Lund, who resigned from that position as of the Effective Date, and was elected Executive Chairman of the Board, as described below.

Mr. Ratzesberger, age 48, has served as the Company's Chief Operating Officer since February 2018 and as a director since November 2018. As the Company's Chief Operating Officer, Mr. Ratzesberger had responsibility for the Company's operations and strategies for go-to-market, product development and innovation, marketing, and customer support and services. From August 2016 to February 2018, he served as the Executive Vice President and Chief Product Officer with responsibility for the research and development of the Company's data and analytics solutions. Previously, from 2015 to 2016, he was President, Teradata Labs and, from 2013 to 2015, led the software teams for Teradata Labs. Before joining Teradata, Mr. Ratzesberger served as Vice President, Information Analytics and Innovation at Sears Holdings Corporation from 2011 until 2013. Prior to that, from 2004 until 2011, he was Senior Director, Analytics Platform at eBay, Inc., where he was responsible for their data warehouse and big data platforms. Before joining eBay, Mr. Ratzesberger worked for both Fortune 500 and early-stage companies holding positions of increasing responsibility in software development and information technology.

As President and Chief Executive Officer, Mr. Ratzesberger will receive an initial base salary of \$750,000 per year and a target annual incentive bonus of 125% of his base salary under the Teradata Corporation Management Incentive Plan (MIP), and will continue to be eligible to participate in the Company's change in control plan and executive severance plan as well as other benefit plans generally made available to the Company's executives. Mr. Ratzesberger will also receive a target award opportunity under the Company's 2019 long-term incentive program equal to \$6.5 million, which award shall be granted, effective March 1, 2019, upon the terms, and subject to the conditions, applicable to the Company's senior executives under such program.

In addition, with respect to the service-based restricted share units and performance-based restricted share units that were granted to Mr. Lund under the Company's 2018 long-term incentive program, continued service as a member of the Board shall constitute continued employment, and, in the event that (i) the Company terminates Mr. Lund's employment for any reason other than for cause (as defined in the applicable award agreements), or (ii) if he is no longer an employee, Mr. Lund is not nominated for re-election by the Board as a director, then such awards shall become immediately vested and exercisable; provided that, any performance-based restricted share units shall vest as if he had remained employed for the entire applicable performance period, determined based upon actual performance during the entire performance period, and shall become payable at the same time that the applicable awards are payable to other active-employee participants for that performance period.
