- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 7.01. Regulation FD Disclosure.

As previously announced, on April 30, 2016, NephroGenex, Inc. (the “Company”) filed a voluntary petition for relief (the “Chapter 11 Filing”) under Chapter 11 of Title 11 of the United States Code (the “Bankruptcy Code”) in the United States Bankruptcy Court for the District of Delaware (the “Bankruptcy Court”).

The Company's authorized representatives will present a supplemental investor presentation to members of the investment community as part of the sale process in connection with the Chapter 11 Filing beginning on July 6, 2016. A copy of the supplemental investor presentation to be used during the sale process is attached to this Current Report on Form 8-K as Exhibit 99.1 and is also available in the “Investor Center” section of the Company’s website at [www.nephrogenex.com](http://www.nephrogenex.com). This investor presentation contains the results and analysis of the Company’s unblinded data from its terminated Phase 3 trial. Based on the unblinded serum creatinine data from the terminated Phase 3 trial, there was no statistically significant difference in the change from baseline between the Pyridorin group and the placebo group at months six, nine and 12.

In accordance with General Instruction B.2 on Form 8-K, the information set forth in this Item 7.01 and the investor presentation attached to this report as Exhibit 99.1 is “furnished” and shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section, nor shall such information be deemed incorporated by reference in any filing under the Securities Exchange Act of 1934, as amended, or the Securities Act of 1933, as amended.

The investor presentation attached hereto as Exhibit 99.1 contains certain statements that may be deemed to be “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. In some cases, these forward-looking statements can be identified by the use of forward-looking terminology, including the terms “believes,” “estimates,” “anticipates,” “expects,” “plans,” “intends,” “may,” “might,” “will,” “should,” “approximately” or, in each case, their negative or other variations thereon or comparable terminology, although not all forward-looking statements contain these words. They appear in a number of places throughout this presentation and include statements regarding our intentions, beliefs, projections, outlook, analyses or current expectations concerning, among other things, the strength and breadth of our intellectual property, expectations regarding financial condition, liquidity, the length of time that we will be able to continue to fund our operating expenses and capital expenditures, our previously announced bankruptcy proceeding and our ability to sell our assets pursuant to Section 363 of the United States Bankruptcy Code.

By their nature, forward-looking statements involve risks and uncertainties because they relate to events, competitive dynamics, and healthcare, regulatory and scientific developments and depend on the economic circumstances that may or may not occur in the future or may occur on longer or shorter timelines than anticipated. Although we believe that we have a reasonable basis for each forward-looking statement contained in the presentation, we caution you that forward-looking statements are not guarantees of future performance and that our actual results of operations, financial condition and liquidity, and the development of the industry in which we operate may differ materially from the forward-looking statements contained in the presentation as a result of, among other factors, the factors referenced in the “Risk Factors” section of our Annual Report on Form 10-K filed with the Securities and Exchange Commission during March 2016. Any forward-looking statements that we make in the presentation speak only as of the date of such statement, and we undertake no obligation to update such statements to reflect events or circumstances after the date of the presentation, except as required by law.

You should read carefully our “Cautionary Note Regarding Forward-Looking Statements and Industry Data” and the factors described in the “Risk Factors” sections of our Annual Report on Form 10-K to better understand the risks and uncertainties inherent in our business.

Cautionary Statements Regarding the Chapter 11 Filing

The Company's securityholders are cautioned that trading in the Company's securities during the pendency of the Chapter 11 Filing will be highly speculative and will pose substantial risks. Trading prices for the Company's securities may bear little or no relationship to the actual recovery, if any, by holders thereof in the Company's Chapter 11 Filing. Accordingly, the Company urges extreme caution with respect to existing and future investments in its securities.

A plan of reorganization or liquidation will likely result in holders of the Company's capital stock receiving no distribution on account of their interests and cancellation of their existing stock. If certain requirements of the Bankruptcy Code are met, a Chapter 11 plan can be confirmed notwithstanding its rejection by the Company's equity securityholders and notwithstanding the fact that such equity securityholders do not receive or retain any property on account of their equity interests under the plan.

Information about the Chapter 11 process, as well as court filings and other documents related to the reorganization proceedings, is available through the Company's claims agent, Kurtzman Carson Consultants LLC, at [www.kccllc.net/NephroGenex](http://www.kccllc.net/NephroGenex). Information contained on, or that can be accessed through, such web site or the Bankruptcy Court's web site is not part of this Current Report.
