PROXY STATEMENT

2016 ANNUAL MEETING OF STOCKHOLDERS

Tuesday, May 24, 2016

CORE-MARK HOLDING COMPANY, INC.

395 Oyster Point Blvd., Suite 415

South San Francisco, California, 94080

GENERAL INFORMATION

Proxy Solicitation

These proxy materials are being furnished to stockholders of Core-Mark Holding Company, Inc. (“Core-Mark” or the “Company”) on or about April 7, 2016 in connection with the solicitation of proxies by the Board of Directors for Core-Mark’s Annual Meeting of Stockholders to be held at 10:30 a.m. PDT on Tuesday, May 24, 2016 at the Hyatt Regency San Francisco Airport Hotel, 1333 Bayshore Highway, Burlingame, California, 94010. Core-Mark pays the cost of soliciting your proxy. Directors, officers and other Core-Mark employees also may solicit proxies by telephone or otherwise, but will not receive compensation for such services. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed by Core-Mark for their reasonable expenses.

Important Notice Regarding the Availability of Proxy Materials for the 2016 Annual Meeting of Stockholders to be held on May 24, 2016:

As outlined on the notice we mailed to you on April 7, 2016 (the “Notice of Internet Availability of Proxy Materials”), the proxy statement, proxy card and Annual Report on Form 10-K for the fiscal year ended December 31, 2015 are available on the Internet at <http://www.proxydocs.com/core>. Pursuant to the rules adopted by the U.S. Securities and Exchange Commission (“SEC”), the Company is furnishing proxy materials to its stockholders primarily via the internet, rather than mailing paper copies of these materials to each stockholder. The Company believes that this process expedites stockholders’ receipt of the proxy materials, lowers the costs of the Annual Meeting and helps conserve natural resources. On or about April 7, 2016, the Company will mail to each stockholder (other than those stockholders who previously had requested electronic or paper delivery of the proxy materials) a Notice of Internet Availability of Proxy Materials containing instructions on how to access and review the proxy materials, including its proxy statement and annual report, on the internet and how to access a proxy card to vote on the internet or by telephone. The Notice of Internet Availability of Proxy Materials also contains instructions on how to request a paper copy of the proxy materials. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a paper copy of the proxy materials unless you request one. If you would like to receive a paper copy of the proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials. The Company may, at its discretion, voluntarily choose to mail or deliver a paper copy of the proxy materials, including its proxy statement and annual report, to one or more stockholders.

Stockholders Entitled to Vote

Stockholders of record at the close of business on March 28, 2016 are entitled to notice of and to vote at the meeting. As of such date, there were 23,156,234 shares of Core-Mark common stock outstanding, each entitled to one vote.

How to Vote

Stockholders of record described below may cast their votes by:

(1) accessing the internet at www.proxypush.com/core;

(2) calling 1-866-883-3382;

1

(3) requesting a paper copy of the 2015 Annual Report and 2016 proxy materials by following the instructions on Notice of Internet Availability of Proxy Materials and promptly returning their signed and dated proxy/voting instruction card in the envelope provided; or

(4) attending the Annual Meeting and voting in person.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the “beneficial owner” of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instructions form included in the mailing. If you are a beneficial owner and you prefer to vote in person at the meeting, you will need to ask your broker, bank or other holder of record to furnish you with a legal proxy. You will need to bring the legal proxy with you to the meeting and hand it in with a signed ballot that will be provided to you at the meeting. You will not be able to vote your shares at the meeting without a legal proxy.

Revocation of Proxies

A proxy may be revoked at any time before it is voted by delivering written notice of revocation to the Director of Investor Relations of Core-Mark at the address set forth above, by delivering a proxy bearing a later date or by voting in person at the meeting.

Quorum

The holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy to constitute a quorum. Abstentions and broker non-votes (i.e. when a stockholder does not provide voting instructions to their broker or nominee as to one or more items to be voted upon) are treated as present for the purposes of determining a quorum.

Required Vote

Election of Directors - Our bylaws require that each director in an uncontested election be elected by the vote of the majority of the votes cast with respect to such director. A majority of the votes cast means that the number of shares voted “for” a director must exceed the number of votes cast “against” that director. Abstentions and broker non-votes will not be counted as votes cast and, accordingly, will have no effect on the outcome of the vote. If the stockholders do not elect a nominee who is serving as a director, Delaware law provides that the director would continue to serve on the Board as a “holdover director.” In accordance with our bylaws and our Policy Regarding Election of Directors, such a holdover director will be required to tender his or her resignation to the Board of Directors. Our Nominating and Corporate Governance Committee will then make a recommendation to our Board of Directors on whether to accept or reject the resignation, or whether other action should be taken. Our Board of Directors will consider the Nominating and Corporate Governance Committee’s recommendation and all other relevant factors, act on the resignation and publicly disclose its decision and the reasons for its decision within 90 days of the date that the results of the election are certified.

Approval of Executive Compensation - Advisory resolution to approve executive compensation (Proposal 2) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. In determining whether Proposal 2 has received the requisite number of affirmative votes, abstentions are treated as shares present or represented and entitled to vote, so abstaining has the same effect as a vote against Proposal 2. Broker non-votes on Proposal 2 are not counted or deemed present or represented for purposes of determining whether stockholders have approved that proposal.

Ratification of Appointment of Accountants - Ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal 3) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. Under Delaware law, in determining whether Proposal 3 has received the requisite number of affirmative votes, abstentions are treated as shares present or represented and entitled to vote, so abstaining has the same effect as a vote against Proposal 3. Under New York Stock Exchange (NYSE) rules, which govern brokers even if they hold NASDAQ securities, the ratification of the appointment of an independent registered accounting firm is considered a “routine” matter, and brokers generally may vote on behalf of beneficial owners who have not furnished voting instructions, subject to the rules of the NYSE concerning transmission of proxy materials to beneficial owners, and subject to any proxy voting policies and procedures of those brokerage firms.

Other Matters

The Board of Directors is not aware of any matters to be presented at the meeting other than those set forth in the accompanying notice. If any other matters properly come before the meeting, the persons designated in the proxy will vote on such matters in accordance with their best judgment.

Additional Information

Additional information regarding the Company appears in our Annual Report on Form 10-K for the year ended December 31, 2015, which is available on the Investor Relations page of our website (www.core-mark.com).

Certain Relationships and Related Transactions

Transactions with Directors and Management

Under our Code of Business Conduct and Ethics, all transactions involving a conflict of interest (including transactions between the Company and an entity in which an officer, director, employee or family member has more than a 1% interest) must be disclosed to and discussed with the applicable Division President or our Chief Financial Officer. This policy specifically applies without limitation to purchases of goods or services by or from related parties or entities in which the related person has a material interest, indebtedness, or guarantees of indebtedness. Our Audit Committee Charter provides that the Audit Committee shall review, discuss and approve or disapprove any transactions or courses of dealing between the Company or its subsidiaries and related parties that exceed \$120,000 in any calendar year and any transactions or course of dealing, regardless of amount, between the Company or its subsidiaries and related parties who are executive officers, directors or significant stockholders. In determining whether to approve or ratify a related party transaction or relationship, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction.

Compensation Committee Interlocks and Insider Participation

Mr. Robert A. Allen, one of our directors and a member of the Compensation Committee, previously served as the Acting Chief Operating Officer of the Fleming Companies, Inc. (a predecessor entity) from March 2003 to April 2003. From 1998 to 2003, Mr. Allen served as the President and Chief Executive Officer of Core-Mark International, Inc. (subsidiary and predecessor entity) and President and Chief Operating Officer of Core-Mark International, Inc. from 1996 to 1998. Mr. Allen ended his employment with the Company in 2003 and the Board of Directors has determined Mr. Allen to be a non-employee director and independent within the meaning of the rules of the NASDAQ Global Market and relevant federal securities laws and regulations.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. We believe that these agreements are necessary to attract and retain qualified persons as directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Family Relationships

The only family relationship between any of the executive officers or directors is J. Michael Walsh who is Christopher L. Walsh's uncle.

Corporate Governance

Core-Mark regularly reviews its policies, processes and procedures in the area of corporate governance to ensure that it is in compliance with all applicable rules and regulations and that it has sound governance policies in place.

Corporate Governance Guidelines and Principles

The Board has adopted Corporate Governance Guidelines and Principles that are posted on our corporate website, www.core-mark.com, under "Investor Relations". The Corporate Governance Guidelines set forth the practices the Board follows with respect to, among other things, Director qualifications and nominations, Director responsibilities, executive sessions of the Board, committee functions, Director access to senior managers and independent advisors, Director compensation, Director orientation and continuing education, management succession and Board performance evaluations.

The Governance Committee's Role and Responsibilities

Primary responsibility for Core-Mark's corporate governance practices rests with the Nominating and Corporate Governance Committee (the "Governance Committee"). The Governance Committee is responsible for, among other things, (i) identifying, screening and reviewing individuals qualified to serve as directors and recommending candidates for nomination for election or to fill vacancies; (ii) overseeing our policies and procedures for the receipt of stockholder suggestions regarding Board composition and recommendations of candidates or nomination of candidates by the Board; (iii) developing, recommending and overseeing implementation of our corporate governance guidelines and principles; and (iv) reviewing on a regular basis our overall corporate governance practices and procedures and recommending improvements when necessary. Described below are some of the significant corporate governance practices that have been instituted by our Board of Directors at the recommendation of the Governance Committee.

Director Independence

The Governance Committee reviews the independence of all Directors annually and reports its findings to the full Board. The Governance Committee has determined that as of January 20, 2016 each of the non-employee Directors is independent within the meaning of the rules of the NASDAQ Global Market and relevant federal securities laws and regulations. J. Michael Walsh has been independent within the meaning of the rules of the NASDAQ Global Market since January 18, 2016.

Roles of the Chairman and the Chief Executive Officer

Although the Governance Committee has not adopted a formal policy regarding the separation of the roles of Chairman of the Board and Chief Executive Officer of the Company, the Governance Committee believes that the current separation of Chairman and CEO roles is beneficial to the Company as it helps to ensure an independent Board and allows management (including the CEO) to focus on the significant task of running the day to day operations of the Company. While the Governance Committee believes that the CEO should serve as a member of the Board to provide for a direct voice of management during Board deliberations and to serve as an important source of knowledge and experience regarding the Company's operations, the Governance Committee believes the combination of the role of CEO with Chairman could distract the CEO from his primary role as leader of the Company's business. In addition, the Governance Committee believes a non-management Chairman helps to ensure the independent operation of the Board when conflicts may occur between the interests of the overall Company and the interests of management.

12

Board Evaluation and Continuing Education

The Board of Directors has adopted a policy whereby the Governance Committee will assist the Board and its committees in evaluating their performance and effectiveness on an annual basis. During this annual review, the Company conducts individual interviews with each Director which provides an opportunity to discuss the performance of other Directors and any feedback received is subsequently discussed with those individuals. As part of this evaluation, the Governance Committee assesses the progress in the areas targeted for improvement and develops recommendations to enhance the respective Board or committee effectiveness over the next year. The Governance Committee also assists the Board and its members regarding continuing education initiatives designed to help Board members stay current with developments in corporate governance and director best practices. The Governance Committee has established procedures for a formal orientation program and the continuing education of directors and the tracking of participation in such activities.

Policy Regarding Change in Principal Employment of Director

The Board has adopted a policy providing that when a Director's principal employment or business association changes substantially during his or her tenure as a Director, the Director must offer his or her resignation to the Chairman of the Governance Committee for consideration by the Governance Committee. The Governance Committee will review whether it would be appropriate for the Director to continue serving on the Board and recommend to the Board whether, in light of the circumstances, the Board should accept the proposed resignation or request that the Director continue to serve.

Mandatory Retirement for Directors

The Board has adopted a policy whereby a person may not be nominated or re-nominated to serve as a Director if such person is 75 years of age or older on the date of the proposed meeting for the election of directors. The policy expressly provides that it may be waived with respect to the re-nomination of a Director upon the recommendation of the Governance Committee and approval of the Board.

Director Nomination Process

The Governance Committee reviews the skills, characteristics and experience of potential candidates for election to the Board of Directors and recommends nominees to the full Board for approval. In addition, the Governance Committee annually assesses the overall composition of the Board of Directors regarding factors such as size, composition, diversity, skills, significant experience and time commitment to Core-Mark to determine if the Board composition adequately meets the current needs of the Company.

It is the Governance Committee's policy to utilize a variety of means to identify prospective nominees for the Board, and it considers referrals from other Board members, management, stockholders and other external sources such as retained executive search firms. The Governance Committee utilizes the same criteria for evaluating candidates irrespective of their source.

The Governance Committee believes that any nominee must meet the following minimum qualifications:

• Candidates should be persons of high integrity who possess independence, forthrightness, inquisitiveness, good judgment and strong analytical skills.

• Candidates should demonstrate a commitment to devote the time required for Board duties including, but not limited to, attendance at meetings.

Candidates should possess a team-oriented ethic and be committed to the interests of all stockholders as opposed to those of any particular constituency.

In considering candidates for director nominee, the Governance Committee generally assembles all information regarding a candidate's background and qualifications, evaluates a candidate's mix of skills and qualifications and determines the contribution the candidate could be expected to make to the overall functioning of the Board, giving due consideration to the overall Board balance of diversity of perspectives, backgrounds and experiences. Candidates are also evaluated for "independence" in accordance with applicable rules of the Securities and Exchange Commission and the NASDAQ Stock Market. With respect to current directors, the Governance Committee considers past attendance at meetings and assesses participation in and contributions to the activities of the Board. The Governance Committee, in its discretion, may designate one or more of its members to interview any candidate. In addition, the Governance Committee may seek input from the Company's management or the Board, who may interview any candidate. The Governance Committee recommends director nominees to the Board based on its assessment of overall suitability to serve on the Board in accordance with the Company's policy regarding nominations and qualifications of

directors. The Governance Committee has previously retained an executive search firm to assist it in its efforts to identify and evaluate potential director candidates. To recommend a candidate for consideration, a stockholder should submit a written statement of the qualifications of the proposed nominee, including full name and address, to the Nominating and Corporate Governance Committee Chairman, c/o Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, CA, 94080.

Director Nominations by Stockholders

Our bylaws require that a stockholder making a proposal must be a holder of record at the time of giving the required notice and must comply with certain other requirements contained in Article II, Section 14 of the Bylaws. To be timely, any nomination or other business to be brought before the annual meeting must be in writing and delivered not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting, with certain exceptions.

Our bylaws require that a stockholder making a nomination or proposal must provide the Company with certain information, including the ownership interests in Core-Mark, both direct and indirect, of the stockholder and the beneficial owner, if any, on whose behalf the nomination or proposal is made.

For more information, see the discussion under "Stockholder Proposals for 2017 Annual Meeting."

Business Conduct and Compliance

Core-Mark maintains a Code of Business Conduct and Ethics ("the Code") that is applicable to all directors, officers and employees of the Company. It sets forth Core-Mark's policies and expectations on a number of topics, including conflicts of interest, protection and proper use of company assets, relationships with customers and vendors (business ethics), accounting practices, and compliance with laws, rules and regulations. A copy of the Code is available on the Corporate Governance page of our website (<http://ir.core-mark.com/corporate-governance.cfm>).

Core-Mark also maintains policies regarding insider trading and communications with the public ("Insider Trading Policy") and procedures for the Audit Committee regarding complaints about accounting matters ("Whistleblower Policy"). The Insider Trading Policy sets forth the Company's limitations regarding trading in Company securities and the handling of non-public material information. The policy is applicable to directors, officers and employees of Core-Mark and is designed to help ensure compliance with federal securities laws. The Whistleblower Policy was established to set forth the Audit Committee's procedures to receive, retain, investigate and act on complaints and concerns of employees and stockholders regarding accounting, internal accounting controls and auditing matters, including complaints regarding attempted or actual circumvention of internal accounting controls. Accounting complaints may be made directly to the Chairman of the Audit Committee in writing as follows: Audit Committee Chairman, c/o Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, CA, 94080. Accounting complaints may also be made anonymously to the Core-Mark Financial Compliance Line. A copy of the Audit Committee's Whistleblower Policy and procedures can be found on the Corporate Governance page of our website (<http://ir.core-mark.com/corporate-governance.cfm>).

Executive Sessions

The Board of Directors believes that regularly scheduled meetings at which only independent directors are present ("executive sessions") are an important element of "best practice" consideration for the corporate governance process. The use of executive sessions provides a forum for open dialogue and frank discussion among non-management directors on matters concerning the Company and its management and encourages and enhances communication among independent directors. The Board of Directors maintains a regular practice of meeting in executive session during its

Board meetings.

Succession Planning

The Board of Directors recognizes that a sudden or unexpected change in leadership could cause the Company to experience management transition issues that could adversely affect the Company's operations, relations with employees and results. To alleviate this concern, in consultation with management, the Governance Committee has developed a succession plan for the Company's chief executive officer and other senior executive officers. The Governance Committee and the Board of Directors regularly evaluate and refine this plan.

14

Communication with Directors

Stockholders or other interested parties wishing to communicate with the Board, the non-management directors or any individual director may do so by contacting the Chairman of the Board by mail, addressed to Chairman of the Board, Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, California, 94080.

All communications to the Board will remain unopened and be promptly forwarded to Chairman of the Board, who shall in turn forward them promptly to the appropriate director(s). Such items as are unrelated to a director's duties and responsibilities as a Board member may be excluded by the Chairman of the Board, including, without limitation, solicitations and advertisements; junk mail; product-related communications; job referral materials such as resumes; surveys; and material that is determined to be illegal or otherwise inappropriate. The director(s) to whom such information is addressed is informed that the information has been removed, and that it will be made available to such director(s) upon request.

Stock Ownership Guidelines

In order to continue to align the interests of our directors and executive officers with those of our stockholders, the Board has determined that our directors and our Named Executive Officers ("NEO") should be required to hold a meaningful amount of Core-Mark capital stock. The Company has implemented Stock Ownership Guidelines approved by the Board, which provide that our directors and NEOs must own shares of Core-Mark's common stock with an aggregate value equal to the following multiple of such director's annual cash retainer or officer's base salary, as applicable:

Position	Multiple of Annual Cash Retainer or Base Salary
Directors	5x
CEO	6x
Other NEOs	3x

Each director and NEO is required to achieve such level of stock ownership within the later of one year after the adoption of the Stock Ownership Guidelines and five years following the date of such director's or officer's appointment to such position. Compliance will be measured as of February 15th each year. Any director or NEO who fails to comply with the guidelines may be excluded from future grants of the Company's capital stock, at the discretion of the Board or the Compensation Committee.

For purposes of the guidelines, the shares counted towards a director's or executive's ownership include (a) all shares of Core-Mark's common stock owned outright or held in trust for the director or NEO and his or her immediate family, (b) vested deferred stock, (c) restricted stock units, whether vested or unvested, and (d) performance shares, whether earned, unearned, vested or unvested. The number of shares represented by a performance share grant shall be deemed to be equal to (i) the middle achievement level when measured prior to the end of a performance period and (ii) the number of performance shares earned when measured after the end of the performance period. Unexercised stock options, whether vested or unvested, shall not be counted as owned capital stock for such calculations. The value of a share shall be equal to the greater of (a) the closing price of a share of Core-Mark's common stock on the last trading day prior to the date of calculation, or (b) the closing price of a share of the Core-Mark's common stock on the date on which such stock was granted or otherwise acquired.

If compliance with ownership guidelines would create severe hardship or prevent a NEO or director from complying with a court order the guidelines may be waived at the discretion of the Compensation Committee.

As of February 15, 2016, all of our Named Executive Officers and directors were in compliance with our Stock Ownership Guidelines.

PROPOSAL 2. ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

In accordance with Section 14A of the Securities Exchange Act we are providing our stockholders with the opportunity to vote to approve, on an advisory (nonbinding) basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement in accordance with the SEC's rules.

As described in detail under the heading "Compensation Discussion and Analysis" our executive compensation program is designed to attract, motivate and retain our executive officers, who are critical to our success. Under this program our executive officers are rewarded for the achievement of specific short-term, long-term and strategic goals, as well as increased stockholder value. Conversely, our executives face reduced compensation when performance goals are not met. We believe our compensation program achieves the important goal of attracting and retaining talented professionals, while at the same time tying a substantial portion of potential compensation for such executives to the achievement of Company goals. In addition, we believe that through the use of a blend of different elements of compensation, such as an annual performance bonus and equity incentive awards, our compensation program balances incentives for both short-term and long-term Company performance. Overall, we believe our compensation program is fair to both the Company and our executives, appropriate for our industry and competitive with what our executives could otherwise receive elsewhere. Please read the "Compensation Discussion and Analysis" section in this Proxy Statement for additional details about our executive compensation program, including information about the Fiscal Year 2015 compensation of our Named Executive Officers.

The Board of Directors recommends that stockholders vote FOR the approval of the compensation of our Named Executive Officers.

We are asking our stockholders to indicate their support for our executive officer compensation as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our executive officers' compensation. This vote is not intended to address any specific item of compensation or any single compensation philosophy, policy or practice, but rather the overall compensation of our executive officers as described in this Proxy Statement. Accordingly, we are asking our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the 2015 Summary Compensation Table and the other related compensation tables and disclosure."

The say-on-pay vote is advisory, and therefore not binding on Core-Mark, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the Named Executive Officer compensation as disclosed in this Proxy Statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Our last annual advisory vote on executive compensation was held on May 19, 2015 at the Company's 2015 Annual Meeting of Stockholders.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis provides an overview and analysis of our executive compensation policies and practices and the major factors that shape the creation and implementation of our executive compensation program. This Compensation Discussion and Analysis, and the more detailed tables and narrative that follow, also describe the material components of our 2015 executive compensation program for our principal executive officer, our principal financial officer, and our three other most highly-compensated executive officers (other than our principal executive officer and principal financial officer) who were serving as executive officers as of the end of 2015. We refer to these individuals as our “Named Executive Officers”:

Thomas B. Perkins, our President and Chief Executive Officer (our “CEO”);

Stacy Loretz-Congdon, our Senior Vice President and Chief Financial Officer (our “CFO”);

Christopher L. Walsh, our Senior Vice President - Western Divisions;

Scott E. McPherson, our Senior Vice President - Business Operations and Strategic Opportunities; and

Christopher K. Hobson, our Senior Vice President - Sales and Marketing.

(1) Effective May 1, 2016, Mr. Miller will be succeeding Ms. Loretz-Congdon who is retiring as the Company's Chief Financial Officer.

Executive Summary

2015 Business Highlights

In 2015, our executive officers led the Company to another outstanding year in a number of categories:

- record net sales of \$11.1 billion, representing a 7.7% increase over 2014;
- record Adjusted EBITDA of \$135.2 million, representing a 10.2% increase over 2014;
- significant stockholder return through stock price appreciation (one-year stock price growth of approximately 33.4%); and
- return of value to stockholders through a regular quarterly dividend on our common stock which increased 19.6% over 2014.

During 2015, we also achieved the following significant accomplishments:

In October, we signed a five year agreement with Murphy USA to be their primary wholesale distributor to over 1,300 stores located in 23 states across the Southwest, Southeast and Midwest United States. We expect that services under this contract will create efficiencies and a strategic supply chain relationship for Murphy USA.

In October, we signed a five year supply agreement with 7-Eleven, Inc. to service approximately 900 stores in three western regions. Core-Mark will be the primary wholesale distributor delivering a wide range of products to these stores out of three of our divisions - Las Vegas, Nevada; Salt Lake City, Utah; and Sacramento, California.

In July, we amended our agreement with Rite Aid to expand our service to include other product categories in addition to the frozen, refrigerated, bakery and fresh food categories we had been delivering since June 2014.

In February, we acquired substantially all of the assets of Karrys Bros., Limited (Karrys Bros.), a regional distributor servicing customers in Ontario, Canada, and the surrounding provinces. The acquisition of Karrys Bros. has provided the opportunity to expand our market share in eastern Canada and contribute to the leverage of fixed costs and improved profitability in our Toronto division.

Program performance of our Vendor Consolidation Initiative and our Fresh product offering reaching approximately \$138 million in incremental sales, the highest level in our history, with Fresh increasing 17% over the prior year.

Over 3,000 stores surveyed using our Focused Marketing Initiative, driving comparable same store sales up and churn / attrition rates down.

Key Executive Compensation Decisions for 2015

In line with our performance and compensation objectives, which favor incentive compensation over fixed compensation, the Compensation Committee approved the following compensation actions for our executive officers, including the Named Executive Officers, for 2015:

Base Salary. Assessed and set their base salaries after considering total compensation compared to the competitive market, with adjustments for most of our executive officers;

Annual Cash Incentives. Approved annual cash incentives for our executive officers that were contingent upon the achievement of various performance objectives; and

Long-Term Incentives. Granted long-term incentive compensation in the form of time-based restricted stock unit awards (“RSUs”) for shares of the Company’s common stock and performance share awards for shares of the Company’s common stock tied to our actual performance as measured against specific corporate objectives.

2015 Executive Compensation Policies and Practices

We endeavor to maintain sound governance standards consistent with our executive compensation policies and practices. The Compensation Committee evaluates our executive compensation program on an ongoing basis to ensure that it is consistent with the Company’s short-term and long-term goals given the dynamic nature of our business and the market in which we compete for executive talent. The following policies and practices were in effect during 2015:

Independent Compensation Committee. The Compensation Committee is comprised solely of independent directors and is appointed by our Board of Directors.

Annual Executive Compensation Review. The Compensation Committee conducts an annual review of our compensation strategy, including a review of our compensation-related risk profile to ensure that our compensation-related risks are not reasonably likely to have a material adverse effect on the Company.

Key Program Features. Our compensation practices are designed to align our executive compensation with long-term stockholder interests:

What We Do

- **Compensation At Risk.** Our executive compensation program is designed so that a significant portion of compensation is “at risk” based on corporate and individual performance. In addition, a portion of “at risk” compensation is equity-based to align the interests of our executive officers and stockholders.
- **“Double-Trigger” Change-in-Control Arrangements.** All change-in-control severance payments and benefits are based on a “double-trigger” arrangement (that is, they require both a change-in-control of the Company plus a qualifying termination of employment before severance payments and benefits are paid).
- **Performance-Based Incentives.** We use performance-based short-term and long-term incentives.
- **Multi-Year Vesting Requirements.** The equity awards granted to our executive officers vest or are earned over multi-year periods, generally three years, consistent with current market practice and our retention objectives.
- **Stock Ownership Guidelines.** Our Named Executive Officers and directors maintain meaningful stock ownership positions in the Company by following our Stock Ownership Guidelines.
- **Hedging Prohibited and Pledging Restricted.** We prohibit our officers and directors from hedging any Company securities and we prohibit, with limited exceptions, the amount of stock our officers and directors may pledge.
- **Succession Planning.** We review the risks associated with key executive officer positions to ensure adequate succession plans are in place.
- **Clawback Policy.** We maintain a clawback policy pursuant to which each Section 16 Officer, including each Named Executive Officer, may be required to reimburse or forfeit all or a portion of any cash-based incentive compensation received if our financial statements are required to be restated as a result of material non-compliance with any financial reporting requirements. Additionally, our incentive plans contain provisions providing for the recovery of gains made by any executive officer from the exercise of options within one year prior to the executive officer’s

What We Don’t Do

- **No Retirement Plans.** We do not currently offer, nor do we have plans to provide, pension arrangements, retirement plans or nonqualified deferred compensation plans or arrangements to our executive officers.
- **No Perquisites.** We do not provide any significant perquisites or other personal benefits to our executive officers.
- **No Tax Reimbursements.** We do not provide any tax reimbursement payments (including “gross-ups”) on any perquisites or other personal benefits, other than standard relocation benefits, including tax gross ups, for executive officers.
- **No Special Health or Welfare Benefits.** Our executive officers participate in broad-based company-sponsored health and welfare benefits programs on the same basis as our other full-time, salaried employees.
- **No Post-Employment Tax Reimbursements.** We do not provide any tax reimbursement payments (including “gross-ups”) on any severance or change-in-control payments or benefits.
- **No Option Repricing.** Our stock plan prohibits us from repricing stock options without stockholder approval.

termination for Cause, as defined in the plans.

2015 Stockholder Advisory Vote on Executive Compensation

The Compensation Committee carefully considers feedback from our stockholders regarding our executive compensation policies and practices, including the results of the advisory vote on Named Executive Officer compensation (“say-on-pay”) that we hold annually at each annual meeting of stockholders. Based on the results of a stockholder advisory vote on the frequency with which we would hold future say-on-pay votes conducted at our 2011 Annual Meeting of Stockholders, our Board of Directors determined that we will hold a say-on-pay vote on an annual basis. At the 2015 Annual Meeting of Stockholders, over 99% of the votes that were cast approved our say-on-pay proposal. The Compensation Committee viewed last year’s level of stockholder support for our executive compensation program as an indication that our stockholders support the Compensation Committee’s

21

approach to executive compensation. Accordingly, no significant design changes were made to the executive compensation program in response to the vote.

Our 2015 executive compensation program, described below, had similar objectives and incentives that we had in place for our 2014 executive compensation program.

We value the opinions of our stockholders and will continue to consider the outcome of future say-on-pay votes, as well as feedback received throughout the year. Because we value the input we receive from our stockholders concerning the compensation of the Named Executive Officers, we have conversations with our key stockholders from time to time and the Compensation Committee will consider their views in determining our compensation policies and practices.

Philosophy and Objectives of Our Compensation Program / What We Reward

Our approach to compensating our executive officers, including the Named Executive Officers, is to tie total compensation to the creation of long-term stockholder value by incenting our executive officers to implement key strategies that are designed to achieve our goals and objectives. We attempt to maximize value to our stockholders by adhering to the following principles and objectives when determining the compensation packages for our executive officers:

Improve Company performance and long-term value through a compensation structure that directly links rewards to results achieved. We believe it is essential that our compensation program have a large portion of our executive officers' compensation based on Company and individual performance and be "at risk". We believe tying a significant portion of compensation to Company and individual performance motivates our executive officers to strive to improve the Company's financial and operational position, which in turn increases long-term stockholder value.

Attract and retain talented professionals, while emphasizing the challenges and rewards associated with a fast-paced, stimulating and entrepreneurial environment. We believe that it is primarily the dedication, creativity, competence, and experience of our executive officers and employees that enable us to compete effectively in the markets and industry in which we operate. History has shown that our business is not easily or quickly mastered by people who move from other industries to our Company. It is important to us that we try to retain our experienced, long-term employees, avoid employee turnover, and create a cadre of dedicated professionals focused on improving the Company's performance and long-term value.

Integrate strategic goals and objectives into our annual incentive bonus and performance share programs that incentivize our executive officers to execute on key strategic corporate objectives. In addition, our ability to modify and tailor the components of our annual incentive bonus plan allows us to revise these components as our strategic goals evolve.

Align Executive Officer and Stockholder Long-Term Interests by providing a substantial portion of our executive officers' compensation in the form of equity and encouraging equity ownership. The Compensation Committee believes that having a significant portion of executive compensation tied to equity with both time-based vesting and performance criteria directly aligns the interests of our executive officers and our stockholders. The performance criteria that the Compensation Committee has established ties executive compensation to the underlying value of the Company's common stock, and focuses our executive officers' attention on those financial measures that correlate closely with total stockholders' return, such as Adjusted EBITDA growth. We also believe that equity awards in the form of time-based restricted stock unit awards help to foster an ownership mentality in our executive officers. We encourage stock ownership by our executive officers and have Stock Ownership Guidelines in place with respect to our senior executive officers, which further aligns their interests with those of our stockholders.

Make proportionality and common sense the rule. We do not believe in a formulaic approach to compensation based on job classification. This means that compensation should be proportionate to the impact that an executive officer can have on the Company, that equal contributors should be incentivized and compensated equally, that we respect the low margin nature of our business by linking pay to performance, and that we avoid excessive disparity between the compensation of our CEO or other senior executive officers and the compensation of the rest of our management team.

Elements of Executive Compensation

The total compensation for our executive officers, including the Named Executive Officers, consists of the following pay elements:

Base salary. Our base salaries, when combined with variable pay opportunities, are designed to attract and retain qualified and dedicated professionals by providing a base standard that is competitive in the markets in which we operate, and are intended to compensate for performing the basic functions of an executive position.

Annual incentive bonus. Our annual incentive bonus is conditioned on our financial performance and achievement of strategic goals and objectives. The annual incentive bonus plan allows us to tailor individual incentives each year to support our strategic goals at not only a Company-wide level, but also a regional, departmental, or individual level. We consider the achievement of these objectives to be above and beyond the basic functions of the job and set them to complement the Company's overall business objectives. The annual incentive bonuses to the Named Executive Officers are 100% "at risk" and are forfeited unless the executive officer attains specified goals.

Long-term equity incentive compensation. Our executive officers receive time-based and performance-based equity awards. Generally, restricted stock unit awards vest over a three year period which not only helps to retain our executive officers over time, but also aligns their compensation with the long-term appreciation of shares of the Company's common stock and the interests of our stockholders. Performance share awards serve similar purposes, but also tie the receipt of such compensation to the achievement of additional specific organizational goals. The long-term performance-based equity incentive compensation for the Named Executive Officers is 100% "at risk" and will be forfeited unless the Company attains specified goals or vesting periods lapse.

Executive severance benefits. Our executive officers are eligible to receive severance payments and benefits upon an involuntary termination of employment other than for cause, the amount of which is determined on the basis of their base salary. We believe that job security is an important factor in attracting and retaining talented executives. While we do not generally enter into employment agreements with our executive officers, we believe it is important to provide them with a level of job security through the use of an executive severance policy.

Health and welfare benefits. We provide our executive officers, as well as our non-executive employees, with health, life and disability insurance. Our executive officers, other senior officers, and managers are also provided with additional group life insurance, determined as a percentage of base salary, subject to a cap. We view these benefits as industry standard and necessary to attract and retain talented professionals.

The compensation mix for our CEO and the Other Named Executive Officers for 2015 was as follows:

The Company defines three incentive plan payout levels for our performance-based equity awards and our non-equity incentive plan compensation. The performance levels are "Threshold," "Target" and "Exceptional." Please be advised that the "Target" performance level was formerly known as the "Outstanding" level of performance. For the performance based awards granted in 2015, the maximum aggregate grant date fair value that would have been received if the Exceptional level of performance was achieved would have been \$1,298,194 for the Chief Executive Officer and an average of \$678,269 for the Other Named Executive Officers. Refer to "How We Determined, and What We Paid, Our Named Executive Officers" for a more detailed description of these payout levels.

(1) The CEO did not receive any RSU grants in 2015 because all of his equity awards are performance-based awards.

Compensation-Setting Process

Role of Compensation Committee

The Compensation Committee is responsible for administering our executive compensation program. The Compensation Committee conducts an annual review of our executive compensation program to ensure that it is appropriately aligned with our business strategy and achieving our desired objectives. The Compensation Committee also reviews market trends and changes in competitive compensation practices. Based on its review and assessment, the Compensation Committee from time to time recommends changes in our executive compensation program to our Board of Directors.

In setting, reviewing, and adjusting the levels and amount of compensation for our executive officers, the Compensation Committee considers a number of factors, including both external factors such as market conditions, as well as other factors that are not readily measured by performance goals including:

- specific expertise, capabilities, and potential of the individual;
- our perception of market wage conditions and the amounts required to attract and retain capable executives; and
- our experience in attracting and retaining executives with similar responsibilities.

The Compensation Committee's authority, duties, and responsibilities are described in its charter, which is reviewed annually and revised and updated as warranted. The charter is available on our website at <http://ir.core-mark.com/corporate-governance.cfm>.

Role of Executive Officers

In making compensation decisions, the Compensation Committee meets with our CEO and VP of Human Resources to obtain their feedback and recommendations with respect to the structure of our executive compensation program, as well as an assessment of the performance of each individual executive officer and their recommendations on the compensation for each individual executive officer. In addition, our CEO, CFO, and VP of Human Resources develop recommendations for performance measures for the executive officers (other than the CEO) and target award opportunities for executive officers (other than the CEO) under our annual incentive bonus plan based on management's business forecast. Those recommendations are reviewed and approved first by the Compensation Committee and then by our Board of Directors. The CEO is not involved in any deliberations or decisions with respect to his own compensation.

Role of Compensation Consultant

In 2015, the Compensation Committee retained Compensia, Inc. ("Compensia"), a national compensation consulting firm, to provide compensation related services. Compensia was paid \$8,894 for services provided during 2015. The Compensation Committee has considered the independence of Compensia in light of the listing standards of NASDAQ on compensation committee independence and the rules of the SEC. Based on these standards and rules, the Compensation Committee concluded that the work performed by Compensia did not raise any conflict of interest.

Competitive Positioning

Although it is difficult to compare compensation levels and amounts against a true peer group in our industry, the Compensation Committee periodically reviews or discusses our compensation levels and amounts using market data based on a compensation peer group developed with the assistance of an external compensation consultant and approved by the Compensation Committee. No such review by an external compensation consultant was conducted in 2014 in determining the 2015 compensation packages for our executive officers, but the Compensation Committee did review selected market data.

How We Determined, and What We Paid, Our Executive Officers in 2015

Base Salary

We do not ascribe to rigid, formulaic, mandated salary brackets. The Compensation Committee evaluates and establishes the base salary of our CEO on an annual basis by taking into consideration his overall performance and value to the organization. Our CEO recommends base salaries for our other executive officers, based on our CEO's evaluation of each individual's general level of performance and contribution to the Company over the prior year. These recommendations are then evaluated, discussed, modified as appropriate and ultimately approved by the Compensation Committee. The Compensation Committee's review and approval occurs at its regularly scheduled meeting held in January or early February of each year.

In January 2015, the Compensation Committee approved the 2015 base salaries for our executive officers, with effect retroactive to January 1, 2015. These base salary increases were attributable to cost-of-living, performance, and higher levels of responsibility.

The base salaries of the Named Executive Officers for 2014 and 2015 were as follows:

Officer	2014 Base	2015 Base
Thomas B. Perkins	\$480,000	\$494,400
Stacy Loretz-Congdon	322,313	331,982
Christopher L. Walsh	282,894	291,381
Scott E. McPherson	270,348	283,866
Christopher K. Hobson	257,500	270,375

Annual Incentive Bonus

A substantial portion of each executive officer's potential short-term compensation is in the form of a cash incentive bonus tied to pre-established goals. The annual incentive bonus plan is designed as an "at risk" bonus compensation plan to promote focus on the growth and profitability of the Company. This means an executive officer's bonus potential is contingent and depends on either the overall Company's, or a region's, actual performance, in each case against specified financial goals and on the executive officer achieving certain individual objectives that are above and beyond the basic functions of the job or that complement the Company's overall business objectives. Overall Company-wide bonus levels are designed to provide an appropriate level of results-based incentives to our executive officers while considering that our Company is a low-margin business that must control costs.

Annual bonus objectives for our CEO are established through discussions between the CEO and the Compensation Committee. The CEO's objectives are based on the performance of the Company. The applicable bonus criteria change to some degree each year to fit the current needs of the Company. Annual bonus objectives for our executive officers (other than our CEO) are generally developed through discussions between our CEO and the executive officers in conjunction with the annual business planning process and are set near the beginning of the fiscal year and support our CEO and Company objectives approved by the Compensation Committee. Our CEO has the discretion, subject to approval by the Compensation Committee, to consider additional individual bonus objectives for the other Named Executive Officers related to significant unplanned opportunities. The final bonus payouts for both our CEO and the other Named Executive Officers are approved by the Compensation Committee subsequent to the annual performance period. The level of an executive officer's total maximum bonus opportunity is structured as a percentage of base salary and is approved by the Compensation Committee.

Minimum Performance Requirement for Funding of Annual Incentive Bonus Plan

There is a minimum performance requirement that must be satisfied each year as a precondition to the payment of any annual cash incentive awards for executive officers. To satisfy this minimum performance requirement, a certain percentage of the planned Adjusted Pre-Tax Net Profit ("PTNP") on a Company-wide basis (for corporate level executive officers) or a similar financial measure for a particular region (for executives whose responsibilities related primarily to a certain region) must be achieved. Adjusted PTNP is defined as pre-tax net profit, and generally excludes LIFO expense, impacts of acquisitions made in the current year and certain other non-recurring events. For 2015, the applicable minimum performance requirement was 80% of planned Adjusted PTNP. In 2015, the Company met the minimum performance level required to pay bonuses to those executive officers measured on a Company-wide basis and for Mr. C. Walsh, the minimum performance level required for the Western Divisions region was also met.

Company and Individual Objectives for Annual Incentive Bonus

Bonus Objectives and Requirements for 2015

In 2015, total maximum bonus opportunities for the Named Executive Officers were 150% of base salary for our CEO, 100% of base salary for Mr. C. Walsh and Ms. S. Loretz-Congdon, and 80% of base salary for the other Named Executive Officers.

The total maximum annual incentive bonus award for each executive officer is allocated among several objectives. Each executive officer was given a set of Company and individual objectives, each of which was assigned a weight, or percentage of

25

the maximum available bonus (based on the importance of the objective for the year and the ability of the executive officer to influence the result). Specific bonus objectives and relative weights for the Named Executive Officers were as follows:

Adjusted PTNP - This objective is based on Company-wide results, except for Mr. C. Walsh whose objectives are based upon Adjusted PTNP for the Western Divisions region. PTNP has been adjusted for items that are not within the direct control of management including cigarette price increases in excess of plan, foreign exchange gains and losses, and certain expenses related to acquisitions and large market share gains.

Total Sales - This component is based on the percentage increase in the Company's total revenues in 2015 as compared to 2014.

Return on Net Assets ("RONA") - This component is based on the Company's RONA percentage (excluding the impact of acquisitions and certain other adjustments) in 2015. RONA is defined as Adjusted PTNP divided by the sum of: average levels of receivables, inventory, and fixed assets; less the sum of average levels of payables and accrued liabilities. This objective is based on Company-wide results, except for Mr. C. Walsh whose objectives are based upon the Western Divisions region.

Company Strategies - This component is comprised primarily of the Company's core strategies including its Vendor Consolidation Initiative ("VCI"), "Fresh" product program, Focused Marketing Initiative ("FMI") and acquisitions of like businesses or large customers. This objective is based on Company-wide results, except for Mr. C. Walsh whose objectives are based upon the Western Divisions region.

Individual Objectives ("MBOs") - Ms. S. Loretz-Congdon and Mr. S. McPherson had various MBOs that were tailored to their responsibilities and varied based upon their roles within the Company. For fiscal 2015, Ms. S. Loretz-Congdon's MBOs included the following: maintaining public company compliance and reporting requirements and the enhancement to financial systems and processes. For fiscal 2015, Mr. S. McPherson's MBOs included the following: growing market share through acquisitions and supporting the development of key company infrastructure.

Operating Expenses - This component is based on total warehouse, delivery and facility costs for the Company in 2015 expressed as a percentage of net sales income compared to pre-established thresholds. Net sales income consists of revenues earned from customer markups and vendor marketing incentives.

Non-Cigarette Sales - This component is based on Food/Non-Food revenues in 2015 from the Western Divisions region.

In 2015, the annual incentive plan metrics and their respective weightings for each of our Named Executive Officers were as follows:

Officer	Adjusted PTNP	Total Sales	RONA	Company Strategies	MBOs	Operating Expenses	Non-Cig Sales
Thomas B. Perkins	70%	15%	15%	-	-	-	-
Stacy Loretz-Congdon	45%	-	15%	15%	25%	-	-

Performance Levels for Each Objective

Our annual incentive bonus plan provides for three levels of possible performance and a resulting bonus payout for each objective as follows:

"Exceptional" level performance for any objective entitles an executive officer to the maximum amount, or 100%, allocated to that objective. In general, this level represents achievement of an aggressive operating plan for the Company or the relevant region. The Compensation Committee considers performance at this level to be (1) "Exceptional" due to the difficulty of attaining the high levels of achievement necessary to meet such plan. In the event of achievement of "Exceptional" performance, no additional compensation is to be paid beyond the maximum amount.

"Target" level performance for any objective entitles the executive officer to two-thirds, or approximately 67%, of (2) the maximum amount allocated to that objective. This level generally represents strong achievement under the operating

plan for the Company or the relevant region and historically represents the average payout and the attainment of the performance target for executives and other cash bonus program participants. The "Target" performance level was formerly known as the "Outstanding" level of performance.

(3) "Threshold" level performance for any objective entitles the executive officer to one-third, or approximately 33%, of the maximum amount allocated to that objective. This level represents the minimal level of performance deemed worthy of a bonus.

The following table summarizes each Named Executive Officer's total annual cash incentive bonus opportunities where performance for each objective was "Exceptional," "Target" or at "Threshold":

Officer	Bonus Opportunity (% of Salary)		
	Threshold	Target	Exceptional
Thomas B. Perkins	50%	100%	150%
Stacy Loretz-Congdon	33%	67%	100%
Christopher L. Walsh	33%	67%	100%
Scott E. McPherson	27%	53%	80%
Christopher K. Hobson	27%	53%	80%

Our CEO has the authority, with the approval of the Compensation Committee, to establish different target levels for each Named Executive Officer (other than himself) based on his subjective evaluation of a region or the Company's operating plan. For example, if our CEO views a component of a plan as exceptionally aggressive or challenging, that plan, or amounts close to that plan, may be set as the "Exceptional" performance level for that component of the bonus, and the "Target" and "Threshold" levels would be adjusted accordingly. Bonus payments are generally a condition of an executive officer's continued employment as of December 31 of the relevant year, although this requirement may be waived at the discretion of the Compensation Committee.

The following table discloses the 2015 bonus performance levels achieved for certain Company-wide objectives for the Named Executive Officers and approved by the Compensation Committee:

Measure	2015 Level Achieved	
Adjusted PTNP (Company)	>\$82.9M	Target
RONA	>18.29%	Not Achieved
Total Sales (Company)	>\$10.9B	Target
Operating Expenses	>55.9%	Target

The bonus levels achieved as a percentage of the maximum opportunity for our Named Executive Officers for 2015 were as follows⁽¹⁾:

Officer	Adjusted PTNP	Total Sales	RONA	Company Strategies	MBOs	Operating Expenses	Non-Cig. Sales
Thomas B. Perkins	67%	67%	-	NA	NA	NA	NA
Stacy Loretz-Congdon	67%	NA	-	56%	82%	NA	NA
Christopher L. Walsh	100%	NA	100%	33%	NA	NA	67%
Scott E. McPherson	67%	NA	NA	NA	42%	67%	NA
Christopher K. Hobson	67%	67%	-	70%	NA	NA	NA

(1) NA means that the metric set forth in a column was not applicable to the executive officer's bonus opportunity.

2015 Annual Incentive Cash Bonus Awarded Based on Achieved Performance

For 2015, following the end of the fiscal year, our CEO evaluated the level of achievement for each executive officer's individual objectives and made a recommendation to the Compensation Committee regarding the appropriate level of bonus percentage earned. These recommendations were then evaluated, discussed, modified as appropriate, and ultimately approved by the Compensation Committee. Based on the Company's results for 2015 and after review and adjustments, the Compensation Committee approved cash bonuses for the Named Executive Officers as follows:

27

Officer	Approved Bonus	Percentage of Maximum Bonus Opportunity
Thomas B. Perkins	\$420,236	57%
Stacy Loretz-Congdon	195,730	59%
Christopher L. Walsh	233,104	80%
Scott E. McPherson	134,363	59%
Christopher K. Hobson	131,582	61%

Long-Term Equity Incentive Compensation

We believe that the best way of assuring that the interests of our executive officers are aligned with the interests of our stockholders is to provide them with meaningful stock ownership opportunities. In addition, equity compensation can also provide incentives that support the retention of our executive officers and reward them for both short-term and long-term Company performance. In May 2010, we adopted the 2010 LTIP. The 2010 LTIP is designed to provide the Company with an opportunity to grant employees incentive equity awards that are “at risk” and vest over time upon the continuance of service or vest based upon the achievement of certain specified Company objectives and require continued service. In 2014, the 2010 LTIP was amended to increase the number of shares of common stock reserved for issuance thereunder and the performance measures that may apply to awards granted under the 2010 LTIP were re-approved.

For 2015, the equity awards granted to our executive officers, including the Named Executive Officers, under the 2010 LTIP consisted of RSU awards and performance share awards. While there are no minimum holding periods for RSU awards and performance share awards, such awards are subject to time-based settlement and the Named Executive Officers are also subject to compliance with our Stock Ownership Guidelines. Stock option awards are not subject to a minimum holding period and no stock option awards were granted to Named Executive Officers in 2015. RSU awards are the equivalent in value to one share of the Company’s common stock and entitle the recipient to receive one common share of the Company’s common stock for each RSU at the end of a specified vesting period. RSU awards are subject to certain restrictions and risk of forfeiture. RSU awards granted in 2015 vest one-third on January 21, 2016, with the remaining two-thirds vesting in equal annual installments on the first business day of January 2017 and 2018.

Performance share awards under the 2010 LTIP may include:

- (i) specific dollar-value target awards;
- (ii) performance units, the value of each unit being determined by the Compensation Committee at the time of issuance; and/or
- (iii) performance shares, the value of each such share being equal to the fair market value of a share of the Company’s common stock on the date of grant.

2015 performance share awards were granted with a value equal to the fair market value of a share of the Company’s common stock. The number of performance shares that the recipient ultimately earns is based upon achievement of certain specified performance metrics and is also subject to certain restrictions and risk of forfeiture. Performance share awards granted in 2015 vest one-third on January 21, 2016, with the remaining two-thirds vesting in equal annual installments on the first business day of January 2017 and 2018.

On January 21, 2015, the Named Executive Officers received the following equity awards:

Officer	Number of Restricted Stock Units	Number of Performance Shares Awarded ⁽¹⁾	Number of Performance Shares Earned ⁽²⁾
Thomas B. Perkins	—	19,914	15,694
Stacy Loretz-Congdon	4,400	10,591	8,347
Christopher L. Walsh	4,400	10,591	8,347
Scott E. McPherson	4,650	10,218	8,053
Christopher K. Hobson	4,650	10,218	8,053

(1) Represents the maximum number of shares that may be awarded.

(2) Based on achievement of the 2015 performance share metrics below.

Performance Shares Awarded and Earned for 2015

Each award of performance shares listed in the table above was “at risk” based upon the level of achievement of certain Company metrics. For 2015, under terms of such awards, a qualifying internal RONA requirement was established and then if met, a specified percentage of the shares of the Company’s common stock subject to the performance share awards would only be deemed earned (subject to vesting) upon the achievement of a “Threshold,” “Target” or “Exceptional” level for Adjusted EBITDA⁽¹⁾. RONA is an internal Company measure defined as pre-tax net profits excluding LIFO expense and other significant non-recurring items divided by significant working capital components and fixed assets. At the “Threshold” level, 34.1% of the shares of the Company’s common stock subject to the performance share awards were available to be awarded, at the “Target” level 67% would be awarded, and at the “Exceptional” level all performance shares applicable to such factor would be awarded. If the level of performance fell between two levels (Threshold and Target for example), the percentage is determined by a straight line pro-ration between the two levels based upon the actual performance achieved. If the level of performance fell below the “Threshold” level, no performance shares would be awarded and if the level of performance exceeds the “Exceptional” level, 100% of the shares would be awarded. The following achievement levels were established for performance share awards for 2015:

Metric	Threshold	Target	Exceptional
Adjusted EBITDA ⁽¹⁾	\$125.0M	\$132.0M	\$139.0M

(1) Adjusted EBITDA is net income as reported in the Company’s 2015 Form 10-K before depreciation expense, amortization, stock compensation, interest expense, foreign currency transaction gains or losses, income taxes, less interest income and excluding LIFO expense, the impact of acquisitions during the year and income from cigarette price increases in excess of prior year levels.

The performance level achieved during the 2015 calendar performance period was determined by our Compensation Committee in January 2016. The Compensation Committee determined that the qualifying RONA level was met for 2015. Based upon our performance with respect to the performance share goals during 2015, each of the Named Executive Officers earned 79% of his or her maximum potential award.

Group Life, Accidental Death & Dismemberment and Short- and Long-term Disability Insurance

All of our executive officers, including the Named Executive Officers, are eligible to participate in our group life, accidental death and dismemberment, and short- and long-term disability insurance programs, which are also available to our non-executive employees. In addition, our executive officers, including the Named Executive Officers, and other senior officers and managers are provided with additional group life insurance, at a rate of one and one-half times base salary up to a maximum of \$300,000.

We do not maintain any defined benefit or other retirement program for our executive officers. Our executive officers, including the Named Executive Officers, are eligible to participate in our employee benefit plans, which are generally

provided for all full-time employees. We currently match any contributions made to the Section 401(k) plan by our employees, including our executive officers, of up to 3% of the employee's compensation (up to a \$260,000 annual base salary limit). We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code (the "Code") so that contributions by employees to the plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the plan.

Perquisites and Other Personal Benefits

Our executive officers are eligible to participate in the same retirement and health and welfare benefits that are offered to all employees. We generally do not provide automobile allowances, club memberships or other perquisites or other personal benefits to our executive officers. We provide our executive officers with standard relocation packages to the extent we request them to move for business reasons.

Post-Employment Compensation

None of the Named Executive Officers have employment agreements and all are employees “at will.”

Certain of our equity incentive plans provide for benefits that could be triggered by a change in control of the Company. Under our 2010 LTIP, all outstanding options to purchase shares of the Company’s common stock become fully exercisable and vested, all restrictions on restricted stock unit awards (and all deferral periods on deferred restricted stock unit awards) lapse and vesting on all earned performance share awards accelerates if the employee is terminated within one year after a change in control of the Company. If a change in control of the Company occurs before the completion of the applicable performance period for a performance share award under any of our long-term incentive plans, such performance share award will vest at the “Target” performance level. (See the “Potential Payments upon Termination or Change in Control” section for further discussion).

In addition to the change in control provisions described above, the Named Executive Officers are eligible to receive payments and benefits under our Executive Severance Policy. Pursuant to this Policy, corporate officers and vice presidents, as well as division presidents, are eligible to receive a severance payment upon their involuntary termination of employment for reasons other than cause, gross misconduct, or an insured long-term disability. Severance payments for U.S.-based executives are based upon years of service and range from two months base salary for less than two years of service, up to 18 months of base salary for over 20 years of service. In addition, U.S. executives are eligible for a pro-rata bonus for the year terminated and may receive COBRA cost reimbursements during the severance period. Canada-based executives receive severance payments in accordance with provincial law, which can range up to two years of base salary, bonus, and benefits. To receive any payments or benefits under the Executive Severance Policy, an executive must sign a release of liability for the benefit of the Company.

We believe providing these arrangements help us compete for and retain executive talent. After reviewing the practices of companies represented in the compensation peer group, we believe that our severance policies are generally comparable with severance packages offered to executives by the companies in the compensation peer group.

Please see the discussion under “Potential Post-Employment Payments to Named Executive Officers” for a discussion of these arrangements and the quantification of the amounts that would have been payable to the Named Executive Officers upon their retirement or upon a change in control of the Company as of December 31, 2015.

Compensation-Related Risk

The Compensation Committee has reviewed the Company’s incentive plans and does not believe the goals or the underlying philosophy encourages our executive officers, including the Named Executive Officers, to take excessive risk. By using equity-based awards that are not immediately exercisable, we believe the interests of our executive officers are aligned with those of our stockholders.

Other Compensation Policies

Stock Ownership Policy

We believe that our Named Executive Officers and our directors should own and hold shares of the Company’s common stock to further align their interests and actions with the interests of our stockholders. As of February 15, 2016, all of our Named Executive Officers and directors were in compliance with our Stock Ownership Guidelines.

Equity Award Grant Practices

Our current equity award grant policy provides that RSUs and Performance Share awards which are made to our executive officers and other eligible employees are granted in January or early February each year after approval by our Board of Directors. In accordance with our equity award grant policy, all new-hire equity awards are granted following the first date of employment. Any special equity awards (non-new hire or annual) made by the Compensation Committee are effective on the date of approval by the Compensation Committee. Equity awards are not timed in relation to the release of material information about the Company.

30

Derivatives Trading and Hedging Policy

Our Board of Directors has adopted a policy regarding the trading of derivatives or the hedging of our equity securities by our employees, including our executive officers and directors. This policy provides that all employees and members of our Board of Directors are prohibited from engaging in certain forms of hedging or monetization transactions, such as zero-cost collars and forward sales contracts, that allow the employee or director to continue to own the covered securities, but without the full risks and rewards of ownership.

In addition to the foregoing, our executive officers and members of our Board of Directors are prohibited from holding Company securities in a margin account or otherwise pledging Company securities as collateral for a loan, subject to certain exceptions.

Policy on Recovery of Incentive Compensation

Our Board of Directors has adopted a policy relating to the repayment, recovery or forfeiture of incentive-based compensation by certain officers that are “officers” under Section 16(a) of the Securities Exchange Act of 1934 in the event we are required to restate our financial statements resulting from material noncompliance with any financing reporting requirements under the U.S. securities laws (other than due to a change in applicable accounting rules or interpretation). This policy is administered by the Compensation Committee.

In addition, our 2004 Long-Term Incentive Plan, our 2007 Long-Term Incentive Plan, and our 2010 LTIP contain provisions providing for the recovery of gains made by any executive officer from the exercise of options within one year prior to the executive officer’s termination for Cause, as defined in the plans.

COMPENSATION COMMITTEE REPORT

The Compensation Committee administers Core-Mark's compensation program for executive officers. The Compensation Committee's role is to oversee Core-Mark's compensation plans and policies, annually review and approve all such executive officers' compensation, approve annual bonus awards and administer Core-Mark's long-term incentive plans (including reviewing and approving grants to Core-Mark's executive officers).

The Compensation Committee's charter reflects these various responsibilities, and the Compensation Committee and the Board of Directors periodically review and revise the charter. The Board of Directors determines the Compensation Committee's membership, which currently consists of four non-employee directors. All of the Compensation Committee's members are "independent" under the rules of the NASDAQ Stock Market. The Compensation Committee meets at scheduled times during the year and it also considers and takes action by written consent. The Compensation Committee Chairman, Robert G. Gross, reports any Compensation Committee actions or recommendations to the full Board of Directors.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based on that review and those discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

The Compensation Committee is pleased to submit this report to Core-Mark's stockholders.

(1) Represents base salary.

(2) This column represents the aggregate grant date fair value for all awards granted in 2015, 2014 and 2013. For performance awards granted in 2015 and 2014, we have reported the fair value of the award based upon the probable satisfaction of the performance conditions as of the grant date. No performance shares were earned by the Named Executive Officers in 2013 and therefore have been excluded from this table. For the performance awards granted in 2015, the maximum aggregate grant date fair value that would have been received if the highest level of performance was achieved would have been \$1,298,194 for Mr. T. Perkins, \$690,427 for Ms. S. Loretz-Congdon and Mr. C. Walsh, \$666,111 for Mr. S. McPherson and Mr. C. Hobson. For the performance awards granted in 2014, the maximum aggregate grant date fair value that would have been received if the highest level of performance was achieved would have been \$1,137,341 for Mr. T. Perkins, \$620,374 for Ms. S. Loretz-Congdon and Mr. C. Walsh, \$568,707 for Mr. S. McPherson, and \$542,874 for Mr. C. Hobson. For the performance awards granted in 2013, the maximum aggregate grant date fair value that would have been received if the highest level of performance was achieved would have been \$1,176,117 for Mr. T. Perkins, \$514,545 for Ms. S. Loretz-Congdon, \$588,058 for Mr. C. Walsh and Mr. S. McPherson, and \$404,275 for Mr. C. Hobson. These amounts do not reflect the Company's expense for accounting purposes for these awards, and do not represent the actual value that may be

realized by the Named Executive Officers.

The amounts in this column are awarded under the Annual Cash Incentive Bonus Program and represent performance-based bonuses earned in the fiscal year presented and paid in the subsequent year. These bonuses were based on the Company's financial performance and the executive officer's performance against his or her specified individual objectives. For a description of these bonuses, see the section of this Proxy Statement entitled "Compensation Discussion and Analysis - How We Determined, and What We Paid, Our Named Executive Officers in 2015 - Annual Cash Incentive Bonus."

The Company defines three incentive plan payout levels for our executives, which are "Threshold," "Target" and "Exceptional." The Company-defined "Threshold" level corresponds to Threshold level in the table above, "Target" level corresponds to Target level in the table above and "Exceptional" level corresponds to the Maximum level in the table above. Refer to the Compensation Discussion and Analysis section in this Proxy Statement for a more detailed description of these payout levels.

(2) Awarded under the 2015 Annual Cash Incentive Bonus Program. The Threshold, Target and Maximum payout levels assume that each of those goals was obtained at the Company's level of "Threshold," "Target" and "Exceptional," as described in the Compensation Discussion and Analysis section in this Proxy Statement. For a description of

amounts actually received by the executive, if any, see the Compensation Discussion and Analysis section. For a further description of the 2015 Annual Cash Incentive Bonus Program, refer to the Compensation Discussion and Analysis section.

Performance shares awarded under the 2010 LTIP. The incentive opportunity was tied to Adjusted EBITDA goals and a RONA qualifier. The Threshold, Target and Maximum payout levels assume that each of those goals was achieved at the corresponding Company's level of "Threshold," "Target" and "Exceptional," as described in the

- (3) Compensation Discussion and Analysis section in this Proxy Statement. For a further description of the performance shares and the amounts actually awarded to the executive, if any, refer to the Compensation Discussion and Analysis section. Such awards are subject to vesting requirements and permit a net-exercise feature to cover tax withholding for the executive officers.
- (4) Restricted stock units awarded under the 2010 LTIP. Such awards are subject to a three year vesting requirement and permit a net-exercise feature to cover tax withholding for the executive officers.
- (5) Represents the grant date fair value of each equity award computed in accordance with applicable guidance. Grant date fair value per share for restricted stock units and performance shares is \$65.19.

The following table presents information concerning the number and value of restricted stock units and performance shares that have not vested for our Named Executive Officers outstanding as of December 31, 2015:

(1) There were no unexercised option awards as of December 31, 2015 for our Named Executive Officers.

Restricted stock units were granted on January 21, 2015, February 3, 2014 and February 5, 2013. The January 21, 2015 awards vest one-third on January 21, 2016, with the remaining two-thirds vesting in equal annual installments on the first business day of January 2017 and 2018. The February 3, 2014 awards vest one-third on February 3, 2015, with the remaining two-thirds vesting in equal annual installments on the first business day of January 2016 and 2017. The February 5, 2013 awards vest one-third on February 5, 2014, with the remaining two-thirds vesting in equal annual installments on the first business day of January 2015 and 2016. Market value based on close price of \$81.94 for Core-Mark Holding Company, Inc. common stock on the NASDAQ Global Market on December 31, 2015.

(2) Number includes performance share awards which were granted on January 21, 2015. The January 21, 2015 awards vest one-third on January 21, 2016 subject to the achievement of certain Company metrics, with the remaining two-thirds vesting in equal annual installments on the first business day of January 2017 and 2018. Market value based on close price of \$81.94 for Core-Mark Holding Company, Inc. common stock on the NASDAQ Global Market on December 31, 2015. In calculating the number of performance shares and their value, we are required by SEC rules to compare the Company's performance through 2015 under each outstanding performance share grant against the threshold ("Threshold"), target ("Target"), and maximum ("Exceptional") performance levels for the grant and report in this column the applicable potential payout amount. If the performance is between levels, we are required to report the potential payout at the next highest level. For example, if the previous fiscal year's performance exceeded target, even if it is by a small amount and even if it is highly unlikely that we will pay the maximum amount, we are required by SEC rules to report the awards using the maximum potential payouts. For 2015, the qualifying RONA level was met and we exceeded the target level for Adjusted EBITDA and have accordingly reported the performance shares at the maximum awards level. No performance shares were earned by the Named Executive Officers in 2013.

(3) The following table presents information concerning the exercise of stock options and the vesting of restricted stock units for our Named Executive Officers during the year ended December 31, 2015:

Information such as number of securities to be issued upon exercises of outstanding options, weighted-average exercise price of outstanding options, and number of securities remaining available for future issuance concerning our stock-based compensation plans were included in Note 13, “Stock Incentive Plans,” in the Notes to Consolidated Financial Statements included in our 2015 Annual Report on Form 10-K filed on February 26, 2016.

Potential Payments Upon Termination or Change-In-Control

Severance Policy

Each of our Named Executive Officers, senior vice presidents, and vice presidents are entitled to certain benefits under the Core-Mark Executive Severance Policy. Pursuant to the policy, upon the officer’s involuntary termination other than for cause, gross misconduct (each as defined in the policy) or long-term disability and upon our acceptance of an executed separation agreement, the officer is entitled to the following benefits based on the years of service and location of employment:

U.S. Employees

Number of Years of Service	Benefit
Less than two years	Two months of base salary
At least two years but less than five years	Four months of base salary
At least five years but less than ten years	Eight months of base salary
At least ten years but less than 20 years	12 months of base salary
More than 20 years	18 months of base salary

All payments under the severance policy are made in one lump sum at the first regularly scheduled payroll issuance following termination. In addition to above payments, such officer shall receive COBRA cost reimbursement for the same number of months of their base salary payment plus payment of a prorated bonus for the year of their termination.

Canadian Employees. The severance benefits paid to any Canadian executive officers are based on the applicable provincial laws.

Accelerated Option Vesting. In addition, an executive officer who has received an option grant under our 2007 Long-Term Incentive Plan and our 2010 LTIP may be entitled to accelerated vesting of all such options should such executive officer be terminated without cause or resign his employment with good reason.

Retirement

The Company does not have a mandatory retirement age for executive officers. Time-vesting awards made under our 2010 LTIP after January 1, 2012 contain provisions providing for automatic accelerated vesting upon the retirement of an executive officer who has reached the age of 65 (full accelerated vesting for awards held for more than one year at the time of retirement and pro-rated vesting for awards held less than one year at the time of retirement). Time-vesting awards made under our 2010 LTIP and other plans prior to January 1, 2012 do not contain automatic acceleration provisions in connection with a retirement, but the Board or the Compensation Committee has the discretionary authority to accelerate the vesting of all or a portion of such awards in connection with a retirement. The table assumes that all Named Executive Officers would have been so approved for full acceleration of time-vesting awards upon retirement if retirement occurred on December 31, 2015. Upon retirement, this table assumes unvested performance shares and options are forfeited, vested options remain exercisable for a period of 90 days, and restrictions lapse on all restricted stock units.

Change of Control

Award grants made to our Named Executive Officers under our 2010 LTIP generally entitle such officers to accelerated vesting of all of their option shares, restricted stock units and earned performance shares in the event that we are acquired by a non-public company (a “non-public change of control”). In addition, if we are acquired by a public company and the executive officer is terminated without cause or resigns with good reason within one year after we are acquired, then generally all such executive officer’s unvested option shares, restricted stock units and earned performance shares will immediately vest. If the change of control under either scenario occurs before the completion of the applicable performance period under a performance share award, such performance share shall vest at the “Target” level. Under our 2010 LTIP, all outstanding options become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates if the employee is terminated within one year after a change of control.

Core-Mark Holding Company, Inc. does not have an official retirement age. For awards made after January 1, 2012, acceleration of unvested awards occurs automatically upon the retirement of an executive officer who has reached the age of 65 at the time of retirement. Time-vesting awards that do not contain automatic acceleration provisions in connection with a retirement may be approved by the Board or Compensation Committee. The table assumes that all Named Executive Officers would have been so approved if termination occurred on December 31, 2015. Upon retirement, this table assumes unvested performance shares and options are forfeited, vested options remain exercisable for a period of 90 days, and restrictions lapse on all restricted stock units.

Upon termination without cause, terminated executives are eligible for severance cash in accordance with the Core-Mark Executive Severance Policy. Also, options become fully vested and exercisable as of the date of termination and remain exercisable for a period of 90 days thereafter. Options terminate and are forfeited at the end of the 90-day period. Upon termination, all unvested restricted stock units and performance shares are forfeited.

Upon a non-public change in control, executives are eligible for all of the benefits of a “without-cause” termination. In addition, all restrictions lapse on restricted stock units, all unvested options are accelerated and any earned but unvested performance shares are accelerated.

Executive officers, senior vice presidents and vice presidents in the U.S. may receive benefits under the Core-Mark Executive Severance Policy. If terminated on December 31, 2015, Mr. C. Hobson would receive 12 months’ salary and COBRA reimbursements, payable in a lump sum. As Mr. T. Perkins’, Ms. S. Loretz-Congdon’s, Mr. C. Walsh’s and Mr. S. McPherson’s service with our Company is more than 20 years as of December 31, 2015, they would receive 18 months’ salary and COBRA reimbursements, if terminated on December 31, 2015. These payments are contingent on termination.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews Core-Mark's financial reporting process on behalf of the Board of Directors and reports to the Board of Directors on audit, financial and related matters. Core-Mark's management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. Deloitte & Touche LLP (the independent registered public accounting firm for year ended December 31, 2015) was responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (U.S.), and to issue its reports thereon. The Audit Committee oversees these processes.

In this context, the Audit Committee has met and held discussions with Core-Mark's management and the independent auditor. Management has represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent auditor. The Audit Committee also discussed with the independent auditor the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees.

In addition, the Audit Committee discussed with the independent auditor such auditor's independence from the Company and its management, and the independent auditor provided to the Audit Committee the written disclosures and communications required by the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence.

The Audit Committee discussed with the Company's internal audit staff and independent auditor the overall scope and plans for their respective audits. The Audit Committee met with the internal audit staff and the independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of Core-Mark's internal controls, and the overall quality of Core-Mark's financial reporting.

Based on the reviews and discussions with management and the independent auditor referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in Core-Mark's Annual Report on Form 10-K for the year ended December 31, 2015, for filing with the Securities and Exchange Commission.

Pre-Approval of Audit and Non-Audit Services

Core-Mark’s Audit Committee is responsible for appointing Core-Mark’s independent auditor and approving the terms of the independent auditor’s services. The Audit Committee has established a policy for the pre-approval of all audit and permissible non-audit services to be provided by the independent auditor, as described below, and must pre-approve any internal control related service, including any changes in the nature, scope or extent of such services. **Audit Services.** Under the policy, the Audit Committee is to appoint Core-Mark’s independent auditor each year and pre-approve the engagement of the independent auditor for the audit services to be provided. In addition, the Audit Committee must pre-approve any additions or modifications to such audit services.

Non-Audit Services. In accordance with the policy, the Audit Committee must pre-approve non-audit services that may be performed by the independent auditor during the year. The Audit Committee has also delegated to the Chair of the Audit Committee the authority to approve additional non-audit services to be performed by the independent auditor.

All services performed by D&T in 2015 and 2014 were pre-approved by the Audit Committee pursuant to the foregoing pre-approval policy.
