Item 1.01 Entry into a Material Definitive Agreement.

On February 26, 2009, MMA Renewable Ventures, LLC and MMA Renewable Ventures Finance, LLC (collectively, the "Sellers"), subsidiaries of Municipal Mortgage & Equity, LLC (the "Company"), entered into a purchase agreement (the "Purchase Agreement") with Fotowatio Renewable Ventures, Inc. ("Fotowatio"), a subsidiary of Fotowatio S.L., whereby the Sellers agreed to sell to Fotowatio substantially all of the assets of the Company's Renewable Energy segment. The asset sale will exclude the Sellers' Solar Fund I and Solar Fund II, as well as certain additional assets. The total purchase price is expected to be approximately \$19.7 million, subject to adjustments set forth in the Purchase Agreement. \$1.5 million of the purchase price was paid by Fotowatio to the Sellers upon the signing of the Purchase Agreement, with the remainder of the purchase price to be paid in two separate closings. The first closing will cover the Sellers' core assets (including their employees, their pipeline of potential future transactions and their interest in Solar Fund III), as well as the remaining assets that are to be acquired and for which third-party consents to the transaction are either not required or have been received by that time. Fotowatio will make a minimum payment to the Sellers of \$13.6 million at the first closing. The second closing will cover the remaining assets that are to be acquired for which necessary third-party consents have been received between the first closing and the second closing. It is scheduled to occur by April 13, 2009. At the second closing, the balance of the purchase price will be paid by Fotowatio to the Sellers, subject to adjustments. In the event that, with respect to those non-core assets any required third party consents are not received by the second closing, the parties will negotiate in good faith to transfer those assets from the Sellers to Fotowatio following the second closing. The Company has guaranteed all of the Sellers' obligations under the Purchase Agreement and Fotowatio S.L. has guaranteed Fotowatio's obligations to pay the purchase price to the Sellers. The transaction is subject to customary closing conditions including the receipt of certain third party consents.
