About GOL Linhas Aéreas Inteligentes S.A.

In 15 years of history, GOL Linhas Aéreas Inteligentes helped build links, bringing people closer and reducing distances with safety and intelligence. The company played an important role in the democratization of air travel in Brazil, contributing to enable approximately 17 million people to fly for the first time, becoming the largest low-cost and best-fare airline in Latin America. GOL is also the leading company in terms of on-time performance and number of passengers carried in the domestic market, both in the leisure and corporate segments - according to Infraero.

GOL has the highest supply of seats with ANAC's "A" seal, providing even more comfort in its 800 daily flights to 65 domestic and international destinations in South America and the Caribbean.

The company maintains strategic alliances with three major global partners: Delta Air Lines, Air France and KLM, allowing it to offer twelve codeshare and more than 70 interline agreements, bringing more convenience and facilitating connections to any destination of these alliances.

Through SMILES, GOL's loyalty program, passengers can accumulate miles and redeem tickets to more than 160 countries and 800 destinations worldwide. The Company also operates Gollog, which retrieves and delivers cargo and packages to and from approximately 2,500 cities in Brazil and ten abroad.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
