### **Item 3. Source and Amount of Funds or Other Consideration.**

Item 3 of the Schedule 13D is hereby amended to read in its entirety as follows:

In 2011, Noble Energy and CONSOL Energy Inc. ( **CONSOL** ) and, together with Noble Energy, the **Sponsors** ) formed CONE Gathering LLC ( **CONE** ) to develop, own and operate natural gas and condensate midstream assets to service the Sponsors' joint natural gas and condensate production in the Marcellus Shale. At the time of formation, each Sponsor owned a 50% interest in CONE. In 2014, CONE formed the Issuer and CONE Midstream GP LLC (the **GP** ), the Issuer's general partner and a wholly owned subsidiary of CONE. As a result of its ownership in CONE, each of the Sponsors owned a 50% interest in the GP as well.

On September 30, 2014, the Issuer completed an initial public offering of 20,125,000 Common Units (the **IPO** ). In connection with the completion of the IPO, the Sponsors, CONE, the GP and the Issuer entered into a contribution, conveyance and assumption agreement, dated September 30, 2014 (the **Original Contribution Agreement** ), pursuant to which (a) the Sponsors (through CONE) contributed to the Issuer controlling interests in certain natural gas gathering pipelines and compression and dehydration facilities, as well as condensate gathering, collection, separation and stabilization facilities, and (b) CONE received in exchange 9,038,121 Common Units and 29,163,121 Subordinated Units. Each Subordinated Unit will convert into one Common Unit at the end of the subordination period, as described in the Prospectus filed with the Commission by the Issuer on September 25, 2014 relating to the IPO.

Upon the completion of the foregoing actions, and pursuant to the Original Contribution Agreement, CONE distributed to each of the Sponsors one-half of the LP Units previously received from the Issuer. As a result, Noble Energy owned 4,519,061 Common Units and 14,581,560 Subordinated Units. As a result of the distribution, CONE no longer has a pecuniary interest in these units.

Effective as of January 1, 2015, Noble Energy contributed to Noble Midstream Services, LLC, a Delaware limited liability company ( **Noble Midstream** ), among other things, 4,519,061 Common Units and 14,581,560 Subordinated Units.

Effective as of October 23, 2015, Noble Midstream distributed to NBL Midstream, among other things, 4,519,061 Common Units and 14,581,560 Subordinated Units.

On November 16, 2016, pursuant to that certain Contribution Agreement by and among CONE, the GP, the Issuer, CONE Midstream Operating Company LLC and the other parties named therein (the **Contribution Agreement** ), CONE contributed to the Issuer a 25% limited partner interest in CONE Midstream DevCo I LP in exchange for consideration comprised of \$140 million in cash, the issuance to CONE of 5,183,154 Common Units and the issuance to the GP of an additional general partner interest in the Issuer in an amount necessary for the GP to maintain its 2% general partner interest in the Issuer. The price per unit was \$20.42, the volume weighted average trading price of the

Issuer's Common Units over the trailing 20-day trading period ending on November 11, 2016. Immediately thereafter, CONE distributed to NBL Midstream, as its 50% member, 2,591,577 Common Units and \$70 million in cash. While CONE no longer holds any LP Units, it continues to own (i) the GP which in turn owns the 2% general partner interest in the Issuer, and (ii) incentive distribution rights in the Issuer.

On May 17, 2017, Noble Energy, Noble Energy US Holdings, LLC, a Delaware limited liability company ( **Noble Holdings** ), a subsidiary of the Company, and Wheeling Creek Midstream, LLC, a Delaware limited liability company ( **Wheeling Creek** ), a portfolio company of Quantum Energy Partners, entered into a Purchase Agreement (the **Wheeling Creek Purchase Agreement** ) pursuant to which Noble Energy and Noble Holdings agreed to sell to Wheeling Creek 100% of the outstanding membership interests in NBL Midstream, which owns a 50% interest in CONE, 7,110,638 million Common Units and 14,581,560 Subordinated Units, for total cash consideration of approximately \$765 million (the **Disposition** ). Upon completion of the Disposition, Noble Energy would no longer have any pecuniary interest in any of the LP Units.

On November 15, 2017 (the **Conversion Date** ), upon termination of the subordination period pursuant to Section 5.7 of the First Amended and Restated Agreement of Limited Partnership of the Issuer, which is incorporated by reference to Exhibit 3.1 of the Issuer's Current Report on Form 8-K filed with the Commission on October 3, 2014 (the **Partnership Agreement** ), the 14,581,560 Subordinated Units held of record by NBL Midstream converted into Common Units on a one-for-one basis for no additional consideration.

On December 14, 2017, Noble Energy terminated the Wheeling Creek Purchase Agreement. Also on December 14, 2017, NBL Midstream and CNX Gas Company LLC, a Delaware limited liability company ( **CNX Gas** ), a wholly owned subsidiary of CNX Resources Corporation, entered into a Purchase Agreement (the **CNX Purchase Agreement** ), pursuant to which NBL Midstream agreed to sell its 50% interest in CONE to CNX Gas for a total cash consideration of \$305 million. In connection with the transaction, CNX Gas will acquire Noble Energy's 50% interest in the GP. The transaction is expected to close in the first quarter of 2018. Following the closing, NBL Midstream will retain ownership of its 21,692,198 Common Units. However, NBL Midstream plans to maximize value through the divestment of the Common Units over the next few years.
