3. **Approval of the payment of a cash dividend in the aggregate amount of \$2.04 per outstanding share out of Garmin's general reserve from capital contribution in four equal installments**

The Board of Directors proposes to the Annual Meeting that Garmin pay a cash dividend in the amount of \$2.04 per outstanding share as follows:

General Reserve from Capital Contribution as per December 27, 2014 CHF 5,337,512,000

Resolutions proposed by the Board of Directors:

RESOLVED, that Garmin, out of, and limited at a maximum to the amount of, the Dividend Reserve (as defined below), pay a cash dividend in the amount of US\$2.04 per outstanding share¹ out of Garmin's general legal reserve from capital contribution payable in four equal installments at the dates determined by the Board of Directors in its discretion, the record date and payment date for each such installment to be announced in a press release² at least ten calendar days prior to the record date; and further

RESOLVED, that the cash dividend shall be made with respect to the outstanding share capital of Garmin on the record date for the applicable installment, which amount will exclude any shares of Garmin held by Garmin or any of its direct or indirect subsidiaries; and further CHF 564,679,000

RESOLVED, that CHF 564,679,000³ be allocated to dividend reserves from capital contribution (the "**Dividend Reserve**") from the general reserve from capital contribution in order to pay such dividend of US\$2.04 per outstanding share with a nominal value of CHF 10.00 each (assuming a total of 208,077,418 shares⁴ eligible to receive the dividend); and further

RESOLVED that if the aggregate dividend payment is lower than the Dividend Reserve, the relevant difference will be allocated back to the general reserve from capital contribution; and further

RESOLVED, that to the extent that any installment payment, when converted into Swiss francs, at a USD/CHF exchange rate prevailing at the relevant record date for the relevant installment payment, would exceed the Dividend Reserve then remaining, the U.S. dollar per share amount of that installment payment shall be reduced on a pro rata basis, provided, however, that the aggregate amount of that installment payment shall in no event exceed the then remaining Dividend Reserve. CHF 4,772,833,000

(1) In no event will the dividend payment exceed a total of US\$2.04 per share.

(2) The announcements will not be published in the Swiss Official Gazette of Commerce.

Based on the currency conversion rate of 0.9854 as at December 27, 2014. With a total of 208,077,418 shares eligible for payout (based on the number of shares issued as at December 27, 2014), the aggregate dividend total would be CHF 564,679,000. The amount of the Dividend Reserve, calculated on the basis of the Company's issued (3) shares as at December 27, 2014, includes a 35% margin to accommodate (i) unfavorable currency fluctuation and (ii) new share issuance (see footnote 4 below) that may occur between the time that the dividend is approved by shareholders and when the last installment payment is made. Unused dividend reserves will be returned to the general reserve from capital contribution after the last installment payment.

This number is based on the registered share capital at December 27, 2014. The number of shares eligible for (4) dividend payments may change due to the repurchase of shares, the sale of treasury shares or the issuance of new shares, including (without limitation) from the conditional share capital reserved for the employee profit sharing program.

10. Advisory vote on executive compensation;

Shareholders Entitled to Vote

April 10, 2015 is the record date (the "Record Date") for the Annual Meeting. On the Record Date there were 191,439,156 shares (excluding shares held by Garmin or any of its direct or indirect subsidiaries) outstanding and entitled to vote at the Annual Meeting. Shareholders registered in our share register at the close of business, U.S. Eastern Time, on the Record Date are entitled to vote at the Annual Meeting, except as provided below. Any additional shareholders who are registered in Garmin's share register on May 26, 2015 will receive a copy of the proxy materials after May 26, 2015 and are entitled to attend and vote, or grant proxies to vote, at the Annual Meeting. Shareholders not registered in Garmin's share register as of May 26, 2015, will not be entitled to attend, vote or grant proxies to vote at, the Annual Meeting. No shareholder will be entered in Garmin's share register as a shareholder with voting rights between the close of business on May 26, 2015 and the opening of business on the day following the Annual Meeting. Computershare Trust Company, N.A., which maintains Garmin's share register, will, however, continue to register transfers of Garmin's shares in the share register in its capacity as transfer agent during this period. Shareholders who are registered in Garmin's share register on May 26, 2015 but have sold their shares before the meeting date are not entitled to attend, vote or grant proxies to vote at, the Annual Meeting.

Solicitation of Proxies

The cost of soliciting proxies will be borne by Garmin. In addition to soliciting shareholders by mail and through its regular employees not specifically engaged or compensated for that purpose, Garmin will request banks and brokers, and other custodians, nominees and fiduciaries to solicit their customers who have shares of Garmin registered in the names of such persons and, if requested, will reimburse them for their reasonable, out-of-pocket costs. Garmin may use the services of its officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation.

Voting

Each shareholder is entitled to one vote on each proposal presented in this Proxy Statement for each share held. There is no cumulative voting in the election of directors. The required presence quorum for the transaction of business at the Annual Meeting is the presence in person or by proxy of shareholders holding not less than a majority of the shares entitled to vote at the meeting with abstentions, invalid ballots and broker non-votes regarded as present for purposes of establishing the quorum.

A shareholder who purchases shares from a registered holder after the Record Date but before May 26, 2015, and who wishes to vote his or her shares at the Annual Meeting must ask to be registered as a shareholder with respect to such shares in our share register prior to May 26, 2015. Registered holders of our shares (as opposed to beneficial shareholders) on May 26, 2015 who sell their shares prior to the Annual Meeting will not be entitled to vote those shares at the Annual Meeting.

Each of the proposals requires the affirmative vote of a majority of the share votes cast (in person or by proxy) at the Annual Meeting, excluding unmarked, invalid and non-exercisable votes and abstentions.

Members of our Board and members of Executive Management are not allowed to vote on the proposal to discharge the members of the Board and the Executive Management from liability for the fiscal year ended December 27, 2014.

Shareholder ratification of the appointment of Ernst & Young LLP as Garmin's Independent Registered Public Accounting Firm for the fiscal year ending December 26, 2015 is not legally required, but your views are important to the Audit Committee and the Board. If shareholders do not ratify the appointment of Ernst & Young LLP, our Audit Committee will reconsider the appointment of Ernst & Young LLP as Garmin's independent auditor.

The proposal relating to the advisory vote on executive compensation is advisory and non-binding on Garmin. However, the Compensation Committee of our Board will review voting results on this proposal and will give consideration to such voting.

Abstentions and Broker Non-Votes

Pursuant to Garmin's Articles of Association and Swiss law, (i) shares represented at the Annual Meeting which are not voted on any matter and (ii) shares which are represented by "broker non-votes" (i.e., shares held by brokers or nominees which are represented at the Annual Meeting but with respect to which the broker or nominee is not empowered to vote on a particular proposal pursuant to applicable New York Stock Exchange ("NYSE") rules) are not included in the determination of the shares voting on such matter. Therefore, shares represented at the Annual Meeting which are not voted on any matter and shares represented by "broker non-votes" will not be counted toward the determination of the majority required to approve the proposals submitted to the Annual Meeting and, therefore, will not have the effect of a vote against such proposals.

Although brokers have discretionary authority to vote shares of Broker Customers on "routine" matters, they do not have authority to vote shares of Broker Customers on "non-routine" matters under NYSE rules. We believe that the following proposals to be voted on at the Annual Meeting will be considered to be "non-routine" under NYSE rules and, therefore, brokers will not be able to vote shares owned by Broker Customers with respect to these proposals unless the broker receives instructions from such customers: Proposal No. 4 (discharge of directors and Executive Management from liability for the fiscal year ended December 27, 2014), Proposal No. 5 (re-election of directors); Proposal No. 6 (re-election of Chairman); Proposal No. 7 (re-election of Compensation Committee members); Proposal No. 10 (advisory vote on executive compensation); Proposal No. 11 (binding vote to approve Fiscal Year 2016 maximum aggregate compensation for the Executive Management); Proposal No. 12 (binding vote to approve maximum aggregate compensation for the Board of Directors for the period between the 2015 Annual Meeting and the 2016 Annual Meeting; and Proposal No. 13 (approval of an amendment to the Garmin Ltd. Employee Stock Purchase Plan).

How Shareholders Vote

Shareholders, Plan Participants and Broker Customers may vote (or in the case of Plan Participants, may direct the trustee of the Garmin International, Inc. Retirement Plan to vote) their shares as follows:

Shares of Record

Shareholders may only vote their shares if they or their proxies are present at the Annual Meeting. Shareholders may appoint as their proxy the independent voting rights representative, the law firm of Reiss + Preuss LLP, 570 Seventh Avenue, 20th Floor, New York, NY 10018, USA to vote their shares by checking the appropriate box on the enclosed proxy card and the independent voting rights representative will vote all shares for which it is the proxy as specified by the shareholders on the proxy card. A registered shareholder desiring to name as proxy someone other than the independent voting rights representative may do so by crossing out the name of the independent voting rights representative on the proxy card and inserting the full name of such other person. In that case, the shareholder must sign the proxy card and deliver it to the person named, and the person named must be present, present appropriate identification and vote at the Annual Meeting.

Shares owned by shareholders who have timely submitted a properly executed proxy card and specifically indicated their votes will be voted as indicated. Shares owned by shareholders who have timely submitted a properly executed proxy card and have not specifically indicated their votes instruct the independent voting rights representative to vote in the manner recommended by the Board. If any modifications to agenda items or proposals identified in the Invitation to the Annual Meeting or other matters on which voting is permissible under Swiss law are properly presented at the Annual Meeting for consideration, you instruct the independent voting rights representative, in the absence of other specific instructions, to vote in accordance with the recommendations of the Board.

We urge you to return your proxy card by the close of business, U.S. Central Time on June 1, 2015 to ensure that your proxy can be timely submitted.

Shares Held Under the Garmin International, Inc. Retirement Plan

On the voting instructions card, Plan Participants may instruct the trustee of our Retirement Plan how to vote the shares allocated to their respective participant accounts. The trustee will vote all allocated shares accordingly. Shares for which inadequate or no voting instructions are received generally will be voted by the trustee in the same proportion as those shares for which instructions were actually received from Plan Participants. The trustee of our Retirement Plan may vote shares allocated to the accounts of the Plan Participants either in person or through a proxy.

Shares Held Through a Broker or Other Nominee

Each broker or nominee must solicit from the Broker Customers directions on how to vote the shares, and the broker or nominee must then vote such shares in accordance with such directions. Brokers or nominees are to forward the Notice to the Broker Customers, at the reasonable expense of Garmin if the broker or nominee requests reimbursement. See “Abstentions and Broker Non-Votes”.

Revoking Proxy Authorizations or Instructions

Until the polls for a particular proposal on the agenda close (or in the case of Plan Participants, until the trustee of the Retirement Plan votes), voting instructions or votes of Record Holders and voting instructions of Plan Participants may be revoked or recast with a later-dated, properly executed and delivered proxy card or, in the case of Plan Participants, a voting instruction card. Otherwise, shareholders may not revoke a vote, unless: (a) in the case of a Record Holder, the Record Holder either (i) attends the Annual Meeting and casts a ballot at the meeting or (ii) delivers a written revocation to the independent voting rights representative at any time before the Chairman of the Annual Meeting closes the polls for a particular proposal on the agenda; (b) in the case of a Plan Participant, the revocation procedures of the trustee of the Retirement Plan are followed; or (c) in the case of a Broker Customer, the revocation procedures of the broker or nominee are followed.

Attendance and Voting in Person at the Annual Meeting

Attendance at the Annual Meeting is limited to Record Holders or their properly appointed proxies, beneficial owners of shares having evidence of such ownership, and guests of Garmin. Plan Participants and Broker Customers, absent special direction to Garmin from the respective Retirement Plan trustee, broker or nominee, may only vote by instructing the trustee, broker or nominee and may not cast a ballot at the Annual Meeting. Record Holders may vote by casting a ballot at the Annual Meeting.

Security measures will be in place at the meeting, and briefcases, handbags and packages are subject to inspection. No cameras or recording devices of any kind, or signs, placards, banners or similar materials, may be used during the meeting. General Reserve from Capital Contribution as per December 27, 2014 CHF 5,337,512,000

Resolutions proposed by the Board:

RESOLVED, that Garmin, out of, and limited at a maximum to the amount of, the Dividend Reserve (as defined below), pay a cash dividend in the amount of \$2.04 per outstanding share¹ out of Garmin's general legal reserve from capital contribution payable in four equal installments at the dates determined by the Board of Directors in its discretion, the record date and payment date for each such installment to be announced in a press release² at least ten calendar days prior to the record date; and further

RESOLVED, that the cash dividend shall be made with respect to the outstanding share capital of Garmin on the record date for the applicable installment, which amount will exclude any shares of Garmin held by Garmin or any of its direct or indirect subsidiaries; and further

RESOLVED, that CHF 564,679,000³ be allocated to dividend reserves from capital contribution (the "Dividend Reserve") from the general reserve from capital contribution in order to pay such dividend of US\$2.04 per outstanding share with a nominal value of CHF 10.00 each (assuming a total of 208,077,418 shares⁴ eligible to receive the dividend); and further

RESOLVED that if the aggregate dividend payment is lower than the Dividend Reserve, the relevant difference will be allocated back to the general reserve from capital contribution; and further

RESOLVED, that to the extent that any installment payment, when converted into Swiss francs, at a USD/CHF exchange rate prevailing at the relevant record date for the relevant installment payment, would exceed the Dividend Reserve then remaining, the U.S. dollar per share amount of that installment payment shall be reduced on a pro rata basis, provided, however, that the aggregate amount of that installment payment shall in no event exceed the then remaining Dividend Reserve.

(1) *In no event will the dividend payment exceed a total of US\$2.04 per share.*

(2) *The announcements will not be published in the Swiss Official Gazette of Commerce.*

Based on the currency conversion rate of 0.9854 as at December 27, 2014. With a total of 208,077,418 shares eligible for payout (based on the number of shares issued as at December 27, 2014), the aggregate dividend total would be CHF 564,679,000. The amount of the Dividend Reserve, calculated on the basis of the Company's issued (3) shares as at December 27, 2014, includes a 35% margin to accommodate (i) unfavorable currency fluctuation and (ii) new share issuance (see footnote 4 below) that may occur between the time that the dividend is approved by shareholders and when the last installment payment is made. Unused dividend reserves will be returned to the general reserve from capital contribution after the last installment payment.

This number is based on the registered share capital at December 27, 2014. The number of shares eligible for (4) dividend payments may change due to the repurchase of shares, the sale of treasury shares or the issuance of new shares, including (without limitation) from the conditional share capital reserved for the employee profit sharing program.

Eller, Joseph J. Hartnett, Min H. Kao, Charles W. Peffer, Clifton A. Pemble and Thomas P. Poberezny.

References to the length of time during which (and, in the case of persons who are employees of Garmin, the positions in which they have served) the nominees for re-election have served as directors and/ or employees of Garmin in their biographies included in this section of this Proxy Statement refer to their service as directors and/or officers of both (i) Garmin Ltd., a Cayman Islands company (“Garmin Cayman”) which was the ultimate parent holding company of the Garmin group of companies until June 27, 2010 and (ii) Garmin Ltd., a Swiss company, which became the ultimate parent holding company of the Garmin group of companies on June 27, 2010 pursuant to a scheme of arrangement under Cayman Islands law that was approved by the shareholders of Garmin Cayman on May 20, 2010.

The Board of has determined that all the members of the Audit Committee are independent (as defined by the listing standards of the NASDAQ Global Select Market).

annually review with management the plans for the orderly development and succession of all principal senior officers. The Board has determined that all the members of the Compensation Committee are independent (as defined by the listing standards of the NASDAQ Global Select Market). The processes and procedures for considering and determining executive compensation, including the Compensation Committee's authority and role in the process, its delegation of authority to others, and the roles of Garmin executives and third-party executive compensation consultants in making decisions or recommendations on executive compensation, are described in "Executive Compensation Matters – Compensation Discussion and Analysis" below. Pursuant to Swiss law, the members of the Compensation Committee are elected annually by the shareholders at the annual general meeting.

Nominating and Corporate Governance Committee

Messrs. Eller (Chairman), Hartnett, Peffer and Poberezny serve as the members of the Nominating Committee. The Board has adopted a written charter for the Nominating Committee. A copy of the Nominating Committee Charter is available on Garmin's website at www.garmin.com. The primary responsibilities of the Nominating Committee are to (a) evaluate the current composition, size, role and functions of the Board and its committees to oversee successfully the business and affairs of Garmin and make recommendations to the Board for approval, except with respect to the size of the Board, make recommendations to the Board for submission to shareholders for approval; (b) determine director selection criteria and conduct searches for prospective directors whose skills and attributes reflect these criteria; (c) recommend and evaluate nominees for election to the Board; (d) evaluate and make recommendations to the Board concerning the appointment of directors to serve on each standing committee and the selection of Board committee chairpersons, except that, as required by mandatory Swiss law, members of the Compensation Committee shall be elected by the shareholders; (e) evaluate and make recommendations to the Board of a nominee for election by the shareholders to serve as Chairman of the Board; (f) evaluate prior to each annual general meeting, and report to the Board on, the financial literacy of the Audit Committee members and whether the Audit Committee has at least one Audit Committee Financial Expert and one Audit Committee member who has accounting or related financial management expertise; (g) evaluate prior to each annual general meeting, and report to the Board on, the independence of director nominees and Board members under applicable laws, regulations, and stock exchange listing standards; (h) create and implement a process for the Board to annually evaluate its own performance; (i) oversee a Company orientation program for new directors and a continuing education program for current directors; (j) recommend to the Board Corporate Governance Guidelines; (k) review periodically the Corporate Governance Guidelines and recommend such modifications to the Board as the Governance Committee deems appropriate; (l) oversee Garmin's corporate governance practices, including reviewing and recommending to the Board for approval any changes to the other documents and policies in the Company's corporate governance framework, including its articles of association and organizational regulations; (m) verify that the Board and each Board committee has annually evaluated its own performance; (n) review and/or investigate any matters pertaining to the integrity of management or the Board or any committee thereof; (o) annually evaluate the Governance Committee's own performance and periodically evaluate the adequacy of its Charter; and (p) report to the Board on Nominating Committee actions (other than routine or administrative actions). The Board has determined that all the members of the Nominating Committee are independent (as defined by the listing standards of the NASDAQ Global Select Market).

In selecting candidates for nomination at the annual general meeting of Garmin's shareholders, the Nominating Committee begins by determining whether the incumbent directors desire and are qualified to continue their service on the Board. The Nominating Committee is of the view that the continuing service of qualified incumbents promotes

stability and continuity in the board room, giving the Board the familiarity and insight into Garmin's affairs that its directors have accumulated during their tenure, while contributing to their work as a collective body. Accordingly, it is the policy of the Nominating Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating Committee's criteria for membership on the Board, whom the Nominating Committee believes will continue to make a valuable contribution to the Board and who consent to stand for reelection and, if reelected, to continue their service on the Board. If there are Board vacancies and the Nominating Committee does not re-nominate a qualified incumbent, the Nominating Committee will consider and evaluate director candidates recommended by the Board, members of the Nominating Committee, management and any shareholder owning one percent or more of Garmin's outstanding shares.

The Nominating Committee will use the same criteria to evaluate all director candidates, whether recommended by the Board, members of the Nominating Committee, management or a one percent shareholder. The Nominating Committee has adopted policy that a shareholder owning one percent or more of Garmin's outstanding shares may recommend director candidates for consideration by the Nominating Committee by writing to the Company Secretary, by facsimile at +41 52 630 1601 or by mail at Garmin Ltd., Mühlentalstrasse 2, 8200 Schaffhausen, Switzerland. The recommendation must contain the proposed candidate's name, address, biographical data, a description of the proposed candidate's business experience, a description of the proposed candidate's qualifications for consideration as a director, a representation that the nominating shareholder is a beneficial or record owner of one percent or more of Garmin's outstanding shares (based on the number of outstanding shares reported on the cover page of Garmin's most recently filed Annual Report on Form 10-K) and a statement of the number of Garmin shares owned by such shareholder. The recommendation must also be accompanied by the written consent of the proposed candidate to be named as a nominee and to serve as a director of Garmin if nominated and elected. A shareholder may not recommend him or herself as a director candidate.

The Nominating Committee requires that a majority of Garmin's directors be independent and that any independent director candidate meet the definition of an independent director under the listing standards of the NASDAQ Global Select Market. The Nominating Committee also requires that at least one independent director qualify as an audit committee financial expert. The Nominating Committee also requires that an independent director candidate should have either (a) at least ten years' experience at a policy-making level or other level with significant decision-making responsibility in an organization or institution or (b) a high level of technical knowledge or business experience relevant to the Garmin's technology or industry. In addition, the Nominating Committee requires that an independent director candidate have such financial expertise, character, integrity, ethical standards, interpersonal skills and time to devote to Board matters as would reasonably be considered to be appropriate in order for the director to carry out his or her duties as a director.

In evaluating a director candidate (including the nomination of an incumbent director), the Nominating Committee considers, among other things, whether the candidate meets the Nominating Committee's requirements for independent director candidates, if applicable. The Nominating Committee

[Back to Contents](#)

also considers a director candidate's skills and experience and diversity of background and perspective (inclusive of race, gender and ethnicity) in the context of the perceived needs of the Board at the time of consideration. Additionally, in recommending an incumbent director for re-election, the Nominating Committee considers the nominee's prior service to Garmin's Board and continued commitment to service on the Board. The Nominating Committee believes that the composition of the Board should reflect a diversity of experience, race, gender and ethnicity and seeks to include individuals from diverse backgrounds (inclusive of race, gender and ethnicity) with varying perspectives, professional experience, education and skills in the pool from which nominees for vacancies on the Board are chosen.

Board Leadership Structure and Role in Risk Oversight

Prior to January 1, 2013, Min H. Kao was both Chairman of the Board and Chief Executive Officer. On January 1, 2013, Dr. Kao became Executive Chairman of the Board, and Clifton A. Pemble became President and Chief Executive Officer, thereby causing the positions of Chairman of the Board and Chief Executive Officer to be split between Dr. Kao and Mr. Pemble. The Board believes this Board leadership structure is appropriate and desirable because Mr. Pemble is well-positioned to be Chief Executive Officer since he has been at Garmin since 1989 and held a number of leadership positions prior to becoming Chief Executive Officer on January 1, 2013, including President and Chief Operating Officer, and Dr. Kao's continued contribution as Executive Chairman adds significant value because he is a co-founder of Garmin, which gives him a unique perspective of the company's history, vision and values. In addition, because of his significant ownership of Garmin shares, Dr. Kao's interests are aligned with those of Garmin's shareholders.

Garmin does not have a lead independent director. Instead, all of the independent directors play an active role on the Board. The independent directors make up a majority of the Board, and a majority of the independent directors are or have been leaders in industry with a history of exercising critical thought and sound judgment.

The entire Board performs the risk oversight role. Garmin's Chief Executive Officer is a member of the Board, and Garmin's Chief Financial Officer and its General Counsel regularly attend Board meetings, which helps facilitate discussions regarding risk between the Board and Garmin's senior management, as well as the exchange of risk-related information or concerns between the Board and the senior management. Further, the independent directors meet in executive session at the majority of the regularly scheduled Board meetings to voice their observations or concerns and to shape the agendas for future Board meetings.

The Board believes that, with these practices, each director has an equal stake in the Board's actions and oversight role and equal accountability to Garmin and its shareholders.

Compensation and Risk

Garmin regularly assesses risks related to compensation programs, including our executive compensation programs. Garmin does not believe that there are any risks arising from Garmin's compensation policies and practices that are reasonably likely to have a material adverse effect on Garmin.

Shareholder Communications with Directors

The Board has established a process to receive communications from shareholders. Shareholders may communicate with the Board or with any individual director of Garmin by writing to the Board or such individual director in care of Garmin's Corporate Secretary, by facsimile at +41 52 630 1601 or by mail at Garmin Ltd., Mühlentalstrasse 2, 8200 Schaffhausen, Switzerland. All such communications must identify the author as a shareholder, state the number of shares owned by the author and state whether the intended recipients are all members of the Board or just certain specified directors. The Company Secretary will make copies of all such communications and send them to the appropriate director or directors.

Compensation Committee Interlocks and Insider Participation; Certain Relationships

None of the members of the Compensation Committee is, or has ever been, an officer or employee of Garmin or any of its subsidiaries. Garmin had no compensation committee interlocks for the fiscal year ended December 27, 2014.

Garmin has adopted a written policy for the review by the Audit Committee of transactions in which Garmin is a participant and any related person will have a direct or indirect material interest in the transaction. This policy is generally designed to cover those related party transactions that would be required to be disclosed in a proxy statement, annual report on Form 10-K or registration statement pursuant to Item 404(a) of Regulation S-K. However, the policy is more encompassing in that the amount involved in a transaction covered by the policy must only exceed \$60,000 while disclosure under Item 404(a) is required only if the amount involved exceeds \$120,000. The policy defines the terms "transaction" and "related person" in the same manner as Item 404(a) of Regulation S-K.

If the nature of the timing of a related party transaction is such that it is not practical to obtain advance approval by the Audit Committee, then management may enter into it, subject to ratification by the Audit Committee. If ratification is not subsequently obtained, then management must take all reasonable efforts to cause the related person transaction to be null and void.

[Back to Contents](#)

The Audit Committee will approve or ratify only those related party transactions that it determines in good faith are in, or are not inconsistent with, the best interests of Garmin and its shareholders. In making that determination, the Audit Committee shall consider all of the relevant facts and circumstances available to it, including the benefits to Garmin and whether the related party transaction is on terms and conditions comparable to those available in arms-length dealing with an unrelated third party that can provide comparable products or services.

The Audit Committee will also annually review ongoing related party transactions after considering all relevant facts and circumstances. The Audit Committee will then determine if those transactions should be terminated or modified based on whether it is still in the best interests, or not inconsistent with the best interests, of Garmin and its shareholders.

Non-Management Director Compensation

Each Garmin director, who is not an officer or employee of Garmin, or of a subsidiary of Garmin, is compensated for service on the Board and its committees. The annual director compensation package at Garmin is designed to attract and retain highly-qualified, independent professionals to represent Garmin's shareholders.

Garmin's director compensation package for the June 2014-June 2015 Board term was as follows:

Each director, who is not an officer or employee of Garmin or its subsidiaries (a "Non-Management Director"), was paid an annual retainer of \$50,000. Each Non-Management Director, who chairs a standing committee of the Board (other than the Audit Committee), also received an annual retainer of \$5,000. The Non-Management Director who chairs the Audit Committee received an annual retainer of \$10,000. In addition, each Non-Management Director was paid \$1,500 for attending each Board meeting convened in person and \$500 for attending each Board meeting convened by teleconference. For each Audit Committee meeting convened in person or by teleconference, each Non-Management Director was paid \$1,000 for attending the meeting. For each Compensation Committee or Nominating Committee meeting, convened on a separate day from a Board meeting, each Non-Management Director was paid \$1,500 for attending each committee meeting convened in person and \$500 for attending each meeting convened by teleconference. Directors are also reimbursed for reasonable travel expenses for attending Board and Committee meetings.

During the June 2014-June 2015 Board term, each Non-Management Director received an annual award of restricted stock units valued at \$100,000, pursuant to the 2011 Non-Employee Directors' Equity Incentive Plan.

In 2014, the Compensation Committee engaged a compensation consultant, Meridian Compensation Partners ("Meridian"), to conduct a competitive assessment of Non-Management Director compensation. Meridian delivered a

report to the Compensation Committee in December 2014 that presented the results of Meridian's market comparative analysis. Based on this report, the Compensation Committee resolved that, in order to provide Non-Management Director compensation that is more competitive, the compensation program for Non-Management Directors will be modified beginning with the one-year term effective as of the date of the Annual Meeting, as follows:

- (1) all Board meeting attendance fees will be eliminated;
- (2) the annual retainer will be increased from \$50,000 to \$85,000;
- (3) the annual retainer fees for Committee Chairpersons will remain unchanged; and
- (4) the annual value of restricted stock units awards will be increased from \$100,000 to \$125,000.

The maximum aggregate compensation for the Board of Directors for the period between the 2015 Annual General Meeting and the 2016 Annual General Meeting submitted to shareholders for approval under proposal no. 12 reflects the above compensation program for Non-Management Directors, and also includes an annual salary for our Executive Chairman.

Garmin does not have formal stock ownership guidelines for its directors.

PROPOSAL NINE Ratification of the appointment of Ernst & Young LLP as Garmin's Independent Registered Public Accounting Firm for the fiscal year ending December 26, 2015 and re-election of Ernst & Young Ltd as Garmin's statutory auditor for another one-year term

Ernst & Young LLP has acted as Garmin's independent registered public accounting firm since 2000 and has been appointed by the Audit Committee to audit and certify Garmin's financial statements for the fiscal year ending December 26, 2015.

Ernst & Young Ltd, Zurich, was re-elected as Garmin's statutory auditor for 2014. Swiss law and our Articles of Association require that our shareholders elect annually a firm as statutory auditor. Representatives of Ernst & Young LLP and Ernst & Young Ltd will be present at the Annual Meeting. They will have the opportunity to make a statement if they desire and will be available to respond to appropriate questions.

PROPOSAL THIRTEEN Approval of an Amendment to the Garmin Ltd. Employee Stock Purchase Plan

The Garmin Ltd. Employee Stock Purchase Plan (as amended to date, the “Plan”) was last amended on May 20, 2010 by approval of the shareholders of the predecessor company to Garmin. The objective of the Plan is to provide an opportunity for eligible employees of Garmin and its participating subsidiaries to acquire a proprietary interest in Garmin through the purchase of Garmin shares. A new amendment to the Plan is being proposed to increase the number of shares of Garmin reserved for sale and authorized for issuance under the Plan. The amendment must be approved by shareholders in order for Garmin to continue to be able to provide eligible employees with the opportunity to acquire shares under the Plan. The Board of Directors has approved the proposed amendment, subject to shareholder approval. The amendment will not be effective unless and until we obtain shareholder approval. If our shareholders approve the amendment, the amendment will be effective as of June 5, 2015. The following general description of material features of the Plan, as proposed to be amended, is qualified in its entirety by reference to the provisions of the Plan, as proposed to be amended, set forth in Annex 1 hereto, on which the proposed amendments are marked with a strikethrough to indicate text that would be deleted and with an underline to indicate text that would be added.

Proposed Amendment to the Plan

We propose to increase the number of shares of Garmin reserved for sale and authorized for issuance under the Plan from 4,000,000 to 6,000,000.

General

The Plan is administered by the Board of Directors or the Compensation Committee of the Board of Directors (the “Committee”) of Garmin. Under the proposed amendment to the Plan, the number of shares reserved for sale and authorized for issuance under the Plan will be increased from 4,000,000 to 6,000,000 shares. Shares sold under the Plan may be newly-issued shares, outstanding shares reacquired in private transactions or open market purchases, or any combination of the foregoing. If any option granted under the Plan shall for any reason terminate without having been exercised, the shares not purchased under such option shall again become available for issuance under the Plan. In the event of any reorganization, recapitalization, stock split, reverse stock split, stock dividend, combination of shares, merger, consolidation, acquisition of property or shares, separation, asset spin-off, stock rights offering, liquidation or other similar change in the capital structure of Garmin, the Board may make such adjustment, if any, as it deems appropriate in the number, kind and purchase price of the shares available for purchase under the Plan. Under the Plan and except with respect to certain of our non-U.S. participating subsidiaries for which the Plan contains less restrictive eligibility requirements, each person who is an employee of Garmin whose customary employment is for more than twenty (20) hours per week and for more than five (5) months per calendar year, and who does not own (nor has the option or right to acquire) 5% or more of the total combined voting power or value of all outstanding shares of Garmin is eligible to participate in the Plan and to purchase that number of shares of Garmin having a purchase price equal to not more than 10% of the employee’s annual compensation. Approximately 9,918 individuals are eligible to participate in the Plan. There are two accumulation periods in each calendar year under the Plan. The Plan’s accumulation periods are January 1 through June 30 and July 1 through December 31. Eligible employees who

elect to participate in the Plan will accumulate funds during an accumulation period through payroll deduction (participants may elect to authorize payroll deductions under the Plan of between 1% and 10% of their base earnings per payroll period). At the end of the accumulation period shares will be purchased for each participant using the funds accumulated during the accumulation period. The purchase price per share purchased for each participant under the Plan will be the lesser of (A) 85% of the fair market value of a share on the last stock trading day of the accumulation period, or (B) 85% of the fair market value of a share on the first stock trading day of the accumulation period. "Fair market value" for this purpose means the closing price of a share on the applicable date as reported on the Nasdaq Stock Market.

United States Federal Income Tax Consequences

Based on current provisions of the Internal Revenue Code and the existing regulations thereunder, the anticipated U.S. federal income tax consequences of participating in the Plan are as described below. The following discussion is not intended to be a complete discussion of applicable law and is based on the U.S. federal income tax laws as in effect on the date hereof.

No federal income tax consequences arise at the time of an eligible employee's enrollment in the Plan or upon the purchase of shares under the Plan. Amounts withheld by payroll deduction are subject to federal income tax as though those amounts had been paid in cash.

If a participant disposes of shares purchased under the Plan within two years after the enrollment date for an accumulation period or within one year after the transfer of the shares to the participant, the participant will have included in his or her compensation, taxable as ordinary income in the year of such disposition, an amount equal to the difference between (A) the fair market value of the shares on the date of purchase, and (B) the price paid for the shares, regardless of the price received in connection with the disposition of the shares. The amount that is taxable as ordinary income is added to the purchase price and becomes part of the cost basis for those shares for federal income tax purposes. If the disposition of the shares involves a sale or exchange, the participant generally will also realize a short-term capital gain or loss equal to the difference between his or her cost basis (calculated pursuant to the preceding sentence) and the proceeds from the sale or exchange.

If a participant disposes of shares purchased under the Plan on a date that is both more than two years after the enrollment date for an accumulation period and more than one year after the transfer of the shares to the participant, or if the participant dies at any time while owning shares purchased under the Plan, the participant (or his or her estate) will have

Back to Contents

included in his or her compensation, taxable as ordinary income in the year of disposition (or death), an amount equal to the lesser of: (i) the excess of the fair market value of the shares on the enrollment date for the accumulation period over the purchase price paid by the participant for the shares; or (ii) the excess of the fair market value of the shares on the date of disposition (or death) over the purchase price paid by the participant for the shares.

The amount that is taxable as ordinary income is added to the cost basis of those shares for federal income tax purposes. The cost basis is therefore the sum of the purchase price of the shares and the ordinary income recognized from the formula above. If the disposition of the shares involves a sale or exchange, the participant will also realize a long-term capital gain or loss equal to the difference between his or her cost basis and the proceeds from the sale or exchange.

New Plan Benefits

It is not presently possible to determine the benefits or amounts that will be received by any particular employee or groups in the future.

Vote Required for Approval of Amendment

The affirmative vote of the holders of a majority of the shares represented and voting at the Annual Meeting in person or by proxy is required for the approval of the amendment to the Garmin Ltd. Employee Stock Purchase Plan.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL OF THE AMENDMENT TO THE GARMIN LTD. EMPLOYEE STOCK PURCHASE PLAN

AUDIT MATTERS

Report of Audit Committee

This report is submitted by the Audit Committee of the Board.

The Board pursues its responsibility for oversight of Garmin's financial reporting process through the Audit Committee. The Board, in its business judgment, has determined that all members of the Audit Committee are independent and financially literate as required by the applicable listing standards of the NASDAQ. The Audit Committee operates pursuant to a charter adopted by the Board, as amended and restated on July 25, 2014, a copy of which is posted at http://www8.garmin.com/aboutGarmin/invRelations/documents/Audit_Committee_Charter.pdf. The Audit Committee and the Board annually review and assess the adequacy of the charter.

The Audit Committee meets regularly with the independent auditor, management and Garmin's internal auditors. The independent auditor and Garmin's internal auditors have direct access to the Audit Committee, with and without the presence of management representatives, to discuss the scope and results of their work and their comments on the adequacy of internal accounting controls and the quality of financial reporting.

In performing its oversight function, the Audit Committee reviewed and discussed Garmin's audited consolidated financial statements for the fiscal year ended December 27, 2014 with management and with Ernst & Young LLP, the independent registered public accounting firm retained by Garmin to audit its financial statements. The Audit Committee received and reviewed management's representation and the opinion of the independent registered public accounting firm that Garmin's audited financial statements were prepared in accordance with United States generally accepted accounting principles. The Audit Committee also discussed with the independent registered public accounting firm during the 2014 fiscal year the matters required to be discussed by applicable standards and rules of the Public Company Accounting Oversight Board and the SEC.

The Audit Committee received from Ernst & Young LLP the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with the Audit Committee concerning independence and discussed with Ernst & Young LLP the independence of their firm. The Audit Committee considered whether the non-audit services provided by Ernst & Young LLP are compatible with their independence.

Based upon the review and discussions referenced above, the Audit Committee recommended to Garmin's Board, and the Board approved, that the audited consolidated financial statements be included in Garmin's Annual Report on Form 10-K for the fiscal year ended December 27, 2014, for filing with the SEC.

Independent Registered Public Accounting Firm Fees

The following table sets forth the aggregate fees billed to Garmin for the fiscal year ended December 27, 2014 and the fiscal year ended December 28, 2013 by Garmin's independent registered public accounting firm, Ernst & Young LLP (dollars listed in thousands):

| | 2014 | 2013 |
|--------------------------------------|----------------|----------------|
| Audit Fees | \$2,888 | \$2,795 |
| Audit Related Fees ^{(a)(b)} | \$0 | \$9 |
| Tax Fees ^{(b)(c)} | \$45 | \$84 |
| All Other Fees ^(d) | \$3 | \$9 |
| TOTAL: | \$2,936 | \$2,897 |

(a) *Audit related fees for 2013 comprise fees for consent needed for additional SEC filings and acquisition due diligence.*

(b) *The Audit Committee has concluded that the provision of these services is compatible with maintaining the independence of Ernst & Young.*

(c) *Tax fees for 2014 consisted of tax compliance services. Tax fees for 2013 are comprised entirely of tax planning services.*

(d) *All other fees for 2014 and 2013 are comprised of \$3 for on-line subscription fees. In addition, all other fees includes \$6 for audit of environmental regulations in 2013.*

Pre-Approval of Services Provided by the Independent Auditor

The Audit Committee has adopted a policy that requires advance approval by the Committee of all audit services, audit-related services, tax services and other services performed by Ernst & Young. The policy provides for pre-approval by the Audit Committee annually of specifically defined services up to specifically defined fee levels. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before Ernst & Young is engaged to perform it. The Audit Committee has delegated to the Audit Committee Chairman authority to approve permitted services provided that the Chairman reports any such approval decisions to the Audit Committee at its next meeting. The Audit Committee pre-approved all services that Ernst & Young rendered to Garmin and its subsidiaries in 2014.

Our Compensation Philosophy

Garmin's management and Compensation Committee consider executive compensation in light of the entire associate population in order to establish compensation practices that we believe are competitive based on our recruitment and retention experience. We also strive to establish compensation practices that are viewed as internally equitable and fair for executives, other associates, and shareholders. Executives are therefore compensated using the same elements and techniques as the broader group of associates who contribute to Garmin's success. Garmin's executive

compensation program has achieved strong support from shareholders with 98% of the shares voted at the 2014 Annual General Meeting of Shareholders having voted in favor of approval of the compensation of Garmin's Named Executive Officers, as disclosed in the proxy statement for Garmin's 2014 Annual General Meeting of Shareholders.

Executive compensation is tied to individual and company performance through use of stock compensation programs designed to align the interests of executives and shareholders based on the common goal of growing shareholder value. Garmin establishes executive compensation taking into account market information obtained primarily through recruiting, retention, and networking. The Compensation Committee also considers other factors, such as job responsibilities and performance and the level of past compensation adjustments, as described below.

Garmin does not attempt to set compensation to meet specific benchmarks, such as targeting a specific percentile of a compensation component paid by one or more peer groups. Garmin sets executive compensation based on its knowledge of individualized contributions and capabilities of its personnel and the positions involved and the amount and form of compensation that Garmin believes is needed to attract, motivate and retain appropriate talent.

Objectives of the Compensation Program

The objectives of Garmin's executive compensation program are to:

- Provide executive compensation that Garmin believes is fair, reasonable and competitive in order to attract, motivate and retain a highly qualified executive team;
- Reward executives for individual performance and contribution;
- Provide incentives to executives to enhance shareholder value;
- Reward executives for long-term, sustained individual and Company performance;
- Provide executive compensation that is viewed as internally equitable by both the executives and the broader Garmin employee population; and
- For non-management directors, provide fair, reasonable and competitive compensation to attract and retain highly qualified, independent professionals to represent Garmin shareholders.

Key Governance Features

What We Do

What We Don't Do

Mitigate excessive risk-taking behaviors by Named Executive Officers:

Garmin's Board of Directors regularly reviews the risks related to our executive compensation program, and our program includes features that reduce the likelihood of our Named Executive Officers, either individually or as a group, making excessively risky business decisions that could maximize short-term results at the expense of long-term value.

Use long-term incentives to link a significant portion of pay to company performance over time:

A significant portion of each Named Executive Officer's total compensation consists of long-term incentive compensation, such as restricted stock units and/or stock appreciation rights, which vest over 3-5 years and have their values directly linked to company performance over time.

Have a Clawback Policy that authorizes the Compensation Committee to recoup executive compensation:

In the event of an accounting restatement of Garmin's financial statements due to misconduct resulting in Garmin's material noncompliance with financial reporting requirements under securities laws, the Compensation Committee has the discretion to recoup performance-based compensation received by Garmin's executive officers. See "Adjustment or Recovery of Awards or Payments" below for more detailed description of this policy.

Include double-trigger change in control provisions in equity awards:

Accelerated vesting of equity awards would only occur following change in control if a Named Executive Officer resigns with good reason or is terminated without cause within 12 months following the change in control.

Strongly discourage hedging and pledging of Garmin securities:

We strongly discourage Named Executive Officers from engaging in transactions pursuant to which they would hedge the economic risk of Garmin stock ownership or pledge Garmin securities as collateral for a loan. According to the Garmin Ltd. Statement of Insider Trading Policy, any Named Executive Officer or other insider who wishes to enter into such a hedging or pledging transaction must first pre-clear the proposed transaction with Garmin's Compliance Officer. During each of 2012, 2013 and 2014 none of our Named Executive Officers or Board members engaged in any hedging or pledging transactions with respect to Garmin shares.

No severance agreements:

We do not have severance agreements with any of our Named Executive Officers that would require us to make cash payments upon termination of their employment.

No cash payments upon change in control:

We do not have any separate change in control agreements that would obligate us to make any cash payments to any Named Executive Officers upon a change of control.

No tax gross-ups:

We do not provide tax gross-ups or reimbursements to Named Executive Officers (except as provided pursuant to our standard relocation practices).

No executive perquisites:

We do not provide perquisites to any of our Named Executive Officers that are not otherwise provided to other employees of the Garmin entity where they are employed.

No annual cash bonuses:

We do not pay annual cash bonuses to any of our Named Executive Officers (other than a \$256 holiday cash bonus).

No post-retirement benefit plans. No supplemental executive retirement plans:

We do not have any post-retirement benefit plans that would provide post-retirement benefits to any of our Named Executive Officers. We do not have any supplemental executive retirement plans.

No repricing or backdating of underwater equity awards

Engagement with our Shareholders

Garmin seeks shareholder input on executive compensation matters through an annual advisory vote on executive compensation in accordance with U.S. securities laws. Commencing with the Annual General Meeting of Shareholders in 2015, the maximum aggregate compensation of our Executive Management (which consists of our CEO and CFO) and the maximum aggregate compensation of our Board of Directors will each be subject to an annual binding vote in accordance with Swiss law.

Consideration of Last Year's "Say on Pay" Vote

At Garmin's 2014 Annual General Meeting of Shareholders, in an advisory, non-binding vote, 98% of the shares voted were voted in favor of approval of the compensation of Garmin's Named Executive Officers. Although this was only an advisory vote and the results were not binding on Garmin or the Compensation Committee, the Compensation Committee reviewed and considered the results. Taking into account the strong support demonstrated by our shareholders, the Committee was encouraged to continue its practices in determining executive compensation.

How We Determine Executive Compensation

Role of the Compensation Committee

Our Compensation Committee is comprised of four independent directors, as defined under NASDAQ Marketplace Rules. The Compensation Committee oversees the design and administration of Garmin's executive compensation programs and evaluates these programs against competitive practices, legal and regulatory developments and corporate governance trends. In making compensation decisions, the Compensation Committee considers each executive's performance and other relevant factors, including the scope of each executive's position and responsibilities, the achievement of Company goals, the current business environment and anticipated changes, executive retention and recruitment considerations, the mix of fixed compensation (e.g. base salary) versus variable compensation (e.g. short and long-term incentives), the level of past compensation adjustments and the level of risk associated with the executives' total direct compensation package.

The Compensation Committee discusses and determines the compensation of Dr. Kao and Mr. Pemble without them being present.

Role of Management

Mr. Pemble, our Chief Executive Officer, discusses with the Compensation Committee compensation recommendations for each of the executives, other than his own compensation. Dr. Kao and Mr. Pemble attended meetings of the Compensation Committee in 2013 to discuss 2014 executive compensation matters, but they are not members of the Compensation Committee and do not vote on Compensation Committee matters. Dr. Kao and Mr. Pemble were not present for certain portions of Compensation Committee meetings, such as when the Compensation Committee discussed their own respective performance and individual compensation.

Role of Compensation Consultant

Pursuant to its charter, the Compensation Committee is authorized to retain and terminate any consultant, as well as to approve the consultant's fees and other terms of the engagement. The Compensation Committee did not engage a compensation consultant in connection with setting the 2014 base salaries for our Named Executive Officers, as the Committee believed that the base salary information obtained from a compensation consultant would not be materially different from the base salary information obtained in 2012 in connection with setting the 2013 executive compensation.

The Compensation Committee engaged Meridian Compensation Partners, LLC ("Meridian") in 2014 to recommend a comparator group of companies whose executive compensation programs could be compared to that of Garmin. Meridian recommended a different and more focused comparator group than the comparator groups (described below) that were identified by a prior compensation consultant in 2012. Following discussions between Meridian and the Compensation Committee, the final comparator group was agreed upon, and Meridian prepared a competitive assessment of Garmin's executive compensation program compared to the executive compensation programs of the companies included in the comparator group. This information was considered when setting 2015 base salaries and granting equity compensation awards in December 2014 to Named Executive Officers.

Comparator Groups Reviewed When Setting 2014 Named Executive Officer Base Salaries

When setting 2014 base salaries for Garmin's Named Executive Officers the Compensation Committee reviewed data about executive compensation at other comparator companies but compensation paid at other companies is not a primary factor in the Committee's decision-making process and is not used by the Committee for benchmarking compensation. When setting the 2014 base salaries, the Compensation Committee reviewed the same data from the three comparator groups that were identified in 2012 for setting 2013 executive compensation: (1) a group of companies from the NASDAQ 100 index, of which Garmin is a component; (2) a related industry group of companies selected on the basis that they were in similar industries to Garmin; and (3) a group of publicly traded companies located in the region surrounding the headquarters of Garmin's principal U.S. subsidiary in Olathe, Kansas (which is a suburb of Kansas City, Missouri).

Back to Contents

The Compensation Committee used the comparator groups' data primarily to assess the overall competitiveness of Garmin's compensation programs and to obtain information on compensation trends. The Compensation Committee considered this data when setting 2014 base salaries for Named Executive Officers. However, Garmin does not attempt to set compensation to meet specific benchmarks, such as targeting a specific percentile of a compensation component paid by one or more comparator groups.

Comparator Group Reviewed When Setting 2015 Named Executive Officer Base Salaries and Equity Compensation Awards Granted to Named Executive Officers in December 2014

As stated above under “*Role of Compensation Consultant*”, the Compensation Committee engaged Meridian in 2014 to assist the Compensation Committee with developing a more focused comparator group. Garmin’s Compensation Committee and management communicated two important selection criteria to Meridian. The first selection criterion was that Garmin is a culture-driven company, which helps Garmin to retain talented executives, and the second selection criterion was that the Kansas City region is an important source of future executive talent for Garmin. Meridian then identified a pool of 45 potential candidates to include in the comparator group, taking into account these two criteria, together with company size, market capitalization, revenue and industry. Following discussion between Meridian and Garmin’s Compensation Committee, the list of candidates was refined and finalized to consist of the following companies:

| | |
|---------------------------------------|---------------------------------|
| Adobe Systems Inc. | NCR Corp. |
| Ametek Inc. | NetApp, Inc. |
| Autodesk, Inc. | Netflix, Inc. |
| Belden Inc. | Red Hat Inc. |
| Cerner Corporation | Rockwell Collins Inc. |
| Citrix Systems, Inc. | SanDisk Corp. |
| Esterline Technologies Corp. | Sensata Technologies Holding NV |
| FEI Company | SunEdison, Inc. |
| FLIR Systems, Inc. | Toro Co. |
| GoPro, Inc. | Trimble Navigation Limited |
| Harman International Industries, Inc. | Visteon Corporation |
| National Instruments Corporation | |

The Compensation Committee used the comparator group’s executive compensation data primarily to assess the overall competitiveness of Garmin’s compensation programs and to obtain information on compensation trends. This information was considered by the Compensation Committee when setting 2015 base salaries for Named Executive Officers and granting equity compensation awards to Named Executive Officers in December 2014. However, Garmin does not attempt to set compensation to meet specific benchmarks, such as targeting a specific percentile of a compensation component paid by one or more comparator groups.

Current Year's Performance: Salary and Annual Incentives

Base Salary

We believe that a competitive base compensation program is an important factor in attracting, motivating and retaining talented associates at all levels of the organization. We determine base compensation levels based generally on assessment of performance, internal equity considerations, the level of past compensation adjustments and market information obtained primarily through recruiting, retention and networking. Executives are paid a base salary as compensation for the performance of their primary duties and responsibilities.

The base salary for Garmin's Executive Chairman and Chief Executive Officer is determined annually by the Compensation Committee. The Compensation Committee's deliberations regarding the base salary of each of the Executive Chairman and the Chief Executive Officer are made without the Executive Chairman or Chief Executive Officer being present.

The base salary for each of the other Named Executive Officers is reviewed annually and is based upon the recommendation of Mr. Pemble and the executive's individual duties and responsibilities, experience and overall performance and internal equity considerations.

Because Dr. Kao owns a significant amount of Garmin shares, and, therefore, already has a strong incentive to create shareholder value, he has requested that the Compensation Committee provide him only a relatively modest base salary and that he not be awarded restricted stock units, performance shares, stock options or any other form of equity compensation. Further, because Dr. Kao became Executive Chairman in 2013, with Mr. Pemble replacing him as Chief Executive Officer, at Dr. Kao's request his base salary for 2013 was reduced from \$500,010 in 2012 to \$350,000 for 2013 and 2014.

Each of the Named Executive Officers (other than Dr. Kao) received a modest increase (approximately 2.30%) in base salary in 2014. The following table shows the base salary of each of the Named Executive Officers in 2012, 2013 and 2014 (except for Mr. Munn, who first became a Named Executive Officer in 2013, and Mr. Boessen, who first became a Named Executive Officer in 2014):

| Name | 2012 | 2013 | 2014 |
|--------------|-------------|-------------|-------------|
| Dr. Kao | \$500,010 | \$350,000 | \$350,000 |
| Mr. Pemble | \$600,002 | \$650,000 | \$665,002 |
| Mr. Rauckman | \$500,001 | \$550,000 | \$562,501 |
| Mr. Boessen | N/A | N/A | \$550,000* |

| | | | |
|------------|-----------|-----------|-----------|
| Mr. Etkind | \$500,002 | \$515,000 | \$527,000 |
| Mr. Bartel | \$450,001 | \$467,000 | \$478,003 |
| Mr. Munn | N/A | \$443,012 | \$453,002 |

**Annualized. Mr. Boessen began his employment with Garmin on June 2, 2014.*

Annual Incentive and Bonus Awards

Garmin does not offer an annual cash bonus program. In 2014, Garmin’s Named Executive Officers, including the Executive Chairman and the Chief Executive Officer, each received a \$256 annual holiday cash bonus (or its equivalent in Swiss francs in the case of Mr. Etkind). This is the same annual holiday cash bonus that was paid to other employees of Garmin’s US and European subsidiaries.

Long-Term Performance: Restricted Stock Units, Stock Options and Stock Appreciation Rights

Garmin’s management and Compensation Committee believe that stock ownership is the most important element in achieving the goals of Garmin’s compensation program. Stock ownership aligns the long-term interests of associates with those of shareholders, provides long-term retention incentive, and ties compensation to performance through the creation of shareholder value. While Garmin does not require a specific level of stock ownership for our associates, Garmin encourages stock ownership by offering a variety of stock compensation programs.

The form and amount of stock compensation awarded to each executive is determined by the Compensation Committee based primarily on the recommendation of Mr. Pemble (other than with regard to his own compensation) and the executive’s individual duties and responsibilities, experience and overall performance. Factors considered by the Compensation Committee in evaluating individual performance include the executive’s overall performance, the executive’s performance relative to his peers within Garmin, the nature and scope of the executive’s position and responsibilities, the executive’s past compensation adjustments and retention considerations and the current business environment.

Restricted Stock Units

It is Garmin’s practice to grant stock in the form of full value RSUs that vest over a specified time period, which provides a long-term retention incentive, aligns the interests of associates with those of other shareholders and encourages an appropriate degree of risk-taking that is consistent with long-term growth. The total value of each RSU grant is generally linked to the assessment by management, and approval by the Compensation Committee, of the value of individual performance of the recipient and its contribution to Garmin’s overall performance. Since individual and Company performance are the primary drivers in determining the amounts of specific awards of RSUs, we believe that time vesting alone is the appropriate structure to achieve the objectives described above. The value of RSUs increases over time only if our share price increases, which serves to encourage improved Company performance and

long-term value creation, thereby benefitting all of our shareholders. While RSUs are dependent upon share price appreciation for increased value, they also offer downside risk protection because they continue to have value even if the share price declines from the price on the date of grant. RSUs have been Garmin's primary means of long term incentive compensation since the end of 2008.

[Back to Contents](#)

The following table shows the grant date fair value of the RSUs awarded to each of the Named Executive Officers (other than Dr. Kao) in 2012, 2013 and 2014 (as applicable with respect to each Named Executive Officer):

| Name | 2012 RSUs | 2013 RSUs | 2014 RSUs |
|--------------|------------------|------------------|------------------|
| Mr. Pemble | \$421,348 | \$441,189 | \$593,838 |
| Mr. Rauckman | \$198,261 | \$195,023 | N/A |
| Mr. Etkind | \$198,261 | \$195,023 | \$191,927 |
| Mr. Boessen | N/A | N/A | \$191,927 |
| Mr. Bartel | \$198,261 | \$195,023 | \$191,927 |
| Mr. Munn | N/A | \$185,750 | \$182,753 |

The 2013 and 2014 RSU values in this table were calculated using a different methodology from the methodology originally used in 2012 to reflect, in accordance with accounting requirements, that dividend equivalents are not paid on the awards. The RSU values in this table for 2012 were recalculated to reflect the same methodology used for the 2013 and 2014 RSU values.

The Compensation Committee decided to significantly increase the value of Mr. Pemble's 2014 RSU award compared to the values awarded to him in 2013 and 2012 in recognition of his strong performance and leadership, the successful transition to Mr. Pemble from Dr. Kao as Chief Executive Officer, and the continued growth and professional development Mr. Pemble has displayed since assuming the role of Chief Executive Officer.

Stock Options

This element of longer-term incentive compensation is designed to enhance executive retention and to reward the recipients for delivering business performance and shareholder value over the long-term. Stock options only have value to the grantees if the stock price increases after the awards are granted, which provides an incentive to deliver business performance and shareholder value over the long-term. Furthermore, the time-based vesting feature requires that a Named Executive Officer remain with the company for a period of time before the awards are vested, enhancing retention.

Stock options were Garmin's primary means of long term incentive compensation until mid-2008, after which the company began using RSUs. However, in December 2012, the Compensation Committee granted stock options to our Chief Executive Officer (Mr. Pemble), and to our Chief Financial Officer (Mr. Rauckman). The Compensation Committee decided to grant stock options for these awards rather than RSUs because stock options were considered to be performance based as they only have value if the stock price increases after the grant date and declines in the stock price after the grant date have a negative impact on the value (i.e. if the stock price declines below the price on the stock option grant date, the option has no value), thereby directly correlating to our shareholders' interests (whereas RSUs have value even if the stock price does not increase after the grants). Thus, the Compensation Committee believed that these stock option awards would provide incentives to Mr. Pemble and to Mr. Rauckman that are

particularly aligned with the interests of Garmin’s shareholders. The Compensation Committee believes that this is particularly important with respect to the Chief Executive Officer and Chief Financial Officer.

The following table shows the grant date fair value of the stock options awarded to each of Mr. Pemble and Mr. Rauckman in 2012 (none of the other Named Executive Officers were granted stock option awards in 2012, and no stock options were granted to any of the Named Executive Officers in 2013 or 2014):

| Name | 2012 Stock Options |
|--------------|---------------------------|
| Mr. Pemble | \$451,496 |
| Mr. Rauckman | \$159,360 |

The Compensation Committee decided to grant our Chief Executive Officer and Chief Financial Officer (Mr. Pemble and Mr. Rauckman , respectively, with respect to 2013, and Mr. Pemble and Mr. Boessen, respectively, with respect to 2014) stock-settled stock appreciation rights rather than stock options in December 2013 and 2014 for the reasons described below.

Stock –Settled Stock Appreciation Rights (“SARs”)

In December 2013 and December 2014, the Compensation Committee decided to grant our Chief Executive Officer and Chief Financial Officer (Mr. Pemble and Mr. Rauckman, respectively, with respect to 2013, and Mr. Pemble and Mr. Boessen, respectively, with respect to 2014) SARs instead of stock options, because the Compensation Committee believed that SARs more effectively manage equity dilution and share usage, while still strongly linking the earnings of our Chief Executive Officer and Chief Financial Officer with the interests of shareholders.

The following table shows the grant date fair value of the SARs awarded to each of Mr. Pemble and Mr. Rauckman in 2013, and to each of Mr. Pemble and Mr. Boessen in 2014 (none of the other Named Executive Officers were granted SARs in 2012, 2013 or 2014):

| Name | 2013 SARs | 2014 SARs |
|--------------|------------------|------------------|
| Mr. Pemble | \$493,298 | \$427,368 |
| Mr. Rauckman | \$181,738 | N/A |
| Mr. Boessen | N/A | \$157,461 |

Employee Stock Purchase Plan

Garmin offers a discounted stock purchase plan to employees. This plan allows employees to purchase Garmin shares at a per share price equal to 85% of the lesser of (a) the per share closing price of Garmin's shares on the last stock trading day of the offering period, and (b) the per share closing price of Garmin's shares on the first stock trading day of the offering period. Named Executive Officers can participate in this program under the same terms and conditions as all other employees. No employee, including Named Executive Officers, may contribute more than 10% of his or her salary to the plan or purchase more than \$25,000 worth of Garmin shares under the plan in any one calendar year.

[Back to Contents](#)

Benefits; Retirement Contributions

Garmin's Named Executive Officers participate in the same benefits and are covered by the same plans on the same terms as provided to all employees of the Garmin entity by which they are employed. For Garmin's U.S. employees, Garmin matches employee contributions to Garmin's Retirement Plan and makes an additional employer contribution to this plan. In 2014, for all U.S. employees, including the Named Executive Officers employed by Garmin in the U.S., (a) for every dollar the employee contributed to the plan up to 10% of the employee's salary, Garmin contributed 75 cents, and (b) Garmin made an additional contribution equal to 5% of the employee's salary, whether or not the employee contributed to the plan. For 2014, no salary in excess of \$260,000 was taken into account for either of the foregoing contributions. In 2011, Garmin's Vice President, General Counsel and Corporate Secretary, Mr. Etkind, relocated from the U.S. to Switzerland and has since been employed by Garmin in Switzerland. In 2014 Garmin made contributions to Mr. Etkind's Swiss pension plan account in accordance with Swiss law.

Additional Element of Our Executive Compensation Program Added after December 31, 2014

At a meeting of the Compensation Committee in February 2015, the Compensation Committee granted RSU awards under the Company's 2005 Equity Incentive Plan to certain employees, including each of the Named Executive Officers (other than Dr. Kao). The vesting of these RSU awards is contingent upon the achievement of certain revenue and profitability goals for Garmin's 2015 fiscal year established by the Compensation Committee, as well as on time-based vesting requirements. At a meeting of the Compensation Committee in 2016 (the "Certification Date") the Compensation Committee will determine whether each of the performance goals for these RSU awards was achieved, and the percentage of the RSU's that corresponds with the weighting attributed to each performance goal that was achieved will be payable to the grantee (subject to the time-based conditions) as follows: one-third will be payable within 30 days after the Certification Date if the grantee is then still employed by the Garmin entity that employs the grantee; one-third will be payable on the first anniversary of the Certification Date if the grantee is then still employed by Garmin entity that employs the grantee; and the remaining one-third will then be payable on the second anniversary of the Certification Date if the grantee is then still employed by Garmin entity that employs the grantee.

The Compensation Committee believes that the performance-based element of this additional annual RSU award will further align the interests of Named Executive Officers and other key employees with the interests of Garmin's shareholders, and that the time-based element will further the objective of retaining Named Executive Officers and other key employees.

Other Considerations

Executive Ownership; Policies Regarding Hedging and Pledging of Garmin Securities

Garmin does not have formal executive stock ownership guidelines. However, Garmin executives have received in recent years a large portion of their total direct compensation in Garmin, time-based restricted stock units and stock options, and, as set forth in the “*Stock Ownership of Certain Beneficial Owners and Management*” table on page 11 of this Proxy Statement, each of the Named Executive Officers (other than Mr. Boessen, who only joined Garmin on June 2, 2014) owns a significant number of Garmin shares.

Pursuant to the Garmin Ltd. Statement of Insider Trading Policy, Garmin strongly discourages the Named Executive Officers and other insiders from engaging in transactions pursuant to which they would hedge the economic risk of Garmin stock ownership or pledge Garmin securities as collateral for a loan. According to the Garmin Ltd. Statement of Insider Trading Policy, any Named Executive Officer or other insider who wishes to enter into such a hedging or pledging transaction must first pre-clear the proposed transaction with Garmin’s Compliance Officer. Any such request for pre-clearance of a hedging, pledging or similar arrangement must be submitted to the Compliance Officer at least two weeks prior to the proposed execution of documents evidencing the proposed transaction and must set forth a justification for the proposed transaction. The Garmin Ltd. Statement of Insider Trading Policy also provides for quarterly black-out periods related to Garmin’s quarterly earnings and other potential event specific black-out periods during which “Covered Persons”, including Garmin directors, officers and designated employees who regularly come into contact with material nonpublic information, may not engage in transactions involving Garmin shares (other than pursuant to a qualified Rule 10b5-1(c) Trading Plan).

Adjustment or Recovery of Awards or Payments

In the event of an accounting restatement of Garmin’s financial statements due to misconduct resulting in Garmin’s material noncompliance with financial reporting requirements under securities laws, the Compensation Committee has the discretion to require reimbursement or forfeiture of any performance-based compensation received by any of the covered executive officers during the three-year period preceding the date on which Garmin is required to prepare an accounting restatement. In determining the amount to be recovered, the Compensation Committee may consider, in addition to other factors, the excess of the performance-based compensation paid to the executive officer based on the erroneous data over the performance-based compensation that would have been paid to the executive officer had it been based on the restated results, as determined by the Compensation Committee.

Tax and Accounting Considerations

The Compensation Committee reviews projections of the estimated accounting and tax impact of all material elements of the executive compensation program. Generally, an accounting expense is accrued over the requisite service period of the particular pay element (generally equal to the performance period) and Garmin realizes a tax deduction upon the payment to/realization by the executive.

[Back to Contents](#)

Section 162(m) of the United States Internal Revenue Code (the “Code”) generally provides that publicly-held corporations may not deduct in the United States any one taxable year compensation in excess of \$1 million paid to the Chief Executive Officer and certain other highly compensated executive officers unless such compensation qualifies as “performance-based compensation” as defined in the Code and related tax regulations. While the Compensation Committee considers the deductibility of awards as one factor in determining executive compensation, the Committee also looks at other factors in making its decision, as noted above, and retains the flexibility to grant awards it determines to be consistent with Garmin’s objectives for its executive compensation program even if the award is not deductible by Garmin for tax purposes.

Severance Agreements

Garmin does not have severance agreements with any of its executives.

Change-in-Control Benefits

If an executive’s employment is terminated without cause, or the executive resigns with good reason, within twelve months following a change in control of Garmin, all of the executive’s unvested stock options and stock appreciation rights (SARs) would immediately become exercisable and all of the executive’s unvested RSUs and performance shares would immediately become payable. Such accelerated vesting is the only benefit that would be received by the executives upon a change in control, and such benefit would also be received by all other Garmin employees who own unvested stock options, SARs, RSUs or performance shares. This change-in-control protection is designed to provide adequate protection for executives so that they may focus their efforts on effective leadership, rather than significant compensation loss, during a time that Garmin is considering or undertaking a change in control.

The Compensation Committee reviewed and discussed with management this “Compensation Discussion and Analysis” section of this Proxy Statement. Based upon such review and discussion, the Compensation Committee recommended to the Board that the “Compensation Discussion and Analysis” section be included in this Proxy Statement.

(1) Awards made in the form of restricted stock units on December 15, 2014.

(3) This column represents the grant date fair value of RSUs and SARs. For RSUs, that amount is calculated by multiplying the closing price of Garmin shares on the NASDAQ stock market on the date of grant

discounted in accordance with accounting requirements to reflect that dividend equivalents are not paid on the RSUs, then multiplied by the number of shares awarded. For SARs, that amount is calculated using a Black-Scholes option pricing model with weighted average assumptions. V. Eligibility Requirements

Except as provided in Section 5.2, each individual who is an Eligible Employee of the Company or a Participating Subsidiary on the applicable Cut-Off Date shall become eligible to participate in the Plan in accordance with Article VI as of the first Enrollment Date following the date the individual becomes an Employee of the Company or a Participating Subsidiary, provided that the individual remains an Eligible Employee on the first day of the Accumulation Period associated with such Enrollment Date. Participation in the Plan is entirely voluntary.

5.2 Employees meeting any of the following restrictions are not eligible to participate in the Plan:

Employees who, immediately upon enrollment in the Plan or upon grant of an Option would own directly or indirectly, or hold options or rights to acquire, an aggregate of 5% or more of the total combined voting power (a) or value of all outstanding shares of all classes of stock of the Company or any Subsidiary (and for purposes of this paragraph, the rules of Code Section 424(d) shall apply, and stock which the Employee may purchase under outstanding options shall be treated as stock owned by the Employee);

(b) Employees (other than individuals on Authorized Leave of Absence (as defined in Section 10.3)) who are customarily employed by the Company or a Participating Subsidiary for not more than 20 hours per week; or

Employees (other than individuals on Authorized Leave of Absence (as defined in Section 10.3)) who are (c) customarily employed by the Company or a Participating Subsidiary for not more than five (5) months in any calendar year.

The Plan is intended to conform to the extent necessary with all provisions of the Securities Act and the Exchange Act and any and all regulations and rules promulgated by the Securities and Exchange Commission thereunder. Notwithstanding anything herein to the contrary, the Plan shall be administered, and the options shall be granted and may be exercised, only in such a manner as to conform to such laws, rules and regulations. To the extent permitted by applicable law, the Plan and the options granted hereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

VI. Enrollment

Eligible Employees will be automatically enrolled in the Plan on the first day of each Accumulation Period. Any Eligible Employee may consent to enrollment in the Plan for an Accumulation Period by completing and signing an enrollment form (which authorizes payroll deductions during such Accumulation Period in accordance with Section 8.1) and submitting such enrollment form to the Company or the Participating Subsidiary on or before the Cut-Off Date specified by the Administrator. Payroll deductions pursuant to the enrollment form shall be effective as of the first payroll period with a pay day after the Enrollment Date for the Accumulation Period to which the enrollment form relates, and shall continue in effect until the earliest of:

(a) the end of the last payroll period with a payday in the Accumulation Period;

(b) the date during the Accumulation Period as of which the Employee elects to cease his or her enrollment in accordance with Section 8.3; and

(c) the date during the Accumulation Period as of which the Employee withdraws from the Plan or has a termination of employment in accordance with Article X.

VII. Grant of Options on Enrollment

The automatic enrollment by an Eligible Employee in the Plan as of an Enrollment Date will constitute the grant as 7.1 of such Enrollment Date by the Company to such Participant of an option to purchase Shares from the Company pursuant to the Plan.

An option granted to a Participant pursuant to this Plan shall expire, if not terminated earlier for any reason, on the 7.2 earliest to occur of: (a) the end of the Purchase Date with respect to the Accumulation Period in which such option was granted; (b) the completion of the purchase of Shares under the option under Article IX; or (c) the date on which participation of such Participant in the Plan terminates for any reason.

As of each Enrollment Date, each Participant shall automatically be granted an option to purchase a maximum 7.3 number of Shares, subject to the terms of the Plan, equal to the quotient of \$25,000 divided by the Fair Market Value of a Share on the Enrollment Date.

Notwithstanding any other provision of this Plan, no Employee may be granted an option which permits his or her 7.4 rights to purchase Shares under the Plan and any other Code Section 423 employee stock purchase plan of the Company or any of its Subsidiaries or parent companies to accrue (when the option first becomes exercisable) at a rate which exceeds \$25,000 of Fair Market Value of such Shares (determined at the time such option is granted) for each calendar year in which such option is outstanding at any time. For purposes of administering this accrual limitation, the Administrator shall limit purchases under the Plan as follows:

The number of Shares that may be purchasable by an Employee during his or her first Accumulation Period during (a) a calendar year may not exceed a number of Shares determined by dividing \$25,000 by the Fair Market Value of a Share on the Enrollment Date for that Accumulation Period.

The number of Shares that may be purchasable by an Employee during any subsequent Accumulation Period (b) during the same calendar year (if any) shall not exceed the number of Shares determined by performing the calculation below:

First, the number of Shares purchased by the Employee during any previous Accumulation Period during the (i) same calendar year shall be multiplied by the Fair Market Value of a Share on the Enrollment Date of such previous Accumulation Period.

Back to Contents

(ii) Second, the amount determined under (i) above shall be subtracted from \$25,000.

Third, the amount determined under (ii) above shall be divided by the Fair Market Value of a Share on the Enrollment Date for such subsequent Accumulation Period (for which the maximum number of Shares purchasable is being determined by this calculation) occurs. The quotient thus obtained shall be the maximum number of Shares that may be purchased by any Employee for such subsequent Accumulation Period.

VIII. Payroll Deductions

An Employee who files an enrollment form pursuant to Article VI shall elect and authorize in such form to have deductions made from his or her pay on each payday he or she receives a paycheck during the Accumulation Period to which the enrollment form relates, and he or she shall designate in such form the percentage (in whole percentages) of Base Earnings to be deducted each payday during such Accumulation Period. The minimum an Employee may elect and authorize to have deducted is 1% of his or her Base Earnings paid per pay period in such Accumulation Period, and the maximum is 10% of his or her Base Earnings paid per pay period in such Accumulation Period (or such larger or smaller percentage as the Administrator may designate from time to time).

Except as provided in the last paragraph of Section 6.1, deductions from a Participant's Base Earnings shall commence upon the first payday on or after the commencement of the Accumulation Period, and shall continue until the date on which such authorization ceases to be effective in accordance with Article VI. The amount of each deduction made for a Participant shall be credited to the Participant's Account. All payroll deductions received or held by the Company or a Participating Subsidiary may be, but are not required to be, used by the Company or Participating Subsidiary for any corporate purpose, and the Company or Participating Subsidiary shall not be obligated to segregate such payroll deductions, but may do so at the discretion of the Board.

As of the last day of any month during an Accumulation Period, a Participant may elect to cease (but not to increase or decrease) payroll deductions made on his or her behalf for the remainder of such Accumulation Period by filing the applicable election with the Company or Participating Subsidiary in such form and manner and at such time as may be permitted by the Administrator. A Participant who has ceased payroll deductions may have the amount which was credited to his or her Account prior to such cessation applied to the purchase of Shares as of the Purchase Date, in accordance with Section 9.1, and receive the balance of the Account with respect to which the enrollment is ceased, if any, in cash. A Participant who has ceased payroll deductions may also voluntarily withdraw from the Plan pursuant to Section 10.1. Any Participant who ceases payroll deductions for an Accumulation Period may re-enroll in the Plan on the next subsequent Enrollment Date following the cessation in accordance with the provisions of Article VI. A Participant who ceases to be employed by the Company or any Participating Subsidiary will cease to be a Participant in accordance with Section 10.2.

A Participant may not make any separate or additional contributions to his Account under the Plan. Neither the Company nor any Participating Subsidiary shall make separate or additional contributions to any Participant's Account under the Plan.

IX. Purchase of Shares

Subject to Section 9.2, any option held by the Participant which was granted under this Plan and which remains outstanding as of a Purchase Date shall be deemed to have been exercised on such Purchase Date for the purchase of the number of whole Shares which the funds accumulated in his

or her Account as of the Purchase Date will purchase at the applicable purchase price (but not in excess of the number of Shares for which options have been granted to the Participant pursuant to Section 7.3). No Shares will be purchased on behalf of any Participant who fails to file an enrollment form authorizing payroll deductions for an Accumulation Period.

A Participant who holds an outstanding option as of a Purchase Date shall not be deemed to have exercised such option if the Participant elected not to exercise the option by withdrawing from the Plan in accordance with Section 10.1.

If, after a Participant's exercise of an option under Section 9.1, an amount remains credited to the Participant's Account as of a Purchase Date, then the remaining amount shall be distributed to the Participant in cash as soon as administratively practical after such Purchase Date.

Except as otherwise set forth in this Section 9.4, the purchase price for each Share purchased under any option shall be 85% of the lower of:

- (a) the Fair Market Value of a Share on the Enrollment Date on which such option is granted; or
- (b) the Fair Market Value of a Share on the Purchase Date, but - in the case of newly issued Shares - not lower than the par value of a Share.

Notwithstanding the above, the Board may establish a different purchase price for each Share purchased under any option provided that such purchase price is determined at least thirty (30) days prior to the Accumulation Period for which it is applicable and provided that such purchase price may not be less than (i) the purchase price set forth above and (ii) - in the case of newly issued Shares - than the par value per Share.

If Shares are purchased by a Participant pursuant to Section 9.1, then such Shares shall be held in non-certificated form at a bank or other appropriate institution selected by the Administrator until the earlier of the Participant's termination of employment or the time a Participant requests delivery of certificates representing such shares, which would only be possible if the Board resolved that share certificates shall be issued. If any law governing corporate or securities matters, or any applicable regulation of the Securities and Exchange Commission or other body having jurisdiction with respect to such matters, shall require that the Company or the Participant take any action in connection with the Shares being purchased under the option, delivery of such Shares shall be postponed until the necessary action shall have been completed, which action shall be taken by the Company at its own expense, without unreasonable delay.

Shares transferred pursuant to this Section 9.5 shall be registered in the name of the Participant or, if the Participant so elects, in the names of the Participant and one or more such other persons as may be designated by the Participant in joint tenancy with rights of survivorship or in tenancy by the entirety or as spousal community property, or in such forms of trust as may be approved by the Administrator, to the extent permitted by law.

9.6 In the case of Participants employed by a Participating Subsidiary, the Board may provide for Shares to be sold through the Subsidiary to such Participants, to the extent consistent with and governed by Section 423 of the Code.

9.7 If the total number of Shares for which an option is exercised on any Purchase Date in accordance with this Article IX, when aggregated with all Shares previously granted under this Plan, exceeds the maximum number of Shares reserved in Section 4.1, the Administrator shall make a pro rata allocation of the Shares available for delivery and distribution in as nearly a uniform manner as shall be practicable and as it shall determine to be equitable, and the balance of the cash amount credited to the Account of each Participant under the Plan shall be returned to him or her as promptly as administratively practical.

9.8 If a Participant or former Participant sells, transfers, or otherwise makes a disposition of Shares purchased pursuant to an option granted under the Plan within two years after the date such option is granted or within one year after the Purchase Date to which such option relates, or if the Participant or former Participant otherwise has a taxable event relating to Shares purchased under the Plan, and if such Participant or former Participant is subject to U.S. federal income tax, then such Participant or former Participant shall notify the Company or Participating Subsidiary in writing of any such sale, transfer or other disposition within 10 days of the consummation of such sale, transfer or other disposition, and shall remit to the Company or Participating Subsidiary or authorize the Company or Participating Subsidiary to withhold from other sources such amount as the Company may determine to be necessary to satisfy any federal, state or local tax withholding obligations of the Company or Participating Subsidiary. A Participant must reply to a written request, within 10 days of the receipt of such written request, from the Company, Participating Subsidiary, or Administrator regarding whether such a sale, transfer or other disposition has occurred.

The Administrator may from time to time establish rules and procedures (including but not limited to postponing delivery of Shares until the earlier of the expiration of the two-year or one-year period or the disposition of such Shares by the Participant) to cause the withholding requirements to be satisfied.

X. Withdrawal From the Plan; Termination of Employment; Leave of Absence; Death

10.1 Withdrawal from the Plan. Effective as of the last day of any calendar quarter during an Accumulation Period, a Participant may withdraw from the Plan in full (but not in part) by delivering a notice of withdrawal to the Company (in a manner prescribed by the Administrator) at least ten business days prior to the end of such calendar quarter (but in no event later than the June 1 or December 1 immediately preceding the Purchase Date for the Plan's two Accumulation Periods, respectively). Upon such withdrawal from participation in the Plan, all funds then accumulated in the Participant's Account shall not be used to purchase Shares, but shall instead be distributed to the Participant as soon as administratively practical after the end of such calendar quarter, and the Participant's payroll deductions shall cease as of the end of such calendar quarter. An Employee who has withdrawn during an Accumulation Period may not return funds to the Company or a Participating Subsidiary during the same Accumulation Period and require the Company or Participating Subsidiary to apply those funds to the purchase of Shares, nor may such Participant's payroll deductions continue, in accordance with Article VI. Any Eligible Employee who has withdrawn from the Plan may, however, re-enroll in the Plan on the next

subsequent Enrollment Date following withdrawal in accordance with the provisions of Article VI.

Termination of Employment. Participation in the Plan terminates immediately when a Participant ceases to be employed by the Company or any Participating Subsidiary for any reason whatsoever, including but not limited to termination of employment, whether voluntary or involuntary, or on account of disability, or retirement, but not including death, or if the participating Subsidiary employing the Participant ceases for any reason to be a Participating Subsidiary. Participation in the Plan also terminates immediately when a Participant ceases to be an Eligible Employee under Article V or withdraws from the Plan. Upon termination of participation such terminated Participant's outstanding options shall thereupon terminate. As soon as administratively practical after termination of participation, the Company shall pay to the Participant or legal representative all amounts accumulated in the Participant's Account and held by the Company at the time of termination of participation, and any Participating Subsidiary shall pay to the Participant or legal representative all amounts accumulated in the Participant's Account and held by the Participating Subsidiary at the time of termination of participation.

10.3 Leaves of Absence.

If a Participant takes a leave of absence (other than an Authorized Leave of Absence) without terminating employment, such Participant will be deemed to have discontinued contributions to the Plan in accordance with Section 8.3, but will remain a Participant in the Plan through the balance of the Accumulation Period in (a) which his or her leave of absence begins, so long as such leave of absence does not exceed 90 days. If a Participant takes a leave of absence (other than an Authorized Leave of Absence) without terminating employment, such Participant will be deemed to have withdrawn from the Plan in accordance with Section 10.1 if such leave of absence exceeds 90 days.

An Employee on an Authorized Leave of Absence shall remain a Participant in the Plan and, in the case of a paid Authorized Leave of Absence, shall have deductions made under Section 8.1 from payments that would, but for the Authorized Leave of Absence, be Base Earnings. An Employee who does not return from an Authorized Leave of Absence on the scheduled date (or, in the case of Qualified Military Leave, prior to the date such individual's reemployment rights under the Uniformed Services Employment and Reemployment Rights Act of 1994 have expired or terminated) shall be deemed to have terminated employment on the last day of such Authorized Leave of Absence (or, in the case of Qualified Military Leave, the date such reemployment rights expire or are terminated).

An “Authorized Leave of Absence” means (a) a Qualified Military Leave, and (b) an Employee’s absence of more than 90 days which has been authorized, either pursuant to a policy of the Company or the Participating (c) Subsidiary that employs the Employee, or pursuant to a written agreement between the employer and the Employee, which policy or written agreement guarantees the Employee’s rights to return to employment.

10.4 Death. After the death of a Participant, amounts accumulated in his or her Account shall be paid to the Participant’s estate in accordance with the applicable Swiss inheritance rules.

XI. Miscellaneous

11.1 Interest. Interest or earnings will not be paid on any Employee Accounts.

Restrictions on Transfer. The rights of a Participant under the Plan shall not be assignable or transferable by such Participant, and an option granted under the Plan may not be exercised during a Participant’s lifetime other than by 11.2 the Participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw from the Plan in accordance with Section 10.1.

Administrative Assistance. If the Administrator in its discretion so elects, it may retain a brokerage firm, bank, other financial institution or other appropriate agent to assist in the purchase of Shares, delivery of reports or other administrative aspects of the Plan. If the Administrator so elects, each Participant shall (unless prohibited by applicable law) be deemed upon enrollment in the Plan to have authorized the establishment of an account on his 11.3 or her behalf at such institution. Shares purchased by a Participant under the Plan shall be held in the account in the Participant’s name, or if the Participant so indicates in the enrollment form, in the Participant’s name together with the name of one or more other persons in joint tenancy with right of survivorship or in tenancy by the entireties or as spousal community property, or in such forms of trust as may be approved by the Administrator, to the extent permitted by law.

Costs. All costs and expenses incurred in administering the Plan shall be paid by the Company or Participating Subsidiaries, including any brokerage fees on the purchased Shares; excepting that any stamp duties, transfer 11.4 taxes, fees to issue stock certificates, and any brokerage fees on the sale price applicable to participation in the Plan after the initial purchase of the Shares on the Purchase Date shall be charged to the Account or brokerage account of such Participant.

Equal Rights and Privileges. All Eligible Employees shall have equal rights and privileges with respect to the Plan so that the Plan qualifies as an “employee stock purchase plan” within the meaning of Section 423 or any successor provision of the Code and the related regulations. Notwithstanding the express terms of the Plan, any 11.5 provision of the Plan which is inconsistent with Section 423 or any successor provision of the Code shall without further act or amendment by the Company or the Board be reformed to comply with the requirements of Code Section 423. This Section 11.5 shall take precedence over all other provisions in the Plan.

11.6 Applicable Law. The Plan shall be governed by the substantive laws (excluding the conflict of laws rules) of the State of Kansas.

11.7 Amendment and Termination. The Board may amend, alter or terminate the Plan at any time; provided, however, that no amendment which would amend or modify the Plan in a manner requiring stockholder approval under Code Section 423 or the requirements of any securities exchange on which the Shares are traded shall be effective unless, within one year after it is adopted by the Board, it is approved by the holders of a majority of the voting

power of the Company's outstanding shares. In addition, the Committee (if appointed under Section 3.1) may amend the Plan as provided in Section 3.3, subject to the conditions set forth therein and in this Section 11.7.

If the Plan is terminated, the Board may elect to terminate all outstanding options either prior to their expiration or upon completion of the purchase of Shares on the next Purchase Date, or may elect to permit options to expire in accordance with the terms of this Plan (and participation to continue through such expiration dates). If the options are terminated prior to expiration, all funds accumulated in Participants' Accounts as of the date the options are terminated shall be returned to the Participants as soon as administratively feasible.

11.8 No Right of Employment. Neither the grant nor the exercise of any rights to purchase Shares under this Plan nor anything in this Plan shall impose upon the Company or Participating Subsidiary any obligation to employ or continue to employ any employee. The right of the Company or Participating Subsidiary to terminate any employee shall not be diminished or affected because any rights to purchase Shares have been granted to such employee.

11.9 Requirements of Law. The Company shall not be required to sell, issue, or deliver any Shares under this Plan if such sale, issuance, or delivery might constitute a violation by the Company or the Participant of any provision of law. Unless a registration statement under the Securities Act is in effect with respect to the Shares proposed to be delivered under the Plan, the Company shall not be required to issue such Shares if, in the opinion of the Company or its counsel, such issuance would violate the Securities Act. Regardless of whether such Shares have been registered under the Securities Act or registered or qualified under the securities laws of any state, the Company may impose restrictions upon the hypothecation or further sale or transfer of such shares if, in the judgment of the Company or its counsel, such restrictions are necessary or desirable to achieve compliance with the provisions of the Securities Act, the securities laws of any state, or any other law or are otherwise in the best interests of the Company. Any determination by the Company or its counsel in connection with any of the foregoing shall be final and binding on all parties.

The Company may, but shall not be obligated to, register or qualify any securities covered by the Plan. The Company shall not be obligated to take any other affirmative action in order to cause the grant or exercise of any right or the issuance, sale, or deliver of Shares pursuant to the exercise of any right to comply with any law.

11.10 Gender. When used herein, masculine terms shall be deemed to include the feminine, except when the context indicates to the contrary.

Data Protection. The Board, the Committee, and any other person or entity empowered by the Board or the Committee to administer the Plan may process, store, transfer or disclose personal data of the Participants to the extent required for the implementation and administration of the Plan. The Board, the Committee and any other person or entity empowered by the Board or the Committee to administer the Restated Plan shall comply with any applicable data protection laws.

Withholding of Taxes. The Company or Participating Subsidiary may withhold from any purchase of Shares under this Plan or any sale, transfer or other disposition thereof any local, state, federal or foreign taxes, employment taxes, social taxes or other taxes at such times and from such other amounts as it deems appropriate. The Company or Participating Subsidiary may require the Participant to remit an amount in cash sufficient to satisfy any required withholding amounts to the Company or Participating Subsidiary, as the case may be.
