Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America and in accordance with applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues and certain operating expenses of the Building for the year ended December 31, 2013, in accordance with accounting principles generally accepted in the United States of America and in accordance with applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired.

#### 1. Description of Real Estate Property Acquired

On September 9, 2014, Columbia Property Trust, Inc. (which may be referred to herein as the "Company," "we," "our" or "us") purchased a 33-story office building containing approximately 478,000 rentable square feet (the "650 California Street Building") for \$309.1 million before the application of any purchase price adjustments. The acquisition was funded with approximately \$61 million of cash on hand, \$118 million drawn on our \$500 million revolving credit facility, which we entered into on May 7, 2010, and as amended and restated in August 2013 (the "JPMorgan Chase Credit Facility"), and a \$130 million mortgage loan assumed with the acquisition. The 650 California Street Building was built in 1964 and is located in San Francisco, California. The 650 California Street Building was purchased from 650 California Street, L.L.C., a Delaware liability company, which is not affiliated with the Company.

#### 2. Basis of Accounting

The accompanying statement of revenues over certain operating expenses is presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, the statements exclude certain historical expenses that are not comparable to the proposed future operations of the property such as certain ancillary income, amortization, depreciation, interest, and corporate expenses. Therefore, the statement will not be comparable to the statements of operations of the 650 California Street Building after its acquisition by the Company.

#### 3. Significant Accounting Policies

##### Revenues

Rental revenue is recognized on a straight-line basis over the terms of the related leases. The excess of rental income recognized over the amounts due pursuant to the lease terms is recorded as straight-line rent receivable. The adjustment to straight-line rent receivable increased rental revenue by approximately \$1,032,310 for the six months ended June 30, 2014, and \$1,286,540 for the year ended December 31, 2013.

##### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### 4. Description of Leasing Arrangements

As of December 31, 2013, the 650 California Street Building was 91% leased to 20 tenants, including Littler Mendelson (approximately 23%), Credit Suisse (approximately 13%), and Goodby Silverstein (approximately 11%). Littler Mendelson is the largest global employment and labor law practice with more than 1,000 attorneys in over 60 offices worldwide. Littler Mendelson represents management in all aspects of employment and labor law and serves as a single source solution provider to the global employer community. Consistently recognized in the industry as a leading and innovative law practice, Littler Mendelson has been litigating, mediating and negotiating some of the most influential employment law cases and labor contracts on record for over 70 years. For 2013, Littler Mendelson contributed approximately 21% of total rental and reimbursement revenues. The Littler Mendelson lease expires in March of 2016, with an option to extend.

Credit Suisse is one of the world's leading banks, and is committed to delivering financial experience and expertise to corporate, institutional, and government clients and to ultrahigh-net-worth and high-net-worth individuals worldwide, in addition to affluent and retail clients in Switzerland. Founded in 1856, Credit Suisse has operations in over 50 countries and employs approximately 45,600 individuals from approximately 150 different nations. For 2013, Credit Suisse contributed approximately 20% of total rental and reimbursement revenues. The Credit Suisse lease expires in March of 2020, with an option to extend.

Goodby Silverstein is a full-service advertising agency based in San Francisco and with an office in New York City. Founded in 1983, they deliver creative, brand strategy, communication/media strategy, research/analytics, and production (interactive, broadcast, print, and experiential), including eLevel, their own in-house production studio. For 2013, Goodby Silverstein contributed approximately 12% of total rental and reimbursement revenues. The Goodby Silverstein lease expires in April of 2017, with an option to extend.
