Item 4 of Schedule 13D, dated March 18, 2004, is hereby amended by adding thereto the information set forth below. The terms defined in such Schedule 13D shall have their defined meanings herein, unless otherwise defined herein.

Item 4. Purpose of Transaction

On May 28, 2004, F. William Weber, Chairman of the Board and Chief Executive Officer of the Issuer, and Dana S. Weber, Vice Chairman of the Board, President and Chief Operating Officer of the Issuer, along with certain other members of management of the Issuer, proposed that the Board of Directors consider an amendment to the Issuer's certificate of incorporation. The proposed amendment, if approved by the Issuer's Board of Directors and stockholders, would result in a reverse stock split of the Common Stock in such a ratio as to reduce the number of stockholders of record from its current level of approximately 340 to less than 300 stockholders of record. Under this proposal, holders of less than a specified number of shares prior to the reverse stock split who would otherwise be entitled to receive fractional shares as a result of the reverse stock split, would instead receive a cash payment for those shares. Under this proposal, the payment for the fractional shares is expected to be between \$4.00 and \$5.00 per pre-reverse split share. The Issuer's Board of Directors has approved the creation of a special committee, comprised of three independent directors, to evaluate the proposed transaction. The special committee is in the process of engaging a financial advisor to advise it concerning valuation issues relating to the reverse stock split. The reverse stock split and the price to be paid for the fractional shares will be subject to the negotiation of definitive documents, amendment of the Issuer's current credit agreement, the special committee's deliberation and recommendation of the reverse stock split to the full Board of Directors and approval by the Issuer's Board of Directors and stockholders. Holders of a number of shares in excess of the designated exchange ratio prior to the reverse stock split will continue to be stockholders after the reverse stock split and will not be entitled to receive any cash.

If the reverse split is effected as proposed, the Issuer would likely have fewer than 300 stockholders of record. If that is the case, the Issuer would deregister its Common Stock under the Securities Exchange Act of 1934, the Common Stock would no longer be traded on the American Stock Exchange, and the Issuer would cease filing periodic reports with the Securities and Exchange Commission.

No assurance can be given that any transaction will take place on these or any other terms.
