Table of Contents**Performance Summary** (unaudited)**WisdomTree Dynamic Currency Hedged Europe Equity Fund (DDEZ)****Sector Breakdown** as of 12/31/16

Sector	% of Net Assets
Financials	25.3%
Industrials	13.4%
Consumer Discretionary	13.1%
Consumer Staples	9.1%
Utilities	8.4%
Energy	7.7%
Materials	6.9%
Telecommunication Services	6.5%
Health Care	4.6%
Information Technology	3.8%
Real Estate	1.3%
Other Assets less Liabilities	-0.1%
Total	100.0%

The Fund's sector breakdown is expressed as a percentage of net assets and may change over time. In addition, a sector may be comprised of several industries. It does not include derivatives (if any).

Other assets includes investment of cash collateral for securities on loan (if any).

Top Ten Holdings* as of 12/31/16

Description	% of Net Assets
Anheuser-Busch InBev S.A.	3.4%
TOTAL S.A.	2.9%
Daimler AG, Registered Shares	2.7%
Telefonica S.A.	2.5%
Siemens AG, Registered Shares	2.4%
Allianz SE, Registered Shares	2.3%
Banco Santander S.A.	2.3%
BASF SE	2.1%
Eni SpA	2.1%
ING Groep N.V.	2.0%

*

The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes derivatives and investment of cash collateral for securities on loan (if any). The WisdomTree Dynamic Currency Hedged Europe Equity Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Dynamic Currency Hedged Europe Equity Index.

The following performance table is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs.

Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated November 1, 2016, the Fund's net and gross annual expense ratios were 0.43% and 0.48%, respectively. WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.43% through October 31, 2017, unless earlier terminated by the Board of Trustees of the Trust for any reason at any time.**

Performance as of 12/31/16

	Cumulative Total Return	
	6-Month	Since Inception ¹
Fund NAV Returns	14.46%	12.39%
Fund Market Price Returns	12.27%	12.79%
<i>WisdomTree Dynamic Currency Hedged Europe Equity Index</i>	14.56%	12.47%
<i>MSCI EMU Local Index</i>	15.04%	10.40%
<i>MSCI EMU Index</i>	9.27%	7.54%

¹Total returns are calculated based on the commencement of Fund trading on the BATS Exchange, Inc. on January 7, 2016.

Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at www.wisdomtree.com. WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.

*The ten largest holdings shown is that of the Underlying Fund and are subject to change, and there are no guarantees the Underlying Fund will remain invested in any particular company. Excludes Underlying Fund's derivatives and investment of cash collateral for securities on loan (if any).

The WisdomTree Dynamic Currency Hedged International Quality Dividend Growth Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Dynamic Currency Hedged International Quality Dividend Growth Index. The Fund generally uses a representative sampling strategy to achieve its investment objective, meaning it generally will invest in a sample of securities in the Index (including indirect investments through the WisdomTree International Quality Dividend Growth Fund (the Underlying Fund)) whose risk, return and other characteristics resemble the risk, return, and other characteristics of the Index as a whole.

The Fund had less than six months of operating history at the end of the reporting period and therefore no comparative performance information is shown in this shareholder report. Comparative performance information for the most recent month-end is available at www.wisdomtree.com.

<i>MSCI Emerging Markets Index</i>	4.49%	8.69%

¹ Total returns are calculated based on the commencement of Fund trading on the BATS Exchange, Inc. on April 7, 2016.

Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at www.wisdomtree.com. WisdomTree shares are bought and sold at market price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.

6 WisdomTree Trust Semi-Annual Report December 31, 2016

Table of Contents**Performance Summary** (unaudited)**WisdomTree Europe Local Recovery Fund (EZR)****Sector Breakdown** as of 12/31/16

Sector	% of Net Assets
Financials	30.7%
Industrials	23.7%
Consumer Discretionary	21.1%
Materials	9.3%
Information Technology	5.8%
Energy	5.4%
Real Estate	3.6%
Telecommunication Services	0.3%
Other Assets less Liabilities	0.1%
Total	100.0%

The Fund's sector breakdown is expressed as a percentage of net assets and may change over time. In addition, a sector may be comprised of several industries. It does not include derivatives (if any).

Other assets includes investment of cash collateral for securities on loan (if any).

Top Ten Holdings* as of 12/31/16

Description	% of Net Assets
TOTAL S.A.	2.3%
BASF SE	1.9%
Allianz SE, Registered Shares	1.7%
BNP Paribas S.A.	1.6%
ING Groep N.V.	1.3%
AXA S.A.	1.3%
Societe Generale S.A.	1.2%
Eni SpA	1.0%
Intesa Sanpaolo SpA	1.0%
Deutsche Post AG, Registered Shares	1.0%

*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes derivatives and investment of cash collateral for securities on loan (if any).

The WisdomTree Europe Local Recovery Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Europe Local Recovery Index.

The following performance table is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated November 1, 2016, the Fund's net and gross annual expense ratios were 0.48% and 0.58%, respectively. WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.48% through October 31, 2017, unless earlier terminated by the Board of Trustees of the Trust for any reason at any time.**

*The ten largest holdings shown is that of the Underlying Fund and are subject to change, and there are no guarantees the Underlying Fund will remain invested in any particular company. Excludes Underlying Fund's derivatives and investment of cash collateral for securities on loan (if any).

The WisdomTree Global Hedged SmallCap Dividend Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Global Hedged SmallCap Dividend Index. The Fund generally uses a representative sampling strategy to achieve its investment objective, meaning it generally will invest in a sample of securities in the Index (including indirect investments through the WisdomTree Global SmallCap Dividend Fund (the Underlying Fund)) whose risk, return and other characteristics resemble the risk, return, and other characteristics of the Index as a whole.

The following performance table is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated November 1, 2016, the Fund's net and gross annual expense ratios were 0.43% and 0.86%, respectively. The prospectus expense ratio includes 0.43% of acquired fund fees and expenses (AFFEs). The prospectus expense ratio may not correlate to the expense ratio in the Fund's financial highlights and financial statements because the financial highlights and financial statements reflect only the operating expenses of the Fund and do not include AFFEs, which are fees and expenses incurred indirectly by the Fund through its investments in certain underlying investment companies. WisdomTree Asset Management, Inc. has contractually agreed to waive a portion of its management fee in an amount equal to the AFFEs attributable to the Fund's investments in the Underlying Fund through July 31, 2018, unless earlier terminated by the Board of Trustees of WisdomTree Trust for any reason at any time.**

Chevron Corp., 2.36%, 12/5/22	2.5%
McKesson Corp., 3.80%, 3/15/24	2.4%

*The ten largest holdings are subject to change, and there are no guarantees the Fund will remain invested in any particular company. Excludes derivatives and investment of cash collateral for securities on loan (if any).

The WisdomTree Fundamental U.S. Corporate Bond Fund (the Fund) seeks to track the price and yield performance, before fees and expenses, of the WisdomTree Fundamental U.S. Corporate Bond Index.

The following performance table is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market price return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market price returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for Fund shares and investors' assessments of the underlying value of the Fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore, index returns do not reflect deductions for fees or expenses and the index is not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes a shareholder would pay on the sale of Fund shares or on Fund distributions. **As of the Fund's current prospectus dated November 1, 2016, the Fund's net and gross annual expense ratios were 0.18% and 0.28%, respectively. WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.18% through October 31, 2017, unless earlier terminated by the Board of Trustees of the Trust for any reason at any time.**

Performance as of 12/31/16

	Cumulative Total Return Since	
	6-Month	Inception ¹
Fund NAV Returns	-1.97%	-0.12%
Fund Market Price Returns	-2.26%	-1.08%
<i>WisdomTree Fundamental U.S. Corporate Bond Index</i>	-1.53%	0.68%
<i>BofA Merrill Lynch U.S. Corporate Index</i>	-1.49%	0.96%

¹ Total returns are calculated based on the commencement of Fund trading on the BATS Exchange, Inc. on April 27, 2016.

Performance is historical and does not guarantee future results. Current performance may be lower or higher than quoted. Investment returns and the principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance data for the most recent month-end is available at www.wisdomtree.com. WisdomTree shares are bought and sold at market

price (not NAV) and are not individually redeemed from the Fund. Fund NAV returns are calculated using the Fund's daily 4:00 p.m. NAV. Market price returns reflect the midpoint of the bid/ask spread as of the close of trading on the exchange where Fund shares are listed. Market price returns do not represent the returns you would receive if you traded shares at other times. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period of less than one year are cumulative.

Description of Indexes (unaudited)

Below are descriptions of each Index referenced in this report:

The **BofA Merrill Lynch U.S. Corporate Index** tracks the performance of U.S. dollar denominated investment grade corporate debt publicly issued in the U.S. domestic market. Qualifying securities must have an investment grade rating (based on an average of Moody's, S&P and Fitch, at least 18 months to final maturity at the time of issuance, at least one year remaining term to final maturity as of the rebalancing date, a fixed coupon schedule and a minimum amount outstanding of \$250 million.

The **BofA Merrill Lynch U.S. High Yield Index** tracks the performance of U.S. dollar denominated below investment grade corporate debt publicly issued in the U.S. domestic market. Qualifying securities must have a below investment grade rating (based on an average of Moody's, S&P and Fitch), at least 18 months to final maturity at the time of issuance, at least one year remaining term to final maturity as of the rebalancing date, a fixed coupon schedule and a minimum amount outstanding of \$100 million.

The **BofA Merrill Lynch 1-5 Year U.S. Corporate Index** is a subset of The BofA Merrill Lynch U.S. Corporate Index including all securities with a remaining term to final maturity less than 5 years.

The **BofA Merrill Lynch 1-5 Year U.S. High Yield Constrained Index** tracks the performance of short-term U.S. dollar denominated below investment grade corporate debt publicly issued in the U.S. domestic market. Qualifying securities must have a below investment grade rating (based on an average of Moody's, S&P and Fitch).

The **MSCI AC World Small Cap Index** is a free float-adjusted market capitalization weighted index designed to measure the equity market performance of developed and emerging markets, specifically focusing on the small-cap segment of these equity markets.

The **MSCI AC World Small Cap Local Currency Index** is a free float-adjusted market capitalization-weighted index designed to measure the equity market performance of developed and emerging markets, specifically focusing on the small-cap segment of these equity markets, in local currency.

The **MSCI Europe, Australasia and Japan (EAFE) Index** is a market cap-weighted index composed of companies representative of the developed market structure of 21 developed countries in Europe, Australasia and Japan.

The **MSCI EAFE Local Currency Index** is a free float-adjusted market capitalization weighted index that is designed to measure developed market equity performance, excluding the U.S. and Canada which is calculated in local currency.

The **MSCI EAFE SmallCap Index** is comprised of small-capitalization stocks in the MSCI EAFE Index.

The **MSCI EAFE SmallCap Local Index** is a free float-adjusted market capitalization equity index that is designed to measure the performance of small-cap stocks within the developed equity market, excluding the U.S. and Canada, in local currency.

The **MSCI Emerging Markets Index** is a free float-adjusted market capitalization index that is designed to measure emerging markets equity performance.

The **MSCI European Economic and Monetary Union (EMU) Index** is a free float-adjusted market capitalization-weighted index that is designed to measure the equity market performance of countries within the EMU.

The **MSCI EMU Local Index** is a free float-adjusted market capitalization-weighted index that is designed to measure the equity market performance of countries within the EMU and calculated in local currency.

The **MSCI Japan Index** is a capitalization weighted index that is comprised of stocks in Japan.

The **MSCI Japan Local Currency Index** is a free float-adjusted market capitalization index that is designed to measure developed market equity performance in Japan and calculated in local currency.

The **S&P 500® Index** is a capitalization-weighted index of 500 stocks selected by Standard & Poor's Index Committee, designed to represent the performance of the leading industries in the United States economy.

Table of Contents**Description of Indexes** (unaudited) (continued)

The **S&P 500[®] Inverse Daily Index** provides inverse (positive or negative) returns of the S&P 500 by taking a short position in the Index.

The **WisdomTree Dynamic Bearish U.S. Equity Index** includes long equity positions or long U.S. Treasury positions and short equity positions. The long equity positions consist of approximately 100 U.S. large- and mid-capitalization stocks that meet Index eligibility requirements and have the best combined score based on fundamental growth and value signals. The short equity positions include the largest 500 U.S. companies, weighted by market capitalization, designed to act as a market risk hedge.

The **WisdomTree Dynamic Currency Hedged Europe Equity Index** is a fundamentally weighted index that measures the performance of dividend-paying companies incorporated in developed Europe and is designed to remove from index performance the impact of the changes in the value of the Euro relative to the U.S. dollar with a hedge ratio ranging from 0 to 100% on a monthly basis.

The **WisdomTree Dynamic Currency Hedged International Equity Index** is a fundamentally weighted index that measures the performance of dividend-paying companies in the industrialized world, excluding Canada and the United States, and is designed to remove from index performance the impact of changes to the value of foreign currencies relative to the U.S. dollar with a hedge ratio ranging from 0 to 100% on a monthly basis.

The **WisdomTree Dynamic Currency Hedged International SmallCap Equity Index** is a fundamentally weighted index that measures the performance of the small-capitalization segment of the dividend-paying market in the industrialized world outside the U.S. and Canada and is designed to remove from index performance the impact of changes to the value of foreign currencies relative to the U.S. dollar with a hedge ratio ranging from 0 to 100% on a monthly basis.

The **WisdomTree Dynamic Currency Hedged Japan Equity Index** is a fundamentally weighted index that measures the performance of dividend-paying companies in Japan and is designed to remove from index performance the impact of changes in the value of the Japanese Yen relative to the U.S. dollar with a hedge ratio ranging from 0 to 100% on a monthly basis.

The **WisdomTree Dynamic Long/Short U.S. Equity Index** includes long equity positions and short equity positions. The long equity positions consist of approximately 100 U.S. large- and mid-capitalization stocks that meet Index eligibility requirements and have the best combined score based on fundamental growth and value signals. The short equity positions include the largest 500 U.S. companies, weighted by market capitalization, designed to act as a market risk hedge.

The **WisdomTree Emerging Markets Dividend Index** is a dividend weighted index that consists of emerging market dividend-paying common stocks.

The **WisdomTree Europe Local Recovery Index** is designed to provide exposure to European companies that are most sensitive to economic growth prospects in the Eurozone and that derive more than 50% of their revenue from Europe.

The **WisdomTree Fundamental U.S. Corporate Bond Index** is designed to capture the performance of selected issuers in the U.S. investment grade corporate bond market that are deemed to have favorable fundamental and income characteristics.

The **WisdomTree Fundamental U.S. High Yield Corporate Bond Index** is designed to capture the performance of selected issuers in the U.S. non-investment-grade corporate bond (junk bonds) market that are deemed to have favorable fundamental and income characteristics.

The **WisdomTree Fundamental U.S. Short-Term Corporate Bond Index** is designed to capture the performance of selected issuers in the short-term U.S. investment grade corporate bond market that are deemed to have favorable fundamental and income characteristics.

The **WisdomTree Fundamental U.S. Short-Term High Yield Corporate Bond Index** is designed to capture the performance of selected issuers in the short-term U.S. non-investment-grade corporate bond (junk bonds) market that are deemed to have favorable fundamental and income characteristics.

Table of Contents

Description of Indexes (unaudited) (concluded)

The **WisdomTree Global Hedged SmallCap Dividend Index** is a fundamentally weighted index that measures the performance of 1000 largest small capitalization companies that rank within the bottom 5% of the WisdomTree Global Dividend Index by market capitalization and is designed to remove from index performance the impact of changes to the value of foreign currencies relative to the U.S. dollar.

The **WisdomTree Global SmallCap Dividend Index** is a fundamentally weighted index that measures the performance of 1000 largest small capitalization companies that rank within the bottom 5% of the WisdomTree Global Dividend Index by market capitalization.

The **WisdomTree Strong Dollar Emerging Markets Equity Index** measures the performance of emerging market companies that derive more than 15% of their revenue from the United States.

The **WisdomTree Strong Dollar U.S. Equity Index** measures the performance of U.S. based companies that derive more than 80% of their revenue from the United States.

The **WisdomTree Weak Dollar U.S. Equity Index** measures the performance of U.S. based companies that derive less than 60% of their revenue from the United States.

WisdomTree Investments, Inc. and WisdomTree Asset Management, Inc. (together, WisdomTree) and the Funds make no representation or warranty, express or implied, to the owners of shares of the Funds or any member of the public regarding the advisability of investing in securities generally or in the Funds particularly or the ability of the underlying Indexes to track the performance of their underlying securities. WisdomTree Investments is the licensor of certain trademarks, service marks and trade names of the Funds. WisdomTree Investments has no obligation to take the needs of the Funds or the owners of shares of the Funds into consideration in determining, composing, or

Edgar Filing: WisdomTree Trust - Form N-CSRS

calculating the underlying WisdomTree Indexes of the applicable Funds. WisdomTree Investments is not responsible for, and has not participated in, the determination of the timing of, prices of, or quantities of shares of the Funds to be issued or in the determination or calculation of the equation by which the shares of the Funds are redeemable. WisdomTree and the Funds do not guarantee the accuracy, completeness, or performance of the underlying Indexes or the data included therein and shall have no liability in connection with the underlying Indexes or their calculation.

Index performance information assumes the reinvestment of dividends and excludes management fees, transaction costs and expenses. You cannot directly invest in an index.

WisdomTree Trust Semi-Annual Report December 31, 2016 21

Table of Contents

Shareholder Expense Examples (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of cost: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from July 1, 2016 to December 31, 2016.

Actual expenses

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled `Expenses Paid During the Period 7/1/16 to 12/31/16` to estimate the expenses you paid on your account during the period.

Hypothetical example for comparison purposes

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

The annualized expense ratio does not include AFFEs, which are fees and expenses incurred indirectly by a Fund through its investments in certain underlying investment companies.

Unless otherwise indicated in the footnotes below, expenses are calculated using each Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 184/365 (to reflect the one-half year period).

- ¹ WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.43% through October 31, 2017, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.
- ² WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.35% through October 31, 2017, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.
- ³ Fund commenced operations on November 3, 2016. Actual expenses are calculated using the Fund's annualized expense ratio, multiplied by the average account value for the period, multiplied by 59/365 (to reflect the period since commencement of operations). WisdomTree Asset Management, Inc. has contractually agreed to waive a

portion of its management fee in an amount equal to the AFFEs attributable to the Fund's investments in the Underlying Fund, as well as an additional 0.10%, through October 31, 2017, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.

- ⁴ WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.48% through October 31, 2017, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.
- ⁵ WisdomTree Asset Management, Inc. has contractually agreed to waive a portion of its management fee in an amount equal to the AFFEs attributable to the Fund's investments in the Underlying Fund through July 31, 2018, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.
- ⁶ WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.18% through October 31, 2017, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.
- ⁷ WisdomTree Asset Management, Inc. has contractually agreed to limit the management fee to 0.38% through October 31, 2017, unless earlier terminated by the Board of Trustees of the WisdomTree Trust for any reason.

* Non-income producing security.

(a) Security, or portion thereof, was on loan at December 31, 2016 (See Note 2).

(b) This security is exempt from registration under rule 144A of the Securities Act of 1933. This security may be sold in transactions that are exempt from registration, normally to qualified institutional buyers.

(c) Rate shown represents annualized 7-day yield as of December 31, 2016.

(d) At December 31, 2016, the total market value of the Fund's securities on loan was \$39,540 and the total market value of the collateral held by the Fund was \$41,864. The total market value of the collateral includes non-cash U.S. Government securities collateral having a value of \$24,668. Total securities on loan may not correspond with the amounts identified in the Schedule of Investments because pending sales of securities on loan may be in the process of recall from the borrower.

* Non-income producing security.

Security is being fair valued by a valuation committee under the direction of the Board of Trustees. The aggregate value of fair valued securities is \$0, which represent 0.0% of net assets.

- (a) Security, or portion thereof, was on loan at December 31, 2016 (See Note 2).
- (b) This security is exempt from registration under rule 144A of the Securities Act of 1933. This security may be sold in transactions that are exempt from registration, normally to qualified institutional buyers.
- (c) Rate shown represents annualized 7-day yield as of December 31, 2016.
- (d) At December 31, 2016, the total market value of the Fund's securities on loan was \$3,414,959 and the total market value of the collateral held by the Fund was \$3,594,499. The total market value of the collateral includes non-cash U.S. Government securities collateral having a value of \$597,574. Total securities on loan may not correspond with the amounts identified in the Schedule of Investments because pending sales of securities on loan may be in the process of recall from the borrower.

* Non-income producing security.

(a) Security, or portion thereof, was on loan at December 31, 2016 (See Note 2).

(b) This security is exempt from registration under rule 144A of the Securities Act of 1933. This security may be sold in transactions that are exempt from registration, normally to qualified institutional buyers.

(c) Rate shown represents annualized 7-day yield as of December 31, 2016.

(d) At December 31, 2016, the total market value of the Fund's securities on loan was \$1,567,996 and the total market value of the collateral held by the Fund was \$1,664,287. The total market value of the collateral includes non-cash U.S. Government securities collateral having a value of \$168,282. Total securities on loan may not correspond with the amounts identified in the Schedule of Investments because pending sales of securities on loan may be in the process of recall from the borrower.

RATIOS/SUPPLEMENTAL DATA:				
Net assets, end of period (000 s omitted)	\$	300,512	\$	243,806
Ratios to average net assets of:				
Expenses, net of expense waivers		0.35% ³		0.35% ³
Expenses, prior to expense waivers		0.40% ³		0.40% ³
Net investment income		2.31% ³		6.79% ³
Portfolio turnover rate ⁴		5%		28%

* Commencement of operations.

¹ Based on average shares outstanding.

² Total return is calculated assuming an initial investment made at the net asset value at the beginning of the period, reinvestment of all dividends and distributions at net asset value during the period and redemption on the last day of the period. Total return calculated for a period of less than one year is not annualized. For the periods in which the investment advisor waived advisory fees, the total return would have been lower if certain expenses had not been waived (Notes 2 and 3).

³ Annualized.

⁴ Portfolio turnover rate is not annualized and excludes the value of the portfolio securities received or delivered as a result of in-kind creations or redemptions of the Fund's capital shares.

See Notes to Financial Statements.

WisdomTree Fundamental U.S. Short-Term Corporate Bond Fund (Fundamental U.S. Short-Term Corporate Bond Fund)	April 27, 2016
WisdomTree Fundamental U.S. Short-Term High Yield Corporate Bond Fund (Fundamental U.S. Short-Term High Yield Corporate Bond Fund)	April 27, 2016

WisdomTree Dynamic Bearish U.S. Equity Fund (Dynamic Bearish U.S. Equity Fund)	December 23, 2015
WisdomTree Dynamic Long/Short U.S. Equity Fund (Dynamic Long/Short U.S. Equity Fund)	December 23, 2015

Each Fund seeks to track the price and yield performance, before fees and expenses, of a particular index (Index) developed by WisdomTree Investments, Inc. (WisdomTree Investments). WisdomTree Investments is the parent company of WisdomTree Asset Management, Inc. (WTAM), the investment adviser to each Fund and the Trust.

WisdomTree is a registered trademark of WisdomTree Investments and has been licensed for use by the Trust. Each Fund described herein is considered to be non-diversified.

In the normal course of business, the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and believes such exposure to be remote.

2. SIGNIFICANT ACCOUNTING POLICIES

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Codification) is the exclusive reference of authoritative U.S. generally accepted accounting principles (GAAP) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission (SEC) under authority of federal laws are also sources of authoritative GAAP for SEC registrants.

The following is a summary of significant accounting policies followed by the Funds:

Use of Estimates The preparation of financial statements in conformity with GAAP, requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

Table of Contents**Notes to Financial Statements** (unaudited) (continued)

Investment Valuation The net asset value (NAV) of each Fund 's shares is calculated each day a Fund is open for business as of the regularly scheduled close of regular trading on the New York Stock Exchange, normally 4:00 p.m. Eastern time (the NAV Calculation Time). NAV per share is calculated by dividing a Fund 's net assets by the number of Fund shares outstanding. Each Fund issues and redeems shares at NAV only in large blocks of shares known as creation units, which only certain institutions or large investors may purchase or redeem. Shares of each Fund are listed on a national securities exchange and trade at market prices. Most investors will buy and sell shares in the secondary market through brokers. Because Fund shares trade at market prices rather than NAV, shares may trade at a price greater than NAV or less than NAV. In calculating each Fund 's NAV, investments are valued under policies approved by the Board of Trustees. Equity securities (including preferred stock) traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities (including preferred stock) are valued at the last quoted sale price or, if no sale price is available, at the mean between the highest bid and lowest ask price. Each Fund may invest in money market funds which are valued at their NAV per share and affiliated exchange-traded funds (ETFs or ETF) which are valued at their last sale or official closing price on the exchange on which they are principally traded or at their NAV per share in instances where the affiliated ETF has not traded on its principal exchange. Fixed income securities (including short-term debt securities with remaining maturities of 60 days or less,) generally are valued at current market quotations or mean prices obtained from broker-dealers or independent pricing service providers. Broker-dealers or independent pricing service providers, in determining the value of securities may consider such factors as recent transactions, indications from broker-dealers yields and quoted prices on similar securities, and market sentiment for the type of security. U.S. fixed income assets may be valued as of the announced closing time for such securities on any day that the Securities Industry and Financial Markets Association announces an early closing time. Foreign currency contracts are valued daily using WM/Reuters closing spot and forward rates as of 4:00 p.m. London time, except, foreign currency contracts on Asian currencies for Global Hedged SmallCap Dividend Fund are valued using WM/Reuters closing spot and forward rates as of 2:00 p.m. Singapore time. Futures contracts generally are valued at the settlement price, the price at which a futures contract settles once a given trading day has ended, on the primary exchange on which they trade. Swap contracts are generally marked to market daily based upon values from independent pricing service providers or quotations from broker-dealers to the extent available.

In certain instances, such as when reliable market valuations are not readily available or are not deemed to reflect current market values, a Fund 's investments, which include derivatives, will be fair valued in accordance with the Fund 's pricing policy. The Board of Trustees of the Trust has established a pricing committee (the Pricing Committee) which is comprised of senior representatives of WTAM and which reports to the Board of Trustees on a quarterly basis. In the event that a financial instrument cannot be valued based upon a price from a national securities exchange, independent pricing service provider or broker-dealer quotation, or such prices are deemed to not reflect current market value, the Pricing Committee may value the financial instrument in good faith under the policies and procedures approved by the Board of Trustees based on current facts and circumstances. Securities that may be valued using fair value pricing may include, but are not limited to, securities for which there are no current market quotations, securities whose issuer is in default or bankruptcy, securities subject to corporate actions (such as mergers or reorganizations), securities subject to non-U.S. investment limits or currency controls, and securities affected by significant events. An example of a significant event is an event occurring after the close of the market in which a security trades but before a Fund 's next NAV Calculation Time that may materially affect the value of a Fund 's investment (e.g., government action, natural disaster, or significant market fluctuation). When fair value pricing is employed, the prices of securities used by a Fund to calculate its NAV may differ from quoted or published prices for the same securities.

Fair Value Measurement In accordance with Codification Topic 820 (ASC 820), Fair Value Measurements and Disclosures, fair value is defined as the price that each Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market of the investment. ASC 820 established a three-tier hierarchy of inputs to be used when determining fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk for example, the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability. Observable inputs are based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability. Unobservable inputs are based on the best information available in the circumstances. The three-tier hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 quoted prices in active markets for identical securities

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

Level 3 significant unobservable inputs (including each Fund's assumptions in determining the fair value of investments)

The inputs or methodology used for valuation are not necessarily an indication of the risk associated with investing in those investments.

Table of Contents**Notes to Financial Statements** (unaudited) (continued)

Investments that use Level 2 or Level 3 inputs may include, but are not limited to: (i) an unlisted security related to corporate actions; (ii) a restricted security (e.g., one that may not be publicly sold without registration under the Securities Act of 1933, as amended); (iii) a security whose trading has been suspended or which has been de-listed from its primary trading exchange; (iv) a security that is thinly traded; (v) a security in default or bankruptcy proceedings for which there is no current market quotation or market activity; (vi) a security affected by currency controls or restrictions; and (vii) a security affected by a significant event (e.g., an event that occurs after the close of the markets on which the security is traded but before the time as of which a Fund's NAV is computed and that may materially affect the value of the Fund's investments).

The valuation techniques and significant inputs used in determining the fair market value measurements for Level 2 and Level 3 positions are as follows:

Financial instruments are generally valued by independent pricing service providers that use broker-dealer quotations, reported trades or valuation estimates from their internal pricing models. Depending on the type of financial instrument, the independent pricing service providers' internal pricing models may use inputs that are observable such as issuer details, interest rates, yield curves, prepayment speeds, credit risks/spreads, default rates and quoted prices for similar assets. Financial instruments that use similar valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate. Over-the-counter financial derivative instruments derive their value from underlying asset prices, indices, reference rates, and other inputs or a combination of these factors. These instruments are normally valued on the basis of broker-dealer quotations or independent pricing service providers. Depending on the product and the terms of the transaction, the value of the financial derivative instruments can be estimated by an independent pricing service provider using a series of techniques including simulation pricing models. The pricing models use inputs that are observed from actively quoted markets such as issuer details, indices, credit risks/spreads, interest rates, yield curves, default and exchange rates. Derivative contracts that use valuation techniques and observable inputs as described above and have an appropriate level of market activity are categorized as Level 2 of the fair value hierarchy, otherwise a Level 3 fair value classification is appropriate.

Determination of a fair value by the Pricing Committee may include significant unobservable inputs and therefore would be reflected as a Level 3 of the fair value hierarchy. The Pricing Committee may employ a market-based valuation approach which may use, among other potential considerations, related or comparable securities, recent transactions, market multiples, and other relevant information to determine fair value. The Pricing Committee may also use an income-based valuation approach in which anticipated future cash flows of the financial instrument are discounted to calculate fair value. The Pricing Committee meets at least on a monthly basis to review and discuss the appropriateness of such fair values using more current information such as, recent security news, recent market transactions, updated corporate action information and/or other macro or security specific events. Also, when observable inputs become available, the Pricing Committee conducts back testing of the methodologies used to value Level 3 financial instruments to substantiate the unobservable inputs used to value those investments. Such back testing includes comparing Level 3 investment values to observable inputs such as exchange-traded prices, transaction prices, and/or vendor prices.

The following is a summary of the fair valuations according to the inputs used as of December 31, 2016 in valuing each Fund's assets:

124 WisdomTree Trust Semi-Annual Report December 31, 2016

Table of Contents**Notes to Financial Statements** (unaudited) (continued)

The Funds have elected to use the beginning of period method for transfers between fair value measurement levels.

During the six months ended December 31, 2016, Dynamic Currency Hedged International SmallCap Equity Fund transferred securities with a fair value of \$957 from Level 2 to Level 1 primarily due to the availability of a quoted price in an active market for identical investments.

Derivatives and Hedging Disclosure Codification Topic 815 (ASC 815), Derivatives and Hedging, requires qualitative disclosures about objectives and strategies for using derivatives, quantitative disclosures about fair value amounts of gains and losses on derivative instruments, and disclosures about credit-risk-related contingent features in derivative agreements. The Funds have invested in derivatives, specifically foreign currency contracts, futures contracts and swap contracts during the period ended December 31, 2016 which are detailed in each Fund's Schedule of Investments. All of the derivative instruments disclosed and described herein are subject to credit risk. Credit risk is where the financial condition of an issuer of a security or instrument may cause it to default or become unable to pay interest or principal due on the security or where the counterparty to a derivative contract might default on its obligations. The Funds' derivative agreements contain credit-risk related contingent features which include, but are not limited to, a percentage decline in the Funds' NAV over a specified time period. If an event occurred at December 31, 2016 that triggered a contingent feature, the counterparty to the agreement may require the Funds to post additional collateral or terminate the derivative positions and demand payment. Any collateral posted with respect to the derivative positions would be used to offset or reduce the payment. The maximum exposure to derivatives agreements with credit-risk related contingent features would be the total value of derivatives in net liability positions for each Fund, as disclosed on pages 130 and 131. At December 31, 2016, the Funds did not receive or post collateral with any counterparty for derivatives and no event occurred that triggered a credit-risk-related contingent feature.

As of December 31, 2016, the effects of such derivative instruments on each Fund's financial position as reflected in the Statements of Assets and Liabilities are presented in the summary below:

Fund	Asset Derivatives		Liability Derivatives	
	Balance Sheet Location	Value	Balance Sheet Location	Value

Dynamic Bearish U.S. Equity Fund				
Equity contracts			4,927,309	
Dynamic Long/Short U.S. Equity Fund				
Equity contracts			3,659,698	

¹ For the period November 3, 2016 (commencement of operations) through December 31, 2016.

² The volume of derivative activity for the period is based on intra-month balances.

Investment Transactions and Investment Income Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method. Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income including amortization of premiums and discounts, is accrued daily.

Foreign Currency Translation The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates prevailing on the respective dates of such transactions that are deemed appropriate by WTAM. Realized and unrealized foreign exchange gains and losses on investments are included as a component of *net realized gain (loss) from investment transactions* and *net change in unrealized appreciation (depreciation) from investment transactions*, respectively, on the Statements of Operations. Net realized and unrealized foreign exchange gains or losses arising from sales of foreign currencies, including gains and losses of foreign currency contracts, currency gains or losses recognized between the trade and settlement dates on investment transactions, and the difference between the amounts of dividends and foreign withholding taxes recorded on the Funds' books and the U.S. dollar equivalent of the amounts actually received or paid are included in *net realized gain (loss) from foreign currency contracts and foreign currency related transactions* and/or *net change in unrealized appreciation (depreciation) from foreign currency contracts and translation of assets and liabilities denominated in foreign currencies* in the Statements of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in, or are a reduction of, ordinary income in accordance with U.S. Federal income tax regulations.

Expenses/Reimbursements Under the investment advisory agreement for each Fund, WTAM has agreed to pay all expenses of the Trust, except for: (i) brokerage expenses and other fees, charges, taxes, levies or expenses (such as stamp taxes) incurred in connection with the execution of portfolio transactions or in connection with creation and redemption transactions (including without limitation any fees, charges, taxes, levies or expenses related to the purchase or sale of an amount of any currency, or the partition or repatriation of any security or other asset, related to the execution of portfolio transactions or any creation or

Table of Contents**Notes to Financial Statements** (unaudited) (continued)

redemption transactions); (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's Chief Compliance Officer (CCO); (vi) extraordinary expenses (in each case as determined by a majority of the Independent Trustees); (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; (viii) interest and taxes of any kind or nature (including, but not limited to, income, excise, transfer and withholding taxes); (ix) fees and expenses related to the provision of securities lending services; and (x) the advisory fee payable to WTAM.

The internal expenses of pooled investment vehicles in which the Funds may invest (acquired fund fees and expenses) are not expenses of the Funds and are not paid by WTAM.

Pursuant to a separate contractual arrangement, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees. WTAM receives a fee, as shown on the Statements of Operations under Service fees , of up to 0.0044% of each Fund's average daily net assets for providing such services and paying such expenses. WTAM provides CCO services to the Trust.

Currency Transactions The Funds may enter into foreign currency contracts to facilitate local securities settlements or to protect against currency exposure. The Funds, other than the Currency Hedged Equity Funds, do not expect to engage in currency transactions for the purpose of hedging against declines in the value of the Fund's assets that are denominated in one or more foreign currencies. The Funds may not enter into such contracts for speculative purposes.

Forward Foreign Currency Contracts The Currency Hedged Equity Funds, except the Global Hedged SmallCap Dividend Fund, utilized forward foreign currency contracts (Forward Contract) to dynamically obtain either a net long or net short exposure to foreign currencies consistent with each Currency Hedged Equity Fund's investment objective. The Global Hedged SmallCap Dividend Fund utilized Forward Contracts to obtain net short exposure to foreign currencies consistent with its investment objective. The Emerging Markets Dividend Fund, Europe Local Recovery Fund, Global SmallCap Dividend Fund, and the Strong Dollar Emerging Markets Equity Fund utilized Forward Contracts to facilitate foreign security settlements. A Forward Contract involves an obligation to purchase or sell a specific currency at a future date, which may be any fixed number of days from the date of the contract agreed upon by the parties, at a price set at the time of the contract. These contracts are principally traded in the inter-bank market conducted directly between currency traders (usually large, commercial banks) and their customers. A Forward Contract generally does not require an initial margin deposit and no commissions are charged at any stage for trades. However, if a Fund is in an unrealized loss position on a Forward Contract, it may be required to pledge collateral (or additional collateral) to the counterparty. If a Fund is in an unrealized gain position on a Forward Contract, it may receive collateral from the counterparty.

Risks may arise upon entering into Forward Contracts from the potential inability of counterparties to meet the terms of their contracts and from unanticipated movements in the value of foreign currencies relative to the U.S. dollar or each other.

Fluctuations in the value of open Forward Contracts are recorded for book purposes as unrealized gains or losses on Forward Contracts by the Funds. Realized gains and losses on Forward Contracts include net gains or losses

recognized by the Funds on contracts which have matured or were sold.

Futures Contracts The Global SmallCap Dividend Fund utilized equity futures contracts on a temporary basis during the period to obtain market exposure consistent with its investment objective during the Fund's annual portfolio rebalance. When a Fund purchases a listed futures contract, it agrees to purchase a specified reference asset (e.g., commodity, currency or Treasury security) at a specified future date. When a Fund sells a listed futures contract, it agrees to sell a specified reference asset (e.g., commodity, currency or Treasury security) at a specified future date. The price at which the purchase and sale will take place is fixed when the Fund enters into the contract. The exchange clearing corporation is the ultimate counterparty for all exchange-listed contracts, so credit risk is limited to the creditworthiness of the exchange's clearing corporation.

Upon entering into a futures contract, a Fund is required to deliver to a broker an amount of cash and/or government securities equal to a certain percentage of the contract amount. This amount is known as the initial margin. Subsequent payments, known as variation margin, generally are made or received by the Fund each day or at other agreed-upon time periods depending on the fluctuations in the value of the underlying futures contracts, except that in the case of certain futures contracts payments may be made or received at settlement. Such variation margin is recorded for financial statement purposes on a daily basis as an unrealized gain or loss on futures until the financial futures contract is closed, at which time the net gain or loss is reclassified to realized gain or loss on futures. When a Fund purchases or sells a futures contract, the Fund is required to cover its position in order to limit the risk associated with the use of leverage and other related risks. To cover its position, a Fund will segregate assets consisting of, or take other measures with respect to, cash or liquid securities that, when added to any amounts deposited with a futures commission merchant as margin, will cover its position in a manner consistent with the 1940 Act or the rules and SEC interpretations thereunder. This will function as a practical limit on the amount of leverage which a Fund may undertake and on the potential increase in the speculative character of a Fund's outstanding portfolio securities.

Table of Contents**Notes to Financial Statements** (unaudited) (continued)

Total Return Swaps The Dynamic Bearish U.S. Equity Fund and the Dynamic Long/Short U.S. Equity Fund utilized total return swap contracts to obtain short exposure to the S&P 500 Index. Total return swap contracts are agreements between counterparties to exchange the return of a given underlying reference asset/index, including income and any appreciation/depreciation in value of the reference asset/index, in exchange for payments equal to a rate of interest on another reference asset. During the term of the outstanding swap agreement, changes in the underlying value of the swap are recorded as unrealized gains and losses and the periodic payments received or made on the swap are recorded as realized gains or losses. Swap agreements may be used to achieve exposure to, for example, currencies, interest rates, indexes and money market securities without actually purchasing such currencies or securities. A Fund may use swap agreements to invest in a market without owning or taking physical custody of the underlying securities in circumstances in which direct investment is restricted for legal reasons or is otherwise impractical. Swap agreements will tend to shift a Fund's investment exposure from one type of investment to another or from one payment stream to another. Depending on their structure, swap agreements may increase or decrease a Fund's exposure to long- or short-term interest rates (in the United States or abroad), foreign currencies, corporate borrowing rates, or other factors, and may increase or decrease the overall volatility of a Fund's investments and its share price. Total return swaps are exposed to the market risk factor of the specific underlying reference asset/index such as unanticipated movements in the value of the exchange rates, interest rates, securities, or the reference asset/index. Additional risks to a Fund include the possibility that there is no liquid market for these agreements or that the swap counterparty may default on its obligation to perform. A Fund's maximum loss from counterparty risk is the fair value of the contract.

Securities Lending Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds securities lending agent. It is the Funds' policy that, at origination, all loans are secured by collateral of at least 102% of the value of U.S. securities loaned and 105% of the value of foreign securities loaned. Collateral in the form of cash and/or high-grade debt obligations, equivalent to at least 100% of the market value of securities, is maintained at all times. The cash collateral can be invested in certain money market mutual funds which also have exposure to the fluctuations of the market. The values of the investments of cash collateral for securities on loan along with the obligations to return such collateral are included on the Statements of Assets and Liabilities. The total value of securities received as collateral for securities on loan is included in a footnote following each Schedule of Investments, but is not included within the Statements of Assets and Liabilities because the receiving Fund does not have the right to sell or repledge the securities received as collateral. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees, all of which are included in the securities lending income earned by the Funds and disclosed on the Statements of Operations. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. Dividends received while a security is out on loan are not considered Qualified Dividend Income (QDI) under the specific criteria issued by the Internal Revenue Service and are subject to taxation at the shareholder's ordinary income tax rate instead of the lower long-term capital gains tax rate. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

Master Netting Arrangements ASU No. 2011-11 Disclosures about Offsetting Assets and Liabilities (ASU 2011-11) is generally intended to (i) help investors and other financial statement users to better assess the effect or potential effect of offsetting arrangements on a company's financial position, (ii) improve transparency in the reporting of how companies mitigate credit risk, and (iii) facilitate comparisons between those entities that prepare their

financial statements on the basis of GAAP and those entities that prepare their financial statements on the basis of international financial reporting standards. ASU 2011-11 requires entities to disclose (i) gross and net information about both instruments and transactions eligible for offset in the financial statements, and (ii) instruments and transactions subject to an agreement similar to a master netting agreement. ASU 2011-11 is limited in scope to the following financial instruments, to the extent they are offset in the financial statements or subject to an enforceable master netting arrangement or similar agreement: (i) recognized derivative instruments accounted for under ASC 815 (Derivatives and Hedging); (ii) repurchase agreements and reverse repurchase agreements; and (iii) securities borrowing and securities lending transactions.

In order to better define its contractual rights and to secure rights that will help a Fund mitigate its counterparty risk, a Fund may enter into an International Swaps and Derivatives Association, Inc. Master Agreement (ISDA Master Agreement) or similar agreement with its counterparties. An ISDA Master Agreement is a bilateral agreement between a Fund and a counterparty that governs over-the-counter derivatives (OTC), including Forward Contracts, and typically contains, among other things, collateral posting terms, netting and rights of set-off provisions in the event of a default and/or termination event. Under an ISDA Master Agreement, a Fund may, under certain circumstances, offset with the counterparty certain derivative financial instruments payables and receivables to create a single net payment. The provisions of the ISDA Master Agreement typically permit a single net payment in the event of a default (close-out netting) or similar event, including the bankruptcy or insolvency of the counterparty.

Collateral requirements generally differ by type of derivative. Collateral terms are contract-specific for OTC derivatives (e.g. foreign exchange contracts, options and certain swaps). Generally, for transactions traded under an ISDA Master Agreement, the collateral requirements are calculated by netting the marked to market amount for each transaction under such agreement and comparing that amount to the value of any collateral currently pledged by a Fund and the counterparty. Generally, the amount of collateral due

Table of Contents**Notes to Financial Statements** (unaudited) (continued)

from or to a counterparty must exceed a minimum transfer amount threshold before a transfer is required to be made. To the extent amounts due to a Fund from its derivatives counterparties are not fully collateralized, contractually or otherwise, the Fund bears the risk of loss from a counterparty's non-performance.

A Fund's security lending activities are governed by a Securities Lending Authorization Agreement ("Lending Agreement") between the Fund and the lending agent. The Lending Agreement authorizes the lending agent to lend qualifying U.S. and foreign securities held by a Fund to approved borrowers (each a "Borrower"). To mitigate borrower risk, a Fund typically receives from a Borrower, collateral in the form of U.S. dollar cash and/or securities issued or guaranteed by the U.S. government or its agencies in excess of the market value of the securities loaned. Under the provisions of the Lending Agreement, a Fund shall have, as to the collateral, all of the rights and remedies of a secured party under applicable law. A Fund is exposed to risk of loss if a Borrower defaults on its obligation to return borrowed securities and the value of the collateral a Fund received is insufficient to cover the market value of the securities loaned. Also, the lending agent is permitted to invest the cash collateral it receives from a Borrower into a money market fund which is subject to market fluctuation. Therefore, a Fund is exposed to risk of loss if the value of invested cash collateral is insufficient to satisfy the Fund's obligation to return the full amount owed to such Borrower.

For financial reporting purposes, the Funds elect to not offset assets and liabilities subject to an ISDA Master Agreement or Lending Agreement, if any, in the Statements of Assets and Liabilities. Therefore, all qualifying transactions are presented on a gross basis in the Statements of Assets and Liabilities. As of December 31, 2016, the impact of netting of assets and liabilities and the offsetting of collateral pledged or received based on contractual netting/set-off provisions in the ISDA Master Agreement and the Lending Agreement are detailed in the following table:

¹ The amount of collateral presented has been limited such that the net amount by counterparty cannot be less than zero.

Short-Term Investments Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments include short-term obligations issued by the U.S. government, its agencies, non-U.S. government agencies, negotiable certificates of deposit (CDs), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

Tax Information and Dividends and Distributions to Shareholders It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the Code). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company (RIC) under Subchapter M of the Code. In order to qualify for the special tax treatment accorded RICs and their shareholders, each Fund must, among other things,

distribute with respect to each taxable year an amount equal to or greater than the sum of 90% of its investment company taxable income and 90% of its net tax-exempt interest income. There can be no guarantee that a Fund will pay dividends. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with the requirements of the Code and the U.S. Treasury regulations. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions that exceed earnings and profit for tax purposes are reported for tax purposes as a return of capital.

3. ADVISORY FEES AND OTHER TRANSACTIONS WITH AFFILIATES

WTAM has overall responsibility for the general management and administration of the Trust. WTAM provides an investment program for each Fund. WTAM has arranged for Mellon Capital Management Corporation (MCM) to provide sub-advisory services to the Funds, except for Fundamental U.S. Corporate Bond Fund, Fundamental U.S. High Yield Corporate Bond Fund, Fundamental U.S. Short-Term Corporate Bond Fund and Fundamental U.S. Short-Term High Yield Corporate Bond Fund which are sub-advised by Voya Investment Management Co., LLC (Voya IM). MCM and Voya IM are compensated by WTAM at no additional cost to the Funds. WTAM also arranges for transfer agency, custody, fund accounting, fund administration, securities lending and all other non-distribution related services necessary for the Funds to operate, which are generally under separate agreements entered into between the Trust on behalf of the Funds and the applicable service provider. Under the investment advisory agreement for each Fund, WTAM agrees to pay all expenses of the Funds, except for certain expenses described in Note 2.

Table of Contents**Notes to Financial Statements** (unaudited) (continued)

Pursuant to a separate contractual arrangement, as also described in Note 2, WTAM arranges for the provision of CCO services with respect to each Fund, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees in exchange for a fee of up to 0.0044% of each Fund's average daily net assets. WTAM expects to receive advisory fees from each Fund, based on a percentage of the Fund's average daily net assets, as shown in the following table:

Fund	Advisory		
	Fee Rate (before fee waiver)	Advisory Fee Waiver¹	Advisory Fee Waiver Expiration Date
Dynamic Currency Hedged Europe Equity Fund	0.48%	(0.05)%	October 31, 2017

Fundamental U.S. High Yield Corporate Bond Fund	0.48%	(0.10)%	October 31, 2017
Fundamental U.S. Short-Term Corporate Bond Fund	0.28%	(0.10)%	October 31, 2017
Fundamental U.S. Short-Term High Yield Corporate Bond Fund	0.48%	(0.10)%	October 31, 2017
Dynamic Bearish U.S. Equity Fund	0.53%	(0.10)%	October 31, 2017
Dynamic Long/Short U.S. Equity Fund	0.53%	(0.10)%	October 31, 2017

¹ WTAM has contractually agreed to waive a portion of its advisory fee by the waiver amount listed per annum based on the average daily net assets through the expiration date listed, unless earlier terminated by the Board of Trustees of the Trust for any reason.

² WTAM has contractually agreed to waive a portion of its advisory fee in an amount equal to the AFFEs attributable to the Fund's investments in the Underlying Fund (currently, approximately 0.38% per annum), as

well as an additional 0.10% per annum.

³ WTAM has contractually agreed to waive a portion of its advisory fee in an amount equal to the AFFEs attributable to the Fund's investments in the Underlying Fund (currently, approximately 0.43% per annum). Each Fund may purchase shares of affiliated ETFs in secondary market transactions to reduce cash balances. For these transactions, WTAM waives its advisory fees for each Fund's investment in affiliated funds. The waivers may be reduced to offset the incremental costs related to these investments (fund accounting, safekeeping, transaction fees, etc.) that are paid by WTAM out of its advisory fee. The dollar amount of advisory fees waived during the period for the Funds, if any, are shown in the Statements of Operations.

Affiliated holdings are funds which are managed by, or an affiliate of, WTAM. Transactions with affiliated funds during the six months or period ended December 31, 2016 are as follows:

Fund	Value at 6/30/2016	Purchases/ Additions	Sales/ Reductions	Value at 12/31/2016	Dividend Income

¹ For the period November 3, 2016 (commencement of operations) through December 31, 2016.

Table of Contents**Notes to Financial Statements** (unaudited) (continued)**4. CAPITAL SHARE TRANSACTIONS**

As of December 31, 2016, there were an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in creation units or multiples thereof. Except when aggregated in creation units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of creation units of a Fund generally consists of the in-kind contribution of a portfolio of equity securities and an amount of cash. Investors purchasing and redeeming creation units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of creation units.

5. INVESTMENT PORTFOLIO TRANSACTIONS

Purchases and sales of investments (excluding purchases and sales resulting from in-kind capital share transactions and short-term investments) and the cost of purchases and the proceeds from sales resulting from in-kind capital share transactions (excluding short-term investments) for the six months or period ended December 31, 2016 are shown in the following table. Realized gains and losses on sales resulting from in-kind capital share redemptions, as shown on the Statements of Operations, are not recognized by the Funds for tax purposes.

7. RECENT ACCOUNTING PRONOUNCEMENTS

In August 2014, the FASB issued Accounting Standards Update No. 2014-15 (ASU 2014-15), *Disclosure of Uncertainties about an Entity's Ability to Continue as a Going Concern*, which requires management to assess an entity's ability to continue as a going concern and to provide related disclosures in certain circumstances. Under the new standard, disclosures are required when conditions give rise to substantial doubt about an entity's ability to continue as a going concern within one year from the financial statement issuance date. The new standard is effective for the annual period ending after December 15, 2016, and all annual and interim periods thereafter. WTAM has evaluated the impact that ASU 2014-15 will have on financial statement disclosures and determined that ASU 2014-15 will not have a significant impact on the Trust's financial statements.

In May 2015, the FASB issued ASU 2015-07 *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. This is an update to ASC 820. The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient. ASU 2015-07 will be effective for financial statements issued for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years (earlier application is also permitted). WTAM has evaluated ASU 2015-07 and determined that there is no impact on the Trust's financial statements.

Table of Contents**Approval of Investment Advisory and Sub-Advisory Agreements (unaudited)*****Approval of Investment Advisory and Sub-Advisory Agreements with respect to the WisdomTree Dynamic Currency Hedged International Quality Dividend Growth Fund (the Fund)***

At a meeting of the Board of Trustees (the Board) of the WisdomTree Trust (the Trust) held on September 21-22, 2016, the Trustees (the Trustees), including those Trustees who are not interested persons (as defined in the Investment Company Act of 1940, as amended) of the Trust (the Independent Trustees), considered the approval of the Investment Advisory Agreement (the Advisory Agreement), pursuant to which WisdomTree Asset Management, Inc. (WTAM) will provide the Fund with investment advisory services, and the Sub-Advisory Agreement (together with the Advisory Agreement, the Agreements), pursuant to which Mellon Capital Management Corporation (the Sub-Adviser) will coordinate the investment and reinvestment of the assets of the Fund.

In considering whether to approve the Agreements, the Trustees considered and discussed information and analysis provided by WTAM and Broadridge Financial Solutions, Inc., an independent provider of investment company data. The Independent Trustees were assisted in their review by independent legal counsel and met with counsel in executive session separate from WTAM representatives and the Sub-Adviser. In considering the approval of the Agreements, the Board considered all factors that it believed to be relevant, including those discussed below. The Board did not identify any one factor as dispositive, and each Trustee may have attributed different weights to the factors considered.

Analysis of Nature, Extent, and Quality of Services to be Provided to the Fund. The Board considered information provided to them at the meeting and in previous presentations throughout the year from WTAM representatives regarding the nature, extent, and quality of the services provided to the WisdomTree funds, recognizing WTAM's and the Sub-Adviser's operational capabilities and resources. The Board also discussed the proposed role of WisdomTree Investments, Inc. (WTI), the parent of WTAM, as index provider to the Fund. The Board noted that the strategy represented by the Fund is unique, based on WTI's intellectual property and is only available for use by the Fund through WTAM. The Board noted WTAM's belief that shareholders will invest in the Fund on the strength of WTI's intellectual property and WTAM's industry standing and reputation and with the expectation that WTAM will have a continuing role in providing advisory services to the Fund based on the WTI index. The Board also noted the extensive responsibilities that WTAM will have as investment adviser to the Fund, including: the selection of, and supervisory responsibilities and activities over, the Sub-Adviser, including oversight of the Sub-Adviser's adherence to the Fund's investment strategy and restrictions, monitoring of the Sub-Adviser's buying and selling of securities and derivatives transactions, review of Sub-Adviser performance, review of proxies voted by the Sub-Adviser and oversight of, and the provision of consultation to, the Sub-Adviser with respect to the creation of custom creation or redemption baskets for authorized participants; oversight of the daily valuation of the Fund's portfolio holdings; oversight of general Fund compliance with federal and state laws; and implementation of Board directives as they relate to the Fund. The Board also considered research support available to, and management capabilities of, the Fund's management personnel and that WTAM will provide oversight of day-to-day Fund operations, including fund accounting, tax matters, administration, compliance and legal assistance in meeting disclosure and regulatory requirements.

Based on review of this information and the other factors considered at the meeting, the Board concluded that the nature, extent and quality of services to be provided by WTAM and the Sub-Adviser under the Advisory Agreement and Sub-Advisory Agreement, respectively, are adequate and appropriate and supported the Board's approval of the Agreements.

Comparative Analysis of the Fund's Performance, Advisory Fees and Fund Expenses. As the Fund had not yet commenced operations, the Board was not able to review the Fund's performance. The Board discussed with WTAM representatives the portfolio management team and the investment strategies to be employed in the management of the Fund's assets. The Board noted the reputation and experience of WTAM and the Sub-Adviser.

The Board considered the fees to be paid to WTAM by the Fund. The Board examined the fee to be paid by the Fund in light of fees paid to other investment advisers by comparable funds and the method of computing the Fund's fee. The Board noted the proposed fee waiver arrangements. The Board also considered the fee to be paid to the Sub-Adviser in relation to the fee to be paid to WTAM by the Fund and the respective services to be provided by the Sub-Adviser and WTAM. The Board also noted the Sub-Adviser's fee will be paid by WTAM (out of its fee paid by the Fund) and not the Fund. The Board considered the meaningful differences in the services that WTAM will provide to the Fund as compared to the Sub-Adviser, including that the role of the Sub-Adviser in making investment recommendations with respect to the Fund is a rules-based function, with oversight by WTAM in seeking to ensure compliance with such rules. The Board also considered the entrepreneurial and expense risk to be borne by WTAM that is associated with the Fund's unitary fee structure, which includes minimum fees (such as those to the Sub-Adviser), regardless of whether the asset size of the Fund grows to a sufficient size. Based on this review, the Board concluded that the fees to be paid to WTAM and the Sub-Adviser supported the Board's approval of the Agreements.

Table of Contents

Approval of Investment Advisory and Sub-Advisory Agreements (unaudited) (concluded)

Analysis of Profitability and Economies of Scale. As the Fund had not yet commenced operations, WTAM representatives were not able to review the dollar amount of expenses allocated and profit received by WTAM, or any economies of scale. The Board considered potential benefits to WTAM and the Sub-Adviser from acting as investment adviser and sub-adviser, respectively. The Board also considered the uncertainty of the estimated asset levels and the renewal requirements for advisory agreements and their ability to review the advisory fees annually after the initial term of the Agreements. The Board determined that because the Fund had not yet commenced operations, economies of scale were not a factor, but, to the extent in the future it were determined that material economies of scale had not been shared with the Fund, the Board would seek to have those economies of scale shared with the Fund in connection with future renewals.

* * * * *

In evaluating the Agreements, the Board considered the conclusions and determinations discussed above and also relied on its knowledge, gained through meetings and other interactions with WTAM and the Sub-Adviser, of other funds advised by WTAM and the Sub-Adviser. In light of the foregoing, the Board, including a majority of the Independent Trustees, determined to approve the Agreements.

Table of Contents

The WisdomTree Funds are exchange traded funds (ETFs) registered with the United States Securities and Exchange Commission as separate series (Funds) of WisdomTree Trust (Trust). WisdomTree Asset Management, Inc., a wholly owned subsidiary of WisdomTree Investments, Inc., serves as the investment adviser to the Trust. None of the WisdomTree entities are affiliated with Foreside Fund Services, LLC, the Funds distributor. WisdomTree Investments, its affiliates and their independent providers are not liable for any informational errors, incompleteness, delays, or for any actions taken in reliance on information contained herein.

Investors should consider the investment objectives, risks, charges and expenses of the Funds carefully before investing. A prospectus, containing this and other information, is available at www.wisdomtree.com, or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you cannot invest directly in an index.

There are risks associated with investing including possible loss of principal. Foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest rate fluctuations and the effect of varied economic conditions. Funds that focus their investments in one country or region may be significantly impacted by events and developments associated with the region which can adversely affect performance. Funds focusing on a single sector and/or smaller companies generally experience greater price volatility. Investments in emerging, offshore or frontier markets are generally less liquid and less efficient than investments in developed markets and are subject to additional risks, such as risks of adverse governmental regulation and intervention or political developments. Fixed income investments are subject to interest rate risk; their value will normally decline as interest rates rise. In addition, when interest rates fall income may decline. Fixed income investments are also subject to credit risk, the risk that the issuer of a bond will fail to pay interest and principal in a timely manner, or that negative perceptions of the issuer's ability to make such payments will cause the price of that bond to decline. High-yield or junk bonds have lower credit ratings and involve a greater risk to principal. While the Fundamental Fixed Income Funds attempt to limit credit and counterparty exposure, the value of an investment in the Funds may change quickly and without warning in response to issuer or counterparty defaults and changes in the credit ratings of the Fund's portfolio investments. Investments in currency involve additional special risks, such as credit risk and interest rate fluctuations. Derivative investments can be volatile and these investments may be less liquid than other securities, and more sensitive to the effect of varied economic conditions. As these Funds can have a high concentration in some issuers the Funds can be adversely impacted by changes affecting such issuers. Due to the investment strategy of certain Funds they may make higher capital gain distributions than other ETFs. Please read the Fund's prospectus for specific details regarding the Fund's risk profile.

Transactions in Fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the Funds only in large amounts of 50,000 shares or more.
