UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION  
Washington, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For The Quarterly Period Ended March 31, 2011

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For The Transition Period From \_\_\_\_\_ to \_\_\_\_\_

Commission File Number: 001-09293

**PRE-PAID LEGAL SERVICES, INC.**

(Exact name of registrant as specified in its charter)

Oklahoma 73-1016728  
(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification No.)

One Pre-Paid Way, Ada, Oklahoma 74820-5813  
(Address of principal executive offices) (Zip Code)

(580) 436-1234  
(Registrants' telephone number, including area code)

(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.  Yes  No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).  Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer       Accelerated filer       Non-accelerated filer       Smaller reporting Company   
(Do not check if a smaller reporting company)

Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act)

Yes  No

The number of shares outstanding of the registrant's common stock (excluding 4,852,179 shares held in treasury) as of April 20, 2011 was 9,789,269.

PRE-PAID LEGAL SERVICES, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Except for per share amounts, dollar amounts and number of shares in tables are in thousands unless otherwise indicated)

(Unaudited)

Note 1 - Basis of Presentation

The accompanying consolidated financial statements and notes thereto have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Accordingly, certain disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") have been omitted. The accompanying consolidated financial statements and notes thereto should be read in conjunction with the consolidated financial statements and notes thereto included in our 2010 Annual Report on Form 10-K. Terms such as "we", "our" and "us" are sometimes used as abbreviated references to Pre-Paid Legal Services, Inc.

The accompanying unaudited financial statements as of March 31, 2011, and for the three months ended March 31, 2011 and 2010, reflect adjustments (which were normal and recurring) which, in our opinion, are necessary for a fair statement of our financial position and results of operations of the interim periods presented. Results for the three month period ended March 31, 2011 are not necessarily indicative of results expected for the full year.

The preparation of financial statements in conformity with GAAP requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Note 2 – Agreement and Plan of Merger

On January 30, 2011 we entered into an Agreement and Plan of Merger with MidOcean PPL Holdings Corp. and PPL Acquisition Corp., affiliates of MidOcean Associates SPC, providing for the merger of PPL Acquisition Corp. and us. The Merger Agreement was unanimously approved by our Board of Directors acting upon the unanimous recommendation of the Special Committee of the Board formed in September 2010 for the purpose of evaluating strategic alternatives for us. At the effective time of the Merger, each share of our Common Stock issued and outstanding immediately prior to the effective time, other than shares with respect to which the holder has properly exercised appraisal rights, will be automatically cancelled and converted into the right to receive \$66.50 in cash without interest. Consummation of the Merger is subject to customary conditions, including, without limitation, (i) the approval by the holders of a majority of the outstanding shares of Common Stock entitled to vote on the Merger, (ii) the absence of any law, injunction, judgment or ruling that restrains or prohibits the consummation of the Merger and (iii) the approval of Oklahoma and Florida insurance regulatory authorities. We currently anticipate consummating the transaction on or before July 31, 2011.

Note 3 – Contingencies

On March 27, 2006, we received a complaint filed by Blackburn & McCune PLLC, a former provider attorney law firm, in the Second Circuit Court of Davidson County, Tennessee seeking compensatory and punitive damages on the basis of allegations of breach of contract and fraud. On May 15, 2006, the trial court dismissed plaintiff's complaint in its entirety. Plaintiff amended the complaint to allege fraud and breach of fiduciary duty on June 12, 2006 and filed a notice of appeal on June 13, 2006. On August 24, 2007, the Court of Appeals reversed the ruling of the trial court and remanded the suit to the trial court for further proceedings. On June 24, 2009, the trial court granted our motion for summary judgment and dismissed plaintiff's action against us in its entirety. Plaintiff appealed the summary judgment, and on June 30, 2010 the appeals court reversed the dismissal in part and affirmed it in part, remanding the case to the trial court on the two surviving claims of the plaintiffs. The ultimate outcome of this matter is not determinable but we will vigorously defend our interests in this matter.

We are the subject of an informal inquiry by the SEC. This inquiry is a fact-finding inquiry and does not mean that the SEC has reached any conclusions. On October 5, 2009, we received a subpoena from the Division of Enforcement of the SEC. The subpoena required us to produce a variety of documents pertaining to our treasury stock repurchase program; our Affirmative Defense Response System program and other marketing practices; membership statistical information; segment reporting; the Federal Trade Commission contingency disclosure; and other operational practices. On April 13, 2010 we received an additional subpoena requesting information relating to certain membership information, member complaints about provider law firms, our efforts to achieve compliance with the payment card industry requirements, the resignation of Harland C. Stonecipher as Chief Executive Officer and the resignation of Tom Smith as a director. On July 9, 2010 we received an additional subpoena requesting information related to prior subpoenas and our production of documents to the SEC. Since that time, we continue to respond to requests to clarify prior productions. We continue to cooperate with the staff of the SEC and expect to continue to do so. We are not able to predict what the outcome of this inquiry may be or when it will be resolved.

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

On February 8, 2011, a putative shareholder class action complaint was filed in the Oklahoma District Court of Oklahoma County by Andrew D. McMullan and James E. McCurdy, individually and on behalf of all others similarly situated, against us and each member of our board of directors. The complaint generally alleges that the directors breached their fiduciary duties to the shareholders by agreeing to sell the Company pursuant to an unfair process and at an unfair price. The complaint alleges that the directors breached their fiduciary duties of care, loyalty, candor, good faith and independence and have acted to put their personal interests ahead of the interests of our shareholders. The complaint also alleges that we aided and abetted such breaches. The complaint seeks injunctive relief, rescission of any barriers to the maximization of shareholder value and attorneys' fees.

On February 11, 2011, a putative shareholder class action complaint was filed in the Oklahoma District Court of Pontotoc County by Czar Fredrik D. Reyes, individually and on behalf of all others similarly situated, against us, each member of our board of directors, and MidOcean PPL Holdings Corp., and PPL Acquisition Corp. (the "MidOcean entities"). The complaint generally alleges that our directors breached their fiduciary duties to the shareholders by agreeing to sell the Company pursuant to an unfair process and at an unfair price. The complaint alleges that the directors breached their fiduciary duties of loyalty, due care, independence, good faith and fair dealing, and that Pre-Paid and the MidOcean entities have aided and abetted such breaches. The complaint also alleges that we agreed to onerous and preclusive deal protection devices as part of the merger, including a no solicitation provision. The complaint seeks injunctive relief, damages and costs of the action, including attorneys' fees. On March 2, 2011 the complaint was amended to add allegations that our directors breached their fiduciary duties of candor to the shareholders and that the preliminary proxy statement filed with the SEC on February 23, 2011 is misleading and omits material information.

On March 3, 2011, a putative shareholder class action complaint was filed in the Oklahoma District Court of Pontotoc County by Troy Ball, individually and on behalf of all others similarly situated, against us, each member of our board of directors, officers Randy Harp and Kathleen S. Pinson, and the MidOcean entities. The complaint generally alleges that the merger is unfair and inequitable to shareholders and that the directors and such officers breached their fiduciary duties of loyalty, due care, good faith and candor and have acted to put their personal interests ahead of the interests of the shareholder and that the MidOcean entities aided and abetted such breaches. The complaint also alleges that we agreed to onerous and preclusive deal protection devices as part of the merger, including a no solicitation provision. In addition, the complaint alleges that the preliminary proxy statement filed with the SEC on February 23, 2011 provides misleading information or omits material information resulting in shareholders being unable to make a fully informed decision in voting. The complaint seeks injunctive relief and costs of the action, including attorneys' fees.

On March 11, 2011, the plaintiffs in the Reyes and Ball actions filed motions to consolidate the two actions and appoint Bull & Lifshitz, LLP and Levi & Korsinsky, LLP co-lead class counsel. On March 4, 2011 and March 8, 2011, respectively, the plaintiffs in the Reyes and Ball actions filed motions seeking leave to conduct discovery on an expedited basis. On March 10, 2011, the Company and the other defendants in the Reyes action moved to stay the Reyes action in deference to the earlier-filed McMullan action. Also on March 10, 2011, all defendants previously served with process in the Ball action moved to stay that action in deference to the McMullan action. The foregoing motions are currently scheduled to be heard by the Oklahoma District Court of Pontotoc County on May 9, 2011. On March 28, 2011, the plaintiffs in the Ball action voluntarily dismissed their claims against Mr. Harp and Ms. Pinson without prejudice.

On April 15, 2011, the parties to the McMullan action, along with the MidOcean entities, executed a Memorandum of Understanding ("MOU") reflecting their agreement to settle the claims asserted in the McMullan action, subject to, among other things, the execution of a stipulation of settlement, notice of the settlement being given to shareholders, approval of the settlement by the Oklahoma District Court of Oklahoma County, completion of confirmatory discovery and completion of the merger. If approved by the Oklahoma District Court of Oklahoma County, the settlement will resolve all pending litigation related to the merger, including the Reyes and Ball actions, and would result in the release by the plaintiffs and the proposed settlement class of all claims that were or could have been brought challenging any aspect of the merger agreement, the merger and any disclosures made in connection therewith. The parties to the MOU are in the process of drafting a stipulation of settlement.

Also on April 15, 2011, Messrs. Reyes and Ball, joined by a third putative shareholder, James V. Clark, filed motions with the Oklahoma District Court of Oklahoma County to intervene in the McMullan action and transfer that proceeding to Pontotoc County. No hearing date has been set on either motion.

We believe these lawsuits relating to the MidOcean merger are without merit and seek to resolve them solely to eliminate the burden and expense of litigation. Absent such settlement, we intend to defend ourselves vigorously.

We are a defendant in various other legal proceedings that are routine and incidental to our business. We will vigorously defend our interests in all proceedings in which we are named as a defendant. We also receive periodic complaints or requests for information from various state and federal agencies relating to our business or the activities of our marketing force. We promptly respond to any such matters and provide

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

any information requested. While the ultimate outcome of these proceedings is not determinable, we do not currently anticipate that these proceedings will result in any material adverse effect to our financial condition or results of operation, unless an unexpected result occurs in one of the cases. The costs of the defense of these various matters are reflected as a part of general and administrative expense, or Membership benefits if fees relate to Membership issues, in the consolidated statements of income. We believe that we have meritorious defenses in all pending cases and will vigorously defend against the claims and have established an accrued liability of \$500,000 for any estimated damages and/or settlements in connection with these various cases. However, it is possible that an adverse outcome in certain cases or increased litigation costs could have an adverse effect upon our financial condition, operating results or cash flows in particular quarterly or annual periods.

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

### Note 4 – Earnings Per Share

Basic earnings per common share are computed by dividing net income by the weighted average number of shares of common stock outstanding during the respective period. Diluted earnings per common share are computed by dividing net income by the weighted average number of shares of common stock and dilutive potential common shares outstanding during the respective period. The weighted average number of common shares is increased by the number of dilutive potential common shares issuable on the exercise of options less the number of common shares assumed to have been purchased with the proceeds from the exercise of the options pursuant to the treasury stock method; those purchases are assumed to have been made at the average price of the common stock during the respective period.

	Three Months Ended March 31,	
	2011	2010
<b>Basic Earnings Per Share:</b>		
<b>Earnings:</b>		
Net income	\$ 16,841	\$ 18,786
<b>Shares:</b>		
Weighted average shares outstanding	9,777	10,040
<b>Diluted Earnings Per Share:</b>		
<b>Earnings:</b>		
Net income	\$ 16,841	\$ 18,786
<b>Shares:</b>		
Weighted average shares outstanding	9,777	10,040
Assumed exercise of options	2	14
Weighted average number of shares, as adjusted	9,779	10,054

Options to purchase shares of common stock are excluded from the calculation of diluted earnings per share when their inclusion would have an anti-dilutive effect on the calculation. No options were excluded for the three month periods ended March 31, 2011 and 2010.

### Note 5 – Recently Issued Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board issued ASU 2010-06 “Improving Disclosures about Fair Value Measurements.” ASU 2010-06 requires additional disclosures about fair value measurements including transfers in and out of Levels 1 and 2 and more disaggregation for the different types of financial instruments. This ASU is effective for annual and interim reporting periods beginning after December 15, 2009 for most of the new disclosures and for periods beginning after December 15, 2010 for the new Level 3 disclosures. Comparative disclosures are not required in the first year the disclosures are required. We did not have any significant transfers in or out of Level 1 and Level 2 fair value measurements, or any Level 3 fair value measurements, during the three months ended March 31, 2011.

### Note 6 - Share-based Compensation

During the three months ended March 31, 2011, the stock option activity under our stock option plans was as follows:

	Weighted Average Price	Number of Options	Weighted Average Remaining Contractual Term (In Years)	Aggregate Intrinsic Value
Outstanding, January 1, 2011	\$ 19.20	36,300		
Granted	-	-		
Cancelled	-	-		
Exercised	\$ 19.20	36,300		
Outstanding, March 31, 2011	\$ -	-	-	\$ -
Options exercisable as of March 31, 2011	\$ -	-	-	\$ -

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

Other information pertaining to option activity during the three months ended March 31, 2011 and 2010 was as follows:

	March 31, 2011	March 31, 2010
Weighted average grant-date fair value of stock options granted	Not applicable	Not applicable
Total fair value of stock options vested	Not applicable	Not applicable
Total intrinsic value of stock options exercised	\$ 1,710	\$ -

### Note 7 – Fair Value Measurement

FASB ASC 820, Fair Value Measurements and Disclosures, defines fair value, establishes a framework for using fair value to measure assets and liabilities, and provides for disclosures about fair value measurements. The standard applies whenever other standards require or permit assets or liabilities to be measured at fair value. ASC 820 established the following fair value hierarchy that prioritizes the inputs used to measure fair value:

- Level 1: Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. Level 1 primarily consists of financial instruments such as exchange-traded derivatives, listed equities and U.S. government treasury securities.
- Level 2: Pricing inputs are other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date. Level 2 includes those financial instruments that are valued using models or other valuation methodologies. These models are primarily industry-standard models that consider various assumptions, including quoted forward prices for commodities, time value, volatility factors, and current market and contractual prices for the underlying instruments, as well as other relevant economic measures. Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace. Instruments in this category include obligations of state and political subdivisions, government guaranteed bank debt, auction rate certificates and corporate obligations.
- Level 3: Pricing inputs include significant inputs that are generally less observable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value. At each balance sheet date, we perform an analysis of all instruments subject to ASC 820 and include in Level 3 all of those whose fair value is based on significant unobservable inputs.

The following table presents our financial assets and liabilities that were accounted for at fair value on a recurring basis as of March 31, 2011 and 2010 by level within the fair value hierarchy:

Investments	March 31,	
Fair Value Measurements Using:	2011	2010
Level 1 inputs	\$ -	\$ -
Level 2 inputs:		
Obligations of state and political subdivisions	24,776	22,461
Certificates of deposit	2,087	5,049
Other	805	837
	27,668	28,347
Level 3 inputs	-	-
Total	\$ 27,668	\$ 28,347

For securities without a readily ascertainable market value (Level 2), we utilize pricing services and broker quotes. Our pricing service's evaluations are based on market data. Our pricing service utilizes evaluated pricing models that vary by asset class and incorporate available trade, bid and other market information. Because many fixed income securities do not trade on a daily basis, our pricing service's evaluated pricing applications apply available information as applicable through processes such as benchmark curves, benchmarking of like securities, sector groupings, and matrix pricing, to prepare evaluations. Such estimated fair values do not necessarily represent the values for which these

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

securities could have been sold at the dates of the balance sheets.

Our financial instruments consist primarily of cash, certificates of deposit, short-term investments, debt securities, Membership fees receivable, Membership benefits payable, notes payable and accounts payable and accrued expenses. Fair value estimates have been determined by us, using available market information and appropriate valuation methodologies. Fair values of inactively traded debt securities are based on quoted market prices of identical or similar securities or based on observable inputs like interest rates. The carrying value of cash, certificates of deposit, Membership fees receivable, Membership benefits payable and accounts payable and accrued expenses are considered to be representative of their respective fair value, due to the short-term nature of these instruments. The carrying value of notes payable is considered to be representative of their respective fair values, due to the variable interest rate feature of such notes. The fair value disclosures relating to debt securities are presented above.

Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the Management's Discussion and Analysis of Financial Condition and Results of Operations in our Form 10-K for the year ended December 31, 2010, which describes, among other things, our basic business model, critical accounting policies, measures of Membership retention, and basic cash flow characteristics of our business. The following tables set forth changes in the principal categories of revenues and expenses and Membership and recruiting activity for the first quarter of 2011 compared to the first quarter of 2010 and the fourth quarter of 2010 (Table amounts in 000's, other than percentages). The sum of the percentages in the tables may not total due to rounding.

Three Months Ended March 31, 2011 compared to Three Months Ended March 31, 2010 and compared to Three Months Ended December 31, 2010	Three Months Ended March 30, 2011	% of Total Revenue	% Change From Prior Year	% Change From Sequential Period	Three Months Ended March 31, 2010	% of Total Revenue	Three Months Ended Dec. 31, 2010	% of Total Revenue

Average Annual Membership fee	\$ 300.81	\$ 302.10	\$ 302.13

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

Note – reflects 3,758 net transfers from “add-on” status to “stand-alone” status during the first quarter 2011.

Identity Theft Shield (“IDT”) memberships sold in conjunction with new legal plan memberships or “added-on” to existing legal plan memberships sell for \$9.95 per month and are not counted as “new” memberships but do increase the average premium and related direct expenses (membership benefits and commissions) of our membership base, while “stand alone” IDT memberships are not attached to a legal plan membership and sell for \$12.95 per month.

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

### Results of Operations – First Quarter of 2011 compared to First Quarter of 2010

Net income decreased 10% for the first quarter of 2011 to \$16.8 million from \$18.8 million for the prior year's first quarter primarily due to a decrease in Membership fees of \$4.8 million, a decrease in associate services revenue of \$2.2 million, an increase in associate services and direct marketing expenses of \$1.0 million, and an increase in general and administrative expense of \$2.8 million, partially offset by a decrease in Membership benefits of \$1.6 million, a decrease in Commissions of \$5.8 million, and a decrease in income taxes of \$1.3 million. Diluted earnings per share decreased 8% to \$1.72 per share from \$1.87 per share for the prior year's comparable quarter due to the 10% decrease in net income partially offset by a 3% decrease in the weighted average number of diluted shares outstanding.

Membership fees decreased 4% to \$102.5 million during the 2011 first quarter compared to \$107.3 million for the 2010 quarter. Membership fees and their impact on total revenues in any period are determined directly by the number of active Memberships in force during any such period and the monthly amount of such Memberships. The active Memberships in force are determined by both the number of new Memberships sold in any period together with the renewal rate of existing Memberships. New Membership sales decreased 18% during the three months ended March 31, 2011 to 109,593 from 134,181 during the comparable period of 2010. At March 31, 2011, there were 1,449,754 active Memberships in force compared to 1,524,919 at March 31, 2010, a decrease of 5%. The average annual fee per Membership has decreased from \$302 for all Memberships in force at March 31, 2010 to \$301 for all Memberships in force at March 31, 2011, primarily as a result of fewer "add-on" IDT memberships.

Associate services revenue decreased by \$2.2 million to \$5.9 million during the first quarter of 2011 when compared to the 2010 quarter. New associates enrolled decreased 56% to 16,378 during the 2011 period compared to 37,640 for the same period of 2010. The average enrollment fees paid by new sales associates were \$147 and \$70 for the respective periods. The eService fees decreased to \$3.2 million for the first quarter of 2011 compared to \$4.1 million for the 2010 quarter. Future revenues from associate services will depend primarily on the number of new associates enrolled, the price charged for new associates and the number who choose to participate in our eService program, but we expect that such revenues will be offset by the direct and indirect cost to us of training, providing associate services and other direct marketing expenses.

Other revenue declined 4% from \$883,000 for the 2010 period to \$851,000 for the 2011 period.

Total revenues decreased 6% to \$109.3 million for the three months ended March 31, 2011 from \$116.2 million during the comparable period of 2010 due to a \$4.8 million decrease in Membership fees, a \$2.2 million decrease in associate services revenue and a \$32,000 decrease in other revenue.

Membership benefits, which primarily represent payments to provider law firms and Kroll Background America, Inc., a subsidiary of Kroll Inc. ("Kroll"), totaled \$34.1 million for the three months ended March 31, 2011 compared to \$35.7 million for the comparable period of 2010, and represented 33% of Membership fees for the both periods. This Membership benefit ratio (Membership benefits as a percentage of Membership fees) should be relatively stable going forward as substantially all active Memberships provide for a capitated cost.

Commissions to associates decreased to \$23.7 million for the three months ended March 31, 2011 compared to \$29.5 million for the comparable period of 2010, and represented 23% and 28% of Membership fees for the respective periods. Commissions to associates are primarily dependent on the number of new Memberships sold during a period and the average fee of those Memberships. New Memberships sold during the first quarter of 2011 totaled 109,593, an 18% decrease from the 134,181 for 2010, and the "add-on" IDT Membership sales which are not included in these totals decreased 38% to 47,663 for the first quarter of 2011 from 76,309 for 2010. Our average Annual Membership fee written during the first quarter of 2011 decreased to \$304 from \$325 during the 2010 period. Our new Membership fees written during the first quarter of 2011 decreased 24% from 2010. Average commission per new Membership was \$216 for the 2011 first quarter compared to \$220 for the 2010 third quarter. Commissions for the first quarter 2011 were approximately \$2.6 million higher due to a "no-chargeback" promotion which reduced the amount of charge backs recovered. When new Membership fees written increases or when we add commissions to our compensation plan or reduce the amount of chargebacks collected from our associates as we have from time to time, the commission cost per new Membership may increase accordingly.

Associate services and direct marketing expenses increased to \$6.5 million for the three months ended March 31, 2011 from \$5.5 million for the comparable period of 2010. The increase was primarily a result of an increase in bonuses partially offset by a decrease in the cost of new associate enrollment materials. We offer the Player's Club incentive program to provide additional incentives to our associates as a reward for consistent, quality business. Associates can earn the right to receive additional monthly bonuses by meeting monthly qualification requirements for a 12 month period and maintaining certain personal retention rates for the Memberships sold during the 12 month period. The Player's Club expenses remained relatively unchanged. The associate services and direct marketing expenses also include the costs of providing associate services and marketing support.

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

General and administrative expenses during the three months ended March 31, 2011 and 2010 were \$15.1 million and \$12.3 million, respectively, and represented 15% and 11% of Membership fees. The \$2.8 million increase in general and administrative expenses was primarily due to costs incurred in connection with the previously announced review of strategic alternatives by the Special Committee of our Board of Directors and the resulting MidOcean merger transaction.

Other expenses, net, which include depreciation and amortization, litigation accruals, interest expense and premium taxes reduced by interest income, were \$2.3 million for the three months ended March 31, 2011 compared to \$2.4 million for the 2010 comparable period. Depreciation expense was \$1.7 million for the three months ended March 31, 2011 and \$2.0 million for the 2010 comparable period. Interest expense decreased to \$14,000 during the 2011 period from \$232,000 during the comparable period of 2010 as a result of the reduction in debt. Premium taxes decreased from \$469,000 for the three months ended March 31, 2010 to \$415,000 for the comparable period of 2011. Interest income increased from \$245,000 for the three months ended March 31, 2010 to \$276,000 for the three months ended March 31, 2011, due to higher levels of investments. We increased our litigation accrual \$500,000 during the first quarter of 2011 compared to an \$8,000 change in the first quarter of 2010. We also realized a foreign currency gain of \$84,000 during the first quarter of 2011 compared to a \$53,000 realized foreign currency gain during the first quarter of 2010.

We have recorded a provision for income taxes of \$10.7 million (39% of pretax income) and \$12 million (39% of pretax income) for the three months ended March 31, 2011 and 2010, respectively.

### Results of Operations – First Quarter of 2011 compared to Fourth Quarter of 2010

First quarter 2011 membership fees decreased to \$102.5 million compared to \$104.8 million for the 2010 fourth quarter. Commissions decreased 10%, membership benefits were 33% of membership fees for the 2011 first quarter and 2010 fourth quarter while general and administrative expenses were 15% and 14% of membership fees for the respective periods. The 2011 first quarter and the 2010 fourth quarter general and administrative expenses increased due to \$2.8 million and \$2.7 million, respectively, of costs incurred in connection with the Special Committee process described above and the MidOcean merger transaction. Associate services revenues were \$5.9 million for both quarters and associate services and direct marketing expenses decreased to \$6.5 million during the 2011 first quarter from \$7.1 million during the 2010 fourth quarter. As previously disclosed, we resolved the vast majority of the pending Canadian tax issues that have been outstanding for several years resulting in \$846,000 additional interest income to us during the 2010 fourth quarter as well as a reduction in previously recorded general and administrative expenses of \$307,000 and a reduction of interest expense of \$189,000 during the 2010 fourth quarter.

### Liquidity and Capital Resources

#### General

Net cash flow provided by operating activities was \$25.9 million for the three months ended March 31, 2011 compared to \$26.7 million for the same period in 2010. This \$800,000 decrease was primarily the result of a \$5.7 million decrease in cash payments from our members, a \$761,000 decrease in cash receipts from our associates for new associate fees and eService fees, a \$1.4 million increase in cash payments for associates services and direct marketing cost, a \$1.4 million increase in cash payments to our employees and vendors for general and administrative expenses and a \$3.2 million increase in cash payments for income taxes partially offset by a \$1.6 million decrease in cash payments paid to our providers for the delivery of Membership benefits and a \$9.9 million decrease in cash commissions paid to our associates.

Consolidated net cash used in investing activities was \$716,000 for the first three months of 2011 compared to net cash used of \$931,000 for the comparable period of 2010. This \$215,000 change in investing activities resulted from a \$2.4 million increase in investment maturities and sales, partially offset by a \$1.7 million increase in the purchases of investments and a \$457,000 increase in property and equipment purchases.

Net cash provided by financing activities during the first three months of 2011 was \$613,000 compared to net cash used of \$11.1 million for the comparable period of 2010. This change of approximately \$11.7 million was primarily comprised of a \$1.6 million decrease in treasury stock purchases, and a \$9.6 million decrease in debt repayments, partially offset by a \$667,000 increase in tax benefit on exercise of stock options.

We had positive working capital of \$46 million at March 31, 2011, an increase of \$18.3 million compared to our positive working capital of \$27.7 million at December 31, 2010. The increase was primarily due to a \$25.8 million increase in cash and cash equivalents, partially offset by a \$6.1 million increase in income tax payable. The \$46 million positive working capital at March 31, 2011 would have been a \$59.1 million positive working capital excluding the current portion of deferred revenue and fees in excess of the current portion of deferred member and associate service costs. These amounts will be eliminated by the passage of time without the utilization of other current assets or us incurring other current liabilities.

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

At March 31, 2011 we reported \$96.8 million in cash and cash equivalents and unpledged investments compared to \$71.0 million at December 31, 2010. Our investments typically consist of certificates of deposit, investment grade (rated Baa or higher) bonds primarily issued by corporations and the United States Treasury, auction rate certificates and state and municipal tax-exempt bonds.

We generally advance significant commissions at the time a Membership is sold. During the three months ended March 31, 2011, we advanced commissions, net of chargebacks, of \$25.7 million on new Membership sales compared to \$30.1 million for the same period of 2010. Since approximately 95% of Membership fees are collected on a monthly basis, a significant cash flow deficit is created on a per Membership basis at the time a Membership is sold. Since there are no further commissions paid on a Membership during the advance period, we typically derive significant positive cash flow from the Membership over its remaining life.

We expense advance commissions ratably over the first month of the related Membership. As a result of this accounting policy, our commission expenses are all recognized over the first month of a Membership and there is no commission expense recognized for the same Membership during the remainder of the advance period. We track our unearned advance commission balances outstanding in order to ensure the advance commissions are recovered before any renewal commissions are paid and for internal purposes of analyzing our commission advance program. While not recorded as an asset, unearned advance commission balances from associates as of March 31, 2011, and related activity for the three month period then ended, were:

	(Amounts in 000's)
Beginning unearned advance commission payments (1)	\$ 172,167
Advance commission payments, net	25,733
Earned commissions applied	(26,196)
Advance commission payment write-offs	(1,662)
Ending unearned advance commission payments before estimated unrecoverable payments (1)	170,042
Estimated unrecoverable advance commission payments (1)	(52,937)
Ending unearned advance commission payments, net (1)	\$ 117,105

---

(1) These amounts do not represent fair value, as they do not take into consideration timing of estimated recoveries.

The ending unearned advance commission payments, net, above includes net unearned advance commission payments to non-vested associates of \$80.1 million. As such, at March 31, 2011 future commission payments and related expense should be reduced as unearned advance commission payments of approximately \$37 million are recovered. Commissions are earned by the associate as Membership premiums are earned by us, usually on a monthly basis. For additional information concerning these commission advances, see our Annual report on Form 10-K under the heading Commissions to Associates in Item 7 – Management’s Discussion and Analysis of Financial Condition and Results of Operations.

We believe that we have the ability to finance the next twelve months of operations and anticipated capital expenditures based on our existing amount of cash and cash equivalents and unpledged investments at March 31, 2011 of \$96.8 million. We believe our long-term liquidity needs will be met by our ability to generate cash flow from operations and our existing cash and cash equivalent balances. We expect to maintain cash and cash equivalents and investment balances on an on-going basis of approximately \$20 million to \$30 million in order to meet expected working capital needs and regulatory capital requirements. Balances in excess of this amount would be invested in short term investments.

### Parent Company Funding and Dividends

Although we are the operating entity in many jurisdictions, our subsidiaries serve as operating companies in various states that regulate Memberships as insurance or specialized legal expense products. The most significant of these wholly owned subsidiaries are Pre-Paid Legal Casualty, Inc. (“PPLCI”), Pre-Paid Legal Services Inc. of Florida (“PPLSIF”) and Legal Service Plans of Virginia, Inc. (“LSPV”). The ability of these entities to provide funds to us is subject to a number of restrictions under various insurance laws in the jurisdictions in which they conduct business, including limitations on the amount of dividends and management fees that may be paid and requirements to maintain specified levels of capital and reserves. In addition PPLCI will be required to maintain its stockholders' equity at levels sufficient to satisfy various state or provincial regulatory requirements, the most restrictive of which is currently \$3 million. Additional capital requirements of these entities, or any

Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

of our regulated subsidiaries, will be funded by us in the form of capital contributions or surplus debentures. During 2010, we received \$1.9 million in dividends from LSPV and \$8.7 million in dividends from PPLCI.

Contractual Obligations

There have been no material changes outside of the ordinary course of business in our contractual obligations from those disclosed in our Annual Report on Form 10-K for the year ended December 31, 2010.

Critical Accounting Policies

Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. These estimates and assumptions are affected by management’s application of accounting policies. If these estimates or assumptions are incorrect, there could be a material change in our financial condition or operating results. Many of these “critical accounting policies” are common in the insurance and financial services industries; others are specific to our business and operations. Our critical accounting policies include estimates relating to revenue recognition related to Membership and associate fees, deferral of Membership and associate related costs, expense recognition related to commissions to associates, accrual of incentive awards payable and accounting for legal contingencies. Each of these accounting policies and the application of critical accounting policies and estimates was discussed in our Annual Report on Form 10-K for the year ended December 31, 2010. There were no significant changes in the application of critical accounting policies or estimates during the first three months of 2011. We are not aware of any reasonably likely events or circumstances which would result in different amounts being reported that would materially affect our financial condition or results of operations.

Forward-Looking Statements

All statements in this report other than purely historical information, including but not limited to, statements relating to our future plans and objectives, expected operating results and the assumptions on which such forward-looking statements are based, constitute “Forward-Looking Statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 and are based on our historical operating trends and financial condition as of March 31, 2011 and other information currently available to management. We caution that the Forward-Looking Statements are subject to all the risks and uncertainties incident to our business, including but not limited to risks described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2010. Moreover, we may make acquisitions or dispositions of assets or businesses, enter into new marketing arrangements or enter into financing transactions. None of these can be predicted with certainty and, accordingly, are not taken into consideration in any of the Forward-Looking Statements made herein. For all of the foregoing reasons, actual results may vary materially from the Forward-Looking Statements. We assume no obligation to update the Forward-Looking Statements to reflect events or circumstances occurring after the date of the statement.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Disclosures About Market Risk

Our consolidated balance sheets include a certain amount of assets and liabilities whose fair values are subject to market risk. Due to our significant investment in fixed-maturity investments, interest rate risk represents the largest market risk factor affecting our consolidated financial position. Increases and decreases in prevailing interest rates generally translate into decreases and increases in fair values of those instruments. Additionally, fair values of interest rate sensitive instruments may be affected by the creditworthiness of the issuer, prepayment options, relative values of alternative investments, liquidity of the instrument and other general market conditions.

As of March 31, 2011, our investments consisted of the following:

Description	Fair Value
Obligations of state and political subdivisions	\$ 24,776
Certificates of deposit	2,087
Corporate obligations	420
Auction Rate Securities	300
U. S. Government obligations	85
Total investments	\$ 27,668

We do not hold any investments classified as trading account assets or derivative financial instruments.

The table below summarizes the estimated effects of hypothetical increases and decreases in interest rates on our fixed-maturity investment portfolio. It is assumed that the changes occur immediately and uniformly, with no effect given to any steps that we might take to counteract that change.

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

The hypothetical changes in market interest rates reflect what could be deemed best and worst case scenarios. The fair values shown in the following table are based on contractual maturities. Significant variations in market interest rates could produce changes in the timing of repayments due to prepayment options available. The fair value of such instruments could be affected and, therefore, actual results might differ from those reflected in the following table (dollar amounts in 000's):

	Fair value	Hypothetical change in interest rate (bp = basis points)	Estimated fair value after hypothetical change in interest rate
Fixed-maturity investments at March 31, 2011(1)	\$ 25,281	100 bp increase	\$ 24,097
		200 bp increase	23,207
		50 bp decrease	25,838
		100 bp decrease	26,414
Fixed-maturity investments at December 31, 2010(1)	\$ 23,100	100 bp increase	\$ 21,933
		200 bp increase	21,021
		50 bp decrease	23,662
		100 bp decrease	24,242

- (1) Excluding short-term investments (certificates of deposits and auction rate certificates) with a fair value of \$2.4 million at March 31, 2011 and \$4.6 million December 31, 2010.

The table above illustrates, for example, that an instantaneous 200 basis point increase in market interest rates at March 31, 2011 would reduce the estimated fair value of our fixed-maturity investments by approximately \$2.1 million at that date. At December 31, 2010, an instantaneous 200 basis point increase in market interest rates would have reduced the estimated fair value of our fixed-maturity investments by approximately \$2.1 million at that date. The definitive extent of the interest rate risk is not quantifiable or predictable due to the variability of future interest rates, but we do not believe such risk is material.

We primarily manage our exposure to investment interest rate risk by purchasing investments that can be readily liquidated should the interest rate environment begin to significantly change.

### Interest Rate Risk

As of March 31, 2011, we had approximately \$73 million in cash deposits that earn interest, either in cash or as an earnings credit which reduces processing expenses, and are re-priced on a daily or weekly basis.

### Foreign Currency Exchange Rate Risk

Although we are exposed to foreign currency exchange rate risk inherent in revenues, net income and assets and liabilities denominated in Canadian dollars, the potential change in foreign currency exchange rates is not a substantial risk, as approximately 2.5% of our revenues and \$7.2 million of our assets are derived/denominated in Canadian dollars. As reflected in the attached Consolidated Statements of Comprehensive Income, we have recorded positive unrealized foreign currency translation adjustments of \$147,000, net of taxes, for the three months ended March 31, 2011 and we recorded a realized foreign currency translation gain of \$51,000, net of taxes, for the three months ended March 31, 2011. At March 31, 2011 we have a cumulative positive foreign currency translation adjustment balance of \$983,000, net of taxes. These amounts are subject to change dynamically in conjunction with the relative values of the Canadian and U.S. dollars.

## ITEM 4. CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including our co-Chief Executive Officers and Chief Financial Officer, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934). Based on that evaluation, our co-Chief Executive Officers and Chief Financial Officer have concluded that, as of March 31, 2011, our disclosure controls and procedures were effective to ensure that information required to be disclosed by us in reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms.

## Edgar Filing: PRE PAID LEGAL SERVICES INC - Form 10-Q

There were no changes in our internal control over financial reporting (as defined in Rule 13a-15(f) under the Securities Exchange Act of 1934) during the quarter ended March 31, 2011 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

See Note 3 of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for information with respect to legal proceedings.

ITEM 1A. RISK FACTORS

There are a number of risk factors that could affect our financial condition or results of operations. See Note 3 of the Notes to Consolidated Financial Statements included in Part I, Item 1 of this report for information with respect to legal proceedings. Please refer to pages 20-23 of our 2010 Annual Report on Form 10-K for a description of other risk factors. There has not been any material changes in the risk factors disclosed in the Annual Report.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Under the terms of the merger agreement for the MidOcean transaction, we are prohibited from declaring or paying any dividends without MidOcean's consent.

ITEM 6. EXHIBITS.

(a) Exhibits:

Exhibit No.	Description
2.1	Agreement and Plan of Merger, dated as of January 30, 2011, by and among MidOcean PPL Holdings Corp., PPL Acquisition Corp. and Pre-Paid Legal Services, Inc. (Incorporated by reference to Exhibit 2.1 of the Company's Current Report on Form 8-K dated January 30, 2011)
