**TEEKAY LNG PARTNERS ANNOUNCES  
ACQUISITION OF FOUR LPG CARRIERS**

---

Nassau, The Bahamas, December 6, 2006 - Teekay LNG Partners L.P. (*Teekay LNG*) (NYSE: TGP) announced today that it has agreed to acquire four liquefied petroleum gas (*LPG*) carriers for a total cost of \$106 million. Upon their delivery to Teekay LNG, all of the vessels will commence service under long-term fixed-rate time-charters, and it is expected that they will generate approximately \$11.6 million per annum in cash flow from vessel operations when all the vessels are delivered. Teekay LNG will initially finance the acquisition of these vessels with borrowings under its revolving credit facilities, cash balances or both.

Three of the LPG carriers are currently under construction and will be purchased from IM Skaugen ASA (*Skaugen*) upon their delivery from the shipyard between early 2008 and mid-2009. Upon their delivery, the vessels will commence service on 15 year fixed-rate time-charters to Skaugen. Skaugen operates a fleet of 44 vessels and is listed on the Oslo Stock Exchange under the symbol "IMSK".

Teekay LNG will also acquire the 2000-built LPG carrier *Dania Spirit* from Teekay Shipping Corporation (*Teekay*), the parent of our general partner, in January 2007. This vessel is currently on a fixed-rate time-charter to Statoil ASA with a remaining contract term of nine years.

"We are excited about these accretive transactions because they move the partnership into another gas transportation market segment. LPG shipping is a natural extension of our core liquefied natural gas (*LNG*) transportation business, and Skaugen is a market leader in operating these types of vessels" said Peter Evensen, Teekay LNG's Chief Executive Officer. Mr. Evensen continued, "LPG is a by-product of natural gas separation and crude oil refining, and is a major growth area for our customers. The sea borne trade in LPG is projected to grow by approximately 6% per annum through 2012, and this transaction provides us with a platform for future growth in this market."

Teekay LNG Partners L.P. is a publicly-traded master limited partnership formed by Teekay Shipping Corporation (NYSE: TK) as part of its strategy to expand its operations in the liquefied natural gas (*LNG*) shipping sector. Teekay LNG Partners L.P. provides *LNG*, liquefied petroleum gas (*LPG*) and crude oil marine transportation services under long-term, fixed-rate time charter contracts with major energy and utility companies through its fleet of thirteen *LNG* carriers, four *LPG* carriers and eight Suezmax class crude oil tankers. Eight of the thirteen *LNG* carriers and three of the *LPG* carriers are newbuildings scheduled for delivery between early 2007 and mid-2009.

Teekay LNG Partners' common units trade on the New York Stock Exchange under the symbol "TGP".
