by, any invalidity, irregularity or unenforceability of any debt security or the Senior Indenture, any failure to enforce the provisions of any debt security or the Senior Indenture, or any waiver, modification or indulgence granted to Spectra Energy Capital with respect thereto, by the securityholders or the trustee, or any other circumstance which may otherwise constitute a legal or equitable discharge of a surety or guarantor; provided, however, that, notwithstanding the foregoing, no such waiver, modification or indulgence will, without the consent of Spectra Energy, increase the principal amount of any debt security or the interest rate thereon or increase any premium payable upon redemption thereof. Spectra Energy hereby waives diligence, presentment, demand of payment, filing of claims with a court in the event of a merger or bankruptcy of Spectra Energy Capital, any right to require a proceeding first against Spectra Energy Capital, protest or notice with respect to any debt security or the indebtedness evidenced thereby or with respect to any sinking fund payment required pursuant to the terms of any debt security issued under the Senior Indenture and all demands whatsoever, and will covenant that the guarantee will not be discharged with respect to any debt security except by payment in full of the principal of, and premium, if any, and interest on such debt security. Any guarantee will constitute a guarantee of payment and not of collection and will not be impaired by the failure to endorse evidence of such guarantee on any debt security.

Spectra Energy will be subrogated to all of the rights of the securityholders against Spectra Energy Capital in respect of any amounts paid to such securityholder by Spectra Energy pursuant to the provisions of any guarantee; provided, however, that Spectra Energy will not be entitled to enforce, or to receive any payments arising out of or based upon, such right of subrogation until the principal of, and premium, if any, and interest on all debt securities of the relevant series have been paid in full.

Provisions Applicable to Particular Series

The prospectus supplement for a particular series of Senior Notes being offered will disclose the specific terms related to the offering, including the price or prices at which the Senior Notes to be offered will be issued. Those terms may include some or all of the following:

whether the provisions described under **Defeasance and Covenant Defeasance** will not apply to the Senior Notes;

the currency in which payments will be made if other than U.S. dollars, and the manner of determining the equivalent of those amounts in U.S. dollars;

if payments may be made, at Spectra Energy Capital's election or at the holder's election, in a currency other than that in which the Senior Notes are stated to be payable, then the currency in which those payments may be made, the terms and conditions of the election and the manner of determining those amounts;

the portion of the principal payable upon acceleration of maturity, if other than the entire principal;

whether the Senior Notes will be issuable as global securities and, if so, the securities depository;

any changes in the events of default or covenants with respect to the Senior Notes and any change in the right of the trustee or the requisite holders to declare the principal amount due and payable pursuant to acceleration, rescission and annulment;

any index or formula used for determining principal, premium or interest;

if the principal payable on the maturity date will not be determinable on one or more dates prior to the maturity date, the amount which will be deemed to be such principal amount or the manner of determining it;

the person to whom any interest on the Senior Notes shall be payable, if other than the person in whose name the Senior Note is registered at the close of business on the regular record date for such interest; and

any other terms.

Unless Spectra Energy Capital states otherwise in the applicable prospectus supplement, Spectra Energy Capital will issue the Senior Notes only in fully registered form without coupons, and there will be no service charge for any registration of transfer or exchange of the Senior Notes. Spectra Energy Capital may, however, require payment to cover any tax or other governmental charge payable in connection with any transfer or exchange. Subject to the terms of the Senior Indenture and the limitations applicable to global securities, transfers and exchanges of the Senior Notes may be made at The Bank of New York Mellon, 101 Barclay Street, New York, New York 10286 or at any other office maintained by Spectra Energy Capital for such purpose.

The Senior Notes will be issuable in denominations of \$1,000 and any integral multiples of \$1,000, unless Spectra Energy Capital states otherwise in the applicable prospectus supplement.

Spectra Energy Capital may offer and sell the Senior Notes, including original issue discount Senior Notes, at a substantial discount below their principal amount. The applicable prospectus supplement will describe special United States federal income tax and any other considerations applicable to those securities. In addition, the applicable prospectus supplement may describe certain special United States federal income tax or other considerations, if any, applicable to any Senior Notes that are denominated in a currency other than U.S. dollars.

Book-Entry Debt Securities

We may issue debt securities of a series in whole or in part in the form of one or more global securities. We will deposit such global securities with, or on behalf of, a depository identified in the applicable prospectus supplement. We may issue global securities in either registered or bearer form and in either temporary or permanent form. Unless we specify otherwise in the applicable prospectus supplement, debt securities that are

Table of Contents

represented by a global security will be issued in denominations of \$1,000 or any integral multiple thereof and will be issued in registered form only, without coupons. We will make payments of principal of, premium, if any, and interest on debt securities represented by a global security to the trustee under the Senior Indenture, which will then forward such payments to the depository.

As more fully described below, we anticipate that any global securities will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (DTC), and that such global securities will be registered in the name of Cede & Co., DTC 's nominee. We further anticipate that the following provisions will apply to the depository arrangements with respect to any such global securities. We will describe any additional or differing terms of the depository arrangements in the applicable prospectus supplement relating to a particular series of debt securities issued in the form of global securities.

So long as DTC or its nominee is the registered owner of a global security, DTC or its nominee, as the case may be, will be considered the sole holder of the debt securities represented by such global security for all purposes under the Senior Indenture. Except as described below, owners of beneficial interests in a global security:

will not be entitled to have debt securities represented by such global security registered in their names;

will not receive or be entitled to receive physical delivery of debt securities in certificated form; and

will not be considered the owners or holders thereof under the Senior Indenture.

The laws of some states require that certain purchasers of securities take physical delivery of such securities in certificated form; accordingly, such laws may limit the transferability of beneficial interests in a global security.

Unless we specify otherwise in the applicable prospectus supplement, each global security representing book-entry notes will be exchangeable for certificated notes only if:

DTC notifies us that it is unwilling or unable to continue as depository or DTC ceases to be a clearing agency registered under the Exchange Act (if so required by applicable law or regulation) and, in either case, a successor depository is not appointed by us within 90 days after we receive such notice or become aware of such unwillingness, inability or ineligibility; or

we, in our sole discretion and subject to DTC 's procedures, determine that the global securities shall be exchangeable for certificated notes.

Upon any such exchange, owners of a beneficial interest in the global security or securities representing book-entry notes will be entitled to physical delivery of individual debt securities in certificated form of like tenor and rank, equal in principal amount to such beneficial interest, and to have such debt securities in certificated form registered in the names of the beneficial owners, which names shall be provided by DTC 's relevant participants (as identified by DTC) to the trustee.

Edgar Filing: Spectra Energy Corp. - Form S-3ASR

Unless we describe otherwise in the applicable prospectus supplement, debt securities so issued in certificated form will be issued in denominations of \$1,000 or any integral multiple thereof, and will be issued in registered form only, without coupons.

The following is based on information furnished to us by DTC:

DTC will act as securities depository for the securities. The securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or any other name as may be requested by an authorized representative of DTC. One fully-registered security certificate will be issued for each issue of the securities, each in the aggregate principal amount of the issue, and will be deposited with DTC. If,

Table of Contents

however, the aggregate principal amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of the issue. We may also issue one or more global securities that represent multiple series of debt securities.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (Direct Participants) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (DTCC). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (Indirect Participants). The DTC Rules applicable to its Participants are on file with the SEC. More information about DTC can be found at www.dtcc.com. Information contained on, or accessible through, these websites is not part of, or incorporated by reference into, this prospectus.

Purchases of debt securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the debt securities on DTC's records. The ownership interest of each actual purchaser of each debt security (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are, however, expected to receive a written confirmation providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in debt securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in debt securities, except in the event that use of the book-entry system for the debt securities is discontinued.

To facilitate subsequent transfers, all debt securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co, or such other name as may be requested by an authorized representative of DTC. The deposit of the debt securities with DTC and their registration in the name of Cede & Co, or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the debt securities; DTC's records reflect only the identities of the Direct Participants to whose accounts debt securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the debt securities unless authorized by a Direct Participant in accordance with DTC's Money Market Instrument (MMI) procedures.

Under its usual procedures, DTC mails a proxy (an Omnibus Proxy) to the issuer as soon

Table of Contents

as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the debt securities are credited on the record date (identified on a list attached to the Omnibus Proxy).

Principal, premium, if any, interest payments and redemption proceeds on the debt securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the trustee, on the payment date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name and will be the responsibility of such Participant and not of DTC, nor its nominee, the trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, interest and redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is our responsibility or the trustee's, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

If applicable, redemption notices shall be sent to DTC. If less than all of the book-entry notes within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

A Beneficial Owner shall give notice of any option to elect to have its book-entry notes repaid by us, through its Participant, to the trustee, and shall effect delivery of such book-entry notes by causing the Direct Participant to transfer the Participant's interest in the global security or securities representing such book-entry notes, on DTC's records, to the trustee. The requirement for physical delivery of book-entry notes in connection with a demand for repayment will be deemed satisfied when the ownership rights in the global security or securities representing such book-entry notes are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered securities to the trustee's DTC account.

DTC may discontinue providing its services as securities depository with respect to the debt securities at any time by giving reasonable notice to the trustee or us. Under such circumstances, in the event that a successor securities depository is not appointed, debt security certificates are required to be printed and delivered.

We may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, debt security certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

Unless stated otherwise in the prospectus supplement, the underwriters or agents with respect to a series of debt securities issued as global securities will be Direct Participants in DTC.

Neither we, the trustee nor any applicable paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial interests in a global security, or for maintaining, supervising or reviewing any records relating to such beneficial interest.

Redemption

Provisions relating to the redemption of Senior Notes will be set forth in the applicable prospectus supplement. Unless Spectra Energy Capital states otherwise in the applicable prospectus supplement, Spectra Energy Capital may redeem Senior Notes only upon notice mailed to each holder at least 30, but not more than 60 days, before the date fixed for redemption. Unless Spectra Energy Capital states otherwise in the applicable

Table of Contents

prospectus supplement, that notice may state that the redemption will be conditional upon the trustee, or the applicable paying agent, receiving sufficient funds to pay the principal, premium and interest on those Senior Notes on the date fixed for redemption and that if the trustee or the applicable paying agent does not receive those funds, the redemption notice will not apply, and Spectra Energy Capital will not be required to redeem those Senior Notes.

Spectra Energy Capital will not be required to:

issue, register the transfer of, or exchange any Senior Notes of a series during the period beginning 15 days before the date the notice is mailed identifying the Senior Notes of that series that have been selected for redemption and ending on the date of such mailing; or

register the transfer of or exchange any Senior Note of that series selected for redemption in whole or in part except the unredeemed portion of a Senior Note being partially redeemed.

Consolidation, Merger, Conveyance or Transfer

The Senior Indenture provides that Spectra Energy Capital and Spectra Energy may consolidate or merge with or into, or convey or transfer all or substantially all of their properties and assets to, another corporation or other entity. Any successor must, however, assume Spectra Energy Capital's or Spectra Energy's obligations under the Senior Indenture and the Senior Notes issued under it, and Spectra Energy Capital or Spectra Energy must deliver to the trustee a statement by certain of its officers and an opinion of counsel that affirm compliance with all conditions in the Senior Indenture relating to the transaction. When those conditions are satisfied, the successor will succeed to and be substituted for Spectra Energy Capital or Spectra Energy, as the case may be, under the Senior Indenture, and Spectra Energy Capital or Spectra Energy, as the case may be, will be relieved of its obligations under the Senior Indenture and the Senior Notes.

Modification; Waiver

Spectra Energy Capital may modify the Senior Indenture with the consent of the holders of a majority in principal amount of the outstanding Senior Notes of all series of Senior Notes that are affected by the modification, voting as one class. The consent of the holder of each outstanding Senior Note affected is, however, required to:

change the maturity date of the principal or any installment of principal or interest on that Senior Note;

reduce the principal amount, the interest rate or any premium payable upon redemption on that Senior Note;

reduce the amount of principal due and payable upon acceleration of maturity;

change the currency of payment of principal, premium or interest on that Senior Note;

impair the right to institute suit to enforce any such payment on or after the maturity date or redemption date;

reduce the percentage in principal amount of Senior Notes of any series required to modify the Senior Indenture, waive compliance with certain restrictive provisions of the Senior Indenture or waive certain defaults; or

with certain exceptions, modify the provisions of the Senior Indenture governing modifications of the Senior Indenture or governing waiver of covenants or past defaults.

In addition, Spectra Energy Capital may modify the Senior Indenture for certain other purposes, without the consent of any holders of Senior Notes.

Table of Contents

The holders of a majority in principal amount of the outstanding Senior Notes of any series may waive, for that series, Spectra Energy Capital's compliance with certain restrictive provisions of the Senior Indenture, including the covenant described under Negative Pledge. The holders of a majority in principal amount of the outstanding Senior Notes of all series under the Senior Indenture with respect to which a default has occurred and is continuing, voting as one class, may waive that default for all those series, except a default in the payment of principal or any premium or interest on any Senior Note or a default with respect to a covenant or provision which cannot be modified without the consent of the holder of each outstanding Senior Note of the series affected.

Events of Default

The following are events of default under the Senior Indenture with respect to any series of Senior Notes, unless Spectra Energy Capital states otherwise in the applicable prospectus supplement:

failure to pay principal of or any premium on any Senior Note of that series when due;

failure to pay when due any interest on any Senior Note of that series that continues for 60 days; for this purpose, the date on which interest is due is the date on which Spectra Energy Capital is required to make payment following any deferral of interest payments by it under the terms of Senior Notes that permit such deferrals;

failure to make any sinking fund payment when required for any Senior Note of that series that continues for 60 days;

failure to perform any covenant of Spectra Energy Capital or Spectra Energy in the Senior Indenture (other than a covenant expressly included solely for the benefit of other series) that continues for 90 days after the trustee or the holders of at least 33% of the outstanding Senior Notes of that series give Spectra Energy Capital or Spectra Energy written notice of the default; and

certain bankruptcy, insolvency or reorganization events with respect to Spectra Energy Capital.

In the case of the fourth event of default listed above, the trustee may extend the grace period.

In addition, if holders of a particular series have given a notice of default, then holders of at least the same percentage of Senior Notes of that series, together with the trustee, may also extend the grace period. The grace period will be automatically extended if Spectra Energy Capital or Spectra Energy has initiated and is diligently pursuing corrective action.

Spectra Energy Capital may establish additional events of default for a particular series and, if established, any such events of default will be described in the applicable prospectus supplement.

If an event of default with respect to Senior Notes of a series occurs and is continuing, then the trustee or the holders of at least 33% in principal amount of the outstanding Senior Notes of that series may declare the principal amount of all Senior Notes of that series to be immediately due and payable. However, that event of default will be considered

waived at any time after the declaration, but before a judgment for payment of the money due has been obtained if:

Spectra Energy Capital has paid or deposited with the trustee all overdue interest, the principal and any premium due otherwise than by the declaration and any interest on such amounts, and any interest on overdue interest, to the extent legally permitted, in each case with respect to that series, and all amounts due to the trustee; and

all events of default with respect to that series, other than the nonpayment of the principal that became due solely by virtue of the declaration, have been cured or waived.

Table of Contents

The trustee is under no obligation to exercise any of its rights or powers at the request or direction of any holders of Senior Notes unless those holders have offered the trustee security or indemnity satisfactory to it against the costs, expenses and liabilities which it might incur as a result. The holders of a majority in principal amount of the outstanding Senior Notes of any series have, with certain exceptions, the right to direct the time, method and place of conducting any proceedings for any remedy available to the trustee or the exercise of any power of the trustee with respect to those Senior Notes. The trustee may withhold notice of any default, except a default in the payment of principal or interest, from the holders of any series if the trustee in good faith considers it in the interest of the holders to do so.

The holder of any Senior Note will have an absolute and unconditional right to receive payment of the principal, any premium and, within certain limitations, any interest on that Senior Note on its maturity date or redemption date and to enforce those payments.

Each of Spectra Energy Capital and Spectra Energy is required to furnish each year to the trustee a statement by certain of its officers to the effect that it is not in default under the Senior Indenture or, if there has been a default, specifying the default and its status.

Payments; Paying Agent

The paying agent will pay the principal of any Senior Notes only if those Senior Notes are surrendered to it. The paying agent will pay interest on Senior Notes issued as global securities by wire transfer to the holder of those global securities. Unless Spectra Energy Capital states otherwise in the applicable prospectus supplement, the paying agent will pay interest on Senior Notes that are not in global form at its office or, at Spectra Energy Capital's option:

by wire transfer to an account at a banking institution in the United States that is designated in writing to the trustee at least 16 days prior to the date of payment by the person entitled to that interest; or

by check mailed to the address of the person entitled to that interest as that address appears in the security register for those Senior Notes.

Unless Spectra Energy Capital states otherwise in the applicable prospectus supplement, the trustee will act as paying agent for that series of Senior Notes, and the principal corporate trust office of the trustee will be the office through which the paying agent acts. Spectra Energy Capital may, however, change or add paying agents or approve a change in the office through which a paying agent acts.

Any money that Spectra Energy Capital has paid to a paying agent for principal or interest on any Senior Notes which remains unclaimed at the end of two years after that principal or interest has become due will be repaid to Spectra Energy Capital at its request. After repayment to Spectra Energy Capital, holders should look only to Spectra Energy Capital for those payments.

Negative Pledge

While any of the Senior Notes remain outstanding, Spectra Energy Capital will not, and will not permit any Principal Subsidiary (as defined below) to, create, or permit to be created or to exist, any mortgage, lien, pledge, security interest or other encumbrance upon any Principal Property (as defined below) of Spectra Energy Capital or of a Principal Subsidiary or upon any shares of stock of any Principal Subsidiary, whether such Principal Property is, or

shares of stock are, owned on or acquired after the date of the Senior Indenture, to secure any indebtedness for borrowed money of Spectra Energy Capital, unless the Senior Notes then outstanding are equally and ratably secured for so long as any such indebtedness is so secured.

Table of Contents

The foregoing restriction does not apply with respect to, among other things:

purchase money mortgages, or other purchase money liens, pledges, security interests or encumbrances upon property that Spectra Energy Capital or any Principal Subsidiary acquired after the date of the Senior Indenture;

mortgages, liens, pledges, security interests or other encumbrances existing on any property or shares of stock at the time Spectra Energy Capital or any Principal Subsidiary acquired it or them, including those which exist on any property or shares of stock of an entity with which Spectra Energy Capital or any Principal Subsidiary is consolidated or merged or which transfers or leases all or substantially all of its properties to Spectra Energy Capital or any Principal Subsidiary, or conditional sales agreements or other title retention agreements and leases in the nature of title retention agreements with respect to any property acquired after the date of the Senior Indenture; provided, however, that no such mortgage, lien, pledge, security interest or other encumbrance shall extend to or cover any other property of Spectra Energy Capital or such Principal Subsidiary;

mortgages, liens, pledges, security interests or other encumbrances upon any property of Spectra Energy Capital or any Principal Subsidiary or shares of stock of any Principal Subsidiary that existed on the date of the initial issuance of Senior Notes or upon the property or shares of stock of any corporation existing at the time that corporation became a Principal Subsidiary;

liens for taxes or assessments or other governmental charges or levies; pledges other governmental charges or levies; pledges or deposits to secure obligations under worker's compensation laws, unemployment insurance and other social security legislation, including liens of judgments thereunder which are not currently dischargeable;

liens created by or resulting from any litigation or proceeding which at the time is being contested in good faith by appropriate proceedings;

liens incurred in connection with the issuance of bankers' acceptances and lines of credit, bankers' liens or rights of offset and any security given in the ordinary course of business to banks or others to secure any indebtedness payable on demand or maturing within 12 months of the date that such indebtedness is originally

incurred;

liens incurred in connection with repurchase, swap or other similar agreements (including commodity price, currency exchange and interest rate protection agreements);

leases made, or existing on property acquired, in the ordinary course of business;

liens securing industrial revenue or pollution control bonds;

liens, pledges, security interests or other encumbrances on any property arising in connection with any defeasance, covenant defeasance or in-substance defeasance of indebtedness of Spectra Energy Capital or any Principal Subsidiary, including the Senior Notes;

liens created in connection with, and created to secure, a non-recourse obligation;

zoning restrictions, easements, licenses, rights-of-way, restrictions on the use of property or minor irregularities in title thereto, which do not, in the opinion of Spectra Energy Capital, materially impair the use of such property in the operation of the business of Spectra Energy Capital or the value of such property for the purpose of such business;

mortgages, liens, pledges, security interests or other encumbrances in favor of the United States of America, any state, any foreign country or any department, agency or instrumentality or political subdivision of any such jurisdiction, to secure partial, progress, advance or other payments pursuant to any contract or statute or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of constructing or improving the property subject to such mortgages;

indebtedness which Spectra Energy Capital or any Principal Subsidiary may issue in connection with the consolidation or merger of Spectra Energy Capital or any Principal Subsidiary with or into any other entity, which may be an affiliate of Spectra Energy Capital or any Principal Subsidiary, in exchange for or otherwise in substitution for secured indebtedness of that entity (Third Party Debt) which by its terms (1) is secured by a mortgage on all or a portion of the property of that entity, (2) prohibits that entity from incurring secured indebtedness, unless the Third Party Debt is secured equally and ratably with such secured indebtedness or (3) prohibits that entity from incurring secured indebtedness;

indebtedness of any entity which Spectra Energy Capital or any Principal Subsidiary is required to assume in connection with a consolidation or merger of that entity, with respect to which any property of Spectra Energy Capital or any Principal Subsidiary is subjected to a mortgage, lien, pledge, security interest or other encumbrance;

mortgages, liens, security interests or other encumbrances on property held or used by Spectra Energy Capital or any Principal Subsidiary in connection with the exploration for, or development, gathering, production, storage or marketing of, natural gas, oil or other minerals (including liquefied gas and synthetic gas);

mortgages, liens, pledges, security interests and other encumbrances in favor of Spectra Energy Capital, one or more Principal Subsidiaries, one or more wholly-owned Subsidiaries (as defined below) of Spectra Energy Capital or any of the foregoing in combination;

mortgages, liens, pledges, security interests or other encumbrances upon any property acquired, constructed, developed or improved by Spectra Energy Capital or any Principal Subsidiary after the date of the Senior Indenture which are created before, at the time of, or within 18 months after such acquisition or in the case of property constructed, developed or improved, after the completion of the construction, development or improvement and commencement of full commercial operation of that property, whichever is later to secure or provide for the payment of any part of its purchase price or cost; provided that, in the case of such construction, development or improvement, the mortgages, liens, pledges, security interests or other encumbrances shall not apply to any property that Spectra Energy Capital or any Principal Subsidiary owns other than real property that is unimproved up to that time; and

the replacement, extension or renewal of any mortgage, lien, pledge, security interest or other encumbrance described above; or the replacement, extension or renewal (not exceeding the principal amount of indebtedness so secured together with any premium, interest, fee or expense payable in connection with any such replacement, extension or renewal) of the indebtedness so secured; provided that such replacement, extension or renewal is limited to all or a part of the same property that secured the mortgage, lien, pledge,

security interest or other encumbrance replaced, extended or renewed, plus improvements on it or additions or accessions to it.

In addition, Spectra Energy Capital or any Principal Subsidiary may create or assume any other mortgage, lien, pledge, security interest or other encumbrance not excepted in the Senior Indenture without Spectra Energy Capital equally and ratably securing the Senior Notes, if immediately after that creation or assumption, the principal amount of indebtedness for borrowed money of Spectra Energy Capital that all such other mortgages, liens, pledges, security interests and other encumbrances secure does not exceed an amount equal to 10% of Spectra Energy Capital's common stockholder's equity as shown on its consolidated balance sheet for the accounting period occurring immediately before the creation or assumption of that mortgage, lien, pledge, security interest or other encumbrance.

Table of Contents

For purposes of the preceding paragraphs, the following terms have these meanings:

Principal Property means any natural gas pipeline, natural gas gathering system, natural gas storage facility, natural gas processing plant or other plant or facility located in the United States that in the opinion of the Board of Directors or management of Spectra Energy Capital is of material importance to the business conducted by Spectra Energy Capital and its consolidated subsidiaries taken as a whole;

Principal Subsidiary means any Subsidiary of Spectra Energy Capital that owns a Principal Property; and

Subsidiary means, as to any entity, a corporation of which more than 50% of the outstanding shares of stock having ordinary voting power (other than stock having such power only by reason of contingency) is at the time owned, directly or indirectly, through one or more intermediaries, or both, by such entity.

Defeasance and Covenant Defeasance

The Senior Indenture provides that Spectra Energy Capital may be:

discharged from its obligations, with certain limited exceptions, with respect to any series of Senior Notes, as described in the Senior Indenture, such a discharge being called a **defeasance** in this prospectus; and

released from its obligations under certain restrictive covenants especially established with respect to any series of Senior Notes, including the covenant described under **Negative Pledge**, as described in the Senior Indenture, such a release being called a **covenant defeasance** in this prospectus.

Spectra Energy Capital must satisfy certain conditions to effect a defeasance or covenant defeasance. Those conditions include the irrevocable deposit with the trustee, in trust, of money or government obligations which through their scheduled payments of principal and interest would provide sufficient money to pay the principal and any premium and interest on those Senior Notes on the maturity dates of those payments or upon redemption.

Following a defeasance, payment of the Senior Notes defeased may not be accelerated because of an event of default under the Senior Indenture. Following a covenant defeasance, the payment of Senior Notes may not be accelerated by reference to the covenants from which Spectra Energy Capital has been released. A defeasance may occur after a covenant defeasance.

Under current United States federal income tax laws, a defeasance would be treated as an exchange of the relevant Senior Notes in which holders of those Senior Notes might recognize gain or loss. In addition, the amount, timing and character of amounts that holders would thereafter be required to include in income might be different from that which would be includible in the absence of that defeasance. Spectra Energy Capital urges investors to consult their own tax advisors as to the specific consequences of a defeasance, including the applicability and effect of tax laws other than United States federal income tax laws.

Under current United States federal income tax law, unless accompanied by other changes in the terms of the Senior Notes, a covenant defeasance should not be treated as a taxable exchange.

Concerning the Senior Indenture Trustee

BNY Mellon is the trustee. Spectra Energy Capital and certain of its affiliates maintain deposit accounts and banking relationships with BNY Mellon. BNY Mellon also serves as trustee or agent under other indentures and agreements pursuant to which securities of Spectra Energy Capital and of certain of its affiliates are outstanding.

The trustee will perform only those duties that are specifically set forth in the Senior Indenture unless an event of default under the Senior Indenture occurs and is continuing. In case an event of default occurs and is continuing, the trustee will exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs.

Item 15. *Indemnification of Directors and Officers.*

Section 145 of the Delaware General Corporations Law (the "DGCL") provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, in which such person is made a party by reason of the fact that the person is or was a director, officer, employee or agent of the corporation (other than an action by or in the right of the corporation as a derivative action), if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. A similar standard is applicable in the case of derivative actions, except that indemnification only extends to expenses (including attorneys' fees) incurred in connection with the defense or settlement of such action, and the statute requires court approval before there can be any indemnification where the person seeking indemnification has been found liable to the corporation. The statute provides that it is not exclusive of other indemnification that may be granted by a corporation's by-laws, disinterested director vote, shareholder vote, agreement or otherwise.

Our certificate of incorporation provides that no director shall be liable to us or our shareholders for monetary damages for breach of fiduciary duty as a director, except as required by the DGCL, as now in effect or as amended. Currently, Section 102(b)(7) of the DGCL requires that liability be imposed for the following:

any breach of the director's duty of loyalty to our company or our shareholders;

any act or omission not in good faith or which involved intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; and

any transaction from which the director derived an improper personal benefit.

Our certificate of incorporation and by-laws provide that, to the fullest extent authorized or permitted by the DGCL, as now in effect or as amended, we will indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding by reason of the fact that such

person, or a person of whom he or she is the legal representative, is or was our director or officer, or while our director or officer is or was serving, at our request, as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to employee benefit plans maintained or sponsored by us. We will indemnify such persons against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred in connection with such action if such person acted in good faith and in a manner reasonably believed to be in our best interests and, with respect to any criminal proceeding, had no reason to believe such person's conduct was unlawful. Any amendment of this provision will not reduce our indemnification obligations relating to actions taken before an amendment.

We have obtained policies that insure our directors and officers and those of our subsidiaries against certain liabilities they may incur in their capacity as directors and officers. Under these policies, the insurer, on our behalf, may also pay amounts for which we have granted indemnification to the directors or officers.

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and

price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that:

Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to section 13 or section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned

registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
