NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

CRESUD INC. ("CRESUD" or the "Company") has determined that it is unable to file its Annual Report on Form 20-F for the year ended on June 30, 2015 (the "Form 20-F") by the prescribed due date without unreasonable effort or expense for the following reasons:

(i) On October 15, 2015, CRESUD filed before the SEC a request of relief from the requirement to present full financial statements audited under U.S. GAAS of an associate accounted for using the fair value option on Form 20-F, pursuant to Rule 3-09 of Regulation S-X, based on the fact that the Company was unable to force its associate, IDBD Holdings Corporation Ltd. ("IDBD") to provide audited financial statements following such standards. In lieu of the required information CRESUD offered to present full financial statements audited under Israel GAAS, which are already available. On October 29, 2015, CRESUD received a response from the staff of the SEC denying CRESUD's request. Consequently, CRESUD will need additional time to request and obtain the US GAAS audit report for IDBD.

(ii) As previously reported by way of a filing on Form 6-K on October 27, 2015, CRESUD is currently analyzing the impact of certain ruling passed by the Tel Aviv Jaffo Court with regards to CRESUD's indirect holding in IDBD in its accounts, which could impact the valuation of its investment in IDBD and the valuation of the related derivative liability for the tender offer of IDBD shares to be included in CRESUD's Annual Report on Form 20-F. Currently, the reported amount for CRESUD's indirect investment in IDBD is Ps 1,757.10 million and the related derivative liability is Ps 500.58 million.

CRESUD anticipates that it will be able to file a complete version of the Form 20-F (except that it will not be able to file financial statements of its associate audited under U.S. GAAS which will be filed on a subsequent date), within the fifteen-calendar-day grace period granted by Rule 12b-25, and declares that it will file such form as promptly as practicable.

During this fiscal year our revenues were 22.8% higher than in the previous fiscal year, mainly due to a 30.3% increase in revenues from the agricultural segment, explained by higher sales in the crops, sugarcane, beef cattle, milk and agroindustrial segments, accompanied by a 18.2% increase in revenues from the urban segment.

Gross profit increased 19.0% in fiscal year 2015, up from Ps. 1,824.6 million to Ps. 2,171.8 million as a result of a 26.9% increase in gross profit from the urban segment, offsetting the 17.5% reduction in gross profit from the agricultural segment.

Profit from operations rose 135% as compared to the previous fiscal year, explained by an increase of Ps. 345 million in the agricultural segment, mainly due to the sale of 3 farms ("Cremaq", "Fon Fon" and 24,624 hectares in Paraguay); and an increase of Ps. 1,278 million in the urban segment, generated mainly by the sale of the Madison 183 building in New York, recorded in the first quarter of 2015, and sales of various office floors in Maipú 1300, Libertador 498, Bouchard Plaza and Intercontinental Plaza buildings made by our subsidiary IRSA throughout the fiscal year.

The significant increase in our profit from operations was offset by a loss in financial results, net of Ps. 1,296.5 million, which was 49.6% lower than in the previous fiscal year, mainly due to a smaller depreciation of the peso against the dollar than in the previous fiscal year and smaller losses from the investment made by our subsidiary IRSA in IDBD, which is recorded at market value.

The Company's profit for the year was Ps, 756.8 million, a Ps. 2,165.2 million increase as compared to the previous fiscal year.
