Questions and Answers about this Proxy Material and Voting**Why am I receiving these materials?**

We are making these proxy materials available because the Board of Directors (the **Board of Directors** or the **Board**) of ACI is soliciting your proxy to vote at the 2019 Annual Meeting of Stockholders (the **Annual Meeting**). You are invited to attend the Annual Meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may follow the instructions below to submit your proxy by telephone or on the Internet, and complete, sign and return the proxy card in the envelope provided.

Under the U.S. Securities and Exchange Commission's (the **SEC**) notice and access rules, ACI has elected to use the Internet as its primary means of furnishing proxy materials to our stockholders. Consequently, most stockholders will not receive paper copies of ACI's proxy materials. ACI intends to commence mailing to all stockholders of record entitled to vote at the Annual Meeting the Notice of Internet Availability of Proxy Materials (the **Internet Availability Notice**) on or about April 26, 2019. The Internet Availability Notice will include instructions on how to receive a paper copy of your proxy materials, if you so choose.

ACI's principal executive office is located at 3520 Kraft Rd, Suite 300, Naples, Florida 34105 and its telephone number is (239) 403-4600.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full paper copy of this Proxy Statement and Annual Report to Stockholders?

We are acting under a Securities and Exchange Commission rule that allows companies to furnish their proxy materials over the Internet rather than in paper form. This rule allows a company to send its stockholders a notice regarding Internet availability of proxy materials. Instructions on how to access the proxy materials over the Internet or how to request a paper copy of proxy materials may be found in the Internet Availability Notice.

Who can vote at the Annual Meeting?

You will be entitled to vote at the Annual Meeting if you owned ACI's common stock (Common Stock), either as a stockholder of record or as a beneficial owner, as of the close of business on April 18, 2019 (the Record Date). On the Record Date, there were 116,533,886 shares of Common Stock outstanding. Holders of these outstanding shares are entitled to one vote for each share of Common Stock held by them as of April 18, 2019 at the Annual Meeting. Shares of Common Stock held as treasury stock are not entitled to be voted at the Annual Meeting. Each stockholder is entitled to one vote per share of Common Stock held on all matters to be voted on by stockholders. Unless context requires otherwise, any reference to shares in this Proxy Statement refers to all shares of Common Stock entitled to vote at the Annual Meeting.

If your shares are registered directly in your name with our transfer agent, EQ Shareowner Services, the Internet Availability Notice was sent directly to you by ACI. The Internet Availability Notice provides instructions on how to request printed proxy

materials and how to access your proxy card, which contains instructions on how to vote via the Internet or by telephone. For stockholders who receive a paper proxy card, instructions for voting via the Internet or by telephone are set forth on the proxy card. The Internet and telephone voting facilities for stockholders of record will close at 5:00 p.m. EDT on June 10, 2019. If your shares are held in an account at a brokerage firm, bank, trust, or other similar organization, like the vast majority of our stockholders, you are considered the beneficial owner of shares held in street name and the Internet Availability Notice was forwarded to you by that organization. You will receive instructions from your broker, bank, trustee, or other nominee that must be followed in order for your broker, bank, trustee, or other nominee to vote your shares per your instructions.

What am I voting on?

There are three matters scheduled for a vote:

Proposal No. 1. To elect the eight directors named in the accompanying proxy statement to our Board of Directors to hold office until the 2020 Annual Meeting of Stockholders;

Proposal No. 2. To ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2019; and

Proposal No. 3. To conduct an advisory vote to approve named executive officer compensation.

How do I vote?

For Proposal No. 1, you may either vote For all the nominees to the Board of Directors, you may withhold your vote from all the nominees or you may withhold your vote from any nominee you specify. You may not vote your proxy For the election of any persons other than the eight named nominees. For all other matters to be voted on, you may vote For or Against or abstain from voting on the applicable proposal.

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote by proxy using a proxy card, vote by proxy on the Internet or by telephone as set forth in the Internet Availability Notice, or vote at the Annual Meeting. Regardless of whether you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote if you have already voted by proxy.

To vote using the proxy card, complete, date and sign the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

To vote on the Internet, please follow the instructions provided on your proxy card or the Internet Availability Notice.

To vote by telephone, please follow the instructions provided on your proxy card or the Internet Availability Notice.

To vote at the Annual Meeting, attend the Annual Meeting and follow the instructions communicated at the annual meeting.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of Common Stock you own as of the close of business on April 18, 2019.

If you return a signed and dated proxy card without marking any voting selections, your shares will be voted as follows:

Table of Contents

If any other matter is properly presented at the meeting, your proxy (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

ACI will pay for the entire cost of soliciting proxies, including the preparation, assembly, printing and mailing of the Internet Availability Notice, this Proxy Statement, the proxy and any additional solicitation material that ACI may provide to stockholders. Copies of the proxy materials and any other solicitation materials will be provided to brokerage firms, banks, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward the solicitation materials to such beneficial owners. ACI will reimburse such brokerage firms, banks, fiduciaries and other custodians for the reasonable out-of-pocket expenses incurred by them in connection with forwarding the proxy materials and any other solicitation materials.

In addition to ACI mailing these proxy materials, the Internet Availability Notice and the annual report (as applicable), ACI's directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. Mediant Communications LLC will monitor voting and deliver executed proxies to our voting tabulator.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials (including multiple copies of this Proxy Statement and multiple proxy cards or multiple Internet Availability Notices), your shares are registered in more than one name or are registered in different accounts. Please complete, date, sign and return each proxy card to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting.

If you are a stockholder of record, you may revoke your proxy in any one of the following ways:

You may submit another properly completed proxy card with a later date.

You may vote again on a later date over the Internet or by telephone as set forth on the Internet Availability Notice.

You may send a written notice that you are revoking your proxy to the Secretary of ACI at 3520 Kraft Rd, Suite 300, Naples, Florida 34105.

You may attend the Annual Meeting and vote in person.

If you are a beneficial owner of our shares, you will need to contact your bank, brokerage firm, trustee, or other nominee to revoke any prior voting instructions.

How are votes counted?

Votes will be counted by the inspector of elections appointed for the meeting as follows:

Proposal No. 1. The inspector of elections will count For votes. Withhold, abstentions and broker non-votes will not affect the outcome of Proposal No. 1.

Proposal No. 2. The inspector of elections will count For and Against votes. Abstentions will have the effect of a vote against the proposal. Brokers have discretionary voting authority to vote on Proposal No. 2 in the absence of voting instructions from their customers. As a result, there should be no broker non-votes with respect to this proposal, but if there are any such broker non-votes, they will not affect the outcome of Proposal 2.

Proposal No. 3. The inspector of elections will count For and Against votes. Broker non-votes will not affect the outcome of Proposal No. 3. Abstentions will have the effect of a vote against the proposal.

Table of Contents

See [How many votes are needed to approve each proposal?](#) for further details regarding the votes needed to approve each proposal.

What is a broker non-vote ?

If your shares are held by your broker, bank or other similar organization as your nominee (that is, in street name), you will need to follow the voting instructions provided by that organization on how to vote your shares. If you do not provide voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker, bank, or other organization is not permitted to vote on that matter, including the election of directors or executive compensation matters, without instructions from the beneficial owner and instructions are not given. We encourage you to provide instructions to your broker or other nominee regarding voting your shares. On any matter for which your broker or other nominee does not vote on your behalf, the shares will be treated as broker non-votes.

Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting, but broker non-votes will not be counted for purposes of determining the number of shares present in person or by proxy at the Annual Meeting with respect to a particular proposal on which the broker has expressly not voted. See [How are votes counted?](#) for further details regarding the effect of broker non-votes on the proposals set forth in this Proxy Statement.

How is an abstention counted?

Abstentions will be counted for purposes of determining the presence or absence of a quorum. The effect of an abstention on the outcome of the voting on a particular proposal depends on the vote required to approve that proposal, as described in the [How many votes are needed to approve each proposal?](#) section below.

How many votes are needed to approve each proposal?

Proposal No. 1. Directors are elected by a plurality of the affirmative votes cast. For a director nominee at the Annual Meeting. The nominees for director receiving the highest number of affirmative For votes will be elected. Stockholders may not cumulate votes in the election of directors. Our Corporate Governance Guidelines provide that if, in an uncontested election, the votes withheld for a director's election exceed the votes cast in favor of his or her election, the director will tender a conditional resignation. The Corporate Governance Committee will make a recommendation as to whether the Board should accept or reject the resignation, and the Board will thereafter make its determination within ninety days. A director who tenders his or her conditional resignation will not be permitted to participate in the committee recommendation or Board decision with respect to his or her resignation.

Proposal No. 2. Ratification of the appointment of Deloitte & Touche LLP as ACI's independent registered public accounting firm for the fiscal year ending December 31, 2019 requires the affirmative For vote of a majority in voting power of the votes cast by the holders of all shares present in person, or represented by proxy, and voting affirmatively or negatively on such matter.

Proposal No. 3. Approval of the compensation of our named executive officers as disclosed in this Proxy Statement requires the affirmative For vote of a majority in voting power of the votes cast by the holders of all shares present in person, or represented by proxy, and voting affirmatively or negatively on such matter.

See [How are votes counted?](#) for further details regarding the effect of abstentions and broker non-votes on the proposals set forth in this Proxy Statement.

What are the Board's voting recommendations?

Proposal No. 1. For each of the nominees to the Board of Directors.

Proposal No. 2. For the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019.

Proposal No. 3. For the approval of the compensation of our named executive officers as disclosed in this Proxy Statement.

2019 PROXY STATEMENT **5**

Table of Contents

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if a majority of all outstanding shares is represented by stockholders at the Annual Meeting, in person, by means of remote communication or by proxy. On the Record Date, there were 116,533,886 shares of Common Stock issued, outstanding and entitled to vote, which number excludes 23,990,054 shares of Common Stock held as treasury stock by ACI. Thus, 58,266,944 shares must be represented by stockholders present at the Annual Meeting or by proxy to have a quorum. Your shares will be counted towards the quorum if you submit a valid proxy or vote at the Annual Meeting. In addition, under the General Corporation Law of the State of Delaware, abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final voting results will be published in a Current Report on Form 8-K within four business days following the Annual Meeting. In the event we are unable to obtain the final voting results within four business days, we will file the preliminary voting results in a Current Report on Form 8-K within four business days following the Annual Meeting, and will file an amended Form 8-K with the final voting results within four business days after the final voting results are known.

How can stockholders submit a proposal for inclusion in our Proxy Statement for the 2020 annual meeting of stockholders?

To be included in our proxy statement for the 2020 annual meeting of stockholders, stockholder proposals must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act). Except as provided below, stockholder proposals must be received by our Secretary at our principal executive offices no later than December 29, 2019. The Corporate Governance Committee will review proposals submitted by stockholders for inclusion at our next annual meeting of stockholders and will make recommendations to our Board on an appropriate response to such proposals.

How can stockholders submit proposals to be raised at the 2020 annual meeting of stockholders that will not be included in our proxy statement for the 2020 annual meeting of stockholders?

To be raised at the 2020 annual meeting of stockholders, stockholder proposals must comply with our Bylaws. Under our proxy access bylaw, if a stockholder (or a group of up to 20 stockholders) who has owned at least 3% of our shares for at least three years and has complied with the other requirements set forth in our Bylaws wants us to include director nominees (up to the greater of two nominees or 20% of the Board) in our 2020 proxy statement and form of proxy for election at our 2020 Annual Meeting of Stockholders, the nominations must be received by ACI's Secretary at ACI's principal executive offices located at 3520 Kraft Rd, Suite 300, Naples, Florida 34105, not earlier than November 29, 2019 and not later than December 29, 2019. If a stockholder wishes only to recommend a candidate for consideration by the Nominating and Corporate Governance Committee as a potential nominee for director, see the procedures discussed in Corporate Governance Nominating and Corporate Governance Committee. Any stockholder considering a proxy access nomination should carefully review our Bylaws, which are available on our website at aciworldwide.com.

What if the date of the 2020 annual meeting of stockholders changes by more than 30 days from the anniversary of this year's Annual Meeting?

Under Rule 14a-8 of the Exchange Act, if the date of the 2020 annual meeting of stockholders changes by more than 30 days from the anniversary of this year's Annual Meeting, to be included in our proxy statement for such meeting, stockholder proposals must be received by us within a reasonable time before our solicitation is made. Under our Bylaws, if the date of the annual meeting is advanced more than 30 calendar days prior to or delayed by more than 30 calendar days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not later than the close of business on the later of (A) the 90th calendar day prior to such annual meeting and (B) the 10th calendar day following the day on which public disclosure of the date of such meeting is first made.

Table of Contents

Does a stockholder proposal require specific information?

To be included in our proxy statement, stockholder proposals must comply with the requirements of Rule 14a-8 under the Exchange Act. With respect to a stockholder's nomination of a candidate for our Board, the stockholder notice to our Secretary must contain certain information as set forth in our Bylaws about both the nominee and the stockholder making the nomination. With respect to any other business that the stockholder proposes, the stockholder notice must contain a brief description of such business and the reasons for conducting such business at the meeting, as well as certain other information as set forth in our Bylaws. If you wish to bring a stockholder proposal or nominate a candidate for director, you are advised to review Rule 14a-8 under the Exchange Act and our Bylaws, as applicable, which contain additional requirements about advance notice of stockholder proposals and director nominations. Pursuant to Rule 14a-4(c) under the Exchange Act, if ACI does not receive advance notice of a stockholder proposal to be brought before its next annual meeting of stockholders in accordance with the requirements of its Bylaws, the proxies solicited by ACI may confer discretionary voting authority to vote proxies on the stockholder proposal without any discussion of the matter in the proxy statement.

Director Independence

Our Board follows the NASDAQ listing standards requirements on director independence. Our Board reviews at least annually the independence of each director. During these reviews, the Board considers transactions and relationships between each director (and his or her immediate family and affiliates) and ACI and its management to determine whether any such transactions or relationships are inconsistent with a determination that the director is independent. This review is based primarily on responses of the directors to questions in a directors' and officers' questionnaire regarding employment, business, familial, compensation and other relationships with us and our management.

The Board has determined that except for Mr. Heasley, our CEO, each of our directors is independent.

As required by NASDAQ, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Board Committees

The **Audit Committee** operates under a formal charter, which is available free of charge on our website at <https://investor.aciworldwide.com/>. Our Audit Committee assists our Board in its general oversight of financial reporting, internal controls and audit functions and is directly responsible for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm.

The Audit Committee has the power to investigate any matter brought to its attention within the scope of its duties and the authority to retain counsel and advisors at our expense to fulfill its responsibilities and duties.

Our Audit Committee is comprised of Ms. Patsley, Mr. Peters and Mr. Warsop. Mr. Peters is the chairperson of the committee. Our Board has designated each of Mr. Peters and Ms. Patsley as an audit committee financial expert as defined under the rules of the SEC implementing Section 407 of the Sarbanes Oxley Act of 2002. The Audit Committee met 12 times during the year ended December 31, 2018.

Our Board has considered the independence and other characteristics of each member of our Audit Committee and has concluded that the composition of our Audit Committee meets the requirements for independence under the current requirements of SEC rules and regulations. Audit Committee members must satisfy additional independence criteria set forth under Rule 10A-3 under the Exchange Act. In order to be considered independent for purposes of the Rule 10A-3, an Audit Committee member may not, other than in his or her capacity as a member of the audit committee, accept consulting, advisory or other fees from us or be an affiliated person. Each of the members of our Audit Committee qualifies as an independent director pursuant to Rule 10A-3.

See the Report of the Audit Committee below.

The **Compensation and Leadership Development Committee** (the Compensation Committee) operates under a formal charter, which is available free of charge on our website at <https://investor.aciworldwide.com/>. Our Compensation Committee reviews and determines salaries, performance-based incentives and other matters relating to executive compensation; administers our equity award and stock option plans, including reviewing and granting equity awards to our executive officers; reviews and evaluates the performance of, and succession planning for, executive officers other than our CEO; and provides general oversight of leadership development processes and strategies for executive and senior officers.

The Compensation Committee also has the power to investigate any matter brought to its attention within the scope of its duties and authority to retain counsel and advisors at our expense to fulfill its responsibilities and duties.

Our Compensation Committee is comprised of Ms. Patsley, Mr. Peters and Mr. Sanchez. Mr. Sanchez is the chairperson of the Compensation Committee. Each of the Compensation Committee members meet the independence requirements set forth in the rules of NASDAQ, the non-employee director standard within the meaning of Rule 16b-3(b)(3) promulgated under the Exchange Act, and the outside director standard within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code. The Compensation Committee met 12 times during the year ended December 31, 2018. For information regarding the role of executive officers and the Compensation Committee compensation consultant in determining or recommending the amount or form of executive and director compensation, see the Compensation Discussion and Analysis.

Type of Meeting	Full Board	Audit	Compensation	Corporate Governance	Risk

Total Meetings in 2018	7	12	12	9	8

Director nominees are expected to attend our annual meetings of stockholders. All of the 2018 director nominees attended our 2018 annual meeting.

Board Leadership Structure

Mr. Poe is the Chairman of the Board. Our CEO, Mr. Heasley, is the only member of ACI's Board who is not an independent director. We believe that this leadership structure enhances the accountability of our CEO to the Board

and strengthens the Board's independence from management.

Board Evaluation and Nomination Process

The Board believes that a robust and continuous evaluation process allows it to assess its effectiveness and proactively identify gaps in desired skills and attributes represented on the Board.

The Corporate Governance Committee oversees an annual review process, seeking feedback from individual directors, management and stockholders. An evaluation is completed with respect to each director, each committee and the Board as a whole. Additionally, committee goals are reviewed at each committee meeting, supporting the annual review process.

Table of Contents

As part of this process, the Board also updates and reviews the desired skillsets and the current needs of ACI as it progresses its strategy. Any gaps in the desired skillsets are identified and considered as part of the annual director nomination process.

Diversity

Consistent with its proactive evaluation of director performance, skills and attributes, the Board is committed to a policy of inclusiveness and actively seeks out highly qualified diverse candidates (including race, gender and ethnicity) to include in the pool from which director nominees are chosen. The composition of our director nominees reflects these efforts and the importance of differentiating personal characteristics and diversity among our directors.

Board's Role in Risk Oversight

Risk is inherent with every business and we face a number of risks, including strategic, financial, operational, legal/compliance, governance and reputational risks. Our management is responsible for the day-to-day management of the risks that we face. Our Board of Directors as a whole has responsibility for the oversight of enterprise risk management. Our Board provides broad oversight of ACI's risk management programs. In this oversight role, our Board considers the effectiveness of the Company's risk management processes. The involvement of our full Board in the risk oversight process allows our Board to assess management's tolerance for risk and also to determine what constitutes an appropriate level of risk for ACI.

While our Board provides broad oversight, various committees of the Board oversee risk management in their respective areas and regularly report on their activities to the entire Board. In particular, the Risk Committee focuses on reviewing, evaluating and approving ACI's risk management profile, reviewing the extent to which management has established effective enterprise risk management across the organization, and reviewing and discussing with management the Company's most significant potential risks and the steps management has taken to monitor and control those risks.

The Audit Committee focuses on assessing and mitigating financial risk, including internal controls, and receives an annual risk assessment report from ACI's internal auditors. As part of its annual audit, ACI's independent registered accounting firm, Deloitte & Touche LLP, also provides the Audit Committee with a risk assessment identifying risks of material misstatements and related controls. The Audit Committee reviews these and other reports on risks facing the Company at its meetings throughout the year.

The Compensation Committee reviews and oversees the management of potential material risks related to ACI's compensation policies and practices. Compensia, the independent compensation consultant retained by the Compensation Committee, provides an annual assessment of such risks. The Compensation Committee reviews this annual assessment and evaluates such risks as it considers compensation and benefits matters throughout the year.

The oversight roles of the Board and the committees are supported by management reporting processes that are designed to provide the Board and the committees with visibility into the identification, assessment and management of critical risks.

Code of Business Conduct and Ethics

Under our Code of Business Conduct and Ethics our directors and employees, including our executive officers, must promptly report any transaction, relationship, or circumstance that creates or may create a conflict of interest. Any conflict of interest for our non-director and non-executive officer employees is prohibited unless a waiver is obtained

from our General Counsel. Conflicts of interest involving our directors and executive officers are prohibited unless waived by our Board. Any waiver of a conflict of interest involving one of our directors or executive officers will be promptly disclosed in accordance with applicable law and NASDAQ listing requirements. The full text of our Code of Business Conduct and Ethics is posted on our website at <https://investor.aciworldwide.com/corporate-governance>.

We also have a Code of Ethics for the CEO and Senior Financial Officers that requires that our CEO, CFO, Chief Accounting Officer, Controller and persons performing similar functions avoid actual and apparent conflicts of interest in personal and professional relationships and that they disclose to the Audit Committee any material transaction or relationship that reasonably could be expected to give rise to a conflict. The full text of our Code of Ethics for the CEO and Senior Financial Officers is posted on our website at <https://investor.aciworldwide.com/corporate-governance>.

Compensation Risk Analysis

The Compensation Committee has concluded that ACI's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on ACI. The Compensation Committee believes that the following features of its compensation program help ensure that management performance is focused on long-term stockholder value creation without encouraging unnecessary or excessive risk-taking:

A balance of fixed and variable compensation, with variable compensation tied to both short-term and long-term objectives;

Annual incentive awards tied to ACI's financial performance, with caps on payout amounts;

The use of time-based and performance-based equity awards that generally vest, if at all, over several years and align our executives' interests with those of our stockholders;

The Compensation Committee's ability to exercise discretion in determining incentive program payouts;

A recoupment and forfeiture policy pertaining to annual incentive payouts and long-term incentive equity awards applicable to all employees, including our executive officers; and

Stock ownership guidelines for our executive officers that further align our executives' interests with those of our stockholders.

Proposal 1 Election of Directors

Our Board has nominated for election as directors Janet O. Estep, James C. Hale, Philip G. Heasley, Pamela H. Patsley, Charles E. Peters, Jr., David A. Poe, Adalio T. Sanchez and Thomas W. Warsop III, each to serve until the 2020 Annual Meeting of Stockholders and thereafter, until his or her respective successor is duly elected and qualified. We expect that each of the nominees will be available for election, but if any of them is unwilling or unable to serve as a candidate at the time the election occurs, it is intended that each share represented by proxy at the Annual Meeting will be voted for the election of another nominee to be designated by the Board to fill any such vacancy.

Our Board selects nominees with a view to establishing a Board that is comprised of members who:

Possess the skills and attributes described below

Are independent and free of any conflicts of interest

Are willing and able to devote sufficient time to the affairs of ACI

Have the capacity and desire to represent the balanced, best interest of our stockholders

Bring diverse perspectives to our Board

We believe that each director nominee brings these qualifications to our Board, providing a diverse complement of specific business skills and experience aligned with our business needs.

Director Compensation

Compensation for our independent directors consists of a cash retainer fee and an annual equity award. Our Board believes that providing a meaningful portion of compensation in the form of equity creates a direct linkage with company performance and stockholder interests. We do not pay Mr. Heasley, our CEO and only non-independent director, for service on our Board.

Retainer Fees

Each independent director receives a \$60,000 base annual retainer fee. The Chairman of the Board receives an additional \$100,000 annual premium. The Chairman of the Audit Committee and the Chairman of the Compensation Committee each receive an additional \$20,000 annual premium. The Chairman of the Risk Committee and the Chairman of the Corporate Governance Committee each receive an additional \$12,000 annual premium. Members of the Audit Committee and members of the Compensation Committee, other than the chairmen, receive an additional \$4,000 annual premium. Members of the Risk Committee and members of the Corporate Governance Committee, other than the chairmen, each receive an additional \$3,000 annual premium. Annual retainer fees are paid on a quarterly basis.

Equity-Based Compensation

Our independent directors are granted an annual equity award with a target grant date fair value of \$250,000. Such grants are made at the discretion of our Board based on the recommendations of the Corporate Governance Committee. Director equity awards are provided pursuant to the terms of our 2016 Equity and Performance Incentive Plan, as amended (the 2016 Incentive Plan). Director equity awards generally vest on the earlier to occur of (i) the date that is one year following the date of grant, and (ii) the day immediately prior to the date of the next annual meeting of our stockholders occurring following the date of grant. The independent directors' equity awards provide for accelerated vesting upon the director's death or disability or upon a change in control of ACI (as such terms are defined in the applicable award agreement).

On June 12, 2018, our independent directors were each granted 9,720 shares of restricted stock.

2018 Director Compensation

Director Stock Ownership Guidelines

The Board has stock ownership guidelines designed to further link the interests of our Board with those of our stockholders. These guidelines provide that each of our independent directors should have equity positions in ACI with a value equal to five times his or her annual retainer amount. Direct and indirect stock ownership, including the vested in-the-money portion of any stock options held by the independent director, are included in determining each director's equity position. Each independent director has five years to achieve the target ownership level. A director who fails to meet the ownership guidelines within the five-year period will not be eligible for new equity awards until the director achieves his or her prescribed ownership level.

As our CEO, Mr. Heasley's ownership guideline is a value equal to six times his base salary, as further described in the Compensation Discussion and Analysis.

Report of the Audit Committee

At all times during 2018, each member of the Audit Committee was independent as defined in the NASDAQ listing standards. Our Board determined that each of the members met the NASDAQ regulatory requirements for financial literacy and that Mr. Peters and Ms. Patsley are audit committee financial experts as defined under SEC rules.

The Audit Committee operates pursuant to a charter, a copy of which is available on our website at aciworldwide.com.

The Audit Committee, on behalf of our Board, oversees ACI's financial reporting process as more fully described in its charter. Management is responsible for the preparation, presentation and integrity of ACI's consolidated financial statements, accounting and financial reporting principles, internal controls over financial reporting and compliance with laws and regulations and ethical business standards. Management is responsible for objectively reviewing and evaluating the adequacy, effectiveness and quality of ACI's system of internal controls. Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent registered public accounting firm.

ACI's independent registered public accounting firm, Deloitte & Touche LLP (Deloitte), is responsible for performing independent audits of ACI's consolidated financial statements and the effectiveness of ACI's internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB) and to issue reports thereon. In fulfilling its oversight responsibilities, the Audit Committee (i) reviewed and discussed the audited consolidated financial statements and the footnotes thereto in ACI's annual report on Form 10-K for 2018 with management and Deloitte, and (ii) discussed with management and Deloitte the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. The Audit Committee discussed with Deloitte the matters required to be discussed by PCAOB Auditing Standard No. 1301 Communication with Audit Committees, Rule 2-07 Communication with Audit Committees of Regulation S-X, and other PCAOB Rules and Standards. The Audit Committee discussed with ACI's internal auditors and Deloitte, with and without management present, their evaluations of ACI's internal accounting controls and reviewed with management the basis for management's assessment of the effectiveness of ACI's internal controls over financial reporting. The Audit Committee has also discussed with Deloitte the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting and Oversight Board in Rule 3200T.

Deloitte is responsible for expressing opinions on (i) the conformity of ACI's audited consolidated financial statements, in all material respects, to accounting principles generally accepted in the U.S., and (ii) the effectiveness of ACI's internal controls over financial reporting. Deloitte has full and free access to the Audit Committee. Deloitte has expressed the opinion that ACI's audited consolidated financial statements conform, in all material respects, to accounting principles generally accepted in the U.S. The Audit Committee reviewed and discussed with Deloitte its judgments as to the quality, not just the acceptability, of ACI's accounting principles and such other matters as are required to be discussed by the standards of the PCAOB.

The Audit Committee discussed with Deloitte its independence from management and ACI, and received from Deloitte the written disclosures and the letter required by applicable requirements of the PCAOB, including as required by PCAOB Ethics and Independence Rule 3526 Communication with Audit Committees Concerning

Independence, regarding Deloitte's communications with the Audit Committee concerning independence, and has discussed with Deloitte and management Deloitte's independence. Upon completing these activities, the Audit Committee concluded that Deloitte is independent from the Company and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board that the audited consolidated financial statements be included in ACI's annual report on Form 10-K for 2018 and filed with the Securities and Exchange Commission.

Proposal 2 Ratification of Appointment of ACI's Independent Registered Public Accounting Firm

The Audit Committee has selected and appointed, and our Board has approved the Audit Committee's selection and appointment of, Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019. Neither our Bylaws nor other governing documents or law require stockholder ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm. However, the Board is submitting the appointment of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the selection, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm for the next fiscal year. Even if the selection is ratified by our stockholders, the Audit Committee may, in its discretion, change the appointment at any time during the year if it determines that such a change would be in the best interests of stockholders.

Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting to make a statement should they so desire and to respond to appropriate questions.

Pre-Approval of Audit and Non-Audit Services

We have policies for pre-approval of all audit and non-audit services to be provided to us by our independent registered public accounting firm and its member firms. Under these policies, all audit and non-audit services to be performed by our independent registered public accounting firm must be approved by the Audit Committee in advance. A proposal for audit and non-audit services must include a description and purpose of the services, estimated fees and other terms of the services. To the extent a proposal relates to non-audit services, a determination that such services qualify as permitted non-audit services and an explanation as to why the provision of such services would not impair the independence of our independent registered public accounting firm are also required. Any engagement letter relating to a proposal must be presented to the Audit Committee for review and approval, and the Chairman of the Audit Committee may sign, or authorize an officer to sign, such engagement letter.

All services provided by Deloitte & Touche LLP in 2018 and 2017 were pre-approved by the Audit Committee.

Proposal 3 Advisory Vote to Approve Named Executive Officer Compensation

As required pursuant to Section 14A of the Exchange Act, stockholders are asked to cast an advisory vote on the compensation of our Named Executive Officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the accompanying compensation tables and related narrative disclosures contained in this Proxy Statement. This advisory vote is commonly known as a say-on-pay vote.

As described in the Compensation Discussion and Analysis, our executive compensation programs are performance-based programs with a significant portion of each Named Executive Officer's overall compensation opportunity linked to our annual and long-term financial performance and our long-term relative total shareholder return. The Compensation Committee sets challenging thresholds and target performance levels for each of the metrics in our incentive compensation plans to ensure that the amounts earned are based upon outstanding performance as measured against pre-established financial, operational and strategic objectives.

We value the feedback from our stockholders regarding our executive compensation programs. In addition to our discussions with stockholders throughout the year, in 2018 we proactively reached out to stockholders representing approximately 85% of our outstanding shares in order to seek feedback on our executive compensation programs. We engaged in discussions with stockholders representing approximately 78% of outstanding shares. The feedback from our stockholders, and our resulting actions, are described in the Compensation Discussion and Analysis.

We urge our stockholders to read the Compensation Discussion and Analysis, the accompanying compensation tables and other related tables and narrative disclosures, which describe in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives.

Stockholders are being asked to approve the following resolution at the Annual Meeting:

RESOLVED, that our stockholders approve, on an advisory basis, the compensation of our Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the accompanying compensation tables and related narrative disclosures.

Advisory Vote

As this is an advisory vote, the outcome of the vote is not binding on ACI or the Board. However, we value the opinions expressed by our stockholders and the Compensation Committee will consider the outcome of the vote when making future executive compensation decisions. Currently, advisory say-on-pay votes are scheduled to be held once every year. It is anticipated that our next say-on-pay vote will occur at our 2020 Annual Meeting of Stockholders.

Vote Required

The affirmative vote of a majority of the shares represented at the Annual Meeting and actually voting on this proposal is required for the approval of this proposal.

OUR BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION AS DISCLOSED IN THIS PROXY STATEMENT.

Information Regarding Security Ownership

The following table sets forth certain information regarding the beneficial ownership of our common stock as of March 31, 2019 by (i) each of our directors, (ii) each of our Named Executive Officers (as defined in the Compensation Discussion and Analysis below), (iii) all of our executive officers and directors as a group, and (iv) each person known by us to beneficially own, as of December 31, 2018, more than 5% of the outstanding shares of our common stock. The percentages in these tables are based on 116,528,380 outstanding shares of common stock as of March 31, 2019. Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting and/or investment power with respect to the securities. In computing the number of shares beneficially owned by a person and the percentage ownership of that person and shares underlying options held by that person that will be exercisable within 60 days of March 31, 2019 are deemed to be outstanding. Such shares, however, are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person. The following table does not include shares underlying rTSR Performance Share Awards (as defined below) that are subject to vesting to the extent that performance objectives are achieved. There are no RSUs that will vest within 60 days of March 31, 2019. No family relationships exist among our directors and executive officers.

ACI employees generally prepare these reports on behalf of our executive officers and directors on the basis of information obtained from them, and we review the forms submitted to us by beneficial owners of more than 10% of our common stock. Finally, it analyzes how and why the Compensation Committee arrived at the specific compensation decisions for our executive officers, including the Named Executive Officers, for 2018, including the key factors that the Compensation Committee considered in determining their compensation.

2019 PROXY STATEMENT 29

Table of Contents

2018 Management Incentive Compensation (MIC)

Actual payout to our CEO was approximately 48% of target and our payouts to our other Named Executive Officers ranged from approximately 60% to 71% of their respective on target amount depending on their business unit performance and individual performance.

2018 Long Term Incentive Plan (LTIP)

Our CEO received long-term equity awards with (i) 75% of the target total grant value allocated to performance shares based on relative total shareholder return (rTSR Performance Share Awards), which vest, if at all, based on ACI s total stockholder return for a three-year performance period versus the S&P MidCap 400 Index, and (ii) the remaining 25% of the target total grant value allocated to stock options that vest ratably over a three-year period.

Our Named Executive Officers, other than our CEO, received long-term equity awards with (i) one-half of the target total grant value allocated to rTSR Performance Share Awards, and (ii) the other half allocated to restricted share units (RSUs) that vest ratably over a three-year period.

The aggregate grant date value of the 2018 LTIP awards for our CEO was approximately \$4,800,000 and the remainder of our Named Executive Officers aggregate grant date value ranged from \$750,000 to \$1,500,000.

Stockholder Input on Executive Compensation Program

2018 Say-on-Pay Vote

At our 2018 annual meeting, our stockholders approved our executive compensation with approximately 97.9% of the votes cast in favor of the proposal, which was significantly higher than the 62% of the votes cast in favor in 2017. Based on the high level of approval, the Compensation Committee determined that the changes made to the executive compensation program after the stockholder outreach in 2018 were appropriate and would be continued into 2019.

Stockholder Engagement and Feedback

We carefully consider feedback from our stockholders regarding our executive compensation program through our annual say-on-pay vote, as well as through our communications with stockholders throughout the year. Our stockholders are invited to express their views to the Compensation Committee as described under Stockholder

Communications with our Board below.

In the first quarter of 2019 we again reached out to approximately 35 of our top 40 outside stockholders representing over 80% of our outstanding shares. This was part of our continuing outreach to discuss our executive compensation practices and any other items of interest to them. The feedback from our 2019 outreach was generally positive and we do not believe that the stockholders had significant concerns with the current executive compensation program.

Previously, in late 2017 and early 2018, we also engaged in a significant stockholder outreach when we reached out to stockholders representing over 85% of our outstanding shares at the time. We spoke with stockholders representing 78% of our outstanding shares at the time.

The meetings were generally telephonic and included some combination of our CEO, Compensation Committee Chairman, Chief Human Resources Officer and Vice President of Investor Relations. The purpose of the meetings was to discuss our executive compensation programs and elicit each stockholder's feedback as to what we are doing well and suggestions to what we can improve.

Table of Contents

Common themes from our discussions included aligning compensation with performance metrics, simplifying compensation programs, the use of supplementary and retention grants and overall stockholder engagement. Specifically, the feedback from our stockholders and the actions we have taken in response are summarized below:

What Stockholders Told Us	Action ACI Has Taken
<p>2015 Retention Awards</p> <p>Some stockholders did not fully understand the purpose of special retention awards made in 2015 (2015 Retention Awards), and the business necessity in retaining and motivating our key talent.</p>	<p>The 2015 Retention Awards were granted to address the non-vesting of the performance shares under our 2013 and 2014 LTIP as a means of retaining and motivating key talent.</p> <p>Management launched an aggressive stockholder engagement campaign in late 2017 and provided detailed explanation of the 2015 Retention Awards, which were necessary due to a faster than expected shift in customer purchases from our licensed on-premise solutions to our cloud or platform-based solutions and the impact this had on the timing of forecasted revenue and operating income. This caused the financial performance metrics of the 2013 and 2014 performance shares to fall short of threshold values and resulted in the forfeiture of those long-term incentive awards.</p>
<p>Pay-for-Performance and Stockholder Alignment</p> <p>Provide clear alignment between pay and performance and emphasize alignment with stockholders for long-term incentive design.</p>	<p>2018 LTIP Design: We have revised the performance-based equity awards to be based only on relative total shareholder return in comparison to the S&P MidCap 400 index, of which we are a constituent.</p> <p>In addition, we have increased the performance criteria for target payout from the 50th percentile of the index to the 55th percentile so that it takes above median returns to earn the target payout. We believe this more strongly supports our stockholders favorable view of the use of relative total shareholder return performance awards and strengthens the pay-for-performance aspect of our long-term incentive program.</p> <p>We also cap the payout to target if our total</p>

Eliminate Overlapping Goals Between Short-and Long-term incentives

Stockholders noted that using similar goals for our one-year MIC plan and our long-term equity plans compounded the effect of shifting business conditions, altering the timing of the achievement of key financial metrics as occurred with the performance shares under the 2013 and 2014 LTIP.

Understand the importance of periodic communication with stockholders

shareholder return is negative, so that our executives cannot receive above-target payouts when the stock has not appreciated.

As noted above, the 2018 LTIP was redesigned to focus on relative total shareholder return rather than financial goals, which eliminated any overlap. The elimination of the longer term financial goals also allowed us to avoid the uncertainty in forecasting the transition in customer purchases from our licensed on-premise solutions to our cloud or platform-based solutions.

ACI will continue to have regular communications with stockholders to gain insight on how our executive compensation programs drive pay-for-performance and stockholder friendly practices.

Frequency of Say-on-Pay Vote

We are required to conduct a non-binding stockholder advisory vote on the frequency of future say-on-pay votes every six years. At our 2017 Annual Meeting of Stockholders, our stockholders cast the highest number of votes for future say-on-pay

Table of Contents

votes to be held on an annual basis. In light of this result and other factors considered, our Board has determined that until the next required vote on the frequency of future say-on-pay votes, to be conducted at our 2023 Annual Meeting of Stockholders, we will hold annual say-on-pay votes.

Pay-for-Performance Alignment

Underlying our executive compensation program is a strong belief in promoting a pay-for-performance culture. As a result, the Compensation Committee designs the target total direct compensation of our executive officers, including our Named Executive Officers, so that a significant portion of each executive officer's overall compensation opportunity is linked to our annual financial performance and our long-term relative total shareholder return. In addition, the Compensation Committee seeks to set challenging thresholds and target performance levels for each of the metrics used in our incentive compensation plans to ensure that the amounts earned are based upon outstanding performance as measured against pre-established financial, operational and strategic objectives.

At-Risk Incentives Align Executive Officer and Stockholder Interests

The pay mix of the target total direct compensation for our CEO and our other Named Executive Officers for 2018 reflects this pay-for-performance design:

Strong Correlation between Executive Officer Compensation and Our Performance

In addition, the Compensation Committee endeavors to align the compensation of our executive officers with stockholder value creation. As noted above, for 2018, 89% of our CEO's target total direct compensation was performance-based (when categorizing stock options as performance-based, which aligns with how our Compensation Committee views them). The following chart compares both our CEO's compensation as reported in the Summary Compensation Table and our CEO's actual realized total direct compensation for each of the past five years against our total shareholder return for the same period. We believe this chart demonstrates our strong pay-for-performance alignment. Over the past three years, where our total shareholder return has been relatively flat, our CEO's actual realized compensation has been substantially less than the compensation reported in the Summary Compensation Table, due to the value of his long-term incentives, including his options, not delivering as much value as the reported grant date value of these awards.

Table of Contents**5-Year CEO Compensation vs. Cumulative Annual Total Shareholder Return****(TSR)**

Note that in 2014, our CEO recommended to the Compensation Committee that he receive no payments under the 2014 MIC plan and the Compensation Committee exercised its discretion accordingly. His equity grants were deferred until 2015.

CEO Compensation Actually Paid consists of (i) the CEO's base salary paid for the year; (ii) the actual amount of any bonus paid; (iii) the fair market value of all performance share awards on the vesting date; and (iv) the Black Scholes value of all stock options on their vesting date using the stock price on the vesting date and an expected remaining term equal to half of the maximum contractual term minus the years since grant.

Executive Compensation-Related Policies and Practices

We endeavor to maintain sound executive compensation policies and practices, including compensation-related corporate governance standards, consistent with our executive compensation philosophy. The following summarizes our executive compensation and related governance policies and practices:

	What We Do
Use of Pay-for-Performance Philosophy	Most of our executive officers' compensation is directly linked to corporate performance; we also structure their target total direct compensation with a significant long-term equity component, thereby making a substantial portion of each executive officer's target total direct compensation dependent upon our stock price and/or total shareholder return.
Compensation at-Risk	Our executive compensation program is designed so that a significant portion of our executive officers' compensation is at-risk based on corporate performance, as well as equity-based, to align the interests of our executive officers and stockholders.
Performance-Based Equity Awards	Our CEO and our other executive officers received performance-based equity awards, which, in 2018, consisted of performance share awards and, for our CEO, stock options. 75% of our CEO's and on average 31% of our other Named Executive Officers' target total direct compensation consists of these performance-based equity awards.
Double-Trigger Change in Control Arrangements	In 2016, we revised our change in control compensation arrangements to include a double-trigger provision that required both a change in control of the Company plus a qualifying termination of employment before payments and benefits are paid. Except for certain legacy stock option awards with market price conditions, all past equity awards, and it is our expectation that all future equity awards will, have a double-trigger provision.

Table of Contents

What We Do	
Maintain an Independent Compensation Committee	The Compensation Committee consists solely of independent directors.
Compensation Recovery (Clawback) Policy	We have adopted a policy providing for the recovery of annual cash incentive compensation and any equity awards from our CEO and other executive officers (including our other Named Executive Officers) if (i) we restate our financial statements due to a material noncompliance with federal securities laws due in whole or in part to an employee, or (ii) it is determined that an employee has engaged in misconduct in the course of his or her employment.
Stock Ownership Guidelines	We maintain stock ownership guidelines for our CEO, our other executive officers and the non-employee members of our Board.
Conduct an Annual Stockholder Advisory Vote on Named Executive Officer Compensation	We conduct an annual stockholder advisory vote on the compensation of our Named Executive Officers.
Retain an Independent Compensation Advisor	The Compensation Committee has engaged its own independent compensation advisor to provide information, analysis and other advice on executive compensation independent of management.
Annual Executive Compensation Review	The Compensation Committee conducts an annual review of our compensation strategy, including a review of our compensation peer group used for comparative purposes.
Annual Compensation-Related Risk Assessment	The Compensation Committee regularly reviews our compensation-related risk profile.
Succession Planning	We have robust succession planning and executive assessment processes to ensure succession plans are in place.
Balanced Time Horizon for Incentive Compensation	We have a balance of time horizons for our incentive awards, including an annual cash incentive compensation plan, three-year vesting or performance periods for our LTIP performance share awards, stock options and RSU awards; and a five-year performance period for our supplemental LTIP performance share awards.
What We Don't Do	
No Special Retirement Plans	We do not currently offer pension arrangements or retirement plans to our executive officers other than the Section 401(k) retirement plan that is available to all U.S. employees, although we do provide our executives with the ability to defer a portion of their compensation to be paid at the end of their service with us.
No Guaranteed Bonuses	We do not provide guaranteed bonuses to our executive officers.
No Stock Option Re-Pricing	Our equity compensation plan does not permit stock options or stock appreciation rights to be repriced to a lower exercise or strike price without the approval of our stockholders.
No Single Trigger Change in Control Arrangements	We do not provide cash severance solely upon a change in control of the Company. We changed our change in control agreements in 2016 to prohibit single trigger vesting acceleration for our equity awards. All equity awards, except certain legacy stock option awards with a market price condition, are subject to double trigger vesting acceleration.

No Perquisites or Other Personal Benefits

We do not provide our executive officers with any perquisites or other personal benefits that are not available to our employees generally.

No Tax Payments on Perquisites

We do not provide any tax reimbursement payments (including gross-ups) on any perquisites or other personal benefits, other than standard relocation benefits.

Table of Contents

	What We Don't Do
No Excise Tax Payments on Future Post-Employment Compensation Arrangements	We do not provide any excise tax reimbursement payments (including gross-ups) with respect to payments or benefits contingent upon a change in control of the Company. We amended all agreements to remove these provisions in 2016.
No Hedging	We prohibit our employees, including our executive officers, and the non-employee members of our Board from engaging in short sales and certain derivative transactions relating to our securities.
No Special Welfare or Health Benefits	We do not provide our executive officers with any welfare or health benefit programs, other than participation on the same basis as all of our full-time employees in the employee programs that are standard in our industry sector.
No Dividends or Dividend Equivalents Payable on Unvested Equity Awards	We do not pay dividends or dividend equivalents on unvested equity awards.
No Pledging	Current awards granted under our equity plans provide that they may not be sold, exchanged, assigned, transferred, pledged, encumbered or otherwise disposed of by the grantee until they become vested.
Limited Contractual Vesting Acceleration	We have no contractual acceleration of vesting for any outstanding equity, except for these limited, common exceptions: death or long-term disability (or, in some cases, termination without cause) of the recipient, or pursuant to change in control benefits.

Compensation Philosophy

Our executive compensation program is guided by our overarching philosophy of paying for demonstrable performance. Consistent with this philosophy, we have designed our executive compensation program to achieve the following primary objectives:

Provide compensation and benefit levels that will attract, retain, motivate and reward a highly-talented management team within the context of responsible cost management;

Establish a direct link between our financial and operational results and achievement of strategic objectives and the compensation of our executive officers; and

Align the interests and objectives of our executive officers with those of our stockholders by linking the long-term incentive compensation opportunities to stockholder value creation and their cash incentives to our annual performance.

Compensation Design

Our executive compensation consists of three principal elements: base salary, an annual incentive compensation opportunity under the MIC plan and LTIP in the form of equity awards that include service-based RSUs, stock options and performance shares based on relative total shareholder return. In alignment with our pay-for-performance philosophy, a significant portion of our executive officers' target total direct compensation is at-risk and variable in the amount ultimately paid.

We believe that linking a significant portion of our executive officers' target total direct compensation to challenging performance objectives creates strong incentives for them to achieve our short-term profitability and growth objectives as well as to create sustainable long-term value for our stockholders. We believe that this approach also assists us in attracting talented individuals who are committed to achieving challenging goals with the opportunity to earn superior compensation if they and the Company demonstrate superior results.

Compensation-Setting Process

Role of Compensation Committee

The Compensation Committee discharges the responsibilities of our Board relating to the compensation of our executive officers with input from all our independent directors.

Table of Contents

The Compensation Committee is responsible for:

Overseeing our compensation and benefit plans, policies and programs generally;

Reviewing and approving the compensation of our CEO;

Reviewing and approving all compensation for our executive officers, including our Named Executive Officers;

Overseeing and administering our cash-based and equity-based compensation plans;

Reviewing and overseeing our leadership development and succession plans;

Reviewing and approving our post-employment compensation arrangements; and

Reviewing and approving this Compensation Discussion and Analysis.

The Compensation Committee is also responsible for the periodic review and evaluation of (i) the design and administration of our annual and long-term incentive compensation plans to ensure that they are structured and administered in a manner consistent with our goals and objectives, (ii) our policies and practices relating to the grant of equity awards, (iii) our employee benefits plans and arrangements and (iv), if applicable, our perquisite programs.

The Compensation Committee's practice of developing and maintaining compensation arrangements that are competitive includes a balance between hiring and retaining the best possible talent and maintaining a reasonable and responsible cost structure. We compete for talent in a highly-competitive environment, and our future success and our ability to remain competitive are dependent on our continuing efforts to attract, retain and motivate highly-qualified executives in this environment.

Role of Our CEO and Management Team

In discharging its responsibilities, the Compensation Committee works with members of our management team, including our CEO. Our management team assists the Compensation Committee by providing information on corporate and individual performance as well as our CEO's perspective and recommendations on compensation matters. In addition, our management team recommends to the Compensation Committee the performance measures and related target levels for the MIC (which are typically based on our annual operating plan). The management team also recommends the forms of equity awards for our long-term incentive compensation program (which are typically tied to our five-year strategic plan).

The Compensation Committee solicits our CEO's recommendations with respect to the compensation arrangements for our executive officers, including our Named Executive Officers (other than himself), including adjustments to base

salary and target annual incentive compensation opportunities, long-term incentive compensation opportunities in the form of equity awards and other compensation-related matters (such as discretionary cash bonuses and supplemental equity awards). In addition, our CEO annually evaluates the performance of each executive officer (other than himself) and provides the results of these evaluations to the Compensation Committee.

The Compensation Committee reviews and discusses the CEO's recommendations and uses them as one factor in approving the compensation for our executive officers, including our Named Executive Officers. Our CEO is not present for any Compensation Committee discussions, and does not make any recommendations, regarding his own compensation.

Compensation Review Cycle

The Compensation Committee conducts an annual review of our executive compensation program, as well as a review of the compensation arrangements for each of our executive officers, including each of our Named Executive Officers, during the fourth quarter of the previous year and the first quarter of each year. During this review, the Compensation Committee evaluates each executive officer's base salary level, target annual incentive compensation opportunity, target total cash compensation opportunity, long-term incentive compensation opportunity, target total direct compensation and any other compensation-related items. Generally, compensation adjustments are effective at the beginning of the year. Each fiscal quarter, the Compensation Committee tracks our financial and operational performance and the corresponding projected payments under the MIC and the then-current performance of the equity awards previously granted to our CEO and our other executive officers.

Table of Contents

Factors Considered in Compensation Deliberations

The Compensation Committee does not use a single method or measure in setting or approving the target total direct compensation opportunities or each individual compensation element for our executive officers, nor is the weighting of any one factor on the determination of pay components and levels quantifiable in comparison to the other factors. The factors below, which the Compensation Committee considers when selecting and setting the amount of each compensation element for our executive officers, including our CEO and our Named Executive Officers, provide a framework for its compensation decision-making:

Our executive compensation program objectives;

Our performance against the financial and operational goals and objectives established by the Compensation Committee and our Board;

Each individual executive officer's qualifications, knowledge, skills, experience and tenure relative to other similarly-situated executives at the companies in our compensation peer group;

The scope of each executive officer's role and responsibilities compared to other similarly situated executives at the companies in our compensation peer group;

The prior performance of each individual executive officer, based on an assessment of his or her contributions to our overall performance and ability to lead his or her business unit or function and work as part of a team;

The potential of each executive officer to contribute to our long-term financial, operational and strategic objectives;

The CEO's compensation relative to that of our executive officers, and compensation parity among our executive officers;

Our financial performance relative to our peers;

The compensation practices of our compensation peer group and the positioning of each executive officer's compensation in a ranking of peer company compensation levels based on an analysis of competitive market data;

In the case of long-term incentive compensation, the value of any outstanding vested and unvested equity awards held by each of our executive officers, including the equity awards and other long-term compensation opportunities granted to each executive officer in prior years; and

The recommendations provided by our CEO regarding the compensation of our executive officers, as described above.

These factors provide the framework for decision-making by the Compensation Committee with respect to the compensation of each of our executive officers.

Role of Compensation Consultant

As permitted under its charter, the Compensation Committee engages an external compensation consultant to assist it by providing information, analysis and other advice relating to our executive compensation program and the decisions resulting from its annual executive compensation review. It directly engages the compensation consultant, which serves at the discretion of the Compensation Committee and which reviews the terms of the engagement annually.

In August 2017, the Compensation Committee retained Compensia, Inc. (Compensia), a national compensation consulting firm, to serve as its compensation consultant. The Compensation Committee conducted a thorough review of proposals submitted by nationally recognized compensation consultants and through this process selected Compensia to be the consultant. The compensation consultant reported directly, and was directly accountable, to the Compensation Committee, and the Compensation Committee retained the sole authority to retain, terminate and obtain the advice of its compensation consultant at our expense.

The Compensation Committee selected Compensia as its compensation consultant because of the firm's expertise and reputation and the fact Compensia provided no services to us at the time of selection, had no ties to our management team that could jeopardize their independent status and had strong internal governance policies that help ensure that they would maintain their independence.

Table of Contents

During 2018, the compensation consultant regularly attended the meetings of the Compensation Committee (both with and without management present) during the period of its engagement and provided the following services:

Consulting with the Compensation Committee chair and other members between Compensation Committee meetings;

Reviewing and updating the compensation peer group used to assess the positioning and competitiveness of our executive and non-employee director compensation programs (non-employee director compensation recommendations are made to the Corporate Governance Committee);

Providing competitive market data based on the compensation peer group for our executive officer positions and evaluating how the compensation we pay our executive officers compares both to our performance and to how the companies in our compensation peer group compensate their executives;

Reviewing and analyzing the base salary levels, target annual incentive compensation opportunities, target total cash compensation opportunities, long-term incentive compensation opportunities and target total direct compensation of our executive officers;

Developing compensation summaries, commonly known as tally sheets, which the Compensation Committee uses to ensure that it has a comprehensive view of our executive officers' total compensation arrangements, including cash compensation (both fixed and variable), long-term incentive compensation (including past equity awards and the current and projected values of these awards) and post-employment compensation obligations (including in the event of a change in control of the Company);

Assessing executive compensation trends within our industry, and updating the Compensation Committee on corporate governance and regulatory issues and developments;

Reviewing market equity compensation practices, including burn rate and overhang;

Providing competitive market data based on the compensation peer group regarding the compensation of the non-employee members of our Board, which the Compensation Committee and the Corporate Governance Committee reviews on a biennial basis, and evaluating how the compensation we pay to these individuals compares to how the companies in the compensation peer group compensate the members of their board of directors;

Assisting in the drafting of the Compensation Discussion and Analysis; and

Assessing compensation-related risk to determine whether our compensation policies and practices are reasonably likely to have a material adverse impact on us. See above for a more complete discussion of the compensation risk assessment.

In 2018, Compensia did not provide any services to us except those listed above. The Compensation Committee regularly reviews the objectivity and independence of the advice provided by its compensation consultant on executive compensation matters. With respect to the period 2018, the Compensation Committee considered the six specific independence factors adopted by the SEC and The NASDAQ Stock Market and determined that Compensia was independent and that their work did not raise any conflicts of interest. The Compensation Committee will continue to monitor the independence of its compensation consultant on an annual basis.

Market Data

Each year, the Compensation Committee identifies a group of peer companies for purposes of comparing and analyzing our executive compensation levels, policies and practices against the competitive market. The companies in this compensation peer group for 2018 were selected in the summer of 2017 based on their similarity to us, as determined using the following criteria:

Companies in the software or information technology services industries of an appropriately similar size, based on revenue and market capitalization;

Companies with a similar focus in terms of products or customers that would likely compete against us for financial capital and employees;

Companies of similar revenue size and market capitalization; and

Companies headquartered in the U.S. with status as an independent publicly traded entity.

Table of Contents

After consultation with its compensation consultant, the Compensation Committee approved the following compensation peer group for use with respect to 2018 executive compensation decisions:

Blackbaud, Inc.	Pegasystems, Inc.
Cadence Design Systems, Inc.	PTC, Inc.
CommVault Systems, Inc.	RealPage, Inc.
CSG Systems International, Inc.	Splunk, Inc.
Fair Isaac Corporation	Square, Inc.
FireEye, Inc.	SS&C Technologies Holdings, Inc
Fortinet, Inc.	Tyler Technologies, Inc.
Nuance Communications, Inc.	Ultimate Software Group, Inc
	Verint Systems, Inc

In comparison to the last year's peer group, we removed six companies. DH Corporation and VeriFone Systems, Inc. were removed due to acquisition. Bottomline Technologies (de), Inc., Euronet Worldwide, Jack Henry & Associates and Total System Services were removed due to differences in their respective business models as compared to our business model, as these companies are focused on payment processing and the Compensation Committee desired for the peer group to reflect a software industry focus. Seven software companies (FireEye, Fortinet, Nuance Communications, Splunk, Square, Tyler Technologies and Ultimate Software Group) were added that are similar to us in revenue and market cap size.

To analyze the compensation practices of the companies in our compensation peer group, the compensation consultant gathered data from public filings (primarily proxy statements) and from a custom cut of companies that participate in the Radford High-Technology Executive Survey database. This market data was then used as a reference by the Compensation Committee to assess our current compensation levels during its deliberations on compensation forms and amounts.

The Compensation Committee reviews our compensation peer group at least annually and adjusts its composition, considering changes in both our business and the businesses of the companies in the peer group.

Compensation Elements

Our executive compensation program is comprised of the elements set forth in the following table, each of which is described in more detail below. Although the focus of this Compensation Discussion and Analysis is on the compensation of our Named Executive Officers, our 2018 executive compensation program for all our executive officers, including those who are not Named Executive Officers, was comprised of these same elements, and the compensation-setting process described above applies similarly with respect to the compensation of all our executive officers. The Compensation Committee considers the factors described under Compensation-Setting Process Factors Considered in Compensation Deliberations above to determine the form and amount of each element of compensation similarly for our CEO and our other executive officers, including our other Named Executive Officers.

Table of Contents

The following table sets forth each individual compensation element, including each element's principal purpose, its link to our compensation philosophy and, where the element is performance-based, the specific associated performance metrics.

Base Salary

Base salary represents the fixed portion of the target total direct compensation of our executive officers, including our Named Executive Officers, and is intended to attract and retain highly talented individuals.

Each executive officer’s base salary, except our CEO’s, is based on the recommendation of our CEO to the Compensation Committee. These recommendations consider competitive market data assessments prepared by our independent compensation consultant, the Company’s operating budget, a desire to phase in compensation changes over more than one fiscal year, relative levels of cash incentive and long-term equity compensation, the performance of a particular executive officer’s business unit in relation to established strategic plans, long-term potential of the executive officer to contribute to our financial position, retention concerns, if any, and the assessment of the executive’s performance in the executive’s annual performance appraisal. The Compensation Committee, in consultation with its compensation consultant, reviews the base salaries of our executive officers, including our Named Executive Officers (other than our CEO) annually based on the CEO’s

Table of Contents

recommendation and considering these factors as well as those described under Compensation-Setting Process Factors Considered in Compensation Deliberations above. Following this review, the Compensation Committee adjusts the base salaries of our executive officers as it determines to be necessary or appropriate.

Our CEO's compensation, including his base salary, and the other terms of his employment are set forth in his employment agreement (the specific terms and conditions of which are discussed in more detail in the section entitled CEO Employment Agreement below). The Compensation Committee reviews our CEO's compensation, including his base salary, and the terms and conditions of his employment agreement on an annual basis in connection with the review of the compensation of our other executive officers. As part of this review, the Compensation Committee considers our overall financial performance, our progress on our operational and strategic objectives and the factors described under Compensation-Setting Process Factors Considered in Compensation Deliberations above.

In November 2017, the Compensation Committee reviewed the base salaries of our executive officers, including our Named Executive Officers, taking into consideration the factors described above. Following this review, the Compensation Committee determined to maintain the base salary of our CEO, CFO, COO, General Counsel, Group President ACI on Demand P&L and Group President ACI Global Sales at their 2017 levels and provided a 3% increase to our Treasurer to address the competitiveness of his base salary. The base salaries of our Named Executive Officers for 2017 and 2018 were as follows:

Named Executive Officer	2017 Base Salary	2018 Base Salary	Percentage Increase
Philip G. Heasley	\$720,000	\$720,000	0%
Scott W. Behrens	\$415,000	\$415,000	0%
Craig S. Saks	\$415,000	\$415,000	0%
Daniel J. Frate	\$415,000	\$415,000	0%
Carolyn B. Homberger	\$415,000	\$415,000	0%
Craig A. Maki	\$304,478	\$313,612	3.0%
Dennis P. Byrnes	\$375,000	\$375,000	0%

Annual Cash Incentive Awards

Our annual cash incentive plan for our executive officers, including our Named Executive Officers, which is established each year under our MIC plan, offers them the opportunity to earn cash awards based on our corporate and their business unit and individual performance as measured over a 12-month performance period. This annual cash incentive plan is designed to encourage each individual participant's contribution to, and to reward them for, the achievement of specific pre-established financial and operational objectives that are controlled by, or can be directly impacted by, him or her.

In February 2018, the Compensation Committee approved the 2018 MIC plan for our executive officers, including our Named Executive Officers. The 2018 MIC plan provided for a funding pool (the Funded Incentive Pool) based on the achievement of adjusted EBITDA. Based on individual performance, an executive officer's payment under the 2018 MIC plan could range from 0% to 200% of his or her target annual cash incentive award opportunity (as described below), but the aggregate of all 2018 MIC plan payments could not exceed the Funded Incentive Pool for all participants.

Annual Cash Incentive Award Opportunity Targets

At the beginning of each year, our executive officers, including our Named Executive Officers, are assigned a target annual cash incentive award opportunity, the amount of which is calculated as a percentage of their annual base salary. Generally, the Compensation Committee, in consultation with its compensation consultant, reviews the target annual cash incentive award opportunities of each of our executive officers considering our CEO's recommendations (except with respect to his own target annual cash incentive award opportunity), as well as the factors described under

Compensation-Setting Process Factors Considered in Compensation Deliberations above. Following this review, the Compensation Committee adjusts the target annual cash incentive award opportunities of our executive officers as it determines to be necessary or appropriate. For our CEO, the Compensation Committee reviews his target annual cash incentive at the same time as all the other terms of his employment agreement, as described above.

Table of Contents

In November 2017, the Compensation Committee reviewed the target annual cash incentive opportunities of our executive officers, including our Named Executive Officers. Following this review, the Compensation Committee determined to maintain the target annual cash incentive award opportunity as a percent of base salary of our executive officers at their 2017 level except for Mr. Maki, whose incentive target was increased to an appropriate market level to align with the other executives with a similar level with the Company. The target annual cash incentive award opportunities of our Named Executive Officers for purposes of the 2017 MIC plan and the 2018 MIC plan were as follows:

Named Executive Officer	2017 Target Annual Cash Incentive Award Opportunity (% of base salary)	2017 Target Annual Cash Incentive Award Opportunity (\$)	2018 Target Annual Cash Incentive Award Opportunity (% of base salary)	2018 Target Annual Cash Incentive Award Opportunity (\$)	Percentage Increase over 2017 (calculated based on the dollar amount increase)
Philip G. Heasley	125%	\$900,000	125%	\$900,000	0%
Scott W. Behrens	100%	\$415,000	100%	\$415,000	0%
Craig S. Saks	100%	\$415,000	100%	\$415,000	0%
Daniel J. Frate	100%	\$415,000	100%	\$415,000	0%
Carolyn B. Homberger	100%	\$415,000	100%	\$415,000	0%
Craig A. Maki	75%	\$228,359	100%	\$313,612	37.3%
Dennis P. Byrnes	100%	\$375,000	100%	\$375,000	0%

Payments under the 2018 MIC plan could be more or less than the target annual cash incentive award opportunity (up to a maximum of 200% of the target award opportunity) depending on the Company's and an executive officer's actual performance for the year.

Plan Terms Eligibility

To be eligible for any payment under the 2018 Executive MIC, an executive officer was required to:

Be an employee on the date of payment, except to the extent otherwise provided by us; and

Be an employee prior to October 1 of the applicable fiscal year. Eligibility is prorated for less than full year employment.

If an executive officer's employment with us terminated for any reason prior to the payment date, he or she would not be eligible to receive an award, and he or she would forfeit all rights to such payment except to the extent otherwise provided by us. In addition, we reserve the right to require an executive officer to forfeit his or her right to payment or to reimburse us for any payments previously paid, along with any other action we deem necessary or appropriate, in the event it is determined that the individual participant engaged in misconduct in the course of his or her employment.

Plan Terms Performance Metrics

For purposes of the 2018 MIC, our executive officers were eligible to earn annual cash incentive awards for the period beginning on January 1, 2018 and ending on December 31, 2018 based on our actual performance as measured in three categories:

Adjusted EBITDA performance;

Business Unit Management Business Objective (MBO); and

Individual Performance Goals.

Table of Contents

The adjusted EBITDA performance funds a funding pool that is then allocated among the executive officers based on their performance against their respective Business Unit MBOs and Individual Performance Goals.

Plan Terms Adjusted EBITDA Performance

As described above, the adjusted EBITDA funding pool was the source of funding for payments under the 2018 MIC. Our performance against the following performance matrix determines the overall funding.

Corporate Performance Metric	Target Performance Level (millions)	Performance Achievement Percentage	Annual Cash Incentive Award Payment Percentage ⁽¹⁾
adjusted EBITDA ⁽²⁾	\$284	90%	50%
		100%	100%
		105%	200%

(1) Performance between points is interpolated linearly for funding.

(2) For purposes of the 2018 MIC plan adjusted EBITDA means the adjusted EBITDA for fiscal year 2018 as determined by the Company and detailed in the annual report on Form 10-K for the 2018 fiscal year.

The Compensation Committee approved this plan design because this design incents the achievement of adjusted EBITDA performance, which is a key financial measure of how we and stockholders judge our performance.

Plan Terms Business Unit and Individual Performance

Each Named Executive Officer and other executive officers have two types of performance goals under the 2018 MIC plan. These are Business Unit MBOs and Individual Performance Goals.

Each Named Executive Officer and other executive officers are assigned to a business unit for their Business Unit MBO. The business units for 2018 were Global Sales, ACI on Demand, ACI on Premise, Product Development, Corporate Finance, Marketing, Human Resources, Administration (Legal/Procurement/Facilities), Solutions and Risk and Internal Audit. The CEO proposes Business Unit MBOs for each Named Executive Officer and each other executive officer. The Compensation Committee reviews each of these objectives. The Compensation Committee sets the MBOs for the CEO.

The Business Unit MBOs are based on financial and other quantifiable measures relevant to the executive's responsibilities. Each Business Unit MBO has specific weighting and threshold, target and top-level performance metrics established. The performance against the Business Unit MBO may result in a funding impact ranging from 0% to 200% of the adjusted EBITDA funding result for each executive. In the event that an executive's Business Unit MBO performance is less than 100%, their payment will be reduced based on the Business Unit MBO result. As the overall Funded Incentive Pool cannot be exceeded, any funding for achievement over 100% of the MBO is limited to unused funding from executives that did not achieve 100% Business Unit MBO Performance. Any funding for an executive for achievement over the adjusted EBITDA funding gate is distributed on a pro rata basis relative to each executive's performance against his/her Business Unit MBO.

Each Named Executive Officer has Individual Performance Goals that further focus the executives' performance. The CEO assesses the executives' performance and may adjust the calculated payout between a 50% decrease to a 20% increase.

The overall payout for all participants cannot exceed the overall MIC Funded Incentive Pool generated by adjusted EBITDA performance. The overall payout for the plan for any executive cannot exceed 200% of his or her annual target incentive amount.

Annual Cash Incentive Award Decision

In February 2019, the Compensation Committee determined the amounts to be paid under the 2018 MIC. The first step in making this determination was to calculate the amount of the adjusted EBITDA Funded Incentive Pool based on our actual performance in 2018 with respect to adjusted EBITDA.

We achieved 91.9% of our adjusted EBITDA goal as a result of adjusted EBITDA achievement of \$261 million for 2018. This resulted in a Funded Incentive Pool of approximately 60% of the target plan amount.

Table of Contents

The final steps were to calculate the Business Unit MBO results and the Individual Performance Goal results, and to calculate the actual annual cash incentive award payments to be made to our executive officers, including our Named Executive Officers, utilizing the process described above.

For the CEO, his annual cash incentive payout was determined based on the 60% pool funding amount multiplied by the 80% achievement of his MBOs. There was no further adjustment applied for the CEO. For all other executives, the Business Unit MBO result was calculated against the established Business Unit MBOs. This step allows for the executive's calculated result to impact his/her funding between 0% to 200% of the adjusted EBITDA funding. For executives whose MBO performance was less than 100%, those executives received payouts below the 60% or were capped at a 60% payout, which is equal to the pool funding amount. For all other executives whose Business Unit MBO performance was greater than 100%, the excess amounts remaining in the pool were allocated to them on a pro rata basis based on the over-performance on their Business Unit MBOs. There was no further adjustment applied for the executives based on Individual Performance Goal performance.

The actual annual cash incentive award payments earned by our Named Executive Officers under the 2018 MIC plan were as follows:

Named Executive Officer	2018 Target Annual	Payment	2018 Annual Cash
	Cash Incentive Award	Percentage	Incentive Award
	Opportunity (\$)	(%)	Payment (\$)
Philip G. Heasley	\$900,000	48%	\$431,280
Scott W. Behrens	\$415,000	60%	\$248,585

Long-Term Incentive Compensation

Our long-term incentive program provides for the grant of equity awards to our executive officers, including our Named Executive Officers, and other key employees whose responsibilities and decisions directly impact our long-term business results. We use equity awards to both incentivize these individuals and to address special situations as they may arise from time to time, such as promotions and retention arrangements. Our equity award grant practices are designed to reflect a balance between our desire to motivate and retain executive talent, our belief in the benefits that accrue to us by aligning the interests of our management team with those of our stockholders, our need to remain competitive in recruiting and our need to effectively manage the dilution of stockholders' interests.

Generally, we use performance share awards that may be earned through the achievement of pre-established performance objectives over a multi-year period, service vesting RSUs and options to purchase shares of our common stock as the primary equity vehicles to deliver long-term incentive compensation opportunities to our executive officers.

Our performance share awards enable our executive officers to earn shares of our common stock based on our performance over a three-year performance period. These awards provide an equity opportunity that motivates and rewards our executives for successful long-term performance. We believe our rTSR Performance Share Awards can provide strong upside potential in the event of outperformance relative to the competitive market, with the ability to earn a target award even in a down market. In addition, our rTSR Performance Share Awards provide a direct link between compensation and stockholder return, thereby motivating our executive officers to focus on and strive to achieve both our annual and long-term business objectives.

We believe that options to purchase shares of our common stock, when granted with exercise prices equal to the fair market value of our common stock on the date of grant, provide an appropriate long-term incentive for our executive officers because they are rewarded only to the extent that, following the date of grant, our stock price grows, which aligns with our stockholders' interest in seeing the value of their investment grow.

We initiated grants of RSUs in 2018 to increase the long-term retention power of our equity compensation and to better align with the competitive market. Since the ultimate value of the RSUs is based on our stock price at the time the RSU vests, we believe that there is still strong alignment with stockholders' interests while increasing our retention hold on our key executive and employee talent.

Table of Contents

Typically, the size and form of the equity awards for our executive officers are determined in the discretion of the Compensation Committee at a level that it believes is competitive with current market conditions and after taking into consideration an analysis of competitive market data, the recommendation of our CEO (except with respect to his own equity award), the proportion of our total shares outstanding used for annual employee long-term incentive compensation awards (our burn rate) in relation to that of the companies in our compensation peer group, the potential ownership dilution to our stockholders (our overhang) in relation to the median practice of the companies in our compensation peer group and the other factors described under Compensation-Setting Process Factors Considered in Compensation Deliberations above.

In February 2018, the Compensation Committee granted long-term incentive compensation to our CEO using a combination of options to purchase shares of our common stock and rTSR Performance Share Awards that may be earned, if at all, based on the performance of the total shareholder return of our common stock relative to the S&P MidCap 400 Index, over a three-year performance period. The rTSR Performance Share Awards comprised approximately 75% of the target aggregate grant value delivered pursuant to these equity awards, while the stock options comprised 25% of the target aggregate grant value delivered. The Compensation Committee decided to continue to use a combination of performance awards (solely based on rTSR Performance Share Awards) and stock options for the CEO for 2018 to keep his equity solely performance-based.

At the same time, the Compensation Committee granted long-term incentive compensation to our executive officers, including our Named Executive Officers other than our CEO, using a combination of RSUs and rTSR Performance Share Awards. The grant was intended to be equally divided between the RSUs and rTSR Performance Share Awards based on the target aggregate grant value. The accounting valuation resulted in a slightly greater value for the rTSR Performance Share Awards than the RSU awards. The Compensation Committee decided to grant RSUs to the executive team to better align the Company's practices with market practices and increase the retention strength of the equity program.

The equity awards and underlying number of shares of our common stock granted to our Named Executive Officers in 2018 were as follows:

Named Executive Officer	Option to	Restricted Share	Relative	Aggregate Grant Date

Relative TSR Performance Share Awards

The rTSR Performance Share Awards are to be earned, if at all, over a three-year performance period ending December 31, 2020 based on the performance of the total shareholder return of our common stock relative to the S&P 400 MidCap Index, an index that tracks the investment results of similarly sized U.S. public companies and of which we are a constituent. The rTSR Performance Share Awards may be earned based on the following terms:

If the relative performance of our common stock does not achieve the threshold performance level, then our executive officers will not earn any shares of our common stock.

2019 PROXY STATEMENT **45**

Table of Contents

If the relative performance of our common stock achieves at least the threshold performance level, then our executive officers will earn the shares of our common stock based on a performance matrix that provides as follows:

Performance (Percentile Ranking)	Percent Vesting of rTSR Performance Shares
Less than 25 th Percentile	0% Vesting
25 th Percentile	50% Vesting
50 th Percentile	95% Vesting
55 th Percentile	100% Vesting (Target)
75 th Percentile	200% Vesting

If the relative performance of our common stock falls between the specified percentage ranges in the performance matrix, the Compensation Committee will determine the award percentage earned by mathematical interpolation and rounded to the nearest whole share.

If the performance of our common stock is negative, the shares that may be earned is capped at 100% (Target) regardless of whether we have out-performed the Index by a greater amount.

Options to Purchase Shares of Common Stock

The options to purchase shares of our common stock granted to our CEO in 2018 have an exercise price of \$23.36, the fair market value of our common stock on the date of grant. In addition, these options generally vest in three equal annual installments commencing on the first anniversary of the date of grant, subject to our CEO's continued employment as of each vesting date.

Restricted Share Units

The RSUs granted to our executive officers generally vest in three equal annual installments commencing on the first anniversary of the date of grant, subject to our executives' continued employment as of each vesting date.

Health and Welfare Benefit Plans

We seek to provide our executive officers, including our Named Executive Officers, with health, retirement and other benefits at a reasonable cost consistent with the health, retirement and other benefits provided at the companies with which we compete for executive talent. We maintain a tax-qualified Section 401(k) retirement plan that provides for broad-based employee participation. For 2018, we matched contributions made to the plan by our employees, including our Named Executive Officers, beginning on the first anniversary of a participant's date of hire, up to 6% of the participant's base salary with an annual match limit of \$5,000 per participant. All employer and employee contributions are 100% vested immediately. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code) so that contributions by participants to the plan, and income earned on plan contributions, are not taxable to participants until withdrawn from the plan.

We also offer substantially all our employees, including our Named Executive Officers, the opportunity to purchase shares of our common stock at a discount under our employee stock purchase plan. Under this plan, participants may contribute up to 10% of their base salary (subject to certain Internal Revenue Service limits) to purchase shares of our common stock at the end of each participation period. Participation periods are the three months ending on April 30, July 31, October 31 and January 31 of each year. Shares are purchased at a price equal to 85% of the fair market value of our common stock on the last day of a participation period.

In addition, we provide other benefits to our Named Executive Officers on the same basis as all of our full-time employees. These benefits include: medical, dental and vision insurance; medical and dependent care flexible spending accounts; health savings account; short-term and long-term disability insurance; accidental death and dismemberment insurance; and basic life insurance coverage.

Table of Contents

Non-Qualified Deferred Compensation Plan

We seek to provide our executive officers, including our Named Executive Officers, with market-competitive benefit programs consistent with the programs provided at the companies with which we compete for executive talent. We maintain a non-qualified deferred compensation plan (the *Deferred Compensation Plan*) in which a select group of executive officers and other highly compensated employees, including our Named Executive Officers, may elect to participate as part of our market-competitive benefit programs.

See the Nonqualified Deferred Compensation Table for 2018 activity and further details regarding the *Deferred Compensation Plan*.

Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide perquisites to our executive officers, including our Named Executive Officers, except in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment and retention purposes.

During 2018, none of our Named Executive Officers received perquisites or other personal benefits that were, in the aggregate, \$10,000 or more. We do not expect that any future perquisites or other personal benefits will be a significant aspect of our executive compensation program. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Performance Results for Prior Year Awards

Our 2016 LTIP performance shares, granted in February 2016, had a three-year performance period running through 2018. The performance period measures were cumulative EBITDA and compound annual growth rate in total sales. We did not achieve the threshold performance in these measures and as a result, there was no payout for the award.

Employment Agreements

Except for the Amended and Restated Employment Agreement which we entered into with our CEO effective January 7, 2016 (the *CEO Employment Agreement*), we do not have employment agreements or severance arrangements with any of our executive officers, including any of our Named Executive Officers, except as described in the next section. No changes or amendments were made to the *CEO Employment Agreement* in 2018 or year to date in 2019.

For information on the specific terms and conditions of the *CEO Employment Agreement*, see *CEO Employment Agreement* below.

Post-Employment Compensation Arrangements

We seek to provide our executive officers, including our Named Executive Officers, with market competitive post-employment compensation arrangements consistent with the post-employment payments and benefits provided at the companies with which we compete for executive talent.

We have entered into written Change in Control Agreements (the "CIC Agreements") with each of our Named Executive Officers, which were last amended in June 2016. Each of these agreements was approved by the Compensation Committee or, in certain instances, by our Board. These agreements set forth the rights and responsibilities of each party and protect both parties' interests in the event of a termination of employment by providing the Named Executive Officer with the opportunity to receive certain post-employment payments and benefits in the event of a termination of employment under certain circumstances, including in connection with a change in control of the Company.

In 2018 for effect on January 1, 2019, we reviewed our current post-employment compensation arrangements and decided to provide policy-based severance for top executives of one year base salary and benefits continuation, which would be provided in the event of a termination without cause that does not occur following a change in control. We made this change to more closely align with market practices, which we believe is necessary to attract talented executives. We also believe that by implementing a standard practice we can avoid protracted negotiations on this topic and ensure the uniform treatment of executives.

2019 PROXY STATEMENT 47

Table of Contents

We believe that having reasonable and competitive post-employment compensation arrangements is essential to attracting and retaining highly-qualified executive officers. Our post-employment compensation arrangements are intended to keep executive officers working to achieve our goals despite a possible change in control of the Company and are designed to provide reasonable compensation to executive officers who leave us under certain circumstances to facilitate their transition to new employment. Further, we seek to mitigate any potential employer liability and avoid future disputes or litigation by requiring a departing executive officer to sign a separation and release agreement acceptable to us as a condition to receiving post-employment compensation payments or benefits.

In determining payment and benefit levels under the various circumstances triggering the post-employment compensation provisions of the CIC Agreements, the Compensation Committee has drawn a distinction between (i) terminations of employment by us for cause and voluntary terminations of employment without good reason and (ii) terminations of employment by us without cause or by a Named Executive Officer with good reason within two years after (or, in some cases, within six months prior to) a change in control of the Company. Payment in the event of a termination by us without cause or by a Named Executive Officer with good reason in connection a change in control of the Company has been deemed appropriate in light of the benefits to us described above, as well as the likelihood that the Named Executive Officer's departure is due, at least in part, to circumstances not within his or her control. In contrast, we believe that payments are not appropriate in the event of a termination of employment for cause or a voluntary resignation without good reason because such events often reflect either inadequate performance or a decision by a Named Executive Officer to end his relationship with us.

As noted above, the CIC Agreements contain post-employment compensation arrangements in the event of a change in control of the Company. The primary purpose of these arrangements is to keep our most senior executive officers focused on pursuing corporate transactions that are in the best interests of our stockholders regardless of whether those transactions may result in their own job loss. As such, we believe that these arrangements appropriately align the interests of management and stockholders when considering our long-term future.

Payments and benefits in the event of a change in control of the Company are generally payable only if there is a qualifying loss of employment by a Named Executive Officer (commonly referred to as a double-trigger arrangement). In the case of the acceleration of vesting of outstanding equity awards, we use this double-trigger arrangement to protect against the loss of retention value following a change in control of the Company and to avoid windfalls, both of which could occur if vesting of either equity or cash-based awards accelerated automatically as a result of the transaction. Note that there are some legacy equity awards granted in 2016 that still contain a single trigger vesting acceleration provision (i.e., they vest upon the close of a change in control). When we amended our agreements in June 2016, we were not able to change these agreements without incurring adverse accounting expenses, so the decision was made to let these agreements remain in place until these awards are vested.

In addition to the foregoing, our CEO is eligible to receive certain post-employment payments and benefits in the event of a termination of employment under certain circumstances, including a change in control of the Company, pursuant to the CEO Employment Agreement. These payments were negotiated in connection with the execution of the CEO Employment Agreement. If he is entitled to payments and benefits under his CIC Agreement, then he will receive no payment or benefits pursuant to the CEO Employment Agreement.

For information on the specific terms and conditions of the CIC Agreements and the post-employment compensation arrangements under the CEO Employment Agreement, see [Change in Control Agreements](#) below. In addition, for an estimate of the potential payments and benefits payable under these arrangements as of the end of 2018, see [Potential Post-Termination Benefits Table](#) below.

Compensation-Related Policies

Stock Ownership Guidelines

We maintain stock ownership guidelines for our executive officers, including our Named Executive Officers, and our directors that link their financial interests with the interests of our stockholders. In the case of our executive officers, these guidelines provide that they hold specific beneficial ownership positions in our common stock that are expressed as a dollar value calculated based on a specific multiple of base salary. Pursuant to these guidelines:

Our CEO is expected to own shares of our common stock with a value equal to at least six times his base salary; and

Table of Contents

Our other executive officers, including our Named Executive Officers, are expected to own shares of our common stock with a value equal to at least three times their base salary.

Under these guidelines, an executive officer must retain 50% of the after-tax shares he or she receives from the exercise of options to purchase shares of our common stock, the vesting of stock appreciation rights for shares of our common stock, and the vesting of any other equity awards granted under our equity compensation plans until his or her ownership guidelines have been satisfied.

Shares of our common stock used to calculate compliance with the guidelines include direct share purchases on the open market, shares acquired through any employee benefit plan, as well as common stock obtained upon the vesting of restricted stock and the vested in-the-money portion of any option to purchase shares of our common stock.

Each executive officer has five years from the date of his or her appointment to an executive officer position to achieve the prescribed ownership level. An executive officer who fails to meet the ownership guidelines within the five-year period may not be eligible for further equity awards until he or she achieves his or her prescribed ownership level. At this time all of our Named Executive Officers either meet the ownership requirements of our guidelines or are still within the five-year period to meet the guidelines.

Compensation Recovery (Clawback) Policy

Our recoupment policy, which applies to all award recipients, including Named Executive Officers, provides that (a) if the Company is required to restate its consolidated financial statements because of material noncompliance due to irregularities with the federal securities laws, which restatement is due, in whole or in part, to the misconduct of the employee, or (b) it is determined that the employee has otherwise engaged in misconduct (whether or not such misconduct is discovered prior to the termination of the employee's employment), the Company has the right to (a) cause the forfeiture or cancellation of any unvested and/or vested portion of an option, any unvested restricted shares or RSUs, or any unearned performance shares; (b) cause the transfer of ownership back to the Company of any vested shares not subject to transfer restrictions, common shares issued as payment for earned performance shares or RSUs, or cash received as payment for earned performance shares or RSUs; (c) recoup any proceeds from (i) the exercise or vesting of an option, (ii) the vesting of the restricted shares, (iii) the sale of shares of our common stock issued pursuant to the exercise of the option or as payment for earned performance shares or RSUs and (iv) the sale of any unrestricted shares, along with any other action the Company determines is necessary or appropriate and in the best interest of the Company and its stockholders; and (d) recoup any annual incentive cash-based payouts.

Prohibition on Hedging and Pledging

We have a policy that prohibits short sales and the use of derivatives by employees. In addition, we prohibit any equity awards from being sold, exchanged, assigned, transferred, pledged, encumbered or otherwise disposed of by the recipient until they become vested.

Equity Grant Policy

Our Compensation Committee grants all equity awards to management, including our CEO and other executive officers. Our Board grants equity awards to independent directors based upon the recommendation of our Corporate Governance Committee. Annual awards to executives are granted based on a specified dollar amount, with the number of RSUs, restricted stock award shares or performance shares (other than rTSR performance shares) (as applicable) based upon the closing market price of our stock on the grant date, the number of rTSR performance shares based upon a Monte-Carlo simulation of the value of that award, and with respect to options, using a Black-Scholes calculation aligned with our financial accounting using the closing market price of our stock on the grant date. The

exercise price of stock option awards is the closing market price of our stock on the grant date.

2019 PROXY STATEMENT **49**

Table of Contents**Tax and Accounting Matters*****Deductibility of Executive Compensation***

Generally, Section 162(m) of the Internal Revenue Code disallows a federal income tax deduction for public corporations of remuneration in excess of \$1 million paid in any fiscal year to certain specified executive officers. For taxable years beginning before January 1, 2018, (i) these executive officers consisted of a public corporation's chief executive officer and up to three other executive officers (other than the chief financial officer) whose compensation is required to be disclosed to stockholders under the Securities Exchange Act of 1934 because they are our most highly compensated executive officers and (ii) qualifying performance-based compensation was not subject to this deduction limit if specified requirements are met. In this latter regard, the compensation income realized upon the exercise of stock options granted under a stockholder-approved stock option plan in taxable years beginning before January 1, 2018 generally would be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

Pursuant to tax reform legislation that was signed into law on December 22, 2017 (the Tax Act), for taxable years beginning after December 31, 2017, the remuneration of a public corporation's chief financial officer and certain former executive officers is also subject to the deduction limit. In addition, subject to certain transition rules (which apply to remuneration provided pursuant to written binding contracts which were in effect on November 2, 2017 and which are not subsequently modified in any material respect), for taxable years beginning after December 31, 2017, the exemption from the deduction limit for performance-based compensation is no longer available. Consequently, for fiscal years beginning after December 31, 2017, all remuneration in excess of \$1 million paid to a covered executive will not be deductible.

In establishing the cash and equity incentive compensation plans and arrangements for our executive officers, including our Named Executive Officers, our Compensation Committee considers a variety of relevant factors, including the potential impact of the Section 162(m) deduction limit. However, our Compensation Committee will not necessarily limit executive compensation to that which is or may be deductible under Section 162(m). The deductibility of some types of compensation depends upon the timing of an executive officer's vesting or exercise of previously granted rights. Further, interpretations of and changes in the tax laws, and other factors beyond our Compensation Committee's control also affect the deductibility of compensation. Our Compensation Committee will consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent consistent with its compensation objectives.

To maintain flexibility to compensate our executive officers in a manner designed to promote our short-term and long-term corporate goals and objectives, our Compensation Committee has not adopted a policy that all compensation must be deductible. Our Compensation Committee believes it is important to maintain cash and equity incentive compensation at the requisite level to attract and retain the individuals essential to our financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limit.

Accounting for Stock-Based Compensation

We follow FASB ASC Topic 718, *Compensation - Stock Compensation*, for our stock-based compensation awards. FASB ASC Topic 718 requires us to measure the compensation expense for all share-based payments made to our employees and the members of our Board, including options to purchase shares of our common stock and other stock-based awards, based on the grant date fair value of these awards. This calculation is performed for financial accounting purposes and reported in the compensation tables below, even though recipients may never realize any value from their awards. FASB ASC Topic 718 also requires us to recognize the compensation cost of our share-based

compensation awards in our income statements over the period that a recipient is required to render services in exchange for the option or other award.
