## ITEM 14. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Our certificate of formation provides that our directors are not liable to us or our shareholders for monetary damages for an act or omission in their capacity as a director. A director may, however, be found liable for, and we may be prohibited from indemnifying them against:

- any breach of the director's duty of loyalty to us or our or its shareholders;
- acts or omissions not in good faith that constitute a breach of the director's duty to us;
- acts or omissions that involve intentional misconduct or a knowing violation of law;
- any transaction from which the director receives an improper benefit; or
- acts or omissions for which the liability is expressly provided by an applicable statute.

Our certificate of formation also provides that we will indemnify our directors, and may indemnify our agents, to the fullest extent permitted by applicable Texas law from any expenses, liabilities or other matters. Insofar as indemnification for liabilities arising under the Securities Act may be permitted for directors, officers and controlling persons of our company under our certificate of formation, it is the position of the SEC that such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Subchapter C of Title I of Chapter 8 of the Texas Business Organization Code describes the terms and conditions under which a corporation is authorized to indemnify its directors, officers and other agents against judgments, penalties, fines, settlements and expenses that they may incur in connection with proceedings brought against them, or in which they are otherwise involved, as a result of their service as directors, officers or other agents of the corporation.

## Indemnification Agreements

We have entered into indemnification agreements with each of our officers and directors pursuant to which we have agreed, to the maximum extent permitted by applicable law and subject to the specified terms and conditions set forth in each agreement, to indemnify a director or officer who acts on our behalf and is made or threatened to be made a party to any action or proceeding against expenses, judgments, fines and amounts paid in settlement that are incurred by such officer or director in connection with the action or proceeding. The indemnification provisions apply whether the action was instituted by a third party or by us. We also maintain insurance on behalf of our officers and directors that provides coverage for expenses and liabilities incurred by them in their capacities as officers and directors.

## ITEM 15. RECENT SALES OF UNREGISTERED SECURITIES

During the past three years, we issued and sold the following securities without registration under the Securities Act. On July 30, 2012, we conducted a reverse stock split of our common stock on a 1-for-112 basis, and on April 23, 2013, we conducted a reverse stock split of our common stock on a 1-for-3 basis. All share and per share amounts used throughout this section have been retroactively restated for the impact of the July 30, 2012 1-for-112 reverse stock split and the April 23, 2013 1-for-3 reverse stock split.

In September 2010, 17,857 shares of our restricted common stock were issued to the shareholders of Sun Resources Texas, Inc., a privately-held company based in Longview, Texas, for the acquisition of a majority of Sun's oil and natural gas interests in the North Sugar Valley Field located in Matagorda County, Texas.

In February 2010, we issued 266 shares of common stock in consideration for payment of invoices for nitrogen rejection technology due diligence consulting services provided from October 2008 through February 2009 by Hunter Project Management, Inc. The consulting contract called for the consultant to receive half its pay in cash and half in common shares.

In November 2010, we entered into a non-exclusive Placement Agent Agreement, which we refer to as the Trident Placement Agent Agreement, with Trident Partners Ltd., which we refer to as Trident. Pursuant to the Placement Agent Agreement, Trident agreed to assist us in raising capital in a private offering. In consideration for such assistance, we agreed to grant to certain principals of Trident a contingent revenue based fee and fully vested warrants, exercisable for one year from the date of the agreement, to purchase up to 2,232 shares of our common stock at an exercise price of \$3.36 per share. Subsequent to year end 2010, Trident principals exercised these warrants and have been issued 2,232 shares of restricted common stock for cash proceeds of \$7,500.

On January 5, 2011, in return for a two year extension on the Secured Promissory Note Agreement, dated February 27, 2008, with Berg McAfee Companies LLC, which we refer to as BMC in the aggregate principal amount of \$1,120,000, which we refer to as the BMC Note, we amended the terms of our Series A preferred stock to provide for a reduction in the conversion price of such Series A preferred stock, previously issued to BMC in January 2008, from \$168.00 per share to \$67.20 per share and the conversion rate of BMC Note from \$67.20 per share to \$26.88 per share.

In February 2011, we issued 8,234 shares of restricted common stock to certain current and retired members of the board of directors (including 4,465 shares to Roger (Pat) Herbert, 2,976 shares to Michael L. Peterson, and 794 shares to Joseph J. Penbera) in payment of deferred board fees accrued from October 2008 (as described in greater detail under "Related Party Transactions"). Fees were converted into shares based on \$30.24 per share, based on the closing market price of our stock on February 2, 2011.

On February 24, 2011, we entered into a Note Purchase Agreement and related agreements with the Centurion Credit Funding, LLC which we refer to as Centurion, pursuant to which we sold to Centurion an aggregate of \$2,522,111 in promissory notes, which we refer to as the Centurion Notes. As additional security for the repayment of the notes, we sold to Centurion in consideration for \$100, one share of its newly designated Series B Preferred Stock, which entitled Centurion to consent to and approve our company's or any of its subsidiaries entry into any bankruptcy proceeding, consent to the appointment of a receiver, liquidator or trustee or the assignment by our company or any of its subsidiaries for the benefit of any creditors.

The Note Purchase Agreement with Centurion also provided that if the Solimar Energy 76-33 well in the Gujarral Hills Field Area failed to achieve an initial production average of at least 350 barrels of oil equivalent per day for the 30-day period commencing on the first day on which the well is at full production, we would issue to Centurion a common stock purchase warrant to purchase up to 35,715 shares of our common stock. The warrant was subsequently granted in October 2011. The warrant, which we refer to as the Centurion warrant, had a term of two years, and provided for cashless exercise rights in the event the shares of common stock issuable upon exercise of the warrant were not registered with the SEC. The warrant further contained various anti-dilution protections and had an exercise price equal to the weighted average of the trading price of our common stock over the ten day period prior to the grant date.

On October 7, 2011, we and Centurion amended the warrant in exchange for certain mutual promises and covenants and for consideration of \$30,000 paid by Centurion to us. The amendments included that the exercise price shall thereafter be \$3.36 per share, and may be further reduced with the previous anti-dilutive protective provisions, but in no event shall it be greater than \$3.36 per share, unless certain events occur, including the merger of our company with an operating company. Further, in the event a merger of our company with an operating company, Centurion waived its price-based anti-dilution protection (if we sold our securities lower than the exercise price of the warrants) and anti-dilution protection for compensatory issuances. In April 2012, the warrant agreement was further amended to provide that the lowest exercise price of the warrant was \$0.01 per share.

On December 22, 2011, we granted additional warrants to purchase 3,572 shares of restricted common stock to Trident under the Trident Placement Agent Agreement in connection with capital raising services rendered in February 2011 and December 2011. The warrants were exercisable for \$3.36 per share of common stock and had a one (1) year term. On September 5, 2012, the Trident principals exercised these warrants on a cashless net exercise basis and have been issued an aggregate of 1,670 shares of company common stock. On December 13, 2012, the Trident principals exercised the remainder of their warrants on a cashless net exercise basis and have been issued an additional aggregate 315 shares of company common stock.

On January 13, 2012, we entered into an Agreement and Plan of Reorganization with Blast Acquisition Corp., a newly formed wholly-owned Nevada subsidiary of our company which we refer to as MergerCo, and Pacific Energy Development Corp., a privately-held Nevada corporation, which we refer to as Pacific Energy Development, pursuant to which MergerCo would be merged with and into Pacific Energy Development, with Pacific Energy Development being the surviving entity and becoming a wholly-owned subsidiary of our company.

In connection with the Pacific Energy Development merger agreement, we entered into other agreements, including several agreements to convert the following debt obligations of our company into shares of common stock at a rate of \$6.72 per share:

the BMC Note;

a Promissory Note, dated May 19, 2011, with Clyde Berg in the aggregate principal amount of \$100,000, which we refer to as the Berg Note;

\$201,000 of accrued compensation due to the members of Board of Directors (as described in greater detail under "Related Party Transactions");

\$6,150 of short term loans from members of our board of directors (as described in greater detail under "Related Party Transactions");

\$225,959 of accrued salaries and vacation pay owed to our employees; and

approximately \$47,960 in accrued finders' fees owed to Trident pursuant to the Placement Agent Agreement discussed above.

In addition, in connection with the Pacific Energy Development merger agreement, on January 13, 2012, we and Centurion amended the Note Purchase Agreement to provide, among other things that, effective upon the effective date of the Pacific Energy Development merger, for the conversion of up to 50% of the loan amounts outstanding to Centurion, into shares of our common stock at \$2.25 per share on a post-reverse split basis at the option of Centurion at any time after June 9, 2012, provided that we in our sole discretion may waive the 50% conversion limitation. The conversion rights described above are subject to Centurion being prohibited from converting any portion of the outstanding notes which would cause it to beneficially own more than 4.99% of our then outstanding shares of common stock, subject to Centurion's right to increase such limit to up to 9.99% of our outstanding shares with 61 days prior written notice to us. On August 31, 2012, Centurion converted \$101,250 of the loan and accrued interest amounts outstanding to Centurion under the Centurion Notes at \$2.25 per share into an aggregate of 45,000 shares of our common stock and on October 23, 2012, Centurion converted \$536,250 under the Centurion Notes into 238,334 shares of our common stock. On November 23, 2012, we and Centurion again amended the Centurion Notes to permit conversion in excess of the 50% conversion limit discussed above, and Centurion converted the remaining Centurion Notes into 174,243 additional shares of common stock, and concurrently exercised the Centurion warrant in full on a cashless basis to purchase 53,545 shares of common stock. As a result of the conversion, the Centurion Notes were fully retired.

On June 26, 2012, we provided notice of its intent to exercise its rights under the January 13, 2012 debt conversion agreements, and on June 27, 2012, we issued a total of 243,490 shares, including 224,487 shares of common stock under the BMC Note and 19,003 shares of common stock under the Berg Note.

On July 30, 2012 and in connection with the Pacific Energy Development merger, we conducted a reverse stock split of our common stock on a 1-for-112 basis and all of our outstanding shares of Series A preferred stock and Series B preferred stock were automatically converted into shares of common stock on a 1-for-112 basis in connection with the filing of our Amended and Restated Certificate of Formation.

On July 27, 2012, as a result of the closing of the Pacific Energy Development merger, we issued an aggregate of 5,972,421 shares of common stock and 6,538,892 shares of new Series A preferred stock to former shareholders of Pacific Energy Development. Additionally, we granted (a) warrants to purchase an aggregate of 33,334 shares of common stock with an exercise price of \$0.24 per share; 166,667 shares of common stock with an exercise price of \$3.75 per share; 166,667 shares of common stock with an exercise price of \$4.50 per share; 6,667 shares of common stock with an exercise price of \$2.25 per share, to former common stock warrant holders of Pacific Energy Development; and 230,862 shares of new Series A preferred stock with an exercise price of \$2.25 per share to former Series A preferred stock warrant holders of Pacific Energy Development; and (b) options to purchase an aggregate of 156,667 shares of common stock with an exercise price of \$0.24 per share; 121,667 shares of common stock with an exercise price of \$0.30 per share; and 1,133,334 shares of our common stock with an exercise price of \$0.51 per share, to former option holders of Pacific Energy Development.

On September 24, 2012, we issued an aggregate of 122,812 shares of Series A preferred stock to Esenjay Oil & Gas, Ltd., and certain other sellers, in connection with the acquisition by Condor Energy Technology LLC, which we refer to as Condor, of leasehold interests covering approximately 3,582 net acres located in Morgan and Weld Counties, Colorado with a 100% operated working interest (80% net revenue interest). Condor acquired the properties for \$1,105,309 in cash and 122,812 shares of our Series A preferred stock (approximately \$385 net per acre, based on an assumed share price of \$2.25 per share as agreed upon by the parties in July 2012 upon execution of the definitive purchase documentation). Also in connection with this transaction, we issued to Esenjay Oil & Gas, Ltd., referred to here as Esenjay, 93,250 shares of Series A preferred stock in full satisfaction and release of our obligation to carry \$419,623 of Esenjay's drilling and completion expenses, which obligation was incurred by us as part of the purchase consideration due in our October 2011 acquisition of interests in Weld County, Colorado from Esenjay and certain other sellers.

On October 22, 2012, the Company issued 9,000 shares of common stock upon conversion of 9,000 shares of Series A preferred stock held by a shareholder.

On November 20, 2012, we issued to Esenjay and the other sellers an aggregate of 44,445 shares of Series A preferred stock in connection with their agreement to defer payment obligations owed as part of the purchase consideration due in our October 2011 acquisition of interests in Weld County, Colorado from Esenjay and certain other sellers.

On December 13, 2012, we granted 13,334 shares of common stock to an independent contractor for services provided pursuant to our 2012 Equity Incentive Plan.

On December 19, 2012, a holder of a warrant exercisable for an aggregate of 66,667 shares of our Series A preferred stock exercised the warrant on a cashless net exercise basis and has been issued an aggregate of 47,059 shares of our Series A preferred stock.

On December 19, 2012, five of our employees exercised an incentive stock option exercisable for an aggregate of 170,333 shares of common stock on a cashless net exercise basis, netting an aggregate of 161,085 shares of

restricted common stock to such employees. The option was previously granted to the employees under Pacific Energy Development's incentive stock plans, and were all fully vested.

On January 11, 2013, the Company issued 177,778 shares of common stock upon conversion of 177,778 shares of Series A preferred stock held by a shareholder.

On January 27, 2013 the Company issued 6,659,680 shares of common stock on a 1-for-1 conversion of all our 6,659,680 outstanding Series A preferred stock, pursuant to the automatic conversion provisions our Series A Convertible Preferred Stock Amended and Restated Certificate of Designations.

On March 22, 2013, the Company issued warrants exercisable for up to an aggregate of 76,198 shares of common stock in connection with the closing of the our secured promissory note and warrant bridge financing to investors participating therein, and an additional warrant exercisable for up to an aggregate of 9,524 shares of common stock to a placement agent solely in connection with a non-U.S. Person participating in the bridge financing.

On April 23, 2013 we effected a reverse stock split of our common stock on a 1-for-3 basis.

The issuances and grants described above were exempt from registration pursuant to Section 4(2), Rule 506 of Regulation D and/or Regulation S of the Act since the foregoing issuances and grants will not involve a public offering, the recipients will take the securities for investment and not resale, we will take appropriate measures to restrict transfer, and the recipients will (a) be "accredited investors"; (b) have access to similar documentation and information as would be required in a Registration Statement under the Act; and/or (c) be non-U.S. persons.

With respect to any exchanges or conversions of our outstanding securities discussed above, we claim an exemption from registration afforded by Section 3(a)(9) of the Act for the above conversions, as the securities were exchanged by our company with its existing security holder exclusively in transactions where no commission or other remuneration was paid or given directly or indirectly for soliciting such exchange.

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
