Dear Stockholders:

The Board of Directors of Korn/Ferry International (“Korn Ferry”, “our” and “we”) is committed to creating value for our stockholders. In our oversight, we seek to create this value and achieve success through effective business strategies, performance-aligned compensation programs, thoughtful risk management and attracting and retaining the best human capital. We believe in setting the *tone at the top* and are committed to helping create a culture which promotes and rewards performance achieved through honesty, inclusion and unparalleled service to our clients.

Fiscal year 2014 marked another year of strong performance for Korn Ferry. Complimenting this performance is our organization’s commitment to corporate governance. We maintain a board of directors that consists, with the exception of our Chief Executive Officer, Mr. Gary Burnison, entirely of independent directors and is led by an independent non-executive Chair. We recently amended our Certificate of Incorporation to eliminate our classified board structure and to provide for annual elections of directors. Further, the Board has determined that in advance of the 2015 Annual Meeting of Stockholders it will amend the Company’s governing documents to provide that director nominees are elected using a majority voting standard in uncontested director elections. We also undertook a significant enhancement of our Proxy Statement this year in an effort to present information in a clearer and more accessible manner. We hope stockholders will appreciate these efforts.

It is my pleasure to invite you to attend the 2014 Annual Meeting of Stockholders of Korn Ferry. The Annual Meeting will be held on October 1, 2014 at 8:00 a.m. Pacific time at the Hyatt Regency Century Plaza located at 2025 Avenue of the Stars, Los Angeles, California 90067.

Your vote is very important. I encourage you to vote promptly by proxy even if you plan to attend this year’s meeting in person. On behalf of the Board of Directors, I respectfully request your support for each of the proposals included in our Proxy Statement.

Thank you for your investment and support of Korn Ferry.

Sincerely,

George T. Shaheen

Chair of the Board

Executive Compensation (pages 18 – 32)

Philosophy and Oversight (page 22)

Our executive compensation program is designed to align the interest of our named executive officers with the interest of our stockholders by rewarding the executive officers for effectively building stockholder value and for the achievement of both long-term and short-term strategy execution and financial goals.

Compensation Process Highlights (pages 21 and 23 - 24)

- Our Compensation and Personnel Committee receives advice from its independent compensation consultant.

We review total direct compensation and the mix of the compensation components for the named executive officers relative to the peer group as one of the factors in determining if compensation is adequate to attract and retain executive officers with the unique set of skills necessary to manage and motivate our global human capital management firm.

- We interact with our stockholders to obtain their views on various topics including our executive compensation program.

Best Practices (page 21)

- Our Board has adopted a clawback policy applicable to all cash incentive payments and performance-based equity awards granted to executive officers.
- Our named executive officers are not entitled to any “single trigger” equity acceleration or severance payments in connection with a change in control.

- We have adopted policies prohibiting hedging, speculative trading or pledging of Company stock.
- All named executive officers are required to own three times their annual salary in Company common stock.
- We do not provide excise tax gross-ups to any of our executive officers.

Elements of Compensation (pages 25 - 31)

Element	Purpose	Determination
Base Salary	Compensate for services rendered during the fiscal year and provide sufficient fixed cash income for retention and recruiting purposes.	Reviewed on an annual basis by the Compensation and Personnel Committee taking into account competitive data from our peer group, input from our compensation consultant and the executive's individual performance.
Annual Cash Incentives	Motivate and reward named executive officers for achieving financial and strategy execution goals over a one-year period.	Determined by the Compensation and Personnel Committee based upon performance goals, strategic objectives, competitive data, and individual performance.
Long-Term Incentives	Align the named executive officers' interests with those of stockholders, encourage the achievement of the long-term goals of the Company, and motivate and retain top talent.	Determined by the Compensation and Personnel Committee based upon a number of factors including competitive data, total overall compensation provided to each named executive officer, Company performance during the fiscal year preceding the year of grant, and historic grants.

10.Q: Why did I receive a Notice in the mail regarding the Internet availability of proxy material instead of a full set of printed proxy materials?

A: Pursuant to rules adopted by the Securities and Exchange Commission ("SEC") we are making this Proxy Statement available to our stockholders electronically via the Internet. On or about August 22, 2014, we will mail the Notice of Internet Availability of Proxy Materials to stockholders of our common stock at the close of business on the Record Date, other than those stockholders who previously requested electronic or paper delivery of communications from us. The Notice contains instructions on how to access an electronic copy of our proxy materials, including this Proxy Statement and our 2014 Annual Report. The Notice also contains

[Back to Contents](#)

instructions on how to request a paper copy of the Proxy Statement. We believe that this process will allow us to provide you with the information you need in a timely manner, while conserving natural resources and lowering the costs of the Annual Meeting.

11.Q: Can I vote my shares by filling out and returning the Notice of Internet Availability of Proxy Materials?

A: No. The Notice only identifies the items to be voted on at the Annual Meeting. You cannot vote by marking the Notice and returning it. The Notice provides instructions on how to cast your vote.

12. Q: What does it mean if I receive more than one Notice of Internet Availability of Proxy Materials or more than one set of printed proxy materials?

A: If you hold your shares in more than one account, you may receive a separate Notice of Internet Availability of Proxy Materials or a separate set of printed proxy materials, including a separate proxy card or voting instruction card, for each account. To ensure that all of your shares are voted, please vote by telephone or by Internet or sign, date, and return a proxy card or voting card for each account.

13.Q: What if I own shares through the Company's 401(k) plan?

A: If you own shares that are held in our 401(k) plan, the trustees of the 401(k) plan will vote those shares.

14.Q: What is the difference between holding shares as a "stockholder of record" and as a "beneficial owner"?

A: You are a "beneficial owner" if your shares are held in a brokerage account, including an Individual Retirement Account, by a bank or other nominee. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares. However, because you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting. Your broker, bank or other nominee has provided you with voting instructions.

You are a "stockholder of record" if your shares are registered directly in your name with the Company's transfer agent.

15.Q: What if a beneficial owner does not provide the stockholder of record with voting instructions for a particular proposal?

A: If you are a beneficial owner and you do not provide the stockholder of record with voting instructions for a particular proposal, your shares may constitute "broker non-votes" with respect to that proposal. "Broker non-votes" are shares held by a broker, bank or other nominee with respect to which the holder of record does not have discretionary power to vote on a particular proposal and with respect to which instructions were never received

from the beneficial owner. Shares that constitute broker non-votes with respect to a particular proposal will not be considered present and entitled to vote on that proposal at the Annual Meeting even though the same shares will be considered present for purposes of establishing a quorum and may be entitled to vote on other proposals. However, in certain circumstances, such as the appointment of the independent registered public accounting firm, the broker, bank or other nominee has discretionary authority and therefore is permitted to vote your shares even if the broker, bank or other nominee does not receive voting instructions from you. Election of directors and the advisory vote on the Company's executive compensation are not considered "routine" matters and as a result, your broker, bank or other nominee will not have discretion to vote on these matters at the Annual Meeting unless you provide applicable instructions to do so. Therefore, we strongly encourage you to follow the voting instructions on the materials you receive.

KORN FERRY - 2014 Proxy Statement 3

[Back to Contents](#)

16.Q: What is the requirement to conduct business at the Annual Meeting?

A: In order to conduct business at the Annual Meeting, a “quorum” must be established. A “quorum” is a majority in voting power of the outstanding shares of common stock. A quorum must be present in person or represented by proxy at the Annual Meeting for business to be conducted. As discussed below, abstentions and broker non-votes will be counted for purposes of determining the presence of a quorum.

17.Q: How are votes counted?

A: Shares of common stock that reflect abstentions are treated as present and entitled to vote for the purposes of establishing a quorum and for purposes of determining the outcome of any matter submitted to the stockholders for a vote. However, abstentions do not constitute a vote “for” or “against” any matter and thus will be disregarded in the calculation of a plurality. Shares of common stock that reflect broker non-votes are treated as present and entitled to vote for the purposes of establishing a quorum. However, for the purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy that it does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that matter, even though those shares are considered present and entitled to vote for the purposes of establishing a quorum and may be entitled to vote on other matters.

18.Q: What is the voting requirement to approve each proposal?

A: For Proposal No. 1, the eight nominees for election who receive the most votes will be elected. Abstentions and broker non-votes will not affect the outcome of the election of directors. For Proposals No. 2 and 3 to be approved, the proposal must receive the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote on the proposal. In determining the outcome of Proposals No. 2 and 3, abstentions have the effect of a negative vote, but broker non-votes will not affect the outcome.

19.Q: What happens if additional matters (other than the proposals described in this Proxy Statement) are presented at the Annual Meeting?

A: The Board is not aware of any additional matters to be presented for a vote at the Annual Meeting; however, if any additional matters are properly presented at the Annual Meeting, your proxy gives Gary D. Burnison and Robert P. Rozek authority to vote on those matters in their discretion.

20.Q: Who will bear the cost of the proxy solicitation?

A: The entire cost of the proxy solicitation will be borne by the Company. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to beneficial owners.

Proposal No. 1 Election of Directors

Our stockholders will be asked to consider eight nominees for election to our Board of Directors to serve for a one year term until the 2015 Annual Meeting of Stockholders and until their successors have been duly elected and qualified, subject to their earlier death, resignation or removal.

The names of the eight nominees for director and their current position with the Company are set forth below. Detailed biographical information regarding each of these nominees is provided in this Proxy Statement under the heading "Board of Directors." All of the nominees, with the exception of Mr. Burnison, have been determined by the Board to be independent under the rules of The New York Stock Exchange. Our Nominating and Corporate Governance Committee has reviewed the qualifications of each of the nominees and has recommended to the Board that each nominee be submitted to a vote at the Annual Meeting.

The Board of Directors

The Company's Restated Certificate of Incorporation provides that the number of directors shall not be fewer than eight nor more than fifteen, with the exact number of directors within such limits to be determined by the Board. Currently, the Board is comprised of eight directors. Mr. Schulmeyer will not be standing for re-election at the Annual Meeting. The Company is most grateful for Mr. Schulmeyer's valuable service to the Company. Christina A. Gold has been nominated for election to fill the vacancy that will arise from Mr. Schulmeyer's departure from the Board. Upon the recommendation of the Company's Nominating and Corporate Governance Committee, the Board has nominated the following persons to serve as directors until the 2015 Annual Meeting of Stockholders or their earlier resignation or removal:

Gary D. Burnison Edward D. Miller
William R. Floyd Debra J. Perry
Christina A. Gold George T. Shaheen
Jerry P. Leamon Harry L. You

Each of the above nominees are independent under The New York Stock Exchange (the "NYSE") rules, except for Mr. Burnison. If re-elected, Mr. Shaheen will continue to serve as the Company's independent Chair of the Board.

The Board held five meetings during fiscal 2014. Each of the directors attended at least 75% of the Board meetings and the meetings of committees of which they were members in fiscal 2014. Directors are expected to attend each annual meeting of stockholders. All directors attended the 2013 Annual Meeting of Stockholders in person other than one current director.

DIRECTOR QUALIFICATIONS

The Board believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. In addition, the Board believes there are certain attributes every director should possess, as reflected in the Board's membership criteria discussed below. Accordingly, the Board and the Nominating and Corporate Governance Committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The Nominating and Corporate Governance Committee is responsible for developing and recommending Board membership criteria to the full Board for approval. The criteria, which are set forth in the Company's Corporate Governance Guidelines, include:

- a reputation for integrity,
- honesty and adherence to high ethical standards,
- strong management experience,
- current knowledge and contact in the Company's industry or other industries relevant to the Company's business, and
- the ability to commit sufficient time and attention to Board and Committee activities.

The Nominating and Corporate Governance Committee seeks a variety of occupational, educational, and personal backgrounds on the Board in order to obtain a range of viewpoints and perspectives and to enhance the diversity of the Board in such areas as professional experience, geography, race, gender, ethnicity and age. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, the Nominating and Corporate Governance Committee does believe it is essential that Board members represent diverse viewpoints and backgrounds. The Nominating and Corporate Governance Committee periodically evaluates the composition of the Board to assess the skills and experience that are currently represented on the Board, as well as the skills and experience that the Board will find valuable in the future, given the Company's current situation and strategic plans. This periodic assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time and to assess effectiveness of efforts at pursuing diversity. In identifying director candidates from time to time, the Nominating and Corporate Governance Committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective board.

In evaluating director candidates, and considering incumbent directors for renomination to the Board, the Nominating and Corporate Governance Committee takes into account a variety of factors. These include each nominee's independence, financial literacy, personal and professional accomplishments, and experience, each in light of the composition of the Board as a whole and the needs of the Company in general, and for incumbent directors, past performance on the Board.

The table below sets forth information about each of the nominees for director, including each such person's specific experience, qualifications, attributes and skills that led our Board to conclude that such nominee/director should serve on our Board. The process undertaken by the Nominating and Corporate Governance Committee in recommending qualified director candidates is described below under "Corporate Governance—Board Committees—Nominating and Corporate Governance Committee."

Corporate Governance

The Board oversees the business and affairs of the Company and believes good corporate governance is a critical factor in our continued success. Moreover, our Board believes good corporate governance aligns management and stockholder interests. Through our website, at www.kornferry.com, our stockholders have access to key governing documents such as our Code of Business Conduct, Corporate Governance Guidelines and charters of each committee of the Board. In addition, the Company routinely interacts with its stockholders obtaining stockholder views on various topics. During these conversations throughout the past year, several stockholders asked the Company to consider changing the director election voting standard from plurality voting to majority voting in uncontested director elections. After considering the issue and based on recommendation of the Nominating and Corporate Governance Committee, the Board has determined that in advance of the 2015 Annual Meeting of Stockholders it will amend the Company’s governing documents to provide that director nominees are elected using a majority voting standard in uncontested director elections. The highlights of our corporate governance program are included below:

Board Structure

- 87.5% of the Board consists of Independent Directors
- Independent Chairman of the Board
- Independent Audit, Compensation and Nominating Committees
- Regular Executive Sessions of Independent Directors
- Regular Board and Committee Self-Evaluations
- Annual Strategic Off-Site Meeting

Stockholder Rights

- Annual Election of Directors
- Majority Voting for Directors in Uncontested Elections (coming in 2015)
- No Poison Pill in Effect
- Stockholder Communication Process for Communicating with the Board
- Stockholder Engagement Program

Other Highlights

- Clawback Policy
- Stock Ownership Guidelines
- Pay for Performance Philosophy
- Policies Prohibiting Hedging, Pledging and Short-Sales

DIRECTOR INDEPENDENCE

The Board has determined that as of the date hereof a majority of the Board is “independent” under the independence standards of the NYSE. The Board has determined that the following directors and director-nominees are “independent” under the independence standards of the NYSE: William R. Floyd, Christina A. Gold, Jerry P. Leamon, Edward D. Miller, Debra J. Perry, Harry L. You, and George T. Shaheen, and that director Gerhard Schulmeyer (who is not standing for reelection at the Meeting) is “independent” under the NYSE standards.

For a director to be “independent”, the Board must affirmatively determine that such director does not have any material relationship with the Company. To assist the Board in its determination, the Board reviews director independence in light of the categorical standards set forth in the NYSE’s Listed Company Manual. Under these standards, a director cannot be deemed “independent” if, among other things:

• the director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

• the director has received, or has an immediate family member who received, during any 12 month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

• (1) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor, (2) the director is a current employee of such a firm, (3) the director has an immediate family member who is a current employee of such a firm and personally works on the Company's audit, or (4) the director or an immediate family member was within the last three years a partner or employee of such firm and personally worked on the Company's audit within that time;

• the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serve or served on that company's compensation committee; or

[Back to Contents](#)

the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of the other company's consolidated gross revenues.

The independent directors of the Board meet regularly in executive sessions outside the presence of management. Mr. George Shaheen, as Chair of the Board, currently presides at all executive sessions of the independent directors. Subject to his reelection at the Annual Meeting, Mr. Shaheen will continue in this role following the Annual Meeting.

All current members of the Board, with the exception of our CEO, Mr. Burnison, are independent. Further all members of our Audit Committee, Compensation and Personnel Committee and Nominating and Corporate Governance Committee are independent.

Director Independence

BOARD LEADERSHIP STRUCTURE

The Company's Corporate Governance Guidelines provide that the Board is free to select its Chair and CEO in the manner it considers to be in the best interests of the Company and that the role of Chair and CEO may be filled by a single individual or two different persons. This provides the Board with flexibility to decide what leadership structure is in the best interest of the Company at any point in time. Currently, the Board is led by an independent, non-executive Chair, Mr. George Shaheen. Mr. Shaheen will continue to serve as Chair of the Board, subject to his reelection as a director at the Annual Meeting. The Board has determined that having an independent director serve as Chair of the Board is in the best interests of the Company at this time as it allows the Chair to focus on the effectiveness and independence of the Board while the CEO focuses on executing the Company's strategy and managing the Company's business. In the future, the Board may determine that it is in the best interests of the Company to combine the role of Chair and CEO.

BOARD'S OVERSIGHT OF ENTERPRISE RISK AND RISK MANAGEMENT

The Board plays an active role, both as a whole and also at the committee level, in overseeing management of the Company's risks. Management is responsible for the Company's day-to-day risk management activities. The Company has established an enterprise risk framework for identifying, aggregating and evaluating risk across the enterprise. The

risk framework is integrated with the Company's annual planning, audit scoping and control evaluation management by its internal auditor. The review of risk management is a dedicated periodic agenda item for the Audit Committee, whose responsibilities include periodically reviewing management's financial and operational risk assessment and risk management policies, the Company's major financial risk exposures, and the steps management has taken to monitor and control such exposures. The Company's other Board committees also consider and address risk during the course of their performance of their committee responsibilities. Specifically, the Compensation and Personnel Committee reviews the risks related to the Company's compensation programs for senior management, discussed in more detail below, and the Nominating and Corporate Governance Committee oversees risks associated with operations of the Board and its governance structure. Further, the General Counsel periodically reports on litigation and other legal risks that may affect the Company to the Board. The full Board monitors risks through regular reports from each of the Committee chairs and the General Counsel, and is apprised of particular risk management matters in connection with its general oversight and approval of corporate matters. We believe the division of risk management responsibilities described above provides an effective framework for evaluating and addressing the risks facing the Company, and that our Board leadership structure supports this approach because it allows our independent directors, through the independent committees and non-executive Chair, to exercise effective oversight of the actions of management.

[Back to Contents](#)

Assessment of Risk Related to Compensation Programs. During fiscal 2014, the Company completed its annual review of executive and non-executive compensation programs globally, with particular emphasis on incentive compensation plans and programs. Based on this review, the Company evaluated the primary components of its compensation plans and practices to identify whether those components, either alone or in combination, properly balanced compensation opportunities and risk. As part of this inventory, several factors were noted that reduce the likelihood of excessive risk taking. These factors include: balancing performance focus between near-term objectives and long-term stockholder value creation; issuing equity awards that vest over multi-year time horizons; and maintaining stock ownership guidelines and a clawback policy applicable to our executive officers. Furthermore, the Compensation Committee retains its own independent compensation consultant to provide input on executive pay matters, meets regularly, and approves all performance goals, award vehicles, and pay opportunity levels for named executive officers. As a result of this evaluation, the Company concluded that risks arising from the Company’s compensation policies and practices are not reasonably likely to have a material adverse impact on the Company.

BOARD COMMITTEES

Although the full Board considers all major decisions, the Company’s Bylaws permit the Board to have the following standing committees to more fully address certain areas of importance: (1) an Audit Committee, (2) a Compensation and Personnel Committee and (3) a Nominating and Corporate Governance Committee. The members of the standing committees as of the date hereof are set forth in the table below. On June 11, 2014, the Board approved the following changes to the members of the committees listed in the table below, such changes to become effective immediately following the Annual Meeting: (1) Mr. Leamon will replace Mr. Schulmeyer as a member of and chair of the Compensation and Personnel Committee; and (2) Ms. Perry and Mr. Floyd will replace Mr. Schulmeyer on the Nominating and Corporate Governance Committee. The Board has also approved, subject to her election as a director at the Annual Meeting, the appointment of Ms. Gold to the Compensation and Personnel Committee, effective immediately following the Annual Meeting.

Audit Committee. Among other things, the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm, reviews the independent registered public accounting firm’s qualifications and independence, reviews the plans and results of the audit

engagement with the independent registered public accounting firm, approves professional services provided by the independent registered public accounting firm, approves financial reporting principles and policies, considers the range of audit and non-audit fees, reviews the adequacy of the Company's internal accounting controls and works to ensure the integrity of financial information supplied to stockholders. The Audit Committee is also available to receive reports, suggestions, questions and recommendations from the Company's independent registered public accounting firm, the Chief Financial Officer and the General Counsel. It also confers with these parties in order to help assure the sufficiency and effectiveness of the programs being followed by corporate officers in the area of compliance with legal and regulatory requirements, business conduct and conflicts of interest. The Audit Committee is composed entirely of non-employee directors whom the Board has determined are "independent directors" under the applicable listing standards of the NYSE and the applicable rules of the SEC. The Board, in its business judgment, has determined that Messrs. You and Leamon qualify as "audit committee financial experts" as that term is defined in Item 407(d)(5) of Regulation S-K under the Exchange Act, and that Ms. Perry is "financially literate," under the NYSE rules. The Audit Committee met twelve times in fiscal 2014. Compensation and Personnel Committee. Among other things, the Compensation and Personnel Committee approves and oversees the Company's compensation programs, including cash and equity-based incentive programs provided to members of the Company's senior management group, including the Company's Chief Executive Officer, Chief Financial Officer and other named executive officers, reviews the compensation of directors for service on the Board and its committees, and approves or recommends to the Board, as required, specific compensation actions, including salary adjustments, annual cash incentives, stock option grants and employment and severance arrangements for the Chief Executive Officer and other executive officers. The Compensation and Personnel Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee consisting solely of members of the Compensation and Personnel Committee who are non-employee directors and outside directors. The Board has determined that all members of the Compensation and Personnel Committee are "independent directors" under the applicable listing standards of the NYSE. The Compensation and Personnel Committee met seven times during fiscal 2014. The Compensation and Personnel Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.kornferry.com in the Corporate Governance section of the Investor Relations webpage in the About Us webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary.

Nominating and Corporate Governance Committee. Among other things, the Nominating and Corporate Governance Committee recommends criteria to the Board for the selection of nominees to the Board, evaluates all proposed nominees, recommends nominees to the Board to fill vacancies on the Board, and, prior to each annual meeting of stockholders, recommends to the Board a slate of nominees for election to the Board by the stockholders at the annual meeting. The Nominating and Corporate Governance Committee, with the assistance of the Company's executive search business, identified and recommended to the Board that Christina A. Gold be nominated as a director in this Proxy Statement to serve as a director until the 2015 Annual Meeting of Stockholders. In evaluating nominations, the Nominating and Corporate Governance Committee considers a variety of criteria, including business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board activities and the absence of potential conflicts with the Company's interests. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, it also takes into account the diversity of the Board when considering director nominees. The Board has determined that all members of the Nominating and Corporate Governance Committee are "independent directors" under the applicable listing standards of the NYSE. The Nominating and Corporate Governance Committee met four times in fiscal 2014. The Nominating and Corporate Governance Committee operates pursuant to a written charter adopted by the Board, which is available on the Company's website at www.kornferry.com in the Corporate Governance section of the Investor Relations webpage in the About Us webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. Stockholders may recommend director nominees by mailing submissions to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. Any stockholder recommendations for director are evaluated in the same manner as all other candidates considered by the Nominating and Corporate Governance Committee.

CODE OF BUSINESS CONDUCT AND ETHICS

The Board has adopted a Code of Business Conduct and Ethics that is applicable to all directors, employees and officers (including the Company's Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer). Among other things, the Code of Business Conduct and Ethics requires directors, employees and officers to maintain the confidentiality of all information entrusted to them (except when disclosure is authorized or legally mandated); to deal fairly with the Company's clients, service providers, suppliers, competitors and employees; to protect Company assets; and for those who have a role in the preparation and/or review of information included in the Company's public filings, to report such information accurately and honestly. It also prohibits directors, employees and officers from using or attempting to use their position at the Company to obtain an improper personal benefit. The Code of Business Conduct and Ethics is available on the Company's website at www.kornferry.com in the Corporate Governance section of the Investor Relations webpage in the About Us webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. We intend to post on the Company's website amendments, if any, to the Code of Business Conduct and Ethics, as well as any waivers thereunder, with respect to our officers and directors as required to be disclosed by the SEC and NYSE rules.

CORPORATE GOVERNANCE GUIDELINES

The Board has adopted Corporate Governance Guidelines, which among other things, impose limits on the number of directorships each member of the Board may hold (the Chief Executive Officer of the Company may not sit on more than two boards of directors of public companies (other than the Company), while all other directors may not sit on more than six boards of directors of public companies (other than the Company)); specifies the criteria to be considered for director candidates; and requires non-management directors to meet periodically without management. Additionally, the guidelines require that, when a director's principal occupation or business association changes substantially during his or her tenure as a director, that director is required to provide written notice of such change to the chair of the Nominating and Corporate Governance Committee, and agree to resign from the Board if the Board determines to accept such resignation. The Nominating and Corporate Governance Committee must then review and assess the circumstances surrounding such change, and recommend to the Board any appropriate action to be taken. The Corporate Governance Guidelines are available on the Company's website at www.kornferry.com in the Corporate Governance section of the Investor Relations webpage in the About Us webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary.

Proposal No. 2 Advisory Resolution on Executive Compensation

In accordance with the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and more specifically, Section 14A of the Exchange Act which was added under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are asking stockholders to approve an advisory resolution on the Company’s executive compensation as reported in this Proxy Statement. Our executive compensation program is designed to support the Company’s long-term success. As described below in the “Compensation Discussion and Analysis” section of this Proxy Statement, the Compensation and Personnel Committee has structured our executive compensation program to achieve the following key objectives:

- provide compensation packages to our executives that are competitive with other major executive recruitment firms, a broader group of human capital companies and similarly-sized publicly traded companies;
- closely tie individual annual cash incentive and equity-based awards to the performance of the Company as a whole, or one or more of its divisions or business units as well as to the team and individual performance of the named executive officer; and
- align the interests of senior management with those of our stockholders through direct ownership of Company common stock and by providing a portion of each named executive officer’s direct total compensation in the form of equity-based incentives.

We urge stockholders to read the “Compensation Discussion and Analysis” below, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative below which provide detailed information on the compensation of our named executive officers. The Compensation and Personnel Committee and the Board believe that the policies and procedures articulated in the “Compensation Discussion and Analysis” are effective in achieving our goals and that the compensation of our named executive officers reported in this Proxy Statement has supported and contributed to the Company’s success.

We are asking stockholders to approve the following advisory resolution at the 2014 Annual Meeting of Stockholders:

RESOLVED, that the stockholders of Korn/Ferry International (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers set forth in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narrative in the Proxy Statement for the Company’s 2014 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a “say-on-pay” resolution, is non-binding on the Board. Although non-binding, the Board and the Compensation and Personnel Committee will carefully review and consider the voting results when evaluating our executive compensation program. Taking into account the advisory vote of stockholders regarding the frequency of future advisory votes to approve executive compensation at our 2011 Annual Meeting of Stockholders, the Board’s current policy is to include an advisory resolution regarding approval of the compensation of

our named executive officers annually. Accordingly, unless the Board modifies its policy on the frequency of future votes, the next advisory vote to approve our executive compensation will occur at the 2015 Annual Meeting of Stockholders.

Recommendation of the Board

The Board unanimously recommends that you vote “FOR” the Company’s executive compensation.

EXECUTIVE SUMMARY: FOCUS ON PAY-FOR-PERFORMANCE

Our executive compensation program is designed to align the interest of our named executive officers with the interest of our stockholders by rewarding the named executive officers for effectively building stockholder value. Alignment of Performance and Compensation

The Board's Compensation and Personnel Committee ("Committee") believes that with a strong pay-for-performance philosophy, the Company's executive compensation will be aligned with the long-term value that our stockholders' desire. As described in more detail below, the Committee utilizes a number of components to facilitate and achieve its philosophy including:

- Variable or "At-Risk" Compensation.

- 79% of our CEO's direct compensation is tied to Company performance*

- 100% of long-term equity grants to our CEO and CFO during fiscal 2014 were in the form of performance-based restricted stock units*

- Relative Total Stockholder Return. *Use of restricted stock units which vest based upon the Company's relative total stockholder return among its peer group*

- Mitigation of Risk. *Annual cash incentives and long-term equity with multiple performance metrics encourage named executive officers to focus on varied short-term and long-term goals*

- Financial Metrics. *Use of financial metrics such as Fee Revenue, EBITDA margin (as described on pg 25), EPS, and ROIC to provide a clear and quantifiable link to the creation of stockholder value*

- Strategy Execution KPIs. *Use of tailored metrics to incentivize short-term progress toward long-term strategic objectives*

- Stock Ownership Guidelines. *To link the long-term interest of our named executive officers and stockholders, all named executive officers are required to own three times their annual salary in the Company's common stock*

Spotlight on CEO Pay Alignment

Korn Ferry achieved increased Fee Revenue, delivered strong fiscal year 2014 EPS, and fulfilled other financial and strategic metrics accomplishments. This performance was reflected in the 76% increase in our stock price from \$16.55 on April 30, 2013 to \$29.05 on April 30, 2014. The Committee considered in its compensation discussions the strong increase in stockholder value, the operational and strategic activities and actions undertaken by Mr. Burnison and the enhanced competitive position of the Company within the human talent consulting market place.

The chart below shows the components of Mr. Burnison's total direct compensation composed of his base salary, annual cash incentive award and long-term incentive award(s) for the past three years overlaid with the Company's stock price as of April 30 of each applicable fiscal year.

CEO Total Direct Compensation (\$M)⁽¹⁾ vs. Year-End Stock Price

As illustrated by the chart above, a significant portion of the CEO's fiscal year 2014 compensation package is tied to the financial performance of the Company and total direct compensation aligns to an increase in stock prices.

Stockholder Engagement and Consideration of Last Year's Say on Pay Vote

Korn Ferry routinely interacts with its stockholders to obtain stockholder views on various topics from our company strategy to capital allocation. At our most recent Annual Meeting of Stockholders, held on September 26, 2013, the compensation of our named executive officers was approved by 68% of the votes cast in person or by proxy. While such vote conveyed continued affirmative support of our executive compensation program, it also reflected a decline in support relative to the previous two years' advisory votes. The Board, the Committee and Senior Management gave significant consideration and weight to this outcome in this year's compensation setting process.

In fiscal year 2014, the Committee reached out to stockholders which we believe collectively beneficially owned approximately 41% of the Company's outstanding common stock, and meetings were held with stockholders which we believe collectively beneficially owned approximately 19% of the Company's outstanding common stock. All of these meetings were attended by the Chair of the Committee, Mr. Schulmeyer, Mr. You, a member of the Board and a representative from the Committee's independent advisor, Frederic W. Cook & Co. During the meetings stockholders expressed a number of views including a desire for enhanced disclosures in the Company's CD&A (particularly around the strategy execution key performance indicators (KPIs)). Stockholders in these meetings generally had a positive view of the Company's overall strategy of expanding its service offerings and conveyed an understanding of the difficulty of achieving and executing that strategy while continuing to grow and focus on the Company's core executive recruitment segment. These stockholders were supportive of the Committee's use of strategy execution KPIs to incentivize the achievement of the Company's strategy through tailored metrics that measure the strategy execution.

The Committee also met with ISS to solicit its perspective on the Company's executive compensation practices. The Committee and the Company will continue to engage our stockholders this year and in future years and consider their input in all facets of our business, including executive compensation.

Other Best Practice Highlights:

Use of Independent Compensation Consultant. *The Committee receives objective advice from its independent compensation consultant*

• Modest Perquisites. *Named executive officers receive only modest perquisites*

Clawback Policy. *The Board has adopted a clawback policy applicable to all incentive payments and performance-based equity awards granted to executive officers*

No Single Trigger Payments. *The named executive officers are not entitled to any "single trigger" equity acceleration or severance payments in connection with a change in control*

Stock Ownership Guidelines. *Named executive officers are required to hold three times their base salary in Company common stock*

Peer Group Analysis. *The Company reviews total direct compensation (base salary, annual cash incentive and long-term incentive payments) and the mix of the compensation components for the named executive officers relative to the peer group as one of the factors in determining if compensation is adequate to attract and retain executive officers with the unique set of skills necessary to manage and motivate our global human capital management firm*

No Hedging; No Speculative Trading; No Pledging. *The Company has adopted policies prohibiting hedging, speculative trading or pledging of Company stock*

No excise tax gross-ups. *After the end of the fiscal year, the Company entered into an amended and restated employment agreement with Mr. Burnison which eliminated his previous entitlement to an excise tax gross-up in connection with a change in control. The other named executive officers are also not entitled to any such gross-up*

EXECUTIVE COMPENSATION PHILOSOPHY AND OVERSIGHT

Philosophy

The Company is a premier global provider of talent management solutions including executive recruitment, leadership consulting services and high impact recruitment solutions. The Company is uniquely positioned to help its clients with their human capital needs by assisting our clients to design, build and attract talent. The Company's unique global positioning allows it to maintain enhanced brand visibility and to attract and retain high-caliber consultants. The Company provides its services to a broad range of clients through the expertise of approximately 432 Executive Recruitment, 127 LTC and 87 Futurestep consultants who are primarily responsible for client services and who are located in 37 countries throughout the world. Accordingly, the Company's executive officers must have the skills and experience to manage and motivate an organization spread over a large number of countries with varying business and regulatory environments. The market for these talented individuals is highly competitive. The Company's compensation philosophy focuses on attracting, retaining and properly rewarding the right candidates for their contributions.

The Committee is diligent about establishing an executive compensation program offering competitive total direct compensation opportunities, which are aligned to stockholder return through established performance criteria grounded in the Company's Strategic Plan and Annual Operating Plan ("AOP").

The Committee is guided by the following principles in establishing and assessing compensation programs and policies for the named executive officers:

- Individual annual cash incentive and equity-based awards should be closely tied to the performance of the Company as a whole or one or more of its divisions or business units, as well as to the team and individual performance of the named executive officer;

- The interests of senior management and the Company's stockholders should be aligned through direct ownership of Company common stock and by providing a portion of each named executive officer's total direct compensation in the form of equity-based incentives; and

- Total direct compensation must be competitive with our peer group which includes major executive recruiting firms, a broader group of human capital companies and similarly sized publicly traded companies.

Our Process: From Strategy to Compensation Related Metrics

The process begins at an annual off-site meeting where the Company reviews with the Board its Strategic Plan (including goals and objectives). As part of the Strategic Plan, the Company establishes a strategy execution framework (“SEF”) to drive performance and achievement of its strategic goals. That framework is represented by the five pillars below; each of which is comprised of detailed activities which, when executed, are designed to drive financial performance goals set within the Company’s Strategic Plan:

- *Integrated, solutions-based go-to-market strategy*
- *Extend and elevate the brand*
- *Unparalleled client excellence*
- *Premier career destination*
- *Non-executive search solutions*

In setting the financial goals that underlie the Strategic Plan, the Company considers a number of internal and external factors such as revenue growth in excess of GDP expectations, projected macro-economic data such as employment trends and forecasted GDP in the countries where the Company has significant operations, market expectations for revenue and growth for recruiting and staffing industry public companies, recent and expected levels of new business activity, increased productivity of fee earners, focus on increasing Executive Recruitment Futurestep and LTC collaboration efforts, and leveraging the executive search relationships to drive cross line-of-business revenue growth. Then, during an end of fiscal year process, the Board approves an AOP for the upcoming fiscal year. For the named executive officers, the Committee establishes annual bonus plan targets with financial and strategy execution metrics that are derived from the SEF and AOP as follows:

Such financial targets and strategy execution KPIs form the basis for each named executive officer’s annual cash incentives and are tracked and measured during the course of the year; with the year-end results reported into the Committee for consideration in determining year-end annual cash bonus awards.

Use of Independent Advisor

The Committee retains compensation consultants to assist it in assessing the competitiveness of the named executive officers' compensation. Frederic W. Cook & Co, Inc. has provided services to the Committee since September 2010. Pursuant to the factors set forth in Item 407 of Regulation S-K of the Exchange Act, the Committee has reviewed the independence of Frederic W. Cook & Co and conducted a conflicts of interest assessment, and has concluded that Frederic W. Cook & Co is independent and Frederic W. Cook & Co's work for the Committee has not raised any conflicts of interest. No other fees were paid to these compensation consultants except as such fees related to their services to the Committee.

[Back to Contents](#)**Use of a Peer Group**

The Company does not target or position named executive officer pay levels at a specific percentile level relative to a peer group. Rather, the Company reviews total direct compensation and the mix of the compensation components relative to the peer group as one of the factors in determining if compensation is adequate to attract and retain executive officers with the unique set of skills necessary to manage and motivate our global human capital management firm.

Because a number of the Company's peer organizations are privately-held, precise information regarding executive officer compensation practices among the Company's competitor group is difficult to obtain. In addition, even when such data is available, meaningful differences in size, complexity and organizational structure among the Company's peer group make direct comparisons of compensation practices challenging and require exercise of judgment. In assessing the competitiveness of the Company's named executive officer compensation, the Committee relies on information obtained from the proxies of publicly-traded competitors, information derived from data obtained from other public sources with respect to competitor organizations, and the general knowledge of the Committee and its compensation consultant with regard to the market for senior management positions.

During fiscal 2014, the Committee used the following companies as a peer group:

CBIZ, Inc.	Navigant Consulting, Inc.
FTI Consulting, Inc.	Resources Connection, Inc.
Heidrick & Struggles International, Inc.	Robert Half International Inc.
Huron Consulting Group Inc.	The Corporate Executive Board Company
ICF International, Inc.	The Dun & Bradstreet Corporation
Insperty, Inc.	Towers Watson & Co.
Kelly Services, Inc.	TrueBlue, Inc.
Kforce Inc.	

This peer group was primarily selected based upon criteria such as business lines, operating model, customer base, revenue, market capitalization and entities with which the Company competes for stockholder investment. The Committee reviews the peer group on an annual basis. Revenue and market capitalization data for this peer group and the Company are as follows:

	Market capitalization (as of July 31, 2014)	Revenues*
Fiscal 2014 Peer Group Median	\$1,120 million	\$1,152 million
Korn Ferry**	\$1,470 million	\$960 million

* *Peer company revenues computed for 12 months ending as of the applicable company's most recent annual report (as of July 31, 2014).*

***As of the Company's fiscal year ended April 30, 2014.*

While the Committee does not target a particular position relative to its peer group, in determining the salary, annual cash incentive and long-term incentive levels for each named executive officer, the Committee does consider the range of salary, annual cash incentive and long-term incentive levels that the peer group provides to similarly situated executives and intends that the levels provided to each named executive officer fall within that range. The salary, annual cash incentive and long-term incentive levels for fiscal 2014 generally fell within this range and are generally intended to be within the 25th to 75th percentile of the range.

The chart to the right illustrates our CEO's compensation versus our peer group. For fiscal year 2014, the Company's CEO's base salary and total target cash opportunity was below the peer group median, while the target value of annual long-term incentives was above median. The Committee believes that the use of a significant portion of annual long term incentive awards supports its philosophy of and commitment to aligning the interests of our CEO with the interest of our stockholders. In addition, in fiscal year 2014, 100% of the annual long term incentive awards granted to the CEO were in the form of performance based equity awards.

ELEMENTS OF COMPENSATION & COMPENSATION DECISIONS AND ACTIONS

Base Salary

Base salary is intended to compensate named executive officers for services rendered during the fiscal year and to provide sufficient fixed cash income for retention and recruiting purposes. Named executive officer base salary levels are reviewed on an annual basis by the Committee. In addition to competitive data from the peer group, data is also obtained from other sources with respect to non-public competitor organizations. The Committee also incorporates its perspective and the market knowledge of its compensation consultant related to senior management positions in assessing base salary levels. Further, the Committee takes into consideration individual performance of each named executive officer and, with respect to the named executive officers other than the Chief Executive Officer, input from the Chief Executive Officer.

There were no changes to the base salaries of the Company's named executive officers during fiscal 2014. Please see section entitled "Employment Agreements" beginning on page 31 for a discussion of changes made in fiscal year 2015 and prior to the date of this proxy statement.

Annual Cash Incentives

Annual cash incentives are intended to motivate and reward named executive officers for achieving financial and strategy execution goals over a one-year period. The Committee determines annual cash incentive amounts based upon a number of factors including financial goals, strategy execution objectives, competitive data, and individual performance, as described in more detail below. While the Committee does take into consideration performance against these objectives for the year, it retains discretion in determining actual bonus payouts. Annual cash incentives are typically paid in cash, but the Committee has discretion to pay a portion of the annual cash incentive in equity or other long-term incentives. In the case of Mr. Mulrooney and Mr. Heckman, the aforementioned factors are used to determine each of their aggregate incentive amounts which is then allocated among an annual cash incentive award and long-term incentive awards.

Our Metrics: Measuring Performance

As discussed earlier in the section entitled "*Our Process: From Strategy to Compensation Related Metrics*", the Committee, using the Company's strategic plan, SEF and AOP as a basis, sets performance metrics and associated targets for our named executive officers. These performance metrics typically are separated into two categories: financial metrics and strategy execution KPIs.

For fiscal year 2014, the Committee selected the following financial performance metrics:

Financial Metric

Fee Revenue

Fee revenue as reported in the Company's annual report on form 10-K filed on June 27, 2014 ("10-K")

EPS

Diluted earnings per share as reported in the Company's 10-K adjusted to exclude the effect of management separation charges (on an after tax basis).

EBITDA Margin

GAAP net income plus interest, tax, depreciation and amortization expense adjusted to exclude the effects of any management separation charges, divided by GAAP fee revenue.

Return on Invested Capital

GAAP net Income adjusted to exclude the effects of management separation charges (on an after tax basis), divided by average stockholders' equity (plus debt).

[Back to Contents](#)

Strategy execution KPIs constitute the other group of performance metrics. Grounded in the Company’s Strategic plan, SEF and AOP, the inclusion and use of these KPIs are designed with the intent of aligning compensation with the achievement of the Company’s strategic long-term goals, namely efforts to expand its service offerings. While these KPIs are strategic in nature, each KPI does have metrics and measurements assigned to each; some of which tied back to specific financial metrics.

Strategy Execution KPIs

Purpose

How the Target Was Established

Strategic Account Development.

(measured by GAAP* Fee Revenue from clients designated as Premier Client Partnership and Investment Accounts divided by total GAAP Fee Revenue)

Linked to the Company’s integrated solutions drive “go-to market” strategy of building deeper, multi-service line relationships with clients.

Target set based upon expected revenues from an agreed-upon list of clients established at the beginning of the fiscal year as a part of the AOP process.

Avg. Fee Executive Search.

(measured by the average fee per engagement within our search segment)

Indicates how the Company has extended and elevated the brand; with higher average fees equating to higher level work (e.g. more C-suite and Board level work).

Target set by Committee derived from the SEF and AOP.

Net Promoter Score.

(quality metric that tracks client satisfaction obtained through the use of an independent third party)

Linked to the Company’s strategic goal of having unparalleled client excellence.

Target set by Committee derived from the SEF and AOP.

SCP Retention.

(based upon the percentage of highly rated senior client partners and senior partners of the Company which are retained throughout the fiscal year)

Linked to the company’s strategic goal of being a premier career destination.

Target set by Committee derived from the SEF and AOP.

% of Revenue from Outside the Line of Business (“Inside Sales”).

(based upon the percentage of LTC & Futurestep revenue for projects/engagements opened in the fiscal year where the originating consultant was in executive search)

Linked to the Company’s strategic focus on expanding revenue from non-search solutions.

Target set by Committee derived from the SEF and AOP.

**United States Generally Accepted Accounting Principles (GAAP)*

The Board, Committee and Company believe they have set targets with appropriate rigor. In each applicable instance the fiscal year 2014 target represents an increase from both the fiscal year 2013 target and the fiscal year 2013 actual result. For instance, the Fee Revenue target for fiscal year 2014 represents an increase of \$122 million in Fee Revenue (or a 15% increase from the fiscal year 2013 actual performance).

Given stockholder feedback expressing a desire for additional disclosures regarding our metrics and balancing competitive harm concerns, the Company has undertaken enhanced disclosures throughout this proxy statement. As

part of those efforts, the table below discusses target and actual results for fiscal year 2013 and fiscal year 2014.

Financial Metric / KPI	FY 13	FY 13	FY 14	FY 14
	Target	Actual	Target	Actual

***In addition to separation charges, for fiscal year 2013, the Company also adjusted to exclude the effects of restructuring charges (on an after tax basis).*

[Back to Contents](#)**Determinations and Results:**

After the end of the fiscal year the Committee evaluated each named executive officer's achievements against the financial and strategy execution targets. Notwithstanding the structure outlined above, the Committee retained its ability to evaluate achievement against the factors as it deemed most appropriate.

For fiscal year 2014, the weightings and results for our named executive officers were as follows:

* The Fee Revenue and EBITDA Margin KPIs are calculated with respect to LTC for Mr. Heckman and Futurestep for Mr. Mulrooney.

**Target not disclosed due to potential competitive harm.

In keeping with our efforts to reflect stockholder feedback, the table above incorporates enhanced disclosure with either actual results or relative results to target. For competitive advantage and confidentiality reasons, we do not disclose the target and actual results for all our strategy execution KPIs. However, when the goals were established the financial metrics and the strategy execution KPIs were considered challenging to achieve given the continuing uncertain economic environment.

Consistent with past practice, in determining annual incentive amounts for fiscal 2014, the Committee reviewed a number of factors in addition to the goals described above, including competitive data and individual performance. In assessing performance against the Company's performance goals, the Committee noted the Company's performance during fiscal year 2014, including the achievements discussed in the section above entitled "Selected Performance Highlights". The Committee also noted the performance of each named executive officer including the following:

Gary D. Burnison	<ul style="list-style-type: none"> • the increase in Fee Revenue • the increase in EPS • the increase in the average fee amount of executive search engagements • the retention of high rated senior client partners and senior partners
Robert P. For each of Mr. Burnison and Mr. Rozek, the target bonus is equal to 100% of his base salary and the maximum bonus is equal to 200% of his base salary. Per his recently updated employment agreement, Mr. Mulrooney had a target of \$650,000 for his annual cash and long-term incentives, in the aggregate. Mr. Heckman had a target of \$400,000 for his annual cash and long-term incentives, in the aggregate. Further, pursuant to his offer letter and based upon arm's-length negotiation of such agreement at the time of his initial hire, for fiscal year 2014, Mr. Heckman was entitled to receive a guaranteed cash incentive award of no less than \$200,000.

For Messrs. Burnison and Rozek, the Committee awarded annual cash incentive amounts as follows: Mr. Burnison-\$1,303,650 and Mr. Rozek-\$884,620 (which amounts represents 186.2% of their respective target bonuses for the year). This amount reflects their performance against the financial metrics and strategy execution KPIs targets established at the beginning of the fiscal year.

In accordance with the design of the annual incentive program, the results are aligned with the financial performance and stockholder value created during the fiscal year, including: (1) the Company's stock price appreciation from \$16.55 on April 30, 2013 to \$29.05 on April 30, 2014, and (2) the Company's first place TSR performance for fiscal year 2014 relative to our peer group.

The Committee reviewed performance against the financial performance goals and strategy execution objectives described above in determining a total dollar value for Mr. Heckman's and Mr. Mulrooney's combined annual cash incentive and long-term equity awards. A portion of this value was provided to each executive in early fiscal 2015 as an annual cash incentive (Mr. Mulrooney \$722,643 and Mr. Heckman \$400,000) and a portion of this value (Mr. Heckman \$290,955 and Mr. Mulrooney \$400,137) was granted to the executive in the form of long-term incentive awards in fiscal 2015, as described further below.

Long-Term Incentives

Long-term incentives are intended to align the named executive officers' interests with those of stockholders and encourage the achievement of the long-term goals of the Company. Long-term incentives are also designed to motivate and help retain top talent. To accomplish these objectives the Committee has discretion to make grants of options, time-based restricted stock and/or performance-based awards, as well as contributions to the Company's non-qualified deferred compensation plan (described below) that vest over time.

The Committee determines long-term incentive award amounts based upon a number of factors including competitive data, total overall compensation provided to each named executive officer, Company performance during the fiscal year preceding the year of grant, and historic grants. The various factors are not given specific weights; the Committee retains discretion to consider items as it deems appropriate.

In fiscal 2014 our Chief Executive Officer received annual equity grants with a target grant value (i.e., shares awarded for target performance) equal to 2 times base salary, paid entirely in performance restricted stock units (discussed in further detail below). The Committee has determined that this amount falls within the range of long-term incentives provided by the peer group companies and that this was an appropriate level of equity grant to properly align the interests of our Chief Executive Officer with the Company's long-term goals, taking into account his individual performance and market compensation levels. In fiscal 2014 our Chief Financial Officer received annual equity grants with a target grant value equal to his base salary, paid entirely in performance restricted stock units (discussed in further detail below).

As described above, Mr. Mulrooney had an aggregate target of \$650,000 for his target annual cash and long-term incentives, and Mr. Heckman had an aggregate target of \$400,000 for his target annual cash and long-term incentives. When determining the allocation between cash and long-term equity incentives with respect to Mr. Mulrooney and Mr. Heckman, the Committee primarily reviewed historical pay practices, internal equity and what it considered to be an appropriate balance between short-term and long-term pay elements.

Below we discuss equity grants made during fiscal 2014, the payout of the performance awards granted in 2011 for which the three-year performance period ended in fiscal 2014, and the equity grants made during fiscal 2015.

Fiscal Year 2014 Awards

In fiscal year 2014 the equity awards granted to Mr. Burnison and Mr. Rozek were entirely comprised of performance-based awards. Unlike in previous years, Mr. Burnison and Mr. Rozek did not receive any time-based restricted stock awards, and instead received two different types of performance restricted stock units:

1. Performance-based vesting tied to Fee Revenue and EBITDA margin compound annual growth rates ("CAGRs") of the LTC and Futurestep service offerings ("LTC/FS Units")(as described below)
2. Performance-based vesting tied to three-year relative total stockholder return ("Relative TSR Units") (as described below).

In addition, Mr. Mulrooney received a time-based restricted stock award as described below and received an award of LTC/FS Units. Mr. Heckman did not receive any such awards in fiscal year 2014, as he had been with the Company for only a small portion of the 2013 fiscal year and had received a restricted stock award in January 2013 upon his hire. Awards in recognition of 2014 are awarded in fiscal year 2015.

Performance-Based Equity: LTC/FS Units

Mr. Burnison was awarded LTC/FS Units with a target amount of 35,640 units, a maximum amount of 71,280 units, and a minimum amount of zero. Messrs. Rozek and Mulrooney were awarded LTC/FS Units with a target amount of 12,090 units and 6,790 units, respectively, a maximum amount of 24,180 units and 13,580 units, respectively, and a minimum amount of zero.

Up to 200% of the target number of LTC/FS Units granted are eligible to vest on the third anniversary of the grant date, subject to performance against LTC and Futurestep Revenue and EBITDA Margin CAGR targets for each of the three years in the performance period. For each of the three years in the performance period, the LTC Revenue and EBITDA Margin CAGR targets will each have a weighting of 30% and the Futurestep Revenue and EBITDA Margin CAGR targets will each have a weighting of 20%. In the first year of the performance period, subject to actual performance, up to 150% of one-third of the target number of units are eligible to be earned. Likewise, in the second year of the performance period, subject to actual performance, up to 150% of two-thirds of the target number of units are eligible to be earned, less units earned in the first year. Finally, in the third year of the performance period, subject to actual performance, up to 200% of the target number of units are eligible to be earned, less units earned in the first two years. All of the earned units are settled upon vesting on the third anniversary of the date such grant was approved.

The performance metrics were selected to underscore the Company's commitment to its diversified service offering strategy with the specific targets based upon and derived from the Company's strategic plan. For competitive advantage and competitive harm concerns, we do not disclose the specific targets or actual results. However, when the goals were established the Committee considered the achievement of these targets to be difficult in light of the uncertain economic environment. The Company's performance during the first year of the three year performance period, resulted in 118.6% of one-third of the target number of units earned, subject to vesting upon the third anniversary of the grant date.

Performance-Based Equity: Relative TSR Units

Mr. Burnison was awarded Relative TSR Units with a target amount of 36,050 units, a maximum amount of 72,100 units, and a minimum amount of zero. These Relative TSR Units have a three-year performance period after which the number of units that vest may range from 0-72,100, depending upon the Company's TSR over the three-year performance period relative to the fiscal 2014 peer group of companies listed above. Such units are subject to full forfeiture and will only vest if the Company meets certain performance targets at the end of three years from the grant date. If the Company's TSR is less than zero, then the payouts will be modified to reduce the percentage of the target.

Relative TSR Units were also granted to Mr. Rozek, with a target amount of 12,230 units (maximum of 24,460 units and minimum of zero).

The table below outlines the vesting of the Relative TSR Units granted in fiscal 2014 resulting from the Company's TSR over the three-year performance period relative to the TSR of the fiscal 2014 peer group.

Relative Ranking refers to the Company's TSR over the three-year performance period relative to the TSR of the peer group companies over the same three-year performance period. If any member of the peer group ceases to be a public company due to merger, dissolution, or any other reason, the relative ranking and target table above is appropriately revised.

Time-Based Restricted Stock

•Mr. Burnison, Mr. Rozek and Mr. Heckman were not awarded any time-based restricted stock in fiscal year 2014.

•Mr. Mulrooney was awarded a time-based restricted stock award in the amount of 13,730 shares. The restricted stock award vests in four equal annual installments beginning on July 9, 2014.

Relative TSR Units for the Three-Year Performance Cycle Ending April 30, 2014

April 30, 2014 marked the end of the three-year performance cycle for the performance-based restricted stock units granted to Mr. Burnison and Mr. Mulrooney for fiscal 2011. Based upon the Company's relative total stockholder return over the three-year performance period, 110% of the award (i.e. 33,900 and 4,840 shares, respectively) vested. None of the Company's other NEOs were employees in fiscal 2011 and accordingly did not receive performance-based restricted stock units in fiscal 2011.

Fiscal Year 2015 Awards

After the close of fiscal 2014 and as will be described in more detail in the proxy statement for fiscal 2015, the Company granted time-based restricted stock and relative TSR Units to the named executive officers. The Committee and Company changed the design of the Relative TSR Unit awards granted in fiscal year 2015. Among the changes were defining performance as a percentile (as opposed to a numerical rank) and setting the target payout at the 60th percentile ranking. For the fiscal year 2015 grants, each of the NEOs received the following:

NEO	Time-Based Restricted Stock	Relative TSR Units
Gary D. Burnison	18,820	28,240
Robert P. Rozek	6,390	9,580
Byrne Mulrooney	5,380	8,070
Robert J. Heckman	3,910	5,870

OTHER COMPENSATION ELEMENTS

Generally Available Benefits and Perquisites

The Company provides named executive officers the same benefits that are provided to all employees, including medical, dental and vision benefits, group term life insurance and participation in the Company's 401(k) plan. In addition, the named executive officers receive the benefits provided to all employees at the level of vice president and above including an automobile allowance, participation in the Company's nonqualified deferred compensation plan (described below) and reimbursement for medical expenses not reimbursed under the group medical plan, typically up to \$2,500 per annum (this benefit terminated as of December 31, 2013).

Nonqualified Deferred Compensation Plan

The Company maintains a nonqualified deferred compensation plan, known as the Korn/Ferry International Executive Capital Accumulation Plan ("ECAP"). Pursuant to the ECAP, the named executive officers, along with all other U.S.-based vice presidents, may defer up to 90% of their salary and/or up to 100% of their annual incentive award into the ECAP. Participants in the ECAP make elections on how they would like their deemed account "invested" from a set line up of 17 pre-determined mutual funds. At its discretion, the Company may make contributions to the ECAP on behalf of a participant. All Company matching and performance contributions to the ECAP are approved by the Committee. During fiscal 2014, no Company contributions were made to the ECAP on behalf of the named executive officers. Participants in the ECAP may elect to receive distributions (in lump sum) while employed by the Company (and after such amounts have become vested) or upon termination of their employment with the Company.

Employment Agreements

Each of the Company's named executive officers is covered by an employment contract or letter agreement that provides for a minimum annual level of salary, target incentives, eligibility for long-term incentives and benefit eligibility. The agreements with Messrs. Burnison, Rozek, Mulrooney (as of June 2014) and Heckman also provide for a severance benefit in the event of a termination of employment without "cause" or, in the case of Messrs. Burnison, Rozek and Mulrooney (as of June 2014), for "good reason," as such terms are defined in the agreements. It is the Committee's belief that such agreements are necessary from a competitive perspective and also contribute to the stability of the management team.

In July of 2014, the Company entered into an amended and restated employment agreement with Mr. Burnison. The amended and restated agreement eliminated the excise tax gross-up payments in connection with Section 280G of the Internal Revenue Code. Accordingly, the Company does not provide any excise tax gross-ups to its executives. As Mr.

Burnison's base salary was below the 25th percentile of the Company's peer group and had not been changed since 2010, his annual base salary was increased to \$910,000. Mr. Burnison's new base salary, together with his target annual bonus (which remains at 100% of base salary), results in his target cash compensation being slightly above median in relation to the Company's peer group. The amended and restated employment agreement provides that long term incentive awards are to be made in the discretion of the Compensation Committee. Additional changes described below under "Employment Agreements" and "Potential Payments Upon Termination or Change of Control" were made in the amended and restated employment agreement.

Please refer to the sections entitled "Employment Agreements" and "Potential Payments Upon Termination or Change of Control" for further discussion of these agreements.

OTHER POLICIES

Stock Ownership Guidelines

The Company's amended and restated stock ownership guidelines provide that all named executive officers are required to own three times their annual salary in Company common stock. In addition, such guidelines require non-employee directors to hold three times their annual cash retainer in Company common stock. Stock ownership includes direct stock ownership but does not include unvested stock awards. Pursuant to the stock ownership guidelines, the stock ownership level will be calculated annually on the day of the Company's annual meeting of stockholders based on the prior thirty-day average closing stock price as reported by the NYSE. Generally, each named executive officer and non-employee director has five years from the later of the effective date of the guidelines (June 14, 2011) or the date appointed to such position to meet the ownership requirements. All of our named executive officers are either in compliance with the stock ownership guidelines or are on track to be in compliance within the applicable time period.

Clawback Policy

On July 12, 2011, the Board adopted a clawback policy applicable to all incentive payments and performance-based equity awards granted to executive officers or the principal accounting officer after July 12, 2011. Pursuant to the policy, in the event that the Board determines there has been an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws, the Board will review all applicable incentive payments and if such payments would have been lower had they been calculated based on such restated results, the Board may, to the extent permitted by governing law, seek to recoup for the benefit of the Company such payments to and/or equity awards held by executive officers or the principal accounting officer who are found personally responsible for the material restatement, as determined by the Board.

Policies Prohibiting Hedging, Speculative Trading and Pledging

The Company has adopted policies prohibiting officers and directors from engaging in speculative transactions (such as puts, calls, short sales) or in any type of hedging transaction (such as zero cost collars and forward sale contracts) in Company securities. Further, directors and officers are expressly prohibited from margining Company securities or pledging Company securities as collateral for a loan.

Internal Revenue Code Section 162(m)

As one of the factors in the review of compensation matters, the Committee considers the anticipated tax treatment to the Company. The deductibility of some types of compensation for named executive officers (other than the chief financial officer) depends upon the timing of a named executive officer's vesting or exercise of previously granted rights or on whether such plans qualify as "performance-based" plans under the provisions of the tax laws. The Committee usually seeks to satisfy the requirements necessary to allow the compensation of its named executive officers to be deductible under Section 162(m) of the Internal Revenue Code, but may also approve compensation that is not deductible under Section 162(m). For example, with the exception of Mr. Heckman's guaranteed bonus, for fiscal 2014 no annual bonuses would have been paid, and no equity awards would have been granted in fiscal 2014, to any of the named executive officers if the Company had not achieved at least 5.5% ROIC or \$0.70 of EPS.

(1) Represents the aggregate grant date fair value of awards granted during the fiscal year, calculated in accordance with Accounting Standards Codification, 718, Compensation-Stock Compensation. Certain assumptions used to calculate the valuation of the awards are set forth in Note 4 to the notes to consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended April 30, 2014. For the 2014 grants, the value on the grant date of the maximum number of shares that could be earned as market and performance-based shares granted to each named executive officer is as follows: Mr. Burnison, \$3,499,651, Mr. Rozek, \$1,187,214, and Mr. Mulrooney, \$347,648. For market-based shares, the grant date fair value is measured using a Monte Carlo simulation valuation model. The simulation model applies a risk-free interest rate and an expected volatility assumption. The risk-free rate is assumed to equal the yield on a three-year Treasury bond on the grant date. Volatility is based on historical volatility for the 36-month period preceding the grant date. For Mr. Burnison, the assumed per-share value of market-based shares for the July 9, 2013 annual grant was \$23.23, for the July 11, 2012 annual grant was \$15.36, and for the July 11, 2011 annual grant was \$28.00. For Mr. Rozek, the assumed

per-share value of market-based shares for the July 9, 2013 annual grant was \$23.23 and for the July 11, 2012 annual grant was 15.36. For Mr. Mulrooney, the assumed per-share value of market-based shares for the July 11, 2012 annual grant was \$15.36 and for the July 11, 2011 annual grant was \$28.00. For performance-based shares, fair value is determined by the closing share price on the grant date and the outcome is determined upon company performance measured by the compounded annual growth rate of segment revenue and EBITDA margin compared to target levels. The per-share value of performance-based shares granted on December 18, 2013 for Mr. Burnison, Mr. Rozek and Mr. Mulrooney was \$25.60.

- (2) *Reflects cash incentive compensation earned in the applicable fiscal year and paid in the following fiscal year. The values in the table represent, for each applicable fiscal year, the aggregate change in the actuarial present value of Mr. Burnison's accumulated benefit under the Enhanced Wealth Accumulation Plan (the "EWAP") from the pension plan measurement date used for financial statement reporting purposes with respect to the Company's audited financial statements for the prior completed fiscal year to the pension plan measurement date used for financial reporting purposes with respect to the Company's audited financial statements for the covered fiscal year. As discussed under "Fiscal 2014 Pension Benefits," participants in the EWAP elected to participate in a "deferral unit" that required the participant to contribute a portion of their compensation for an eight year period, or in some cases, make an after tax contribution, in return for defined benefit payments from the Company over a*
- (3) *fifteen year period generally at retirement age of 65 or later. Mr. Burnison is the only named executive officer that participates in the EWAP. To date, Mr. Burnison has contributed \$55,200 to the EWAP. In June 2003, the Company amended the EWAP plan, so as not to allow new participants or the purchase of additional deferral units by existing participants. Prior year amounts were revised to reflect a change in the assumptions used to calculate the present value of the accumulated benefit. The aggregate change in the actuarial present value of Mr. Burnison's accumulated benefit under the EWAP from the pension plan measurement date used for financial statement reporting purposes with respect to the Company's audited financial statements for fiscal year 2013 to the pension plan measurement date used for financial reporting purposes with respect to the Company's audited financial statements for fiscal year 2014 was (\$16,954).

Employment Agreements

Certain elements of compensation set forth in the “Summary Compensation Table” and “Grants of Plan-Based Awards Table” reflect the terms of employment or letter agreements entered into between the Company and each of the named

executive officers that were in effect as of April 30, 2014.

Gary D. Burnison. We entered into an employment agreement with Mr. Burnison dated April 24, 2007 (the “Burnison Employment Agreement”) pursuant to which Mr. Burnison served as Chief Executive Officer. Pursuant to the Burnison Employment Agreement, we agreed to provide Mr. Burnison with the following annual compensation: (1) an annual base salary of \$575,000; (2) participation in the Company’s annual cash incentive plan with an annual target award of 100% of annual base salary and the ability to earn additional amounts up to a maximum cash award of 200% of annual base salary; and (3) subject to approval of the Board, participation in the Company’s equity incentive program, pursuant to which Mr. Burnison was initially eligible to receive (a) a grant of restricted stock with a target grant value of \$900,000; (b) an annual award of performance shares with a target grant value of 100% of annual base salary; and (c) an annual grant of restricted stock with a target grant value of 100% of annual base salary.

The Committee increased Mr. Burnison’s base salary from \$675,000 to \$700,000 effective May 1, 2010 following a temporary salary reduction that was in place from July 1, 2009 through April 30, 2010 at the request of Mr. Burnison as a result of the economic environment at the start of fiscal 2010.

In July of 2014 the Company entered into an amended and restated employment agreement with Mr. Burnison (the “Amended Burnison Agreement”) which supersedes the Burnison Employment Agreement. In addition to the changes described below under “Potential Payments Upon Termination or Change of Control”, the Amended Burnison Agreement eliminated the excise tax gross-up payment in connection with Section 280G of the Internal Revenue Code. The Amended Burnison Agreement increased Mr. Burnison’s annual base salary to \$910,000 and continues to provide for participation in the Company’s annual cash incentive plan with an annual target award of 100% of annual base salary and the ability to earn additional amounts up to 200% of base salary. It provides for Mr. Burnison to receive annual equity awards at the discretion of the Compensation and Personnel Committee of the Company’s Board of Directors, and it does not provide for a specified target grant value for such equity awards.

Robert P. Rozek. We entered into an employment agreement (the “Rozek Employment Agreement”) with Robert Rozek as Executive Vice President and Chief Financial Officer of the Company on February 6, 2012, for an initial term ending on April 30, 2015 and thereafter subject to automatic renewal for successive terms of one year unless sooner terminated. Pursuant to the terms of the Rozek Employment Agreement, Mr. Rozek receives an annual base salary of \$475,000 and is eligible for an annual target cash incentive award equal to 100% of his annual base salary with the ability to earn additional amounts up to a maximum cash award equal to 200% of his annual base salary. Upon commencement of his employment, Mr. Rozek was entitled to receive a cash-incentive award of no less than \$275,000, payable in 12 equal semi-monthly installments, subject to Mr. Rozek’s continued employment. On February 21, 2012, per the terms of the Rozek Employment Agreement, Mr. Rozek received an initial one-time restricted stock unit award (the “Initial RSU Award”) covering a number of shares having a value on the grant date of the award equal to \$1,050,003, which will vest in four (4) annual installments from the effective date of grant, in each case subject to Mr. Rozek’s continued employment. Commencing with the completion of fiscal year 2012, Mr. Rozek became eligible to receive (a) a grant of restricted stock or restricted stock units (the “2012 Time-Based Awards”), covering a number of shares having a value on the grant date of the award equal to 50% of his annual base salary, which will vest in four (4) annual installments from the effective date of grant subject to Mr. Rozek’s continued employment; and (b) an award of restricted stock units subject to performance-based vesting criteria (the “2012 Performance-Based Awards”), covering a number of shares with a value on the grant date of the award at target performance equal to 50% of his annual base salary, which will be earned at the end of, and based on the Company’s performance during, a performance period of three (3) years subject to Mr. Rozek’s continued employment.

The terms of the Rozek Employment Agreement required the Company to pay up to \$628,000 in order to discharge certain obligations owed to Mr. Rozek’s previous employer, Cushman & Wakefield (“C&W”). Following the commencement of his employment, and in connection with Mr. Rozek’s termination of employment with C&W in order to become employed by the Company, the Company paid the entire \$628,000, including a \$362,542 payment to Mr. Rozek to reimburse him for amounts he paid to C&W, and a \$265,458 payment directly to C&W as an additional amount indicated as due by C&W. If Mr. Rozek voluntarily resigns employment (without good reason) or is terminated for cause in the first three years of his employment with the Company, he will be required to repay to the Company all or a portion of the aggregate \$628,000. The amount required to be repaid would equal 100% of this total if resignation or termination occurred in the first year of employment, 66% if it occurs in the second year of employment, and 33% if it occurs in the third year of employment. Pursuant to the Rozek Employment Agreement, Mr. Rozek was also entitled to reimbursement for reasonable relocation expense, including reimbursement of up to \$100,000 relating to his home lease in New York and the Company paid for temporary housing in Los Angeles until June 30, 2012.

Byrne Mulrooney. We entered into a letter agreement with Byrne Mulrooney on March 29, 2010 that was effective April 5, 2010 (the “Mulrooney Letter Agreement”). The Mulrooney Letter Agreement provides for (1) an annual base salary of \$300,000; (2) a monthly cash stipend equal to \$8,333; (3) an annual target incentive award (cash and long-term equity) with a value of \$400,000; and (4) a recommendation by management to the Committee to award Mr. Mulrooney \$400,000 of restricted stock, which was granted on April 5, 2010.

After the end of fiscal year 2014, on June 26, 2014, we entered into a letter agreement (the “2014 Mulrooney Letter Agreement”) with Byrne Mulrooney that supersedes his existing Mulrooney Letter Agreement. The 2014 Mulrooney Letter Agreement provides for (1) an annual base salary of \$450,000; and (2) an annual target incentive award (cash and long-term equity) with a value of \$650,000. In addition, Mr. Mulrooney will continue to be eligible to participate

in employee benefit plans, arrangements and programs maintained from time to time by the Company for the benefit of senior executives.

Robert Heckman. We entered into a letter agreement with Robert Heckman on December 4, 2012 (the “Heckman Letter Agreement”). The Heckman Letter Agreement provides for (1) an annual base salary of \$400,000; (2) an annual target incentive award (cash and long-term equity) with a target value of \$400,000; (3) for fiscal 2013, a minimum guaranteed cash bonus award of \$66,667; (4) for fiscal 2014, a minimum guaranteed cash bonus award of \$200,000; and (6) a sign-on equity award of \$400,000 of restricted stock, which was granted on January 4, 2013.

Fiscal Year 2014 Pension Benefits

The following table sets forth the pension benefits of the named executive officers as of April 30, 2014.

Name	Plan Name	Number of Years Credited Service or Number of Units Earned	Present Value of Accumulated Benefit	Payments During Last Fiscal Year
Gary D. Burnison	Executive Wealth Accumulation Plan (“EWAP”)	10	262,502	—

Enhanced Wealth Accumulation Plan

The EWAP was established in fiscal 1994. Certain vice presidents elected to participate in a “deferral unit” that required the participant to contribute a portion of their compensation for an eight year period, or in some cases, make an after-tax contribution, in return for defined benefit payments from the Company over a fifteen year period generally at retirement age of 65 or later. Participants were able to acquire additional “deferral units” every five years.

In June 2003, the Company amended the EWAP so as not to allow new participants or the purchase of additional deferral units by existing participants. The assumptions used to calculate the present value of the accumulated benefit under the EWAP are set forth in Note 6 to the notes to consolidated financial statements in our Annual Report on Form 10-K for the year ended April 30, 2014.

Nonqualified Deferred Compensation

The nonqualified deferred compensation plan earnings and withdrawals of the named executive officers as of April 30, 2014 are set forth in the table below.

Name	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY (\$)	Aggregate Earnings/loss in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$) ⁽¹⁾

Robert P. Rozek	—	—	—	—	—
Byrne Mulrooney	—	—	—	—	—
Robert J. Heckman	—	—	—	—	—

The “Aggregate Balance at Last FYE” is comprised of contributions made by both Mr. Burnison and the Company of which \$209,000 was reported as contributions in Summary Compensation Tables in prior-year proxy statements (1) beginning with the fiscal 2007 proxy statement. The information in this footnote is provided to clarify the extent to which amounts payable as deferred compensation represent compensation reported in our prior proxy statements, rather than additional currently earned compensation.

Please see the “Compensation Discussion and Analysis” section for further discussion of the Company’s nonqualified deferred compensation plan.

Potential Payments Upon Termination or Change of Control

The tables below reflect the amount of compensation that would become payable to each of the named executive officers under existing plans and arrangements if that named executive officer's employment had terminated on April 30, 2014 (pursuant to his/her employment agreement then in effect), given the named executive officer's compensation and service levels as of such date and, if applicable, based on the Company's closing stock price on that date. These benefits are in addition to benefits available prior to the occurrence of any termination of employment, including benefits under then-exercisable stock options, benefits generally available to salaried employees, such as distributions under the Company's 401(k) plan and pension plan, and previously accrued and vested benefits under the Company's nonqualified deferred compensation plans, as described in the tables above. In addition, in connection with any actual termination of employment, the Company may determine to enter into an agreement or to establish an arrangement providing additional benefits or amounts, or altering the terms of benefits described below, as the Committee determines appropriate. The actual amounts that would be paid upon a named executive officer's termination of employment can be determined only at the time of such named executive officer's separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event, the Company's stock price and the named executive officer's age. Mr. Mulrooney was not eligible for severance or change in control benefits during fiscal year 2014, but as noted the updated 2014 Mulrooney Letter agreement, entered into after the end of fiscal year 2014, does provide Mr. Mulrooney with certain severance benefits.

Gary D. Burnison. Under the Burnison Employment Agreement, if Mr. Burnison's employment terminated due to death or disability, then he, or his legal representatives, would receive: (1) all accrued compensation as of the date of termination; (2) full vesting of all outstanding stock options, other equity-type incentives (excluding performance shares) and benefits under the ECAP; (3) a pro rata portion of his target annual cash incentive award for the fiscal year in which his employment terminated; (4) the number of performance shares that would have been earned if he had served the Company for the entire performance period and the target performance had been achieved; and (5) reimbursement of COBRA coverage premiums for him and his dependents for as long as such coverage was available under COBRA. These provisions continue in effect under the Amended Burnison Agreement.

If we terminated Mr. Burnison's employment for cause or he voluntarily terminated his employment without good reason, then we would pay him accrued compensation through the date of termination, and those terms were not changed in the Amended Burnison Agreement.

Under the Burnison Employment Agreement, prior to a change in control or more than 12 months after a change in control, if Mr. Burnison's employment was terminated by us without cause or by Mr. Burnison for good reason, then we would provide him with the following: (1) his accrued compensation; (2) a pro rata portion of his target annual cash incentive award for the year in which his employment terminated; (3) cash payments equal to one and one-half times his then current annual base salary and one and one-half times his target bonus; (4) for up to 18 months after termination, reimbursement of COBRA coverage premiums for him and his dependents for as long as such coverage was available under COBRA; (5) vesting on the date of termination of all outstanding stock options, other equity-type incentives, and all benefits held under the ECAP (excluding performance shares) that would have vested within 12

months of his termination; and (6) a pro rata award of performance shares based on target performance and the number of days Mr. Burnison was employed during the performance period plus an additional year (provided this number of days does not exceed the number of days in the performance period). These terms continue under the Amended Burnison Agreement, except that any pro rata annual bonus and any pro rata vesting of performance shares granted on or after July 25, 2014 to which Mr. Burnison is entitled in connection with such termination will be based on actual Company performance, rather than target performance.

The Burnison Employment Agreement provided that if there was a change of control and within 12 months Mr. Burnison's employment was terminated by us without cause or by Mr. Burnison for good reason, then we would provide him with the following: (1) his accrued compensation; (2) a pro rata portion of his target annual cash incentive award; (3) cash payments equal to the sum of two times his current annual base salary and two times his target bonus; (4) for up to 18 months after termination, reimbursement of COBRA coverage premiums for him and his dependents for so long as such coverage is available under COBRA and for six months thereafter, reimbursement of a portion of the cost of healthcare coverage for him and his dependents; (5) vesting on the date of termination of all outstanding stock options, other equity-type incentives, and all benefits under the ECAP (excluding performance shares); (6) a pro rata award of performance shares based on the Company's actual performance and the number of days in the performance period prior to the change in control; and (7) a pro rata award of performance shares based on

Back to Contents

target performance and the number of days remaining in the performance period after a change in control. These terms continue under the Amended Burnison Agreement, except that any pro rata vesting of performance shares granted on or after July 25, 2014 to which Mr. Burnison is entitled in connection with such termination for the period prior to the change in control will be based on the greater of the Company's actual performance and target performance.

Under the Burnison Employment Agreement and the Amended Burnison Agreement, the severance benefits described above are conditioned on Mr. Burnison's execution and delivery of a general release and compliance with covenants relating to confidentiality, nonsolicitation and noncompetition.

The Burnison Employment Agreement generally provided for the payment of any excise tax, if applicable, including any interest or penalties, imposed on Mr. Burnison under Section 4999 of the Internal Revenue Code. The Amended Burnison Agreement does not provide for the payment by the Company of any excise taxes imposed on Mr. Burnison.

(1) At the end of fiscal 2014, upon a termination without cause by the Company or with good reason by Mr. Burnison within 12 months after a change in control, Mr. Burnison was entitled to (i) a pro rata award (based on the portion of the market and performance periods that elapsed prior to the date of the change in control) of market and performance shares based on the Company's actual results and (ii) a pro rata award (based on the portion of the market and performance periods after the date of the change in control) of market and performance shares assuming the Company met applicable targets. For the calculations above, with respect to market shares for which the vesting period was still ongoing as of the end of fiscal 2014, it was assumed that the Company achieved target performance. For the calculations above, with respect to performance shares for which the vesting period was still

ongoing as of the end of fiscal 2014, actual performance was used with respect to the period prior to April 30, 2014 and target performance was used for the period following April 30, 2014. With respect to Mr. Burnison's grant of market shares for which the measurement period ended on April 30, 2014 (and vested on July 11, 2014), actual results were used in the calculations.

- (2) *With respect to Mr. Burnison's grant of performance shares for which the measurement period ended on April 30, 2014, the measurement period was assumed to have concluded prior to his termination for purposes of the table. Where Mr. Burnison or his dependents are entitled to COBRA for as long as COBRA is available, we have*
- (3) *assumed entitlement to 36 months of COBRA as that is the maximum length of time for which such benefits may be available.*

Robert P. Rozek. Under the Rozek Employment Agreement, if Mr. Rozek's employment terminates due to death or disability, then we will pay him, or his legal representatives: (1) all accrued compensation as of the date of termination; (2) all outstanding stock options, other equity-type incentives (excluding performance shares and benefits under the ECAP) will fully vest; (3) a pro rata portion of his target annual cash incentive award for the fiscal year in which his employment is terminated; (4) the number of performance shares that would have been earned if he had served the Company for the entire performance period and the target performance had been achieved; and (5) reimbursement of COBRA coverage premiums for him and his dependents for as long as such coverage is available under COBRA.

If we terminate Mr. Rozek's employment for cause or he voluntarily terminates his employment without good reason, then we will pay him accrued compensation through the date of termination. Additionally, Mr. Rozek will be required to repay all or a portion of his sign-on bonus if such termination occurs within the first three years of Mr. Rozek's employment.

In the event that Mr. Rozek's employment is terminated by the Company without cause or by Mr. Rozek for good reason prior to a change in control and more than 12 months after his start date or more than 12 months after a change in control occurs, the Company will pay Mr. Rozek the following severance payments: (1) his accrued compensation; (2) a pro-rata portion of his annual cash incentive award; (3) a cash payment equal to one time his then current annual base salary to be paid over 12 months; (4) reimbursement of COBRA coverage premiums for Mr. Rozek and his covered dependents for up to 18 months; (5) the Initial RSU Award, the 2012 Time-Based Awards and the 2012 Performance-Based Awards (the "Rozek Initial Awards") will become fully vested based on target performance; (6) all outstanding equity incentive awards (other than the Initial Rozek Awards and any other performance shares held by Mr. Rozek and all benefits under the Company's ECAP at the time of termination that would have vested in the 12 months following the date of termination will become fully vested as of the date of termination; and (7) a pro rata award of performance shares based on target performance and the number of days Mr. Rozek was employed during the performance period plus an additional year (provided this number of days does not exceed the number of days in the performance period). Additionally, Mr. Rozek will not be required to repay his sign-on bonus.

For purposes of the foregoing employment agreements (as in effect on April 30, 2014), "cause," "change in control," "and "good reason," mean the following:

•**"Cause" for purposes of Messrs. Burnison and Rozek means:**

conviction of any felony or other crime involving fraud, dishonesty or acts of moral turpitude or pleading guilty or nolo contendere to such charges; or

reckless or intentional behavior or conduct that causes or is reasonably likely to cause the Company material harm or injury or exposes or is reasonably likely to expose the Company to any material civil, criminal or administrative liability; or

—

any material misrepresentation or false statement made by the executive in any application for employment, employment history, resume or other document submitted to the Company, either before, during or after employment.

•“Cause” for purposes of Mr. Heckman means:

conviction of any felony or misdemeanor involving moral turpitude; or any plea of nolo contendere entered by Mr. Heckman or on his behalf to such charges; or

any conduct which constitutes fraud, willful misconduct or gross negligence, or any misappropriation of Company funds or embezzlement, or any breach of fiduciary duty by you towards the Company; or

any breach by Mr. Heckman of any material provision of the Heckman Letter Agreement or the “Agreement to Protect Confidential Information” referred to in the Heckman Letter Agreement, if not cured; or

any material breach or material violation by Mr. Heckman of any Company written policy regarding ethics, code of business conduct, sexual harassment, workplace safety, or workplace discrimination, if not cured; or

any misrepresentation by Mr. Heckman of any material fact in his resume, or in the Employment Education and History Form, or in any other new hire paperwork or other employment-related questionnaires, or any omission to state a material fact in such documents; or

any willful or knowing failure or willful or knowing refusal to perform his duties under the Heckman Letter Agreement if such failure is not cured; or

any habitual failure to perform his duties under the Heckman Letter Agreement if such failure is not cured.

•“Change in Control” means:

an acquisition by any person of beneficial ownership or a pecuniary interest in more than 30% of the common stock of the Company or voting securities entitled to then vote generally in the election of directors (“Voting Stock”) of the Company, after giving effect to any new issue in the case of an acquisition from the Company;

approval by the stockholders of the Company of a plan (only for Mr. Burnison), or the consummation, of merger, consolidation, or reorganization of the Company or of a sale or other disposition of all or substantially all of the Company’s consolidated assets as an entirety (collectively, a “Business Combination”), other than a Business Combination (a) in which all or

substantially all of the holders of Voting Stock of the Company hold or receive directly or indirectly 70% or more of the Voting Stock of the entity resulting from the Business Combination (or a parent company), and (b) after which no person (other than the Company or its affiliates) owns more than 30% of the Voting Stock of the resulting entity (or a parent company) who did not own directly or indirectly at least that percentage of the Voting Stock of the Company immediately before the Business Combination, and (c) after which the Company and/or its affiliates own an aggregate amount of Voting Stock of the resulting entity at least equal to the aggregate number of shares of Voting Stock owned by any persons who (i) own more than 5% of the Voting Stock of the resulting entity, (ii) are not the Company or its affiliates, (iii) did not own directly or indirectly at least the same percentage of the Voting Stock of the Company immediately before the Business Combination, and (iv) in the aggregate own more than 30% of the Voting Stock of the resulting entity, if any, and who owns more than 30% of the Voting Stock;

approval by the Board of the Company and (if required by law) by stockholders of the Company of a plan to consummate the dissolution or complete liquidation of the Company; or

during any period of two consecutive years, individuals who at the beginning of such period constituted the Board and any new directors whose appointment, election, or nomination for election was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors at the beginning of the period or whose appointment, election or nomination for election was previously so approved (all such directors, "Incumbent Directors"), cease for any reason to constitute a majority of the Board. Notwithstanding the above provisions, no "Change in Control" shall be deemed to have occurred if a Business Combination, as described above, is effected and a majority of the Incumbent Directors, through the adoption of a Board resolution, determine that, in substance, no Change in Control has occurred.

Under the Amended Burnison Agreement, "Change in Control" is defined in the same manner as under the Company's 2008 Stock Incentive Plan and differs from the definition described above generally by providing for an acquisition threshold of more than 50% and consummation as a trigger in connection with Business Combinations and dissolutions.

•"Good Reason" for purpose of Mr. Burnison means, if without Mr. Burnison's prior written consent:

the Company materially reduces Mr. Burnison's duties or responsibilities as Chief Executive Officer or assigns him duties which are materially inconsistent with his duties or which materially impair his ability to function as Chief Executive Officer;

the Company reduces Mr. Burnison's base salary or target award opportunity under the Company's annual cash incentive bonus plan or annual stock option award program or terminates or materially reduces any employee benefit or perquisite enjoyed by him (in each case, other than as part of an across-the-board reduction applicable to all executive officers of the Company);

the Company fails to perform or breaches its obligations under any other material provision of Mr. Burnison's employment agreement and fails to cure such failure or breach within the period required by Mr. Burnison's employment agreement;

Mr. Burnison's primary location of business is moved by more than 50 miles, subject to certain exceptions set forth in Mr. Burnison's employment agreement;

the Company reduces Mr. Burnison's title of Chief Executive Officer or removes him; or

the Company fails to obtain the assumption in writing of its obligation to perform the agreement by any successor to all or substantially all of the assets of the Company within 15 days after a merger, consolidation, sale or similar transaction.

Under the Amended Burnison Agreement, the “Good Reason” definition does not include any reduction of target equity awards and it does not include any reduction of employee benefits or perquisites.

•“Good Reason” for purposes of Mr. Rozek means, if without Mr. Rozek’s prior written consent:

the Company materially reduces Mr. Rozek’s title, duties or responsibilities as Chief Financial Officer, or removes him;

the Company reduces Mr. Rozek’s then current base salary or target award opportunity under the Company’s annual and/or long-term incentive compensation program(s) (in each case, other than as part of an across-the-board reduction (other than relating to Base Salary within the first 12 months of the Term) applicable to all “named executive officers” of the Company (as defined under Item 402 of Regulation S-K and to the extent employed by the Company at that time) and/or other than as a result of the exercise of the Compensation Committee’s discretion with respect to the long-term incentive compensation program); or

Mr. Rozek’s primary location of business is moved by more than 50 miles (other than in connection with a move of the Company’s corporate headquarters).

Mr. Miller's grant was 4,610 restricted stock units representing his annual equity grant and 2,760 restricted stock units representing his annual retainer. All other non-employee directors' grants were 4,610 restricted stock units representing their annual equity grant.

(2) Mr. Leamon received an annual fee of \$5,000 for his services as an Audit Committee Member during fiscal year 2014.

Mr. Miller elected to receive his annual retainer of \$60,000 in restricted stock units. He received a total of 7,370

(7) Mr. You received an annual fee of \$5,000 for service as Audit Committee Member during fiscal 2014.

Directors who are also employees or officers do not receive any additional compensation for their service on the Board. The non-employee director compensation program provides for an annual equity award of restricted stock units with a value of approximately \$100,000 to be awarded on the date of each annual meeting of stockholders. The number of units subject to such award is determined by dividing \$100,000 by the closing price of the Company's common stock on the date of such annual meeting of stockholders (rounded to the nearest ten units). The restricted stock unit awards vest on the day before the following annual meeting of stockholders. Additionally, non-employee

directors receive each year \$60,000 either in cash or in restricted stock units, at their election, on the date of each annual meeting of stockholders. In addition, each member of the Audit Committee receives \$5,000 in cash annually, the Audit Committee Chair receives \$15,000 in cash annually, the Compensation and Personnel Committee Chair receives \$10,000 in cash annually, and the Nominating and Corporate Governance Committee Chair receives \$7,500 in cash annually. From time to time, the Board may also compensate non-employee directors for service on ad-hoc Board committees. In fiscal 2014, Ms. Perry, Mr. Floyd and Mr. Leamon each received \$20,000 for such services. The Chair of the Board receives \$120,000 in cash annually. All directors are reimbursed for their out-of-pocket expenses incurred in connection with their duties as directors.

In June 2011, the Board and the Nominating and Corporate Governance Committee adopted amended stock ownership guidelines which require each non-employee director to own three times their annual cash retainer in Company stock within five years. As of April 30, 2014, all of the non-employee directors complied with the guidelines or on track to comply with the guidelines within the requirement time period.

Proposal No. 3 Ratification of the Appointment of Ernst & Young LLP as Independent Registered Public Accounting Firm

The Audit Committee has approved the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2015. Ernst & Young LLP has served as the Company's independent registered public accounting firm since March 2002. Ernst & Young LLP has unrestricted access to the Audit Committee to discuss audit findings and other financial matters. Neither the Company's Certificate of Incorporation nor its Bylaws requires that the stockholders ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. However, we are requesting ratification because we believe it is a matter of good corporate practice. If the Company's stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may, nonetheless, retain Ernst & Young LLP as the Company's independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in their discretion may change the appointment at any time if they determine that such change would be in the best interests of the Company and its stockholders. Representatives of Ernst & Young LLP will attend the Annual Meeting to answer appropriate questions and may also make a statement if they so desire.

Required Vote

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm requires the affirmative vote of a majority of those shares present, either in person or by proxy, and entitled to vote at the Annual Meeting.

Recommendation of the Board

The Board unanimously recommends that you vote "FOR" the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2015.

Recommendation to Appoint Ernst & Young LLP as Independent Auditor

As with previous years, the Audit Committee undertook a review of Ernst & Young LLP in determining whether to select Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2015 and to recommend ratification of its selection to the Company's stockholders. In that review, the Audit Committee considered a number of factors including:

- continued independence of Ernst & Young LLP,
- length of time Ernst & Young LLP has been engaged by the Company,
- chief Financial Officer's assessment of Ernst & Young LLP's performance,

- audit and non-audit Fees,
- capacity to appropriately staff the audit,
- geographic and subject matter coverage,
- lead Audit Engagement Partner performance,
- overall performance,
- qualifications and quality control procedures, and
- whether retaining Ernst & Young LLP is in the best interest of the Company.

Based upon this review, the Audit Committee believes that Ernst & Young LLP is independent and that it is in the best interests of the Company and our stockholders to retain Ernst & Young LLP to serve as our independent registered public accounting firm for fiscal year 2015.

In accordance with the Sarbanes-Oxley Act and the related SEC rules, the Audit Committee limits the number of consecutive years an individual partner may serve as the lead audit engagement partner to the Company. The maximum number of consecutive years of service in that capacity is five years. At the conclusion of fiscal year 2014, the then lead audit engagement partner reached such five-year limit. The Audit Committee then engaged in a process to select the new lead audit engagement partner pursuant to this rotation policy. The process for selecting the new lead audit partner included meetings between members of the Audit Committee and candidates for that role, input from senior management of the Company, as well as full discussion by the members of the Audit Committee with the benefit of senior management's input. At the conclusion of such process, the Audit Committee selected a new lead audit engagement partner.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm. Further, the Audit Committee is afforded the funding and resources it determines appropriate for compensating the independent auditor and any advisers it may employ. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to help assure that they do not impair the registered public accounting firm's independence from the Company. Services provided by the independent registered public accounting firm must be approved by the Audit Committee on a case by case basis, unless such services fall within a detailed list of services as documented in the Company's pre-approval policy whereby the Audit Committee has provided pre-approval for specific types of audit, audit-related and tax compliance services within certain fee limitations. The Audit Committee believes the combination of these two approaches results in an effective and efficient procedure to manage the approval of services performed by the independent registered public accounting firm. The Audit Committee will also consider whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Company's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor is determinative.

All requests or applications for Ernst & Young LLP services are submitted to the Senior Vice President Finance and Corporate Controller and include a detailed description of services to be rendered. The detailed descriptions are then reviewed against a list of approved services and are provided to the Audit Committee for review and approval. All requests or applications for Ernst & Young LLP services receive approval from the Senior Vice President Finance and Corporate Controller, prior to the Audit Committee's review and approval.

Report of the Audit Committee

The Audit Committee is comprised of three non-employee directors, all of whom are “independent” under the applicable listing standards of the NYSE and the applicable rules of the SEC. The Audit Committee is governed by a written charter, as amended and restated, which has been adopted by the Board. A copy of the current Audit Committee Charter is available on the Company’s website at www.kornferry.com in the Corporate Governance section of the Investor Relations webpage in the About Us webpage.

Management of the Company is responsible for the preparation, presentation, and integrity of the consolidated financial statements, maintaining a system of internal controls and having appropriate accounting and financial reporting principles and policies. The independent registered public accounting firm is responsible for planning and carrying out an audit of the consolidated financial statements and an audit of internal control over financial reporting in accordance with the rules of the Public Company Accounting Oversight Board (United States) and expressing an opinion as to the consolidated financial statements’ conformity with U.S. generally accepted accounting principles (“GAAP”) and as to internal control over financial reporting. The Audit Committee monitors and oversees these processes and is responsible for selecting and overseeing the Company’s independent registered public accounting firm.

As part of the oversight process, the Audit Committee met twelve times during fiscal 2014. Throughout the year, the Audit Committee met with the Company’s independent registered public accounting firm, management and internal auditor, both together and separately in closed sessions. In the course of fulfilling its responsibilities, the Audit Committee did, among other things, the following:

Other Matters

Certain Relationships and Related Transactions

To our knowledge, since the beginning of fiscal year 2014, the Company has not entered into or proposed to enter into any transaction with any executive officer, director or director nominee, beneficial owner of more than five percent of the Company's common stock, or any immediate family member of any of the foregoing.

Related Person Transaction Approval Policy

In June 2009, the Board adopted an amended and restated policy for the review and approval of all transactions with related persons, pursuant to which the Audit Committee must review the material facts of, and either approve or disapprove of the Company's entry into, any transaction, arrangement or relationship or any series thereof in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year, (2) the Company or any of its subsidiaries is a participant, and (3) any related person has or will have a direct or indirect interest (other than solely as a result of being a director or less than ten percent beneficial owner of another entity). For purposes of this policy, a "related person" is any person who is or was since the beginning of the Company's most recently completed fiscal year an executive officer, director or director nominee of the Company, any beneficial owner of more than five percent of the Company's common stock, or any immediate family member of any of the foregoing. As provided for in the policy, the Audit Committee has reviewed and pre-approved the entry into certain types of related person transactions, including without limitation the employment of executive officers and director compensation. In addition, the Board has delegated to the chair of the Audit Committee the authority to pre-approve or ratify any transaction with a related person in which the aggregate amount involved is less than \$1,000,000; no such transaction was considered or approved during the Company's fiscal year 2014.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors, officers and greater than ten percent beneficial owners to file reports of ownership and changes in ownership of their equity securities of the Company with the SEC and to furnish the Company with copies of such reports. Based solely on a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company in fiscal 2014 and the representations of reporting persons, all of the filings by the Company's directors, officers and beneficial owners of more than ten percent of the Company's common stock were filed on a timely basis during fiscal 2014 except for the following: one Form 4 for Harry You (with respect to the exercise and sale of stock options), and one Form 4 for Byrne Mulrooney (with respect to the withholding of shares upon vesting to satisfy the Company's tax withholding obligations).

Communications received in writing are forwarded to the Board, committee or to any individual director or directors to whom the communication is directed, unless the communication is unduly hostile, threatening, illegal, does not reasonably relate to the Company or its business, or is similarly inappropriate. Submission of Stockholder Proposals for Consideration at the 2015 Annual Meeting

If a stockholder wishes to submit a proposal for consideration at the 2015 Annual Meeting of Stockholders pursuant to Rule 14a-8(e) under the Exchange Act, and wants that proposal to appear in the Company's proxy statement and form of proxy for that meeting, the proposal must be submitted in writing and received at Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary, no later than April 24, 2015. Each stockholder proposal must comply with the Exchange Act, the rules and regulations thereunder, and the Company's bylaws as in effect at the time of such notice. The submission of a stockholder proposal does not guarantee that it will be included in the Company's Proxy Statement and form of proxy.

The Company's bylaws also establish an advance notice procedure with regard to nominating persons for election to the Board and proposals of other business that are not submitted for inclusion in the Proxy Statement and form of proxy but that a stockholder instead wishes to present directly at an annual meeting of stockholders. If a stockholder wishes to submit a nominee or other business for consideration at the 2015 Annual Meeting of Stockholders without including that nominee or proposal in the Company's Proxy Statement and form of proxy, the Company's bylaws require, among other things, that the stockholder submission contain certain information concerning the nominee or other business, as the case may be, and other information specified in the Company's bylaws, and that the stockholder provide the Company with written notice of such nominee or business no later than the close of business on July 3, 2015, nor earlier than the close of business on June 3, 2015, provided however, that in the event that the date of the 2015 Annual Meeting of Stockholders is more than 30 days before or more than 70 days after the anniversary date of the 2014 Annual Meeting of Stockholders, notice by the stockholder must be so delivered not earlier than the close of business on the 120th day prior to the 2015 Annual Meeting of Stockholders and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by the Company. If the number of directors to be elected to the Board is

increased and there is no public announcement by the Company naming the nominees for the additional directorships by June 23, 2015, a stockholder's notice will be considered timely, but only with respect to nominees for the additional directorships, if it shall be delivered to the Secretary of the Company at the principal executive offices of the Company not later than the close of business on the 10th day following the day on which such public announcement is first made by the Company. A stockholder notice should be sent to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. Proposals or nominations not meeting the advance notice requirements in the Company's bylaws will not be entertained at the 2015 Annual Meeting of Stockholders. A copy of the full text of the relevant bylaw provisions may be obtained from the Company's filing with the SEC or by writing our Corporate Secretary at the address identified above.

Stockholders Sharing an Address

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding Company stock but who share the same address, we have adopted a procedure approved by the SEC called “householding.” Under this procedure, certain stockholders of record who have the same address and last name, and who do not participate in electronic delivery of proxy materials, will receive only one copy of our Notice of Internet Availability of Proxy Materials and, as applicable, any additional proxy materials that are delivered until such time as one or more of these stockholders notify us that they want to receive separate copies. This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you receive a single set of proxy materials as a result of householding, and you would like to have separate copies of our Notice of Internet Availability of Proxy Materials, Annual Report, or Proxy Statement mailed to you, please submit a request, either in writing or by phone, by contacting the Company at Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary or at (310) 552-1834, and we will promptly send you the materials you have requested. However, please note that if you want to receive a paper proxy or voting instruction form or other proxy materials for the purposes of this year’s Annual Meeting, you will need to follow the instructions included in the Notice of Internet Availability that was sent to you. You can also contact our Corporate Secretary at the telephone number noted previously if you received multiple copies of the annual meeting materials and would prefer to receive a single copy in the future, or if you would like to opt out of householding for future mailings.
