ARTISAN PARTNERS ASSET MANAGEMENT

Founded in 1994, we are an investment management firm that provides a broad range of U.S., non-U.S. and global investment strategies, each of which is managed by one of our distinct and autonomous investment teams. Since our founding, we have pursued a business model that is designed to maximize our ability to produce attractive investment results for our clients, and we believe this model has contributed to our success in doing so. We focus on attracting, retaining and developing talented investment professionals by creating an environment in which each investment team is provided ample resources and support, transparent and direct financial incentives, and a high degree of investment autonomy. Each of our investment teams is led by one or more experienced portfolio managers with a track record of strong investment performance and is devoted to identifying long-term investment opportunities. We believe this autonomous structure promotes independent analysis and accountability among our investment professionals, which we believe promotes superior investment results.

Each of our investment strategies is designed to have a clearly articulated, consistent and replicable investment process that is well-understood by clients and managed to achieve long-term performance. Throughout our history, we have expanded our investment management capabilities in a disciplined manner that we believe is consistent with our overall philosophy of offering high value-added investment strategies in growing asset classes. We have expanded the range of strategies that we offer by launching new strategies managed by our existing investment teams as those teams have developed investment capacity, as well as by launching new strategies managed by new investment teams recruited to join Artisan.

In addition to our investment teams, we have a management team that is focused on our business objectives of achieving profitable growth, expanding our investment capabilities, diversifying the source of our assets under management, delivering superior client service and developing our investment teams into investment franchises with multiple decision-makers and investment strategies. Our management team supports our investment management capabilities and manages a centralized infrastructure, which allows our investment professionals to focus primarily on making investment decisions and generating returns for our clients.

We offer our investment management capabilities primarily to institutions and through intermediaries that operate with institutional-like decision-making processes and have longer-term investment horizons, by means of separate accounts and mutual funds. We serve as the investment adviser to Artisan Funds, an SEC-registered family of mutual funds that offers shares in multiple classes designed to meet the needs of a range of institutional and other investors, and as investment manager of Artisan Global Funds, a family of Ireland-based UCITS funds that began operations in 2011 and offers shares to non-U.S. investors.

We derive essentially all of our revenues from investment management fees, which primarily are based on a specified percentage of clients' average assets under management. These fees are derived from investment advisory and sub-advisory agreements that are terminable by clients upon short notice or no notice.

Artisan Partners Asset Management is a holding company that was incorporated in Wisconsin on March 21, 2011 and converted to a Delaware corporation on October 29, 2012. Our assets principally consist of our ownership of partnership units of Artisan Partners Holdings, deferred tax assets and cash. We conduct all of our business activities through operating subsidiaries of Artisan Partners Holdings.

Our principal executive offices are located at 875 E. Wisconsin Avenue, Suite 800, Milwaukee, Wisconsin 53202. Our telephone number at this address is (414) 390-6100 and our website address is www.artisanpartners.com.

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is a summary and is qualified in its entirety by reference to our restated certificate of incorporation and amended and restated bylaws, copies of which have been filed as exhibits to the registration statement of which this prospectus forms a part.

Our authorized capital stock consists of 500,000,000 shares of Class A common stock, par value \$0.01 per share, 200,000,000 shares of Class B common stock, par value \$0.01 per share, 400,000,000 shares of Class C common stock, par value \$0.01 per share, and 100,000,000 shares of preferred stock.

As of December 31, 2016, 42,149,436 shares of our Class A common stock, 15,142,049 shares of our Class B common stock and 17,063,384 shares of our Class C common stock were outstanding. We had no shares of preferred stock outstanding as of December 31, 2016.

Common Stock

Class A Common Stock

The holders of our Class A common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders.

The holders of our Class A common stock are entitled to receive dividends (including dividends payable in shares of our Class A common stock or in rights, options, warrants or other securities convertible or exercisable into or exchangeable for shares of Class A common stock paid proportionally with respect to each outstanding share of our Class A common stock), if declared by our board of directors, out of funds legally available therefor, subject to any statutory or contractual restrictions on the payment of dividends and to any restrictions on the payment of dividends imposed by the terms of any outstanding preferred stock.

The holders of our Class A common stock do not have preemptive, subscription, redemption or conversion rights.

Class B Common Stock

Initially, the holders of our Class B common stock are entitled to five votes for each share held of record on all matters submitted to a vote of stockholders. If and when the holders of our Class B common stock collectively hold less than 20% of the aggregate number of outstanding shares of our common stock, each share of Class B common stock will entitle its holder to only one vote per share held of record on all matters submitted to a vote of stockholders.

Our employee-partners as the holders of the Class B common units of Artisan Partners Holdings are currently the holders of all of the issued and outstanding shares of Class B common stock. In general, upon the termination of the employment of an employee-partner, the employee-partner's vested Class B common units and the associated Class B common stock are automatically exchanged for Class E common units and Class C common stock, respectively, and we cancel each unvested share of the employee-partner's Class B common stock. Unvested Class B common units are forfeited by the terminated employee-partner.

The holders of our Class B common stock do not have any right to receive dividends (other than dividends payable in shares of our Class B common stock or in rights, options, warrants or other securities convertible or exercisable into or exchangeable for shares of Class B common stock paid proportionally with respect to each outstanding share of our Class B common stock) or to receive a distribution upon the dissolution, liquidation or sale of all or substantially all of

our assets.

The holders of our Class B common stock do not have preemptive, subscription, redemption or conversion rights.

Table of Contents

Class C Common Stock

The holders of our Class C common stock are entitled to one vote for each share held of record on all matters submitted to a vote of stockholders.

The holders of the Class A common units of Artisan Partners Holdings, our former employee-partners and AIC as the holder of the Class D common units are currently the holders of all of the issued and outstanding shares of Class C common stock.

The holders of our Class C common stock do not have any right to receive dividends (other than dividends consisting of shares of our Class C common stock or in rights, options, warrants or other securities convertible or exercisable into or exchangeable for shares of our Class C common stock paid proportionally with respect to each outstanding share of our Class C common stock) or to receive a distribution upon the dissolution, liquidation or sale of all or substantially all of our assets.

The holders of our Class C common stock do not have preemptive, subscription, redemption or conversion rights.

Preferred Stock

Our restated certificate of incorporation authorizes our board of directors to establish one or more series of preferred stock. Unless required by law or by any stock exchange, the authorized shares of preferred stock will be available for issuance without further action by the stockholders. Our board of directors is authorized to divide the preferred stock into series and, with respect to each series, to fix and determine the designation, terms, preferences, limitations and relative rights thereof, including the dividend rights, conversion or exchange rights, voting rights, redemption rights and terms, liquidation preferences, sinking fund provisions and the number of shares constituting the series.

Subject to the rights of the holders of any series of preferred stock, the number of authorized shares of any series of preferred stock may be increased (but not above the total number of shares of preferred stock authorized under our restated certificate of incorporation) or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority in voting power of the outstanding shares. We could, without stockholder approval, issue preferred stock that could impede or discourage an acquisition attempt or other transaction that some, or a majority, of our stockholders may believe is in their best interests or in which they may receive a premium for their Class A common stock over the market price of the Class A common stock.

Voting

Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of the election of directors, by a plurality) of the votes entitled to be cast by all shares of Class A common stock, Class B common stock and Class C common stock present in person or represented by proxy, voting together as a single class. However, as set forth below under **Anti-Takeover Effects of Provisions of Delaware Law and Our Restated Certificate of Incorporation and Amended and Restated Bylaws Amendments to Our Governing Documents**, certain material amendments to our restated certificate of incorporation must be approved by at least 66 2/3% of the combined voting power of all of our outstanding capital stock entitled to vote in the election of our board, voting together as a single class. In addition, amendments to our restated certificate of incorporation, including in connection with a merger, that would alter or change the powers, preferences or rights of the Class A common stock, Class B common stock and Class C common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class or series, as applicable. With certain exceptions, any amendment to our restated certificate of incorporation to increase or decrease the authorized

shares of any class of common stock must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class or series, as applicable.

Table of Contents

Authorized but Unissued Capital Stock

The Delaware General Corporation Law, or DGCL, does not generally require stockholder approval for the issuance of authorized shares. These additional shares may be used for a variety of corporate purposes, including future public offerings, to raise additional capital or to facilitate acquisitions. However, the listing requirements of the NYSE, which would apply so long as the Class A common stock remains listed on the NYSE, require stockholder approval of certain issuances equal to or exceeding 20% of the then outstanding voting power or then outstanding number of shares of Class A common stock.

One of the effects of the existence of unissued and unreserved common stock or preferred stock may be to enable our board of directors to issue shares to persons friendly to current management, which issuance could render more difficult or discourage an attempt to obtain control of our company by means of a merger, tender offer, proxy contest or otherwise, and thereby protect the continuity of our management and possibly deprive our stockholders of opportunities they may believe are in their best interests or in which they may receive a premium for their Class A common stock over the market price of the Class A common stock.

Anti-Takeover Effects of Provisions of Delaware Law and Our Restated Certificate of Incorporation and Amended and Restated Bylaws

Business Combination Statute

We are a Delaware corporation subject to Section 203 of the DGCL. Section 203 provides that, subject to certain exceptions specified in the law, a Delaware corporation shall not engage in any business combination with any interested stockholder for a three-year period following the time such stockholder became an interested stockholder unless:

prior to such time, our board of directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding certain shares as specified in Section 203; or

at or subsequent to such time the business combination is approved by our board of directors and authorized at a meeting of stockholders by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Generally, a business combination includes a merger, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an interested stockholder is a person who, together with that person's affiliates and associates, owns, or within the previous three years did own, 15% or more of our voting stock.

Under certain circumstances, Section 203 makes it more difficult for a person who would be an interested stockholder to effect various business combinations with a corporation for a three-year period. The provisions of Section 203 may encourage companies interested in acquiring our company to negotiate in advance with our board of directors because

the stockholder approval requirement described above would be avoided if our board of directors approves either the business combination or the transaction that results in the stockholder becoming an interested stockholder. These provisions also may make it more difficult to accomplish transactions that stockholders may otherwise deem to be in their best interests.

Corporate Opportunities

Our restated certificate of incorporation provides that, to the fullest extent permitted by applicable law, Sutter Hill Ventures and Hellman and Friedman LLC and each of their respective affiliates have no obligation to

Table of Contents

offer us an opportunity to participate in business opportunities presented to them even if the opportunity is one that we might reasonably have pursued (and therefore may be free to compete with us in the same business or similar business), and we renounce and waive and agree not to assert any claim for breach of any fiduciary or other duty relating to any such opportunity against Sutter Hill Ventures and Hellman and Friedman LLC or each of their respective affiliates by reason of any such activities unless, in the case of any person who is a director or officer of our company, such opportunity is expressly offered to such director or officer in writing solely in his or her capacity as an officer or director of our company. Stockholders are deemed to have notice of and consented to this provision of our restated certificate of incorporation.

Requirements for Advance Notification of Stockholder Nominations and Proposals

Our amended and restated bylaws establish advance notice procedures with respect to stockholder proposals and nomination of candidates for election as directors. These procedures provide that notice of such stockholder approval must be timely given in writing to our secretary prior to the meeting at which the action is to be taken. Generally, to be timely, notice must be received at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary date of the annual meeting for the preceding year. The notice must contain certain information required to be provided by the amended and restated bylaws.

Limits on Written Consents

Our restated certificate of incorporation provides that any action required or permitted to be taken by the stockholders must be effected at a duly called annual or special meeting of stockholders or may be effected by a unanimous consent in writing in lieu of a meeting of such stockholders, subject to the rights of the holders of our Class B and Class C common stock or our preferred stock to act by written consent in connection with actions that require their vote as a separate class.

Limits on Special Meetings

Subject to the rights of the holders of any series of preferred stock, special meetings of the stockholders may be called only by (i) our board of directors, (ii) the Chairman of our board or (iii) our Chief Executive Officer.

Amendments to Our Governing Documents

Generally, the amendment of our restated certificate of incorporation requires approval by our board of directors and a majority vote of stockholders; however, certain material amendments (including amendments with respect to provisions governing board composition, actions by written consent and special meetings) require the approval of at least 66 2/3% of the votes entitled to be cast by the outstanding capital stock in the elections of our board. Any amendment to our amended and restated bylaws requires the approval of either a majority of our board of directors or the holders of at least 66 2/3% of the votes entitled to be cast by the outstanding capital stock in the election of our board. Such a super majority vote of the board shall be required for the board to amend the bylaws to increase the number of directors. In addition, amendments to our restated certificate of incorporation (whether by merger, consolidation or otherwise) that would alter or change the powers, preferences or rights of the Class A common stock, Class B common stock or Class C common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class or series, as applicable. Any amendment to our restated certificate of incorporation (whether by merger, consolidation or otherwise) to increase or decrease the authorized shares of any class of common stock must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class or series, as applicable.

Sole and Exclusive Forum

Our restated certificate of incorporation provides that, unless we consent in writing to an alternative forum, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for (i) any derivative action

or proceeding brought on our behalf, (ii) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, employees or agents to us or our stockholders, (iii) any action asserting a claim arising pursuant to any provision of the Delaware General Corporation Law, our restated certificate of incorporation or our amended and restated bylaws or (iv) any action asserting a claim that is governed by the internal affairs doctrine, in each case subject to the Court of Chancery having personal jurisdiction over the indispensable parties named as defendants therein and the claim not being one which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery or for which the Court of Chancery does not have subject matter jurisdiction. Any person purchasing or otherwise acquiring any interest in any shares of our capital stock shall be deemed to have notice of and to have consented to this provision of our restated certificate of incorporation. This choice of forum provision may have the effect of discouraging lawsuits against us and our directors, officers, employees and agents. The enforceability of similar choice of forum provisions in other companies' certificates of incorporation has been challenged in legal proceedings, and it is possible that, in connection with one or more actions or proceedings described above, a court could find the provision of our restated certificate of incorporation to be inapplicable or unenforceable.

Table of Contents

**MATERIAL U.S. FEDERAL TAX CONSIDERATIONS FOR NON-U.S. HOLDERS
OF OUR CLASS A COMMON STOCK**

This section summarizes the material United States federal income and estate tax consequences of the ownership and disposition of Class A common stock by a non-U.S. holder. It applies to you only if you acquire your Class A common stock in one or more offerings under this prospectus and you hold the Class A common stock as a capital asset for U.S. federal income tax purposes. You are a non-U.S. holder if you are, for United States federal income tax purposes:

a nonresident alien individual,

a foreign corporation, or

an estate or trust that in either case is not subject to United States federal income tax on a net income basis on income or gain from the Class A common stock.

This section does not consider the specific facts and circumstances that may be relevant to a particular non-U.S. holder and does not address the treatment of a non-U.S. holder under the laws of any state, local or foreign taxing jurisdiction. In addition, it does not represent a detailed description of the United States federal income tax consequences applicable to you if you are subject to special treatment under the United States federal income tax laws (including if you are a United States expatriate, foreign pension fund, controlled foreign corporation, passive foreign investment company or a partnership or other pass-through entity for United States federal income tax purposes). This section is based on the tax laws of the United States, including the Internal Revenue Code of 1986, as amended (the Code), existing and proposed regulations, and administrative and judicial interpretations, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

If a partnership holds the Class A common stock, the United States federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the Class A common stock should consult its tax adviser with regard to the United States federal income tax treatment of an investment in the Class A common stock.

You should consult a tax adviser regarding the United States federal tax consequences of acquiring, holding and disposing of Class A common stock in your particular circumstances, as well as any tax consequences that may arise under the laws of any state, local or foreign taxing jurisdiction.

Dividends

Except as described below, if you are a non-U.S. holder of Class A common stock, distributions paid to you that are characterized as dividends for United States federal income tax purposes are subject to withholding of United States federal income tax at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate. Notwithstanding that part or all of a distribution on your Class A common stock may not be

characterized as a dividend for United States federal income tax purposes because it is not made out of our current or accumulated earnings and profits (and is thus treated as a return of capital, which is not subject to United States federal withholding tax, or as capital gain, which is subject to tax as described below), we and other payors may withhold on such distribution as if the entire distribution were a dividend. In such a case, you may generally obtain a refund of any amounts withheld in respect of those portions of distributions that are ultimately determined not to be dividends by filing a refund claim with the United States Internal Revenue Service. In addition, even if you are eligible for a lower treaty rate, we and other payors will generally be required to withhold at a 30% rate (rather than the lower treaty rate) on dividend payments to you, unless you have furnished to us or another payor:

a valid Internal Revenue Service Form W-8BEN or Form W-8BEN-E (as applicable) or an acceptable substitute form upon which you certify, under penalties of perjury, your status as a non-United States person and your entitlement to the lower treaty rate with respect to such payments, or

Table of Contents

in the case of payments made outside the United States to an offshore account (generally, an account maintained by you at an office or branch of a bank or other financial institution at any location outside the United States), other documentary evidence establishing your entitlement to the lower treaty rate in accordance with U.S. Treasury regulations.

If you are eligible for a reduced rate of United States withholding tax under a tax treaty, you may obtain a refund of any amounts withheld in excess of that rate by filing a refund claim with the United States Internal Revenue Service.

If dividends paid to you are effectively connected with your conduct of a trade or business within the United States, and, if required by a tax treaty, the dividends are attributable to a permanent establishment that you maintain in the United States, we and other payors generally are not required to withhold tax from the dividends, provided that you have furnished to us or another payor a valid Internal Revenue Service Form W-8ECI or an acceptable substitute form upon which you certify, under penalties of perjury, that:

you are a non-United States person, and

the dividends are effectively connected with your conduct of a trade or business within the United States and are includible in your gross income.

Effectively connected dividends are taxed at rates applicable to United States citizens, resident aliens and domestic United States corporations.

If you are a corporate non-U.S. holder, effectively connected dividends that you receive may, under certain circumstances, be subject to an additional branch profits tax at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate.

Gain on Disposition of Common Stock

If you are a non-U.S. holder, you generally will not be subject to United States federal income tax on gain that you recognize on a disposition of Class A common stock unless:

the gain is effectively connected with your conduct of a trade or business in the United States, and the gain is attributable to a permanent establishment that you maintain in the United States, if that is required by an applicable income tax treaty as a condition for subjecting you to United States taxation on a net income basis,

you are an individual, you hold the Class A common stock as a capital asset, you are present in the United States for 183 or more days in the taxable year of the sale and certain other conditions exist, or

we are or have been a United States real property holding corporation for United States federal income tax purposes and you held, directly or indirectly, at any time during the five-year period ending on the date of disposition, more than 5% of the Class A common stock and you are not eligible for any treaty exemption.

If you are a non-U.S. holder and the gain from the disposition of the Class A common stock is effectively connected with your conduct of a trade or business in the United States (and the gain is attributable to a permanent establishment that you maintain in the United States, if that is required by an applicable income tax treaty as a condition for subjecting you to United States taxation on a net income basis), you will be subject to tax on the net gain derived from the sale at rates applicable to United States citizens, resident aliens and domestic United States corporations. If you are a corporate non-U.S. holder, effectively connected gains that you recognize may also, under certain circumstances, be subject to an additional branch profits tax at a 30% rate or at a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate. If you are an individual non-U.S. holder described in the second bullet point immediately above, you will be subject to a

Table of Contents

flat 30% tax or a lower rate if you are eligible for the benefits of an income tax treaty that provides for a lower rate, on the gain derived from the sale, which may be offset by United States source capital losses, even though you are not considered a resident of the United States.

We have not been, are not and do not anticipate becoming a United States real property holding corporation for United States federal income tax purposes.

FATCA Withholding

Pursuant to sections 1471 through 1474 of the Code, commonly known as the Foreign Account Tax Compliance Act (FATCA), a 30% withholding tax (FATCA withholding) may be imposed on certain payments to you or to certain foreign financial institutions, investment funds and other non-U.S. persons receiving payments on your behalf if you or such persons fail to comply with certain information reporting requirements. Such payments will include U.S.-source dividends and the gross proceeds from the sale or other disposition of stock that can produce U.S.-source dividends. Payments of dividends that you receive in respect of the Class A common stock could be affected by this withholding if you are subject to the FATCA information reporting requirements and fail to comply with them or if you hold the Class A common stock through a non-U.S. person (e.g., a foreign bank or broker) that fails to comply with these requirements (even if payments to you would not otherwise have been subject to FATCA withholding). Payments of gross proceeds from a sale or other disposition of common stock could also be subject to FATCA withholding unless such disposition occurs before January 1, 2019. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States with respect to FATCA may be subject to different rules. You should consult your own tax advisors regarding the relevant U.S. law and other official guidance on FATCA withholding.

Federal Estate Taxes

Class A common stock held by a non-U.S. holder at the time of death will be included in the holder's gross estate for United States federal estate tax purposes, unless an applicable estate tax treaty provides otherwise.

Backup Withholding and Information Reporting

If you are a non-U.S. holder, we and other payors are required to report payments of dividends on Internal Revenue Service Form 1042-S even if the payments are exempt from withholding. You are otherwise generally exempt from backup withholding and information reporting with respect to a distribution of dividends on the Class A common stock paid to you or to proceeds from the disposition of the Class A common stock by you, in each case, if either (i) the payor or broker does not have actual knowledge or reason to know that you are a United States person and you have furnished a valid Internal Revenue Service Form W-8 or other documentation upon which the payor or broker may rely to treat the payments as made to a non-United States person, or (ii) you otherwise establish an exemption.

Payment of the proceeds from sale of the Class A common stock effected at a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker could be subject to information reporting in the same manner as a sale within the United States (and in certain cases may be subject to backup withholding as well) if (i) the broker has certain connections to the United States, (ii) the proceeds or confirmation are sent to the United States or (iii) the sale has certain other specified connections with the United States. In addition, certain foreign brokers may be required to report the amount of gross proceeds from the sale or other disposition of the Class A common stock under FATCA if you are presumed to be a United States person.

Any amounts withheld under the backup withholding rules will generally be allowed as a credit against your United States federal income tax liability or refunded, provided the required information is timely furnished to the Internal Revenue Service.

Item 17. Undertakings

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by a Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of a Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of an undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of an undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of an undersigned Registrant or used or referred to by an undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about an undersigned Registrant or its securities provided by or on behalf of an undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by an undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is

incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of each Registrant pursuant to the foregoing provisions, or otherwise, each Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a Registrant of expenses incurred or paid by a director, officer or controlling person of a Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that Registrant will, unless in the opinion of its counsel the has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
