2018 NOTICE OF MEETING AND PROXY STATEMENT

April 13, 2018

**Dear Fellow Stockholders:**

We are pleased to invite you to our 2018 Annual Meeting of Stockholders, which will take place on Thursday, May 31, 2018 at 9:00 AM, Eastern Time, at the offices of Latham & Watkins LLP, 200 Clarendon Street, 27th Floor, Boston, MA 02116. Annual Meetings play an important role in maintaining communications and understanding among our management, Board of Directors and stockholders, and we hope you will join us.

On the pages following this letter you will find:

- 1) The notice of our 2018 Annual Meeting of Stockholders, which lists the items of business to be considered at the Annual Meeting; and
- 2) Our 2018 proxy materials, which describe the items of business listed in the notice and provide other information you will likely find useful in deciding how to cast your vote.

We have elected to provide our proxy materials over the Internet under the Securities and Exchange Commission's notice and access rules. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send to these stockholders a Notice Regarding the Availability of Proxy Materials (the "Notice") with instructions for accessing the proxy materials, including our proxy statement and Annual Report to Stockholders, and for voting via the Internet. Providing our proxy materials to stockholders electronically allows us to conserve natural resources and reduce our printing and mailing costs related to the distribution of our proxy materials. If you wish to receive paper copies of our proxy materials you may do so by following the instructions contained in the Notice.

The ability to have your vote counted at the Annual Meeting is an important stockholder right. Regardless of the number of shares you hold or whether you plan to attend the meeting, we hope that you will promptly cast your vote. You may vote over the Internet, or, if you received printed proxy materials, by mailing a proxy or voting instruction card. Please review the instructions on each of your voting options described in our proxy statement, as well as in the Notice.

Thank you for your ongoing support and continued interest in LogMeIn.

Sincerely,

William R. Wagner

## Our Business

LogMeIn simplifies how people connect with each other and the world around them to drive meaningful interactions, deepen relationships, and create better outcomes for individuals and businesses. A market leader in communication and collaboration, identity and access, and customer engagement and support solutions, LogMeIn has millions of customers spanning virtually every country across the globe. LogMeIn is headquartered in Boston, Massachusetts with additional locations around the world.

On January 31, 2017, we completed our acquisition of the GoTo family of service offerings, or the GoTo Business, from a wholly owned subsidiary of Citrix Systems, Inc., or Citrix, via a Reverse Morris Trust transaction, which we refer to herein as the Merger. At the effective time of the Merger, Citrix stockholders received shares of LogMeIn common stock in exchange for their shares in the wholly-owned Citrix subsidiary and employees of the Citrix subsidiary were issued LogMeIn restricted stock units in substitution for the cancellation of their outstanding Citrix restricted stock units. As a result, immediately following the effective time of the Merger, Citrix equityholders owned approximately 50.1% of LogMeIn's common stock on a fully diluted basis. Based on LogMeIn's closing stock price of \$108.10 on January 31, 2017, as reported by the NASDAQ Global Select Market, the total value of the shares of LogMeIn common stock issued to Citrix equityholders in the Merger was approximately \$3 billion.

Since the completion of the Merger, LogMeIn's revenue has grown from \$336 million in fiscal 2016 to over \$1 billion on an annualized basis in fiscal 2017 and we added over 1,600 employees (2,760 as of December 31, 2017, compared to 1,124 as of December 31, 2016).

2018 NOTICE OF MEETING AND PROXY STATEMENT

**Proxy Statement Summary** (continued)

**Significant 2017 Business Highlights**

2017 was a successful and transformative year for LogMeIn. We consistently delivered strong financial results in the face of major change, exceeding our guidance in each of the four quarters while building the foundation for a large SaaS company capable of leveraging our talented employees, our strong product brands and our history of innovation to establish a strong foothold in much larger markets.

1. Our Merger with the GoTo Business closed on January 31, 2017. Therefore, the non-GAAP numbers above exclude the GoTo Business January 2017 results. Pro-Forma revenue growth is calculated on combined LogMeIn and GoTo Business revenue for 2017 and 2016. A reconciliation of these non-GAAP measures has been included in Annex A to this Proxy Statement.
2. During Fiscal 2017, LogMeIn returned approximately \$121M in capital to its stockholders through \$52M in cash dividends and \$69M in share repurchases.

**Corporate Governance Highlights**

We believe that good corporate governance is important to achieve success and to ensure that we are managed for the long-term benefit of our stockholders. We believe that the following corporate governance policies, guidelines and practices adopted by our Board of Directors ( Board or Board of Directors ) reflect many current best practices, including:

- A majority of votes voting standard and a director resignation policy for directors in uncontested elections
- All directors with the exception of Messrs. Simon and Wagner are independent under the NASDAQ Marketplace Rules
- An independent lead director presides over all executive sessions of the Board of Directors and together with the Chairman helps set Board and Committee meeting agendas

Edgar Filing: LogMeIn, Inc. - Form DEF 14A

Three standing Board Committees, all of which are comprised solely of independent directors  
Directors have full and free access to management and, as necessary and appropriate, independent advisors  
Separate Chairman, Lead Independent Director and Chief Executive Officer  
All directors attended greater than 75% of Board meetings held during 2017  
Our insider trading policy prohibits executives and directors from hedging or pledging LogMeIn stock  
Directors and Section 16 executive officers are subject to stock ownership guidelines  
At least annually, the Board of Directors and its Committees conduct a self-evaluation to determine whether they are functioning effectively

**Proxy Statement Summary (continued)**

**Results of Last Year's Say-on-Pay Vote**

At our 2017 Annual Meeting of Stockholders, we conducted our annual non-binding advisory vote to approve the compensation of our named executive officers, commonly referred to as a "say-on-pay" vote. Approximately 96.7% of the votes cast by stockholders on this proposal were cast in support of the 2016 compensation of our named executive officers. While this vote is non-binding, the Compensation Committee and our Board of Directors carefully consider the results. Given the strong level of support evidenced by last year's say-on-pay vote, the Compensation Committee determined that our stockholders were generally supportive of our current executive compensation philosophy and program and decided that no significant changes to our executive compensation program were necessary for 2017. Nevertheless, the Compensation Committee and our Board of Directors continue to monitor the executive compensation program to ensure that it continues to align the interests of our executive officers with the interests of our stockholders.

*Please see the section entitled "Executive Compensation Discussion & Analysis - Executive Summary" on page 33 of this Proxy Statement for additional information about our executive compensation program and policies.*

**Executive Compensation Highlights**

***Summary of Our 2017 Executive Compensation Program***

Our Compensation Committee designs our executive compensation programs with the goal of attracting, retaining and motivating talented executives, while simultaneously promoting the achievement of key financial and strategic performance measures by linking a portion of executive compensation to the achievement of measurable corporate performance goals, and thereby aligning the incentives of our executives with the creation of value for our stockholders.

Table of Contents

2018 NOTICE OF MEETING AND PROXY STATEMENT

**Proxy Statement Summary** (continued)

Below, we summarize those executive compensation practices we have implemented to help drive executive performance, as well as practices we have chosen not to implement because we believe such practices do not support our stockholders' long-term interests:

**What We Do**

**Emphasize Pay-for-Performance** in 2017 all of our named executive officers received equity awards with performance-based vesting conditions and all of our executive officers (except for Mr. D. Angelo who is on a sales commission plan) participated in our annual performance-based cash incentive bonus plan, which compensates our executive officers for our achievement of operational and financial goals, thereby aligning our executive incentives with our performance and the creation of stockholder value. Additionally, at least 50% of the target total direct compensation opportunity of our CEO and CFO consisted of performance-based equity and performance-based cash pay in 2017.

**Use Double-Trigger Change-in-Control Provisions** the equity awards granted to our named executive officers contain a double trigger payment provision, that is, they require both a change-in-control of the Company and an involuntary termination of employment to receive accelerated vesting.

**Equity Ownership Guidelines** all of our Section 16 executive officers are required to, by the later of November 14, 2018 or within five years from the date of his/her hire or promotion, own shares of our common stock having an aggregate value at least equal to: (i) three times the base salary for our CEO or (ii) one times the base salary for all other executive officers.

**Annual Say-on-Pay Vote** we conduct our say-on-pay vote on an annual basis to allow our stockholders to provide us with their direct input on our executive compensation program, policies, and practices as disclosed in our proxy statement each year.

**Offer Both Equity and Cash Incentives** the compensation packages offered to our executive officers consist of a combination of base salary, performance-based equity awards and annual performance-based cash incentive bonuses, which we believe incentivizes our executive officers to achieve performance results that deliver both short-term and long-term stockholder value.

**Compensation Recovery ( Clawback ) Policy** the incentive-based cash compensation paid to our executive

officers under our annual cash incentive bonus plan is subject to an executive compensation recovery, or clawback, policy, which requires the reimbursement of excess compensation in the event that we are required to prepare an accounting restatement due to the fraud or misconduct of any of our executive officers.

**Engage an Independent Compensation Consultant** our Compensation Committee has retained a compensation consultant to serve as its independent advisor. The compensation consultant reports directly to our Compensation Committee and provides the committee with competitive market data and additional information needed to make informed compensation decisions.

**Avoid Undue Risk-Taking** our compensation policies and practices are designed to discourage our executive officers from taking on or creating risks that are reasonably likely to have a material adverse effect on us.

#### **What We Don't Do**

- û **No Re-pricing Stock Options** we do not re-price our stock options and would not do so without stockholder approval.
- û **No Hedging or Pledging** we prohibit our executive officers from engaging in margin, hedging, pledging or other similar transactions in our securities.
- û **No Resetting of 2017 Performance Targets** we did not reset any of the performance targets used in our incentive compensation programs in 2017.
- û **No Excise Tax Gross-Ups** we do not provide our executive officers with excise tax gross-ups.
- û **No Dividend Equivalents** we do not provide dividend equivalents on unvested equity awards.
- û **No Formal Employment Agreements** none of our executive officers are currently party to a written employment agreement that provides for automatic or pre-scheduled increases in their base salary or guaranteed annual equity awards.

2018 NOTICE OF MEETING AND PROXY STATEMENT

**Proxy Statement Summary (continued)**

***Impact of GoTo Merger on our 2017 Executive Compensation Program***

On January 31, 2017, we successfully completed our acquisition of the GoTo family of service offerings, or the GoTo Business, from a wholly owned subsidiary of Citrix Systems, Inc. via a Reverse Morris Trust transaction, which we refer to herein as the Merger. The completion of the Merger marked a historic milestone for LogMeIn and quickly transformed the Company into one of the largest pure SaaS companies in the world with annual revenues in excess of \$1 billion and more than two million customers spanning virtually every country around the globe. This dramatic change created a completely new profile for LogMeIn—a company with the scale, employees, products and customer base needed to lead large technology markets, deliver enduring revenue growth and expand margins, while returning meaningful capital to our stockholders.

Shortly following the closing of the Merger, our Compensation Committee worked with its independent compensation consultant, Compensia, Inc., to revise the composition of LogMeIn's existing compensation peer group to reflect LogMeIn's post-Merger scale, financial profile and competitive environment (see section below entitled *Use of Competitive Market Data*). Once this new post-Merger peer group was established, the Compensation Committee instructed Compensia to provide them with the competitive market data needed to help the Compensation Committee establish executive compensation ranges consistent with the other companies within the post-Merger peer group.

While the completion of the Merger did not change any of our previous executive compensation philosophies, our Compensation Committee did believe that it was important to realign our 2017 executive compensation levels with those of the other companies in our post-Merger peer group, with whom LogMeIn would now be competing with for executive talent. In some cases, this peer group reset resulted in increases to certain elements of our 2017 executive compensation program which were greater than our historical year-over-year increases. However, rather than automatically bring LogMeIn's executive compensation levels in-line with the total direct compensation opportunity ranges of the other companies within the post-Merger peer group on Day 1, the Compensation Committee elected to evolve LogMeIn's pre-Merger executive total direct compensation opportunity levels over time to appropriate post-Merger levels by granting our executives a special one-time Merger-related equity award comprised of 50% time-based RSUs with a two-year cliff vesting condition and 50% PRSUs with a performance-based vesting condition tied to the Company's achievement of a two-year Adjusted EBITDA Margin performance measure, which represented the financial operating measure that most closely resembled the Company's post-Merger two-year \$100 million run rate cost synergy goal, thereby aligning a substantial portion of our named executive officer's compensation with the creation of value for our stockholders (see section below entitled *Merger-Related February 2017 Executive Equity Awards*).

When considered as a whole, we believe that the increases to our 2017 executive compensation program remained consistent with our historical compensation philosophies and practices and were designed to bring the compensation ranges of our executive officers closer to the compensation ranges of the comparable executive officers at the other companies within our post-Merger peer group.

**Summary of Fiscal 2017 Chief Executive Officer Compensation****Name:** William R. Wagner**Age:** 51**Current Title(s):** President and Chief Executive Officer; Member of our Board of Directors**Tenure as CEO:** 2 years, 5 months, beginning as of December 16, 2015

2018 NOTICE OF MEETING AND PROXY STATEMENT

**Proxy Statement Summary (continued)**

***2017 CEO Total Direct Compensation Pay Mix***

The Compensation Committee bases its executive compensation decisions on each named executive officer's total direct compensation opportunity. The total direct compensation opportunities of our named executive officers are generally comprised of a mix of cash compensation, in the form of base salaries and annual cash incentive bonuses, and long-term incentive compensation in the form of equity awards. This total direct compensation mix has been designed so that the elements of variable pay, such as our annual cash incentive bonus awards and equity awards, represent a substantial portion of the total direct compensation opportunity awarded to our named executive officers.

For fiscal 2017, 52% of Mr. Wagner's total direct compensation opportunity was designed to be at risk, by tying a majority of his compensation opportunity to variable pay elements such as long-term equity incentive awards with performance-based vesting conditions (as further described in the section below entitled *Equity Incentive Awards Fiscal 2017 Performance-Based Restricted Stock Unit Awards*) and our cash incentive bonus plan, which provides for a variable cash payment based on the Company's achievement of certain pre-established financial goals. By dedicating a large percentage of our executives' total direct compensation opportunity to these variable at risk pay elements, rather than fixed pay elements like base salary, the Compensation Committee believes that we are able to better link executive incentives with the Company's performance. The maximum possible value of Mr. Wagner's 2017 performance-based RSU awards, or PRSU awards, when calculated based on the grant date fair value (i.e., the market value per share of our common stock as represented by the closing price of our common stock on the NASDAQ Global Select Market on the date of grant) of the maximum number of shares that may be earned under his 2017 PRSU awards, represented 46% of Mr. Wagner's 2017 total direct compensation opportunity, while 6% of his 2017 total direct compensation opportunity was subject to our cash incentive bonus plan.

In keeping with the Company's pay-for-performance philosophy, the fiscal 2017 equity awards granted to Mr. Wagner were comprised of 50% time-based RSUs and 50% PRSUs. The Compensation Committee believes that including PRSU awards in the total direct compensation opportunities of those executives whose individual performances and decisions have a direct impact on our Company's performance helps to strengthen our overall pay-for-performance alignment by ensuring that a substantial portion of their compensation is aligned with the creation of value for our stockholders.

The following chart illustrates the breakdown of Mr. Wagner's total direct compensation pay mix awarded in fiscal 2017:

No printed materials will be available unless you specifically request them by following the instructions in the Notice Regarding the Availability of Proxy Materials.

*You may vote via the Internet.* To vote via the Internet, log on to the website listed on the Notice or your proxy card and follow the on-screen instructions, using the Company Number and Account Number shown on your proxy card when prompted. We permit Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. You must submit your Internet proxy before 11:59 p.m., Eastern Time, on May 30, 2018, the day before the 2018 Annual Meeting of Stockholders, for your proxy and your vote to be counted. Please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

*You may vote by mail.* If you received our proxy materials by mail, you may complete, date and sign the proxy card that accompanies our proxy statement and promptly mail it to American Stock Transfer & Trust Company, or AST, in the enclosed postage pre-paid envelope so that it is received prior to the 2018 Annual Meeting of Stockholders. You do not need to put a stamp on the enclosed envelope if you mail it from within the United States. The persons named in the proxy card will vote the shares you own in accordance with your instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter to be voted on at the Annual Meeting, the persons named in the proxy card will vote the shares you own in accordance with the recommendations of our Board of Directors. Our Board of Directors recommends that you vote FOR Proposal 1 (the election of directors), FOR Proposal 2 (the ratification of the appointment of our independent registered public accounting firm), and FOR Proposal 3 (to approve an advisory vote on executive compensation). AST must receive your proxy card no later than May 30, 2018, the day before the 2018 Annual Meeting, for your proxy and your vote to be counted.

*You may vote in person.* To vote in person, attend the Annual Meeting and vote by delivering your completed proxy card in person or by completing and submitting a ballot, which will be provided at the meeting. your shares, you will need to follow the voting instructions your bank, brokerage firm or other intermediary provides you. Many banks, brokerage firms and other intermediaries also offer the option of voting over the Internet or by telephone, instructions for which would be provided to you by your bank, brokerage firm or other intermediary. If you do not instruct your bank, brokerage firm or other intermediary accordingly, it will still be able to vote your shares with respect to certain discretionary items, but will not be allowed to vote your shares with respect to certain non-discretionary items. Of the proposals to be considered at the meeting, only the ratification of the appointment of our independent registered public accounting firm is a discretionary item. Accordingly, your bank, brokerage firm or other intermediary may exercise its discretionary authority with respect to Proposal 2 (the ratification of the appointment of our independent registered public accounting firm) if you do not provide voting instructions. In the case of the non-discretionary items, Proposal 1 (the election of directors) and Proposal 3 (to approve an advisory vote on executive compensation), the shares will be treated as broker non-votes. Broker non-votes are shares that are held in street name by a bank, brokerage firm or other intermediary that indicates on its proxy that it does not have discretionary authority to vote on a particular matter.

If you wish to attend the 2018 Annual Meeting of Stockholders to personally vote your shares held in street name, you will need to obtain a proxy card from the holder of record (i.e. your bank, brokerage firm or other intermediary); a broker's proxy card is not the form of proxy card enclosed with this proxy statement.

**Q. May I revoke my proxy or change my vote after I have voted?**

**A.** Yes. If you are a stockholder of record, you may revoke your earlier proxy and/or change your vote at any time before the Annual Meeting by taking one of the following actions (only your latest-dated proxy that we receive prior to the Annual Meeting will be counted):

completing, signing, dating and mailing another proxy card with a later date;

voting again via the Internet;

giving our corporate secretary written notice that you want to revoke your proxy, at the address below under [How and when may I submit a stockholder proposal for the 2019 Annual Meeting?](#) ; or

attending the meeting, notifying our corporate secretary that you are present and then voting in person. Your attendance at the meeting alone will not revoke your proxy; you must vote again or specifically request that your prior proxy be revoked.

If you own shares in street name, your bank, brokerage firm or other intermediary should provide you with appropriate instructions for changing or revoking your vote.

**Q. What constitutes a quorum?**

**A.** In order for business to be conducted at the 2018 Annual Meeting of Stockholders, our by-laws require that a quorum must be present. A quorum consists of the holders of a majority of the shares of our common stock outstanding and entitled to vote at the Annual Meeting; that is, at least 26,169,112 shares.

Shares of our common stock present in person or represented by proxy (including shares that reflect abstentions, broker non-votes and votes withheld for director nominees) will be counted for the purpose of determining whether a quorum exists.

If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

**Q. What vote is required to approve each item?**

**A.** The Company has adopted a majority vote standard for non-contested director elections and a plurality vote standard for contested director elections. The voting standard is discussed further under the section entitled Proposal No. 1 Election of Directors Director Voting Standard.

All other proposals require the affirmative vote of a majority of the votes cast by the holders of shares present in person or by proxy and entitled to vote at the Annual Meeting. Abstentions and broker non-votes are not counted for any purpose in determining whether such proposals have been approved.

**Q. How will votes be counted?**

**A.** Each share of common stock voted at the Annual Meeting will be counted as one vote. A share will not be voted in favor of a matter and will not be counted as voting on a particular matter, if either (1) the holder of the share withholds authority in the proxy card to vote for a particular director nominee or nominees or abstains from voting on a particular matter or (2) the share constitutes a broker non-vote. As a result, withheld shares, abstentions and broker non-votes will have no effect on the outcome of voting on any proposal at the Annual Meeting.

**Q. Who will count the votes?**

- A.** Our transfer agent and registrar, American Stock Transfer & Trust Company, will count, tabulate and certify the votes. A representative of American Stock Transfer & Trust Company will serve as inspector of elections at the Annual Meeting.

**Q. How does the Board of Directors recommend that I vote on the proposals?**

- A.** Our Board of Directors recommends that you vote:

**FOR** Proposal 1 to elect the three nominees identified in this proxy statement as class III director nominees;

**FOR** Proposal 3 to approve, on an advisory basis, the compensation of our named executive officers.

**Q. Will any other business be conducted at the Annual Meeting or will other matters be voted on?**

**A.** We are not currently aware of any other business to be conducted or matters to be voted on at the Annual Meeting. However, if any other matter properly comes before the Annual Meeting or any postponement or adjournment thereof, the person(s) named in the proxy card that accompanies this proxy statement will vote, or otherwise act, at the meeting to their best judgment with respect to the shares they have authority to vote. A stockholder proposal or information about a proposed director candidate for potential inclusion in the proxy statement for our 2019 Annual Meeting of Stockholders must be submitted in accordance with the procedures outlined under [How and when may I submit a stockholder proposal for the 2019 Annual Meeting?](#)

**Q. When and where can I find the voting results?**

**A.** We expect to announce preliminary voting results at the 2018 Annual Meeting of Stockholders. We will also report the voting results from the Annual Meeting in a Current Report on Form 8-K filed with the Securities and Exchange Commission, or SEC, within four business days after the conclusion of the Annual Meeting. Otherwise, if final voting results are not available to us in time to file a Current Report on Form 8-K within four business days after the conclusion of the Annual Meeting, we intend to file a Current Report on Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Current Report on Form 8-K to publish the final results

**Q. May I recommend a candidate for LogMeIn's Board of Directors?**

**A.** Yes. Stockholders may recommend director candidates for consideration by the Nominating and Corporate Governance Committee of our Board of Directors by sending a written notice to our corporate secretary at the address below under **How and when may I submit a stockholder proposal for the 2019 Annual Meeting?** Our by-laws specify the information that must be included in any such notice, including (i) the stockholder's name, address and number of shares of LogMeIn stock held, and (ii) the director candidate's name, age, address, principal occupation and number of shares of LogMeIn stock held. If a common stockholder would like a director candidate to be considered for inclusion in the proxy statement for our 2019 Annual Meeting, the stockholder must follow the procedures for stockholder proposals outlined immediately below under **How and when may I submit a stockholder proposal for the 2019 Annual Meeting?** You can find more detailed information on our process for selecting Board members and our criteria for Board nominees in the section of this proxy statement entitled **BOARD OF DIRECTORS, CORPORATE GOVERNANCE AND RELATED MATTERS - Director Nomination Process** and in the Corporate Governance Guidelines posted on the **Investor-Corporate Governance-Documents & Charters** section of our website, located at [www.logmeininc.com](http://www.logmeininc.com).

Alternatively, our by-laws provide that stockholders may nominate director candidates for consideration at the 2019 Annual Meeting directly, without approval of the Nominating and Corporate Governance Committee. In order to nominate candidates directly, stockholders must follow the procedures outlined in **How and when may I submit a stockholder proposal for the 2019 Annual Meeting?** immediately below.

**Q. How and when may I submit a stockholder proposal for the 2019 Annual Meeting?**

**A.** If you are interested in submitting a proposal or information about a proposed director candidate for potential inclusion in the proxy statement for our 2019 Annual Meeting of Stockholders, you must follow the procedures outlined in Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the **Exchange Act**). To be eligible for inclusion in the proxy statement, we must receive your stockholder proposal or information about your proposed director candidate at the address noted below no later than December 14, 2018. However, if the 2019 Annual Meeting of Stockholders is held before May 2, 2019 or after June 30, 2019, then we must receive your stockholder proposal or information about your proposed director candidate at the address noted below a reasonable time before we begin to print and mail our proxy materials for the 2019 Annual Meeting of Stockholders.

If you wish to present a proposal or a proposed director candidate at the 2019 Annual Meeting of Stockholders, but do not wish to have the proposal or director candidate considered for inclusion in the proxy statement and proxy card, you must also give written notice to our corporate secretary at the address noted below. We must receive this required notice by March 1, 2019, but no sooner than January 31, 2019. However, if the 2019 Annual Meeting of Stockholders is held before May 11, 2019 or after July 30, 2019, then we must receive the required notice of a proposal or proposed director candidate no earlier than the 120th day prior to the 2019 Annual Meeting and no later than the close of business on the later of (1) the 90th day prior to the 2019 Annual Meeting of Stockholders and (2) the 10th day following the date on which notice of the date of the 2019 Annual Meeting of Stockholders was mailed or public disclosure was made, whichever occurs first.

2018 NOTICE OF MEETING AND PROXY STATEMENT

**PROPOSAL 1 ELECTION OF DIRECTORS**

Our Board of Directors is divided into three classes, with one class being elected each year and members of each class holding office for a three-year term. We believe that having a staggered Board of Directors divided by classes is in the best interest of both the Company and its stockholders because it provides for greater stability and continuity on our Board of Directors. We have four Class III directors, whose terms expire at this Annual Meeting of Stockholders; three Class I directors, whose terms expire at the 2019 Annual Meeting of Stockholders; and three Class II directors, whose terms expire at our 2020 Annual Meeting of Stockholders.

At this Annual Meeting, stockholders will have an opportunity to vote for three nominees for Class III directors: Sara C. Andrews, Edwin J. Gillis and Michael K. Simon. All nominees are currently directors of LogMeIn. Jesse A. Cohn, whose term as a Class III director is expiring at this Annual Meeting of Stockholders, has elected not to stand for re-election and therefore, is not included as a nominee for election at the 2018 Annual Meeting of Stockholders. Proxies cannot be voted for a greater number of persons than the number of nominees named. Additional information about Ms. Andrews and Messrs. Gillis and Simon can be found below under Our Board of Directors.

The persons named in the enclosed proxy card will cast your vote to elect these three nominees as Class III directors, unless you vote against individual nominees or all nominees by marking the proxy card to that effect. If elected, each nominee for Class III director will hold office until the 2021 Annual Meeting of Stockholders or until his or her successor is elected and qualified. Each of the nominees has indicated his or her willingness to serve if elected. However, if any nominee should be unable to serve, the persons named in the proxy card may vote the proxy for a substitute nominee nominated by our Board of Directors, or our Board of Directors may reduce the number of directors.

Our Board of Directors recommends a vote **FOR** each of the nominees.

**Corporate Governance**

**Our Commitment to Corporate Governance**

The principal responsibility of our Board of Directors is to oversee the management of the Company and, in so doing, serve the best interests of the Company and its stockholders. To help fulfill this responsibility, our Board of Directors has adopted Corporate Governance Guidelines and a Code of Business Conduct and Ethics. We believe that these corporate governance policies and guidelines adopted by our Board of Directors reflect many current best practices, including:

- A majority of votes voting standard and a director resignation policy for directors in uncontested elections
- All directors with the exception of Messrs. Simon and Wagner are independent under the NASDAQ Marketplace Rules
- An independent lead director presides over all executive sessions of the Board of Directors and together with the Chairman helps set Board and Committee meeting agendas
- Three standing Board Committees, all of which are comprised solely of independent directors
- Directors have full and free access to management and, as necessary and appropriate, independent advisors
- Separate Chairman, Lead Independent Director and Chief Executive Officer
- All directors attended greater than 75% of Board meetings held during 2017
- Our insider trading policy prohibits executives and directors from hedging or pledging LogMeIn stock
- Directors and Section 16 executive officers are subject to stock ownership guidelines
- At least annually, the Board of Directors and its Committees conduct a self-evaluation to determine whether they are functioning effectively

Complete copies of our Corporate Governance Guidelines, Code of Business Conduct and Ethics, and the charters for our Audit, Compensation, and Nominating and Corporate Governance Committees are available on the Investors Corporate Governance Documents & Charters section of our website, [www.logmeininc.com](http://www.logmeininc.com). ## Board Leadership Structure

Our Board has implemented a leadership structure comprised of both a Chairman, Mr. Michael Simon, and a Lead Independent Director, Mr. Edwin Gillis:

**Chairman** The Chairman of our Board, among other things, is responsible for presiding over and managing the Board and setting agendas for our Board meetings. Our Board of Directors believes that Mr. Simon's service as both Chairman of the Board and his experience as co-founder and former-Chief Executive Officer of LogMeIn is in the best interest of the Company and its stockholders because he possesses detailed knowledge of the issues, opportunities and challenges facing the Company, its business and its industry.

**Lead Independent Director** Edwin J. Gillis, an independent director who also serves as chairman of the Audit Committee, has been selected by our Board of Directors to serve as the Lead Independent Director for all meetings of the non-employee directors held in executive session. The Lead Independent Director has the responsibility of presiding at all executive sessions of the Board of Directors, consulting with both the Chairman and the Chief Executive Officer on Board and Committee meeting agendas, acting as a liaison between management and the non-employee directors, including maintaining frequent contact with both the Chairman and Chief Executive Officer and advising them on the efficiency of the Board meetings, facilitating teamwork and communication between the non-employee directors and management, as well as additional responsibilities that are more fully described in our Corporate Governance Guidelines, posted on the Investor Corporate Governance Documents & Charters section of our website, located at [www.logmeininc.com](http://www.logmeininc.com).

## Director Independence

### *NASDAQ and Exchange Act Independence Standards*

Rule 5605(b)(1) of the NASDAQ Marketplace Rules (the "NASDAQ Rules"), independent directors must comprise a majority of a listed company's Board of Directors within one year of listing. The NASDAQ Rules also require that, subject to specified exceptions, each member of a listed company's audit, compensation and Nominating and Corporate Governance Committees be independent. Audit Committee members must also

LOGMEIN, INC. 19

---

**Table of Contents****2018 NOTICE OF MEETING AND PROXY STATEMENT****Corporate Governance (continued)**

satisfy the independence criteria set forth in Rule 10A-3 ( Rule 10A-3 ) under the Securities Exchange Act of 1934, as amended (the Exchange Act ). Under the NASDAQ Rules, a director will only qualify as an independent director if, in the opinion of that company s Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered independent for purposes of Rule 10A-3, a member of an Audit Committee of a listed company may not, other than in his capacity as a member of the Audit Committee, the Board of Directors, or any other Board Committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Prior to accepting the appointments of Messrs. Calderoni, Cohn, Henshall and Sacripanti to our Board of Directors, our then-current Board of Directors was presented with a summary and analysis of Messrs. Calderoni, Cohn, Henshall and Sacripanti s independence and qualifications for service under the aforementioned rules and regulations. Our Board of Directors has determined that, with the exception of Mr. Simon and Mr. Wagner, all of our directors, including each of Messrs. Calderoni, Cohn, Henshall and Sacripanti, qualify as independent as that term is defined under NASDAQ Marketplace Rule 5605(a)(2) and the SEC regulations and that those directors who comprise our Audit, Compensation and Nominating and Corporate Governance Committees also satisfy the heightened independence standards for those committees established by applicable SEC regulations and the NASDAQ Rules. In making this determination, our Board of Directors considered the relationships that each non-employee director has with our company and all other facts and circumstances our Board of Directors deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

***Additional Independence Standards***

In addition to the independence standards required by the NASDAQ Rules and the Exchange Act, certain organizations that serve institutional investors have additional heightened standards and policies which they use to evaluate director independence when making voting recommendations to shareholders. These standards and policies are often driven by a belief that directors who are too closely tied to management may have inherent conflicts of interest and therefore may be less willing and able to effectively evaluate and scrutinize company performance.

With the exception of Mr. Simon, who previously served as our CEO, and Mr. Wagner, who currently serves as our President and CEO, we believe that our other eight directors are sufficiently independent from our management team to allow them to effectively serve as directors since, in addition to their independence under the NASDAQ and Exchange Act standards, none of them have ever served as an officer or employee of LogMeIn or one of its affiliates, nor have they ever beneficially owned more than 50% of LogMeIn s voting power.

Specifically with regard to Mr. Calderoni and Mr. Henshall, each of whom currently hold management positions at Citrix, it is important to note that: (i) while each is an officer of Citrix, Citrix itself never owned any shares of LogMeIn, and thus was not an affiliate of LogMeIn; (ii) Citrix was not a parent or predecessor to LogMeIn; and

(iii) LogMeIn never had a joint venture or partnership arrangement, before, during or after the Merger with Citrix.

### **Board Meetings and Attendance**

Our Board met eight (8) times during the year ended December 31, 2017. During 2017, each director attended at least 75% of the Board meetings held during the period for which he or she has been a director. During 2017, each incumbent director attended at least 75% of the number of meetings held by all committees of the Board on which he or she then served. All of our directors were present at our Annual Meeting of Stockholders in June 2017.

### **Board Committees**

During fiscal 2017, our Board of Directors had four standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and an Operating Committee. Each committee operates under a charter that has been approved by our Board of Directors in compliance with the NASDAQ Marketplace Rules, copies of which are available under the Investor Corporate Governance-Documents & Charters section on our website, located at [www.logmeininc.com](http://www.logmeininc.com). Pursuant to the Merger Agreement, our Board of Directors appointed at least one Citrix director designee to each of the Nominating and Corporate Governance Committee, the Audit Committee and the Compensation Committee. In 2017, our Board had established an Operating Committee that was comprised of two Citrix designees and two directors serving on the Board prior to the Merger and which was responsible for designing and overseeing a plan to achieve the synergies expected to result from the Merger. The Operating Committee has since been disbanded by unanimous decision of the Board.

**Audit Committee** At the beginning of fiscal 2017, our Audit Committee was comprised of Mr. Gillis, who serves as chairman, Mr. Benson and Ms. Marilyn Matz, who resigned from the Board and all Committees effective January 31, 2017. Effective January 31, 2017, Ms. Matz and Mr. Benson were replaced on the Audit Committee by Mr. Henshall and Mr. Sacripanti. Our Board of Directors has determined that each Audit Committee member satisfies the requirements for financial literacy under the current requirements of the NASDAQ Marketplace Rules. Mr. Gillis is an Audit Committee financial expert, as defined by SEC rules, and satisfies the financial sophistication requirements of the NASDAQ Global Select Market. Our Audit Committee assists our Board of Directors in its oversight of our accounting and financial reporting process and the audits of our financial statements. The Audit Committee's responsibilities include:

appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;  
overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of reports from such firm;  
reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;  
monitoring our internal controls over financial reporting, disclosure controls and procedures, and Code of Business Conduct and Ethics;  
reviewing our risk-management policies, data security programs and procedures as well as monitoring cybersecurity risks and the Company's compliance with its data privacy obligations;  
establishing policies regarding hiring employees from the independent registered public accounting firm and procedures for the receipt and resolution of accounting-related complaints and concerns;  
meeting independently with our independent registered public accounting firm and management;  
reviewing and approving or ratifying any related-person transactions; and  
preparing the annual Audit Committee report required by SEC rules.

All audit and non-audit services, other than *de minimis* non-audit services, to be provided to us by our independent registered public accounting firm must be approved in advance by our Audit Committee.

**Compensation Committee** At the beginning of fiscal 2017, our Compensation Committee was comprised of Mr. Benson, who served as chairman of the Committee and Mr. Gregory Hughes, who resigned from the Board and all Committees effective January 31, 2017. Effective January 31, 2017, our Compensation Committee was comprised of Mr. Henshall, who serves as chairman of the Committee, and Messrs. Benson, Calderoni and Christenson. The Compensation Committee's responsibilities include:

annually reviewing and approving corporate goals and objectives used to set Chief Executive Officer compensation;  
determining our Chief Executive Officer's compensation;

reviewing and approving, or making recommendations to our Board of Directors with respect to, the compensation of our other executive officers;  
overseeing the evaluation of our senior executives;  
overseeing and administering our cash and equity incentive plans;  
reviewing and making recommendations to our Board of Directors with respect to director compensation;  
reviewing and discussing annually with management our Compensation Discussion and Analysis disclosure required by SEC rules; and  
preparing the annual Compensation Committee report required by SEC rules.

None of our executive officers serve as a member of the Board of Directors or Compensation Committee, or other Committee serving an equivalent function, of any entity that has one or more executive officers who serve as members of our Board of Directors or our Compensation Committee. None of the members of our Compensation Committee is an officer or employee of our company, nor have they ever been an officer or employee of our company.

***Nominating and Corporate Governance Committee*** At the beginning of fiscal 2017, our Nominating and Corporate Governance Committee was comprised of Mr. Christenson and Mr. Gillis. Effective as of January 31, 2017, our Nominating and Corporate Governance Committee was comprised of Mr. Benson, who serves as chairman of the Committee, and Messrs. Christenson and Sacripanti. The Nominating and Corporate Governance Committee's responsibilities include:

identifying individuals qualified to become members of our Board of Directors;  
recommending to our Board of Directors the persons to be nominated for election as directors and to each Board Committee;  
reviewing and making recommendations to our Board of Directors with respect to management succession planning;  
developing and recommending corporate governance principles to our Board of Directors; and  
overseeing an annual evaluation of our Board of Directors.

***Operating Committee*** Our Operating Committee was established on January 31, 2017 effective upon the closing of our Merger. The Operating Committee was comprised of Mr. Calderoni, who served as chairman of the Committee, Mr. Christenson, Mr. Cohn and Mr. Simon. Pursuant to its charter, the Operating Committee was responsible for designing and overseeing a plan to achieve the synergies expected to result from the Company's Merger, and to undertake any other related activities as may be delegated by the Board of Directors. The Committee was expected to serve for a period of two (2) years following January 31, 2017, at which time the Operating Committee would automatically disband and cease to exist as a Committee unless the Board of Directors acted to extend its existence. Given the Company's success in achieving the synergies expected to result from the Merger ahead of its anticipated two-year schedule, the Board of Directors voted by unanimous decision to disband the Operating Committee effective September 6, 2017.

## **Director Nomination Process**

Our Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of our Board of Directors and for recommending to our Board of Directors the persons to be nominated for election as directors and to each Board Committee.

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates typically includes:

retaining the services of an executive search firm to help identify and evaluate potential director candidates; soliciting recommendations for qualified nominees from current members of the Board and management; and scheduling interviews and meetings with potential candidates and members of the Nominating and Corporate Governance Committee, the Board of Directors and members of senior management.

Our Nominating and Corporate Governance Committee also considers candidates proposed by our stockholders. Stockholders nominating director candidates must follow the procedures set forth under **INFORMATION ABOUT THE ANNUAL MEETING AND VOTING** **May I recommend a candidate for LogMeIn's Board of Directors?** and **How and when may I submit a stockholder proposal for the 2019 Annual Meeting?**

## **Candidate Criteria and Skills**

Before recommending any particular candidate for inclusion in the Board of Directors' slate of recommended director nominees, our Nominating and Corporate Governance Committee believes that each candidate must satisfy at least the following minimum criteria:

a reputation for integrity, honesty and adherence to high ethical standards;  
a demonstrated business acumen, experience and ability to exercise sound judgment in matters that relate to LogMeIn's current and long-term objectives and a willingness to contribute positively to LogMeIn's decision-making process;

**Table of Contents**

2018 NOTICE OF MEETING AND PROXY STATEMENT

**Corporate Governance** (continued)

a commitment to understand LogMeIn and its industry and to regularly attend and participate in meetings of the Board and its Committees;

the ability to understand the sometimes conflicting interests of the various constituencies of LogMeIn, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders; and

candidates should not have, nor appear to have, a conflict of interest that would impair the candidate's ability to represent the interests of all of LogMeIn's stockholders and to fulfill the responsibilities of a director.

In addition to the above minimum criteria, our Board of Directors also believes that having directors who provide a significant breadth of experience, knowledge and abilities in areas relevant to LogMeIn's business, while also representing a diversity of gender, race, age, sexual orientation and ethnicity, contributes to a well-balanced and effective Board. Therefore, the Nominating and Corporate Governance Committee is committed to ensuring that at least one candidate representing a diversity of gender, race, ethnicity, age and/or sexual orientation is included in each pool of new candidates from which Board nominees are chosen, and that directors should be selected so that the Board is a diverse body. Any search firm retained by our Nominating and Corporate Governance Committee to find director candidates will be instructed to take into account all of the criteria used by our Nominating and Corporate Governance Committee, including diversity. Director nominees are not discriminated against on the basis of gender, race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

In the spirit of this commitment to diversity one of three candidates nominated for election at LogMeIn's 2018 Annual Meeting are women and going forward the Board remains committed to ensuring that the Board remains a diverse body, reflecting a variety of different perspectives, backgrounds and experiences.

The Nominating and Corporate Governance Committee believes that the re-nomination of existing directors should not be viewed as automatic, but should be based on continuing qualification under the criteria set forth above and confirmation that each nominee possesses the appropriate skills and characteristics required of LogMeIn's directors. The table below summarizes key qualifications, skills and attributes most relevant to the decision to nominate candidates to serve on our Board of Directors. A check mark indicates a specific area of focus or experience on which the Board relies most. The lack of a mark does not necessarily mean that the director does not possess that qualification or skill:

### **Director Voting Standard**

Our by-laws provide that, in an uncontested election, each director will be elected by a majority of votes cast. A majority of votes cast means the number of shares voted for a director exceeds the number of votes cast against that director. In addition, our Corporate Governance Guidelines include a director resignation policy that provides that, in uncontested elections, an incumbent director nominee who does not receive the required votes for re-election is expected to tender his or her resignation to the Board. The Nominating and Corporate Governance Committee, or another duly authorized Committee of the Board, will determine whether to accept or reject the tendered resignation generally within ninety days after certification of the election results. No director who failed to receive the required votes for re-election may participate in the consideration of the matter. The Company will publicly disclose the Nominating and Corporate Governance Committee's (or other responsible Committee's) decision.

LOGMEIN, INC. 23

**Table of Contents**

2018 NOTICE OF MEETING AND PROXY STATEMENT

**Corporate Governance** (continued)

The majority voting standard does not apply, however, if the Board of Directors determines that the number of nominees for director exceeds the number of directors to be elected. In such circumstances, even if the number of nominees for director later no longer exceeds the number of directors to be elected, directors will instead be elected by a plurality of the votes cast, meaning that the nominees receiving the most votes will be elected.

**Compensation Risk Assessment**

Consistent with the SEC's disclosure requirements, we have assessed our compensation programs for all employees. We have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Management has evaluated our executive and employee compensation and benefits programs to determine if these programs' provisions and operations create undesired or unintentional risk of a material nature. The risk assessment process includes a review of program policies and practices; analysis to identify risks and risk controls related to our compensation programs; and determinations as to the sufficiency of risk identification, the balance of potential risk to potential reward, the effectiveness of our risk controls and the impacts of our compensation programs and their risks to LogMeIn strategy. Although we periodically review all compensation programs, we focus on the programs with variability of payout, with the ability of a participant to directly affect payout and the controls on participant action and payout. In relation to this, we believe that our incentive compensation arrangements provide incentives that do not encourage risk taking beyond our ability to effectively identify and manage significant risks and are compatible with effective internal controls and the risk management practices of LogMeIn.

The Compensation Committee monitors our compensation programs on an annual basis and expects to make modifications as necessary to address any changes in the Company's business or risk profile.

The Compensation Committee has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation. Additionally, the Compensation Committee may delegate authority to one or more sub-committees as it deems appropriate. The processes and procedures followed by our Compensation Committee in considering and determining executive compensation are described below under the heading *Executive Compensation Discussion and Analysis*.

**Transactions with Related Persons**

Since January 1, 2017, we have not engaged in any transactions with our directors, executive officers and holders of more than 5% of our voting securities, and affiliates or immediately family members of our directors, executive officers or holders of more than 5% of our voting securities, in which the amount involved exceeds \$120,000.

Our Board of Directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which we are a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a

related person, has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a related person transaction, the related person must report the proposed related person transaction to our general counsel. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by the Audit Committee of our Board of Directors. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the Audit Committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the Audit Committee to review and, if deemed appropriate, approve proposed related person transactions that arise between Audit Committee meetings, subject to ratification by the Audit Committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the Audit Committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the Audit Committee will review and consider:

- the related person's interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

**Table of Contents**

2018 NOTICE OF MEETING AND PROXY STATEMENT

**Corporate Governance** (continued)

The Audit Committee may approve or ratify the transaction only if it determines that, under all of the circumstances, the transaction is consistent with our best interests. The Audit Committee may impose any conditions on the related-person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related-person transaction disclosure rule, our Board of Directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related-person transactions for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, (c) the amount involved in the transaction equals less than the greater of \$1 million or 2% of the annual consolidated gross revenues of the other entity that is a party to the transaction, and (d) the amount involved in the transaction equals less than 2% of our annual consolidated gross revenues; and

a transaction that is specifically contemplated by provisions of our charter or by-laws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

**Communicating with our Board of Directors**

Our Board of Directors will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. The chairman of the Nominating and Corporate Governance Committee, subject to the advice and assistance of our General Counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the chairman of the Nominating and Corporate Governance Committee considers to be important for the directors to review. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we receive repetitive or duplicative communications.

Stockholders who wish to send communications to our Board of Directors on any topic should address such communications to:

## 2018 NOTICE OF MEETING AND PROXY STATEMENT

**Director Compensation***Overview of 2017 Director Compensation Program*

Our Compensation Committee is responsible for overseeing our director compensation program and for making recommendations to our Board of Directors regarding the appropriateness of our director compensation levels. We use a combination of cash and stock-based compensation to attract and retain qualified persons to serve on our Board of Directors. Our Compensation Committee has retained an independent compensation consultant, Compensia, Inc., or Compensia, who reports directly to the Compensation Committee and uses competitive market data to provide the Committee with compensation ranges that are consistent with the compensation offered by other companies within our peer group.

In early 2017, the Compensation Committee engaged Compensia to help benchmark our non-employee director compensation program against the compensation programs offered by the other companies in our post-Merger peer group, which had been reset to reflect LogMeIn's scale, profile, revenue and competitive environment following the completion of its merger with the GoTo Business. After carefully considering the competitive market data prepared by Compensia, our Board approved an increase in both the cash and stock-based compensation to be paid to members of our Board of Directors for fiscal 2017.

Mr. Simon, our Chairman and former Special Advisor to the Chief Executive Officer, and Mr. Wagner, our President and Chief Executive Officer, did not receive any compensation in connection with their service as directors during fiscal 2017. The compensation that we paid in 2017 to Mr. Wagner as an employee is discussed in the *Executive Compensation Discussion and Analysis* section beginning on page 33.

*2017 Director Cash Compensation*

For fiscal 2017, each of our non-employee directors were entitled to receive the annual cash retainer fees set forth in the tables below, which were paid in quarterly installments. We also reimburse each non-employee director for any out-of-pocket expenses incurred in connection with their attending meetings of our Board of Directors.

The tables below summarize our 2017 non-employee director cash compensation program:

Board Membership	Annual Cash Retainer
General Board Member	\$ 50,000
	\$ 70,000

## Lead Independent Director

Board Committee	Annual Committee Retainers	
	Chairman	Committee Member
Audit	\$ 25,000	\$ 10,000
Compensation	\$ 20,000	\$ 10,000
Nominating and Corporate Governance	\$ 10,000	\$ 5,000
Operating	\$ 25,000	\$ 10,000

***2017 Director Stock Compensation***

In addition to cash compensation, we also grant our non-employee directors RSU awards under our Amended and Restated 2009 Stock Incentive Plan. In determining the amounts of RSU awards to be granted to our non-employee directors, the Compensation Committee generally plans to grant awards that are deemed to be competitive with the equity awards granted by the other companies within our fiscal 2017 compensation peer group and other companies within our industry and region.

Each of our non-employee directors who served during fiscal 2017 were awarded a time-based RSU award with vesting conditions which were subject to their continued service as a director through their applicable vesting date. Pursuant to the individual award agreements, vesting rights typically cease after termination of service except in the case of death or disability. Prior to the vesting of an RSU, the holder has no rights as a stockholder with respect to the shares subject to such RSU, including voting rights and the right to receive dividends or dividend equivalents.

#### ***Director Stock Ownership Guidelines***

Our Board of Directors has adopted stock ownership guidelines for our non-employee directors. Pursuant to these stock ownership guidelines, each current non-employee director and any newly appointed non-employee director is required to, by the date three (3) years from the date the guidelines became applicable to such non-employee director, own shares of the company's common stock having an aggregate value at least equal to one times the amount of the annual cash retainer that we currently pay our non-employee directors for general service on our Board, excluding any additional retainers paid for serving on committees or as Lead Independent Director. For purposes of this calculation, shares of the company's common stock held directly or indirectly by the non-employee director are included while any outstanding and unvested RSU awards or any outstanding and unvested or vested but unexercised stock option awards are excluded.

2018 NOTICE OF MEETING AND PROXY STATEMENT

**PROPOSAL 2 RATIFICATION OF APPOINTMENT OF DELOITTE & TOUCHE LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board of Directors has selected Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2018. Although stockholder approval of our Audit Committee's selection of Deloitte & Touche LLP is not required by law, we believe that it is advisable to give stockholders an opportunity to ratify this selection. If our stockholders do not ratify this selection, our Audit Committee will take that into consideration and may reconsider the selection. We expect that a representative of Deloitte & Touche LLP, which served as our independent registered public accounting firm for the year ended December 31, 2017, will be present at the Annual Meeting to respond to appropriate questions and to make a statement if he or she wishes.

Our Board of Directors recommends a vote **FOR** this proposal.

**Audit Committee Report**

The Audit Committee has reviewed and discussed with our management our audited consolidated financial statements for the year ended December 31, 2017. The Audit Committee has also reviewed and discussed with Deloitte & Touche LLP, our independent registered public accounting firm, our audited consolidated financial statements and the matters required by Statement on Auditing Standards No. 61 (Communications with Audit Committees), or SAS No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. SAS No. 61 requires our independent registered public accounting firm to discuss with the Audit Committee, among other things, the following to the extent applicable or relevant:

- methods to account for significant unusual transactions;
- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;
- the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and
- disagreements with management, if any, over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

The Audit Committee has also received from Deloitte & Touche LLP the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee has discussed with Deloitte & Touche LLP the matters disclosed in the letter and its independence with respect to LogMeIn, including a review of audit and non-audit fees and services, and concluded that Deloitte & Touche LLP is independent.

Based on its discussions with management and Deloitte & Touche LLP, and its review of the representations and information referred to above provided by management and Deloitte & Touche LLP, the Audit Committee

Edgar Filing: LogMeIn, Inc. - Form DEF 14A

recommended to the Board of Directors that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC.

From time to time, our Audit Committee may pre-approve specified types of services that are expected to be provided to us by our registered public accounting firm during the next twelve months. Any pre-approval is also generally subject to a maximum

dollar amount, and the Audit Committee is informed of each service once it has been provided.

2018 NOTICE OF MEETING AND PROXY STATEMENT

**PROPOSAL 3 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION (A SAY ON PAY )**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement.

Our objectives with respect to executive compensation are to (i) attract, motivate, and retain talented executive officers, (ii) promote the achievement of key financial and strategic performance measures by linking short- and long-term cash and equity incentives to the achievement of measurable corporate and, in some cases, individual performance goals and (iii) align the incentives of our executives with the creation of value for our stockholders. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term and other business-related goals, and the realization of increased stockholder value. To achieve these objectives, our Compensation Committee, in conjunction with a third-party compensation consultant, reviews and evaluates our executive compensation program with the goal of setting compensation at levels the Committee believes are competitive in our industry and region. In addition, our executive compensation program ties a substantial portion of each executive's overall compensation to key financial and operational goals such as our financial and operational performance. We also provide a portion of our executive compensation in the form of time-based equity incentive awards that vest over time, which we believe helps to retain our executives and aligns their interests with those of our stockholders by allowing them to participate in the longer-term success of our company as reflected in stock price appreciation over the vesting period. The *Executive Compensation Discussion and Analysis* section of this proxy statement, beginning on page 33, describes in detail our executive compensation programs and the decisions made by the Compensation Committee and our Board of Directors, with respect to the fiscal year ended December 31, 2017.

We are asking our stockholders to indicate their support and approval for our named executive officer compensation as described herein. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Our Board of Directors is asking stockholders to approve a non-binding advisory vote on the following resolution:

RESOLVED, that, pursuant to Section 14A of the Exchange Act, the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in this proxy statement, is hereby approved.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. However, our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, they will consider any stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Our Board of Directors recommends a vote **FOR** the approval of the compensation of the named executive officers.

## **Executive Summary**

### ***Use of non-GAAP Financial Measures***

Our Compensation Discussion & Analysis contains certain non-GAAP financial measures. To supplement our consolidated financial statements presented on a GAAP basis, the Company discloses certain non-GAAP financial measures. These non-GAAP measures are not prepared in accordance with generally accepted accounting principles in the United States. Please see Annex A to this Proxy Statement for a reconciliation of these non-GAAP measures.

### ***Significant 2017 Business Highlights***

2017 was a successful and transformative year for LogMeIn. We consistently delivered strong financial results in the face of major change, exceeding our guidance in each of the four quarters while building the foundation for a large SaaS company capable of leveraging our talented employees, our strong product brands and our history of innovation to establish a strong foothold in much larger markets.

1. Our Merger with the GoTo Business closed on January 31, 2017. Therefore, the non-GAAP numbers above exclude the GoTo Business January 2017 results. Pro-Forma revenue growth is calculated on combined LogMeIn and GoTo Business revenue for 2017 and 2016. A reconciliation of these non-GAAP measures has been included in Annex A to this Proxy Statement.

2. During Fiscal 2017, LogMeIn returned approximately \$121M in capital to its stockholders through \$52M in cash dividends and \$69M in share repurchases.

### ***Our Executive Compensation Philosophy***

We believe in the importance of aligning the financial interests of our executive officers with those of our stockholders. Therefore, a majority of our named executive officer compensation is designed to be variable and tied to our achievement of key financial and strategic performance objectives, the performance of our stock price, or both, which helps us incentivize our executive officers to create value for our stockholders.

## 2018 NOTICE OF MEETING AND PROXY STATEMENT

**Executive Compensation Discussion and Analysis** (continued)

Our executive compensation program has been designed to attract, retain and motivate talented executives. Accordingly, when setting individual executive compensation levels, the Compensation Committee generally targets executive compensation at levels that are competitive with other public and private companies in our industry and region with whom we compete for talent. Actual target pay positioning may vary by individual depending on the experience level and performance of the executive and other factors, such as the demand for executives with certain skills and experience and the costs associated with recruiting qualified executives from other established companies.

***What We Do vs. What We Don't Do***

We believe in maintaining sound executive compensation policies and practices, including compensation-related corporate governance standards, consistent with our executive compensation philosophy. Below we summarize those executive compensation policies and practices we have implemented to help drive executive performance, as well as practices we have chosen not to implement because we believe such practices do not support our stockholders long-term interests:

**What We Do**

**Emphasize Pay-for-Performance** in 2017 all of our named executive officers received equity awards with performance-based vesting conditions and all of our executive officers (except for Mr. D Angelo who is on a sales commission plan) participated in our annual performance-based cash incentive bonus plan, which compensates our executive officers for our achievement of operational and financial goals, thereby aligning our executive incentives with our performance and the creation of stockholder value. Additionally, at least 50% of our CEO's and CFO's target total direct compensation opportunity consisted of performance-based equity and performance-based cash pay in 2017

**Use Double-Trigger Change-in-Control Provisions** the equity awards granted to our named executive officers contain a double trigger payment provision, that is, they require both a change-in-control of the Company and an involuntary termination of employment to receive accelerated vesting.

**Equity Ownership Guidelines** all of our Section 16 executive officers are required to, by the later of November 14, 2018 or within five years from the date of his/her hire or promotion, own shares of our common stock having an aggregate value at least equal to: (i) three times the base salary for our CEO and (ii) one times the base salary for all other executive officers.

**Annual Say-on-Pay Vote** we conduct our say-on-pay vote on an annual basis to allow our stockholders to provide us with their direct input on our executive compensation program, policies, and practices as disclosed in our proxy statement each year.

**Offer Both Equity and Cash Incentives** the compensation packages offered to our executive officers consist of a combination of base salary, performance-based equity awards and annual performance-based cash incentive bonuses, which we believe incentivizes our executive officers to achieve performance results that deliver both short-term and long-term stockholder value.

**Compensation Recovery ( Clawback ) Policy** the incentive-based cash compensation paid to our executive officers under our annual cash incentive bonus plan is subject to an executive compensation recovery, or clawback, policy which requires the reimbursement of excess compensation in the event that we are required to prepare an accounting restatement due to the fraud or misconduct of any of our executive officers.

**Engage an Independent Compensation Consultant** our Compensation Committee has retained a compensation consultant to serve as its independent advisor. The compensation consultant reports directly to our Compensation Committee and provides the Committee with competitive market data and additional information needed to make informed compensation decisions.

**Avoid Undue Risk-Taking** our compensation policies and practices are designed to discourage our executive officers from taking on or creating risks that are reasonably likely to have a material adverse effect on us.

#### **What We Don't Do**

- û **No Re-pricing Stock Options** we do not re-price our stock options and would not do so without stockholder approval.
- û **No Hedging or Pledging** we prohibit our executive officers from engaging in margin, hedging, pledging or other similar transactions in our securities.
- û **No Resetting of 2017 Performance Targets** we did not reset or amend any of the performance goals or targets used in our incentive compensation programs in 2017.
- û **No Excise Tax Gross-Ups** we do not provide our executive officers with excise tax gross-ups.
- û **No Dividend Equivalents** we do not provide dividend equivalents on unvested equity awards.
- û **No Formal Employment Agreements** none of our executive officers are currently party to a written employment agreement that provides for automatic or pre-scheduled increases in their base salary or guaranteed annual equity awards.

**Executive Compensation Discussion and Analysis (continued)**

**How We Set our 2017 Executive Compensation Program**

***Impact of GoTo Merger on our 2017 Executive Compensation Program***

On January 31, 2017, we successfully completed our acquisition of the GoTo family of service offerings, or the GoTo Business, from a wholly owned subsidiary of Citrix Systems, Inc. via a Reverse Morris Trust transaction, which we refer to herein as the Merger. The completion of the Merger marked a historic milestone for LogMeIn and quickly transformed the Company into one of the largest pure SaaS companies in the world with annual revenues in excess of \$1 billion and more than two million customers spanning virtually every country around the globe. This dramatic change created a completely new profile for LogMeIn—a company with the scale, employees, products and customer base needed to lead large technology markets, deliver enduring revenue growth and expand margins, while returning meaningful capital to our stockholders.

Shortly following the closing of the Merger, our Compensation Committee worked with its independent compensation consultant, Compensia, Inc., to revise the composition of LogMeIn's existing compensation peer group to reflect LogMeIn's post-Merger scale, financial profile and competitive environment (see section below entitled *Use of Competitive Market Data*). Once this new post-Merger peer group was established, the Compensation Committee instructed Compensia to provide them with the competitive market data needed to help the Compensation Committee establish executive compensation ranges consistent with the other companies within the post-Merger peer group.

While the completion of the Merger did not change any of our previous executive compensation philosophies, our Compensation Committee did believe that it was important to realign our 2017 executive compensation levels with those of the other companies in our post-Merger peer group, with whom LogMeIn would now be competing with for executive talent. In some cases, this peer group reset resulted in increases to certain elements of our 2017 executive compensation program which were greater than our historical year-over-year increases. However, rather than automatically bring LogMeIn's executive compensation levels in-line with the total direct compensation opportunity ranges of the other companies within the post-Merger peer group on Day 1, the Compensation Committee elected to evolve LogMeIn's pre-Merger executive total direct compensation opportunity levels over time to appropriate post-Merger levels by granting our executives a special one-time Merger-related equity award comprised of 50% time-based RSUs with a two-year cliff vesting condition and 50% PRSUs with a performance-based vesting condition tied to the Company's achievement of a two-year Adjusted EBITDA Margin performance measure, which represented the financial operating measure that most closely resembled the Company's post-Merger two-year \$100 million run rate cost synergy goal, thereby aligning a substantial portion of our named executive officer's compensation with the creation of value for our stockholders (see section below entitled *Merger-Related February 2017 Executive Equity Awards*).

When considered as a whole, we believe that the increases to our 2017 executive compensation program remained consistent with our historical compensation philosophies and practices and were designed to bring the compensation

ranges of our executive officers closer to the compensation ranges of the comparable executive officers at the other companies within our post-Merger peer group.

### ***Results of Last Year's Say-on-Pay Vote***

At our 2017 Annual Meeting of Stockholders, approximately 96.7% of the votes cast by stockholders on the compensation of our named executive officers, commonly referred to as a "say-on-pay" vote, were cast in support of the 2016 compensation of our named executive officers. While the "say-on-pay" vote is non-binding, the Compensation Committee and our Board of Directors pay close attention to the results and given the strong level of support evidenced by last year's say-on-pay vote, the Compensation Committee determined that our stockholders were generally supportive of our current executive compensation philosophy and program and decided that no significant changes were necessary for our 2017 executive compensation program.

Nevertheless, the Compensation Committee and our Board of Directors continue to regularly monitor the executive compensation program to ensure it continues to align the interests of our executive officers with the interests of our stockholders.

### ***Role of Stockholder Engagement***

We believe in the importance of regularly engaging with our stockholders. In recent years we have proactively reached out to many of our largest stockholders to solicit their feedback on the elements of our executive compensation program, our disclosure practices and our corporate governance in order to gain a better understanding of the practices they most value. Typically, our stockholder engagement team has consisted of one or more members of our investor relations, finance or legal teams. Stockholders also regularly meet with members of our senior management team to discuss our strategy and/or review our operational performance.

In recent years, stockholder feedback has influenced certain changes made to our executive compensation program, including the introduction of performance-based RSU awards for our principal executive officer and principal financial officer, the implementation of an executive compensation recovery, or "clawback," policy, and the establishment of stock ownership guidelines for our executive officers and non-employee directors.

***Role of the Compensation Committee***

The Compensation Committee of our Board of Directors oversees our executive compensation program and approves all executive compensation decisions. Near the beginning of each fiscal year, the Compensation Committee meets to review the executive compensation program, set the Company's compensation peer group, establish the company-wide performance measures used to determine each executive officer's annual cash bonus opportunities for the fiscal year and review the total compensation for our executive officers to ensure consistency with our overall compensation philosophy.

***Role of Our Chief Executive Officer***

We believe that our Chief Executive Officer is uniquely positioned to help our Board of Directors and the Compensation Committee in many of its compensation decisions as he possesses detailed knowledge of the issues, opportunities and challenges facing us, our business and our industry, which help him to identify the key performance measures and indicators that may be used in setting incentive-based compensation. Our Chief Executive Officer is also close enough to our day-to-day operations to be able to identify key contributors and top performers within the Company and help ensure that their compensation accurately reflects their responsibilities, performance, future expectations and experience levels. For these reasons, the feedback and recommendations of our Chief Executive Officer is often taken into consideration by our Board of Directors and the Compensation Committee when setting compensation levels.

***Role of the Compensation Consultant and Other Advisors***

The Compensation Committee has retained Compensia, a nationally-recognized compensation consulting firm, to serve as its independent compensation consultant. In this role, Compensia reports directly to the Compensation Committee and, as requested by the Committee, attends certain Compensation Committee meetings, executive sessions and preparatory meetings with the Committee chair. Compensia uses the competitive market data described below to provide the Committee with compensation ranges that are consistent with our compensation peer group for the Compensation Committee to consider and also reviews the Compensation Committee's proposed compensation decisions. Compensia did not provide any other services for LogMeIn in 2017.

In compliance with the disclosure requirements of the SEC and the listing standards of NASDAQ regarding the independence of compensation consultants, the Compensation Committee has assessed each of the six independence factors established by the SEC and the NASDAQ and has determined that the engagement of Compensia does not raise any conflicts of interest or similar concerns. In addition, the Compensation Committee evaluated the independence of its other outside advisors to the Compensation Committee, including outside legal counsel, considering the same independence factors and concluded their work for the Compensation Committee also does not raise any conflicts of interest.

#### *Use of Competitive Market Data*

Our Compensation Committee works with Compensia to regularly review competitive market data and analysis based on a select group of peer companies, including information about current market practices and trends, compensation structures and peer group compensation ranges. The comparative market data Compensia provides is based on a compensation peer group approved by the Compensation Committee with input from Compensia. Typically, this compensation peer group is comprised of software-as-a-services ( SaaS ) companies that are considered comparable to LogMeIn based on financial criteria, such as revenue, market capitalization and growth history and potential.

**Elements of Our Executive Compensation Program**

The table below and the Executive Compensation Program Narrative that follows identify and describe the individual elements of our executive compensation program:

Element	Form of Compensation	Objectives & Factors
<b>Base Salary</b>	A fixed cash payment	<p>Designed to establish a compensation foundation at levels that are competitive with our peers to attract and retain talented executives.</p> <p>Factors considered when setting base salary levels include experience, scope and importance of job responsibilities, the relative ease or difficulty of replacing the individual with a well-qualified person, competitive market data, and individual and company performance.</p> <p>Base salaries are evaluated on an annual basis and adjusted where deemed appropriate.</p>
<b>Annual Cash Incentive Bonus</b>	A variable cash payment based on our actual level of achievement as measured against pre-established performance objectives	<p>Designed to motivate and reward executives for the achievement of key pre-established financial and operational performance objectives for the applicable fiscal year as set by the Compensation Committee.</p> <p>Factors considered when setting target bonus opportunities include experience, scope and importance of job responsibilities, the relative ease or difficulty of replacing the individual with a well-qualified person, competitive market data, and individual and company performance.</p>

Target bonus opportunities are established as a percentage of base salary and are evaluated on an annual basis and adjusted where deemed appropriate.

**Equity Awards**

Equity compensation, typically in the form of time-based RSU awards and performance-based RSU awards, the values of which may vary depending on our overall performance and attainment of performance targets

Designed to retain and motivate executives and align their interests with those of our stockholders by linking a percentage of their compensation with the creation of value for our stockholders.

Factors considered when determining equity award types and amounts include the grant date fair value of equity awards using, where applicable, a Monte Carlo simulation, the current and projected value of existing equity awards and the percentage of such existing equity awards that have vested, competitive market data, and individual as well as company performance.

It is in the discretion of our Board of Directors or Compensation Committee to determine the amounts and types of equity awards to be granted.

**Other Benefits**

Consists of general employee benefits, such as medical and dental care plans, life insurance and disability insurance, as well as an employee assistance program, maternity and paternity leave plans and a Section 401(k) plan

These other benefits are offered to all employees and are designed to provide basic employee benefits generally consistent with those offered by other members of our compensation peer group. We make an employer match equal to 50% of the amount contributed by the employee, up to a maximum of 6% of the employee's earnings.

**Executive Compensation Discussion and Analysis** (continued)

***Total Direct Compensation and Our Pay-for-Performance Alignment***

The Compensation Committee bases its executive compensation decisions on each named executive officer's total direct compensation opportunity. The total direct compensation opportunities of our named executive officers are generally comprised of a mix of cash compensation, in the form of base salaries and annual cash incentive bonuses, and long-term incentive compensation in the form of equity awards. This total direct compensation mix has been designed so that the elements of variable pay, such as our annual cash incentive bonus awards and equity awards, represent a substantial portion of the total direct compensation opportunity awarded to our named executive officers.

Much like in recent years, at least 50% of Messrs. Wagner and Herdiech's 2017 total direct compensation opportunity was designed to be at risk, by tying at least half of their 2017 compensation opportunity to variable pay elements such as long-term equity incentive awards with performance-based vesting conditions, or PRSU awards, (as further described in the section below entitled *Equity Incentive Awards – Fiscal 2017 Performance Based Restricted Stock Unit Awards* ) and our cash incentive bonus plan, which provides for a variable cash payment based on the Company's achievement of certain pre-established financial goals. However, unlike prior years, all of our named executive officers (in addition to our CEO and CFO) received long-term equity incentive awards with performance-based vesting conditions in 2017.

By dedicating a large percentage of our executives' total direct compensation opportunity to these variable at risk pay elements rather than fixed pay elements like base salary, the Compensation Committee believes that we are able to better link executive incentives with the Company's performance. The maximum possible value of the 2017 PRSU awards granted to Messrs. Wagner and Herdiech, when calculated based on the grant date fair value (i.e., the market value per share of our common stock as represented by the closing price of our common stock on the NASDAQ Global Select Market on the date of grant) of the maximum number of shares that may be earned under their 2017 PRSU awards, represented 46% and 45%, respectively, of their total direct compensation opportunity, while 6% and 5%, respectively, of their 2017 total direct compensation opportunity was subject to our cash incentive bonus plan.

In keeping with the Company's pay-for-performance philosophy, the fiscal 2017 equity awards granted to Messrs. Wagner and Herdiech were each comprised of 50% time-based RSUs and 50% PRSUs. The Compensation Committee believes that including PRSU awards in the total direct compensation opportunities of those executives whose individual performances and decisions have a direct impact on our Company's performance helps to strengthen our overall pay-for-performance alignment by ensuring that a substantial portion of their compensation is aligned with the creation of value for our stockholders.

The following charts illustrate the breakdown of the total direct compensation pay mix awarded to Mr. Wagner and Mr. Herdiech in fiscal 2017:

## 2018 NOTICE OF MEETING AND PROXY STATEMENT

**Executive Compensation Discussion and Analysis** (continued)**Executive Compensation Program Narrative*****Base Salaries******Overview***

To ensure that we continue to attract, retain and motivate our executive officers, we believe that we must offer base salaries that are competitive with those base salaries offered by other similarly situated companies in our industry and region. We believe that our base salaries are representative of the overall experience, skills, knowledge and responsibilities required of all our employees, including our named executive officers. None of our executives are currently party to any employment agreement that provides for automatic or scheduled increases in their base salary.

Base salaries are reviewed by our Compensation Committee annually and are adjusted from time-to-time where deemed appropriate.

***Fiscal 2017 Base Salaries***

In establishing the base salaries for our named executive officers for fiscal 2017, our Compensation Committee considered the following factors:

LogMeIn's post-Merger scale, financial profile and competitive environment;

each named executive officer's position, functional role and overall scope of responsibilities following the completion of the Merger;

our Company's overall performance against its stated goals, such as growth in sales and revenue, and the role each executive was expected to play in the Company achieving its financial, strategic and operational goals for fiscal 2017 and beyond;

the relative ease or difficulty of replacing the individual with a well-qualified person and the number of well-qualified candidates available to assume the individual's role;

the individual's overall job performance; and

the base salaries of similarly situated executive officers at the other companies within our 2017 Peer Group.

The following table sets forth the fiscal 2017 base salaries and the percentage increase over their fiscal 2016 base salaries for each of our named executive officers for the year ended December 31, 2017:

Name	2017 Base Salary	Percentage
------	------------------	------------

		Increase Over 2016 Base Salary
William R. Wagner	\$ 580,000	28.9%
Edward K. Herdiech	\$ 400,000	20.5%
Christopher L. Battles	\$ 360,000 <sup>(1)</sup>	%
Lawrence M. D'Angelo	\$ 360,000	16.1%
James S. H. Lok	\$ 360,000 <sup>(1)</sup>	%

(1) These amounts represent Messrs. Battles and Lok's annualized 2017 base salary.

In deciding to increase Mr. Wagner's base salary by approximately 28.9% over his fiscal 2016 base salary, our Compensation Committee considered the base salaries of the comparable Chief Executive Officers at the other companies within our 2017 Peer Group, the dramatically increased scale and scope of Mr. Wagner's responsibilities following the completion of the Merger as well as the key role that Mr. Wagner was expected to play in the Company achieving its financial, strategic and operational goals for fiscal 2017 and beyond.

After evaluating the competitive market data provided by Compensia and the base salaries of the comparable Chief Financial Officers at the other companies within our 2017 Peer Group, the Compensation Committee decided to increase Mr. Herdiech's fiscal 2017 base salary by approximately 20.5% over his fiscal 2016 base salary. In addition to considering the expanded scope and scale of Mr. Herdiech's responsibilities following the completion of the Merger, our Compensation Committee also believed this increase was representative of Mr. Herdiech's overall performance in fiscal 2016 and represented a base salary that was more competitive with the base salaries of similarly situated Chief Financial Officers at the other companies within our 2017 Peer Group.

In deciding to increase the 2017 base salary of Mr. D'Angelo by approximately 16.1%, our Compensation Committee considered the base salaries of similarly situated executives at the other companies within our 2017 Peer Group and also considered Mr. D'Angelo's role in helping the Company to achieve its fiscal 2016 sales goals despite the potential for distractions due to the Company's focus on closing the Merger. The Compensation Committee believed that the 16.1% increase over Mr. D'Angelo's fiscal 2016 base salary accurately reflected his strong job performance in fiscal

2016, his continued importance to the Company's sales and overall business goals and also represented a base salary that was more competitive with the base salaries of similarly situated sales executives at the other companies within our 2017 Peer Group.

Messrs. Battles and Lok joined the Company effective January 31, 2017 as a result of the Merger.

## 2018 NOTICE OF MEETING AND PROXY STATEMENT

**Executive Compensation Discussion and Analysis** (continued)*Annual Cash Incentive Bonuses**Overview*

All of our named executive officers (except for Mr. D Angelo who is on a sales commission plan as described further below) are eligible to earn an annual cash bonus under our performance-based annual Cash Incentive Bonus Plan. Our annual cash bonuses are intended to reward our executives for the achievement of our financial and operational performance goals and objectives for the applicable fiscal year. The target annual cash bonus opportunity (assuming achievement of 100% of our goals) for each named executive officer is set by the Compensation Committee at the beginning of each fiscal year and expressed as a percentage of the applicable executive officer's base salary, with potential cash bonus opportunity generally commensurate with each executive's role and responsibilities. Pursuant to the terms of our Cash Incentive Bonus Plan, the maximum aggregate amount that may be paid to any one bonus plan participant during any fiscal year is \$3 million.

*2017 Annual Cash Incentive Bonus Plan*

For 2017, our named executive officers were eligible to earn an annual cash incentive bonus equal to the following percentages of their 2017 base salary:

Name of Executive Officer	2017 Cash Incentive Bonus Opportunity (as a percentage of 2017 Base Salary)	2017 Cash Bonus Opportunity (Assuming 100% Achievement of performance levels)
William R. Wagner	100%	\$ 580,000
Edward K. Herdiech	50%	\$ 200,000
Christopher L. Battles	50%	\$ 180,000

James S. H. Lok	50%	\$	180,000
-----------------	-----	----	---------

At the beginning of each fiscal year, the Compensation Committee determines which key performance measures should be used to set the Company's annual cash incentive bonus targets for the year. For fiscal 2017, the Company's annual cash incentive bonus plan was tied to two key performance measures:

*Non-GAAP operating income*, which is defined as our non-GAAP income from operations adding back the impact of the fair value acquisition accounting adjustment on acquired deferred revenue, acquisition-related costs and amortization, litigation-related expense and stock-based compensation expense, as well as including amortization expense for acquired company internally capitalized software development costs adjusted in acquisition accounting; and

*Non-GAAP revenue*, which we define as our GAAP revenues adding back the impact of an acquisition accounting adjustment recorded to reduce the GoTo Business's deferred revenue balance to the fair value of the remaining obligation.

For fiscal 2017, both performance measures and the target performance levels set by the Compensation Committee were prepared on a pro-forma basis including the results of the GoTo Business beginning January 1, 2017. Please see Annex A to this Proxy Statement for a reconciliation of these non-GAAP measures.

Our Compensation Committee believes that basing the annual cash incentive bonus plan on recognized indicators of overall company performance helps to align our executive incentives with the interests of our stockholders as our Company's achievement of the target performance levels set by the Compensation Committee for these measures should also translate into stockholder value. When setting the target performance levels for each performance measure, the Compensation Committee considers factors such as our historical performance, growth rates and current market conditions and designs each target performance level to require sufficient effort and operational success on the part of our executive officers and the Company as a whole. For fiscal 2017, the target performance levels for the non-GAAP revenue and non-GAAP operating income measures were each weighted equally as being worth 50% of the potential 2017 cash incentive bonus opportunity for each named executive officer. For the purposes of calculating the 2017 annual cash incentive bonuses:

Both the non-GAAP operating income and non-GAAP revenue performance measures required the Company to achieve a threshold achievement level of at least 95% of the target performance levels set by the Compensation Committee for each measure, at which time 50% of the portion of each named executive officer's potential 2017 cash incentive bonus opportunity that was tied to the non-GAAP operating income and non-GAAP revenue performance measures would be earned;

For the portion of each named executive officer's cash incentive bonus opportunity that was tied to the non-GAAP operating income performance measure, the named executive officer's potential payout increased pro rata for each percentage of achievement of the target level between the 95% threshold and 100% achievement and was capped at a 100% payout upon the Company's achievement of 100% of the non-GAAP operating income target.

Table of Contents

## 2018 NOTICE OF MEETING AND PROXY STATEMENT

**Executive Compensation Discussion and Analysis** (continued)

For the portion of each named executive officer's cash incentive bonus opportunity that was tied to the non-GAAP revenue performance measure participants could potentially earn greater than 100% of their target cash incentive bonus opportunity to the extent that the Company exceeded the non-GAAP revenue target level established by the Compensation Committee. For the non-GAAP revenue performance measure, each named executive officer's potential payout increased pro rata for each percentage of the Company's achievement of the target level between the 95% threshold and 100% achievement, while each additional 1% of target achievement between 100%-105% of target increased the bonus rate by 5% over the rate applied in the 95% to 100% attainment tier and each additional 1% of target achievement greater than 105% of target level, increased the applicable bonus rate by 10% over the rate applied in the 95% to 100% attainment tier.

Typically, annual cash incentive bonuses are paid after the completion of the applicable fiscal year, based on the Company's actual results versus the Compensation Committee's established target performance levels. In the event that the Company's actual results exceed or fall short of the target performance levels, cash incentive bonus amounts are increased or decreased accordingly. Our actual 2017 results versus the Compensation Committee's pre-established target performance levels for non-GAAP operating income and non-GAAP revenues were as follows:

Fiscal 2017 Performance Measures <sup>(1)</sup>	Target Performance Level (in millions)	Actual 2017 Results (in millions)
Non-GAAP Operating Income	\$ 327.7	\$ 328.1
Non-GAAP Revenue	\$ 1,088.0	\$ 1,082.1

(1) 2017 financial measures prepared on a pro-forma basis, including the results of the GoTo Business beginning January 1, 2017. A reconciliation of these non-GAAP measures has been included in Annex A to this Proxy Statement.

The Company achieved 100% of the 2017 non-GAAP operating income target performance level set by the Compensation Committee, which meant that the portion of each named executive officer's potential 2017 cash incentive bonus opportunity that was tied to the non-GAAP operating income performance measure was earned in full, while the Company also attained 99.5% of its non-GAAP revenue target performance level, which resulted in 94.6% achievement of the non-GAAP revenue performance measure set by the Compensation Committee. When the

results of both performance measures were weighed together, the 2017 annual cash incentive bonuses for our named executive officers were awarded at approximately 97.3% of the established target performance levels and paid as follows:

Named Executive Officer	Fiscal 2017 Bonus Payment <sup>(1)</sup>
William R. Wagner	\$ 564,378
Edward K. Herdiech	\$ 194,613
Christopher L. Battles	\$ 175,152
James S. H. Lok	\$ 175,152

(1) These amounts represent annual cash incentive bonuses that were earned in fiscal 2017 but paid in February 2018.  
***Mr. D Angelo's Fiscal 2017 Sales Commission Cash Incentive Plan***

As our Senior Vice President, Global Sales, Mr. D Angelo is not eligible to receive a bonus under our annual cash incentive bonus plan, but instead is assigned an annual sales quota by the Board of Directors at the beginning of each year and is entitled to receive a monthly commission based on a percentage of the Company's monthly sales bookings for each calendar month. The monthly sales bookings levels used to calculate Mr. D Angelo's commissions track the total contract value associated with subscription business closed during the applicable calendar month. Sales bookings are internal measures that we use to monitor our business and are not publicly disclosed in any form. We keep the target sales bookings levels and the percentage used to calculate Mr. D Angelo's commissions confidential for both operational and competitive reasons, but generally the annual sales quota assigned to Mr. D Angelo and the sales bookings target levels for each calendar month are set at levels our Board of Directors has determined would require significant effort to achieve and would not be met by average or below average performance.

Based on our actual 2017 results, Mr. D Angelo earned \$345,347 in sales commissions in 2017.

#### ***Compensation Recovery ( Clawback ) Policy***

The bonus awards granted under our annual cash incentive bonus plan are subject to our executive compensation recovery, or clawback, policy. This policy requires the reimbursement of excess incentive-based cash compensation

paid to our executive officers in the event that we are required to prepare an accounting restatement due to the fraud or misconduct of any one of our executive officers. Pursuant to this policy, the Company may clawback the portion of any incentive-based cash compensation from our executive officers to the extent that the cash

compensation paid was in excess of what would have been paid under the accounting restatement. This policy is applicable to all incentive-based cash compensation paid after the date of adoption of the policy (November 14, 2013) and it covers the three-year period preceding the date on which we are required to prepare the accounting restatement.

We also continue to monitor the SEC's actions and will amend the policy to comply with the final regulations under Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act when they are adopted by the SEC.

In addition, if we are required, as a result of misconduct, to restate our financial results due to our material noncompliance with any financial reporting requirements under the federal securities laws, our CEO and CFO may be legally required to reimburse the Company for any bonus or other incentive-based compensation they received pursuant to the provisions of Section 304 of the Sarbanes-Oxley Act of 2002.

***Equity Incentive Awards***

***Overview***

Our equity incentive award program is the primary vehicle used to offer long-term incentives to our executive officers. Historically, we have granted all of our employees, including our executive officers, stock-based awards under our Amended and Restated 2009 Stock Incentive Plan (our 2009 Plan), typically in the form of stock options or restricted stock units, or RSUs. We believe that equity incentive awards provide our executive officers with a strong link to our Company's long-term performance, create an ownership culture within our Company and help to further align the interests of our executive officers with those of our stockholders by incentivizing them to create stockholder value. We also believe that the time-based vesting feature of our equity incentive awards helps to further our executive retention objectives by providing an incentive for our executive officers to remain in our employment throughout the duration of their applicable vesting periods.

The Compensation Committee believes that RSU awards are a valuable component of our annual compensation program for a number of reasons, including the fact that the majority of executive compensation packages offered by the companies in our compensation peer group include RSUs, RSUs are potentially less dilutive to the Company's earnings per share than options, and the effectiveness of RSUs as a retention tool for retaining executive officers and other key employees.

When determining the size of the RSU awards to be granted to our named executive officers, our Compensation Committee generally estimates the grant date fair value of potential stock awards to be granted and also considers other factors such as:

- (1) the importance of each named executive officer to LogMeIn's success and their expected contributions to the Company's overall business goals as well as the relative ease or difficulty of replacing the executive with a well-qualified person;
- (2) the need to retain these individuals in a competitive public company environment;
- (3) the portion of their existing equity incentive awards that have not yet vested; and
- (4) the overall value of granting RSU awards as a retention tool.

The Compensation Committee also considers the competitive market data provided by Compensia, which includes an analysis of executive equity incentive awards as a percentage of our issued and outstanding shares of common stock, the equity incentive awards granted to our named executive officers as a percentage of the total equity granted, the value of equity incentive awards granted to our named executive officers as a percentage of the total value of all equity granted and the Company's annual equity burn rates.

Much like in recent years, the fiscal 2017 equity awards granted to Messrs. Wagner and Herdiech were comprised of 50% time-based RSUs and 50% performance-based RSUs, or PRSUs. However, unlike prior years, all of our named executive officers (in addition to Messrs. Wagner and Herdiech) received PRSUs in 2017. The Compensation Committee believes that including PRSU awards in the total direct compensation opportunities of those executives whose individual performances and decisions have a direct impact on our Company's performance helps to strengthen our overall pay-for-performance alignment by ensuring that a substantial portion of their compensation is aligned with the creation of value for our stockholders.

#### ***Merger-Related February 2017 Executive Equity Awards***

In February 2017, shortly after the Company completed the Merger, the Compensation Committee granted the Company's executive officers a special, one-time Merger-related equity award comprised of 50% time-based RSUs and 50% PRSUs with a performance-based vesting condition tied to the Company's achievement of two Adjusted EBITDA Margin goals over a two-year cliff vesting period. Both the time-based and performance-based portions of the RSU awards had a vesting commencement date of February 14, 2017 and two-year cliff vesting schedules, each subject to their respective vesting conditions being satisfied. This marked the first time ever that all of our named executive officers, in addition to Messrs. Wagner and Herdiech, received PRSUs.

## 2018 NOTICE OF MEETING AND PROXY STATEMENT

**Executive Compensation Discussion and Analysis (continued)**

For the time-based portion of the RSU awards, 100% of the shares subject to the time-based RSU awards vest on the two-year anniversary of the date of grant, subject to the named executive officer continuing to be an employee, officer or director of, or consultant or advisor to, the Company on the vesting date. In deciding to set the vesting schedule of the time-based portion of the RSU awards as a two-year cliff, the Compensation Committee considered the importance of retaining the members of our executive team through the post-Merger integration process as well as incentivizing them to stay long enough to help the Company achieve its publicly stated two-year, \$100 million run rate cost synergies goal.

The PRSU portion of the awards have a performance-based vesting condition tied to the Company's achievement of a two-year Adjusted EBITDA Margin goal, as measured over two performance periods with 50% of the PRSU subject to the performance period starting on January 1, 2017 and ending on December 31, 2017 (which includes the GoTo Business January 2017 revenue and Adjusted EBITDA), and the remaining 50% of the PRSU subject to the performance period starting on January 1, 2018 and ending on December 31, 2018. If the Adjusted EBITDA Margin target for the applicable performance period is not achieved, the portion of the PRSUs subject to that performance period shall be forfeited. Based on LogMeIn's results for fiscal 2017, the portion of the PRSU tied to the Adjusted EBITDA Margin target for the period beginning January 1, 2017 and ending December 31, 2017 has been achieved, resulting in 50% of the Merger-related PRSUs being earned by our executive officers but not yet vested.

In deciding to select the Adjusted EBITDA Margin performance measure, the Compensation Committee considered the Company's previously announced goal of achieving more than \$100 million of run rate cost synergies within the first two years following the completion of the Merger, which was expected to benefit the Company's stockholders by generating significant free cash flow and operational efficiencies needed to continuously improve the Company's financial profile. The Compensation Committee believed that the Adjusted EBITDA Margin measure was the financial operating measure that most closely resembled the Company's \$100 million synergy goal and that by using the Adjusted EBITDA Margin measure they were aligning a substantial portion of our named executive officer's compensation with the creation of value for our stockholders. As used herein, Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA by non-GAAP revenue. Adjusted EBITDA is GAAP net income (loss) excluding income tax expense (benefit); interest, and other (income) expense, net (including any non-cash cumulative translation adjustment gains and losses); depreciation and amortization; impact of fair value acquisition accounting adjustment on acquired deferred revenue; acquisition-related costs (including transaction fees, due diligence costs, professional fees, severance, retention bonuses, integration-related costs, and subsequent adjustments to our initial estimated amount of contingent consideration associated with acquisitions); stock-based compensation expense; restructuring charges; and litigation related expense. Non-GAAP revenue is GAAP revenue excluding the impact of fair value acquisition accounting adjustment on acquired deferred revenue.
