Item 1. Reports to Stockholders.

Explanatory Note:

The Registrant is filing this amendment to its Form N-CSR (the "Amendment") for the period ended April 30, 2017, originally filed with the U.S. Securities and Exchange Commission on July 10, 2017 (Accession Number 0001398344-17-008460) ("Original Filing"), to amend Item 1, "Reports to Stockholders." The purpose of the Amendment is to correct information contained in the Shareholder Letter and the Financial Highlights in the semi-annual report for the Clough Global Dividend and Income Fund, Clough Global Equity Fund and Clough Global Opportunities Fund. Due to a miscalculation of average daily net assets of the funds at period end, certain expense ratios were off by a few basis points. Other than the aforementioned immaterial revisions, the Amendment does not reflect events occurring after the Original Filing, or modify or update the disclosures therein in any way.

Item 1 (as supplemented further herein) to the Amendment is incorporated by reference to the semi-annual report for the Clough Global Dividend and Income Fund, Clough Global Equity Fund and Clough Global Opportunities Fund contained in Item 1 of the Original Filing. Item 2 through Item 11 to the Amendment are incorporated by reference to the Original Filing.

Supplement to the Clough Global Dividend and Income Fund, Clough Global Equity Fund and Clough Global Opportunities Fund Semi-Annual Report Dated April 30, 2017

This Supplement revises information contained in the Semi-Annual Report listed above and should be read in conjunction with the Semi-Annual Report.

1. The following replaces the second to last paragraph in the Shareholder Letter on page 4 of the Semi-Annual Report.

All three funds continue to make significant progress on the expense reduction initiative we started writing about last year. We can now report that the expense ratio is down 156 basis points or approximately 33% on a year over year basis in the Global Opportunities Fund. The Global Dividend and Income Fund expense ratio is down 138 basis points or roughly 34% and the Global Equity Fund expense ratio is down 163 basis points or roughly 35%. Please note that roughly half of the expense reduction has come from lower management and administration fees as a percentage of net assets while the remainder comes from reducing the costs associated with each fund's short book.
