The Audit Committee is responsible for the appointment, compensation and oversight of the work of the Company's independent auditor and is required to pre-approve all non-audit related services performed by KPMG LLP. INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

None of the directors or senior officers of the Company, none of the persons who have been directors or senior officers of the Company since January 1, 2005 and no associate or affiliate of any of the foregoing has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter scheduled to be acted upon at the Meeting other than as disclosed elsewhere in this Information Circular.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Other than as set out herein, no informed person (as defined under Multilateral Instrument 51-102) of the Company, any proposed director of the Company or any associate or affiliate of such persons, has had or has any material interest, direct or indirect, in any transaction since January 1, 2005 or in any proposed transaction which, in either case, has materially affected or will materially affect the Company or any of its subsidiaries.

During the 12-month period ended December 31, 2005, the Company paid approximately U.S.\$0.8 million to D.E.R. Resorts Ltd. (Resorts), a company controlled by David E. Ritchie, the Chairman of the Board and the Company's former Chief Executive Officer. The costs were incurred pursuant to agreements, approved by the Board, by which Resorts agreed to provide meeting rooms, accommodations, meals and recreational activities at its facilities on Stuart Island in British Columbia, Canada, for certain of the Company's customers and guests. The agreements set forth the fees and costs per excursion, which were based on market prices for similar types of facilities and excursions. Management believes that the terms of the agreements were at least as favourable to the Company as could have obtained from a third party. The Company has entered into similar agreements with Resorts in the past and intends to do so in the future.

Executive Long Term Incentive Plan

The Company's executive long term incentive plan (the "ELTIP") encourages senior employees and officers of the Company to use performance bonus payments to purchase and hold Common Shares through the administrator of the plan. Under the ELTIP, a participant may choose to contribute up to 100% of his performance bonus to the ELTIP and the administrator will use such contribution to purchase Common Shares in open market purchases on the NYSE during a specific period within the first trading window of the relevant fiscal year, as provided for under the Company's Policy Regarding Securities Trades by Company Personnel. The Common Shares so purchased will be held by the administrator for the participant and the participant agrees not to withdraw any Common Shares so held by the administrator unless a certain event occurs or certain conditions are satisfied (e.g. the termination, retirement or resignation of the participant). Under the ELTIP, the Company agrees to pay to participants an additional cash bonus award that equals the amount of their contributions under the ELTIP that year, subject to certain maximum thresholds.

The ELTIP does not involve any issuance of Common Shares from the Company. The Company has also adopted share ownership guidelines, pursuant to which participants in the ELTIP are required to hold Common Shares with a

value at least equal to a certain multiple of their base salary. The multiple of the base salary that is required of participants in the ELTIP depends on the participant's seniority with the Company, and ranges from one times salary to three times salary.

The Company believes that this plan, together with the Share Ownership Guidelines adopted by the Company, will facilitate the alignment of the interests of the senior employees and officers of the Company with those of the shareholders by promoting ownership of Common Shares of the Company by senior employees and officers and rewarding the creation of shareholder value over the long term.

Termination of Employment, Changes in Responsibility and Employment Contracts

The Company, through wholly-owned operating subsidiaries, has an employment agreement with each of the Named Executive Officers. All such employment agreements may be terminated with eight weeks notice (or less in certain circumstances) or payment in lieu thereof.

The Company has no compensatory plan or arrangement to compensate the Named Executive Officers in the event of the termination of employment (for any reason, including resignation, retirement, or change of control) or in the event of a change in responsibilities following a change in control, except for usual notice or payment in lieu of notice requirements in the employment agreements of such Named Executive Officers in the event of termination without just cause.

Composition of the Compensation Committee

The Compensation Committee of the Company consists of Messrs. Croft, Moul and Cmolik. Mr. Cmolik was employed by the Company in the position of President and Chief Operating Officer until his retirement in July 2002. The Board has determined that all three members of the Compensation Committee are independent directors (as defined under applicable securities legislation) since August 2005. Mr. Moul is not standing for re-election at the Meeting; the Board will appoint his successor on the Compensation Committee following the Meeting.

Report on Executive Compensation

The Company's policy with respect to the compensation of the Chief Executive Officer and the other Named Executive Officers and other officers of the Company is based upon the principles that total compensation must: (1) be competitive in order to help attract and retain the talent needed to lead and grow the Company's business; (2) provide a strong incentive for executives and key employees to work towards the achievement of the Company's goals; and (3) ensure that the interests of management and the Company's shareholders are aligned.

The total compensation paid to each of the Chief Executive Officer and the other Named Executive Officers of the Company consists primarily of base salary and a bonus based on the financial performance of the Company. The Named Executive Officers also receive annual option grants in accordance with the Company's stock option plan and are entitled to participate in the Company's ELTIP. The imputed value of options granted is considered in the determination of total compensation, as is the value of benefits and any other perquisites received by a particular individual. The Company does not have a predetermined relative emphasis for each of the various components of compensation.

Base salary levels for the Named Executive Officers have been determined primarily on the basis of (i) the Compensation Committee's review of the Chief Executive Officer's assessment of each Named Executive Officer's performance during the prior year and (ii) the Compensation Committee's understanding of normal and appropriate salary levels for executives with responsibilities and experience comparable to that of the Named Executive Officers of the Company. In making such determination, external sources are consulted when deemed necessary by the Compensation Committee. In 2004, the Committee retained the services of Mercer Consulting to help it assess the appropriateness of the Company's executive compensation arrangements and the proposed ELTIP. The Committee did not retain similar services in 2005.

The Chief Executive Officer's base salary has been determined after considering the salary levels of other executives with similar responsibilities and experience and after general discussions with outside advisors, including Mercer Consulting. The Chief Executive Officer's base salary was compared to salary levels of comparable executives at a variety of companies, with particular emphasis on industrial equipment manufacturers and distributors. The Company has not had pre-established factors and criteria upon which the Chief Executive Officer's total compensation is based. In light of the fact that a new Chief Executive Officer was appointed during 2004, the Committee undertook a fresh investigation of the available information before arriving at the current CEO salary.

Base salary levels for the other Named Executive Officers are benchmarked against salary levels of senior operational management located in the Company's regional and divisional offices. Operational management salaries are determined in accordance with a compensation plan that considers both objective factors such as sales volume and profitability and subjective factors. The Company's goal is to provide total compensation that is above the average for comparable positions at industrial equipment manufacturers and distributors.

Awards of executive bonuses depend upon whether the Company has met pre-tax earnings targets established by the Compensation Committee and approved by the Board of Directors for the year. The amount of such bonuses is not subject to any minimum amount but is subject to a maximum of 150% of the combined base salaries of the participants. The amounts

of the executive bonus awards are linked directly to formulas that provide small bonus amounts as pre-tax earnings approach target levels and larger amounts if pre-tax earnings exceed target levels. In determining the CEO's bonus for 2005, the Compensation Committee undertook a formal evaluation process involving interviews with members of senior management.

Directors and Senior Executives Liability Insurance and Indemnity Agreements

The Company maintains directors and senior executives liability insurance which, subject to the provisions contained in the policy, protects the directors and senior executives, as such, against certain claims made against them during their term of office. Such insurance provides for an aggregate of U.S.\$20 million annual protection against liability (less a deductible of U.S.\$750,000 for securities claims and U.S.\$250,000 for other claims) and U.S.\$5 million of excess coverage for directors only. The annual premium paid by the Company in 2005 for this insurance was U.S.\$212,000. The Company also has entered into indemnity agreements with directors and senior officers of the Company to provide certain indemnification to such directors and senior officers, as permitted by the Canada Business Corporation Act.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Company has a stock option plan that provides for the award of stock options to employees, directors and officers of the Company and to other persons approved by the Compensation Committee. The maximum number of Common Shares reserved for issuance under the stock option plan is 3,000,000 Common Shares (being 9% of total issued and outstanding shares at the date of this Information Circular), of which 1,061,568 Common Shares (being 3% of total issued and outstanding shares) have been issued, 1,018,548 Common Shares are reserved for issuance upon exercise of options that have been granted (3 % of total issued and outstanding shares) and 919,884 Common Shares (3% of total issued and outstanding shares) remain available for future options to be granted. Stock options are granted at the closing market price of the Common Shares on the NYSE as of the grant date.

Options granted under the stock option plan are subject to vesting conditions imposed by the Compensation Committee. Most of the options granted under the stock option plan are subject to vesting one year from the grant date. The term of the options is generally 10 years from the date of grant and all options are not transferable. Unless otherwise determined by the Compensation Committee, the outstanding options will remain exercisable until the earliest of: (i) 10 years from the date of grant, (ii) 60 days from the date on which the optionee ceases to be employed by, or provide services to, the Company, or (iii) if the optionee's employment or eligibility ceases by reason of his or her death or if the optionee dies prior to the expiration of the 60-day period described in clause (ii) above, 180 days from the date of death.

The stock option plan provides that, subject to the requirements of the applicable regulatory authorities and stock exchanges, the plan may be amended, suspended or terminated by the Compensation Committee or the Board at any time and in any manner without approval from the shareholders or option holders, except where such amendments (i) adversely affect or are prejudicial to the right of an optionee holding options previously granted (unless such amendment was necessary to comply with applicable securities laws or rules of the stock exchanges); (ii) decrease the number of Common Shares which may be purchased under an option; (iii) increase the exercise price of Common Shares subject to options; (iv) extend the term of any option beyond 10 years or the latest date permitted under applicable laws; (v) grant any option if the Plan is suspended or terminated; or (vi) change or adjust any outstanding Incentive Stock Option without the consent of the optionee if such adjustment will result in such option ceasing to qualify as an Incentive Stock Option. As the amendment power of the Compensation Committee and the Board is subject to requirements of applicable regulatory authorities, including the TSX, it should be noted that the TSX through recently published staff notice has indicated that they will not require shareholder approval for the following types of amendments:

- (a) amendments of a housekeeping nature ;
- (b) a change to the vesting provisions of a security or a plan;
- (c) a change to the termination provisions of a security or a plan which does not entail an extension beyond the original expiry date; and
- (d) the addition of a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the plan reserve.

However, the TSX has also indicated that it will require listed companies to obtain shareholder approval for the following types of amendments to their stock option plan:

- (a) any amendment to the number of securities issuable under the plan, including an increase to a fixed maximum number of securities or a change from a fixed maximum number of securities to a fixed maximum percentage. A change to a fixed maximum percentage which was previously approved by security holders will not require additional security holder approval;
- (b) any change to the eligible participants which would have the potential of broadening or increasing insider participation;

- (c) the addition of any form of financial assistance;
- (d) any amendment to a financial assistance provision which is more favourable to participants;
- (e) the addition of a cashless exercise feature, payable in cash or securities, which does not provide for a full deduction of the number of underlying securities from the plan reserve; and

(f) the addition of a deferred or restricted share unit or any other provision which results in participants receiving securities while no cash consideration is received by the issuer.

As a result, the power of the Compensation Committee or the Board to amend the stock option plan without seeking shareholder approval is limited in the above-mentioned circumstances and any other circumstances where the NYSE, the TSX or applicable securities laws specifically require shareholder or option holder approval.

The following table sets out the number of securities authorized for issuance under the Company's stock option plan at the date of this Information Circular:

	Number of Securities to be Issued upon Exercise of Outstanding Options (A)	Weighted-Average Exercise Price of Outstanding Options	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (Excluding (A))
Equity compensation plans approved by security holders stock option plan	1,018,548 (3% of total issued and outstanding shares)	\$26.35	919,884 (3% of total issued and outstanding shares)

REPORT ON CORPORATE GOVERNANCE

The Board and the Company believe that good corporate governance practices are essential for the effective and prudent operation of the Company and for enhancing shareholder value. The Board's Nominating and Corporate Governance Committee is responsible for reviewing and, if deemed necessary, recommending changes to the Company's corporate governance practices.

In June 2005, National Instrument 58-101 Disclosure of Corporate Governance Practices (the Instrument), and a related National Policy 58-201, Corporate Governance Guidelines (the Guidelines) established by the Canadian Securities Administrators (CSA), came into effect and replaced the TSX guidelines for effective corporate governance. The table below sets out disclosure requirements of Form 58-101F1 under the Instrument and the Company's corresponding corporate governance disclosure.

In addition, any foreign private issuer listed on the NYSE is required to report any significant ways in which its corporate governance practices differ from those required for United States companies under NYSE listing standards. The Company is in conformance with the NYSE corporate governance requirements (the NYSE Rules) applicable to United States companies.

Additional information about the Company's corporate governance practices, including copies of the charters of the committees of the Company's Board of Directors, can be found on the Company's website at www.rbauktion.com.

The Board is responsible for determining whether or not each director is an independent director. To do this, the Board analyzes all material relationships of the directors with the Company and its subsidiaries.

The Board considers Mr. Moul, Mr. Croft, Mr. Patel, Ms. Briscoe and Mr. Murdoch to be independent as none of them has any material relationship with the Company. Mr. Cmolik was not considered independent until August 2005, by virtue of having served as President and COO of the Company until July 2002. Mr. Ritchie is not independent because he served as CEO of the Company until October 31, 2004 and Mr. Blake is not independent as a result of his employment with the Company as CEO. A majority of the directors are independent.

None of the independent directors works in the day-to-day operations of the Company, is party to any material contracts with the Company, receive, directly or indirectly, any fees or compensation from the Company other than as directors, or has any other material relationships with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company).

For directorships of the directors of the Company in other reporting issuers (or equivalent), please refer to disclosure on page 2.

(e) Disclose whether or not the independent directors hold regularly scheduled meetings at which non-independent directors and members of management are not in attendance. If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If

The independent directors held two meetings and several informal sessions in 2005 without management present. These meetings were chaired by Mr. Moul. Such meetings are scheduled regularly during the year, often immediately before the Board's Audit Committee meetings.

the independent directors do not hold such meetings, describe what the board does to facilitate open and candid discussion among its independent directors.

(f) Disclose whether or not the chair of the board is an independent director. If the board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the board has neither a chair that is independent nor a lead director that is independent, describe what the board does to provide leadership for its independent directors.

(g) Disclose the attendance record of each director for all board meetings held since the beginning of the issuer's most recently completed financial year.

2. Board Mandate

Disclose the text of the board's written mandate. If the board does not have a written mandate, describe how the board delineates its role and responsibilities.

Mr. Moul was the Lead Director of the Board in 2005 and has served as the Lead Director of the Company since 2002. The Lead Director is responsible for coordinating the activities of the independent directors and administering the Board's relationship with management and the CEO. Mr. Moul's role is to ensure greater independence of the Board from management and to act as a liaison between management and the Board.

Mr. Moul has announced his intention not to stand for re-election at the Company's 2006 Annual Meeting. The Board intends to appoint a new Lead Director immediately following the Meeting.

Please refer to disclosure on page 3 for Board and Committee meeting attendance. The Board achieved an attendance record of 98% in 2005. Agenda and materials in relation to Board and Committee meetings are usually circulated to directors for their review in advance of the meetings.

The Board mandate is available on the Company's website (www.rbauktion.com). The mandate of the Board is to supervise management of the Company and to act in the best interests of the Company. The Board acts in accordance with:

the charters of the Board committees, including the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee;

the Company's Corporate Governance Guidelines; and

other applicable laws and Company policies. The Board or designated Board Committees approve significant decisions that affect the Company and its subsidiaries before they are implemented. The Board or a designated committee supervises the implementation of such decisions and reviews the results. Copies of the Company's Code of Business Conduct and Ethics and charters of the Board committees can be found on the Company's website.

(b) Disclose whether or not the board and CEO have developed a written position description for the CEO. If the board and CEO have not developed such a position description, briefly describe

The entire Board is responsible for the overall governance of the Company. Any responsibility that is not delegated to senior management or a Board committee remains with the entire Board. The Board mandate and the charters of the Committees of the Board of Directors are considered to be position descriptions for the Chairman and the Lead Director of the Board and the chairs of the committees. The Board has adopted a position description for the CEO. The CEO has overall responsibility for all Company operations.

The Board reviews and approves the corporate objectives that the CEO is responsible for meeting and such corporate objectives form a key reference point for the review and assessment of the CEO's performance.

Disclosure Requirements under 58-101F1

how the board delineates the role and responsibilities of the CEO.

Company Disclosure

The Board has defined the limits to management's authority. The Board expects management, among other things, to:

review the Company's strategies and their implementation in all key areas of the Company's activities, provide relevant reports to the Board related thereto and assist the Board in its strategic planning for the Company

carry out a comprehensive planning process and monitor the Company's financial performance against the annual plan approved by the Board.

identify opportunities and risks affecting the Company's business, develop and provide relevant reports to the Board related thereto and, with consultation of the Board, implement appropriate mitigation strategies.

4. Orientation and Continuing Education

(a) Briefly describe what measures the board takes to orient new directors regarding

- (i) the role of the board, its committees and its directors, and
- (ii) the nature and operation of the issuer's business.

All new directors receive an orientation binder, which includes a record of historical public information about the Company, a copy of the Company's Code of Business Conduct and Ethics, the mandate of the Board and the charters of the Board committees, and other relevant corporate and business information. In addition, the Company's orientation for directors involves meeting with senior management of the Company and an interactive introductory discussion about the Company, providing the directors with an opportunity to ask questions. New directors are also encouraged to attend a Company auction shortly after their appointment.

(b) Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.

Senior management makes regular presentations to the Board on the main areas of the Company's business and updates the Board quarterly on the Company's financial and operating performance. Periodically, directors tour the Company's various facilities and are expected to attend Company auctions.

Directors are encouraged to take relevant professional development courses at the Company's expense.

5. Ethical Business Conduct

(a) Disclose whether or not the board has adopted a written code for the directors, officers and employees.

The Board has adopted a Code of Business Conduct and Ethics and can be found on the Company's website.

(i) Disclose how a person or company may obtain a copy of the code.

The Board and management review and discuss from time to time the effectiveness of the Company's Code of Business Conduct and Ethics and any areas or systems that may be further improved.

(ii) Describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code; and

There has been no material change report that has been filed that pertains to any conduct of a director or executive officer that constitutes a departure of the code.

(iii) Provide a cross-reference to any material change report filed since the beginning of the issuer's most recently completed financial year that pertains to any conduct of a director or executive officer that constitutes a departure from the code

(b) Describe any steps the board takes to ensure directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest.

The Company complies with the relevant provisions under the *Canada Business Corporations Act* that deal with conflict of interest in the approval of agreements or transactions and the Company's Code of Business Conduct and Ethics sets out additional guidelines in relation to conflict of interest situations. The Company, through directors' and officers' questionnaires and other systems, also gathers and monitors relevant information in relation to potential conflicts of interest that a director or officer may have.

(c) Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.

The Company was founded on and the business continues to be successful largely as a result of a commitment to ethical conduct and doing what is right. Employees are regularly reminded about their obligations in this regard and senior management demonstrates a culture of integrity and monitors employees by being in attendance at most of the Company's industrial auctions. This culture is clearly articulated in the Company's strategy document, which was approved by the Board.

6. Nomination of Directors

(a) Describe the process by which the board identifies new candidates for board nomination.

The Nominating and Corporate Governance Committee reviews the competencies and skills of the Board from time to time and identifies any area where additional strength may be needed. When considering and identifying potential candidates for new directors to be added to the Board, the Committee considers those areas where additional strength may be needed. The Nominating and

Corporate Governance Committee also has adopted an assessment process for the Board and Committees.

The Board reviews its composition and size on a regular basis. In 2003, the Board increased its size from five to six members and added a seventh member prior to the 2005 Annual Meeting. The Board feels that this size is reasonable given the current size and complexity of the Company. In anticipation of certain existing directors contemplating retirement, the Board continues to identify suitable candidates for new directors. In February 2006, the Board increased its size from seven to eight and

appointed a new director, Robert Murdoch, in anticipation of Mr. Moul's departure from the Board. Mr. Moul, an existing director, has decided not to stand for re-election at the upcoming Annual Meeting and as a result, the number of directors that shareholders are being asked to elect at the 2006 Annual Meeting is seven. The Company believes that the new directors that have been added to the Board in recent years have brought additional experience to the Board and have allowed the Board to increase the number of unrelated and independent directors, while still permitting it to operate in an efficient manner.

The Company currently has a Nominating and Corporate Governance Committee, composed entirely of independent directors. The Committee has three members:

Chair: Eric Patel

Members: Charles E. Croft and Beverley A. Briscoe

The Committee is responsible for proposing new nominees to the Board, in accordance with the guidelines articulated in the Nominating and Corporate Governance Committee's charter, which is available on the Company's website.

The Nominating and Corporate Governance Committee has the responsibility for overseeing the evaluation of the effectiveness of the Board as a whole, as well as the committees of the Board and the contribution of individual directors, by virtue of its charter. The charter of the Nominating and Corporate Governance Committee can be found on the Company's website.

Please refer to the discussion included in the Report on Executive Compensation on page 8 and to the discussion of director compensation on page 3.

The Board has appointed a compensation committee. This Committee has three members:

Chair: Charles E. Croft

Members: C. Russell Cmolik and G. Edward Moul

The NYSE Rules for United States companies require that

all of the members of a Compensation Committee be independent. The Board determined that the Company has been in compliance with this requirement since August 2005.

This Committee met twice in 2005 and all members attended all meetings.

The charter of the Compensation Committee can be found on the Company's website.

(c) If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.

The responsibilities, powers and operation of the Compensation Committee are as described in its charter, a copy of which can be found on the Company's website.

(d) If a compensation consultant or advisor has, at any time since the beginning of the issuer's most recently completed financial year, been retained to assist in determining compensation for any of the issuer's directors and officers, disclose the identity of the consultant or advisor and briefly summarize the mandate for which they have been retained. If the consultant or advisor has been retained to perform any other work for the issuer, state that fact and briefly describe the nature of the work.

The Compensation Committee reviews directors' and executive officers' compensation on a regular basis. In 2004 the Committee engaged outside advisors to assist with its review. To make its recommendation on directors' and executive officers' compensation, the Committee takes into account the types of compensation and the amounts paid to directors and officers of other comparable companies. The Committee did not consider it necessary to engage outside advisors to assist in its review in 2005 because of the work performed in 2004.

See Compensation of Directors on page 3 for information about the compensation received by the directors in 2005.

8. Other Board Committees

The Board has no other standing committees.

If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

9. Assessments

Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees, and its individual directors are performing effectively.

The Board introduced an assessment process for the Board and its committees in 2005. The process is administered by the Nominating and Corporate Governance Committee. It considers Board and Committees performances relative to the Board mandate or relevant Committee charters, as appropriate, and provides a mechanism for all directors to assess and provide comments on Board and Committee performance.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND SENIOR OFFICERS

No director, executive officer or senior officer of the Company, no proposed nominee for election as a director of the Company, and no associate of any such director, officer or proposed nominee, at any time during the most recently completed financial year has been indebted to the Company or any of its subsidiaries or had indebtedness to another entity which is, or has been, the subject of a guarantee, support agreement, letter of credit or other similar arrangement or understanding provided by the Company or any of its subsidiaries.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Company is currently authorized to issue an unlimited number of Common Shares, an unlimited number of junior preferred shares without par value and an unlimited number of senior preferred shares without par value. As at February 28, 2006 according to the records of Computershare Trust Company of Canada, the registrar and transfer agent of the Company, there are 34,458,900 Common Shares and no preferred shares of the Company issued and outstanding. Holders of Common Shares are entitled to one vote for each Common Share held. Holders of Common Shares of record at the close of business on March 3, 2006 are entitled to receive notice of and to vote at the Meeting. The directors of the Company have fixed the close of business on March 3, 2006 as the record date for determining shareholders entitled to receive notice of and to vote at the Meeting.

To the knowledge of the directors and senior officers of the Company, there are no shareholders who beneficially own, directly or indirectly, or control or direct Common Shares carrying more than 10% of the voting rights attached to all voting shares of the Company.

GENERAL PROXY INFORMATION

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy for use at the Meeting are directors of the Company.

A shareholder has the right to appoint a person to attend and act as proxyholder on the shareholder's behalf at the Meeting other than the persons named in the enclosed form of proxy. If a shareholder does not wish to appoint either person so named, the shareholder should check the second box on the proxy and insert in the blank space provided the name and address of the person whom the shareholder wishes to appoint as proxyholder. That person need not be a shareholder of the Company.

A shareholder who has given a proxy may revoke it by: (a) signing a proxy bearing a later date and depositing it as provided under *Deposit of Proxy* below; (b) signing and dating a written notice of revocation (in the same manner as required for the enclosed form of proxy to be executed, as set out under *Validity of Proxy* below) and delivering such notice to the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting or to the Chairman of the Meeting on the day of the Meeting; (c) attending the Meeting in person and registering with the scrutineer thereat as a shareholder present in person and signing and dating a written notice of revocation; or (d) any other manner permitted at law. Any such revocation will have effect only in respect of those matters upon which a vote has not already been cast pursuant to the authority conferred by a previously deposited proxy.

Voting of Shares Represented by Proxy

A proxy in the form of the enclosed form of proxy will confer discretionary authority upon the proxyholder named therein with respect to the matters identified in the enclosed Notice of Meeting and in the form of proxy for which no choice is specified (and with respect to amendments and variations thereto and any other matter that may properly be brought before the Meeting).

If the instructions as to voting indicated on a proxy in the enclosed form and deposited as provided for herein are certain, all of the shares represented by such proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for. If the shareholder specifies a choice in the proxy as to how his shares are to be voted with respect to any matter to be acted upon, the shares will be voted accordingly.

If no choice is specified by a shareholder in a proxy in the form of the enclosed form of proxy and one of the persons named in the enclosed form of proxy is appointed as proxyholder, the shares represented by the proxy will be voted FOR each of the other matters identified therein.

Amendments or Variations and Other Matters

Management of the Company is not now aware of any amendments to or variations of any of the matters identified in the enclosed Notice of the Meeting nor of any other matter which may be brought before the Meeting. **However, a proxy in the form of the enclosed form will confer discretionary authority upon a proxyholder named therein to vote on any amendments to or variations of any of the matters identified in the enclosed Notice of Meeting and on any other matter which may properly be brought before the Meeting in respect of which such proxy has been granted.**

Validity of Proxy

A form of proxy will not be valid unless it is dated and signed by the shareholder or by the shareholder's attorney duly authorized in writing. In the case of a shareholder that is a corporation, a proxy will not be valid unless it is executed under its seal or by a duly authorized officer or agent of, or attorney for, such corporate shareholder. If a proxy is executed by an attorney or agent for an individual shareholder, or by an officer, attorney, agent or authorized representative of a corporate shareholder, the instrument empowering the officer, attorney, agent or representative, as the case may be, or a notarial copy thereof, must be deposited along with the proxy.

A vote cast in accordance with the terms of a proxy will be valid notwithstanding the previous death, incapacity or bankruptcy of the shareholder or intermediary on whose behalf the proxy was given or the revocation of the appointment, unless written notice of such death, incapacity, bankruptcy or revocation is received by the Chairman of the Meeting at any time before the vote is cast.

Deposit of Proxy

In order to be valid and effective, an instrument appointing a proxy holder must be deposited with Computershare Trust Company of Canada, Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment thereof.

Non-registered Shareholders

Non-registered shareholders whose shares may be registered in the name of a third party, such as a broker or trust company, may exercise voting rights attached to shares beneficially owned by them. Applicable securities laws require intermediaries to seek voting instructions from non-registered shareholders. Accordingly, unless a non-registered shareholder has previously instructed their intermediaries that they do not wish to receive materials relating to shareholders' meetings, non-registered shareholders should receive or have already received from their intermediary either a request for voting instructions or a proxy form. Intermediaries have their own mailing procedures and provide their own instructions. These procedures may allow voting by telephone, on the Internet, by mail or by fax. If non-registered shareholders wish to attend and vote the shares owned by them directly at the Meeting, such non-registered holders should follow the procedure in the directions and instructions provided by or on behalf of the intermediary. For example, they can insert their name in the space provided on the request for voting Instructions or proxy form or request a form of proxy which will grant the non-registered holder the right to attend the meeting and vote in person. Non-registered shareholders should carefully follow the directions and instructions of their intermediary, including those regarding when and where the completed request for voting instructions or form of proxy is to be delivered.

Only registered shareholders as of March 3, 2006 (the record date for voting at the Meeting) have the right to vote in person at the Meeting or to execute, deliver or revoke a proxy with the Company in respect of voting at the Meeting.

The Company has not sent any proxy-related materials that solicit votes or voting instructions directly to any non-registered shareholders. Non-registered shareholders who wish to vote or change their vote must, in sufficient time in advance of the Meeting, arrange for their intermediaries to make necessary voting arrangements, change the vote and if necessary revoke the relevant proxy.

The Company will provide to any person or company, upon request to the Corporate Secretary of the Company, a copy of the Company's current Annual Information Form together with a copy of any document, or the pertinent pages of any document, incorporated therein by reference, the Company's consolidated comparative financial statements for its most recently completed fiscal year together with the accompanying report of the auditor and management's discussion and analysis of financial condition and results of operations (MD&A), any interim financial statements of the Company subsequent to the financial statements of the Company's most recently completed fiscal year that have been filed together with the relevant MD&A and the Company's information circular in respect of its most recent annual meeting of shareholders.
