Item 3.02. Unregistered Sales of Equity Securities.

On May 4, 2018, NiSource Inc. (the Company) completed the previously announced sale of 24,964,163 shares of the Company's common stock, par value \$0.01 per share (the Shares), for an aggregate offering price of \$606,005,057, pursuant to a Common Stock Subscription Agreement (the Subscription Agreement), dated as of May 2, 2018. The offer and sale of the Shares pursuant to the Subscription Agreement (the Private Placement) were made in reliance upon an exemption from registration provided under Section 4(a)(2) of the Securities Act of 1933, as amended. In determining that the Private Placement qualified for this exemption, the Company relied on, among other things, the following facts: (i) all of the purchasers in the Private Placement were accredited investors or qualified institutional buyers, (ii) the Company did not use any form of general solicitation or advertising to offer the Shares and (iii) each of the purchasers represented that it was purchasing the Shares for investment purposes. The Private Placement resulted in approximately \$599,939,000 of net proceeds (after deducting placement agent commissions and the Company's expenses). The Company intends to use the net proceeds to finance capital expenditures and for general corporate purposes.
