BRASIL TELECOM LAUNCHES NEW INVESTOR RELATIONS WEBSITE

Brasil Telecom Participações S.A. (Bovespa: BRTP3 and BRTP4 / NYSE: BRP) and Brasil Telecom S.A. (Bovespa: BRTO3 and BRTO4 / NYSE: BTM) are pleased to announce that the company's new Investor Relations website has been launched this week (www.brasiltelecom.com.br/ir).

The new website was created to attend the necessities of various visitor profiles. The visitor only has to choose between institutional investor, analyst or individual in order to find information according to the profile interest. For example, an institutional investor will find investor services, such as interactive indicators, historical quotes, and analyst coverage. An analyst will find earnings estimates, and the homepage of the website for individuals focuses on frequently asked questions and shareholders' services contact.

The new portal was launched in synergy with the company's strategy of adopting the best Corporate Governance practices, always guided by transparency, ethics, equity, and accountability, aiming at clarity in our communication with investors and analysts for a better understanding of the Brasil Telecom business.

Independently of the visitor profile, everyone has access to the highlights, which include the latest company results, calendar, presentations and IR services, as well as stock quotes. The information in the internal website pages was also remodeled so as to eliminate redundancies and make navigation more efficient.

Visit our IR website and register in order to always have access to the latest news!

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
