BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Proposal No. 1

ELECTION OF DIRECTORS

The Board of Directors Recommends a Vote FOR All Nominees

DIRECTOR ELECTION, QUALIFICATION AND OTHER INFORMATION

Our Amended and Restated Bylaws (the *Bylaws*) require the Board of Directors to consist of at least eight (8), but no more than thirteen (13) members, with the exact number to be fixed by the Board of Directors. The number of directors authorized by the Board is currently fixed at eleven (11).

Upon the recommendation of the Governance Committee, our Board of Directors has nominated eleven (11) directors ten (10) independent directors and the CEO for election at this year's Annual Meeting to hold office until the next annual meeting. All of our incumbent directors are nominees for re-election to the Board and were last elected to serve as directors of the Company at our annual meeting of stockholders in April 2016. Each received the support of 98% of the votes cast at the 2016 Annual Meeting. We believe that our director nominees, individually and together as a whole, possess the requisite skills, experience and qualifications necessary to maintain an effective Board to serve the best interests of the Company and its stockholders.

Vote Required

Pursuant to our Bylaws, directors are elected by a plurality of votes cast at the Annual Meeting. This means that the eleven (11) nominees who receive the highest number of votes cast for their election will be elected.

Director Qualifications

PRIMARY AREAS OF DIRECTOR QUALIFICATION

The Board recognizes that it is of utmost importance to assemble a body of directors that, taken together, has the skills, qualifications, experience and attributes appropriate for functioning as a board and working productively with management. The Governance Committee of the Board is responsible for maintaining a well-rounded and diverse board that has the requisite diversity of skills and qualifications to oversee the Company effectively. The Governance Committee has not formally established any minimum qualifications

BOARD & CORPORATE GOVERNANCE

Proposal 1 Election of Directors

Table of Contents**Nominees for Director**

All proxies will be voted **FOR** the election of the following eleven (11) nominees recommended by the Board, unless authority to vote for the election of directors (or for any particular nominee) is withheld. If any of the nominees unexpectedly declines or becomes unable to act as a director, the proxies may be voted for a substitute nominee designated by the Board. As of the date of this Proxy Statement, the Board has no reason to believe that any nominee will become unavailable and has no present intention to nominate persons in addition to, or in lieu of, those listed below. Our directors serve until the next annual meeting of stockholders and until their successors are duly elected and qualified, or until their earlier death, resignation or removal.

Director Resignation Policy

In addition, the Governance Committee of our Board has adopted a director resignation policy applicable to uncontested director elections, such as the election to be held at the upcoming Annual Meeting. Uncontested elections are elections where the number of nominees is not greater than the number of directors to be elected. Pursuant to the director resignation policy, any of our director nominees in an uncontested election who receives a greater number of votes withheld from his or her election than votes for such election is required to tender his or her resignation to the Board for consideration promptly following certification of the stockholder vote. The Governance Committee will act within ninety (90) days after certification of the stockholder vote to determine whether to accept the director's resignation, and thereafter submit its recommendation to the Board for consideration at the Board's next scheduled meeting. The Board expects that any director whose resignation is under consideration will abstain from participating in any decision or deliberation regarding that resignation. We will publicly disclose any decision made by the Board with respect to any such tendered resignation.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

We are committed to having sound corporate governance principles. These principles are important to the way in which we manage our business and to maintaining our integrity in the marketplace. Our Corporate Governance Guidelines provide a framework for our Company with respect to corporate governance principles and are reviewed at least annually, as well as amended from time to time to continue to enhance our governance structure. A copy of our guidelines is available at www.svb.com under *About Us Investor Relations Corporate Governance*.

Board Independence and Leadership

The Board has determined that, with the exception of Mr. Becker, our President and CEO, all of our current directors and director nominees are independent within the meaning of the director independence standards set by The NASDAQ Stock Market LLC (*NASDAQ*) and the Securities Exchange Commission (the *SEC*).

Additionally, our Bylaws provide that the Board shall not have more than two (2) directors who do not meet the definition of an Outside Director. For these purposes, an Outside Director is any director who meets the independence and experience requirements of NASDAQ and the SEC, and who, in the opinion of the Board, has the ability to exercise independent judgment in carrying out the responsibilities of a director of the Company. All of our current directors, except for our CEO, are considered Outside Directors.

Separate Chairperson and CEO Roles

The Board has determined that it is in the best interests of the Company to continue to maintain the Board chairperson and CEO positions separately. We believe that having an outside, independent director serve as chairperson is the most appropriate leadership structure for the Board at this time, as it enhances the Board's independent oversight of management and strategic planning, reinforces the Board's ability to exercise its independent judgment to represent stockholder interests and strengthens the objectivity and integrity of the Board. Moreover, we believe an independent chairperson can more effectively lead the Board in objectively evaluating the performance of management, including the CEO, and guide the Board through appropriate governance processes. The Board of Directors periodically reviews the Company's leadership structure and may modify the structure, as it deems appropriate given the specific circumstances then facing the Company.

Independence and Leadership Structure

Separation of Chairperson and CEO roles

All non-employee directors are independent under applicable stock exchange and SEC rules

Independent Committee Chairs

Regularly scheduled executive sessions

The Board has determined that Mr. Dunbar, our current Chairman of the Board, is independent within the meaning of the director independence standards described above. Subject to his election, Mr. Dunbar is expected to serve as the Board's Chairman for the 2017-2018 term.

Executive Sessions

The Company's independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Board Risk Oversight and Risk Committee

Oversight of the Company's risk management is one of the Board's key priorities and is carried out by the Board as a whole, as well as by each of its various committees. The Board has formed a committee to specifically focus on the Company's risk management. Our Risk Committee is comprised of the chairpersons of each of the Board and the Audit, Compensation, Credit, Finance and Governance Committees. The Risk Committee has primary oversight responsibility of the Company's enterprise-wide risk management framework, including the oversight of risk management policies, and the monitoring of the Company's risk profile. In addition, it is responsible for overseeing the Company's compliance with its risk appetite statement, which sets forth the tolerance levels with respect to the amount and types of risks underlying the Company's business. The Risk Committee also reviews, and recommends any changes for Board approval to, the Company's risk appetite statement. Our other Board committees also share responsibility for the risk appetite statement by overseeing and approving applicable risk metrics, including risk limits and thresholds, for each of their relevant areas of responsibility.

BOARD & CORPORATE GOVERNANCE

Corporate Governance Principles

Table of Contents

Additionally, each Board committee is engaged in overseeing the Company's risks as they relate to that committee's respective areas of oversight. For example, the Audit Committee regularly oversees our risks relating to our accounting and financial reporting, as well as legal, information technology and security-related risks. The Compensation Committee engages in periodic risk assessments to review and evaluate risks in relation to our compensation programs. The Finance Committee actively oversees our capital, liquidity and financial management and the associated risks (whether as an ongoing matter or as it relates specifically to a transaction, such as an equity or debt securities offering). Our Governance Committee oversees our compliance functions and routinely reviews our compliance risks, including Bank Secrecy Act compliance. Moreover, the Credit Committee routinely oversees our management of credit risks. Each committee chairperson regularly reports to both the Risk Committee and the full Board on its risk oversight activities. In addition, the Board routinely engages in discussions with management about the Company's risk profile.

Annual Board Evaluation

The Governance Committee of the Board, in coordination with the full Board, conducts a periodic evaluation of the Board's performance and effectiveness, either the Board as a whole and/or on an individual director basis. The Governance Committee develops and implements a process for such evaluation and review, which may involve outside consultants or advisers and may include a review of how certain attributes affect Board effectiveness, such as Board size, meeting frequency, quality and timing of information provided to the Board, director communication, director education, director skills and qualifications, director independence and Board strategy sessions. The results of the evaluation are discussed with the Board. The Governance Committee also leads an evaluation of the performance and effectiveness of each of the Board's committees. All Board and committee evaluations are typically conducted on an annual basis. See *Board Committees Committee Governance* below.

Board Refreshment and Succession Planning

The Governance Committee primarily oversees the refreshment or succession planning of Board membership. Succession planning takes into account the importance of balancing the appropriate representation of experience and skills on the Board, with the benefits of Board refreshment. Identification of possible director candidates that possess the appropriate qualifications, desire to serve on a financial services public company board and are able to complement our existing Board can be a lengthy process. As such, the Governance Committee discusses recruiting strategies and actively considers potential director candidates, whether or not there is an immediate vacancy on the Board to fill. It may from time to time use outside recruiters to assist with identifying potential candidates. The Governance Committee also reports to, and discusses succession planning with, the full Board.

Oversight of CEO

Annual CEO Performance Evaluation

The independent members of the Board evaluate the performance of our CEO on an annual basis. Each year, the Governance Committee approves a process to solicit the Board's feedback. Our Chairman of the Board, together with the chairpersons of the Governance and Compensation Committees, then lead discussions with the Board (without the CEO present) to evaluate the CEO's performance, both generally as well as against certain predetermined annual goals.

CEO Succession Planning

As a matter of sound governance, the Board, as a whole or through a special committee, reviews and discusses the Company's contingency or long-term plans for CEO succession. These efforts involve seeking input from our current CEO and our Head of Human Resources, as well as external advisors, as appropriate. Any plans are reviewed and discussed with the Board.

The Governance Committee will consider Board nominees proposed by stockholders. In addition, our Bylaws permit stockholders to nominate directors for consideration at an annual stockholder meeting. For a description of the process for nominating directors in accordance with the Bylaws, please see *Stockholder Proposals and Director Nominations* below.

Board Diversity; Selection and Evaluation of Director Candidates

While the Board has not formally adopted a policy governing board diversity, it recognizes the importance of assembling a well-rounded, diverse body of directors. The Governance Committee, with the participation of the full Board, is primarily responsible for reviewing the composition of the Board and identifying candidates for membership on the Board in light of our ongoing requirements, the committee's assessment of the Board's performance and any input received from stockholders or other key constituencies. The Governance Committee makes determinations as to whether to recommend directors for re-election or director candidates for nomination to the Board based on such individual's skills, character, judgment and business experience, as well as his or her ability to diversify and add to the Board's existing strengths. Overall, the Governance Committee typically seeks an appropriate mix of individuals with diverse backgrounds and skills complementary to our business and strategic direction. Please see the description under *Director Qualifications* above for additional information.

Communications with the Board

Individuals who wish to communicate with our Board may do so by sending an e-mail to our Board at *bod@svb.com*. Any communications intended for non-management directors should be sent to the e-mail address above to the attention of the Board Chairman. Board-related communications are reviewed by the Chairperson of the Board and shared with the full Board as appropriate.

Code of Ethics

We maintain a Code of Ethics for the Principal Executive Officer and Senior Financial Officers (the *Code of Ethics*) that applies to our CEO, Chief Financial Officer, Chief Accounting Officer and other senior members of the Finance staff. A copy of the Code of Ethics is available on our website at *www.svb.com* under *About Us Investor Relations Corporate Governance*, or can be obtained without charge by any person requesting it. Table of Contents

BOARD COMMITTEES

We believe our Board has created a sound committee structure designed to help the Board carry out its responsibilities in an effective and efficient manner. There are six (6) standing Board committees: Audit, Compensation, Credit, Finance, Governance and Risk.

Committee Independence and Audit Committee Financial Experts

The Board has determined that each of the current members of the Audit Committee, Compensation Committee, Credit Committee, Governance Committee and Risk Committee are independent within the meaning of applicable SEC rules, NASDAQ director independence standards and other regulatory requirements, to the extent applicable.

In addition, the Board has determined that each of Messrs. Robinson and Dunbar and Ms. Krishnan are audit committee financial experts, as defined under SEC rules, and possess financial sophistication, as defined under the rules of NASDAQ.

Committee Governance

Committee Charters

Each committee is governed by a charter that is approved by the Board, which sets forth each committee's purpose and responsibilities. The Board reviews the committees' charters, and each committee reviews its own charter, on at least an annual basis, to assess the charters' content and sufficiency, with final approval of any proposed changes required by the full Board. The charters of each committee are available on our website, www.svb.com under *About Us Investor Relations Corporate Governance*.

The charters provide that each committee have adequate resources and authority to discharge its responsibilities, including appropriate funding for the retention of external consultants or advisers, as the committee deems necessary or appropriate.

Annual Committee Evaluations

The Governance Committee, in coordination with the Board, implements and develops a process to assess committee performance and effectiveness. Typically, the assessments are conducted on an annual basis, and include a self-assessment by each committee. The review includes an evaluation of various areas that may include committee size, composition, performance, coordination among committee members and among the standing committees, and involvement with the full Board. The results of the committee performance assessments are reviewed by each committee, as well as by the Governance Committee, and discussed with the full Board.

Committee Chairpersons/Membership, Responsibilities and Meetings

All committee chairpersons are independent and appointed annually by the Board of Directors. Each chairperson presides over committee meetings; oversees meeting agendas; serves as liaison between the committee members and the Board, as well as between committee members and management; and works actively and closely with management on all committee matters, as appropriate.

Each of the committees meets regularly, at least on a quarterly basis. The committees, typically through their committee chairpersons, routinely report their activities to, and discuss their recommendations with, the full Board. In addition, certain committees periodically hold extended meetings dedicated to discussing key strategic matters or other business items, that are relevant or subject to the committee's oversight responsibilities on a more in-depth basis.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD

The Report of the Audit Committee of the Board shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended (the Act), or under the Securities Exchange Act of 1934, as amended (the Exchange Act), except to the extent that we specifically incorporate the information contained in the report by reference, and shall not otherwise be deemed filed under such acts.

The Audit Committee is governed by a Board-adopted charter, a copy of which is available on our website at www.svb.com. The charter specifies, among other things, the scope of the committee's responsibilities and how those responsibilities are performed. All members of the Audit Committee are independent as defined by NASDAQ and the requirements of the Exchange Act, and meet the applicable heightened independence criteria under SEC rules. In addition, Messrs. Robinson and Dunbar and Ms. Krishnan meet the audit committee financial expert requirement as defined in Regulation S-K under the Exchange Act, and possess financial sophistication, as defined under the rules of NASDAQ.

Responsibilities of the Audit Committee

The primary responsibility of the Audit Committee is to act on behalf of the Board in fulfilling the Board's responsibility with respect to overseeing our accounting and reporting practices, the quality and integrity of our financial statements and reports and our internal control over financial reporting. The committee is responsible for the appointment (or reappointment) and the compensation of our independent registered public accounting firm, as well as for the review of the qualifications, independence and performance of the registered public accounting firm engaged as our independent auditors. Specifically, in reappointing KPMG LLP as the Company's independent registered public accounting firm for 2016, the Audit Committee considered, among other factors: KPMG's performance on prior audits; the quality, efficiency and cost of KPMG's services; KPMG's knowledge of the Company's business and the banking industry; and KPMG's overall relationship with the Audit Committee and management. (See *Other Proxy Proposals Principal Audit Fees and Services for more information about the Audit Committee's oversight of KPMG's audit and permissible non-audit fees.*)

In addition, the Audit Committee oversees our Internal Audit function, as well as other management functions including information technology and security. To the extent applicable, the committee also oversees the Company's material litigation matters, regulatory enforcement actions, and other legal proceedings.

The Audit Committee meets regularly in executive session with our independent auditor and our Head of Internal Audit (both separately and together), as appropriate.

Responsibilities of Management, Independent Auditor and Internal Audit

Management has the primary responsibility over the Company's financial statements and the reporting process, as well as our internal controls. Our independent registered public accounting firm, KPMG LLP, is responsible for expressing an opinion on the conformity of our audited financial statements with U.S. generally accepted accounting principles, as well as an opinion on the effectiveness of our internal control over financial reporting in accordance with the requirements promulgated by the Public Company Accounting Oversight Board (the PCAOB). KPMG LLP has served as our independent auditor since 1994.

Our Head of Internal Audit reports directly to the Audit Committee (and administratively to the CEO). Under his direction, our Internal Audit function is responsible for preparing an annual audit plan and conducting internal audits

intended to evaluate the Company's internal control structure and compliance with applicable regulatory requirements.

Financial Reporting for 2016

The Audit Committee has reviewed and discussed with management its assessment and report on the effectiveness of our internal control over financial reporting as of December 31, 2016, which it made using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control – Integrated Framework (2013). The committee also has reviewed and discussed with KPMG LLP its review and report on our internal control over financial reporting.

The Compensation Committee oversees and approves our director compensation. In doing so, the Compensation Committee reports to and, as appropriate, consults with, the full Board on all relevant matters.

(1) Values indicated for annual director equity awards reflect the fair value of restricted stock units granted during the fiscal year. Such values were computed in accordance with the Financial Accounting Standards Board Accounting Standards Codification Topic 718. The actual value realized is subject to our stock price performance on the date of settlement.

Elements of Director Compensation

Compensation for our non-employee directors reflects a combination of cash (annual retainer fees and committee meeting fees) and equity (annual restricted stock unit awards). In April 2016, the Compensation Committee eliminated meeting fees for meetings of the full Board, and increased the annual non-employee director retainer from \$35,000 to \$60,000.

Annual Director Retainer Fee \$60,000

<i>Annual Chairperson Fee</i>	\$90,000, Board Chair
	\$20,000, Audit Committee Chair
	\$15,000, Compensation Committee and Risk Committee Chairs
	\$12,000, Credit, Finance and Governance Chairs
<i>Committee Meeting Fees</i>	\$2,500 (in-person)/\$1,250 (telephonic), Audit Committee
	\$1,500 (in-person)/\$750 (telephonic), all other committees
	\$5,000 per day, for Audit Committee strategic planning or other extended meetings
	\$3,000 per day, for strategic planning or other extended meetings for all other committees
<i>Annual Equity Retainer Award</i>	Grant of restricted stock units subject to annual vesting with a total value of approximately \$200,000 and \$100,000 for the Board Chair and each of the other non-employee directors, respectively

The members of the Board are also eligible for reimbursement for their reasonable expenses incurred in connection with attendance at meetings or the performance of their director duties in accordance with Company policy.

Director Equity Compensation; Deferral Elections

Our annual equity retainer awards are typically granted to directors in the form of restricted stock units. The awards are approved by the Compensation Committee and typically granted approximately one month after the annual meeting of stockholders. The awards typically vest in full upon the completion of the annual director term on the date of the next annual meeting. In 2016, the directors were granted an aggregate of 10,835 restricted stock units with a scheduled vesting date of the upcoming Annual Meeting.

BOARD & CORPORATE GOVERNANCE

Director Compensation

Table of Contents

Non-employee directors may elect an irrevocable deferral of the settlement of restricted stock unit awards until the earliest of: (i) a specific future settlement date that meets the requirements of Section 409A of the Internal Revenue Code of 1986, as amended, (ii) separation from service, (iii) the date of a change in control, (iv) death or (v) the date of disability. Elections will apply to restricted stock unit awards received during 2016. Mses. Krishnan and Mitchell elected to defer the settlement of their 2016 equity grants of 985 restricted stock units each.

Equity Plan Limits Applicable to Directors

Equity grants to directors are subject to the terms of our 2006 Equity Incentive Plan, as amended (the *2006 Equity Incentive Plan*) including the following limitations (as provided under the plan):

No non-employee director may be granted, in any fiscal year, awards covering shares having an initial value greater than \$500,000.

Annual director grants may become fully vested no earlier than the last day of the director's then current annual term of service, subject to certain limited exceptions as provided under the plan.

Determination of Director Compensation

Each year, the Compensation Committee, together with its independent compensation consultant, conducts a comprehensive review of director compensation, taking into consideration our overall compensation philosophy, as well as competitive compensation data from the Company's 2016 Peer Group and other relevant and comparable market data and trends. The committee routinely reviews each of the various pay components, the form and amount of payment, as well as the cash/equity compensation mix. Based on such review and any recommendations from its independent compensation consultant, the Compensation Committee may make changes to director compensation to the extent it deems appropriate.

Director Equity Ownership Guidelines

Under the current equity ownership guidelines for our non-employee directors, each non-employee member of the Board of Directors is expected to hold, within five years of becoming a director, shares of our Common Stock that have a minimum value equivalent to 600% of his or her annual retainer fee.

The Compensation Committee is responsible for setting and periodically reviewing the equity ownership guidelines. Equity ownership requirements for directors are established based upon a competitive review and subsequent recommendations by the committee's independent compensation consultant. The Governance Committee is responsible for overseeing director compliance with these guidelines, and reviews directors' holdings on a quarterly basis. Any exceptions to meeting the guidelines due to personal financial or other reasons are reviewed and determined by the Governance Committee.

As of December 31, 2016, all non-employee directors had attained the applicable ownership requirements or otherwise remained on target to meet such requirements within the established compliance time frame.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Policy

Our policy on related party transactions (*Related Party Policy*) governs transactions involving us and certain related persons that are required to be disclosed under Item 404 of SEC Regulation S-K (*S-K 404*). We regularly monitor our business dealings and those of our directors and executive officers, as appropriate, to determine whether any such dealings would constitute a related party transaction under the Related Party Policy. Generally, under the policy, any transaction, arrangement or relationship will be considered an interested transaction subject to the review or approval of the Audit Committee, if: (i) we are a participant in the transaction; (ii) the aggregate transaction amount involved will or may be expected to exceed \$120,000 in any calendar year; and (iii) a related person or party has or will have a direct or indirect material interest in the transaction. The following persons are considered *Related Parties* under the Related Party Policy: (i) any director or executive officer of the Company; (ii) any nominee for director of the Company; (iii) any holder of more than 5% of our Common Stock; and (iv) any immediate family member of any of the above.

We have implemented a framework to help identify potential related party transactions, which may include from time to time, loan transactions by the Company or the Bank, investment transactions, compensation arrangements, or other business transactions involving us or our subsidiaries. Under this framework, we have processes in place that are designed to identify, review and escalate, as appropriate, proposed transactions involving a potential Related Party. Employees are also expected to escalate any transaction involving potential conflicts of interests pursuant to our Code of Conduct.

The Audit Committee has primary responsibility for reviewing these transactions for potential conflicts of interests and approving them (or denying approval, as the case may be). Under the Related Party Policy, the Audit Committee's approval may be granted in advance, ratified or based on certain standing approvals previously authorized by resolution. The Audit Committee may delegate its approval authority under the Related Party Policy to the committee chairperson. Additionally, the Credit Committee reviews and approves certain related party loan transactions as described below, and the Governance Committee takes into consideration related party transactions involving our directors as part of its annual director independence review.

Insider Loan Policy

We also have in place a policy that permits the Bank to make loans (*Insider Loans*) to directors, executive officers and principal stockholders of the Bank or its affiliates and the related interests of those Insiders (*Insiders*), pursuant to the applicable requirements of Regulation O of the Federal Reserve Act (*Regulation O*). Insider Loans qualify for an exemption from Section 402 of the Sarbanes-Oxley Act of 2002, as they are made by the Bank and subject to Regulation O.

Pursuant to Regulation O, our Insider Loan policy authorizes the Bank to make Insider Loans if such Insider Loans: (i) are approved in advance by a majority of the Board of Directors of the Bank, if the aggregate amount of all outstanding extensions of credit to the Insider and to all related interests of the Insider exceeds \$500,000; (ii) are extended under substantially the same terms and conditions and rates as those prevailing at the time of the Insider Loan for comparable transactions with non-Insider Bank clients; and (iii) do not have more than a normal risk of

failure of repayment to the Bank or other unfavorable features. The Insider whose credit extension is subject to Board approval may not participate either directly or indirectly in the voting to approve such extension of credit.

Related Party Transactions

Ordinary Course Loan Transactions

Except as described below, during 2016 the Bank made loans to Related Parties, including certain companies in which certain of our directors or their affiliated venture funds are beneficial owners of 10% or more of the equity securities of such companies. Such loans: (i) were made in the ordinary course of business; (ii) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons; and (iii) did not involve more than the normal risk of collectability or present other unfavorable features.

Table of Contents*Employee Matters*

SVB also maintains an Employee Home Ownership Program (*EHOP*), a benefit program that allows eligible non-executive employees of the Bank and its affiliates to receive mortgage loans at preferred rates. Generally, executive officers may not participate in the EHOP unless they have received a loan prior to their appointment as executive officers, as was the case for Messrs. John China and Phil Cox. In March 2009, Mr. China received an EHOP mortgage loan in the amount of approximately \$1.2 million, which became due as of April 1, 2016. The loan was fully repaid on April 8, 2016. No late fees or other penalties were incurred pursuant to the terms of the loan. In September 2011, Mr. Cox received an EHOP mortgage in the amount of approximately \$311,000, which matures in October 2018.

In 2016, Mr. Jon Wolter, a vice-president of SVB and the son-in-law of Ms. Joan Parsons, also received a mortgage loan through our EHOP in the amount of approximately \$1.2 million, which matures in December 2023. In addition, Mr. Wolter's total compensation for 2016 was approximately \$189,100 (including his base salary, bonuses, company contributions to his 401(k)/ESOP account, but excluding other normal benefits provided to all employees). His compensation is in accordance with our standard employment and compensation practices applicable to employees with similar qualifications and responsibilities. Ms. Parsons does not participate in matters related to Mr. Wolter's employment or compensation.

We also maintain a series of employee-funded investment funds known as Qualified Investors Funds (*QIFs*), which invest employees' own capital in certain funds, including certain SVB Capital funds. We pass on the cost of external expenses to the QIF participants and do not charge a management fee. Participating employees must meet certain eligibility qualifications pursuant to applicable regulatory requirements. Messrs. Becker, Cadieux, China, Cox, Descheneaux, Wallace and Zuckert and Mmes. Draper and Parsons have each made commitments to QIFs in commitment amounts ranging from \$50,000 to \$250,000.

Vendor Arrangements

In 2016, we also entered into an engagement with BlackRock Financial Management, Inc. to perform certain independent compliance testing services related to the effectiveness of the Company's Volcker Rule compliance program, for a fee of approximately \$150,000. In addition, we engaged The Vanguard Group as the record-keeper and trustee of our 401(k) and Employee Stock Ownership Plan, as well as the record-keeper of our Deferred Compensation Plan. Our transition to Vanguard became effective in January 2017, and as such, no fees were incurred in connection with these arrangements during the 2016 fiscal year. Each of BlackRock, Inc. and The Vanguard Group, together with their respective affiliates, is a greater than 5% owner of our outstanding voting securities.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

We believe, based on a review of Forms 3, 4 and 5 and amendments thereto filed with the SEC and other information known to us, that during fiscal year 2016 our directors, officers (as defined in the rules under Section 16 of the Exchange Act), and any greater than 10% stockholders have complied with all Section 16(a) filing requirements in a timely manner.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (*CD&A*) discusses our 2016 executive compensation program, as it relates to our five named executive officers listed below.

CD&A EXECUTIVE SUMMARY

Message from the Compensation Committee

The Compensation Committee of the Board of Directors has primary oversight over the design and execution of the Company’s executive compensation program. While we did not make any material changes to the design of our 2016 executive compensation program consistent with prior years, we continued to focus on:

Setting challenging performance metrics aligned with our strategic business and growth objectives, as well as stockholder interests;

Establishing a compensation framework that incents consistent and sustainable long-term performance, but without encouraging undue risk-taking; and

Determining compensation based on an appropriate balance of formulaic considerations, as well as Compensation Committee judgment.

Despite a year of continued low interest rates, increasing regulatory complexities and strong competition, we believe the compensation paid to our executives for 2016 was commensurate with the strong performance delivered on both an individual and Company basis. (*For a summary of our 2016 financial and business highlights, please see the Summary Performance and Proxy Information section at the beginning of this Proxy Statement.*) The compensation framework we have established continues to be focused on our long-term global growth and we look forward to our continued execution against our strategic objectives in 2017.

2016 CEO COMPENSATION AND OTHER HIGHLIGHTS

CEO PAY ALIGNMENT WITH COMPANY PERFORMANCE

The Compensation Committee takes into consideration a variety of factors in determining actual CEO compensation. For illustrative purposes, the graphs above show the general comparison between our CEO's total actual compensation (as reported in our 2016 Summary Compensation Table) and selected key financial metrics:

Diluted Earnings per Common Share (EPS) and Net Income both core financial metrics are generally used to evaluate overall Company performance.

i The metrics are also taken into consideration, in particular, for the determination of the CEO's ICP award.

i Net income includes fee income from our foreign exchange and credit card-based businesses. Such selected fee income is one of the performance metrics applicable to executive PRSU awards.

Relative Return on Equity (ROE) Performance one of the metrics used to measure performance against our relevant peer group for purposes of determining the funding of our ICP.

EQUITY STEWARDSHIP

In 2016, we maintained an annual equity burn rate of 1.7% under our 2006 Equity Incentive Plan.

We continue to stay below our long-standing commitment to keep our annual equity burn rate below 2.5% of our total number of shares outstanding as of the beginning of each fiscal year.

Independent Board oversight of CEO compensation. The independent members of our Board of Directors (acting as a committee) oversee and approve the compensation of our CEO, based on recommendations made by the Compensation Committee.

Independent committee oversight of non-CEO executive compensation. Our Compensation Committee (comprised of all independent directors) oversees and approves the compensation of all non-CEO executive officers.

Independent compensation consultant to the Compensation Committee. The Compensation Committee's independent compensation consulting firm does not provide any other services to the Company.

Active Compensation Committee engagement. In 2016, the Compensation Committee held twelve (12) meetings to discuss compensation matters, including an extended annual compensation strategy session.

FOCUS ON STOCKHOLDER INTERESTS

Say on Pay. We conduct a Say on Pay advisory vote on an annual basis. Our Board of Directors values the opinions of our stockholders and believes an annual advisory vote allows our stockholders to provide us with their input on our executive compensation program.

Robust executive equity ownership guidelines. Our executives are subject to robust equity ownership guidelines, which are regularly reviewed. In particular, our CEO's minimum requirement is equal to six (6) times his annual base salary. (No changes were made in 2016.)

Active stockholder engagement. In addition to our active investor outreach activities throughout the year, as part of our annual proxy statement preparation process, we routinely and proactively reach out to our key stockholders to solicit their feedback about our executive compensation program, including our equity compensation practices.

Focus on stockholder return. Our performance metrics for our executives' PRSUs and the funding of our ICP include our relative TSR performance and the Company's

relative ROE performance, respectively, which in both cases include performance as measured against our peers.

COMPENSATION RISK MITIGATION AND MANAGEMENT

Compensation risk management. The Compensation Committee, together with its compensation consultant, conducts annual risk assessments of our compensation program, which include process, tone and culture. Based on those assessments, we do not believe that our compensation program creates risks that are reasonably likely to have a material adverse effect on the Company. Our compensation program is also reviewed by our internal audit function, as well as discussed as part of our Risk Appetite Statement and enterprise risk management efforts. Moreover, our compensation programs and risks are routinely discussed at the Board-level beyond the Compensation Committee. In particular, the chairperson of our Compensation Committee reports to and discusses compensation risk issues with the full Board and the Risk Committee. Compensation matters are also reviewed with the Audit Committee, particularly as it relates to exclusions under our ICP funding.

Our incentives are subject to certain minimums and maximum limits. We establish minimum thresholds for certain incentives where awards/payouts may not be earned or made unless actual performance meets or exceeds thresholds, such as our PRSUs. We also establish maximum limits for our executive PRSU awards, our annual cash incentives funding, and our broad-based employee stock ownership plan.

No hedging or pledging. Pursuant to our Insider Trading Policy, our directors, executive officers and employees are not permitted to hedge ownership by selling puts in or selling short any of our publicly-traded securities at any time. Additionally, we have not permitted any of our executive officers to pledge, or use as collateral, our securities to secure personal loans or other obligations.

EXECUTIVE COMPENSATION PHILOSOPHY AND OBJECTIVES

The key compensation philosophy and objectives of our executive compensation program and practices are as follows:

- Aligning the interests of our stockholders, our Company and employees;
- Tying pay to Company and individual performance through appropriate performance metrics and consideration of market and business environment dynamics;
- Maintaining an appropriate pay mix, with an emphasis on performance-based pay and long-term incentive compensation;
- Paying competitively based on external market standards, while considering internal parity;
- Recruiting and maintaining a cohesive, top-talent executive management team; and
- Focusing on strong governance and risk management practices.

Our compensation philosophy and program take into consideration our business objectives (including our long-term global growth); the relative complexity our business diversity represents in an organization of our size; stockholder interests; appropriate risk management practices; emerging trends in executive compensation (particularly for financial institutions); applicable regulatory requirements; and market practices.

COMPENSATION GOVERNANCE

Role of Compensation Committee; Committee Meetings

All members of the Compensation Committee are independent under applicable NASDAQ rules. The Compensation Committee has primary oversight of our executive compensation program as provided in its charter, including the design and administration of executive compensation plans in a manner consistent with the executive compensation philosophy described above. The committee: (i) reviews and recommends for independent Board approval the compensation of the CEO, and (ii) reviews and approves the compensation of all other non-CEO executive officers. In carrying out its oversight responsibilities, the committee regularly reports to the Board on the actions it has taken, as well as confers with the Board on compensation matters, as necessary. The Compensation Committee also makes recommendations for all other compensation-related matters that require full Board approval. Additionally, the committee coordinates with other Board committees, as appropriate, including discussing: (i) compensation risk management with the Risk Committee, and (ii) financial items proposed for exclusion from the funding of our ICP with the Audit Committee. Membership of the Risk Committee includes the chairperson of the Compensation Committee, as well as one other member of the Compensation Committee who also serves as the chairperson of the Audit Committee.

The Compensation Committee meets on a regular basis, and routinely meets in executive session without management present. During 2016, the Compensation Committee held twelve (12) meetings, including an extended annual session where the Compensation Committee met with the Board Chair, as well as key members of executive management, including the CEO, the Chief Financial Officer, the Head of Human Resources and the General Counsel, to discuss considerations for reviewing and enhancing compensation strategy in light of the Company's strategic objectives, as well as relevant market trends.

Role of the Independent Board Members

Subject to the recommendation of the Compensation Committee, all of the independent directors of the Board (all Board members except the CEO, acting as a committee) review and approve the compensation for the CEO. Such review and approval are conducted during the executive sessions, where neither the CEO nor any other member of management is present.

Role of Chief Executive Officer

At the Compensation Committee's request, our CEO will attend portions of the Compensation Committee's meetings and executive sessions to discuss the Company's performance and compensation-related matters. While he does not participate in any deliberations relating to his own compensation, he shares his assessment of the performance of the other executive officers with the Compensation Committee. Based on his assessment and the Company's overall performance, our CEO makes recommendations to the Compensation Committee on any compensation decisions or changes for the other executive officers. The committee considers the CEO's recommendations, as well as data and analyses provided by the Compensation Committee's independent consultant (and to a lesser extent, management), but retains full discretion to approve, or recommend for the independent members of the Board to approve, all executive compensation.

Role of Compensation Committee Consultant

The Compensation Committee has continued to retain Pay Governance LLC, an independent executive compensation consultant, to provide advice and recommendations on all compensation matters under its oversight responsibilities as defined in the Compensation Committee's charter. The Compensation Committee in its sole discretion selects the consultant, and determines its compensation and the scope of its responsibilities.

In 2016, Pay Governance assisted the Compensation Committee with: advice and recommendations regarding the Company's compensation philosophy and strategies; advice on executive and director compensation levels and practices, including review and recommendations on CEO and other executive compensation and evaluation of CEO pay and Company performance; advice on the Company's 2016 Peer Group; guidance on the design of our compensation plans and executive/director stock ownership guidelines; evaluation of performance metrics and peer performance; assistance with the Compensation Committee's annual review of potential risks associated with our compensation programs; recommendations regarding our 2006 Equity Incentive Plan; and periodic reports to the Compensation Committee on market and industry compensation trends and regulatory developments. The Compensation Committee did not engage Pay Governance for any additional services outside of executive and director compensation consulting during 2016. In addition, the Compensation Committee does not believe there were any potential conflicts of interest that arose from any work performed by Pay Governance during 2016.

ANNUAL SAY ON PAY

We submit an advisory vote on executive compensation, or Say on Pay, to our stockholders on an annual basis. In 2016, over 98.5% of the votes cast approved our 2015 executive compensation program (as described in our 2016 proxy statement). In light of the strong support and other feedback we have solicited from our stockholders, the Compensation Committee made no material changes to our compensation philosophy, policies or overall program. Nevertheless, we continue to carry out our executive compensation program based on our key philosophy and objectives as described above. The Compensation Committee will continue to consider changes to the program on an ongoing basis, as appropriate, in light of evolving factors such as our corporate strategy, the business environment and competition for talent, as well as stockholder feedback.

Table of Contents**COMPETITIVE BENCHMARKING AGAINST PEERS**

For 2016, the Compensation Committee benchmarked and compared our compensation and performance with our peer companies, in a manner consistent with prior years. Our **2016 Peer Group** companies are companies that are similarly sized, have certain business model similarities and compete with us for our talent. (See below for a list of our 15 peer group companies for 2016.)

The Compensation Committee, with its compensation consultant and management, reviews on at least an annual basis, the composition of the peer group. In determining the composition, the Compensation Committee considers various factors and characteristics including, but not limited to, business model, complexity of the business, market capitalization, asset size, assets under management, number of employees, and performance on financial and market-based measures.

The 2016 Peer Group reflects the removal of two companies from our 2015 Peer Group: (i) City National Corp., which was acquired during 2015; and (ii) MB Financial, Inc., due to the lower total asset level relative to the Company. No new companies were added to the 2016 Peer Group.

It is important to note that in determining executive compensation, the Compensation Committee does not solely rely on comparative data from the 2016 Peer Group. Such comparative data provides helpful market information about our peer companies, but the Compensation Committee does not target any specific positioning or percentile, nor does it use a formulaic approach, in determining executive pay levels. The Compensation Committee also utilizes other resources, including published compensation surveys (from Towers Watson and McLagan) and other proxy data. All such comparative peer data and supplemental resources are considered, along with the Company's pay for performance and internal parity objectives. All applicable information is reviewed and considered in aggregate, and the Compensation Committee does not place any particular weighting on any one factor.

Table of Contents**BASE SALARY**

We pay base salaries in order to provide executives with a reasonable level of fixed short-term compensation. Executive base salary levels are typically reviewed at least annually by the Compensation Committee and adjusted as appropriate. Such adjustments generally consist of merit increases, promotions or changes in responsibilities, or market adjustments. Base salaries are determined on an individual basis. When determining any base salary increases, the Compensation Committee considers an individual's total compensation package, his or her performance, Company performance, comparative peer and market compensation data, internal parity, and other relevant factors, including the scope of the executive's responsibilities relative to peers and other executives, and retention concerns.

NEO	Percentage Increase from 2015	2016 Annual Base Salary
Greg Becker	1.6 %	\$ 925,000
Michael Descheneaux		600,000
Marc Cadieux	5.9	450,000
John China	4.2	500,000
Joan Parsons	4.2	500,000

In 2016, each NEO, except our Chief Financial Officer, received merit increase adjustments to their base salaries based on individual performance, salary market positioning relative to peers, and internal parity, as appropriate.

ANNUAL CASH INCENTIVES

NEO	Percentage Increase from 2015	2016 Annual ICP Target (% of Annual Base Salary)
Greg Becker	11.1%	100%
Michael Descheneaux	16.7	70

Marc Cadieux		50
John China	16.7	70
Joan Parsons	16.7	70

Our executives, including our NEOs, participate in the Company's Incentive Compensation Plan (*ICP*), an annual cash incentive plan that rewards performance against individual and Company objectives.

Each executive participant is assigned an incentive target, stated as a percentage of the individual's annual base salary. Based on the Compensation Committee's annual compensation review, in 2016, *ICP* targets for NEOs, except for our Chief Credit Officer, were increased to align targets with peer and market compensation and to continue to balance overall total target pay mix.

ICP Funding

Each year, the Compensation Committee establishes one or more metrics that it will use to measure Company performance for *ICP* funding purposes. These metrics measure the Company's performance on an absolute basis, as well as relative to peers. Based on those metrics and overall Company performance, the Compensation Committee will also determine the extent to which the Company will fund the incentive pool for the broad employee base, including executive officers.

Performance Metrics for *ICP* Funding

For 2016, the Compensation Committee utilized the same methodology for funding the *ICP* as in prior years in all material respects. The committee continued to believe that return on equity (*ROE*) is an appropriate indicator of financial performance that drives stockholder value, especially if performance is measured against the Company's target objectives, as well as peer performance. Accordingly, the Compensation Committee continued to apply the following two performance metrics: (*See graphs below.*)

ROE measured against budget

ROE relative to 2016 Peer Group

ROE Performance Against Annual ROE Target (Two-Thirds (2/3) of Pool) - Two-thirds (2/3) of the total incentive pool is funded based on the Company's *ROE* performance relative to our Board-approved annual target *ROE*. The graph below illustrates the relationship in 2016 between: (i) achieved (but adjusted for the exclusions discussed below) *ROE* of 10.53% as a percentage of our annual target *ROE* (which was budgeted for 2016 at 9.91%), and (ii) the percentage of the target incentive pool accrued. There is a funding maximum of 200% of target (for achievement of 150% or over of our target *ROE*).

In addition, the Compensation Committee retains discretion to determine the extent to which the Company met its *ICP* performance target, including discretion to consider adjustments for certain out of the ordinary or non-recurring items. Adjustments are determined by the Compensation Committee, in coordination with the Audit Committee.

EXECUTIVE OFFICERS & COMPENSATION

Compensation Discussion & Analysis

Table of Contents

For 2016, excluded items included: (i) certain gains or losses of the Company's investment securities (including non-marketable securities, warrant securities and available-for-sale securities), largely because performance of such securities are subject to market performance beyond the Company's control; (ii) any impact from changes in Federal Reserve interest rates (other than any changes already included in the annual budget); and (iii) certain expense adjustments due to refinements and enhancements to our allowance for loan and lease losses methodology as well as changes to our deferred tax balances. The net impact of these exclusions resulted in a lower adjusted ROE metric that reduced the overall funding of the ICP pool.

ROE Performance Against 2016 Peer Group (One-Third (1/3) of Pool) - For 2016, the Compensation Committee also established ROE relative to the 2016 Peer Group as an additional ICP performance metric to fund 1/3 of the total pool. As illustrated in the graph below to the right, there is no payout if our performance falls in the bottom four positions, and a payout maximum in the top three positions. The extent of funding earned is subject to straight-line interpolation based on ROE performance between the third and thirteenth ranked companies.

2016 Results:

Achieved 106.3% of our Annual ROE Target

Ranked in the 5th position against our 2016 Peer Group.

* While the Compensation Committee retains discretion to fund a portion of the bonus pool if performance thresholds are not achieved, this discretion was not exercised in 2016.

For 2016, the Compensation Committee determined that: (i) 2/3 of the total ICP pool would be funded at 113% of target, based on the Company's ROE performance, as adjusted, after taking into account the adjustments as discussed above; and (ii) 1/3 of the total ICP pool would be funded at 180% of target, based on the Company's relative ROE performance, ranking in the fifth position against the 2016 Peer Group. As a result, the Compensation Committee approved the funding of the total ICP pool at 135% of total target.

2016 NEO ICP Awards

The Compensation Committee (or in the case of the CEO, the independent members of the Board) determines actual annual cash incentive awards for the NEOs based upon the individual's target incentive level, the Company's performance, and the NEO's individual performance. ICP awards for NEOs may be at, above, or below the target incentive. For 2016, each NEO was awarded the ICP amounts set forth in the table to the right.

	2016
NEO	ICP Award
Greg Becker	\$ 1,148,750

Michael Descheneaux	625,000
Marc Cadieux	375,000
John China	525,000
Joan Parsons	475,000

In determining such 2016 awards, the Board considered Mr. Becker's performance assessment conducted by the independent members of the Board, and the Compensation Committee considered the performance assessments of each of the other NEOs as conducted by Mr. Becker, as well as input from the independent members of the Board. (See *Corporate Governance Principles and Board Matters - Oversight of CEO - Annual CEO Performance Evaluation* above.)

In addition, the independent members of the Board (with respect to Mr. Becker) and the Compensation Committee (with respect to the other NEOs) considered a variety of factors that they believed to be relevant, including: (i) the overall strong

performance of the Company and the respective areas of oversight of each NEO, and (ii) each NEO's contributions to our business and financial results, execution of our 2016 corporate initiatives, corporate risk management, and broader leadership within the organization. Specifically for Mr. Becker, key factors considered included:

Continued 2016 profitability:

Annual EPS increase by 10%

Annual net income available to common stockholders increase by 11%

Healthy Company growth:

Total average asset growth by 8%

Total average loan balances (net of unearned income) increase by 24%

Total average client funds (deposits and total client investment funds) balance growth by 9%

Continued growth in non-GAAP core fee income of 19% (*see Appendix A*)

Continued stability of credit performance

Demonstrated leadership in the Company's long-term strategic planning

Continued global growth, including expansion into the European and Canadian markets

Strong client focus; growth in market share 16% increase in net client count

Corporate focus on enterprise risk management and regulatory compliance

Ongoing development of executive leadership team

LONG-TERM EQUITY INCENTIVES

The Company believes that equity-based awards, particularly in combination with the Company's equity ownership guidelines as discussed below, tie each of the NEOs compensation to the Company's long-term financial performance and align the interests of the NEOs and our stockholders. The Compensation Committee typically makes equity awards to each NEO at the time the individual is hired or promoted, and annually thereafter. The size of the awards reflects the overall number of shares available to the Company under our equity incentive plan, the Compensation Committee's determination of an appropriate annual equity burn rate (the percentage of total shares outstanding that the Company has issued during the year in the form of equity compensation), the NEO's role and performance, and the market compensation data for the NEO's external peers.

**Allocation of Total
Equity Award for
NEOs**

In 2016, the Compensation Committee continued to focus on long-term, performance-based equity compensation, keeping consistent with the equity mix from the prior year. The committee determined a target equity award total value for each NEO based on peer benchmarking comparisons, and granted a mix of 50% performance-based RSUs, and 25% each of stock options and time-based vesting RSUs.

Stock Options and Restricted Stock Units (RSUs)

Stock options and restricted stock units are subject to annual vesting over a four-year period. The stock options have a maximum term of seven years. No performance-based criteria was established, as the increase in the value of these stock options, and the value of the RSUs, are inherently tied to the future performance of the Company's common stock. 2016 annual stock option and RSU grants were made effective as of May 2, 2016.

Performance-based Restricted Stock Units (PRSUs)

Performance-based restricted stock units are earned based on the achievement of certain performance metrics, as determined by the Compensation Committee. These metrics typically measure the Company's performance on an absolute basis, as well as relative to peers. After the end of the specified performance period, the Compensation Committee will determine whether (and to what extent) the NEOs earned the PRSUs, subject to a maximum total payout of 150% of target award.

**Performance
Metrics for**

PRSUs

For 2016 (and consistent with the prior year), the NEOs were granted, effective as of February 16, 2016, PRSUs that were subject to performance-based vesting over a three-year period (from 2016 through 2018) and certain designated performance metrics. To the extent earned, these awards are subject to additional time-based vesting through January 30, 2019. The PRSUs are designed to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. 2016 represents the first year of a three-year performance period, hence none of the PRSUs granted in 2016 have been earned.

Compensation Discussion & Analysis

Table of Contents

The performance metrics for the 2016 PRSUs are described below:

Relative TSR Against 2016 Peer Group (50% of Award). Fifty percent of the PRSU award is funded at a maximum payout of 150% of target, and earned (subject to additional time-based vesting) based on the Company's TSR¹ performance over a three-year performance period as ranked against the 2016 Peer Group (*Relative TSR*). (The Compensation Committee may apply negative discretion to reduce the actual award, as it deems appropriate.) The committee selected Relative TSR as a key PRSU performance metric because it correlates directly with the Company's stock price performance, which aligns with stockholder interests. No payout is made if the Company ranks in any of the bottom four positions.

ROE Funding Threshold and Selected Fee Income Target (50% of Award).

- i The other fifty percent of the PRSU award is funded at a maximum payout of 150% of target and earned (subject to additional time-based vesting) based on the Company's achievement of a three-year annual average ROE performance threshold of 5% or higher. (No funding if ROE falls below 5%.) (The Compensation Committee may apply negative discretion to reduce the actual funding, as it deems appropriate.) For 2016, the Company's actual ROE exceeded the 5% funding threshold.
- i If the ROE performance threshold is achieved and funding has been established, the Compensation Committee will, as it deems appropriate, determine the extent of the award earned based on the Company's performance against the three-year annual average of its budgeted annual income from foreign exchange fees and credit card fees (*Selected Fee Income*). The budgeted income targets shall be specified in the Company's overall annual budget as approved by the Board of Directors. The Compensation Committee determined Selected Fee Income as an additional PRSU performance metric mainly due to the desire to diversify the Company's sources of income, in particular, non-interest income. Our foreign exchange and credit card-based businesses are key parts of our business targeted for growth. For 2016, the Company achieved \$172.4 million in Selected Fee Income, or 98% of the budgeted total.

2016 Results-to-date (Year 1 of 3-Year Performance Period):

Ranked in the 9th position against our 2016 Peer Group.

Achieved 98% of our Budgeted Selected Fee Income.

Previously Granted PRSU Awards for Performance Period Ended in 2016

In 2014, our NEOs were granted PRSU awards subject to a single performance metric of relative TSR performance over a three-year performance period (2014-2016). Upon completion of the performance period, the Compensation Committee determined that the Company's relative TSR performance ranked 5th against the applicable 2014 peer group (of 20 companies) and consequently, that the maximum award of 150% of the target PRSU awards were earned.

The awards were subject to a brief time-based vesting requirement, and were fully vested as of January 30, 2017.

¹ TSR is measured based on the average closing stock price for the last two months of the applicable performance period and the average closing stock price for the two months immediately preceding the performance period, with dividends reinvested.

EXECUTIVE BENEFITS AND OTHER EXECUTIVE COMPENSATION-RELATED MATTERS**Executive Benefits***Employee Retirement Benefits*

Our NEOs are eligible to participate in our SVB Financial Group 401(k) (*401(k) Plan*) and Employee Stock Ownership Plan (*ESOP*), our combined qualified retirement and profit sharing plan that is generally available to all of the Company's U.S. employees. Our NEOs participate in the plan on the same terms as all other eligible employees. Other than our 401(k) Plan, we do not provide any pension, excess retirement or SERPs to our NEOs.

Under our 401(k) Plan, our U.S. employees, including our NEOs, may make voluntary pre-tax and/or Roth post-tax deferrals up to the maximum provided for by IRS regulations. The Company provides dollar-for-dollar matching contributions up to a maximum of 5% of cash compensation or the Internal Revenue Section 401(a) compensation limit, whichever is less. Company 401(k) matching contributions vest immediately upon deposit into the individual's 401(k) account.

The plan also includes a profit sharing component. Under the ESOP, we may make discretionary annual contributions for U.S. employees, as determined by the Compensation Committee. ESOP contributions may be in the form of cash, the Company's common stock or a combination of both, and are subject to certain vesting conditions. Contributions are determined based on the Company's performance and are not adjusted to reflect individual performance.

For 2016, the Compensation Committee established performance criteria based on the Company's adjusted ROE against budget (same as the calculation of 2/3 of the total ICP pool) to fund the ESOP contribution, and set the funding level to 1.25% (reduced by 50% from the prior year as part of our ongoing initiatives to reduce non-interest expenses) of eligible compensation based on target ROE performance. Despite a higher allowable maximum under the ESOP, the Compensation Committee has committed to a funding maximum of 5%. Based on the Company's 2016 above-target ROE performance, the Compensation Committee approved a contribution of 1.4% of eligible compensation in cash (50%) and the Company's common stock (50%) for all eligible participants.

Deferred Compensation

We do not provide NEOs with any Company-funded deferred compensation benefits. However, in order to help them achieve their retirement objectives, we offer each NEO the opportunity to tax-defer a portion of their income, beyond what is allowed to be deferred in the Company's qualified retirement plan. Specifically, under our DCP, each individual may defer 5% to 50% of their base pay and 5% to 100% of eligible incentive payments during each plan year. The DCP is an unfunded plan, and participating executives bear the risk of forfeiture in the event that we cannot fund DCP liabilities. We do not match executive deferrals to the DCP, nor do we make any other contributions to the

DCP. See *Compensation for Named Executive Officers Non-Qualified Deferred Compensation* below.

We establish and maintain a bookkeeping account for each participant that reflects compensation deferrals made by the executive along with any associated earnings, expenses, gains and losses. The amount in a participant's account is adjusted for hypothetical investment earnings or losses in an amount equivalent to the gains or losses reported by the investment options selected by the participant from among the investment options designated for this purpose by the Company. A participant may, in accordance with rules and procedures we establish, change the investments to be used for the purpose of calculating future hypothetical investment adjustments to the participant's account. The account of each participant is adjusted each business day to reflect: (a) the hypothetical investment earnings and/or losses described above; (b) participant deferrals; and (c) distributions or withdrawals from the account. Distributions or withdrawals from the DCP shall be made in full accordance with the requirements of Internal Revenue Code Section 409A. Except in connection with Mr. Cadieux's Special Long-Term Cash Award (see above), no NEOs participated in the DCP in 2016. Among the NEOs, Messrs. Becker and Cadieux held balances under the plan during 2016.

Health and Welfare Benefits/Time Away From Work

Our NEOs are eligible to participate in our standard health and welfare benefits program, which provides medical, dental, life, accident and disability coverage to all of our eligible U.S.-based employees. We do not provide executives with any health and welfare benefits that are not generally available to other Company employees. Additionally, under our time away from work policy, U.S. exempt employees, including our NEOs, do not accrue vacation benefits. Rather, such employees are expected to manage their time away from work, subject to the demands and needs of their jobs. Non-exempt U.S. employees and other non-U.S. employees continue to accrue vacation benefits formulaically.

Executive Termination Benefits

See *Compensation for Named Executive Officers Other Post-Employment Payments* below.

Perquisites

We do not have any executive perquisite programs. From time to time, on a limited or exception basis, we may provide other benefits that we believe are related to, or serve, a business purpose. We disclose those benefits as required by applicable rules.

Stock Option and Other Equity Practices

Grant Practices for Executive Officers

The Compensation Committee approved all equity grants in 2016 made to executive officers of the Company, except that the independent members of the Board approved equity grants made to the Chief Executive Officer. Except for certain awards that we believe qualify as performance-based compensation under Section 162(m) of the Code (as defined below), annual equity compensation grants to executives are typically made effective during the second quarter of the year. Grants are made effective during an open trading window pursuant to our Insider Trading Policy, with limited exceptions. The exercise price for stock option grants is equal to the closing market price on the grant's effective date and time-based grants typically have an annual vesting period of four years, subject to continued employment or service. All 2016 grants to our NEOs were made in accordance with this practice.

For newly-hired executive officers, the Compensation Committee approves an equity grant amount prior to, or shortly after, the executive's start of employment, and the effective grant date is typically set during an open trading window after they commence employment. This approach ensures that the exercise price of stock options reflects a fair market price, since the exercise price for stock option grants is equal to the closing market price on the grant's effective date.

Grant Practices for Other Employees

The Board has delegated authority to the Equity Awards Committee to make equity grants to non-executive employees under our 2006 Equity Incentive Plan. The Equity Awards Committee is a committee of two, comprised of our Chief Executive Officer and the Chair of our Board. The Equity Awards Committee may not make equity grants to executives or any non-executive employee that reports directly to the Chief Executive Officer. The Equity Awards Committee may make grants only within established individual employee and aggregate share limits and in accordance with established requirements regarding the term, vesting period, exercise price and other terms and conditions for the grant. In addition, all grants of stock options, stock appreciation rights, and restricted stock units made by the Equity Awards Committee must be made (or become effective) on the first Monday of the month following approval or, where the first Monday is a Company-observed U.S. holiday, on the first

EXECUTIVE OFFICERS & COMPENSATION

Table of Contents

Tuesday of such month. The Equity Awards Committee approves grants on a quarterly basis, and must approve all grants in writing on or before the date of grant, subject to the respective employee remaining an employee as of the date of grant. Finally, management updates the Compensation Committee regarding all grants made by the Equity Awards Committee on a regular basis. Any grant that does not meet the requirements established for the Equity Awards Committee must be made by the Board, the Compensation Committee or other authorized committee.

The Compensation Committee typically approves annual grants to all eligible employees, as well as any other grants that the Equity Awards Committee is not authorized to approve.

Prohibitions Against Hedging

Pursuant to our Insider Trading Policy, our directors, executive officers (including our NEOs) and employees are not permitted to hedge ownership by selling puts in or selling short any of the Company's publicly-traded securities at any time. Additionally, we discourage, and have not permitted, any of our executive officers to pledge, or use as collateral, our securities to secure personal loans or other obligations.

Compensation Recovery Policies

Except as noted below, our Compensation Committee has not yet adopted a policy with respect to whether we will make retroactive adjustments to any cash or equity based incentive compensation paid to our NEOs or other employees where the payment was based on the achievement of financial results that were subsequently revised. Our Compensation Committee intends to adopt a general compensation recovery policy after the SEC adopts final rules implementing the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. In 2015, our Compensation Committee approved an amendment to our 2006 Equity Incentive Plan to provide that equity awards granted under the 2006 Equity Incentive Plan will be subject to the terms and conditions of any compensation recovery policy adopted by the Company and as may be in effect from time to time. The committee also approved a similar amendment to the Incentive Compensation Plan as it relates to incentive awards under the plan.

Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*) limits our deductibility of compensation paid to our CEO and each of the next three most highly compensated executive officers (excluding the Chief Financial Officer) in excess of \$1,000,000, but excludes performance-based compensation from this limit. We believe our stock options, as well as beginning for the year 2015, our executives' PRSU awards, are designed to qualify as performance-based compensation. However, in order to maintain flexibility and promote simplicity in the Compensation Committee's administration of and oversight over executive compensation arrangements, other compensation arrangements, such as time-based restricted stock units that vest based solely on continued service and ICP payments, are not designed to qualify as performance-based compensation. This design allows the Compensation Committee to balance tax deductibility with other business priorities that affect stockholder value.

Compensation that we intend to qualify as performance-based under Section 162(m) is also reviewed and approved by an independent committee of the Board of Directors, comprised of Mr. Dunbar, our Board Chair, and Mr. Robinson, our Audit Committee Chair and member of the Compensation Committee (the *162(m) Committee*).

Table of Contents**Equity Ownership Guidelines for Executive Officers**

The Company maintains stock ownership guidelines for the Company's executive officers, including the NEOs. These stock ownership guidelines reflect the Board's belief in the importance of aligning the economic interests of stockholders and management. The Compensation Committee is responsible for setting and periodically reviewing the guidelines. Guidelines for each executive position are determined based on factors including the executive role, scope of responsibilities, base salary levels, Company stock price performance and market data. The current equity ownership guidelines applicable to executive officers are based on the value of the Company's common stock as a percentage of annual base salary, as follows:

Stock Value as Percentage of Annual Base Salary			
600%	300%		200%
Chief Executive Officer	Chief Credit Officer	Chief Risk Officer	Chief Information Officer
	Chief Digital Officer	Head of EMEA/President UK Branch	Chief Marketing Officer
	Chief Financial Officer	Head of Technology Banking	General Counsel
	Chief Operations Officer		Head of Human Resources

All executive officers have five years from the date on which they become an executive officer to attain the minimum level of ownership.

The Governance Committee monitors compliance with these guidelines and reviews executive equity holdings on a quarterly basis. In evaluating whether executives are meeting the ownership guidelines, the Governance Committee considers the following as shares owned: (1) shares actually held, (2) shares owned through investment in the Company's stock fund in the SVB Financial Group 401(k) and Employee Stock Ownership Plan, and (3) earned but unvested awards of restricted stock awards and restricted stock units (subject to either time-based or performance-based vesting). Neither vested nor unvested stock options count towards the ownership guidelines. Exceptions to meeting the guidelines due to personal financial or other reasons are reviewed and determined by the Governance Committee.

As of December 31, 2016, all of our NEOs executive officers were in compliance with the applicable ownership guidelines or otherwise expected to achieve the requisite ownership levels within the designated five year time-frame.

Other Post-Employment Payments

There are certain circumstances in which our NEOs may be entitled to post-employment payments, which are discussed in further detail below:

Change in Control Severance Plan

Our Change in Control Severance Plan (the *Change in Control Plan*), as adopted in 2006 and amended from time to time, provides a specified severance benefit to our executive officers in the event their employment is involuntarily terminated or they resign from such employment for a good reason following a change in control of the Company. Generally under the plan, *good reason* is defined as the occurrence of any of the following events without the covered employee's written consent: (i) a material, involuntary reduction in responsibilities, authorities or functions, except in connection with a termination of employment for death, disability, retirement, fraud, misappropriation, embezzlement and other exclusions; (ii) a material reduction in base salary; (iii) a reduction in total compensation to less than 85% of the amount provided for the last full calendar year; or (iv) a relocation of more than 50 miles. We adopted this plan in order to ensure that our executives remain incented to consider and, if it is determined by the Board or stockholders (as appropriate) to be in our best interests, to act diligently to promote a change in the control of the Company. The

plan does not provide for any 280G excise tax gross-up provisions.

We did not make any amendments or changes to the Change in Control Plan in 2016.

The Change in Control Plan provides for a cash severance payment equal to 300% of base salary and target ICP incentive for the Chief Executive Officer, 200% of base salary and target ICP incentive for the Chief Financial Officer, the Bank's President and the Chief Strategy Officer, as applicable, and 100% of base salary and target ICP incentive for the other executive officers. In addition, it provides for up to 12 months of Company-paid COBRA medical, dental and vision coverage, full vesting of Company contributions to tax-qualified retirement plans and certain outplacement services.

The circumstances that constitute a change in control are set forth in the Change in Control Plan. Generally, a change in control includes a merger or consolidation, other than a merger or consolidation in which the owners of our voting securities own 50% or more of the voting securities of the surviving entity; a liquidation or dissolution or the closing of the sale or other disposition of all or substantially all of our assets; an acquisition by any person, directly or indirectly, of 50% or more of our voting securities; and an acquisition by any person, directly or indirectly, of 25% or more of our voting securities and, within 12 months of the occurrence of such event, a change in the composition of the Board occurs as a result of which 60% or fewer of the directors are incumbent directors.

EXECUTIVE OFFICERS & COMPENSATION

Compensation for NEOs

Table of Contents

Our Change in Control Plan includes a number of restrictive covenants that govern the executives' rights to receive benefits under the plan. Generally, unless we provide otherwise in writing, the executive must not directly or indirectly engage in, have any ownership in or participate in the financing, operation, management or control of any person, firm, corporation or business that competes with us or our affiliates, or any of our customers or their affiliates for a period of (i) 18 months, in the case of the Chief Executive Officer (ii) 12 months, in the case of the Chief Financial Officer, the Bank's President and Chief Strategy Officer, as applicable and (iii) six months, in the case of other covered executives. In addition, unless we provide otherwise in writing, the executive may not directly or indirectly solicit, recruit, otherwise hire or attempt to hire any of our employees or cause any such person to leave his or her employment during the periods described in the previous sentence. Finally, the executive must execute a general release of claims in our favor covering all claims arising out of the executive's involuntary termination of employment (as defined in the Change in Control Plan) and employment with us and our affiliates.

Any benefits payable to an executive under this plan are reduced by any severance benefits we may pay to that executive under any other policy, plan, program or arrangement, including our Group Severance Benefit Policy.

Severance Benefit Policy

Our Severance Benefit Policy provides severance pay and benefits to eligible employees who are involuntarily terminated from employment due to staff reduction, position elimination, closure of a business unit, organization restructuring or such other circumstances, as we deem appropriate for the payment of severance benefits. The policy is intended to promote our ability to modify our workforce and structure, while providing a reasonable level of certainty and job security to our employees. The policy covers all regular full-time and part-time employees, including the NEOs.

The Severance Benefit Policy provides for a cash severance payment based on job-level. For NEOs, this benefit is equal to six weeks' pay per year of service including a pro-rata amount for each partial year worked, with a minimum benefit of six months' pay and a maximum benefit of one year's pay. In addition, under the policy, we continue to make co-payments for COBRA medical, dental, and vision coverage during the severance pay period and pay designated outplacement services provided by a Company-selected external vendor. Any benefits payable to an executive under this policy are reduced by any severance benefits we pay to that executive under any other policy, plan, program, or arrangement, including our Change in Control Plan discussed above.

2006 Equity Incentive Plan

Our 2006 Equity Incentive Plan, in which the NEOs participate, provides for full vesting of outstanding awards in the event of a change in control (as defined in the plan) of the Company in the event that a successor corporation does not assume or substitute an equivalent option or right for the original equity awards under the plan. In addition, effective as of January 7, 2015, we amended the equity awards agreements under the plan to provide for certain vesting of outstanding awards upon the termination of a participant's employment due to death or disability as follows: (i) full vesting of any outstanding stock option awards, restricted stock unit awards subject to time-based vesting, restricted stock awards and stock appreciation rights awards; and (ii) pro-rated vesting for any outstanding restricted stock unit awards subject to performance conditions based on the level of achievement of the applicable performance conditions as of the date of termination. These changes apply to all outstanding awards on a retrospective basis, as well as to any new grants made under the applicable amended form of award agreement on a prospective basis.

Table of Contents**OTHER PROXY PROPOSALS****Proposal No. 2****RATIFICATION OF APPOINTMENT OF****INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****The Board of Directors Recommends a Vote FOR the Ratification of the Appointment
of KPMG LLP as the Company's Independent Registered Public Accounting Firm**

The Audit Committee has appointed KPMG LLP (*KPMG*) to be our independent registered public accounting firm for our 2017 fiscal year. KPMG LLP has audited our financial statements since November 1994. While neither our Bylaws nor other governing documents require stockholder ratification of the selection of KPMG as our independent registered public accounting firm, the Board is, based on the recommendation of the Audit Committee, submitting the appointment of KPMG to the stockholders for ratification as a matter of good corporate practice. If our stockholders do not ratify the selection of KPMG by a majority of the votes present and entitled to vote on the matter, then the Audit Committee may reconsider its selection.

We expect a representative from KPMG to be present at the Annual Meeting. The representative will be afforded the opportunity to make a statement if they desire to do so and is expected to be available to respond to stockholder questions.

PRINCIPAL AUDIT FEES AND SERVICES

The following table sets forth fees billed for services rendered by KPMG for the fiscal years 2016 and 2015, all of which were approved by the Audit Committee in conformity with its pre-approval process:

	2016	2015
Audit fees	\$ 5,678,821	\$ 5,852,555
Audit-related fees (1)	288,443	208,000
Tax fees (2)	1,228,565	551,328
All other fees (3)	-	15,371
Total	\$ 7,195,829	\$ 6,627,254

- (1) Consists principally of fees billed or expected to be billed as incurred on a time and material basis related to internal controls attestation for selected information systems and business units (SSAE 16 audits).
- (2) Represents fees for services provided in connection with the Company's tax compliance and tax advice.
- (3) Represents fees for advisory services relating to the Company's ALLL vendor selection project.

In accordance with its charter, the Audit Committee must approve the engagement of our independent auditor for all audit and permissible non-audit related services, as required by law. To the extent permitted by applicable law, the charter also permits the Audit Committee the authority to adopt pre-approval policies and procedures and/or delegate

authority to grant approvals to one or more of its members. During fiscal years 2016 and 2015, all audit and non-audit related services performed by KPMG were approved or pre-approved by the Audit Committee. Additionally, the Audit Committee reviewed all non-audit related services provided by KPMG. In considering the nature of the services provided by KPMG, the Audit Committee determined that such services are compatible with the provision of independent audit services. KPMG also confirmed its independence to the Audit Committee.

Proposal No. 3

ADVISORY APPROVAL OF OUR EXECUTIVE COMPENSATION

The Board of Directors Recommends a Vote FOR the Approval of the Compensation of our Named Executive Officers, as Disclosed in this Proxy Statement

At the 2011 annual meeting of stockholders, our stockholders voted that our advisory vote on executive compensation (otherwise known as *Say on Pay*) be held annually. Our Say on Pay vote provides our stockholders the opportunity to vote to approve, on an advisory basis, the compensation of our NEOs as further described in the *Compensation Discussion and Analysis* section of this Proxy Statement, including the accompanying compensation tables and narrative discussion therein. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement.

We ask our stockholders to indicate their support for our executive compensation program for our NEOs and vote **FOR** the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Because your vote is advisory, it will not be binding upon the Board or the Compensation Committee and may not be construed as overruling any decision by the Board or the Compensation Committee. However, the Board and Compensation Committee value the opinion of our stakeholders and will take into consideration the outcome of this advisory vote when considering future executive compensation arrangements.

Stockholders are encouraged to carefully review the *Compensation Discussion and Analysis* and *Compensation for Named Executive Officers* sections of this Proxy Statement for a detailed discussion of our executive compensation program for our NEOs.

Proposal No. 4

ADVISORY VOTE ON THE FREQUENCY OF FUTURE SAY ON PAY VOTES

The Board of Directors Recommends a Vote FOR the Frequency of our Say on Pay votes on an ANNUAL Basis

The Dodd-Frank Wall Street Reform and Consumer Protection Act provides stockholders with the opportunity to vote on how frequently we should seek an advisory vote, or Say on Pay, on the compensation of our NEOs, as disclosed pursuant to applicable SEC rules. Stockholders may indicate on a non-binding, advisory basis whether they prefer an advisory vote on NEO compensation on an annual (every one year), biennial (every two years) or triennial (every three years) basis.

After consideration of this proposal, our Board of Directors has determined that an annual Say on Pay advisory vote remains the most appropriate for the stockholders of the Company. Our Board values the opinions of our stockholders

and believes that an annual advisory vote will continue to allow our stockholders to provide us with their direct input on our executive compensation program for our NEOs.

Accordingly, we ask our stockholders to indicate their preferred voting frequency by choosing the option of an annual advisory vote (every year), a biennial advisory vote (every two years) or a triennial advisory vote (every three years) or by choosing to abstain from voting on this proposal.

Because your vote is advisory, it will not be binding upon the Board and may not be construed as overruling any decision by the Board. However, the Board will take into account the outcome of the vote when considering how frequently to submit an advisory Say on Pay proposal for stockholder approval.

MEETING AND OTHER INFORMATION

INFORMATION ABOUT VOTING AND PROXY SOLICITATION

Voting

Holders of our common stock are entitled to one vote for each share held on all matters covered by this Proxy Statement, except for the election of directors. With respect to the election of directors, each stockholder has the right to invoke cumulative voting, which entitles each stockholder to as many votes as equal the number of shares held by such stockholder, multiplied by the number of directors to be elected. Accordingly, you may cast all of your votes for a single candidate or distribute your votes among as many of the candidates as you choose, up to a maximum of the number of directors to be elected. However, no stockholder will be entitled to cumulate votes for a candidate unless such candidate has been properly nominated prior to the voting in accordance with Article Fifth of the Restated Certificate of Incorporation of the Company and the stockholder (or any other stockholder) has given notice at the meeting prior to the voting of the stockholder's intention to cumulate votes. If any stockholder has given such notice, all stockholders may cumulate their votes for candidates properly placed in nomination. If cumulative voting is properly invoked, the Proxy holders (the individuals named on the Proxy Card) are given discretionary authority under the terms of the Proxy to cumulate votes represented by shares for which they are named Proxy holders as they see fit among the nominees in order to assure the election of as many of such nominees as possible.

Whether you hold shares in your name or through a broker, bank or other nominee, you may vote without attending the Annual Meeting. You may vote by granting a Proxy or, for shares held through a broker, bank or other nominee, by submitting voting instructions to that nominee. Instructions for voting by telephone, by using the Internet or by mail are on your Proxy Card or *Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting*, as applicable. For shares held through a broker, bank or other nominee, follow the voting instructions included with your materials. If you provide specific voting instructions, your shares will be voted as you have instructed for each proposal enumerated in this Proxy Statement and as the Proxy Holders may determine within their discretion for any other matters that properly come before the meeting.

If you hold shares in your name and you sign and return a Proxy Card without giving specific voting instructions, your shares will be voted as recommended by our Board on all matters set forth in this Proxy Statement and as the Proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on certain matters. See *Quorum; Abstentions; Broker Non-Votes* below.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of Common Stock issued and outstanding on the Record Date. Shares voted are treated as being present at the Annual Meeting for purposes of establishing a quorum and are treated as shares present at the Annual Meeting with respect to such matter.

Except in the case of the election of directors and the advisory approval on Say on Pay frequency as described above, adoption of the proposals requires the affirmative vote the holders of a majority of the Common Stock represented and

entitled to vote on the matter. This means that of the shares represented at the Annual Meeting and entitled to vote, a majority of them must be voted for the proposal for it to be approved. Abstentions will be deemed present for purposes of determining a quorum for the transaction of business and abstentions will have the same effect as a vote against the proposal, except for the election directors and the advisory approval on Say on Pay frequency.

Broker non-votes occur on a matter when a broker, bank or other nominee is not permitted to vote on that matter without instructions from the beneficial owner and the beneficial owner does not give instructions. Without such voting instructions, for example, your broker or other nominee cannot vote your shares on non-routine matters such as the election of directors, and the advisory votes on Say on Pay and Say on Pay Frequency. Your broker or other nominee may, however, have discretion to vote your shares on routine matters, such as the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for our 2017 fiscal year. Broker non-votes will be counted for purposes of determining the presence of a quorum for the transaction of business but will not be counted for purposes of determining the number of the votes represented and entitled to vote with respect to proposals on which brokers, banks or other nominees are prohibited from exercising their discretionary authority.

Revocability of Proxies

Any person giving a Proxy in the form accompanying this Proxy Statement has the power to revoke the Proxy at any time prior to its use. A Proxy is revocable prior to the Annual Meeting by delivering either a written instrument revoking it or a duly executed Proxy bearing a later date to our Corporate Secretary. A Proxy is also automatically revoked if the stockholder is present at the Annual Meeting and votes in person.

Solicitation

This solicitation of Proxies is made by, and on behalf of, our Board. We will bear the entire cost of preparing, assembling, printing, mailing and otherwise making available Proxy materials furnished by the Board to stockholders. Copies of Proxy materials will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to the beneficial owners of our Common Stock, as requested. In addition to the solicitation of Proxies by mail, some of our officers, directors and employees may (without additional compensation) solicit Proxies by telephone or personal interview, the costs of which we will bear.

Unless otherwise instructed, each valid returned Proxy that is not revoked will be voted:

FOR each of our nominees to the Board of Directors,

FOR ratification of the appointment of KPMG LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2017,

FOR approval, on an advisory basis, of our executive compensation (*Say on Pay*),

Approval, on an advisory basis, of the frequency of future Say on Pay votes to be held ANNUALLY, and

At the Proxy holders' discretion on such other matters, if any, as may properly come before the Annual Meeting (including any proposal to adjourn the Annual Meeting).

Delivery of Proxy Materials

In accordance with the rules adopted by the SEC, commonly referred to as Notice and Access, we have decided to provide access to our Proxy materials over the Internet instead of mailing a printed copy of the materials to every stockholder. We believe this helps to promote more cost-effective and efficient delivery of our Proxy materials to stockholders while reducing our environmental impact. As a result, you will not receive printed copies of the Proxy materials unless you request them. Instead, a Notice Regarding the Availability of Proxy Materials (the *Notice*) was mailed to stockholders of record (other than stockholders

who previously requested electronic or paper delivery of proxy materials) on or about March 9, 2017. The Notice explains the process to access and review the information contained in the Proxy materials and how to vote proxies over the Internet. In addition, the Notice will provide you the option to instruct us to send our future Proxy materials to you electronically by email. You may also access the Proxy materials on the website referred to in the Notice or request to receive a printed set of the Proxy materials.

If you will receive printed copies of the Proxy materials, you may receive more than one set of materials, including multiple copies of this Proxy Statement and multiple Proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one Proxy Card. Please follow the instructions on your Proxy Card(s) and vote accordingly.

How to Obtain a Separate Set of Proxy Materials

You may request to receive Proxy materials in printed form by mail or electronically by email on an ongoing basis. If you sign up to receive Proxy materials electronically, you will receive an email with links to the materials. If you choose to receive future Proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy-voting site. Your election to receive Proxy materials by email will remain in effect until you terminate it.

If you share an address with another stockholder, you may receive only one set of Proxy materials (including our 2016 Annual Report on Form 10-K, Proxy Statement or Notice Regarding the Availability of Proxy Materials, as applicable) unless you have provided contrary instructions. If you wish to receive a separate set of Proxy materials now or in the future, you may write or call us to request a separate copy of these materials from:

Total non-GAAP core fee income (1)	\$ 316,170

(1) This non-GAAP measure represents noninterest income, but excludes certain line items where performance is typically subject to market or other conditions beyond our control.

In discussing our financial performance, we use certain non-GAAP measures. These supplemental performance measures may vary from, and may not be comparable to, similarly titled measures by other companies in our industry. Non-GAAP financial measures are not in accordance with or an alternative for, GAAP. Generally, a non-GAAP financial measure is a numerical measure of a company's performance that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with GAAP. A non-GAAP financial measure may also be a financial metric that is not required by GAAP or other applicable requirement.

Specifically in this Proxy Statement, we report our non-GAAP core fee income, which is a part of our noninterest income, as reported in accordance with GAAP. We believe this non-GAAP financial measure, when taken together with the corresponding GAAP financial measures (as applicable), provides meaningful supplemental information regarding our performance by excluding from our noninterest income certain line items where performance is

typically subject to market or other conditions beyond our control, such as gains (losses) on investment securities, net, gains (losses) on derivative instruments, net, and other noninterest income items. We use, and believe our investors benefit from referring to, our non-GAAP core fee income in assessing our overall operating results, forecasting and analyzing future periods.

Non-GAAP financial measures should be considered in addition to, not as a substitute for or superior to, financial measures prepared in accordance with GAAP.
