YOUR VOTE IS IMPORTANT!

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE STOCKHOLDER MEETING TO BE HELD ON JUNE 6, 2017:

Our Proxy Statement is attached. The Notice of Annual Meeting of Stockholders and Proxy Statement, 2016 Annual Report and Form 10-K may be accessed over the internet free of charge at www.proxyvote.com.

We are using Securities and Exchange Commission rules that allow us to make our proxy statement and related materials available on the internet. Accordingly, we are sending a “Notice of Internet Availability of Proxy Materials,” or Notice of Availability, to our stockholders of record instead of a paper proxy statement and annual report containing financial statements, unless paper copies have previously been requested. The rules provide us the opportunity to save money on the printing and mailing of our proxy materials and to reduce the impact of our annual meeting on the environment. We hope that you will view our annual meeting materials over the internet if possible and convenient for you. Instructions on how to access the proxy materials over the internet or to request a paper or email copy of our proxy materials can also be found in the notice you received.

Whether or not you expect to attend the annual meeting, please make sure you vote so that your shares will be represented at the meeting. Our stockholders can vote over the internet or by telephone as specified in the accompanying voting instructions or by completing and returning a proxy card. This will ensure the presence of a quorum at the annual meeting and save the expense and extra work of additional solicitation. Sending your proxy card will not prevent you from attending the meeting, revoking your proxy and voting your stock in person.

PROXY
STATEMENT FOR
ANNUAL
MEETING OF
STOCKHOLDERS
TO BE HELD
JUNE 6, 2017

The board of directors of Live Nation Entertainment, Inc., referred to herein sometimes as Live Nation, our, us, we or the company, solicits the enclosed proxy for the Annual Meeting of Stockholders to be held on Tuesday, June 6, 2017, at 8:30 a.m. local time at 9348 Civic Center Drive, Beverly Hills, California 90210, and for any adjournment or postponement thereof. This proxy statement is being made available to stockholders on or about April 21, 2017.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

1.Q: Why did I receive a notice regarding the availability of proxy materials on the internet?

Instead of mailing paper proxy materials, we sent a “Notice of Internet Availability of Proxy Materials” to our stockholders of record. We refer to that notice as the Notice of Availability. The Notice of Availability provides instructions on how to view our proxy materials over the internet, how to vote and how to request a paper or email A: copy of our proxy materials. This method of providing proxy materials is permitted under rules adopted by the Securities and Exchange Commission, or the SEC. We hope that following this procedure will allow us to save money on the printing and mailing of those materials and to reduce the impact that our annual meeting has on the environment.

We intend to mail the Notice of Availability on or about April 21, 2017 to all stockholders of record entitled to vote at the annual meeting.

2.Q: Purpose—What is the purpose of the Annual Meeting of Stockholders?

A: At the annual meeting, stockholders will act upon the matters outlined in this proxy statement, including: election of the twelve members of our board of directors, the director nominees being Mark Carleton, Jonathan Dolgen, Ariel Emanuel, Robert Ted Enloe, III, Jeffrey T. Hinson, Margaret “Peggy” Johnson, James Iovine, James S. Kahan, Gregory B. Maffei, Randall T. Mays, Michael Rapino and Mark S. Shapiro; an advisory vote on the company’s executive compensation; an advisory vote on the frequency of stockholder advisory votes on the company’s executive compensation; and ratification of Ernst & Young LLP as our independent registered public accounting firm for the 2017 fiscal year.

Table of Contents

3.Q: Board's Recommendations—How does the board of directors recommend that I vote?

A: The board of directors recommends that you vote your shares:

FOR each of the director nominees named in this proxy statement;

FOR the advisory resolution approving the company's executive compensation;

FOR holding an advisory vote on the company's executive compensation EVERY THREE YEARS; and

FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm for the 2017 fiscal year.

If you are an employee or former employee who holds company stock through our 401(k) Savings Plan, the proxy that you submit will provide your voting instructions for this stock to the plan trustee. If you do not submit a proxy, the plan trustee will vote your plan shares in the same proportion as the shares for which the trustee receives voting instructions from other participants in the plan, except as may otherwise be required by law.

4.Q: Vote Requirement—How many votes are required to approve each item?

A: Election of directors (Proposal 1)—Our bylaws require that a director nominee will be elected only if he or she receives a majority of the votes cast with respect to his or her election in an uncontested election (that is, the number of shares voted "for" a director nominee must exceed the number of votes cast "against" that nominee). For purposes of electing directors, not voting or withholding your vote by voting "abstain" (or a direction to your broker, bank or other nominee to withhold your vote, called a "broker non-vote") is not counted as a vote cast, and therefore will have no effect on the outcome of the election of directors.

Each of our director nominees is currently serving on the board of directors. If a nominee who is currently serving as a director is not re-elected, Delaware law provides that the director would continue to serve on the board of directors as a "holdover director." Under our board of directors' policy regarding majority voting, the board expects each incumbent director who is nominated for re-election to the board to tender his or her resignation from the board if he or she fails to receive the required number of votes for re-election in accordance with our bylaws. The resignation shall become effective only if and when the board of directors or a duly authorized committee of the board determines to accept such resignation. The board of directors or the duly authorized committee of the board, as the case may be, may consider any factors it deems relevant in deciding whether to accept a director's resignation. Each of the director nominees has affirmatively agreed to tender a resignation under the circumstances described above.

Advisory vote on the frequency of advisory votes on the compensation of our named executive officers (Proposal 3)—The advisory vote on the frequency of advisory votes on the company's executive compensation will be determined based on a plurality of the votes cast. This means that the option that receives the most votes will be recommended by the stockholders to our board of directors. For purposes of this proposal, a failure to vote or withholding your vote (or a broker non-vote) is not counted as a vote cast, and therefore will have no effect on the outcome of the proposal. The results of this vote are not binding on our board of directors.

All other proposals (Proposals 2 and 4 and any other items properly brought before the annual meeting)—The affirmative vote of the holders of at least a majority of the total voting power of our common stock present in person or represented by proxy and entitled to vote on these matters is required to approve each of the other proposals set forth in this proxy statement, and any other item properly brought before the annual meeting (except as explained below for amendments to our bylaws). For purposes of these votes, abstentions or not voting on a matter will be counted as present in person or represented by proxy and entitled to vote on the respective matter, and therefore will have the effect of a negative vote. Broker non-votes will have no effect on the outcome of these proposals, as they are not "entitled to vote." Amendments to our bylaws require the affirmative vote of the holders of at least a majority of the total voting power of our common stock, or at least 80% of the total voting power for certain amendments. For the purpose of a vote on an amendment to our bylaws, not voting, abstentions and broker non-votes will all have the effect of a negative vote. The results of Proposal 2 are not binding on our board of directors.

5.Q: Record Date—Which of my shares may I vote?

A: All shares owned by you as of the close of business on April 10, 2017, referred to as the Record Date, may be voted by you. These shares include shares that are (i) held directly in your name as the stockholder of record and (ii) held for you as the beneficial owner through a broker, bank or other nominee.

6.Q: Quorum—What constitutes a quorum?

A: Presence at the annual meeting, in person or by proxy, of the holders of a majority of our common stock outstanding on the Record Date will constitute a quorum, permitting the annual meeting to proceed and business to be conducted. Abstentions and broker non-votes are included in the calculation of the number of shares considered to be present at the annual meeting.

At the close of business on the Record Date, we had 205,485,812 shares of common stock outstanding and entitled to vote.

7.Q: Record Holders and Beneficial Owners—What is the difference between holding shares as a “record holder” versus a “beneficial owner”?

A: Most of our stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially:

Record holders—If your shares are registered directly in your name with our transfer agent, Computershare Shareowner Services LLC, you are, with respect to those shares, the stockholder of record or “record holder.” As the record holder, you have the right to grant your voting proxy directly to us or to vote in person at the annual meeting. We have enclosed or sent a proxy card for you to use. You may also vote by mail, over the internet or by telephone, as described below under the heading “Voting—How can I vote?”

Beneficial owners—If your shares are held in a brokerage account or bank or by another nominee, you are, with respect to those shares, the “beneficial owner” of shares held in “street name.” As the beneficial owner, you have the right to direct your nominee on how to vote or to vote in person at the annual meeting. However, since you are not a record holder, you may not vote these shares in person at the meeting unless you obtain a “legal proxy” from your nominee (who is the record holder), giving you the right to vote the shares. If you do not wish to vote in person, you may vote by mail, over the internet or by telephone, as described below under the heading “Voting—How can I vote?”

8.Q: Voting—How can I vote?

A: Each share of our common stock is entitled to one vote on all matters submitted for a vote at the annual meeting. To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the annual meeting in person. Most stockholders have four options for submitting their votes:

By Mail—Record holders who received a paper copy of the proxy materials by mail may submit proxies by completing, signing and dating the accompanying proxy card and mailing it in the accompanying pre-addressed envelope.

Beneficial owners may also vote by mail by completing, signing and dating the voting instruction card provided by their nominee and mailing it in the accompanying pre-addressed envelope.

In Person—Record holders may vote in person at the annual meeting. Beneficial owners may also vote in person at the annual meeting if they obtain a legal proxy from their nominee giving them the right to vote the shares.

By Internet—Record holders may vote via the internet by following the instructions set forth on the Notice of Availability and on the proxy card. Most beneficial owners may vote via the internet by accessing the website specified on the voting instruction card provided by their nominees. Please check the voting instruction card provided by your nominee for internet voting availability.

By Telephone—Record holders may vote via telephone by following the instructions set forth on the Notice of Availability and on the proxy card. Most beneficial owners who live in the United States or Canada may vote via telephone by calling the toll-free number specified on the voting instruction card

Table of Contents

provided by their nominees. Please check the voting instruction card provided by your nominee for telephone voting availability.

9. Q: Broker Non-Votes—What is a broker non-vote?

Generally, a broker non-vote occurs when shares held by a nominee for a beneficial owner are not voted with respect to a particular proposal because (i) the nominee has not received voting instructions from the beneficial owner and (ii) the nominee lacks discretionary voting power to vote such shares. Under New York Stock Exchange, A: or NYSE, rules, a nominee does not have discretionary voting power with respect to “non-routine” matters or the election of directors. The ratification of the appointment of our independent registered public accounting firm is a routine matter and the other proposals are non-routine matters.

If you are the beneficial owner of our common stock, your nominee will send you directions on how you can instruct them to vote.

10.Q: Revocation of Proxy—May I change my vote after I return my proxy?

A: Yes. You may revoke your proxy and change your vote at any time before the proxy is exercised.

Record holders may change their vote by:

• a timely, valid, later-dated proxy;

• a timely written notice of revocation submitted to our General Counsel at our principal executive offices at 9348 Civic Center Drive, Beverly Hills, California 90210; or

• attending the annual meeting and voting in person.

Beneficial owners may change their vote by complying with the instructions on their voting instruction cards.

You should be aware that simply attending the annual meeting will not in and of itself constitute a revocation of your proxy.

11.Q: Voting Results—Where can I find the voting results of the annual meeting?

A: We will publish the final voting results of the annual meeting in a Current Report on Form 8-K filed with the SEC within four business days after the annual meeting.

12.Q: Multiple Sets of Proxy Materials—What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of the Notice of Availability, this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account. If you A: are a record holder and your shares are registered in more than one name, you will receive more than one Notice of Availability or proxy card. If you receive multiple sets of voting materials, please vote each Notice of Availability, proxy card and voting instruction card that you receive.

13.Q: Solicitation—Who will pay the costs of soliciting these proxies?

Proxies will be solicited initially by mail. Further solicitation may be made in person or by telephone, email or facsimile by members of management. We will bear the expense of preparing, printing and mailing this proxy A: statement and accompanying materials to our stockholders. Upon request, we will reimburse brokers, banks or similar entities acting as nominees for reasonable expenses incurred in forwarding copies of the proxy materials relating to the annual meeting to the beneficial owners of our common stock.

14. Q: Additional Matters at the Annual Meeting—What happens if additional matters are presented at the annual meeting?

A: Other than the four proposals described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Michael Rapino, our President, Chief Executive Officer and Director, and Kathy Willard, our Chief Financial Officer, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting.

15. Q: Further Questions—Who can help answer my questions?

A: If you have any questions about our proxy materials or the annual meeting, you can contact our General Counsel at:

CORPORATE GOVERNANCE

We have adopted a Code of Business Conduct and Ethics for directors, officers and employees, as well as Board of Directors Governance Guidelines, which, in conjunction with our certificate of incorporation, bylaws and board committee charters, form our framework for governance. All of these documents are publicly available in the Corporate Governance section of our website at investors.livenationentertainment.com or may be obtained upon written request to:

Governance Highlights

We are committed to maintaining high standards of business conduct and corporate governance, which we believe are essential to running our business efficiently, serving our stockholders well and maintaining our integrity in the marketplace. Some of the highlights of our corporate governance include:

What We Do:

- ü Chairman of the Board not a member of management
- ü 9 of 12 directors independent (and only one, our Chief Executive Officer, is a member of management)
- ü Annual election of all members of our board of directors (see Proposal 1)
- ü Majority voting standard for uncontested director elections
- ü Director resignation policy for directors who fail to receive a majority of votes for re-election
- ü Annual advisory vote to ratify independent auditor (see Proposal 4)
- ü Robust stock ownership guidelines
- ü Regular board self-assessments at both individual and group levels
- ü Committee members (other than Executive Committee) are all independent

What We Don't Do:

- û No repricing of underwater stock options without stockholder approval
- û No hedging of company securities per company policy
- û No pledging of company securities without preapproval per company policy
- û No former employees serve as directors

Independence

Our board of directors currently consists of twelve directors, nine of whom are independent (as defined by our Board of Directors Governance Guidelines), one of whom serves as our President and Chief Executive Officer and two of whom are executive officers of our largest stockholder. For a director to be independent, the board of directors must determine, among other things, that a director does not have any direct or indirect material relationship with us or any of our subsidiaries. The board of directors has established guidelines to assist it in determining director independence, which conform to, or are more exacting than, the independence requirements of the NYSE corporate governance standards. The independence guidelines are set forth in Appendix A of our Board of Directors Governance Guidelines. Applying these independence standards, the board of directors has determined that Jonathan Dolgen, Ari Emanuel, Ted Enloe, Jeff Hinson, Peggy Johnson, Jimmy Iovine, Jim Kahan, Randall Mays and Mark Shapiro are all independent directors.

Board Composition and Director Qualifications

Our Nominating and Governance Committee periodically assesses the appropriate size and composition of the board of directors, taking into account our specific needs. The committee utilizes various methods for identifying and evaluating candidates for director. Candidates may come to the attention of the committee through recommendations of directors, management, stockholders and professional search firms. Generally, the committee seeks members with diverse backgrounds and viewpoints which contribute to the board of directors' broad spectrum of experience and expertise, and who have a reputation of integrity.

Rather than being bound by one-size-fits-all policies regarding the composition of the board of directors, the Nominating and Governance Committee instead seeks to make individual, facts-specific determinations. We believe that the company requires specialized experience and expertise in its leaders due to the uniqueness of its business and industry. The Nominating and Governance Committee annually assesses the appropriateness of the size of the board of directors, the skill set mix of each director, and the performance of each director when reviewing the annual board self-assessments, where each director has the opportunity to provide comprehensive feedback on himself/herself, his/her peers and the board as a whole. Five of the current members of the board of directors have joined since 2010, reflecting our evolving business and leadership needs. The Nominating and Governance Committee does not mandate an age or length of service at which a director must resign, and instead focuses on whether each director continues to provide value to the company and its stockholders. And while the Nominating and Governance Committee carefully considers diversity when considering director candidates, it has not established a formal policy regarding diversity.

At a minimum, directors should:

- have experience in positions with a high degree of responsibility;
- demonstrate strong leadership skills;
- have the time, energy, interest and willingness to serve as a director; and
- contribute to the mix of skills, core competencies and qualifications of the board of directors and management.

In addition to recommendations from directors, management and professional search firms, the Nominating and Governance Committee will consider director candidates properly submitted by stockholders. Stockholder recommendations should be sent to the General Counsel at our principal executive offices. The Nominating and Governance Committee will review all potential director nominees in the same manner, regardless of the source of the recommendation, in accordance with its charter.

Board Leadership Structure

Our board of directors is currently led by a Chairman who does not act as Chief Executive Officer and is not an employee. Under our bylaws and Board of Directors Governance Guidelines, the Chairman of the Board is responsible for coordinating the board of directors' activities, including the scheduling of meetings and the determination of relevant agenda items.

Risk Oversight and Compensation Risk Assessment

The Audit Committee periodically reviews our policies and practices with respect to risk assessment and risk management, including discussing with management our major risk exposures and the steps that have been taken to monitor and control such exposures. The Audit Committee reports the results of its review to the board of directors. Matters of risk management are brought to the attention of the Audit Committee by our Chief Financial Officer, our General Counsel, our Chief Accounting Officer, our external auditors and our Senior Vice President of Internal Audit, who regularly reviews and assesses internal processes and controls for ongoing compliance with internal policies, as well as for potential weaknesses that could result in a failure of an internal control process. Management reviews and reports on potential areas of risk at the request of the Audit Committee or other members of the board of directors.

Table of Contents

We believe that our compensation policies and practices do not create inappropriate or unintended significant risk to the company as a whole. We also believe that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond the company's ability to effectively identify and manage significant risks, are compatible with effective internal controls and our risk management practices and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics applicable to all of our directors, officers and employees, including our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and Controller, which is a "code of ethics" as defined by applicable SEC rules. The purpose and role of this code is to, among other things, focus our directors, officers and employees on areas of ethical risk, provide guidance to help them recognize and deal with ethical issues, provide mechanisms to report unethical or unlawful conduct and to help enhance and formalize our culture of integrity, honesty and accountability. If we make any amendments to this code, other than technical, administrative or other non-substantive amendments, or grant any waivers, including implicit waivers, from any provision of this code that applies to our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer or Controller, or persons performing similar functions, and that relates to an element of the SEC's "code of ethics" definition, then we will disclose the nature of the amendment or waiver in the Corporate Governance section of our website at investors.livenationentertainment.com.

Officer and Director Stock Ownership Guidelines

It is the board of directors' policy that all directors and executive officers, consistent with their responsibilities to our stockholders as a whole, hold a significant equity interest in our company. Toward this end, the board expects that all directors own, or acquire within three years of first becoming a director, equity securities having a market value of at least \$225,000. In addition, the Board expects that (i) the Chief Executive Officer own, or acquire within three years of first becoming Chief Executive Officer, equity securities having a market value at least equal to five times (5x) the Chief Executive Officer's then-current annual base salary, and (ii) other executive officers own, or acquire within three years of first becoming an executive officer, equity securities having a market value at least equal to two and one-half times (2.5x) such executive officer's then-current annual base salary.

The board of directors recognizes that exceptions to this policy may be necessary or appropriate in individual cases and may approve such exceptions from time to time as it deems appropriate in the interest of our stockholders.

Stockholder Communications

Stockholders and other interested parties may communicate with the board of directors, any committee thereof, the independent or non-management directors as a group or any individual director in writing. All such written communications must identify the recipient and be forwarded by mail to:

Certain Relationships and Transactions

Our Audit Committee is charged with the responsibility of reviewing, approving and overseeing all related-person transactions, as defined in SEC regulations. This responsibility is set forth, in part, in our Code of Business Conduct and Ethics under the heading “Policy on Related-Person Transactions” and in the Audit Committee Charter.

Generally, the policy covers any transaction in which we were or will be a participant, the amount involved exceeds \$120,000 and any “related person” had, or will have, a direct or indirect material interest in the transaction. “Related person” includes, generally, any (i) director or executive officer, (ii) nominee for director, (iii) stockholder who beneficially owns more than 5% of any class of our voting securities and (iv) family members of any of the persons set forth in (i) through (iii) above.

Agreements with Liberty

In connection with the merger between Live Nation and Ticketmaster Entertainment, Inc., or Ticketmaster, which is referred to as the merger, we entered into governance and other arrangements with predecessors of Liberty Media Corporation, which we refer to as Liberty Media, and certain successors and affiliates of Liberty Media, which collectively, together with Liberty Media, are referred to as Liberty. As described in the section entitled “Security Ownership Table” beginning on page 21, as of April 10, 2017, Liberty beneficially owned 69,645,033 shares of our common stock.

We provide ticketing services to a sports franchise owned by Liberty Media and pay royalty fees and non-recoupable ticketing contract advances to the sports franchise. We also receive transaction fees from the sports franchise for tickets the sports franchise sells using our ticketing software. From time to time, we purchase advertising from a satellite radio company that is a subsidiary of Liberty Media. These transactions are entered into in the ordinary course of business on an arms-length basis. During 2016, we recognized approximately \$2.5 million in revenue and incurred approximately \$0.3 million in expenses in connection with these transactions.

Liberty Stockholder Agreement

On February 10, 2009, Liberty, Live Nation and Ticketmaster entered into a stockholder agreement, or the Liberty Stockholder Agreement. The following summary is qualified by reference to the full Liberty Stockholder Agreement, which was included as Exhibit 10.2 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2016. Board Representation. Pursuant to the Liberty Stockholder Agreement, Liberty is entitled to nominate up to two Liberty directors for election to our board of directors until the earlier of (i) the date on which Liberty ceases to beneficially own at least 12,269,699 shares of Live Nation common stock, and (ii) the date on which Liberty ceases to own shares of Live Nation equity securities representing at least 5% of the total voting power of all Live Nation equity securities.

The directors nominated by Liberty must be reasonably acceptable to a majority of the board of directors who are not Liberty directors. In addition, one Liberty director must at all times qualify as “independent” within the meaning of applicable stock exchange rules (we have revocably waived the independence requirement). Live Nation has agreed to include each Liberty director in the slate of nominees recommended by the board of directors to the stockholders for election at each annual meeting and to use commercially reasonable efforts to cause the election of each Liberty director, including soliciting proxies in favor of the election of each such Liberty director. In the event a vacancy is created by the death, disability, retirement, resignation or removal (for any reason) of any Liberty director, Liberty has the right to designate a replacement or additional Liberty director. The Liberty Stockholder Agreement also addresses Liberty’s rights to representation on certain of the standing committees of the board of directors (Liberty has revocably waived these rights). Liberty’s current designees to our board are Messrs. Carleton and Maffei.

Acquisition Restrictions. Pursuant to the Liberty Stockholder Agreement, Liberty will not directly or indirectly acquire (subject to certain exceptions), by means of a purchase, tender or exchange offer, business combination or otherwise, beneficial ownership of Live Nation equity securities in excess of 35% of the total voting power of all Live Nation equity securities. Such percentage is subject to adjustment, as described below, and is referred to as Liberty’s applicable percentage. In the event that Liberty’s beneficial ownership of Live Nation equity securities

Table of Contents

exceeds Liberty's applicable percentage, no Live Nation equity securities beneficially owned by Liberty in excess of Liberty's applicable percentage will be voted on any matter submitted to Live Nation stockholders and Live Nation will not recognize any votes cast by Liberty in excess of Liberty's applicable percentage.

In connection therewith, we (i) amended our stockholder rights plan to permit Liberty to acquire Live Nation equity securities up to Liberty's applicable percentage, (ii) agreed upon notice of certain permitted transfers of Live Nation equity securities described below, to amend our stockholder rights plan to permit such permitted transferee to acquire Live Nation equity securities up to the applicable percentage in effect with respect to such transferee and (iii) agreed not to take certain actions that would materially adversely affect Liberty's ability to acquire Live Nation equity securities up to Liberty's applicable percentage or would otherwise impose material economic burdens on Liberty's ability to do so. We have approved Liberty Media and its affiliates and agreed to approve any of their permitted transferees as an "interested stockholder" of ours within the meaning of Section 203 of the Delaware General Corporation Law, or the DGCL, and to exempt such persons' acquisition of Live Nation equity securities from the restrictions on "business combinations" set forth in Section 203 of the DGCL.

Transfer of Rights Under the Liberty Stockholder Agreement; Adjustment of Liberty's Applicable Percentage. Under certain circumstances, if a transferee of Liberty's Live Nation equity securities agrees to be bound by the Liberty Stockholder Agreement, certain rights and obligations under the Liberty Stockholder Agreement may be transferred by Liberty to such transferee.

If Liberty transfers Live Nation equity securities to one of Liberty's affiliates and such entity thereafter ceases to be a Liberty affiliate as a result of a spin-off transaction, all of the rights and obligations of Liberty under the Liberty Stockholder Agreement will apply to such entity, including the rights to board representation described above. In that event, Liberty's applicable percentage then in effect will apply to the spun-off Liberty affiliate and thereafter the applicable percentage attributable to Liberty will be 5%. If, however, Liberty transfers Live Nation equity securities to one of Liberty's affiliates and no spin-off transaction occurs, then Liberty will retain all of the rights to board representation provided by the Liberty Stockholder Agreement.

If Liberty transfers all of its Live Nation equity securities to a third party who, after such transfer, does not own Live Nation equity securities in excess of Liberty's applicable percentage, then all of the rights and obligations of Liberty under the Liberty Stockholder Agreement, other than the rights to board representation described above, will apply to such transferee. In that event, Liberty's applicable percentage prior to such transfer will apply to such third-party transferee and thereafter the applicable percentage attributable to Liberty will be 0%. Live Nation will thereafter have the opportunity to amend its stockholder rights plan to remove Liberty's ability to acquire Live Nation common stock in excess of the threshold permitted by the stockholder rights plan.

The rights and obligations of Liberty under the Liberty Stockholder Agreement may only be transferred to a third party twice, which transfers are in addition to the transfer of Live Nation equity securities in connection with the spin-off of a Liberty affiliate as described above.

The Liberty Stockholder Agreement provides that in the event that Liberty transfers Live Nation equity securities other than as described above (subject to certain permitted hedging transactions), Liberty's applicable percentage will be reduced by the amount of Live Nation equity securities transferred.

Registration Rights Agreement

On January 25, 2010, we entered into a registration rights agreement, or the Registration Rights Agreement, with Liberty. The following summary is qualified by reference to the full Registration Rights Agreement, which was included as Exhibit 10.1 to our Annual Report on Form 10-K for the year ended December 31, 2016.

Under the Registration Rights Agreement, Liberty is entitled to three demand registrations (and unlimited piggyback registrations) with respect to Liberty's shares of Live Nation common stock, provided that any such demand involves Live Nation common stock with an aggregate offering price of at least \$75 million on the date of such demand.

Liberty will also be permitted to exercise its registration rights in connection with certain hedging transactions that it may enter into in respect of its shares of Live Nation common stock.

In addition, we will indemnify Liberty, and Liberty will indemnify us, against specified liabilities in connection with misstatements or omissions in any registration statement. We will be responsible for expenses related to any registration, other than certain specified expenses, including, but not limited to, (i) costs of printing and mailing the

PROPOSAL NO. 1—ELECTION OF DIRECTORS

Director Nominees

The board of directors is soliciting approval of the following director nominees:

• Mark Carleton
• Jonathan Dolgen
• Ariel Emanuel
• Robert Ted Enloe, III
• Jeffrey T. Hinson
• James Iovine
• Margaret “Peggy” Johnson
• James S. Kahan
• Gregory B. Maffei
• Randall T. Mays
• Michael Rapino
• Mark S. Shapiro

As we elect all members of our board of directors annually, the twelve nominees will serve for a one-year term expiring on the date of our Annual Meeting of Stockholders held in 2018 or until their successors are elected or their earlier resignation or removal. All of the director nominees are current members of the board of directors and are standing for re-election.

A director nominee will be elected only if he or she receives a majority of the votes cast with respect to his or her election in an uncontested election (that is, the number of shares voted “for” a director nominee must exceed the number of votes cast “against” that nominee). For purposes of electing directors, not voting, withholding your vote by voting “abstain” or a broker non-vote is not counted as a vote cast, and therefore will have no effect on the outcome of the election of directors.

Each of the director nominees has indicated a willingness to continue service as a director if elected. If any director nominee becomes unable to serve, the board of directors may designate a substitute nominee, in which case the designated proxy holders, Mr. Rapino and Ms. Willard, will vote for such substitute nominee.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR EACH NAMED DIRECTOR NOMINEE.

The amounts set forth in this column reflect shares of restricted stock granted under our stock incentive plans. The amounts listed are equal to the aggregate grant date fair value computed in accordance with ASC topic 718, Compensation — Stock Compensation, or ASC 718 (which will generally lead to a reported value that differs from the amount set forth in the director compensation policy outlined above under "Director Compensation" due to the (1) different methodologies). A discussion of the assumptions used in calculating the grant date fair value is set forth in Note 10 of the Notes to Consolidated Financial Statements of our Annual Report on Form 10-K for the year ended December 31, 2016. The restricted stock awards vest in full on the first anniversary of the grant or, for off-cycle grants, on the first anniversary of the on-cycle grants. The ownership of company securities as of the record date for each director is set forth below in the "Security Ownership Table."

Security Ownership Table

The following table sets forth certain information regarding beneficial ownership of our common stock as of the Record Date (April 10, 2017), by:

- each person known by us to beneficially own 5% or more of our common stock;
- each current director and director nominee;
- each of our current executive officers named in the 2016 Summary Compensation Table; and
- all of our executive officers, directors and director nominees as a group.

Beneficial ownership is determined in accordance with SEC rules and regulations. Unless otherwise indicated in the footnotes to this table, and subject to community property laws where applicable, we believe that each of the stockholders named in this table has sole voting and investment power with respect to the shares indicated as beneficially owned. Beneficial ownership also includes shares of common stock subject to options exercisable on or before June 9, 2017 (60 days after April 10, 2017); provided, however, that these shares are not deemed outstanding for computing the percentage ownership of each other person. The percentage of beneficial ownership is based on 205,485,812 shares of our common stock outstanding (or deemed to be outstanding under SEC rules and regulations) as of April 10, 2017. Equity Compensation Plan Information

The table below provides information relating to shares of our common stock that may be issued under our existing equity compensation plans as of December 31, 2016:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding the securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	16,283,434 ⁽¹⁾	\$13.55	11,887,796

These shares of restricted stock are considered outstanding shares and thus are included in the number (1) of shares outstanding as of the Record Date. The table reflects awards outstanding under both the Live Nation and Ticketmaster Plans; as of December 31, 2016, there remained 11,643,798 shares available for issuance under the Live Nation plan and 243,998 shares under the Ticketmaster plan (which will not be renewed and is limited in its availability).

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

These reporting persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of the Section 16(a) forms received by us, or written representations from reporting persons that no such forms were required to be filed, as applicable, we believe that the reporting persons complied with all of the Section 16(a) filing requirements during the 2016 fiscal year.

PROPOSAL NO. 2—ADVISORY VOTE ON THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS

In accordance with SEC rules, we are providing the company’s stockholders the opportunity to vote at this annual meeting to approve the compensation paid to the company’s named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K under the Securities Act of 1933, as amended, or the Securities Act, and the Exchange Act. The stockholder vote on executive compensation is an advisory vote only, and it is not binding on the company or our board of directors.

Although the vote is nonbinding, the Compensation Committee and the board of directors value the opinions of our stockholders and will consider the outcome of the vote when making future compensation decisions. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders an opportunity to endorse or not endorse our executive officer pay program and policies through the following resolution:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation paid to the named executive officers, as disclosed in the company’s proxy statement for the 2017 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2016 Summary Compensation Table and the other related tables and disclosure.”

As described more fully in the Compensation Discussion and Analysis section of this proxy statement beginning on page 28, we believe that our executive compensation program is reasonable, competitive and strongly focused on pay for performance principles. Since our first say-on-pay vote was held in 2011, we have carefully assessed the results and made changes accordingly. We emphasize compensation opportunities that reward our executives when they deliver targeted financial results. The compensation paid to our named executive officers varies depending upon the achievement of pre-established performance goals, which may be both individual and corporate. Through stock ownership requirements and equity incentives, we also align the interests of our executives with those of our stockholders and the long-term interests of Live Nation. Our executive compensation policies have enabled Live Nation to attract and retain talented and experienced senior executives and have benefited the company over time. We believe that the fiscal year 2016 compensation paid to our named executive officers was appropriate and aligned with Live Nation’s fiscal year 2016 results, and that it positions the company for growth in future years.

The affirmative vote of the holders of at least a majority of the total voting power of our common stock present in person or represented by proxy and entitled to vote on this proposal is required to approve the advisory resolution on the company’s executive compensation described in this Proposal No. 2. For purposes of this vote, abstentions will be counted as present in person or represented by proxy and entitled to vote on this proposal, and therefore will have the effect of a negative vote. Broker non-votes will have no effect on the outcome of this proposal. The results of this vote are not binding on our board of directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ADVISORY RESOLUTION APPROVING THE COMPENSATION PAID TO THE COMPANY’S NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 3—ADVISORY VOTE ON THE FREQUENCY OF ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Pursuant to SEC rules, the stockholders of the company are entitled to vote at the 2017 Annual Meeting regarding whether advisory votes to approve the compensation of the named executive officers, as required by Section 14A(a)(2) of the Exchange Act (and as described in Proposal 2 of this proxy statement), should occur every one, two or three years. Pursuant to SEC rules, the stockholder vote on the frequency of the advisory vote to approve executive compensation must occur at least once every six years and is not binding on the company or the board of directors. Although the vote is nonbinding, the board of directors values the opinions of our stockholders and will consider the outcome of the vote when determining the frequency of the stockholder advisory vote on executive compensation. After careful consideration of the results of our prior “say-on-pay” votes, feedback received from stockholders and other relevant factors, the board of directors believes that a frequency of every three years for the advisory vote on executive compensation is the optimal interval for conducting and responding to a “say-on-pay” vote and is the best approach for Live Nation and its stockholders. The board of directors believes that the most relevant factors are the following: as our executive compensation program is designed to support long-term value creation and to incentivize and reward performance over a multi-year period, a triennial vote will allow stockholders to better judge the program in relation to the company’s long-term performance; a triennial vote will provide the company with the time to thoughtfully consider the results of the “say-on-pay” vote and to conduct a meaningful and detailed review of its pay practices in response thereto; and our compensation programs generally do not change significantly from year to year, and we seek consistency in such programs from one year to the next. Stockholders who have concerns about executive compensation during the interval between “say-on-pay” votes are welcome to bring their specific concerns to the attention of the board. Please refer to “Stockholder Communications” in this proxy statement for information about communicating with the board. As noted above, we carefully review changes to our program to maintain the consistency and credibility of the program which is important in motivating and retaining our employees. Our employees are integral to establishing and maintaining the artist and other relationships within the music industry that are vital to our success. We therefore believe that a triennial vote is an appropriate frequency to provide our people and compensation committee sufficient time to thoughtfully consider and to implement any appropriate changes to our executive compensation program, in light of the timing that would be required to implement any decisions related to such changes. The advisory vote regarding the frequency of the stockholder advisory vote on executive compensation described in this Proposal 3 shall be determined by a plurality of the votes cast. The alternative receiving the most votes in its favor will be the one that is adopted as the nonbinding recommendation of our stockholders. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE TO HOLD THE ADVISORY VOTE ON EXECUTIVE COMPENSATION EVERY THREE YEARS.

Table of Contents**PROPOSAL NO. 4—RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the board of directors has appointed Ernst & Young LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2017. Ernst & Young LLP served as our independent registered public accounting firm during the 2016 fiscal year.

Representatives of Ernst & Young LLP are expected to be present at the annual meeting to respond to appropriate questions and will have the opportunity to make a statement if they so desire.

Stockholder ratification of the appointment of Ernst & Young LLP is not required by our bylaws or otherwise.

However, our board of directors is submitting the appointment of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate governance practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether to retain Ernst & Young LLP. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the 2017 fiscal year if it determines that such a change would be in the best interests of us and our stockholders.

The affirmative vote of the holders of at least a majority of the total voting power of our common stock present in person or represented by proxy and entitled to vote on this matter is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. For purposes of this vote, abstentions will be counted as present in person or represented by proxy and entitled to vote on this matter, and therefore will have the effect of a negative vote. Broker non-votes will have no effect on the outcome of this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Pursuant to this policy, the Audit Committee approves all audit and non-audit services provided by the independent registered public accounting firm, including the fees and other terms of the engagements. Before the independent registered public accounting firm is engaged to perform any non-audit services, the Audit Committee must review and pre-approve such services. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The material in this report is not soliciting material, is not deemed filed with the SEC and is not incorporated by reference in any filing of the company under the Securities Act or the Exchange Act whether made on, before or after the date of this report and irrespective of any general incorporation language in such filing.

The Audit Committee's purpose is to assist the board of directors in its general oversight of Live Nation's accounting, auditing and financial reporting practices. Management is primarily responsible for Live Nation's financial statements, systems of internal controls and compliance with applicable legal and regulatory requirements. Ernst & Young LLP, Live Nation's independent registered public accounting firm, is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States, as well as expressing an opinion on the effectiveness of internal control over financial reporting.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm, nor can the committee certify that Live Nation's registered public accounting firm is "independent" under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the independent registered public accounting firm on the basis of the information it receives, discussions with management and the independent registered public accounting firm and the experience of the committee's members in business, financial and accounting matters.

During the 2016 fiscal year, management completed the documentation, testing and evaluation of Live Nation's internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice to management during the process. In connection with this oversight, the Audit Committee received periodic updates provided by management and Ernst & Young LLP. At the conclusion of the process, management provided the Audit Committee with a report on the effectiveness of Live Nation's internal control over financial reporting. The Audit Committee also reviewed the report of management contained in Live Nation's Annual Report on Form 10-K for the year ended December 31, 2016 filed with the SEC, as well as Ernst & Young LLP's Report of Independent Registered Public Accounting Firm included in Live Nation's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements and financial statement schedule and (ii) the effectiveness of internal control over financial reporting.

In overseeing the preparation of Live Nation's financial statements, the Audit Committee met with both management and Live Nation's independent registered public accounting firm to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee's review included discussion with the outside auditors of matters required to be discussed pursuant to Public Company Accounting Oversight Board, or the PCAOB, Auditing Standard Number 1301 (Communications With Audit Committees).

With respect to Live Nation's independent registered public accounting firm, the Audit Committee, among other things, discussed with Ernst & Young LLP matters relating to its independence, including its letter and the written disclosures made to the committee as required by Rule 3526 of the PCAOB (Communication With Audit Committees Concerning Independence).

On the basis of these reviews and discussions, the undersigned members of the Audit Committee recommended to the board of directors that Live Nation's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the SEC.

Respectfully submitted,

The Audit Committee of the Board of Directors

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis may contain statements regarding historical and/or future individual and company performance measures, targets and other goals. These goals are disclosed in the limited context of our executive compensation program and should not be understood to be statements of management's or the board of directors' expectations or estimates of results or other guidance. We specifically caution investors not to apply these statements to other contexts. As used in this Compensation Discussion and Analysis, the term "executives" refers generally to members of our management team, the term "executive officers" refers to our executive officers as determined in accordance with Rule 3b-7 of the Exchange Act (and is a subset of "executives") and the term "named executive officers" refers to our named executive officers determined in accordance with Item 402(a)(3) of Regulation S-K (and is a subset of "executive officers"). References to "we," "us," "our" or the "company" refer to Live Nation Entertainment, Inc.

Executive Overview

We continually refine and enhance our executive compensation program in response to both feedback from our stockholders as well as market demands. We believe that our overall compensation program aligns the interests of our executives with those of our stockholders. Below are some of the significant elements of our executive compensation program.

Executive Compensation Practices

What We Do:

- ü Performance criteria in place with aggressive targets tied to the board-approved budget for the vesting of all restricted stock grants to the CEO
- ü Majority of compensation "at-risk"
- ü Robust CEO and named executive officer stock ownership guidelines: Stock ownership guidelines of 5x base salary for the CEO and 2.5x base salary for other named executive officers
- ü Strong Hedging Policy that prohibits directors and executive officers from engaging in all hedging transactions in company securities
- ü Strong Pledging Preapproval Policy that requires prior approval for all pledging activities in company securities by directors and executive officers

What We Don't Do:

- û No guaranteed bonuses for named executive officers; all bonus opportunities are based on achievement of aggressive performance targets
- û No annual minimum or automatic increases to base salary for CEO and other named executive officers
- û No automatic annual restricted stock grants to CEO and other named executive officers
- û No "single trigger" change of control severance provisions; CEO and other named executive officers all have a "double trigger" provision
- û No excise tax gross-up payments for any named executive officer
- û No cash severance payments in excess of two times annual base salary plus bonus for any named executive officer

Strong 2016 Results Support Our Compensation Program

Live Nation delivered its sixth consecutive year of record results for revenue and Adjusted Operating Income, or AOI (as defined below under “—Compensation Philosophy and Objectives”), and also delivered operating income growth in 2016. Our core divisions—concerts, ticketing and advertising—each delivered their strongest operating income and AOI results in the history of the company.

We continue to see the tremendous power of live events, with strong global consumer demand. Live is a truly unique entertainment form—it cannot be duplicated. It is elevated, not threatened, by technology and is borderless. Fans around the world can now discover, follow, share and embrace artists, creating greater demand for live shows. We believe the live business will continue to have strong growth for years to come as fans globally drive demand, artists are motivated to tour, and technology drives conversion.

Our Concerts business continued to grow its global market share, adding over 7 million fans globally in 2016 for a total of over 71 million fans, as we built on our global leadership position in every part of our business, with double-digit fan growth in both North America and internationally, and across stadiums, amphitheaters, festivals, theaters and clubs. We again saw growth in Sponsorship & Advertising, with our 71 million onsite fans providing a unique advertising platform for our sponsors, which we then extend through online advertising. And with the combination of a stronger than ever ticketing destination at Ticketmaster and increasingly broad distribution, Ticketmaster is better positioned than ever to continue growing its global leadership position in ticketing.

Our 2016 highlights include (full-year comparisons versus 2015):

- ü Revenue was up 15% to \$8.4 billion;
- ü Operating income was up 48% to \$195 million;
- ü AOI was up 11% to \$640 million;
- ü Concerts attendance was up 12% to 71 million fans across 26,000 shows;
- ü We added promoting offices in Germany, South Africa, and Israel, taking us to 40 countries worldwide;
- ü Average onsite per fan spending grew, with spending at our amphitheaters up by 9% to over \$22 per fan as we added more high-end products, improved the quality of our food and beverage offerings and increased our points of sale;
- ü Our 50+ sponsors that spend over \$1 million per year with us collectively spent \$245 million to reach our fans, up 20%;
- ü Ticketmaster delivered 480 million tickets to fans in 28 countries;
- ü Ticketmaster fee-bearing gross transaction value, or GTV, was up 16% and secondary ticketing GTV was up 26%, both at constant currency; and

Our Ticketmaster platform continues to demonstrate its effectiveness in selling tickets to fans, with six of the top ten sales months in Ticketmaster’s history occurring in 2016, while our open API allowed clients to sell tickets on partner sites, driving the sale of over 10 million tickets.

Table of Contents

Overall, we believe that our 2016 results demonstrate the effectiveness of our business model and underlie the key compensation decisions made by the Compensation Committee with respect to our executive officers. Our continued successful execution on our strategic plan has additionally resulted in increased stockholder value.

2016 Compensation Decisions

Our key executive compensation decisions in 2016 related to setting appropriate performance targets and bonus levels for our executive officers in order to incentivize them to reach targeted goals during the year, as well as determining the form and amount of stock-based awards for our executive officers that will provide optimal long-term incentives to align their interests with those of our stockholders and encourage growth over the long term.

Overall, we achieved 102% of our targeted company Adjusted Operating Income (as defined below) for the year on a constant-currency and pro-forma basis. All of our named executive officers had their cash performance bonuses tied to that target, and as a result, all of them received at least 100% of their targeted cash performance bonuses.

Additionally, vesting of restricted stock awards to named executive officers in 2016 was tied to achievement of targeted Adjusted Operating Income. We believe that Adjusted Operating Income is one of the primary metrics on which the company's performance is judged by analysts and the investment community, and is thus tied to the creation of stockholder value.

We believe that having employment agreements with our executive officers is critical to our success due to the importance of long-term artist, venue and client relationships in the live entertainment business, as well as the impact of an individual's reputation and relationships on our ability to identify, obtain and retain business opportunities. While the concept that reputation and relationships are important to success is certainly not unique to the live entertainment business, we believe that the live entertainment business itself is unique and that these factors have heightened importance in our business when compared to many other industries. Simply put, people are not fungible in our business and we try to keep our best performers. For this same reason, we are confident that our overall compensation levels for our executive officers are appropriate and necessary in order to attract and retain the best executive talent to lead and grow our company.

We maintain an executive compensation program that consists of four components: base salary, cash performance bonuses, long-term equity incentive awards and employee benefits and other perquisites. We strive to structure the program in a manner that will benefit our stockholders by allowing us to attract and retain the right individuals for our business. This manifests itself in the pay-for-performance culture we seek to maintain. To that end, in 2016 the Compensation Committee set aggressive performance targets for the vesting of the discretionary annual grant of restricted stock made to our chief executive officer and other named executive officers as part of our

Table of Contents

long-term equity incentive award component, as opposed to having the vesting of those awards be 100% time-based. For awards made in the first quarter of 2017, the Compensation Committee continued this practice, with aggressive targets set for the discretionary annual restricted stock awards made to our chief executive officer.

Prior Say on Pay Results and Stockholder Communication

In its compensation review process, the Compensation Committee considers whether our compensation program serves the best interests of our stockholders. At the 2016 Annual Meeting of Stockholders, over 91% of the votes cast (excluding abstentions and broker non-votes) were in favor of the advisory vote to approve executive compensation, an improvement of over three percentage points versus the prior year and the highest pass rate in our history. The Compensation Committee considered this outcome and believes that it conveyed our stockholders' strong support of the Compensation Committee's decisions and the existing executive compensation programs at a macro level. Our largest stockholder, which holds approximately 33.9% of our outstanding shares, has voted in favor of our say on pay proposal each year that a vote has been held. In each of the years from 2012 through 2016 we have had discussions with as many of our institutional investors as possible in order to better understand their views on our compensation practices and structure. The Compensation Committee carefully considers this feedback, which was a significant factor in prompting the key characteristics of our executive compensation program outlined in the box above at the beginning of this Compensation Discussion and Analysis.

Following the 2016 advisory vote and discussions with stockholders in 2016, the Compensation Committee decided to retain the core design of our executive compensation programs for the remainder of 2016 and in 2017, as it believes the programs continue to attract, retain and appropriately incentivize senior management, and have the strong support of our stockholders based on the most recent advisory vote. At the 2017 Annual Meeting of Stockholders, we will again hold an annual advisory vote to approve executive compensation (see page 23). The Compensation Committee will continue to consider the results from this year's and future advisory votes on executive compensation, as well as feedback from stockholders throughout the course of each year. Based on the foregoing, we believe our programs are effectively designed and continue to be aligned with the interests of our stockholders.

Roles and Responsibilities

This Compensation Discussion and Analysis describes our executive compensation program as it relates to the following "named executive officers" for 2016:

Name	Position
Michael Rapino	President and Chief Executive Officer
Joe Berchtold	Chief Operating Officer
Brian Capo	Chief Accounting Officer
Michael Rowles	General Counsel
Kathy Willard	Chief Financial Officer

The Compensation Committee has primary responsibility for establishing the compensation paid to our named executive officers. The Compensation Committee is appointed by the board of directors, and consists entirely of directors who are "outside directors" for purposes of Section 162(m) of the Code, "non-employee" directors for purposes of Rule 16b-3 of the Exchange Act and "independent" for purposes of the NYSE's rules governing compensation committees. The Compensation Committee currently consists of Messrs. Enloe and Shapiro, with Mr. Enloe serving as the committee's Chairman. The Compensation Committee is responsible for, among other things, (i) administering and overseeing our executive compensation program, including matters related to salary, bonus plans and stock compensation plans, and (ii) approving all grants of equity awards.

Compensation Philosophy and Objectives

Our executive compensation program is designed to attract, motivate, reward and retain talented individuals who are essential to our continued success. In determining the form and amount of compensation payable to our named executive officers, we are guided by the following objectives and principles:

Compensation should tie to performance. We aim to foster a pay-for-performance culture, with a substantial amount of executive compensation “at risk.” Accordingly, a significant portion of total compensation is tied to and varies with our financial, operational and strategic performance and the value of our common stock, as well as individual performance. The following chart shows the percentage of our CEO’s 2016 compensation that was performance-based: Compensation should encourage and reward the achievement of specific corporate and departmental goals and initiatives. From time to time, we set specific corporate and/or departmental goals and initiatives pertaining to, among other things, growth, productivity and people. Currently, we are primarily emphasizing, and the executive compensation program is designed primarily to reward, achievement of targeted Adjusted Operating Income, evaluated on a pro-forma, constant-currency basis and adjusted for certain legal settlements and judgments. Adjusted Operating Income is a non-GAAP financial measure that we define as operating income before certain unusual and/or non-cash charges, acquisition expenses, depreciation and amortization (including goodwill impairments), loss or gain on sale of operating assets and non-cash and certain stock-based compensation expense. For a reconciliation of Adjusted Operating Income to operating income, as well as a complete definition and other information, see pages 30-31 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

Compensation should establish common goals for executives and their key reports. We endeavor to set consistent performance targets for multiple layers of executives. By establishing common goals, we encourage a coordinated approach to managing the company that we believe will be most likely to increase stockholder value in the long term. Compensation should align executives’ interests with those of our stockholders. Equity-based compensation encourages executives to focus on our long-term growth and prospects and to manage the company from the perspective of our stockholders. Executive officers are expected to have a meaningful ownership interest in the company and the Compensation Committee regularly reviews their grant history when assessing the appropriate mix of compensation elements. For a further discussion of our share ownership guidelines applicable to our executive officers, see “Corporate Governance—Officer and Director Stock Ownership Guidelines” above.

Our overall compensation program should enable us to attract, motivate and retain highly-qualified executives by offering competitive compensation. Retention of key executives is a particular focus of our compensation program due to the importance of long-term artist, venue and client relationships in

Table of Contents

the live entertainment business, as well as the impact that an established individual's reputation and relationships can have on the efficacy of that person within the industry.

Within this framework, we strive to maintain executive compensation levels that are fair, reasonable and competitive.

Compensation Setting Process

Compensation determinations made during 2016 affecting our named executive officers were based primarily on the Compensation Committee's assessments of the appropriate levels of compensation required to recruit and retain top-level executive talent, based on industry standards and input from our Chief Executive Officer with respect to our other named executive officers, as well as the Compensation Committee's review of what we had paid executives in such roles historically. In certain prior years, the Compensation Committee has engaged an independent outside compensation consultant to advise the committee regarding our executive compensation program and our equity and long-term incentive plan strategies, generally; however, as the committee determined that no major changes to such programs or strategies were warranted in 2016, no such consultant was utilized in this capacity this year.

In the second quarter of 2016, however, the Compensation Committee engaged Compensia as an independent outside compensation consultant to advise the committee regarding the form and structure of the terms for a potential renewal of the employment agreement of our chief executive officer, whose current agreement is expiring at the end of 2017.

In such advisory role, Compensia and the Compensation Committee reviewed market data as a reference point to gauge the reasonableness of the company's compensation levels for its chief executive officer, including with respect to salary, bonus and equity compensation, although no formal benchmarking or peer group analysis was utilized. The company conducted an evaluation of the independence of Compensia and the Compensia personnel who worked with the committee, considering the relevant SEC regulations and the listing standards of the NYSE, and concluded that the services performed by Compensia and its personnel raised no conflicts of interest.

The Compensation Committee approves all material compensation decisions for the named executive officers, including the grant of all equity awards. Michael Rapino, our President and Chief Executive Officer, annually reviews the named executive officers' performance, other than his own performance, which is reviewed solely by the Compensation Committee. The results of these evaluations, including recommendations on any salary adjustments, cash bonus amounts, performance targets and/or equity awards, are presented by Mr. Rapino to the Compensation Committee for consideration and approval. Mr. Rapino regularly attends meetings of the Compensation Committee and, upon the committee's request, provides various compensation and performance information to the committee. Mr. Rapino regularly engages the input of other executives in performing these functions and compiling such information for the Compensation Committee. The Compensation Committee also meets in executive session without Mr. Rapino to discuss compensation matters pertaining to Mr. Rapino and the other named executive officers. On occasion, other named executive officers and members of management meet with the Compensation Committee to provide performance and other relevant data to the committee.

Pursuant to the terms of our stock incentive plans, and the form award agreements thereunder, our named executive officers (and all other recipients of awards thereunder) are entitled to accelerated vesting of their equity awards upon the occurrence of a change of control, which is referred to as a single trigger, to ensure that these executives receive the full benefit of their long-term compensation in a manner consistent with benefits realized by our stockholders. However, none of our named executive officers is eligible to receive severance or comparable cash payments upon the occurrence of a change of control absent a qualifying termination, which is referred to as a double trigger, because the severance benefits contained in the employment agreements are intended to provide protection in connection with the loss of employment (including a loss of employment related to a corporate transaction) rather than merely incentivize the closing of a transaction. The terms of employment for our executive officers, including those elements discussed above, generally are set forth in a written employment agreement. See "Use of Employment Agreements" below, and for a further discussion of the employment agreements of our named executive officers, see "Named Executive Officer Employment Agreements" beginning on page 47.

Use of Employment Agreements

As discussed above under “Executive Overview,” we believe that having employment agreements with our executive officers is critical to our success due to the importance of long-term artist, venue and client relationships in the live entertainment business, as well as the impact of an individual’s reputation and relationships on our ability to identify, obtain and retain business opportunities. We believe that, under normal circumstances in our industry and in the broader entertainment industry where we compete for employee talent, it is customary and appropriate to enter into written compensatory agreements with key executives to provide greater stability and certainty that permits the executives to remain focused on their duties and responsibilities and better promote the interests of our stockholders. We have entered into an employment agreement with each of our named executive officers. These agreements result from an often extensive negotiation process with the executive, in which the Compensation Committee often participates directly. The Compensation Committee ultimately approves all material terms of employment agreements with our executive officers. The employment agreements generally set forth information regarding base salary, cash performance awards, equity incentive awards, severance benefits and change-in-control vesting, as well as other employee benefits. For a further discussion of the employment agreements of our named executive officers, see “Named Executive Officer Employment Agreements” beginning on page 47.

Compensation Program Components

Our executive compensation program consists of the following components:

- base salary;
- cash performance bonuses;
- long-term equity incentive awards; and
- employee benefits and other perquisites.

We believe that these components function together to provide a strong compensation program that enables us to attract and retain top talent while simultaneously aligning the interests of our executive officers with those of our stockholders. The Compensation Committee has not adopted a formal policy or practice for the allocation of (i) base salary versus incentive compensation, (ii) cash bonuses versus equity compensation or (iii) equity grants amongst various award types. Rather, the committee seeks to flexibly tailor each executive’s total compensation package to include these various components in a manner designed to motivate and retain most effectively that particular executive officer, while still aligning the executive officer’s interests with those of our stockholders. For these reasons, the Compensation Committee takes into consideration industry standards and informal reviews of compensation paid to executive officers of our competitors or others in similar industries, but it does not currently rely on formal benchmarking or peer group analysis in determining our compensation programs.

Base Salary

We believe that competitive levels of cash compensation, together with equity and other long-term incentive programs, are necessary for the motivation and retention of executive officers. Base salaries provide executives with a predictable level of monthly income and help achieve the compensation program’s objectives by attracting and retaining strong talent. The employment agreements set the base salaries of the named executive officers, with annual adjustments, if any, being made upon the approval of the Compensation Committee in its discretion. No named executive officer has an employment agreement providing for automatic or minimum annual salary increases.

Base salaries for executive officers are typically established at the time the employment agreements are entered into or amended and are based on negotiations with the executives and on the Compensation Committee’s assessments of the salaries necessary and appropriate to recruit and/or retain the individual executives for their particular positions. These assessments include informal reviews of compensation paid to executives of comparable companies and competitors of ours. In establishing the base salaries of our executive officers, the members of the Compensation Committee also bring to bear their own judgment of appropriate compensation based on their individual professional experiences.

For further discussion of the base salaries of the named executive officers, see “Named Executive Officer Employment Agreements” beginning on page 47.

Cash Performance Bonuses

Annual cash bonus eligibility is provided to each of the named executive officers to reward the achievement of corporate, departmental and/or individual accomplishments and to tie compensation to performance, each in keeping with our compensation philosophy. In March 2017, the Compensation Committee reviewed the named executive officers’ performance during 2016 and awarded cash performance bonuses to each of the named executive officers based on the achievement of pre-established targets, which were based on our achievement of Adjusted Operating Income targets on a pro-forma, constant-currency basis. In general, annual cash bonus eligibility for the named executive officers’ key reports was also based on Adjusted Operating Income in order to encourage a coordinated approach to managing the company consistent with our compensation philosophy.

We believe that Adjusted Operating Income is one of the primary metrics on which the company’s performance is evaluated by financial analysts and the investment community generally. Internally, we review Adjusted Operating Income on a pro-forma and constant-currency basis to evaluate the performance of our operating segments, and believe that this metric assists investors by allowing them to evaluate changes in the operating results of our businesses separate from non-operational factors that affect net income, thus providing insights into both operations and the other factors that affect reported results.

In March 2017, each named executive officer was awarded a cash performance bonus in respect of performance in 2016 as follows:

Michael Rapino. Under the terms of his employment agreement, Mr. Rapino is eligible to receive (a) an annual cash performance bonus with a target amount equal to 100% of his highest base salary paid during the calendar year in which the bonus was earned (with a range to be established for achievement above or below such target) and (b) an annual cash exceptional performance bonus with a target amount equal to an additional 100% of his highest base salary paid during the calendar year in which the bonus was earned. Mr. Rapino’s performance bonus eligibility and exceptional performance bonus eligibility for 2016 were each based on the achievement of a company Adjusted Operating Income target. In February 2016, the Compensation Committee set for Mr. Rapino (a) a target cash performance bonus of \$2.3 million, based on the achievement of \$635 million of company Adjusted Operating Income for the year, with the actual bonus to range (i) between \$1.725 million and \$2.3 million for achievement of between 90% and 100% of such performance target and (ii) between \$2.3 million and \$4.6 million for achievement of between 100% and 110% of such performance target, in each case scaled based on straight-line interpolation, and (b) a target cash exceptional performance bonus of an additional \$2.3 million, based on the achievement of \$635 million of company Adjusted Operating Income for the year, with the actual bonus to range (i) between \$1.725 million and \$2.3 million for achievement of between 90% and 100% of such performance target and (ii) between \$2.3 million and \$4.6 million for achievement of between 100% and 110% of such performance target, in each case scaled based on straight-line interpolation.

In March 2017, the Compensation Committee determined that the company had achieved 102% of its Adjusted Operating Income performance target on a pro-forma, constant-currency basis. Accordingly, the Compensation Committee awarded Mr. Rapino (i) a cash performance bonus of \$2,760,000, representing 120% of his targeted cash performance bonus for 2016 and (ii) a cash exceptional performance bonus of \$2,760,000, representing 120% of his targeted cash exceptional performance bonus for 2016, for an aggregate cash performance bonus for 2016 of \$5,520,000.

Joe Berchtold. Under the terms of his employment agreement, Mr. Berchtold is eligible to receive an annual cash performance bonus with a target equal to 100% of his base salary based on the achievement of performance targets established by the Compensation Committee. Mr. Berchtold’s cash bonus eligibility for 2016 was based on the achievement of company Adjusted Operating Income. In February 2016, the Compensation Committee set a target bonus of \$1,100,000 for Mr. Berchtold based on the achievement of \$635 million of company Adjusted Operating Income for the year, with the actual bonus to range between \$990,000 and \$1,100,000 for achievement of between 90% and 100% of such performance target, scaled based on straight-line interpolation.

In March 2017, the Compensation Committee determined that the company had achieved 102% of its Adjusted Operating Income performance target on a pro-forma, constant-currency basis. As a result, the

Compensation Committee awarded Mr. Berchtold a cash performance bonus of \$1,100,000 for 2016, representing 100% of his targeted cash bonus.

Brian Capo. Under the terms of his employment agreement, Mr. Capo is eligible to receive an annual cash performance bonus with a target equal to 30% of his base salary based on the achievement of performance targets established by the Compensation Committee. Mr. Capo's cash bonus eligibility for 2016 was based on the achievement of company Adjusted Operating Income. In February 2016, the Compensation Committee set a target bonus of \$94,560 for Mr. Capo based on the achievement of \$635 million of company Adjusted Operating Income for the year, with the actual bonus to range between \$85,104 and \$94,560 for achievement of between 90% and 100% of such performance target, scaled based on straight-line interpolation.

In March 2017, the Compensation Committee determined that the company had achieved 102% of its Adjusted Operating Income performance target on a pro-forma, constant-currency basis. As a result, the Compensation Committee awarded Mr. Capo a cash performance bonus of \$94,560 for 2016, representing 100% of his targeted cash bonus.

Michael Rowles. Under the terms of his employment agreement, Mr. Rowles is eligible to receive an annual cash performance bonus with a target equal to 100% of his base salary based on the achievement of performance targets established by the Compensation Committee. Mr. Rowles' cash bonus eligibility for 2016 was based on the achievement of company Adjusted Operating Income. In February 2016, the Compensation Committee set a target bonus of \$750,000 for Mr. Rowles, based on the achievement of \$635 million of company Adjusted Operating Income for the year, with the actual bonus to range between \$675,000 and \$750,000 for achievement of between 90% and 100% of such performance target, scaled based on straight-line interpolation.

In March 2017, the Compensation Committee determined that the company had achieved 102% of its Adjusted Operating Income performance target on a pro-forma, constant-currency basis. As a result, the Compensation Committee awarded Mr. Rowles a cash performance bonus of \$750,000 for 2016, representing 100% of his targeted cash bonus.

Long-Term Equity Incentive Awards

Overview

From time to time, we grant long-term equity incentive awards to the named executive officers in an effort to reward long-term performance, to promote retention, to allow them to participate in our long-term growth and profitability and to align their interests with those of our stockholders, each in keeping with our compensation philosophy. All long-term equity awards to named executive officers during 2016 were granted under our stock incentive plans and approved by the Compensation Committee.

Table of Contents

The Compensation Committee administers the stock incentive plans, including approving award recipients, setting the exercise price, if any, of awards, fixing all other terms and conditions of awards and interpreting the provisions of the stock incentive plans. The following equity awards, among others, may be granted under the stock incentive plans:

- stock options;
- restricted stock;
- restricted stock units;
- deferred stock;
- stock appreciation rights; and
- performance-based cash and equity awards.

Timing of Equity Grants

The Compensation Committee currently does not utilize formal guidelines regarding the timing of equity award grants. However, in the event that material non-public information becomes known to the Compensation Committee prior to granting an equity award, the Compensation Committee will take the existence of such information into consideration and make an assessment in its business judgment whether to delay the grant of any proposed equity award in order to avoid any impropriety.

Employee Benefits and Other Perquisites

The named executive officers are eligible to participate in our group benefits plan, which is generally available to all full-time employees in the United States and which includes medical, vision, dental, company-paid life and accidental death or dismemberment, supplemental life and accidental death or dismemberment and short- and long-term disability insurance, flexible spending accounts (health and dependent care) or a health savings account and an employee assistance program. Additionally, our employees are entitled to paid vacation, sick leave and paid holidays. We believe that our commitment to provide the above benefits recognizes that the health and well-being of our employees contribute directly to a productive and successful work life that enhances results for us and our stockholders.

In addition to the employee benefits discussed above, the named executive officers receive certain perquisites and personal benefits, as appropriate to their particular circumstances, which are not generally available to all our employees. In 2016:

Mr. Rapino received an automobile allowance and a medical exam along with reimbursement for the tax expense associated with the medical exam, both pursuant to the terms of his employment agreement, and tickets to certain sporting events.

Mr. Berchtold received a company contribution under a 401(k) savings plan, tickets to Live Nation events for certain friends and family members, tickets to certain sporting and music industry events and a membership to the House of Blues Foundation Room.

- Mr. Rowles received a company contribution under a 401(k) savings plan, tickets to Live Nation events for certain friends and family members and tickets to certain sporting events.

-

Ms. Willard received a company contribution under a 401(k) savings plan, tickets to Live Nation events for certain friends and family members and tickets to certain sporting events.

Table of Contents

Mr. Capo did not receive perquisites and personal benefits aggregating to more than \$10,000 during 2016.

We are a live entertainment company, and from time to time our directors and certain employees, including the named executive officers, receive complimentary tickets to live events that are produced and/or promoted by us. Regular attendance at our events is integrally and directly related to the performance of the named executive officers' duties, and we therefore do not consider their receipt of these tickets, or reimbursement for associated travel or other related expenses, to constitute a perquisite. To the extent the named executive officers are accompanied to such events by family or friends, however, the incremental costs to us associated with those guests' attendance are deemed to be perquisites.

For further discussion of the above perquisites, see "Executive Compensation Tables—2016 Summary Compensation Table" below.

401(k) Savings Plan

We maintain a 401(k) Savings Plan for all U.S.-based employees, including named executive officers, as a source of retirement income. Generally, our full-time employees that are at least 21 years of age are eligible to participate in the plan immediately upon hire, and our part-time, seasonal and temporary employees that are at least 21 years of age are eligible to participate in the plan upon completing one year of service and a minimum of 1,000 hours of service. We currently match 50% of the employee's first 5% of pay contributed to the plan, which contributions vest 50% after the employee's second full year of service and 100% after the third full year of service, after which all matching contributions are fully vested at the time they are made. Our named executive officers receive contribution matches on the same terms and conditions as our other employees. Fidelity Investments is the independent plan trustee. As of December 31, 2016, participants had the ability to direct contributions into specified mutual funds within the Fidelity family of funds, as well as other outside investment vehicles. Currently, our common stock is not an investment option under the plan. We believe that offering our named executive officers this additional vehicle for saving and generating earnings on their savings in a tax-deferred manner provides a valuable benefit that helps us to retain top talent.

Tax and Accounting Considerations

Tax Considerations

Section 162(m) of the Internal Revenue Code, as amended, places a limit of \$1 million on the amount of compensation we may deduct for federal income tax purposes in any one year with respect to our Chief Executive Officer and the next three most highly compensated officers, other than our Chief Financial Officer, who are referred to as the Covered Persons. However, performance-based compensation that meets certain requirements may be excluded from this \$1 million limitation.

In reviewing the effectiveness of our executive compensation program and determining whether to structure our compensation to avoid the imposition of this \$1 million deduction limitation, the Compensation Committee considers the anticipated tax treatment to us and to the Covered Persons of various payments and benefits. However, the deductibility of certain compensation payments may depend, in part, upon the timing of vesting (or other tax events) arising in connection with certain other awards, as well as certain factors that may be beyond the Compensation Committee's control. While the tax impact of any compensation arrangement is one factor to be considered in determining appropriate compensation, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy and objectives. For these and other reasons, including preservation of flexibility in compensating the named executive officers in a manner designed to promote varying corporate goals, the Compensation Committee did not, during 2016, limit executive compensation to that which is deductible under Section 162(m) of the Internal Revenue Code and has not adopted a policy requiring all compensation to be structured in this manner.

The Compensation Committee does consider various alternatives designed to preserve the deductibility of compensation and benefits to the extent reasonably practicable and to the extent consistent with our other compensation objectives, including the objective of retaining the discretion it deems necessary to compensate officers in a manner commensurate with performance and the competitive environment for executive talent. As appropriate or advisable, the Compensation Committee establishes specific annual performance criteria under our 2006 Annual Incentive Plan (as amended and restated) and/or our stock incentive plans in an effort to ensure deductibility of certain of our named executive officers' incentive compensation. The Compensation Committee may,

Table of Contents

however, continue to award compensation which may not be fully deductible if it determines that such compensation is consistent with our philosophy and is in our and our stockholders' best interests.

The Compensation Committee also endeavors to structure executive officers' compensation in a manner that is either compliant with, or exempt from the application of, Internal Revenue Code Section 409A, which provisions may impose significant additional taxes on non-conforming, nonqualified deferred compensation (including certain equity awards, severance, incentive compensation, traditional deferred compensation and other payments). Again, the tax impact of any compensation arrangement is one factor to be considered in determining appropriate compensation, and such impact is evaluated in light of the Compensation Committee's overall compensation philosophy and objectives.

Accounting Considerations

The Compensation Committee, when advised by management, also considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to equity compensation awards. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives, but will consider any changes in light of our overall compensation philosophy.
