### **3. APPLIED PROCEDURES**

In order to ensure the adequacy of the book values of assets and liabilities that comprise the Company's net equity as of May 31, 2004, the undersigned adopted usual auditing procedures applicable in the circumstances, in conformity with standards approved by the Federal Accounting Council. Accordingly, our examination comprised: (a) determining the extent of auditing procedures, taking into consideration the significance of the balances of assets and liabilities that comprise the net equity; (b) checking, on a test basis, the evidence and records that support the amounts and accounting information disclosed, and (c) evaluating the significant accounting practices and estimates adopted by the Company's management.

### **4. STANDARDS APPLIED IN DETERMINING THE NET EQUITY**

The Company's net equity was determined in accordance with Brazilian accounting practices, which include the standards established by Brazilian corporate law, supplementary standards issued by the Brazilian Securities Commission (CVM), and specific legislation applicable to concessionaires of telecommunications services. The criterion adopted in determining the Company's net equity is the book value.

### **5. CONCLUSION**

As a result of the examinations and analyses performed, the undersigned concluded that the book value of the Company's net equity, determined in accordance with the aforementioned criteria, is R\$41,524,888.33 (forty-one million, five hundred twenty-four thousand, eight hundred eighty-eight Brazilian reais and thirty-three cents) as of May 31, 2004.

### **6. CLOSING**

Therefore, we have concluded the work and sign this book value report.
