The Reoffer Prospectus has been prepared in accordance with the requirements of Part I of Form S-3 (as required by Section C.1. of the General Instructions to Form S-8). Item 1. Plan Information.

(3) The plan is not subject to any provision of the Employee Retirement Income Security Act of 1974.

(4) Plan participants may obtain additional information about the plan and its administrators from Richard Govatski, President of New Mexico Software. A holder of common stock does not have a preemptive right to purchase common stock which is sold subsequent to such person's acquisition of his or her shares.

(c) Employees Who May Participate in the Plan

The following employees may participate in the plan:

Salaried Employees;

Hourly Employees;

Officers, including executive officers;

Directors;

Advisers, including attorneys, provided that such adviser is a natural person; and

(d) Purchase of Securities Pursuant to the Plan and Payment for Securities Offered

(1) A plan participant may elect, in writing, to participate in the plan either on an ongoing basis or from time to time, subject to (i) availability of shares and (ii) change or modification the terms, extension of the term or suspension or termination of the plan. The number of shares that a participant may purchase from time to time (z) shall be but shall not exceed the number determined by dividing the net compensation (x) due the participant on any payroll or compensation payment date by the average closing bid price per share (y) on the payroll or payment date in the best market for New Mexico Software's common stock less one cent (\$.01) and multiplying the quotient thereof by 1.25, expressed as a formula: $(x/y-.01) \times 1.25 = z$.

(2) A participant shall pay for the shares he or she elects to buy at any time and from time to time by payroll deduction or offset against consulting or advisory fees earned, in either case as it may be. (e) Resale Restrictions

There are no restrictions on resale of the common stock purchased under the plan.

(f) Tax Effects of Plan Participation

New Mexico Software withholds, when and as applicable, federal and state income tax and participant's social security contributions from compensation before computation of the number of shares a participant is eligible to purchase on any payroll or compensation payment date.

With respect to participants who are not directors, executive officers or controlling stockholders, New Mexico Software believes that the discount from market and the .25 additional shares are not treated as a "bargain purchase" for federal income tax purposes and therefore the value thereof is not subject to withholding or the employee's or employer's social security contribution. In the event New Mexico Software is advised otherwise by its tax adviser, participants will be notified that their withholding and social security contributions will be based on the market value of the shares purchased and not on the price paid therefore. In such event, the participant may experience an increase in his or her maximum federal income tax bracket.

With respect to participants who are directors, executive officers or controlling stockholders, New Mexico Software believes that the discount from market and the .25 additional shares may be treated as a "bargain purchase" for federal income tax purposes and salary for federal and state income tax purposes will be deemed to be the market value of the shares purchased and not on the price paid therefore. In the event New Mexico Software is advised otherwise by its tax adviser, participants will be notified.

OUR CORPORATE HISTORY AND ORGANIZATION

We and our refer to New Mexico Software, a Nevada corporation. This section outlines the corporate history of our company.

The business we now conduct, although it has changed since we began, was originally incorporated under the name New Mexico Software, Inc. , a New Mexico corporation, in 1996.

Costs of Owning the Newest Systems of Energy Reduction are Virtually Eliminated, Inc., a Delaware corporation, was founded in 1980. The name was changed to Conserve, Inc. in 1999.

In 1999, Conserve acquired New Mexico Software, Inc., our original New Mexico corporation, in an exchange of its common stock with the holders of all of New Mexico Software's common stock, resulting in New Mexico Software becoming a wholly owned subsidiary of Conserve. Concurrent with the exchange of stock, Conserve changed its name to NMXS.com, Inc. The purpose of this stock exchange was to provide a public market for our stock.

Over time, all of New Mexico Software's business was transferred to NMXS.com and at the present time, the New Mexico corporation does not conduct any business.

Effective January 1, 2006, NMXS.com merged into a newly incorporated, wholly owned subsidiary which resulted in both a change of our state of incorporation to Nevada from Delaware and a change in our name to New Mexico Software, Inc. from NMXS.com, Inc.

OUR CONTACT INFORMATION

FORWARD LOOKING STATEMENTS

This prospectus and the documents incorporated by reference contain forward-looking statements which involve risks and uncertainties. Those statements appear in a number of places in this prospectus and include statements regarding our intent, plans for future activities, belief and current expectations and those of our directors and management with respect to, among other things: (i) implementation of our business model; (ii) development and marketing of our products and services; and, (iii) prospects for revenues and profitability. The use of words, such as plan, intent, belief, expectation, anticipation and other similar words and the use of the future tense all indicate forward-looking statements. Forward-looking statements also relate to any event which is to occur in the future. Prospective purchasers of our common stock are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and that actual results may differ materially from those suggested by or projected in the forward-looking statements as a result of various factors, many of which are beyond our control and include but are not limited to:

-

Rapid changes in technology relating to the Internet

-

Continued growth and use of the Internet

-

Changes in government regulations

-

Changes in our business strategies

-

Hardware failure of a catastrophic proportion

-

Terrorist interference with the operation of the Internet or effects of terrorist activities on the economy

-

Difficulty recruiting and retaining staff of sufficient technical caliber to provide adequate and ongoing customer support and product maintenance and development

-

Failure to successfully market our products through the Internet and our representatives

-

Inability to locate funding to retire our line of credit or to obtain alternative lending sources

-

Inability to solve cash flow problems

RISK FACTORS

An investment in our common stock involves a high degree of risk. Therefore, you should consider all of the risk factors discussed below, as well as the other information contained in this prospectus. You should not invest in our common stock unless you can afford to lose your entire investment and you are not dependent on the funds you are investing in order to pay your monthly and recurring expenses.

A small number of customers represent a large amount of our accounts receivable and the failure to collect those balances will result in a significant decrease in cash flow and threaten our ongoing operations

At September 30, 2006, balances due from five customers comprised approximately fifty seven percent of total accounts receivable. Failure to collect these balances will result in a significant decrease in our working cash flow and our working capital position. A decrease in collections of accounts receivable may negatively impact our growth and threaten our ongoing operations.

Our business depends on a limited number of key personnel, the loss of whom could negatively affect us

Richard F. Govatski and Teresa B. Dickey, our senior executives, are important to our success. If they are unable or unwilling to continue in their present positions, our business and financial results could be negatively impacted and our ongoing operations threatened.

"Penny stock" rules may make selling our common stock difficult

Trading in our common stock is subject to the "penny stock" rules. The SEC has adopted regulations that generally define a penny stock to be any equity security that has a market price of less than \$5.00 per share, subject to certain exceptions, none of which apply to our common stock. These rules require that a broker-dealer who recommends our common stock to persons other than its existing customers and accredited investors, must, prior to the sale:

-

Make a suitability determination prior to selling a penny stock to the purchaser;

-

Receive the purchaser's written consent to the transaction; and

-

Provide certain written disclosures to the purchaser;

-

Deliver a disclosure schedule explaining the penny stock market and the risks associated with trading in the penny stock market;

-

Disclose commissions payable to both the broker-dealer and the registered representative; and

-

Disclose current quotations for the common stock.

The additional burdens imposed upon broker-dealers by these requirements may discourage broker-dealers from effecting transactions in our common stock, which could severely limit the market price and liquidity of our common stock. These requirements may restrict the ability of broker-dealers to sell our common stock and may affect your ability to resell our common stock.

The price of our common stock may fluctuate significantly and you may find it difficult to sell your shares at or above the price you paid for them

We do not know the extent to which the market for our shares of common stock will expand or contract in response to the offer and upon the resale of the common stock offered by this prospectus. Therefore, your ability to resell your shares may be limited. Actions or announcements by our competitors and economic conditions, as well as

period-to-period fluctuations in our financial results and other factors, may have significant effects on the price of our common stock and prevent you from selling your shares at or above the price you paid for them.

USE OF PROCEEDS

All net proceeds from the sale of the common shares covered by this prospectus will go to the selling stockholders who offer and sell their shares. We will not receive any proceeds from the sale of the shares by the selling stockholders.

SELLING STOCKHOLDERS AND PLAN OF DISTRIBUTION

The following table identifies the selling stockholders, the total number of our shares they own, respectively, the shares covered by this prospectus which they may each reoffer for sale under this prospectus, the total percentage of our shares they own and the percentage of our shares they will own, assuming the sale of all the shares they are reoffering under this prospectus. The selling stockholders acquired the shares they may reoffer pursuant to our 2007 Employee Stock Compensation Plan registered on Form S-8, SEC File No. 333-_____, to which this prospectus is filed as an exhibit. The selling stockholders received the shares in payment of their respective salaries.

| <u>Name</u> | <u>Number of Shares</u> | | <u>Percentage</u> | |
|---------------------|-------------------------|------------------|--------------------|-------------------|
| | <u>Total Owned</u> | <u>Reoffered</u> | <u>Before sale</u> | <u>After sale</u> |
| Richard F. Govatski | 16,563,500 | 900,000 | 18.75% | 17.73% |
| Teresa B. Dickey | 1,240,563 | 900,000 | 1.40% | 0.39% |

Mr. Govatski is one of our directors and our chief executive officer. Ms. Dickey is also one of our directors and our chief financial officer. They will continue to receive our shares in payment of their respective salaries in the future until such time as we achieve sufficient cash flow from operations to pay their salaries in cash. We will pay the costs and fees of registering the common shares, but the selling stockholders will pay any brokerage commissions, discounts or other expenses relating to their resale of our shares.

The selling stockholders may sell the shares in the over-the-counter market or otherwise, at market prices prevailing at the time of sale, at prices related to the prevailing market prices, or at negotiated prices. In addition, the selling shareholders may sell some or all of their common shares through:

*

a block trade in which a broker-dealer may resell a portion of the block, as principal, in order to facilitate the transaction;

*

purchases by a broker-dealer, as principal, and resale by the broker-dealer for its account; or

*

ordinary brokerage transactions and transactions in which a broker solicits purchasers.

When selling the shares, the selling stockholders may enter into hedging transactions. For example, the selling stockholders may:

*

enter into transactions involving short sales of the common shares by broker-dealers;

*

sell common shares short themselves and redeliver such shares to close out their short positions;

*

enter into option or other types of transactions that require the selling stockholder to deliver common shares to a broker-dealer, who will then resell or transfer the common shares under this prospectus; or

*

loan or pledge the common shares to a broker-dealer, who may sell the loaned shares or, in the event of default, sell the pledged shares.

The selling stockholders may negotiate and pay broker-dealers commissions, discounts or concessions for their services. Broker-dealers engaged by the selling stockholders may allow other broker-dealers to participate in resales. However, the selling stockholders and any broker-dealers involved in the sale or resale of the common shares may qualify as underwriters within the meaning of the Section 2(a)(11) of the Securities Act of 1933 (the 1933 Act). In addition, the broker-dealers' commissions, discounts or concession may qualify as underwriters' compensation under the Securities Act of 1933. If the selling stockholders qualify as underwriters, they will be subject to the prospectus delivery requirements of Section 5(b)(2) of the 1933 Act. In addition to selling their common shares under this prospectus, the selling stockholders may:

*

agree to indemnify any broker-dealer or agent against certain liabilities related to the selling of the common shares, including liabilities arising under the 1933 Act;

*

transfer their common shares in other ways not involving market makers or established trading markets, including directly by gift, distribution, or other transfer; or

*

sell their common shares under Rule 144 of the 1933 Act rather than under this prospectus, if the transaction meets the requirements of Rule 144.
