4. ("TDATA") (the "Merger").

He further stated that the purpose of the Merger is to standardize the rendering of services and simplify the Company's current organizational and corporate structure.

MINUTES OF THE 341st MEETING OF THE BOARD OF DIRECTORS OF TELEFÔNICA BRASIL S.A., HELD ON OCTOBER 30, 2018

After the presentation, the attending Directors took notice:

(i) of the valuation report of TDATA's shareholders' equity, valued based on its book value as of September 30, 2018, which establishes that the value of TDATA's shareholders' equity to be merged into the Company is one billion, six hundred and ninety-one million, four hundred and thirty-five thousand, six hundred and twenty-five Brazilian Reais and forty-seven cents (R\$ 1,691,435,625.47), prepared by the

specialized valuation firm BDO RCS Auditores Independentes S.S., enrolled in the CNPJ/MF under No. 54.276.936/0001-79, for the purposes of the merger of TDATA's shareholders' equity into the Company (the "TDATA Appraisal Report");

(ii) of the draft of the Instrument of Justification and Protocol of Merger of TDATA into the Company, to be entered into between TDATA and the Company, with the purpose of merging TDATA into the Company (the "Protocol of Merger");

(iii) of the draft of the Company's restated Bylaws, with an amendment of article 2 of the Company's Bylaws; and

(iv) of the drafts of the call notice of the shareholders to be published, and the proposal by management for the general meeting of the Company that shall deliberate on the aforementioned transaction.

Having examined and debated the matters included in the Agenda, the following was unanimously decided by the members of the Board of Directors present at the meeting, as described below:

4.1. to ratify, *ad referendum* of the general meeting of the Company that shall resolve on the matter, the appointment of the specialized firm BDO RCS Auditores Independentes S.S., for the preparation of the TDATA Appraisal Report, for the purpose of merging TDATA's shareholders' equity into the Company;

4.2. to approve, *ad referendum* of the general meeting of the Company that shall resolve on the matter, the draft of the Protocol of Merger, to be entered into on this date between the Company and TDATA, which provides for the merger of TDATA into the Company. The Protocol of Merger establishes the general terms and conditions of the Merger transaction, its justifications, and the valuation criteria of the shareholders' equity of TDATA to be merged into the Company;

4.3. to approve, *ad referendum* of the general meeting of the Company that shall resolve on the matter, the TDATA Appraisal Report.

The Board members verified that the intended Merger shall not result in an increase in the Company's capital, nor in the issuance of new shares by the Company, such that the Merger shall not entail any change in the shareholdings of the Company's current shareholders, since the Company already has the total value of TDATA's shares recorded in its shareholders' equity, and there is also no substitution of shares of non-controlling shareholders of TDATA with shares of the Company, since the Company is TDATA's sole shareholder, as well as that it shall not entail any right of withdrawal for the Company's shareholders. Accordingly, pursuant to CVM Resolution No. 559/08 and according to the opinion of the Department of Corporate Relations - SEP, there is not a justification for preparation of an appraisal report of shareholders' equity at market price in order to calculate the ratio of substitution of the shares of non-controlling shareholders referred to in article 264 of the Brazilian Corporations Law and article 8 of CVM Instruction No. 565/2015;

4.4. as a result of the approval of the terms and conditions of the Protocol of Merger hereby resolved, as well as the clarifications made regarding the Merger intended and the existence of a favorable opinion issued by the Fiscal Board, as well as the recommendation of the Audit and Control Committee, the members of the Board of Directors expressed a favorable opinion, *ad referendum* of the Company's general meeting, for the merger into the Company of TDATA, for the amount described in the TDATA Appraisal Report, without any change in the Company's capital stock, in accordance with the Protocol of Merger. It is recorded that, as stated in the Protocol of Merger, the Merger must produce operational effects for the companies involved as of December 1, 2018. Furthermore, they authorized the signature of the Protocol of Merger to be signed by the Board of Executive Officers, as well as authorized, *ad referendum* of the general meeting of the Company that shall resolve on the matter, the Company's Executive Officers to perform all acts that may be necessary to formalize the transaction approved above before public bodies and third parties in general, including, but not limited to, convening a Company's shareholders meeting to resolve on the transaction;

4.5. to approve, as a result of the Merger, *ad referendum* of the Company's general meeting that shall resolve on this matter, the amendment of article 2 of the Company's Bylaws to complement the Company's corporate purpose in order to provide for the activities currently carried out by TDATA and, indirectly, by the Company itself. It is hereby noted that, due to the complementary and ancillary nature of the activities to be included in the Company's corporate purpose, the Merger shall not entail any change in its business or corporate purpose. In addition, as these activities are being carried out by TDATA, a wholly-owned

subsidiary of the Company, such activities are already indirectly carried out by the Company. Therefore, there will be no effective change in the Company's corporate purpose, and thus nothing to be said of a right of withdrawal for its shareholders, which are dealt with in articles 136, items IV and VI, and 137 of the Brazilian Corporations Law. Thus, article of the Company's Bylaws shall enter into force with the following new wording:

“Article 2 - The purpose of the Company is:

a) the exploration of telecommunications services;

b) the development of activities necessary or useful for the execution of these services, in accordance with the concessions, authorizations, and permissions granted to it;
