**Item 7.01 Regulation FD Disclosure.**

On September 28, 2017, AstroNova, Inc., signed an exclusive worldwide asset purchase and licensing agreement with Honeywell International, Inc.'s aerospace division to manufacture and repair Honeywell's narrow-format flight deck printers for two aircraft families. Under the agreement AstroNova's Aerospace business unit will take over the manufacturing of new printers as well as support services and supplies for printers for two of the world's most popular narrow-body aircraft, the Boeing 737 and Airbus A320.

The agreement provides for an up-front payment to Honeywell of \$14.6 million in cash, an additional payment of \$400,000 upon completion of the manufacturing transition, the assumption of certain liabilities, and royalty payments based on gross revenues from the sales and services associated with the printers, with minimum total royalty payments equal to \$15 million in the aggregate, to be paid over the next ten years. AstroNova is funding the up-front payment through its existing credit facility, as amended to increase the amount available for borrowing under its revolving credit line to \$15,000,000.

Manufacturing of the Honeywell printers will be transitioned from its current location in Asia to AstroNova's plant in West Warwick, Rhode Island over the next several months.

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
