- 
-

Item 8.01. Other Events.

On September 29, 2014, Alimera Sciences, Inc. (“Alimera”) issued a press release announcing that Alimera would be hosting a conference call on Wednesday, October 1, 2014 at 8:30 A.M. E.T. regarding the recent approval by the United States Food and Drug Administration of ILUVIEN® for the treatment of diabetic macular edema in patients who have been previously treated with a course of corticosteroids and did not have a clinically significant rise in intraocular pressure. A copy of the press release is attached as Exhibit 99.1 hereto and is incorporated by reference herein.

Various statements to be made during the conference call are “forward-looking statements,” within the meaning of the Private Securities Litigation Reform Act of 1995, regarding, among other things, the availability of ILUVIEN® in the United States. Words such as “anticipate,” “believe,” “estimate,” “expect,” “intend,” “may,” “plan,” “contemplate,” “predict,” “target,” “likely,” “potential,” “continue,” “ongoing,” “will,” “would,” “should,” “could,” or the negative of these terms and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Such forward-looking statements are based on current expectations and involve inherent risks and uncertainties, including factors that could delay, divert or change any of them, and could cause actual results to differ materially from those projected in the forward-looking statements. Meaningful factors which could cause actual results to differ include, but are not limited to, uncertainty as to Alimera’s ability to commercialize, and market acceptance of, ILUVIEN® in the United States, as well as other factors discussed in the “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections of Alimera’s Annual Report on Form 10-K for the year ended December 31, 2013 and Alimera’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2014, which are on file with the Securities and Exchange Commission (“SEC”) and available free of charge on the SEC’s website at [www.sec.gov](http://www.sec.gov). In addition to the risks described above and in Alimera’s Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other filings with the SEC, other unknown or unpredictable factors also could affect Alimera’s results. There can be no assurance that the actual results or developments anticipated by Alimera will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, Alimera. Therefore, no assurance can be given that the outcomes stated in such forward-looking statements and estimates will be achieved.

All forward-looking statements made during the conference call are expressly qualified by the cautionary statements contained or referred to herein. Alimera cautions investors not to rely too heavily on the forward-looking statements Alimera makes or that are made on its behalf. These forward-looking statements speak only as of the date on which they are made (unless another date is indicated). Alimera undertakes no obligation, and specifically declines any obligation, to publicly update or revise any such forward-looking statements, whether as a result of new information, future events or otherwise.
